DCRB Information Bulletin #019

To all members of the DCRB:

DCRB Unveils Revamped 2024 Pricing Program Reports

The Delaware Compensation Rating Bureau (DCRB) has enhanced its recently published Pricing Program Reports, introducing a new format that enhances clarity, engagement, and usability. These reports provide valuable insights for insurance professionals and employers, ensuring informed decision-making through key takeaways and data-driven storytelling.

What's New?

- **Enhanced Narrative Format:** Reports now feature a structured storyline, weaving key findings into a clear and meaningful context.
- **Key Takeaways & Data Insights:** Emphasis on highlighting critical trends and actionable intelligence.
- **Designed Reports:** Improved layout, visual design, more engaging and accessible.

Revamped 2024 Reports Include:

- **Delaware Schedule Rating 2024 Analysis of Experience:** Compilation and review of aggregate statistical data for Policy Years 2006 through 2021.
- **Delaware Workplace Safety Program 2024 Analysis of Experience:** 16 years of highlighted trends, participation rates, and financial impacts.
- **Delaware Construction Classification Premium Adjustment Program 2024 Analysis of Experience:** PCCPAP historical analysis spanning from 2006 through 2021 with highlights of major trends, participation rates, and discount statistics for the construction industry.

These reports serve as essential resources, providing deeper understanding of current and historical trends that impact Delaware's workers compensation landscape. They are provided along with our other reports under the Industry Resources section on [DCRB's website](#).
