Any questions, suggestions or comments about this Manual should be directed to Bruce Decker at <u>bdecker@dcrb.com</u>

## PREFACE

A. This Manual of risk classes, underwriting rules, Bureau rating values and rating plans has been filed with the Delaware Insurance Department as required by Delaware Law. It is effective 12:01 A.M., December 1, 2014, with respect to all policies, the effective date of which is December 1, 2014 or thereafter, subject to the following express conditions, for the insurance companies, corporations and associations listed herein and for no other insurance company, corporation.

#### B. Organization of Manual

This Manual has six sections:

- Section 1 Underwriting Rules
- Section 2 Rating Values and Classifications/General Auditing and Classification Information
- Section 3 Endorsements
- Section 4 Retrospective Rating Plans
- Section 5 Experience Rating Plan
- Section 6 Merit Rating Plan

## C. Definitions

The following words are referenced in House Bill 241 of 1993 or have been used in this Manual with meanings intended to be consistent with the requirements of that Act. For purposes of improving the understanding of the Manual, definitions of these words as used elsewhere in this Manual are set forth below.

1. **Bureau Data Card** – Bureau Data Cards are issued by the Delaware Compensation Rating Bureau, Inc. These data cards provide the risk name, location, Bureau file number, authorized classification(s) and if applicable the risk's experience modification for a minimum of one year.

Risks approved for the Delaware Construction Classification Premium Adjustment Program and any other applicable credit programs will be shown on these data cards.

- Bureau Loss Costs Dollar amounts per unit of exposure attributable to the payment of losses under workers compensation and employers liability coverages, filed by the Bureau based on the aggregate experience of all Bureau members and approved by the Insurance Commissioner.
- 3. Bureau Rating Values All parameters filed by the Bureau and approved by the Insurance Commissioner, and which are used either mandatorily or by option of carriers for purposes of pricing workers compensation and employers liability coverages. Such Bureau rating values include Bureau Loss Costs, experience rating plan values such as Expected Loss Cost Factors, Credibility, Maximum Value of One Accident, and Credibility Weighted Maximum Value Charge, retrospective rating plan values such as the Table of Expected Loss Ranges, Excess Loss Pure Premium Factors, Retrospective Pure Premium Development Factors, and expense parameters applicable to U.S.L.&H.W. coverages such as Premium Discounts, Expected Loss Ratio, Expense Ratios, Tax Multipliers and Loss Conversion Factors.
- 4. **Carrier Rate** The amount per unit of exposure which an insurance carrier charges for workers compensation and employers liability insurance.
- Carrier Rating Values All parameters used by carriers for purposes of pricing workers compensation and employers liability insurance coverages. Such parameters may be either Bureau Rating Values adopted by a carrier for its own use or values independently determined by a carrier.
- Loss Cost Dollar amounts per unit of exposure attributable to the payment of losses under workers compensation and employers liability coverages. Loss Costs may be developed either by the Bureau based on the aggregate experience of all Bureau members or may be established by individual carriers based on their own supporting information.
- 7. Prospective Loss Costs Historical aggregate losses projected through development to their ultimate value and through trending to a future point in time including all loss adjustment or claim management expenses and loss-based expenses excluding other operating expenses, assessments, taxes and profit or contingency allowances in this Manual. The term "Loss Cost" is synonymous with Provision for Claim Payment.
- Rating Value A parameter or number used in pricing workers compensation or employers liability insurance coverages. Rating Values may be established by the Bureau or by individual carriers. Where individual carriers have established Rating Values different from those of the Bureau, the carrier's values supersede those of the Bureau for purposes of that insurer's policies.

## **RULE XV – FINAL EARNED PREMIUM DETERMINATION**

- A. Actual Payroll
- B. Premium Determination
- C. Audit Rights to Carrier
- D. Authorized Classifications

**RULE XVI – APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE** 

## RULE I – GENERAL

## A. WORKERS COMPENSATION

Workers Compensation as used in this Manual means workers compensation and occupational disease law of Delaware.

#### B. STANDARD POLICY

Standard Policy means the Standard Provisions Workers Compensation and Employers Liability Policy and the Information Page approved by the Delaware Insurance Department prescribed in Section 3 of this manual.

## C. ENDORSEMENT FORMS

Endorsement forms mean standard endorsements contained in the Endorsement Forms Section. A standard endorsement must be used in the form prescribed in Section 3.

## D. ENDORSEMENT FORMS SECTION (SECTION 3)

Refer to the Endorsement Forms Section for complete description of coverages and instructions on use of the endorsement forms.

## E. APPLICATION OF MANUAL RULES

Rules apply separately to each policy, except as allowed by Rule VII – PREMIUM DISCOUNT.

## F. EFFECTIVE DATE

## 1. Manual

This Manual applies only from the anniversary rating date which occurs on or after the effective date of this Manual.

#### 2. Changes

The effective date of a change in any rule, classification or Bureau rating value is 12:01 a.m. on the date specified on the manual page. Any change will be highlighted and linked to the appropriate Bureau circular announcing the change. Unless specified otherwise, each change applies only from the anniversary rating date which occurs on or after the effective date of the change.

## G. ANNIVERSARY RATING DATE

#### 1. Definition

The anniversary rating date is the effective month and day of the policy in effect and each annual anniversary thereafter unless a different date has been established by the Delaware Compensation Rating Bureau, Inc.

## 2. Rewritten Policies

If a policy is canceled and rewritten by the same or another carrier, all rules, classifications and carrier rating values of the rewriting carrier which were in effect as of the anniversary rating date shall apply to the rewritten policy until the next anniversary date as established by the Delaware Compensation Rating Bureau, Inc.

No policy may be canceled, rewritten or extended for any period to avoid or take advantage of any changes in the rules or Bureau rating values of the Manual.

#### 3. Long Term Policies

For application of anniversary rating dates on policies issued for a term in excess of one year, refer to Rule III - C.

#### H. FILING REQUIREMENTS

#### 1. Policy

An exact copy of every Workers Compensation Policy showing the state of Delaware on the Information Page shall be filed with the Delaware Compensation Rating Bureau, Inc. within thirty days after the effective date of the policy.

## 2. Policy Writing Procedures

a. Policy Numbers

The policy number designated by the carrier at policy issuance must remain constant and must be used on all endorsements and other documents related to that policy. If a portion of the policy number is designated at inception as the "key" policy number, such designation must be clearly identified on the policy information page and the "key" number must be used on all endorsements and other documents related to that policy.

#### b. Renewal Policy Numbers

The information page of each renewal policy shall identify the policy number of the policy which it renews, in accordance with A. above. This procedure also applies to rewritten policies. The word "same" should be used to indicate that the same policy number has been used on renewal. The word "new" should be used to indicate a newly issued policy.

#### 3. Endorsements

An exact copy of all endorsements or agreements attached to the policy at its inception date or issued subsequent to the inception date of the policy must be filed with the Bureau within thirty days after the date of issue of such endorsement or agreement.

#### 4. Standard Endorsement Filing Procedure

- **a.** Any endorsement filed with the Insurance Department on behalf of Bureau members by the Bureau must be filed for approval with the Bureau. For filing procedure details refer to Section 3.
- **b.** Non Standard Endorsements filing procedure, refer to Section 3.

#### 5. Binders

- **a.** A copy of the binder must be filed with the Bureau on an approved form with all required endorsements attached no later than thirty days after its date of inception.
- **b.** The binder must contain the classification codes and carrier rating values applicable to the employer in accordance with the assignment issued by the Bureau or in accordance with the Classification Rules of this Manual if no specific Bureau assignment has been made.
- **c.** A binder must be replaced with a short-term policy covering the amount of time the binder was in effect or replaced with a full-term policy including the time period the binder was in effect.

## I. POLICY CORRECTIONS

If the Bureau finds that a policy requires correction to conform to Manual rules or classifications, the carrier shall be notified by letter. Such policy shall be corrected and a copy of the correcting endorsement shall be submitted to the Bureau no later than thirty (30) days after notification.

## J. MEDICAL CONTRACTS

- 1. Medical contracts and agreements between insurance carriers and insured employers where medical service or supplies are furnished by the employer in consideration of a reduced premium or other consideration cannot be made.
- 2. Insurance carriers may not furnish medical equipment or hospital supplies to the employer.
- **3.** Medical agreements with physicians and nurses must be in the form of a written contract and must be filed with the Bureau within thirty days of the effective date of the agreement.

## RULE II – EXPLANATION OF COVERAGES AND METHODS OF INSURING

#### A. PART ONE - WORKERS COMPENSATION INSURANCE

#### 1. Description of Workers Compensation Coverage

Workers compensation insurance provides coverage for the statutory obligation of an employer to provide benefits for employees as required by:

- a. Workers compensation law or occupational disease law of any state or territory of the United States, including the District of Columbia, and
- b. United States Longshore and Harbor Workers' Compensation Act.
- 2. Delaware workers compensation insurance may be provided only by the Standard Policy.

#### 3. Longshore Coverage

U.S. Longshore and Harbor Workers' Compensation Act insurance may be provided only by attaching the Longshore and Harbor Workers' Compensation Act Coverage Endorsement (WC 00 01 06A) to the Standard Policy. Refer to Rule XII.

#### 4. Deductible Coverage

See Rule II - F.

## **B. COVERAGE REQUIREMENTS**

1. Compulsory as to all employments:

Specifically includes persons who are licensed under Title 30, Chapter 25 of the Delaware Code or persons shown to be conducting business in a manner in which they should be so licensed.

Exceptions:

- **a**. Partners of a partnership or sole proprietors not licensed under Title 30, Chapter 25 of the Delaware Code or shown to be conducting business in a manner in which they should be so licensed.
- b. Farm labor; domestic servants, casual workers earning less than \$750 in three months from one household. Elective as to state and certain counties, cities and towns. Refer to Title 19, Sections 2307, 2308, 2309 and 2311 of the Delaware Workers Compensation Law.
- 2. No insurance carrier is permitted to issue policies which would create duplicate coverage for an employer.
- 3. No insurance carrier is permitted to issue policies which would insure separate parts of a single employer. (Exception see Rule III B. 2.)
- 4. When an employer proposes to insure both his accident and occupational disease compensation liability, such liability must be covered by a single policy of one insurance carrier.

#### C. PART TWO – EMPLOYERS LIABILITY INSURANCE

#### 1. Description of Employers Liability Insurance

Employers liability insurance provides coverage for the legal obligation of an employer to pay damages because of bodily injury by accident or disease, including resulting death, sustained by an employee. Employers liability coverage applies only if the injury or death of an employee arises out of and in the course of employment and is sustained:

- a. In the United States of America, its territories or possessions, or Canada, or
- **b.** While temporarily outside the United States of America, its territories or possessions, or Canada, if the injured employee is a citizen or resident of the United States or Canada; but suits for damages and actions on judgments must be in or from a court of the United States, its territories or possessions or Canada.

Unless specifically excluded, coverage for the liability of an employer under admiralty law and the Federal Employers Liability Act is provided by employers liability insurance.

#### 2. Employers Liability for Diseases

Employers liability insurance for diseases not covered by a workers compensation law or an occupational disease law is provided by the Standard Policy.

#### 3. Admiralty Law or Federal Employers Liability Act

Employers liability insurance for liability of an employer under admiralty law or Federal Employers Liability Act is not provided by the Standard Policy. Refer to Rule XII for rules and endorsements to cover or limit this exposure.

#### 4. Employers Liability Insurance With Workers Compensation Insurance

Employers liability insurance written with workers compensation insurance is provided by the Standard Policy.

#### D. VOLUNTARY COMPENSATION INSURANCE

#### 1. Description of Voluntary Compensation Coverage

Voluntary compensation insurance does not provide workers compensation coverage and is not available for employments subject to a workers' compensation law. This insurance affords the benefits of a designated compensation law as if the affected employees were subject to that law, even though the law does not require payment of benefits to such employees.

Voluntary compensation insurance shall not provide compensation, medical or other benefits in excess of the statutory requirements in the workers compensation law designated in the standard Voluntary Compensation and Employers Liability Coverage Endorsement.

## 2. How Provided

Voluntary Compensation insurance is provided by attaching the Standard Voluntary Compensation and Employers Liability Coverage Endorsement (WC 00 03 11A) to the Standard Policy. Refer to Rule VIII for rules and carrier rating values.

## E. PART THREE – OTHER STATES INSURANCE

## 1. Description of Other States Coverage

- **a.** Employers liability insurance and, where permitted by law, workers compensation insurance are provided in *other* states not listed in Item 3-A of the Information Page by listing states where coverage is to be provided in Item 3-C of the Information Page.
- **b.** If workers compensation insurance does not apply because the insured or carrier *is unable* to take the necessary action to bring the insured under a workers compensation law, the carrier will reimburse the insured for all compensation and other benefits required of the insured under such law.
- c. Part Three Other States Insurance does not provide U.S. Longshore and Harbor Workers' Compensation Act coverage. It may be afforded only in accordance with Section I, Rule XII.

## 2. States Where Not Available

Other states coverage is not available in states:

- **a.** With a monopolistic state fund, or
- **b.** Where the carrier elects not to write this coverage.

#### 3. Restriction on Use

Coverage for operations known or expected to be performed in a state not listed in Item 3-A of the Information Page shall not be provided under Part Three – Other States Insurance.

#### 4. Premium

Premium developed for operations covered under Part Three – Other States Insurance shall be based on workers compensation rules and carrier rating values.

## F. DEDUCTIBLE COVERAGE

Volume 63, Chapter 250, Delaware Laws, requires that every insurer licensed to issue workers compensation and employers liability insurance by the Insurance Department pursuant to Title 18, Delaware Code, shall offer to write each such policy subject to a deductible applying only to medical reimbursement and death benefits. The insured employer shall be permitted to accept or reject such a deductible at the time the policy is issued or renewed. It is required that the following be completed by the employer indicating his election to accept or reject a deductible. The deductible options that, by law, must be offered and the corresponding premium credits are shown on the form below:

#### NOTICE OF ELECTION TO ACCEPT OR REJECT AN INSURANCE DEDUCTIBLE FOR DELAWARE WORKERS COMPENSATION DEATH AND MEDICAL BENEFITS

Delaware Law permits an employer to buy workers compensation insurance with a deductible. The deductible is for death and medical benefits and applies to each accident. The deductibles available and the corresponding premium reductions are set forth in Section 2 of this manual:

You are not required to choose a deductible program. However, if you do so choose, it is to be understood that your insurance company will administer and pay all claims and that you will reimburse the insurance company for payments it makes within the amount of the deductible selected. Failure to reimburse the insurance company for such deductible amounts within 30 days can result in cancellation of coverage.

Please show whether or not you want the deductible by initialing the appropriate choice below.

Yes, I want a deductible of \_\_\_\_\_\_ applied to death and medical benefits under the Delaware Workers Compensation Law. I understand that the company shall pay the deductible amount and be reimbursed by the employer shown below.

No, I do not want the deductible described in this Notice.

