DCRB CIRCULAR NO.1009

To All Members of the DCRB:

**RE: CHANGES TO MEDICAL DATA CALL AND
INDEMNITY DATA CALL ELIGIBILITY REQUIREMENTS**

The Delaware Compensation Rating Bureau's (DCRB) is expanding the eligibility requirements for both the Medical Data Call and Indemnity Data Call. Participation in Delaware Medical Data Call and Indemnity Data Call remains mandatory and is limited to those carrier groups with a pre-determined market share. The eligibility threshold will be reduced from 1.0% to 0.5% or greater market share in Delaware. This change will allow the DCRB to capture the medical and indemnity transactions for approximately 93% of the market resulting in a more expansive and statistically credible database. This change in eligibility threshold will become effective with transactions beginning January 1, 2023, due to be reported by June 30, 2023.

For this purpose, market share will be determined by using Calendar Year Direct Net Written Premium from Statutory Page 14 for the years 2018, 2019 and 2020. The DCRB will contact all carrier groups who meet the revised eligibility requirement by November 5th, 2021. Notification letters will be sent to your Unit Statistical Reporting contact person as well as your membership contact person.

Information regarding the Medical Data Call and Indemnity Call can be found under the Data Reporting section of our website.
