DCRB CIRCULAR NO. 907

To All Members of the DCRB:

**RE: WILLIAM V. TAYLOR NAMED TO SUCCEED TIMOTHY L. WISECARVER AS PRESIDENT OF
THE PENNSYLVANIA AND DELAWARE COMPENSATION RATING BUREAUS**

The Governing Boards of the Pennsylvania and Delaware Compensation Rating Bureaus (PCRB/DCRB) are pleased to announce that William "Bill" V. Taylor has been hired to succeed Timothy Wisecarver as President. Bill will join the PCRB/DCRB on July 6 as President-Elect while Tim will remain as President until his retirement in late August.

Bill's career has been exclusively in Property & Casualty Insurance. He comes to the PCRB/DCRB after serving as Vice-President of Underwriting & Field Services for the New York Compensation Insurance Rating Board since 2008. In addition to underwriting, his background is strong in operations and technology. Bill has held executive positions at INSolve, Inc.; Munich Re and AXA Corporate Solutions, where his focus was on program business; Cap Gemini Insurance Practice Consulting; and Community Association Underwriters. His earliest work included positions at CIGNA, Pennsylvania Manufacturers Insurance Company and New Jersey Manufacturers Insurance Company.

Bill earned his BS from The College of New Jersey and an MBA from Philadelphia University. Bill and his wife and family are lifelong residents of Bucks County, PA.

The PCRB/DCRB Governing Boards want to recognize and express our sincere appreciation to Tim Wisecarver for over 26 years of leadership of the Bureaus. Tim is highly regarded in the workers' compensation industry. Tim's effective management style, knowledge as an actuary and high degree of professionalism and integrity have served the member companies and the workers compensation markets of both states extremely well. Tim effectively guided the Bureaus through both calm and turbulent times in the workers compensation industry, providing information and valuable support to member companies, regulators, the business community, and the general public. Under Tim's guidance, the Bureaus have enhanced data collection and analysis to further the mission of providing accurate loss costs, appropriate classifications, equitable and effective rules and useful information in support of a fair, stable workers compensation market to the benefit of insurers, employers, employees and the general public.

We are thankful to Tim and wish him the best for his retirement years.