I understand that in accordance with 19 Del. C. §2372, I have the option of modifying the above deductible program choice at the time of renewal of my workers compensation insurance policy with the insurance company named below.

| Date | Employer |
|------|----------|
|      | Name     |
|      | Title    |
|      |          |

Insurance Company

The deductible credit applies to total premium after application of experience modification, if any. The dollar amount of the premium reduction resulting from application of the deductible credit is to be recorded in Item 4 of the Information Page under **Code 9663**.

## G. DELAWARE WORKERS COMPENSATION INSURANCE PLAN (WCIP)

The Delaware Workers Compensation Insurance Plan is available in the state of Delaware when an employer is unable to obtain workers compensation coverage in the voluntary market. For more information refer to the Delaware Workers Compensation Insurance Plan Handbook or contact the Delaware Compensation Rating Bureau, Inc.

#### 1. Residual Market Surcharge

Effective August 1, 1997, the surcharge program applies to all risks insured in the Plan, including risks for which the Plan applications were processed through Delaware and WCIP risks for which residual market applications were processed through another state.

- **a.** Premium surcharges will apply to risks insured under the Plan which qualify for experience rating and which produce experience modifications in excess of 1.000.
- **b.** Applicable surcharges to subject risks will be expressed as a factor to be applied to standard premium and will be computed using the following formula:

0.50 x (1.000 - risk credibility in the Experience Rating Plan)

- **c.** Surcharges so computed will be limited to a maximum factor computed by subtracting unity (1.000) from each risk's experience modification factor.
- d. Surcharges will be computed and expressed to two decimal places.

#### RULE III – POLICY PREPARATION – INSURED, POLICY PERIOD AND STATE OF OPERATIONS

## Item 1, 2 and 3-A of the Information Page

#### A. EXPLANATION OF TERMS

#### 1. Employer/Entity

Employer may be an individual, partnership, joint venture, corporation, association, or a fiduciary such as a trustee, receiver or executor, or other entity.

#### 2. Insured

Insured means the employer designated in Item 1 of the Information Page.

## 3. Majority Interest (more than 50%)

Majority Interest as defined in the Experience Rating Plan Manual applies in this Manual usually means:

- a. Majority of voting stock, or
- **b.** Majority of members or directors if there is no voting stock, or
- **c.** Majority participation of general partners in profits of a partnership.

#### 4. Risk

Risk means a single legal entity or two or more legal entities which qualify for combination.

## B. NAME, ADDRESS, AND OTHER WORKPLACES OF INSURED - ITEM 1

## 1. Name of Insured

In addition to providing the complete legal name of the insured, carriers shall designate each fictitious name shown on the Information Page by the symbol D.B.A. (doing business as). In addition, if a fictitious name is shown on an endorsement the same designation, D.B.A., shall be shown. A fictitious name is a business name which is not the legal name of the insured.

Some individuals are known by two or more complete names. If a carrier shows the additional names of such an insured individual, it shall designate each additional name by the symbol A.K.A. (also known as).

Each daily report or applicable endorsement shall identify every corporate name which does not include the words "incorporated" or "corporation" in said name by the designation (A Corp.) following the name.

The effective date of any change, addition or deletion in the name of the insured shall be shown on the endorsement.

When issuing an endorsement to reflect a change in ownership, the following procedure shall be followed:

- 1. If the endorsement contains the complete name of the insured as it will be on the effective date of the endorsement, the name should then be preceded by the phrase "Name is changed to . . . "
- 2. If the endorsement does not contain the complete name of the insured, the change should be preceded by the phrase "Name is added . . . " or "Name is deleted . . . "
- 3. Name and address changes should be affected on a separate endorsement and not in conjunction with other policy amendments.

#### 2. Combination of Legal Entities

Separate legal entities may be insured in one policy only if the same person, or group of persons, owns the majority interest in such entities.

#### 3. Delaware Locations

All locations and operations of the employer in Delaware shall be insured in one policy. Exceptions approved by the Industrial Accident Board.

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

#### C. POLICY PERIOD – ITEM 2

#### 1. Normal Policy Period

The normal policy period is one year. A policy may be issued for any period but not longer than 3 years.

#### 2. Policy for One Year

- a. The manual rules are based on a policy period of one year.
- b. A policy issued for a period not longer than one year and 16 days is treated as a one year policy.

#### 3. Policy Longer Than One Year

A policy issued for a period longer than one year and 16 days, other than a 3-year fixed carrier rating value policy, is treated as follows:

- **a.** The policy period is divided into consecutive 12-month units.
- b. If the policy period is not a multiple of 12 months, use the Standard Policy Period Endorsement (WC 00 04 05) to specify the first or last unit of less than 12 months as a short-term policy.
- c. All manual rules and procedures apply to each such unit as if a separate policy had been issued for each unit.
- 4. Renewal Certificates, Agreements, Continuing Form Policies, would be handled as policies longer than one year. (See above C. 3.)

#### 5. Three-Year Fixed Carrier Rating Value Policy Option

A policy may be issued for a period of 3 years at fixed carrier rating values. Such a policy shall not be issued if the risk is subject to the Experience Rating Plan on the effective date of the policy.

A policy issued under this option shall be known as a Three-Year Fixed Carrier Rating Values Policy and shall be so designated on the Information Page. Refer to Rule XI.

#### 6. Annual Rating Endorsements

An "Annual Rating Endorsement" shall be submitted annually for each continuing form policy or policy written for a period in excess of one year but not more than three years to be effective on the anniversary date set by such policy. It shall be submitted to the Bureau not later than thirty days subsequent to its inception.

Each annual rating endorsement shall be clearly identified by printing in large boldface type at the top of the endorsement the words "ANNUAL RATING ENDORSEMENT."

Annual rating endorsements shall also:

- a. Show the name of the carrier providing the insurance. If the names of affiliated carriers are printed on endorsement forms, the particular carrier providing coverage shall be clearly indicated.
- **b**. Show the policy number, including all printed and typed prefixes to facilitate the identification of the policy to which the Annual Rating Endorsement is related.
- c. If the annual rating endorsement being filed replaces an annual rating endorsement covering the same period, indicate that it is a rewrite.
- d. Show the date of its inception and expiration.
- e. Show the code number(s) and rate(s) applicable. If the rate(s) or experience modification is not effective as of inception date of the endorsement, also show the effective date of such rate(s) or modification.
- f. Show the premium adjustment period, deposit premium and estimated annual premium for the period covered by the Annual Rating Endorsement.

Annual Rating Endorsements shall be used only for the purpose of showing the proper rates, experience modifications, premium adjustment period, deposit premium and estimated annual premium for each one-year period. They cannot be used to make any other changes in the policy such as, but not restricted to, modifying the name of the insured, adding or eliminating classifications, adding or eliminating locations.

## D. STATE LAWS DESIGNATED IN THE POLICY – Item 3-A

#### 1. Listing of Delaware

Insurance for operations conducted in Delaware is provided by listing the state in Item 3-A of the Information Page.

#### 2. Longshore Act

The U.S. Longshore and Harbor Workers Compensation Act shall not be entered in Item 3-A of the Information Page. Refer to Rule XII.

#### 3. Additional States

A state may be added after the effective date of the policy. For the additional state operations, apply:

- a. Carrier rating values in effect on the anniversary rating date of the policy to which the state has been added.
- b. Any change in carrier rating values which applies to outstanding policies for the state being added.
- **c.** When adding the State of Delaware, the Information Page and attached endorsements shall be prepared so that the Delaware coverage can be clearly determined.

## **RULE IV – CLASSIFICATIONS**

#### Item 4 of the Information Page

## A. GENERAL EXPLANATION

## 1. Objective

The object of the classification system is to group insureds into classifications so that the rating value for each classification reflects the exposures common to such distinct business enterprise (See Rule IV, C. 2. & C. 3.). Subject to certain exceptions described later in this rule, it is the business of the insured within Delaware that is classified, not the separate employments, occupations or operations within the business.

## B. CLASSIFICATIONS

#### 1. Basic Classifications

All classifications in the Manual are basic classifications, other than the standard exception classifications. Basic classifications describe the business of an insured such as:

| Business                                | <b>Classification</b>   |
|---|-------------------------|
| Manufacture of a Product                | Furniture Manufacturing |
| A Process                               | Printing                |
| Construction or Erection                | Carpentry               |
| A General Type or Character of Business | Hardware Store          |
| A Service                               | Beauty Parlor           |

Classifications are listed by group arrangement which is essentially a numeric listing in Section Two of the Manual. Notes following a classification are part of that classification.

## 2. Standard Exception Classification

Some occupations are common to so many businesses that special classifications have been established for them. They are called standard exception classifications. Employees within the definition of a standard exception classification unless the basic classification specifically includes those employees. The standard exception classifications are defined below:

a. CLERICAL OFFICE EMPLOYEES – Code 953 – are employees exclusively engaged in keeping the books or records of the insured or conducting correspondence or who are engaged wholly in office work where such books or records are kept or such correspondence is conducted.

This classification shall be applied only to employees herein described who work exclusively in separate buildings or on separate floors or in departments on such floors which are separated from all other workplaces of the employer by floor to ceiling partitions except for retail stores where a partition at least five feet high is required and within which no work is performed other than clerical duties as defined in this rule.

Office employees shall be separately classified except in connection with those classes which specifically include Office Employees.

If any clerical office employee (including a drafting employee) has any other regular duty, the entire payroll of that employee shall be assigned in accordance with the class to which the business is assigned.

- (1) The clerk, such as a counter, front desk, lobby, mall kiosk, time, stock or tally clerk or librarian, whose work is necessary, incidental or part of any operation of the business other than clerical office, shall not be considered a clerical office employee. Such clerk should be assigned to the basic classification of the business.
- (2) The cashier also shall not be considered a clerical office employee. A cashier is responsible for accepting payment for merchandise or services rendered. The cashier's physical location may include but is not necessarily limited to: a booth, behind a counter or on a sales floor. The cashier or any employee whose regular and frequent duty is accepting payment for merchandise or services should be assigned to the basic classification of the business regardless of the physical work location.
- SALESPERSONS OUTSIDE, Code 951 are employees either exclusively engaged in sales or collection b. work away from the employer's premises or who are regularly and frequently (as defined elsewhere in this Manual) engaged in sales or collection work away from their employer's premises and devote the balance of their time to clerical office duties.

This classification is inapplicable to employees delivering merchandise or products. Even though they may also collect or solicit, such employees shall be assigned in accordance with the classification appropriate to the business of the employer for which delivery is being made.

Also not included are floor and/or counter salespersons. Such employees shall be assigned in accordance with the class appropriate to the business at the location.

Further inapplicable to messengers employed by a messenger or courier service company. Messengers employed by other establishments whose field of business is not that of a messenger or courier service company shall be assigned to Code 951.

Employees who sell or solicit exclusively by telephone shall be assigned to Code 953, Clerical Office Employees.

Salespersons, Collectors or Messengers shall be separately classified except in connection with those classes which specifically include all employees or all employees except office.

Mobile, self-propelled factory, farm or construction equipment Salespersons - Code 819 are employees engaged in selling such equipment, or auctioning automobiles or instructing persons how to drive an automobile or truck on and away from the insured's premises. The separate Code 819 shall be treated as Salespersons – Outside, Code 951 for the purposes of this rule.

## 3. General Inclusions

- Some operations appear to be separate businesses, but they are included within the scope of all a. classifications other than the standard exception classifications. These operations are called general inclusions and are:
  - (1) Commissaries or restaurants operated for an insured's employees except in connection with construction, erection, lumbering, mining or the recovery of petroleum and/or natural gas.
  - Manufacturing of containers such as bags, barrels, bottles, boxes, cans, cartons or packing cases (2) (and the incident printing thereon) to be used by the employer in the packaging of its products.
  - (3)Medical facilities operated by the insured for its employees.
  - Maintenance or repair and/or cleaning of an insured's buildings, or vehicles or equipment when (4) performed by employees of an insured. Printing or lithographing by an insured on its products.
  - (5)
  - (6)Stamping or Welding – when an integral technique that is a part of an overall manufacturing process.
  - Drilling or Blasting when conducted by the employees of a surface or underground mine operator to (7)facilitate mineral extraction. Drilling, redrilling or deepening conducted by an entity whose field of business is the recovery of petroleum and/or natural gas shall be separately classified.
  - Quality control of an insured's products or research laboratories engaged in developing and/or (8)improving products manufactured by an insured.

- (9) Drivers, chauffeurs and their helpers including all employees whose principal duties are the operation and/or the repair of vehicles.
  (10) Tools, dies, molds or fixtures made and/or repaired by an insured that are used in the insured's product manufacturing operations.
  (11) Aircraft travel by employees, other than members of the flying crew, including employees whose payroll is assigned to the Standard Exception Classifications.
  (12) Child day care services operated by the employer for his employees.
  (13) Warehousing by an employer of its merchandise, products and/or raw materials.
  (14) Security guards protecting their employer's premises and property.
  (15) Heat treating by an insured on its products.
  (16) Counter personnel
  (17) Cashiers **b.** Any operation described by a General Inclusion shall be separately classified only if:
  - Such operation constitutes a separate and distinct business of the insured as provided in Rule IV C. below or
  - (2) It is specifically excluded by the classification wording, or
  - (3) The principal business is described by a standard exception classification.

## 4. General Exclusions

Some operations in a business are so unusual that they are excluded from basic classifications. They are classified separately unless specifically included in the basic classification wording. These operations are called general exclusions and are:

- (1) Aircraft operation all operations of the flying and ground crews.
- (2) New construction or structural alterations by the insured's employees.
- (3) Sawmill Operations sawing logs into lumber by equipment such as circular carriage or band carriage saws, including operations incidental to the sawmill.
- (4) Stevedoring, including tallying and checking incidental to stevedoring.
- (5) Mining and Quarrying, Clay, Gravel or Sand Excavation and Dredging.

## C. ASSIGNMENT OF CLASSIFICATIONS

## 1. Object of the Classification Procedure

- a. The object of the classification procedure is to assign the one basic classification which best describes each distinct business enterprise of the insured within Delaware. Subject to certain exceptions described in this Rule, each classification includes all the various types of labor found in a distinct enterprise. It is the business which is classified, not the individual employments, occupations or operations within a business. Additional classifications shall be assigned as provided below.
- b. House Bill 430 of 2004 (amending Section 2607, Title 18 of the Delaware Code) permits an insurer to develop a subclassification(s) to the Bureau's classification system as approved by the Insurance Commissioner. The developing insurer shall file any such subclassification(s) with the Bureau and the Insurance Commissioner at least thirty (30) days prior to the proposed effective date for such subclassification(s). The insurer's filing shall demonstrate that payroll and loss data produced under any proposed subclassification(s) can be reported to the Bureau consistent with the Bureau's uniform classification plan and statistical plan. The Insurance Commissioner must disapprove any subclassification filing for which such demonstration is not made.

