DCRB CIRCULAR NO. 944

To All Members of the DCRB:

RE: MEDICAL DATA ANALYTICS - STATE AND CARRIER ACTIVITY REPORTS

In conjunction with the release of the DCRB's **Workers Compensation Medical Activity Report** for Delaware by Service Year, DCRB Circular No. 943, we are pleased to release the **Medical Data Analytics - State and Carrier Activity Reports** to those carriers who submit the Medical Data Call to the DCRB. These reports allow carriers to compare their quarterly medical transactions and payment patterns to the Delaware statewide aggregate totals.

The Medical Data Analytics - State and Carrier Activity Reports have been posted on the **Medical Data Call Manager**, which is a web-based application that provides carriers with a central location to monitor Medical Data Call submissions and quality statistics on the DCRB website.

To access this application, click on the **Application Login** button located on the website. Note that registration is required. As is the case with DCRB carrier specific products, carrier user access is managed directly through each carrier group administrator (CGA.) Please contact your CGA to request individual access and permissions as required.

For more information regarding these reports, please contact Rieke Baize – Manager of Medical Data Reporting at (215) 320-4400 or at rbaize@dcrb.com.

William V. Taylor
President
