

DELAWARE COMPENSATION RATING BUREAU, INC.

Table I

Table I presents premium and loss data which forms the basis for calculating development factors and projecting ratios of actual losses to premiums by policy year. Losses are shown on paid and case incurred (paid plus outstanding, excluding bulk and IBNR) bases split between indemnity and medical.

The data represents a summary of accumulated policy year experience as reported by carriers in the annual Financial Calls for Experience.

Four sets of development factors are shown, measuring the development from December 31, 2010 to December 31, 2011; December 31, 2011 to December 31, 2012; December 31, 2012 to December 31, 2013; and December 31, 2013 to December 31, 2014. So as to maximize the use of available data, the companies used in each stage of development are allowed to be independent of those used in other stages of development; therefore, the figures shown for a given valuation date may vary for purposes of comparison to the prior and subsequent points.

Experience for large deductible policies has been excluded from Table I.

Table I - Pages 1-6 - Reported Data

The data on pages 1-6 represent the experience as reported by the carriers. Consequently, the 12/31/09 and later valuations of losses reflect the impact of changes legislated by Senate Bill 1. Specifically, medical payments for many services rendered subsequent to 9/1/08 are influenced by the medical fee schedule now in place. Medical case reserves at or after 12/31/09 are also at levels that reflect some measure of anticipated savings as a result of the fee schedule and other features of Senate Bill 1.

Table I - Pages 7-13 - Adjustment to reflect Senate Bill 1 medical savings

In order for the loss development patterns suggested by the financial data to be usable, it is necessary that the medical payments and medical case reserves be put on a consistent basis with regard to benefit levels. All medical payments and reserves are being adjusted to a pre-Senate Bill 1 benefit level. Medical data has also been adjusted to offset the anticipated improvement in medical trend due to Senate Bill 1 and Senate Bill 238.

Page 7 shows the adjustments to bring medical losses to pre-Senate Bill 1 levels for Calendar Year 2008. The immediate savings in medical payments resulting from Senate Bill 1 is estimated at 17.40%. It is estimated that all medical payments made on or after September 1, 2008 reflect post-Senate Bill 1 levels. Thus, one-third of all calendar year 2008 medical payments are assumed to reflect Senate Bill 1's schedule for medical payments. It is also assumed that medical reserve levels will be adjusted to reflect post-Senate Bill 1 medical cost levels evenly over a three year period from September 1, 2008 to August 31, 2011. Thus, it is

estimated that approximately 11.11% (4 months into the 36 month period) of medical case reserves already reflect post-Senate Bill 1 payment levels as of December 31, 2008.

Page 8 shows the adjustments to bring medical losses to pre-Senate Bill 1 levels for Calendar Year 2009. All calendar year 2009 medical payments are assumed to reflect Senate Bill 1's schedule for medical payments. It is also assumed that medical reserve levels will be adjusted to reflect post-Senate Bill 1 medical cost levels evenly over a three year period from September 1, 2008 to August 31, 2011. Thus, it is estimated that approximately 44.44% (16 months into the 36 month period) of medical case reserves already reflect post-Senate Bill 1 payment levels as of December 31, 2009.

Page 9 shows the adjustments to bring medical losses to pre-Senate Bill 1 levels for Calendar Year 2010. All calendar year 2010 medical payments are assumed to reflect Senate Bill 1's schedule for medical payments. It is also assumed that medical reserve levels will be adjusted to reflect post-Senate Bill 1 medical cost levels evenly over a three year period from September 1, 2008 to August 31, 2011. Thus, it is estimated that approximately 77.78% (28 months into the 36 month period) of medical case reserves already reflect post-Senate Bill 1 payment levels as of December 31, 2010.

Page 10 shows the adjustments to bring medical losses to pre-Senate Bill 1 levels for Calendar Year 2011. All calendar year 2011 medical payments are assumed to reflect Senate Bill 1's schedule for medical payments. It is also assumed that medical reserve levels already reflect post-Senate Bill 1 payment levels as of December 31, 2011.

Page 11 shows the adjustments to bring medical losses to pre-Senate Bill 1 levels for Calendar Year 2012. All calendar year 2012 medical payments are assumed to reflect Senate Bill 1's schedule for medical payments. It is also assumed that medical reserve levels already reflect post-Senate Bill 1 payment levels as of December 31, 2012.

Page 12 shows the adjustments to bring medical losses to pre-Senate Bill 1 levels for Calendar Year 2013. Because Senate Bill 238 and House Bill 175 both became effective during calendar year 2013, they are estimated to have had some impact on payments made during that year and on case reserve levels stated at December 31, 2013.

Page 13 shows the adjustments to bring medical losses to pre-Senate Bill 1 levels for Calendar Year 2014. All calendar year 2014 medical payments are assumed to fully reflect Senate Bill 1, Senate Bill 238 and House Bill 175 for medical payments.

Staff's adjustments of case reserve levels for the impacts of Senate Bill 238 and House Bill 175 proceed on the same basis as those described above for Senate Bill 1, with those reserve levels gradually moving from pre-law to post-law levels over a period of 36 months.

Table I - Pages 14 - 19 - Adjusted to Pre-Senate Bill 1 levels

Pages 14-19 reflect the adjustment to medical costs to bring all data to a pre-Senate Bill 1 level. This data was the basis for all subsequent loss development and trend analysis.

TABLE I
POLICY YEAR DATA ACCUMULATED TO END OF CALENDAR YEAR

ACCUMULATED STANDARD EARNED PREMIUM

| Policy Year Valued | As of 12/31/10 | As of 12/31/11 | Ratio to Prior Year | Policy Year Valued | As of 12/31/11 | As of 12/31/12 | Ratio to Prior Year |