## 2. Assignment of a Classification

**a.** The policy shall contain only classifications approved by the Delaware Compensation Rating Bureau, Inc. and in accordance with this Manual.

Each classification is presumed to describe an entire business enterprise. Any policy which contains more than a single classification cannot contain any classifications representing a payroll less than that of one full-time employee, but this rule will not apply in classifications involved in Construction, Erection, Stevedoring, Part-Time Aircraft Operations or if the business' basic and major operations are described by the Standard Exception classifications and there are employees whose job duties are not assignable to the Standard Exceptions, except as specified in classification phraseology.

b. Single Enterprise. If a risk consists of a single operation or a number of separate operations which normally occur in the business described by a single manual classification, or separate operations which are an integral part of or incidental to the main business, that single classification which most accurately describes the entire enterprise shall be applied. The separate operations so covered may not be assigned to another classification even though such operation may be specifically described by some other classification or may be conducted at a separate location.

Division of payroll shall be made as provided in respect to General Exclusions, Standard Exceptions or Special Class Wording. For construction or erection work, see special procedure set forth in Rule IV, C. 5.

#### EXCEPTION

Where a retail outlet is located at the same or contiguous premises a business' manufacturing facility, the applicable retail store classification shall apply to the payroll of the retail outlet, provided that such retail outlet is operated in an area physically separate from other operations by a floor-to-ceiling partition, and it is separately staffed.

c. Authorized Classifications. When the classification of any insured has been established by the Rating Bureau, no policy shall be issued or endorsed nor adjustment of premium made under any other or conflicting classification.

In any instance where the established classification does not describe the current operations of the insured, the insuring carrier or insured shall draw the matter to the attention of the Rating Bureau in writing with full particulars prior to the application of any other classification. The reclassification shall not take place until the Bureau Staff has received and reviewed such documentation and has replied in writing to the insured or insuring carrier agreeing with their position or otherwise advising on which class(es) to assign.

The insuring carrier is not relieved of the obligation to apply the class authorized for an insured because of lack of knowledge that the Bureau has established an authorized classification for that insured.

#### 3. Assignment of Additional Classifications

a. Multiple Classifications/Multiple Enterprises (Not construction or erection operations – see paragraph 6.)

Additional classifications may be used only when valid evidence supports their authorization or in conformity with the rules stated under "Standard Exceptions" and "Exclusions." Additional classes may not be added without Bureau authorization when their use is in violation of Manual Rules or an existing bureau data card.

Additional classifications shall be assigned to an insured only if the following conditions exist:

- (1) If the classification wording requires the assignment of an additional classification for specified employees or operations.
- (2) If there are distinct enterprises (meaning thereby businesses, which are specifically classified in this Manual, but not operations that normally occur in the business described by the assigned classifications, nor operations described by any of the General Inclusions), conducted in a given plant by the same insured and the entire work in each enterprise is conducted either in a separate building or on a separate floor or floors of a building, or on the same floor in separate departments divided by floor to ceiling partitions without interchange of labor and the insured conducts each of such enterprises as a separate undertaking with separate records of payroll, then such separate undertakings shall each be separately classified, (and the proper carrier rating value applied to each).
- (3) See Governing Classification rules for assignment of incidental operations that support more than one distinct enterprise.

## b. Governing Classification

The governing classification is that classification other than the standard exception classifications (which may never be the governing class) which carries the largest amount of payroll exclusive of payroll of miscellaneous employees as defined below.

(1) This concept shall be utilized not in the initial classification assignment process but to determine how to classify miscellaneous employees when an insured is assigned two or more classifications. Miscellaneous employees are employees that either supervise or support all the various undertakings of the insured. The functions performed by miscellaneous employees may include but are not necessarily limited to: maintenance, mailroom, shipping and receiving, yard operations, security power plant operations, lobby or front desk personnel, elevator operators, porters, foremen, superintendents or timekeepers.

#### © 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

- (2) The entire remuneration of miscellaneous employees is assignable to the governing classification.
- (3) The governing classification in the case of construction or erection operations shall be determined on a job basis within each policy period if payrolls are kept separately by job within the policy period; otherwise on the basis of the entire policy period.
- (4) If the basic and major operations are described by classifications defined as Standard Exceptions, the payroll of all employees not specifically included in the definition for such Standard Exceptions shall be separately classified to Code 971.

## 4. Assignment By Analogy

Any enterprise which is not described by a classification in this Manual shall be assigned to the classification or classifications most analogous from the standpoint of process and hazard. The limitations and conditions of the classification or classifications so assigned and all Manual rules pertaining to the classification shall be applicable.

## 5. Payroll Assignment – Multiple Classifications - Interchange of Labor

Some employees who are not miscellaneous employees may perform duties directly related to more than one classification. When there is such an interchange of labor, the entire payroll of employees who interchange shall be assigned to the insuring carrier's or the residual market's highest-valued classification representing any part of their work.

The payroll of one employee shall not be divided into two or more classes except where specifically described in classification wording as "to be separately rated" or "separately rate" and with no requirement for separate staff. See the paragraph immediately below for the auditing procedure.

## General Exceptions to C. 5. above

For Construction, Erection, Temporary Staffing or Stevedoring, the payroll of any individual employee may be divided and allocated to more than one such classification provided the entry on the original records of the insured discloses an allocation of each such individual employee's payroll. Estimated or percentage allocation of payroll is not permitted. Only a single stevedoring class shall be applied to all payroll developed in the loading or unloading of a single vessel. For further reference see the material under Stevedoring in Section 2 of the Manual. For Executive Officers see Rule IX, A. 4.

## 6. Construction or Erection Operations

Each distinct type of construction or erection operation at a job or location shall be assigned to the classification which specifically describes such operation provided separate payroll records are maintained for each operation. Estimated or percentage allocation of payroll is not permitted.

Any such operation for which separate payroll records are not maintained shall be assigned to the insuring carrier's or the residual market's highest-valued classification which applies to the job or location where the operation is performed.

A separate construction or erection classification shall not be assigned to any operation which is within the scope of another classification assigned to such a job or location which is assignable to a construction classification designated "all work to completion." All operations of the insured contractor at that job or location shall be assignable to such classification.

7. NOC Please see Definitions, Section 2.

## 8. Changing Classifications

a. The Bureau is empowered to determine, revise or modify the classification(s) assigned to any individual insured. No written application by the carrier, agent of record or an insured to change an insured's authorized classification(s) shall be considered by the Bureau until the carrier has issued and filed a copy of its policy Information Page written in accordance with an insured's authorized classification(s). The classification(s) shown in any policy shall be subject to correction or modification, or both, if the Bureau finds by survey or otherwise that the classification(s) shown in the policy are inappropriate to the insured. No written application to change the classification(s) for an insured on the grounds that the insured has been improperly classified shall be considered by the Bureau unless such written application is filed directly with the Bureau by the insured, agent of record or the carrier during the policy period with respect to which the application is made, or within 12 months after the termination thereof.

- b. (1) A change in an insured's classification that results from a recent change in the insured's operations (i.e., an operations change that has taken place during the current policy year or the policy year that has just expired) will be applied pro rata as of the date of the change in the insured's operations, regardless of the premium impact to the insured. When a Bureau review discloses the insured's recent operations change, the Bureau will make written notice to the carrier-of-record, changing the insured's authorized classification(s) for the current policy year and, if warranted, for the policy year that has just expired. When the carrier becomes aware of such recent operations change, the carrier shall make written application to the Bureau to change the insured's authorized classification(s) during the current policy year and, if warranted, for the policy during the current policy year and, if warranted, for the policy the current policy year and, if warranted, for the policy the current policy year and, if warranted, for the policy the current policy year and, if warranted, for the policy the current policy year and, if warranted, for the policy the current policy year and, if warranted, for the policy the current policy year and, if warranted, for the policy year that has just expired.
  - (2) A correction of a misclassification which results in a premium decrease shall be applied to the insured's policy in effect when the application for correction is made and to the prior policy within 12 months after the termination thereof.
  - (3) A correction of a misclassification which results in a premium increase shall be applied effective the employer's first normal policy renewal at least six months subsequent to the date of the Bureau's written misclassification notice concurrent to the carrier of record and the employer.
- c. Any correction of a misclassification arising from discovery by the carrier of a material misrepresentation or intentional omission by the insured, its agent, employees, officers or directors shall be applied effective the date upon which it would have applied had such material misrepresentation or intentional omission not been made. It is recommended that a carrier claiming material misrepresentation or intentional omission as contemplated in this Rule secure a declaratory judgment from the appropriate Court establishing same prior to proceeding with application of this Rule.
- **d.** The reallocation of payroll by a carrier among an insured's authorized classifications or the Bureau requiring a carrier to reallocate payroll among an insured's authorized classifications or to report payroll under an insured's authorized classifications for an insured's current policy or for the insured's prior policy within 12 months after the termination thereof does not constitute a class change or correction.

## 9. Classification Appeals

The Bureau's assignment of an individual risk to a particular classification may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE, Section 1 of this Manual.

## 10. Mercantile Business/Stores

For mercantile businesses, such as stores or dealers, the single applicable store or dealer classification is determined separately for each location.

## D. SHOW THE CLASSIFICATIONS IN ITEM 4 OF THE INFORMATION PAGE

Show the proper classification wording, with or without notes, and show the code number in Item 4 of the Information Page. Capitalized classification wording may be used instead of the entire wording. Section 2 of this Manual, Classification Underwriting Guide, may be used for such wording.

## E. "NEW BUSINESS" EMPLOYEE CLASSIFICATION PROCEDURE

- 1. "New Business" is defined for purposes of this section to be all workers compensation insurance policies except those policies underwritten by an insurance group which also insured the same employer for a policy period expiring immediately prior to the effective date of the policy in question. An insurance group is defined as either a set of individual insurers under a common ownership or an individual carrier which has no other companies under common ownership.
- 2. Within the first 90 days of the effective date of a "New Business" policy, the employer has the right to request from the carrier a review of the classification assignments of each of its employees with the classifications on the policy. This request shall be presented in writing.
- 3. If an employee classification review is requested by the employer, the employer must provide the carrier with a list of all the employer's employees showing individually their specific duties. The carrier has the right in conjunction with the employee classification review to conduct an audit and/or inspection to determine the proper classification assignment of the employees.
- 4. Within 60 days of the employer's request, the carrier shall provide the employer with a report which will show the classification assignment of each listed employee. The carrier will be obligated to use these classification assignments for premium determination purposes for the "New Business" policy period unless review by the Delaware Compensation Rating Bureau, Inc. indicates lower-rated classifications are applicable to an employer's business or employees. Changes in the employer's operations, duties of employees listed or the addition of new employees will not be subject to the classification assignments specified in this report.

- 5. If the employer does not agree with the carrier's employee classification report, the Delaware Compensation Rating Bureau, Inc. shall review the employer's request, the insurer's response and will determine the appropriate classification assignments for the listed employees.
- 6. This Section applies only to the assignment of classifications to listed employees whose duties during the policy period are fully and accurately specified at the time of the request for an employee classification review. This procedure does not otherwise limit a carrier's right or obligation to properly classify an employer's operations based on the actual nature of those operations during the policy period.
- 7. The carrier will send to its "New Business" insureds a "Policyholder Notice" explaining to the insured the procedure that must be followed to request an employee classification review.

## **RULE V – PREMIUM BASIS**

## Item 4 of the Information Page

## A. BASIS OF PREMIUM – TOTAL REMUNERATION

Premium shall be computed on the basis of the total remuneration paid or payable by the insured for services of employees covered by the policy.

#### Exception

Some classifications have a different premium basis. For example, premium for domestic worker classifications is computed on a per capita basis. Refer to Rule XIV.

## **B. REMUNERATION – PAYROLL**

## 1. Definition

Remuneration means money or substitutes for money.

#### 2. Inclusions

Remuneration includes:

- **a.** Wages or salaries including retroactive wages or salaries;
- **b.** Total cash received by employees for commissions or draws against commissions;
- c. Bonuses;
- **d.** Stock bonus plans market value of stock at the time it is given to employee (refer to Exclusions, m.);
- e. Extra pay for overtime work;
- f. Pay for holidays, vacations or periods of sickness or accrued sick time;
- **g.** Payment by an employer of amounts otherwise required by law to be paid by employees to statutory insurance or pension plans, such as the Federal Social Security Act;
- **h.** Payment to employees on any basis other than time worked such as piece work, profit sharing or incentive plans;
- i. Payment or allowance for hand tools or power tools used by hand provided by employees and used in their work or operations for the insured;
- j. The rental value of an apartment or a house provided for an employee based on comparable accommodations;
- **k.** The value of lodging other than an apartment or house received by employees as part of their pay to the extent shown in the insured's records;
- I. The value of meals received by employees as part of their pay to the extent shown in the insured's records;

- **m.** The value of store certificates, merchandise, credits or any other substitute for money received by employees as part of their pay (refer to Exclusions, 1.);
- Musicians and entertainers who are not independent contractors shall be included in computation of premiums
  of hotels or restaurants (maximum of \$250 per week for each musician or entertainer);
- Adjustments necessary to bring employees to Federal minimum wage as reported by the United States Department of Labor shall be included;
- p. Payments for salary reduction, retirement or cafeteria plans (IRC 125) which are made through deductions from the employee's gross pay;
- **q.** Prevailing wage payments paid to employees based on required government-specified minimum wage rates, including but not limited to the Davis-Bacon Act or the Delaware Prevailing Wage Act;
- r. Annuity plans (see Rulings and Interpretations Salary Reduction Plans);
- s. Expense reimbursements to employees to the extent that an employer's records do not substantiate that the expense was incurred as a valid business expense (see Section 1, Rule V, F., 1. Employee Expense Reimbursements);
- t. Payment for filming or taping of commercials excluding subsequent residuals which are earned by the commercial participant(s) each time the commercial appears in print or in broadcast.

#### 3. Exclusions

Remuneration excludes:

- **a.** Payments by an employer to group insurance or group pension plans for employees, other than payments covered by Rule V B. 2. g.;
- b. Payments made by an employer to a Group Insurance, Pension Plan or to an employee directly in lieu of the foregoing because of the Provisions of a prevailing wage statute, including but not limited to the Delaware Prevailing Wage Act or the Davis-Bacon Act. For additional information please see the General Auditing and Classification Information in Section 2 of this Manual.
- c. The value of special rewards for individual invention or discovery;
- **d.** Dismissal or severance payments except for time worked or accrued vacation;
- e. Tips and other gratuities received by employees (EXCEPTION: Automatic Gratuities. See Tips vs. Automatic Gratuities in the General Auditing & Classification Information section);
- f. Payments for active military duty;
- g. Employee discounts on goods purchased from the employee's employer;
- Expense reimbursements to employees to the extent that an employer's records substantiate that the expense was incurred as a valid business expense (see Rulings and Interpretations – Employee Expense Reimbursements);
- i. Supper money for late work;
- j. Work uniform allowances;
- Sick pay paid to an employee by a third party such as an insured's group insurance carrier which is paying disability income benefits to a disabled employee;
- I. Employer provided perquisites ("perks") such as:
  - (1) an automobile;
  - (2) an airplane flight;
  - a discount on property or services;
  - (4) club memberships;
  - (5) tickets to entertainment or sporting events;
- m. Stock option plans difference between market value of stock and lower option price is not included as remuneration.
- n. Board of Directors fees

## 4. Payroll

Payroll means remuneration. The carrier rating values in this Manual shall be applicable to the remuneration of all employees of the insured without exception, and compensation policies shall not be written except upon the entire payroll of the risk which is the subject of the insurance. Under no circumstances shall a compensation policy be written on any part of the risk leaving another part of the risk uninsured.

