RE: DCRB Filing No. 2007
Workers Compensation Residual Market Rate and Voluntary Market Loss Cost Filing
Proposed Effective December 1, 2020 (Selected Portions Effective June 1, 2021)

Dear Commissioner Navarro:

On behalf of the members of the Delaware Compensation Rating Bureau, Inc. (DCRB), enclosed is a filing of proposed changes to Residual Market Rates and Voluntary Market Loss Costs in Delaware, along with changes to associated rating values and supplementary rate information. The following summarizes the annualized overall impact of the proposed changes:

Indicated and Proposed Changes	
Residual Market Rates	Voluntary Market Loss Costs
-4.36%	-7.26%

This filing is made in compliance with provisions of House Bill 241, workers compensation insurance legislation enacted in 1993. Most of these revisions are proposed to be effective on a new and renewal basis for workers compensation insurance policies with effective dates on or after 12:01 a.m., December 1, 2020. The portions of this filing updating the table of qualifying wages and credits for the Delaware Construction Classification Premium Adjustment Program are proposed to be effective on a new and renewal basis for workers compensation policies with effective dates on or after 12:01 a.m., June 1, 2021.

In preparing this filing, the DCRB has carefully considered current Delaware experience and has applied a variety of actuarial and economic analytical techniques that collectively support the proposal. A detailed discussion of the considerations, methods and exhibits can be found in the Actuarial Memorandum.