#### 5. Employee Savings Plans

- a. Contributions, made in the form of an employee authorized salary reduction, which are diverted by an employee for payment, by the employer, into a savings plan shall be included as remuneration for premium computation purposes. Such payments made by the employer into the plan, of employee salary reduction contributions, shall not be employer contributions.
- **b.** Contributions of employer funds, made by the employer, the amount which being determined by reference to Employer Contributions, shall not be considered remuneration for premium computation purposes unless same contributions are reported by the employer as current taxable income to the employee.

## C. ESTIMATED PAYROLLS

#### 1. Estimated Payrolls By Classification

For each classification shown on the Information Page, the estimated total annual payroll shall be stated in the column headed "Premium Basis – Total Estimated Annual Remuneration."

#### 2. Determination of Estimated Payrolls

Estimated payrolls shown on the Information Page shall reflect actual remuneration anticipated by the insured during the policy period. Such estimates shall be subject to substantiation by records or inspections.

#### 3. Approval of Estimated Payrolls

Adequacy of estimated payrolls is subject to approval by the Delaware Compensation Rating Bureau, Inc.

## D. WHOLE DOLLARS – PAYROLLS

All payrolls shall be shown to the nearest dollar. A remainder of \$.50 shall be rounded to the next higher dollar.

## E. PAYROLL LIMITATION

#### 1. How Payroll Limitation Applies

For executive officers, sole proprietors, partners and classifications with notes which indicate payroll limitation, the payroll on which premium is based shall exclude that part of the employee's average weekly pay in excess of the applicable weekly limitation, provided:

- a. Books and records are maintained to show separately the total payroll earned by each employee whose average weekly pay for the total time employed during the policy period exceeds the weekly payroll limitation, and
- **b.** Separate records are maintained in summary by classification for such employees.

#### 2. Partial Week

A part of a week shall be treated as a full week in determining average weekly pay.

## F. BASIS OF PREMIUM – Additional Information

#### 1. Employee Expense Reimbursements

Reimbursement expenses (except for hand or power tools as provided for in Rule V., B. 2. i.) paid to employees may be excluded from the audit provided that all three of the following conditions are met:

- a. The reimbursed expenses paid were incurred upon the business of the employer, and
- b. The amount of each employee's expense payment is shown separately in the records of the employer, and
- c. The amount of each expense reimbursement reflects the actual expenses incurred by the employee in the conduct of his or her work.

#### 2. Salary Reduction Plans

In determining the remuneration to be used for premium computation purposes, no deduction shall be permitted for contributions to employee benefit plans made by employees either directly or through salary reduction agreements. The typical salary reduction plan involves a binding salary reduction agreement through which a specific percentage of the employee's salary is not paid to him or her but is paid into a pension, medical or savings plan (Section 125 IRC).

## 3. Strike Periods (Wages Paid)

Wages paid to employees who are not on strike but who are unable to perform their normal duties because of a strike shall be assigned to the classification applicable to the work usually performed by such employees, except that if any such employees perform absolutely no work for their employer and are not present on their employer's premises during such period, such wages shall be assigned to Code 953, Clerical Office Employees, provided the facts are clearly disclosed by the employer's records.

#### Traveling Time Payments 4.

Payments made by an employer to an employee to reimburse him or her for time spent in traveling to or from work or to or from a specific job shall be considered as remuneration in accordance with the provisions of Rule V., B. of the Manual, and such remuneration shall be assigned to the Manual classification which applies to the work normally performed by such employee.

#### 5. Wages Paid for Idle Time

- 1. The entire amount of wages paid for idle time shall be included as payroll.
- Wages paid for idle time due to the following causes shall be assigned in their entirety to the classification 2 which applies to the work normally performed by the employee involved:
  - а Suspension or delay of work on account of weather conditions.
  - Delays while waiting for materials. b
  - Delays while waiting for another contractor to complete certain work. Delays arising from breakdown of equipment. с
  - d
  - "Stand-by" time where employees such as operators of cranes, hoists or other equipment are on е the job but their active services are not required continuously.
  - Special union requirements or agreements between employer and employees calling for pay for f idle time under specified circumstances.
  - Other cause of similar nature. α
- 3. Wages paid to key employees of construction, erection or stevedoring risks, such as superintendents, foremen or engineers, for periods during which no jobs are in progress, shall be assigned to the classification applicable to the work which each one normally performs. (Exception: Reference Strike Periods - Wages Paid.)
- The entire amount of wages paid for idle time to an employee engaged in work other than construction, 4 erection or stevedoring must be assigned without division to the classification which normally applied to that employee.

## **RULE VI – RATING VALUES AND PREMIUM DETERMINATION**

#### Item 4 of the Information Page – continued

## A. BUREAU RATING VALUES

## 1. Bureau Loss Cost

Bureau Loss Costs - Dollar amounts per unit of exposure attributable to the payment of losses under workers compensation and employers liability coverages, filed by the Bureau based on the aggregate experience of all Bureau members and approved by the Insurance Commissioner.

## 2. Disease Loading

The Bureau Rating Value for a classification code number followed by a letter (a) or (b) etc. may include a a. disease loading. Such a loading may be removed upon approval of the Delaware Compensation Rating Bureau, Inc.

- **b.** The Delaware Workers Compensation Law includes "all occupational diseases arising out of and in the course of employment." The classification rates shown in the Manual include occupational disease loadings which correspond to the usual exposure to diseases by classifications.
- c. A supplemental occupational disease loading may be applied to the carrier rate for any individual risk where the occupational disease hazard is abnormal. When a carrier plans to use the supplemental loading, they shall supply the Bureau with an inspection report either by an insurance carrier, Industrial Accident Board or some outside source which supports the abnormal disease exposure. Based on this report, the Rating Bureau will authorize the supplemental loading and publish it on the bureau data card for a minimum of one year. The supplemental loading can be removed only by an inspection report from an insurance company, or some other outside agency evidencing the abnormal exposure no longer exists. The supplemental disease loading is non-ratable in the experience and retrospective plans.

## 3. Terrorism

Premium for Terrorism is calculated on the basis of total payroll according to Rule V. The premium charge is calculated by dividing a risk's total payroll by \$100 and multiplying the result times the carrier's rating value. This premium is applied after standard premium and is not subject to any other modifications, including but not limited to premium discount, experience rating, schedule rating, or retrospective rating. Non-payroll exposures are not subject to premium charges for Terrorism. Policies issued on an "If Any" basis will not be charged a terrorism rate, unless premium develops during the policy term or at audit. Per capita charges are not subject to premium for Terrorism.

Terrorism shall be separately stated on the Standard Policy and shall be designated to Statistical Code 9740

#### 4. Catastrophe (other than Certified Acts of Terrorism)

Premium for Catastrophe (other than Certified Acts of Terrorism) is calculated on the basis of total payroll according to Rule V. The premium charge is calculated by dividing a risk's total payroll by \$100 and multiplying the result times the carrier's rating value. This premium is applied after standard premium and is not subject to any other modifications, including but not limited to premium discount, experience rating, schedule rating, or retrospective rating. Non-payroll exposures are not subject to premium charges for Catastrophe (other than Certified Acts of Terrorism). Policies issued on an "If Any" basis will not be charged a terrorism rate, unless premium develops during the policy term or at audit. Per capita charges are not subject to premium for Catastrophe (other than Certified Acts of Terrorism).

Catastrophe (other than Certified Acts of Terrorism) shall be separately stated on the Standard Policy and shall be designated to Statistical Code 9741.

#### B. PREMIUM

Premium for each classification shown in the policy is determined by multiplying the basis of premium by the rate.

#### Example of B above

| Payroll  |   |      | = | \$90,000 |
|----------|---|------|---|----------|
| Rate     |   |      | = | x 1.50   |
| Premium  |   |      | = | \$ 1,350 |
| \$90,000 | х | 1.50 | = | \$ 1,350 |
| 100      |   |      |   |          |

#### C. WHOLE DOLLARS - PREMIUMS

All premiums shall be shown to the nearest dollar. A remainder of \$.50 shall be rounded to the next higher dollar.

## D. CARRIER RATING VALUES

#### 1. Expense Constant

Expense Constant (if any) is determined by individual carriers' rating values. It applies to every policy and it covers expenses such as those for issuing, recording and auditing, which are common to all workers compensation policies regardless of size.

#### 2. Minimum Premium

Minimum Premium (if any) is determined by individual carriers' rating values. It is an expression of the lowest premium amount for which a single risk can be written and carried for any period of time.

#### 3. Premium Discount

Premium Discount (if any) is determined by individual carriers' rating values. It recognizes that the relative expense of issuing and servicing larger premium policies is less than for smaller policies.

#### 4. Retrospective Rating Factors

## E. PREMIUM MODIFICATION EXPERIENCE RATING PLAN

- 1. If the risk is subject to experience rating, the experience rating modification shall be shown in Item 4 of the Information Page and applied to the premium in accordance with the Experience Rating Plan Manual.
- 2. Copies of Experience Rate Calculation
  - **a.** The insurance carrier is furnished with the experience rate calculation. Subsequent insurance carriers may obtain copies of the experience rating calculation by way of special service at the appropriate charge.
  - **b.** The Bureau shall furnish to any insured employer upon his written request, or to the Home Office or Branch Office of any member of the Bureau upon the written request of the employer, a copy of the experience rating calculation of that employer at an appropriate charge.
  - **c.** The insurance carrier of record shall be notified of the Bureau experience modification established by the Experience Rating Procedure not more than 90 days prior to the effective date of the rating.

#### F. PREMIUM DETERMINATION FOR FEDERAL AND MARITIME INSURANCE

Additional rating procedures are in Rules XII and XIII for insurance for employers subject to the U.S. Longshore and Harbor Workers' Act, the Federal Employers Liability Act and Admiralty Law.

## G. SCHEDULE RATING

- An insurer may adopt a schedule rating plan, subject to such a plan being "Filed" (approved) by the Delaware Insurance Department. The plans permit the carrier to apply a schedule credit (use Code 9887) or debit (use Code 9889) to the standard premium determined in accordance with the Bureau Rating Values and rating plans filed by the Delaware Compensation Rating Bureau, Inc.
- 2. The schedule modification is to be applied after application of any experience modification but before premium discount if applicable. The schedule modification does not apply to the expense constant or the minimum premium, if applicable, but does to the following:
  - **a.** Aircraft Operations passenger seat surcharge.
  - b. Premium for higher limit under Employers Liability.
  - **c.** Short rate penalty premium.
  - **d.** Additional premium resulting from flat increase on outstanding policies.
  - e. Non-ratable elements and supplemental loadings.
- 3. Show the schedule modification percentage and applicable statistical code on the Information Page.

## H. PREMIUM CALCULATION ALGORITHM

#### Delaware and Pennsylvania Premium Algorithm Preface:

## Optional use upon July 1, 2000. Mandatory use for policies effective on or after January 1, 2002.

The computation of workers compensation premium includes a broad complement of potential rating values, pricing programs and other similar or related variables. To the extent that these component parts of premium determination may be applied in a prescribed sequence and using defined formulas and/or relationships, several potential benefits arise including the following:

- Competitive differences within the marketplace can be more clearly defined and consistently applied;
- Similarly situated risks can receive comparable treatment with respect to specific rating values, pricing programs or other factors, increasing the equity of the marketplace;
- Analysis of the effects of various components of overall premium determination can be better understood and more intelligently compared across carriers, states and/or time;
- In the event that new pricing programs or other factors are introduced in the future, the defined existing formulas can provide a consistent basis for the development of programs and system procedures within the workers compensation industry.

the premium for purposes of calculating employer assessments

## RULE VII – PREMIUM DISCOUNT

#### Item 4 of the Information Page

#### A. PREMIUM DISCOUNT

Premium Discount (if any) is determined by an individual carriers' rating values. It recognizes that the relative expense of issuing and servicing larger premium policies is less than for smaller premium policies.

#### **B. COMBINATION OF POLICIES**

#### 1. Combination Permitted

Two or more policies issued to the same insured by one or more insurance carriers under the same management may be combined for the purpose of computing the premium discount for that insured.

#### 2. Combination Procedure

If such separate policies have different expiration dates, the combination for the purpose of 1. above is subject to the following:

- a. The Bureau shall determine the effective date for the application of premium discount.
- b. All such policies in force prior to such effective date shall be cancelled and rewritten as of the effective date.
- c. All policies effective after the effective date of the combination shall be written to expire concurrently with other policies in the combination.

# C. LARGE CONSTRUCTION PROJECTS

# (Wrap-Up)

The first step in setting up a "Wrap-Up" program requires the carrier to make application to: State of Delaware Department of Labor, Industrial Accident Board, 4425 North Market Street - 3rd Floor, Wilmington, DE 19802.

The following application of the premium discount is optional for large construction projects which are not under a retrospective rating plan:

Policies issued to two or more legal entities engaged in a construction, erection or demolition project may be combined for the purpose of computing premium discount, subject to the following conditions:

#### 1. Insurance Carrier

All such policies must be issued by one or more insurance carriers under the same management.

#### 2. Policy Limitation

The policies shall be limited to insurance on such large construction projects.

#### 3. Eligible Entities

Entities eligible for combination shall be limited to the general contractor (including any owner or principal acting as a general contractor) and subcontractors performing work under contracts let on an ex-insurance basis. In addition, if the contract between the owner or principal and such general contractor is on an ex-insurance basis, the owner or principal shall be an eligible entity under this rule.

#### 4. Premium Requirement

Estimated total standard premium for the project to be done by the combined entities must be \$500,000 or more.

## 5. Location Requirement

The project must be confined to operations at a single location. In connection with the building of roadways, tunnels, waterways or surface or underground conduits, the entire job or sections of the job shall be considered a single location if the construction work is performed by a single general contractor for a single owner or principal.

#### 6. Duration Requirement

The project must be of definite duration involving work to be performed continuously to completion.

#### 7. Bureau Notification

The Bureau must be notified of the method by which the wrap-up policies will be identified.

## 8. Separate Policy Requirement

A separate policy is required for each entity included in the wrap-up plan and each policy is subject to that entity's own experience rating modification.

## 9. Experience Modifications

The experience developed by each entity in the combinations will be used in calculating the future experience of the entity. There will be no experience rating for the project as a unit.

#### RULE VIII – LIMITS OF LIABILITY

## Item 3-B of the Information Page

## A. WORKERS COMPENSATION AND EMPLOYERS LIABILITY POLICY

## 1. Part One – Workers Compensation

There is no limit of liability in the standard policy for Part One. The policy provides all benefits required by the Delaware Workers Compensation Law.

#### 2. Part Two – Employers Liability

## a. Standard Limits

The standard limits of liability under Part Two are:

Bodily Injury by Accident: **\$100,000** – each accident Bodily Injury by Disease: **\$100,000** – each employee Bodily Injury by Disease: **\$500,000** – policy limit.

#### b. Increased Limits

The limit under Part Two may be increased, subject to the following:

- (1) The limits of liability shall be the same for all states specified in Item 3-A of the Information Page.
- (2) The additional premium for increased limits shall be determined by multiplying the total premium by the percentage in the following Table for Increased Limits. For this purpose, total premium shall be computed after application of any carrier rate but before application of experience rating modification or retrospective rating adjustment.
- (3) The premium for increased limits shall be subject to experience rating modification, merit rating, deductible credit or retrospective rating. The premium for increased limits on non-ratable classifications is not subject to any experience rating modifications, merit rating or retrospective rating.

\*Increased limits of employers liability are available under the Delaware Insurance Plan upon request, subject to maximum limits of \$1million/\$1million. Minimum premiums displayed with Table 1 are applicable to Delaware Residual Market. The same minimum premium applies for all the Bodily Injury by Disease policy limits within the same row.

## c. Accident Limit

The limit of liability under Part Two applies to all bodily injury arising out of any one accident.

# d. Disease Limit

The limit of liability under Part Two for Bodily Injury by Disease – each employee – applies as a separate limit to bodily injury by disease to any one employee and the limit of liability for Bodily Injury by Disease policy limit – applies as an aggregate limit for all bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease.

## e. Show Limit on the Information Page

The limits of liability under Part Two must be stated in Item 3-B of the Information Page.

#### **B. VOLUNTARY COMPENSATION INSURANCE**

#### 1. Standard Limits

The standard limits of liability under Part Two Employers Liability Insurance for employees subject to voluntary compensation are:

Bodily Injury by Accident: **\$100,000** – each accident Bodily Injury by Disease: **\$100,000** – each employee Bodily Injury by Disease: **\$500,000** – policy limit

The limit of liability for Bodily Injury by Accident applies to all bodily injury arising out of any one accident. The limit of liability for Bodily Injury by Disease – each employee – applies as a separate limit to bodily injury by disease to any one employee and the limit of liability for Bodily Injury by Disease – policy limit – applies as an aggregate limit for all bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease.

#### 2. Increased Limits

- **b.** The standard limits under Part Two Employers Liability for employees subject to Voluntary Compensation insurance may be increased.
- c. The premium for the increased limits shall be determined by using the Table in Rule A. 2. B.

#### 3. Premium Determination

Premium shall be determined on the basis of the workers compensation rules, classifications and Bureau rating values in this Manual for the state workers compensation law designated in the schedule in the Voluntary Compensation and Employers Liability Coverage Endorsement.

#### 4. Payroll Records

When voluntary compensation insurance is provided for a group of employees, separate payroll records shall be maintained by the insured for the designated group of employees.

#### RULE IX – SPECIAL CONDITIONS OR OPERATIONS AFFECTING COVERAGE AND PREMIUM

#### A. EXECUTIVE OFFICERS

#### 1. Definition

Executive Officers of a corporation are the President, Vice President, Secretary, Treasurer or any other officer appointed or elected in accordance with the charter or by-laws of a corporation or unincorporated association.

#### 2. Law and Status

a. Executive Officers of a corporation and members of a limited liability company, which corporation or limited liability company is not licensed under Title 30, Chapter 25 of the Delaware Code or shown to be conducting business in a manner in which they should be so licensed, are covered under the Delaware Workers' Compensation Law. However, up to eight (8) executive officers who are stockholders of the corporation (except construction contractors – see below) or as many as four (4) individuals who are members of a limited liability company, when executing a written agreement between the corporation and such executive officers or between the limited liability company and such members, may elect not to be subject to the law. To exclude such officers or limited liability company members, attach the Partners, Officers and Others Exclusion Endorsement WC 00 03 08.

**Note**: As a general rule, executive officers may be excluded only on the effective date of the policy. Any exceptions to this general rule must be approved in writing by the carrier issuing the policy.

b. Construction Contractors: Executive officers of a corporation and members of a limited liability company, which corporation or limited liability company is licensed under Title 30, Chapter 25 of the Delaware Code or shown to be conducting business in a manner in which they should be so licensed, are covered under the Delaware Workers' Compensation Law. However, up to four (4) executive officers who are stockholders of the corporation or as many as four (4) individuals who are members of a limited liability company, when executing a written agreement between the corporation and such executive officers or between the limited liability company and such members, may elect not to be subject to the law. To exclude such officers or limited liability company members, attach the Partners, Officers and Others Exclusion Endorsement WC 00 03 08.

**Note:** As a general rule, executive officers and individual members of a Limited Liability Company may be excluded only on the effective date of the policy. Any exceptions to this general rule must be approved in writing by the carrier issuing the policy.

When executive officers are covered under the law they have the same status as employees under the policy.

#### 3. Executive Officers – MULTIPLE CORPORATE ENTERPRISES

An executive officer may either receive a salary from only one or from several corporations insured under one policy. In other instances several policies may be issued to cover several corporations and an executive officer may receive a salary from each of these corporations. The following procedure shall apply in these instances:

Where it is permissible to include more than one corporation on a single policy and such corporations are insured by a single carrier whether under one or more policies, the several corporations shall be considered as a unit with respect to the application of the Executive Officers Rule. In all other cases the rule shall apply on a policy basis.

#### 4. Executive Officers Remuneration – TREATMENT OF:

The remuneration of executive officers shall be treated in accordance with the following procedures:

- 1. The remuneration of an executive officer shall not be included with the payroll of the risk for premium computation purposes, provided:
  - (a) That such officer is elected for the value of his or her name or because of stock holdings, has no duties and does not come on the premises, except perhaps to attend directors' meetings.
  - (b) That such officer because of age or for other reasons ceases to perform any duties and does not come on the premises, except perhaps to attend directors' meetings.
- 2. The remuneration of an executive officer shall be included with the payroll of the risk for premium computation purposes, subject to the minimum and maximum provisions of the Basic Manual, provided:
  - (a) That such executive because of age or for other reasons, ceases to perform any duties, but nevertheless, frequently visits the premises of the risk.
  - (b) That such officer frequently visits the premises of the risk for business conferences, directors' meetings or similar duties, although also an officer or employee of another risk in the operations of which he takes an active interest.
- **3.** Under the following conditions, the amount of remuneration of executive officers which shall be included with the payroll of the risk for premium computation purposes, subject to the minimum and maximum amounts of the Basic Manual, shall be as indicated below:
  - (a) Where the officer draws no salary in fact, but a regular salary is credited to him or her on the books, the amount so credited shall be included in the payroll of the risk as his or her remuneration.
  - (b) Where the officer draws no salary in fact, but a regular salary is credited to him or her on the books and subsequently charged back to such officer, the amount so credited shall be included in the payroll of the risk as his or her remuneration regardless of such charge off.
  - (c) Where the officer draws no regular salary but draws such various sums as his or her needs or the conditions of the business dictate, the actual amount drawn shall be included in the payroll of the risk as his or her remuneration.
  - (d) Where the officer receives no salary in fact, either drawn or credited, or where the records presented to the auditor fail to disclose the salary, the amount to be included in the payroll of the risk shall be the pplicable manual minimum per week.

#### 5. Premium Determination

Premium for executive officers, other than elected officers of Delaware or its political subdivisions, shall be based on their total payroll, subject to the following:

- **a.** The requirements of Rule V E.
- b. The minimum individual payroll for an executive officer is \$---700 per week.
- c. The maximum individual payroll for an executive officer is **\$2,500** per week.
- **d.** These limitations apply to the average weekly payroll of each executive officer for the number of weeks the officer was employed during the policy period.
- e. A part of a week shall be considered a full week in determining the average weekly payroll.

#### 6. Assignment of Payroll

Payroll assignment shall be made in the same manner as for any employee. No executive officer's payroll may be assigned to a standard exception classification unless that officer's duties fulfill the definition of either Salesman - 951 or Office - 953. See Rule IV.

#### 7. Flight Duties

Payroll of an executive officer who is a pilot or member of the flying crew of an aircraft used in the insured's business shall be assigned as follows:

- a. For each week during which the executive officer did not perform flight duties, assign the officer's payroll as provided in Rule IX A. 4.
- b. For each week during which the executive officer performed flight duties, assign the officer's payroll for that week to Code 7421. If an executive officer's non-flying duties in such a week are subject to a higher-valued classification, that insuring carrier's or the residual market's higher-valued classification shall be assigned in that week.

Rules 5. a. and b. apply on the basis of the pilot's log book required under Federal regulations or other verifiable records.

If Code 7421, applies and verifiable records are not maintained to indicate those weeks during which flying is performed by executive officers, their payroll shall be assigned to the insuring carrier's or the residual market's highest-valued classification which applies to any of their operations.

#### 8. Professional Employer Organization (PEO) – Corporate and Limited Liability Clients

The full remuneration of an executive officer(s) or owner member(s) of a Limited Liability Company (LLC) shall be included in the payroll of the PEO without payroll limitation. Executive officers or member owners of an LLC may elect to not be subject to the Delaware Workers Compensation Law. Refer to Rule 2. – Law and Status of this section for officer exclusion procedure. The corporate entity or LLC may also obtain a separate policy of insurance for their officer(s) or LLC member owners.

#### B. SOLE PROPRIETORS AND PARTNERS OR MEMBERS OF THEIR IMMEDIATE FAMILY

#### 1. Law and Status

- a. Sole proprietors or partners are not covered under Delaware Law.
- **b.** Sole proprietors or partners **may elect** to be covered in the State of Delaware. They then have the same status as employees under the policy.
- **c.** Immediate family members of sole proprietors or partners **are covered** under Delaware Law. Immediate family is defined as a parent, spouse, child or sibling of a sole proprietor or partner.

#### 2. Coverage

- a. To provide coverage for a sole proprietor or partner, attach the Sole Proprietors, Partners, Officers and Others Coverage Endorsement, WC 00 03 10.
- b. To exclude coverage for Immediate Family members, attach the Partners, Officers and Others Exclusion Endorsement, WC 00 03 08.

#### 3. Premium Determination

- a. Premium for sole proprietors, partners or members of their immediate family shall be based on their total payroll.
- **b.** Rules to set payroll for sole proprietors or partners are the same as for executive officers. (See Rule IX A. 5. for details.)
- c. If payroll information is not available use the statewide average weekly wage (SAWW) in effect as of the inception date of the policy. The SAWW may be obtained among other sources from the Delaware Department of Labor's website or from the DCRB's website under the "Quick Reference" table. Profit or loss amounts attributed to the individual's interest in the business are not considered payroll.

## C. CONTRACTORS, GENERAL CONTRACTORS, SUBCONTRACTORS and INDEPENDENT CONTRACTOR(S)

- 1. No contractor or subcontractor shall receive compensation under the Delaware Workers Compensation Law, but shall be deemed to be an employer and all rights of compensation of the employees of any such contractor or subcontractor shall be against their employer and not against any other employer.
- 2. Lessees transporting passengers for hire in motor vehicles leased pursuant to written leases shall not receive compensation under the Delaware Workers Compensation Law but shall be deemed to be employers.
- 3. "Independent contractor" shall mean any person not excluded from mandatory coverage under provisions of Delaware Workers Compensation Law, Title 19 §2311, who performs work or provides services for a contractor, subcontractor or other "contracting entity" in return for remuneration and/or other valuable considerations but who is not an employee of the contractor, subcontractor or other "contracting entity" or any other person or entity with respect to the work performed or the services provided. "Contracting entity" shall mean any commercial entity that obtains work or services from a person not excluded from mandatory coverage under provisions of this law and who is not an employee of the "contracting entity" or any other commercial entity with respect to the work performed or services provided.

#### **Important Note:**

Partners and sole proprietors, when working in an independent contractor role, shall be subject to the same requirements as outlined above and may not rely upon Title 19 §2308 to elect not to be subject to the law.

#### Coverage

Independent contractors shall have an option to purchase coverage to satisfy this requirement or alternatively shall be insured by the contractor, general contractor, subcontractor or other contracting entity for which they perform work or provide services.

Up to four (4) executive officers who are stockholders of a corporation and up to four (4) individuals who are members of a limited liability company, which corporation or limited liability company is licensed under Title 30, Chapter 25 of the Delaware Code or shown to be conducting business in a manner in which they should be so licensed, may be exempted from Title 19, Section 2311 (a) (4). Refer to Title 19 §2308 of the Delaware Code for more detail.

#### Remuneration

Actual remuneration of the independent contractor will be used to determine premium subject to the executive officer minimum and maximum payrolls approved by the Department of Insurance. (Refer to Section 1, Rule IX, A. 3. for more detail.)

- (a)The general contractor, subcontractor or other contracting entity shall furnish satisfactory evidence that the independent contractor had workers' compensation insurance in force during the time within which the work was performed for the general contractor, subcontractor or other contracting entity. For each independent contractor for which such evidence is not furnished, additional premium shall be charged to the policy which insured the general contractor, subcontractor or other contracting entity as follows:
  - i. The general contractor, subcontractor or other contracting entity shall provide a complete payroll record of each uninsured independent contractor. Premium on such payroll shall be based on the classification(s) which would have applied if the independent contractor had been an employee of the general contractor, subcontractor or other contracting entity.

ii. If the general contractor, subcontractor or other contracting entity does not supply the payroll records of its independent contractor(s), the full subcontract price of the work performed during the policy period by the independent contractor(s) shall be established as the payroll of the independent contractor(s). The additional premium shall be charged on that amount as payroll.

#### Exception to (a) ii.

If investigation on a specific job discloses that a definite amount of the independent contractor's(s') price represents payroll, such amount shall be the payroll for the additional premium computation. In contracts for: (1) for mobile equipment with operators (such as but not limited to: earth movers, graders, bulldozers, or log skidders), the payroll shall not be less than 33 percent of the independent contractor's(s') price; (2) for labor and material, the payroll shall not be less than 50 percent of the independent contractor's(s') price; (3) for labor only, the payroll shall be established as not less than 90 percent of the independent contractor's(s') price.

- iii. If an experience modification has been established for the general contractor, subcontractor or other contracting entity, such experience modification shall be applied to the premium developed for the uninsured independent contractor.
- iv. Any contracting entity shall obtain from an independent contractor or subcontractor, and retain for three (3) years from the date of the contract, the following: a notice of exemption of executive officers or limited liability company members and/or a certification of workers compensation insurance in force. If the contracting entity should fail to do so, the contracting entity shall not be deemed the employer of any independent contractor or subcontractor or their employees but shall be deemed to insure any workers' compensation claims arising from the transaction.
- v. In all other types of commerce, the determination of employee or independent contractor status shall remain as before the adoption of Title 19 §2311 Subsection (a), and Title 19 §2308 and the other provisions defining employees and persons not covered by Title 19, Chapter 23 of the Delaware Code shall apply.

#### D. EX-MEDICAL COVERAGE

Ex-medical coverage is prohibited in the State of Delaware.

#### E. PROFESSIONAL AND SEMI-PROFESSIONAL ATHLETES – CLASS CODES 970 and 991

- 1. Employees who qualify for payroll limitation include but are not limited to all players, coaches, managers or sports officials and include all players on salary list of the employer.
- 2. The entire remuneration of each player, coach or manager should be included in computing premium, subject to a maximum of \$60,000 per policy year.
- 3. When a player, coach or manager works for two or more teams in the same sport during the policy year, the maximum shall be pro-rated.
- 4. The remuneration of an individual player, coach, manager or sports official is subject to a minimum of \$600 per week of the policy year, including board and lodging. (Limited to Code 970.) For more details refer to the Classification and Rating Values Section.

#### F. DELAWARE WORKPLACE SAFETY PROGRAM

#### 1. The Effective Date

Delaware Workplace Safety Program effective February 1, 1989. Revised July 1, 1999.

#### 2. Eligibility

- **a.** Employers are eligible for the Workplace Safety Program if they have **\$3,161** or more of annual Delaware only premium at residual market rates.
- **b.** Qualifying premium and safety credit percent eligibility is based on the most current required unit statistical card filing (for example, July 1999 employers qualify using the unit statistical report for the July 1996 policy).
- **c.** The Bureau will test each employer by taking the required unit statistical card payroll times current Residual Market Rates times most current experience modification to determine the employer's qualifying premium.

#### 3. Employer Notification

Employers meeting the premium qualification requirement will be notified by the Delaware Department of Insurance seven months in advance of renewal date. This notification will inform the employer of the premium credit they are eligible for if attested safe, together with the schedule of inspection costs.

#### 4. Inspection

The cost of each Department of Insurance safety inspection will be borne by the employer and will start at **\$150 per location**. Each work location must pass inspection for the employer to be eligible for premium credit under the Work-place Safety Program. Inspection fees for large and/or complex employers may be established by the Department of Insurance.

#### 5. Employer Action

Once the employer receives their notification of eligibility, the employer must decide to participate in the Workplace Safety Program. This decision must be made no later than five months before their policy renewal. The employer must contact the Delaware Department of Insurance and request an inspection. Inspections will be made by a representative from one of the independent safety expert companies contracted by the Delaware Department of Insurance.

#### 6. Delaware Department of Insurance Action

The Department of Insurance will notify the inspector of the employer's request. The inspector will then contact the employer to set up the first of two inspections. A second unannounced inspection will be made at some later date to confirm initial certifications of safety in the workplace. Failure to pass this non-scheduled inspection will result in withdrawal of the safety credit.

#### 7. Qualified Employer

The Bureau will be informed when an employer passes the inspection. The Bureau will then record on the experience rating calculation sheet the credit percentage to apply to the renewal policy. **Code 9880** is to be used in policy issuance and statistical reporting to record the Safety Program premium credit, which is to be applied after experience modification and after deviation or schedule rating adjustments but before calculating premium discount and before adding of expense constant.

### For Example:

| <u>Code</u> | <b>Classification</b>                  | <u>Payroll</u>      | Rate          | <u>Premium</u>            |        |
|-------------|--|---------------------|---------------|---------------------------|--------|
| 975<br>953  | Restaurant<br>Clerical<br>Sub-Total    | \$350,000<br>80,000 | \$4.39<br>.54 | \$15,365<br>432<br>15,797 |        |
| 9898        | Experience Modification<br>Sub-Total   |                     | .95           | 790<br>15.007             | Credit |
| 9887        | Schedule Credit 5%<br>Sub-Total        |                     |               | 750<br>14,257             | Credit |
| 9880        | Safety Program Credit 19%<br>Sub-Total |                     |               | <b>2,709</b><br>11,548    | Credit |
| 0063        | Premium Discount<br>if applicable      |                     |               |                           |        |
| 0900        | Expense Constant<br>if applicable      |                     |               |                           |        |
| 9999        | Estimated Annual Premium               |                     |               | 11,548                    |        |

#### 8. Safety Credit Percentages

Safety credits will be granted according to the following formula:

#### <u>20% x [1.0000 - C]</u>

where "C" is the credibility of the qualified employer in the uniform Experience Rating Plan for the policy period expiring immediately prior to the application of the safety credit. If the qualified employer was not experience-rated in the policy period expiring immediately prior to the application of the safety credit, "C" will be set at 0.050. Safety credit packages will be rounded to the nearest whole percent.

#### 9. Bureau Rating Values

A Delaware Workplace Safety Program Correction Factor shall be included in loss costs and residual market rates. This factor shall be designed to make the Workplace Safety Program revenue neutral in the aggregate.

#### 10. Appeals

The Bureau's determination of the percentage credit for an individual risk eligible for the Delaware Workplace Safety Program may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE, Section 1 of this Manual.

#### G. TRUCKERS – INTERSTATE

The payroll of a trucker shall be assigned to a state in which it has a terminal or base of operations. These guidelines are not applicable to dispatching or broker operations.

#### Example:

A driver/employee resides in State A. His employer/trucker base of operations is in State B. If the driver/employee regularly travels to the terminal or base of operations in State B to load or unload freight or perform other regular work functions, i.e., mechanic, the driver/employee payroll shall be assigned to State B.

When the trucker does not operate from a terminal or base of operations, the state to which the payroll is assigned shall be determined in accordance with the following procedures.

If it can be established that the trucker does a significant portion of its business in a single state, the payrolls, other than those payrolls which can be attributed to specific work functions in a specific state, should be assigned to that state. Factors such as driving time, number of pickups and deliveries, revenue and tonnage, should be considered in determining the state of payroll assignment. If a state payroll assignment cannot be made on these factors, then the trucker's payroll shall be assigned to his state of residence.

For the purposes of the guidelines the following definitions apply:

TRUCKER – A trucker is the holder of operating authority from a government agency.

TERMINAL OR BASE OF OPERATIONS – A permanent location owned, leased or used by the trucker at which loading, unloading and other related non-clerical work functions, such as maintenance and transfers, are performed and from which the driver/employee is assigned work on a regular basis.

STATE OF RESIDENCE – The state in which the trucker resides, as evidenced by the location used for filing of federal income taxes.

REGULAR – A pattern of 40 hours per week or any other pattern that appears on a continuing basis.

#### H. DELAWARE CONSTRUCTION CLASSIFICATION PREMIUM ADJUSTMENT PROGRAM

#### 1. Program Description

The Delaware Construction Classification Premium Adjustment Program provides for a premium credit for up to one year for a policy which contains one or more construction classifications. A credit may be applicable to those policies effective new and renewed with normal anniversary rating dates on or after **July 1, 1990**.

The basis for determining the credit is the total payroll (including overtime premium pay) and hours worked for each construction classification as reported to taxing authorities. The applicable report periods vary according to the normal anniversary rating date of each policy, as set forth below.

 Normal

 Anniversary

 Rating Dates

 June 1, 2010

 May 31, 2011

Reporting Period for Qualifying Wages Third calendar quarter of 2009 Third calendar quarter of 2010 Third calendar quarter of 2011 Third calendar quarter of 2012 Third calendar quarter of 2013 If the insured did not engage in operations for the complete quarter, then the last complete quarter prior to policy year inception shall be used or, if there was no complete quarter of operations prior to the policy inception, then the first complete quarter after policy inception shall be used. A credit may be determined for each construction classification by dividing the total payroll, including overtime premium pay, by the number of hours worked to arrive at the average hourly wage for the classification. In the absence of specific records for salaried employees, it will be assumed each such individual worked forty (40) hours per week. The credit for average hourly wage is listed below:

#### DCCPAP Wage Table Effective June 1, 2011 through May 31, 2012

| Average<br>Hourly Wage | Credit From<br>Manual<br>Premium | Average<br>Hourly Wage | Credit From<br>Manual<br>Premium |

#### DCCPAP Wage Table Effective June 1, 2014 and later

The total construction classification credit amount, in dollars, must be calculated and then divided by the total policy premium at Bureau Rating Values - including construction and non-construction classifications. The result would be the percentage credit which is to be applied to the July 1, 1990 or later policy. When calculating the total policy credit the percentage shall be rounded to the nearest whole number with .5 being rounded upward (as an example, 4.4 rounded to 4% and 4.5 rounded to 5%).

The insured shall submit the required payroll and hours worked information to the Delaware Compensation Rating Bureau, Inc. for calculation of any applicable credit. The carrier shall, upon audit, verify the information that was submitted by the insured and used in the calculation of the credit. If the carrier discovers an error in the original request for policy credit, the revised information must be submitted to the Delaware Compensation Rating Bureau, Inc. for recalculation. If the insured does not furnish records to verify the payrolls and hours worked originally submitted and used in the calculation of the credit, there shall be no credit applied to the policy.

The credit authorized by the Delaware Compensation Rating Bureau, Inc. shall appear on Item 4 of the policy. If the credit applicable to the policy is not available at the time of policy issuance, the carrier shall endorse the policy to provide the appropriate credit information once a qualifying application has been processed and the Bureau has notified the carrier of the credit determined on the basis of such application.

Report Delaware Construction Class Premium Credit on the information page and unit statistical report under **Code 9046.** 

Carriers are required to use the approved form to notify all their insureds, who have one or more construction classifications on their policy, that they may be eligible for a premium adjustment credit.

2. "Construction classifications" are those classifications subject to the following code numbers:

| 601 | 609 | 645 | 652 | 658 | 666 | 676 |
|-----|-----|-----|-----|-----|-----|-----|
| 602 | 611 | 646 | 653 | 659 | 667 | 677 |
| 603 | 615 | 647 | 654 | 661 | 668 |     |
| 605 | 617 | 648 | 655 | 663 | 669 |     |
| 607 | 625 | 649 | 656 | 664 | 674 |     |
| 608 | 643 | 651 | 657 | 665 | 675 |     |

#### 3. Third Calendar Quarter

| a. | Policy Anniversary Date                      | Quarter Used |
|----|--|--------------|
|    | 07/01/90 to 07/01/91<br>07/01/91 to 07/01/92 | 1989<br>1990 |
|    | 07/01/92 to 07/01/93                         | 1991         |

4. The Bureau will inform the carrier and employer of the credit percentage. The Bureau will then record on the experience rating sheet (when applicable) the credit percentage to apply to the policy. Code 9046 is to be used in policy issuance and statistical reporting to record the construction premium credit, which is to be applied after the experience modification and after the deviation or schedule rating adjustments, but before calculating the premium discount and before adding the expense constant.

#### I. WAIVER OF SUBROGATION

For policies where the carrier waives subrogation rights, the premium charge associated with such waiver shall be assigned to Code 0930.

For policies where a flat charge has been levied for a waiver of subrogation rights, the amount shall be assigned to Code 9115. Code 9115 – Flat Charge Waiver of Subrogation is not included in Total Standard Premium.

#### RULE X – CANCELLATION

#### A. WHO MAY CANCEL

The Cancellation Condition of the Standard Policy permits cancellation by the insured or by the insurance carrier.

*IMPORTANT NOTICE:* CANCELLATION NOTICES MUST BE FILED WITH THE BUREAU WITHIN 10 DAYS OF ISSUANCE; PROVIDED, HOWEVER, THAT FAILURE TO FILE SUCH NOTICE WITHIN THE REQUIRED TIME SHALL NOT INVALIDATE ANY CANCELLATION WHICH HAS BEEN MADE IN ACCORDANCE WITH THE PROVISIONS OF THE POLICY.

#### **B. PREMIUM DETERMINATION – CANCELLATION BY THE INSURANCE CARRIER**

Premium for the cancelled policy shall be computed as follows:

#### 1. Carrier Rating Values and Payroll

Apply Carrier Rating Values to the payroll developed during the period the policy was in effect.

#### 2. Experience Rating

Apply any experience rating modification in accordance with the rules of the Experience Rating Plan Section. Refer to Rule VI - H.

#### 3. Deductible

Apply the appropriate deductible credit factor, if any, in accordance with the deductible table in Section 2 of this Manual.

### C. PREMIUM DETERMINATION - CANCELLATION BY THE INSURED WHEN RETIRING FROM BUSINESS

Compute the premium as provided in B above if a policy is cancelled by the insured when:

- 1. All the work covered by the policy has been completed, or
- 2. All interest in any business covered by the policy has been sold, or
- 3. The insured has retired from all business covered by the policy.

#### D. PREMIUM DETERMINATION – CANCELLATION BY THE INSURED, EXCEPT WHEN RETIRING FROM BUSINESS

The premium for the cancelled policy shall be based on the Short Rate Cancellation Table in this rule and computed as follows:

#### 1. Actual Payroll

Determine the payroll developed during the period the policy was in effect.

#### 2. Extended Payroll

Extend such payroll pro-rata to an annual basis.

#### Example

A payroll of \$55,500 for 185 days would produce a payroll of \$109,500 on an annual basis:

\$55,500 x <u>365</u> = \$109,500. 185

#### 3. Carrier Rate

Apply Carrier Rate to the payroll in 2. above.

#### 4. Experience Rating

Apply any experience rating modification in accordance with the rules of the Experience Rating Plan Manual. Refer to Rule VI - 1.

#### 5. Deductible

Apply the appropriate deductible credit factor, if any, in accordance with the deductible credit schedule in Section 2 of this Manual.

#### 6. Short Rate Percentage

Based on the time the policy was in effect, apply the short rate percentage shown in the Short Rate Cancellation Table in this rule to the annual premium computed on the basis of the extended payroll in order to determine the short rate portion of the annual premium.

#### 7. Example of a Short Rate Cancellation

A policy in effect for 185 days develops actual payroll of \$55,500, carrier rate \$.50.

a. Payroll extended to annual basis =

\$55,500 x <u>365</u> = \$109,500. 185

- **b.** Annual premium = \$109,500 x \$.50 = 548
- c. Short rate percentage for 185 days = 61% (See Table on next page)
- d. Short rate premium for cancelled policy = \$548 x .61 = \$334
- Total premium for cancelled policy = \$334

Refer to the Rules and Interpretation Section for an alternative method of short rate computation.

## E. SHORT RATE CANCELLATION TABLES FOR TERM OF ONE YEAR

#### RULE XI – THREE-YEAR FIXED RATE POLICY OPTION

- 1. A carrier may file a "Three-Year Fixed Rate Option" program with the Delaware Insurance Department.
- 2. A policy may be issued for a period of three years at a fixed carrier rate, provided the risk is not eligible for the Experience Rating Plan on the effective date of the policy.
- 3. A policy issued under an approved program shall be designated on the Information Page as follows "THREE-YEAR FIXED RATE."

## RULE XII – U.S. LONGSHORE AND HARBOR WORKERS' COMPENSATION ACT

#### A. GENERAL EXPLANATION

The U.S. Longshore and Harbor Workers' Compensation Act (U.S.L. & H.W. Act) is a Federal law which provides for payment of compensation and other benefits to employees such as longshore, harbor workers, ship repairmen, shipbuilders, ship-breakers and other employees engaged in loading, unloading, repairing or building a vessel. It applies to such employees while working on navigable waters of the United States and also while working on any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other area adjoining such navigable waters customarily used for loading, unloading, repairing or building a vessel. It does not cover masters or members of the crew of a vessel. For complete details see U.S. Code (1946), Title 33, Section 901-49, amended by Public Law 92-576.

#### **B. WORKERS COMPENSATION INSURANCE – PART ONE**

The standard policy is used to insure the statutory obligation of an employer to furnish benefits required by the U.S.L. & H.W. Act. Attach the Standard Longshore and Harbor Workers' Compensation Act Coverage Endorsement (WC 00 01 06A) to provide such insurance. Do not designate the U.S.L. & H.W. Act in Item 3-A of the Information Page.

#### C. EMPLOYERS LIABILITY INSURANCE - PART TWO

For operations subject to the U.S.L. & H.W. Act, the standard limits of liability under Part Two are:

Bodily Injury by Accident: **\$100,000** – each accident Bodily Injury by Disease: **\$100,000** – each employee Bodily Injury by Disease: **\$500,000** – policy limit, Refer to Rule VIII.

#### a. Accident Limit

The limit of liability applies to all bodily injury arising out of any one accident.

#### b. Disease Limit

The limit of liability also applies as a separate aggregate limit for all bodily injury by disease. The aggregate limit applies separately to bodily injury by disease arising out of work in each state shown in Item 3-A of the Information Page.

#### c. Show Limits on Endorsement

These limits of liability must be stated in the Maritime Coverage Endorsement and/or the Federal Employers Liability Act Coverage Endorsement.

## D. CLASSIFICATIONS AND RATES

#### 1. Classifications

Classifications for insurance under the U.S.L. & H.W. Act are listed in "Section 2 – Classifications" of this Manual.

#### 2. Rates for Federal "F" Classifications

The manual rates for classification code numbers followed by the letter "F" include premium for operations subject to the U.S.L. & H.W. Act.

### 3. Rates for Non-Federal "Non-F" Classifications

The Bureau Rating Values for classification code numbers not followed by the letter "F" do not include premium for operations subject to the U.S.L. & H.W. Act. If operations under such classifications involve some employees subject to U.S.L. & H.W. Act, the manual rates and minimum premiums for such classifications shall be increased by the U.S. Longshore and Harbor Workers' Compensation Coverage Percentage, the value for which is shown in Section 2. Such increased rate shall apply only to payroll of employees engaged in operations subject to the U.S.L. & H.W. Act.

NOTE: Deductible credit is not permissible in connection with U.S.L. & H.W. Act coverage.

### E. EXTENSIONS OF THE U.S.L. & H.W. ACT

#### 1. Defense Bases Act

The Defense Bases Act extends the provisions of the U.S.L. & H.W. Act to employers and their employees on overseas military bases and on other overseas locations under public works contracts being performed by contractors with agencies of the United States Government. Employees who are not United States citizens may be exempted from coverage upon approval of a waiver by the Secretary of Labor. For complete details, see Defense Bases Act, U.S. Code (1946) Title 42 Sections 1651-54, Public Law 208, 77th Congress.

To provide such insurance, attach the Standard Defense Bases Act Coverage Endorsement (WC 00 01 01).

#### 2. Civilian Employees of Nonappropriated Fund Instrumentalities Act

The Nonappropriated Fund Instrumentalities Act extends the provisions of the U.S.L. & H.W. Act to civilian employees of nonappropriated fund instrumentalities such as post exchanges and service clubs of the Armed Forces. For complete details, see U.S. Code (1970) Title 5, Section 8171 (Public Law 85-538, 85th Congress).

To provide such insurance attach the Standard Nonappropriated Fund Instrumentalities Act Coverage Endorsement (WC 00 01 08).

#### 3. Premium Determination

For insurance under extensions of the U.S.L. & H.W. Act, determine premium as provided in Rule XII - D.

### RULE XIII – THE ADMIRALTY LAW AND THE FEDERAL EMPLOYERS' LIABILITY ACT

NOTE: The Delaware Compensation Rating Bureau, Inc. has no jurisdiction over the rates or classification for Admiralty or Federal Employers Liability exposure. The following rule was published by the National Council on Compensation Insurance and is shown here for information purposes only.

#### A. GENERAL EXPLANATION

#### 1. Admiralty Law

Masters and members of the crews of vessels are not covered under state workers compensation laws nor under the U.S.L. & H.W. Act. They are subject to admirally law and, if injured, have the right to sue their employers for damages in the Admiralty Courts where the proceeding is in the nature of an employers' liability suit. They also have the right to transportation, wages, maintenance and cure. Such seamen are subject to a Federal law, the Merchant Marine Act of 1920, known as the Jones Act (46 U.S. Code, Section 688, 1970) which applies the provisions of the Federal Employers Liability Act to seamen. Every person employed on board a vessel is deemed to be a seaman if connected with the operation or welfare of the vessel while in navigable waters. Usually, navigable waters are defined as those which form a continuous highway for interstate or international commerce.

## 2. Federal Employers Liability Act (F.E.L.A.)

The Federal Employers Liability Act applies to employees of interstate railroads. Such employees are not subject to state workers compensation laws. This federal law imposes liability for damages on the railroad if the injured railroad employee can show any negligence on the part of the railroad. For complete details, see 45 U.S. Code Sections 51-60, 1970.

#### **B. DESCRIPTION OF COVERAGE PROGRAMS**

The Standard Policy may be used to provide insurance for liability under one or more state workers compensation laws and also for liability under admiralty law or F.E.L.A. There are two programs to furnish such insurance:

#### 1. Program I

Provides under Part One - Workers Compensation Insurance statutory liability - under the workers compensation law of any state designated on the Information Page and under Part Two - Employers Liability Insurance, Employers liability for damages under admiralty law or F.E.L.A., subject to a standard limit of liability of \$25,000.

#### 2. Program II

Provides the same coverage as Program I, but with the addition of Voluntary Compensation. Under Program II, the insurance carrier will offer a settlement of a claim strictly in accord with the statutory benefits provided in the workers' compensation law designated in the Voluntary Compensation Endorsement attached to the policy as if the claim were subject to the laws of negligence. If the offer of settlement is rejected, Employers liability then applies to such claim or suit, with the same standard limit as for Program I.

#### C. COVERAGE

#### 1. Admiralty Law Endorsements

To provide Program I for admiralty law, attach the Standard Maritime Coverage Endorsement (WC 00 02 01). To provide Program II for admiralty law, also attach the Standard Voluntary Compensation, Maritime Coverage Endorsement (WC 00 02 03).

#### 2. Admiralty Law Coverage Options

a. The Maritime Coverage Endorsement (WC 00 02 01) excludes liability to provide transportation, wages, maintenance and cure. This endorsement may optionally include a provision to insure such liability for an additional premium based on an (A) rate.

#### 3. F.E.L.A. Endorsements

To provide Program I for employments subject to F.E.L.A., attach the Standard Federal Employers Liability Act Coverage Endorsement (WC 00 01 04). To provide Program II, also attach the Standard Voluntary Compensation and Employers Liability Endorsement (WC 00 03 11).

#### 4. U.S.L. & H.W. Act

When insurance is provided for liability under admiralty law or F.E.L.A., insurance for liability under the U.S.L. & H.W. Act also may be necessary. To provide such insurance, attach the Standard Longshore and Harbor Workers' Compensation Act Coverage Endorsement (WC 00 01 06).

## D. LIMITS OF LIABILITY

#### 1. Standard Limit

The standard limit of liability under Part Two Employers Liability Insurance for admiralty or F.E.L.A. insurance under Program I or II is \$25,000.

#### 2. Increased Limits

Increased limits of liability under Part Two - Employers Liability Insurance are available. The additional premium for increased limits shall be determined by applying the factor in the following Table for Increased Limits to the total premium for admiralty or F.E.L.A. classifications before application of:

- a. Expense Constant
- **b.** Experience rating modification
- c. Premium discount or retrospective rating adjustment.

The premium for increased limits is subject to an experience rating modification.

| Limit Per |        | Minimum Premium |            |  |  |  |  |
|-----------|--------|-----------------|------------|--|--|--|--|
| Accident  | Factor | Program I       | Program II |  |  |  |  |
| \$ 25,000 | 1.00   | 100             | 200        |  |  |  |  |
| 50,000    | 1.09   | 109             | 218        |  |  |  |  |
| 100,000   | 1.15   | 115             | 230        |  |  |  |  |
| 200,000   | 1.23   | 123             | 246        |  |  |  |  |
| 300,000   | 1.29   | 129             | 258        |  |  |  |  |
| 400,000   | 1.34   | 134             | 268        |  |  |  |  |
| 500,000   | 1.38   | 138             | 276        |  |  |  |  |

## TABLE FOR INCREASED LIMITS

## 3. Minimum Premium

The separate minimum premium shown in the above Table For Increased Limits applies to a policy which includes classifications for operations subject to admirally law or the F.E.L.A. Such minimum premium is the lowest premium for insuring admiralty or F.E.L.A. operations and it shall apply in addition to the minimum premium or premium for other operations on such a policy. It is not subject to an experience rating modification.

## F. CLASSIFICATIONS

NOTE: The Delaware Compensation Rating Bureau, Inc. has no jurisdiction over the rates or classification for Admiralty or Federal Employers Liability Exposure. The following rule is for information purposes only.

The classifications for admiralty or F.E.L.A. operations follow.

## Classifications

|   | Code Nu   | State Act USL |                     |  |  |  |
|---|-----------|---------------|---------------------|--|--|--|
|   | Program I | Prog          | ram II              |  |  |  |
|   |           |               | USL Act<br>Benefits |  |  |  |
| Boat Livery - boats under 15 tons. This classification includes the laying up or putting into commission of boats. Boats 15 tons or over to be separately rated under the appropriate vessels classification. | 7038      | 7090          | 7050                |  |  |  |
| Diving - marine   | 7394      | 7395          | 7398                |  |  |  |
| Dredging - all types  | 7333      | 7335          | 7337                |  |  |  |
| Ferries - This classification includes dock employees.  | 7019      | 7027          | 7062                |  |  |  |
| Fishing Vessels - NOC. This classification includes packing, curing or shipping fish and repair of nets or boats.   | 7039      | 7091          | 7051                |  |  |  |
| Oyster Boats - This classification includes planting; harvesting; and operation of boats.   | 7079      | 7097          | 7070                |  |  |  |
| Salvage Operations - marine.  | 7394      | 7395          | 7398                |  |  |  |
| Supply Boats  | 7020      | 7028          | 7131                |  |  |  |
| Tugboats  | 7020      | 7028          | 7131                |  |  |  |
| Vessels - NOC   | 7016      | 7024          | 7047                |  |  |  |
| Vessels - not self-propelled. Such vessels having a regular master and crew who are furnished living quarters aboard the vessel, shall be rated as "Vessels, NOC."  | 7046      | 7098          | 7099                |  |  |  |

#### Classifications

|  | Coo       | Code Number           |                     |  |  |  |  |  |
|--|-----------|-----------------------|---------------------|--|--|--|--|--|
|  | Program I | Program II            |                     |  |  |  |  |  |

#### Federal Employers Liability Act

| Railroad Operation - all employees including drivers. This classification contemplates the normal operations of railroads including normal maintenance and repair. All extraordinary repair work including such work as rebuilding bridges, grade crossing elimination, laying or relaying track and all new construction operations shall be classified as Code 6702 or 6703. | 7151 | 7153 | 7152 |
|--|------|------|------|
| Clerical Office Employees - NOC  | 8814 | 8805 | 8815 |
| Salespersons, Collectors or Messengers - outside   | 8737 | 8734 | 8738 |
| Railroad Construction - all operations including clerical, salespersons and drivers  | 6702 | 6704 | 6703 |

#### G. WATERS NOT UNDER ADMIRALTY JURISDICTION

#### 1. Coverage

An insured may conduct operations on waters not subject to admiralty jurisdiction. The Standard Policy and endorsement forms shall provide insurance and is subject to the rules which apply to statutory workers' compensation insurance.

#### 2. Admiralty Law or U.S.L. & H.W. Act Liability

If there is a potential liability under admiralty law, follow the previous rules for insurance under admiralty law. If there is a potential liability under the U.S.L & H.W. Act, refer to Rule XII.

#### **RULE XIV – AGRICULTURAL, DOMESTIC WORKERS - RESIDENCES**

#### A. DEFINITIONS

1. Please refer to the "Agriculture" in Section 2 of this Manual.

Agriculture is included in Codes 0006, 0008, 0011, 0013, 0016, 0034, 0036 and 0083. For definitions of individual agricultural classes please see the Farms class listing in Section 2.

#### 2. Inside Domestic Workers

Domestic Workers – Inside are employees engaged exclusively in household or domestic work performed principally inside the residence. Examples include a cook, housekeeper, laundry worker, maid, butler, companion, nurse and baby sitter.

#### 3. Outside Domestic Workers

Domestic Workers – Outside are employees engaged exclusively in household or domestic work performed principally outside the residence. Examples include a private chauffeur and a gardener.

#### 4. Occasional Domestic Workers

Domestic Workers – Occasional are domestic workers, inside or outside, who are employed part-time. Any domestic worker employed more than one half of the customary full time shall be assigned and rated as a full-time domestic worker. Examples of occasional domestic workers are persons engaged on certain days for gardening, cleaning, laundering or baby sitting.

#### B. COVERAGE

- 1. Workers Compensation and Employers Liability Insurance
- 2. By Voluntary Compensation Insurance

Agricultural and domestic workers are not included within the workers compensation law. Voluntary compensation insurance for agricultural and domestic workers may be provided by attaching the standard Voluntary Compensation Endorsement to a workers compensation policy.

**3.** Also, agricultural and domestic workers may elect to come under the Workers Compensation Act. This coverage is provided by the standard policy.

#### C. NAME OF INSURED

The resident owner, the estate of the owner or family member(s) of the same residence may be named as the insured, but only with respect to the employment of domestic workers in connection with such residence.

#### D. CLASSIFICATIONS

- 1. Please refer to the Section 2 Domestic Workers class listing for the Domestic Workers classifications.
- 2. Please refer to the Section 2 Farms class listing for the agricultural classifications.

#### 3. Maintenance, Repair Or Construction Operations

- a. Codes 0913, 0908, 0912 and 0909 include ordinary repair or maintenance of the insured's premises or equipment by domestic workers.
- **b.** Building maintenance or repair by employees hired only for that purpose shall be assigned to Code 971 Building NOC operations by owner or lessee.
- c. Extraordinary repairs, alterations, new construction, erection or demolition of structures shall be assigned to construction or erection classifications.

#### E. BUREAU RATING VALUES AND PREMIUM

#### 1. Bureau Rating Values

The Bureau Rating Values for Codes 0908, 0909, 0912 and 0913 are per capita premium charges. All Agriculture code rates are per \$100 of payroll. Terrorism (9740) and Catastrophe (other than Certified Acts of Terrorism (9741) do not apply to per capita classification premium charges

#### 2. Records Required

The insured shall maintain a record of the names, duties and period of service of each domestic worker.

#### 3. Full Time Domestic Workers

Estimated premium for Codes 0912 and 0913 shall be computed on the estimated number of such domestic workers during the policy period. If additional domestic workers under Code 0912 and 0913 are employed during the policy period or if some domestic workers are no longer employed and are not replaced, the per capita premium charges shall be pro rated. Each pro rata charge shall be based on the period of employment but shall not be less than 25% of the per capita charge.

#### 4. Occasional Domestic Workers

A separate per capita charge shall be applied to each concurrently employed domestic worker.

#### F. SCHEDULE RATING

An approved schedule rating plan shall be applied to the premiums for domestic workers.

#### **RULE XV – FINAL EARNED PREMIUM DETERMINATION**

#### A. ACTUAL PAYROLL

Final earned premium for the policy shall be determined on actual, instead of estimated, payroll or other premium basis.

#### **B. PREMIUM DETERMINATION**

The determination of final earned premium is governed by the rules, classifications and Bureau rating values and carrier rating values, subject to modification by applicable rating plans.

#### C. AUDIT RIGHTS OF CARRIER

The insurance carrier has the right to compute earned premium based on an examination of original payroll records and books of account of the insured, in accordance with Part Five (Premium Audit) of the Standard Policy.

### D. AUTHORIZED CLASSIFICATIONS

Only the classifications shown on a Data Card issued by the DCRB shall be used in auditing the payroll of that employer. The insuring carrier shall contact the DCRB in writing in any instance where the authorized classifications do not describe the employer's operations as delineated in Section 1, Rule IV, Paragraph C., 2., c. of this Manual.

#### **RULE XVI – APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE**

- A. Any policyholder (e.g., a person, a corporation or otherwise), aggrieved by an application of the rating system of the Delaware Compensation Rating Bureau, Inc. (DCRB), as approved by the Insurance Commissioner pursuant to Title 18, Chapter 26 of the Delaware Code, may appeal such application to the DCRB in accordance with this Procedure. "Rating system" is defined herein to include but is not necessarily limited to the following: the assignment by the DCRB of an individual business to a particular classification, the continuation or discontinuation of an entity's(ies') previous experience to the experience rating of new ownership, revision of losses used in a business' experience modification or merit rating, an individual business' eligibility for and/or the percentage of credit under the Delaware Construction Classification Premium Adjustment Program, the discount or surcharge applied to a business eligible for the Merit Rating Plan, the percentage credit for a business eligible for the Delaware Workplace Safety Program or any other workers compensation insurance pricing program filed by the DCRB with the Insurance Commissioner. The aggrieved party must commence any appeal of an application of the rating system within 12 months of the policy period in which the application was made by filing an appeal directly with the DCRB in accordance with this Procedure, except for an appeal for revision of losses used in a business' experience modification or merit rating which shall be governed by the specific Revision of Losses provisions of Sections 5 and 6 of this Manual.
- B. An aggrieved party to which the rating system is found on appeal by the Committee to have been improperly applied as of the time of the aggrieved party's appeal to the DCRB in accordance with this Procedure may have such application amended effective only for the policy currently in effect at the time the aggrieved party first submitted its appeal to the DCRB in accordance with Paragraph F. hereof and for the immediately preceding expired policy. In the case of a multiple year policy application of the rating system may be amended effective only for the policy year currently in effect at the time the aggrieved party first submitted its appeal to the DCRB in accordance with Paragraph F. hereof and for the DCRB in accordance with Paragraph F. hereof and for the policy year currently in effect at the time the aggrieved party first submitted its appeal to the DCRB in accordance with Paragraph F. hereof and for the policy year expiring no more than 12 months prior to such appeal to the Bureau.
- **C.** An aggrieved party for which application of the rating system is revised as a result of a change in the DCRB's interpretation of the rating system approved for use by the Insurance Commissioner may have such application amended effective as of the date determined by the DCRB's Classification and Rating Committee, which date may be prospective or retroactive as determined by the Committee; provided, however, that any retroactive effect shall not exceed the time period authorized in Paragraph B. hereof.
- **D.** An aggrieved party for which application of the rating system is revised pursuant to a change to the rating system filed by the DCRB and approved for use by the Insurance Commissioner may have such application amended effective only upon the aggrieved party's first normal policy anniversary date on or later than the effective date of the change to the rating system approved by the Insurance Commissioner.
- E. Nothing in this Procedure shall permit an aggrieved party for which application of the rating system is revised on a new and renewal basis only to have such application amended effective before the aggrieved party's first normal policy anniversary date effective on or later than the effective date of the change to the rating system approved by the Insurance Commissioner.
- F. An aggrieved party who wants to appeal an application of the rating system must first submit a written request for review thereof to the DCRB, together with all information in support of its appeal. The DCRB staff shall review the request and supporting information. To make certain the facts of an appeal are fully agreed upon by the DCRB and the appellant, the DCRB staff may make written inquiries to the appellant and/or (as circumstances warrant) visit the appellant's Delaware workplace(s). The DCRB shall notify the appellant in writing that staff's Paragraph F. review has been completed and that this letter is the DCRB's final decision. If the appellant is still aggrieved by the rating system application following completion of the DCRB staff's review and final decision, the appellant shall have the right to present its appeal to the DCRB's Classification and Rating Committee in accordance with the provisions of this Procedure. A further appeal by an appellant of the Classification and Rating Committee decision may be taken to the Insurance Commissioner pursuant to Title 18, Section 2614 of the Delaware Code only after the appellant has first exhausted its rights pursuant to this Procedure.

**G.** Any party aggrieved by a final decision of the DCRB staff pursuant to Paragraph F. shall have the right to appeal to the Classification and Rating Committee of the DCRB. Any Committee member having a direct pecuniary interest in the aggrieved party's appeal shall recuse its representative from the appeal proceeding.

Such appeal must be received by the DCRB no later than 90 days from the date of the DCRB staff's final decision referred to in Paragraph F.

- H. All appeals pursuant to Paragraph G. hereof must be filed with the Bureau and must meet the following requirements:
  - **1.** The appeal must be in writing.
  - 2. The appeal must set forth in detail the nature of the complaint, all reasons for believing the DCRB decision to be in error, all documents in support of the appeal, the specific nature of the relief desired, and that the aggrieved party or its designated representative will appear before the Classification and Rating Committee at a to be determined hearing date. The DCRB urges the aggrieved party to appear before the Committee as the aggrieved party is better able to respond to any questions the Committee may have regarding the aggrieved party's business operations than a designated representative.
  - 3. In the event an appeal does not fulfill the requirements of Paragraph H. 2. hereof the DCRB shall make a written request for the needed additional information from the aggrieved party who shall have 30 days to comply. Upon a written showing by the aggrieved party that the requested additional information cannot be provided within 30 days, the DCRB may grant an extension consistent with the circumstances. If the requested additional information is not submitted within the specified time period as extended, the appeal shall be dismissed.
- I. Following receipt of an appeal to the Classification and Rating Committee, the DCRB will notify the appellant of the time and place in Delaware of the Classification and Rating Committee meeting at which the matter shall be heard. The appeal shall be dismissed if an appellant, after due notice pursuant to Paragraph M. hereof, fails to be present or represented at three such scheduled hearings.
- J. The procedure at the hearing shall be as informal as possible and shall provide for the following steps:
  - 1. The Chairman of the Classification and Rating Committee shall introduce the appellant to the Classification and Rating Committee.
  - 2. The appellant may at its option make an oral presentation of its case or may rely solely upon the written material previously submitted to the DCRB in connection with the appeal.
  - **3.** DCRB staff members or consultants to the DCRB may present testimony and other information to the Committee relating to the matter under consideration.
  - 4. The appellant or the DCRB may also present witnesses and documentary evidence relevant to the appeal, and the appellant and the DCRB shall have the opportunity to direct questions to any witness who has testified before the Committee on appeal.
  - 5. After all testimony and other evidence have been presented the hearing shall be declared closed by the Chairman of the Committee. Such hearing may in the discretion of the Committee be reopened at any time prior to the Committee's decision.
  - 6. After the hearing is closed the Committee shall arrive at its decision in executive session.
  - 7. The decision shall be set forth in writing, shall specify all factual and other bases for the decision, and shall be sent to the appellant no later than thirty (30) days after the hearing.
  - **8.** The decision shall be included in the minutes of the meetings of the Classification and Rating Committee and retained in the records of the DCRB.
  - **9.** The minutes of the Classification and Rating Committee meeting shall be kept by the DCRB staff. As hearings before the Classification and Rating Committee are as informal as possible there shall be no stenographic, audio or video record thereof.
  - **10.** If travel is required for the aggrieved person to be heard by the Classification and Rating Committee in person, the aggrieved person will be reimbursed for travel expenses in the same manner as members of the Classification and Rating Committee.
- K. An appellant is not required to be represented by an attorney at any stage in any proceeding. However, an appellant has a right at the appellant's expense to be represented by an attorney. An appellant who is represented by an attorney shall notify the DCRB in writing and shall also furnish the DCRB with the attorney's name and mailing address. After the DCRB has received such notification from the appellant, subsequent papers in the proceeding to be served on such appellant shall be served only upon the attorney designated by the appellant.

- L. All requests pursuant to Paragraph F., appeals pursuant to Paragraph G. or notice of appearance by an appellant's attorney pursuant to Paragraph K. hereof must be filed with the DCRB (to the DCRB 's office United Plaza Building Suite 1500, 30 South 17th Street, Philadelphia, PA 19103-4007).
- M. Notices of any requirement for additional information pursuant to Paragraph H. 3., or of the time and place in Delaware of the Classification and Rating Committee hearing shall be given to the appellant or its attorney pursuant to Paragraph K. in writing personally or by certified mail (with return receipt). The notice of hearing shall be made at least ten days in advance of such hearing unless such notice is waived by the appellant or its attorney. When a meeting is adjourned to another time or place in Delaware, written notice need not be given of the adjourned hearing if the time and place in Delaware thereof are announced at the meeting during which all parties are present at which the adjournment is taken. All other notices, orders, papers and communications, including a copy of the decision, may be served on an appellant by hand delivery or by regular first class mail to the appellant or its attorney at the last known mailing address provided to the DCRB.
- **N.** During the course of all proceedings governed by this Procedure the Classification and Rating Committee shall have the power to interpret and apply the foregoing Paragraphs and such interpretation shall be binding upon the parties.
- **O.** Appeals from a final decision of the Classification and Rating Committee pursuant to this Procedure must be filed with the Insurance Commissioner within 30 days of the mailing date of the Committee's decision as provided in Section 2614, Title 18 of the Delaware Code.
- P. Unless otherwise specifically provided by this Procedure, all periods of time shall be calculated from the postmark on materials sent by first class or certified mail through the United States Postal Service or the date of any hand delivery, whichever date is earlier.
- **Q.** Nothing contained in this Procedure shall prevent efforts to resolve any controversies governed by this Procedure on an informal basis at any stage of the proceedings before the DCRB or the Classification and Rating Committee.

|-------|---------------------------------------|---|
| First | \$10,000                              | <br>0.0%                                      |
| Next  | \$190,000                             | <br>9.1%                                      |
| Next  | \$1,550,000                           | <br>11.3%                                     |
| Over  | \$1,750,000                           | <br>12.3%                                     |

#### **DELAWARE RETROSPECTIVE DEVELOPMENT FACTORS\***

Retrospective development factors for first, second and third adjustments are calculated below. They are intended for use in retrospective plans with no loss limitation and applicable to the expected loss portion of premium.

| First Adjustment  | RDF | = | 0.6537              |
|-------------------|-----|---|---------------------|
| Second Adjustment | RDF | = | <mark>0.5160</mark> |
| Third Adjustment  | RDF | = | <mark>0.4117</mark> |

For those companies using retrospective development factors with loss limitations, the following formula may be used.

 $RDF(LIM) = (1.0 - ELF) \times RDF$ 

RDF(LIM) = Retrospective Development Factors at limited basis

ELF = Excess Loss (Pure Premium) Factors exclusive of allocated loss adjustment expenses for given Hazard Group and Loss Limitation

RDF = Retrospective Development Factors without Loss Limitation

\*The use of retrospective development factors is optional.

#### SUBCLASSIFICATION – CARRIER OPTION

House Bill 430 of 2004 (amending §2607, Title 18 of the Delaware Code) permits an insurer to develop a subclassification or subclassifications to the Bureau's classification system as approved by the Insurance Commissioner. The developing insurer shall file any such subclassification or subclassifications with the Bureau and the Insurance Commissioner at least thirty (30) days prior to the proposed effective date for such subclassification or subclassifications. The insurer's filing shall demonstrate that exposure and loss data produced under any proposed subclassification or subclassifications can be reported to the Bureau consistent with the Bureau's uniform classification system and Statistical Plan. The Insurance Commissioner must disapprove any subclassification filing for which such demonstration is not satisfactorily made.

#### DEFINITIONS

**ALL EMPLOYEES EXCEPT OFFICE:** There is no payroll division between a business classification designated "all employees except office" and Code 951. Such business classification contemplates all salespersons, including but not necessarily limited to over-the-road salespersons, floor salespersons, inspectors, interior designers or decorators employed by any business assignable to that classification.

**ALL EMPLOYEES INCLUDING OFFICE:** There is no payroll division between a business classification designated "all employees including office" and Codes 951 and 953. Such business classification contemplates all salespersons employed by any business assignable to that classification. Such classification also contemplates clerical office personnel engaged in the administration of the business, regardless of whether the office personnel are located at or contiguous to the business' location or a location separate from the business' location.

ALL EMPLOYEES INCLUDING OFFICE EXCEPT WORKFARE OR HOME HEALTH CARE SERVICES: This definition is the same as the "all employees including office" definition above except for the designated separate personnel (e.g., workfare, home health), which shall be subject to separate classification as provided for in this Manual.

**CAMPUS:** The grounds, buildings and all surrounding facilities at a single or contiguous geographic location where operations are conducted by a single risk as defined by the Delaware Experience Rating Plan. Support services at such location may include but are not necessarily limited to: buildings or grounds maintenance, dietary, laundry or housekeeping may be shared by all the contiguously situated operations, which shall be construed as a single enterprise.

**N.O.C.:** Not Otherwise Classified. A classification so designated is to be assigned when there are two or more potential classification assignments, and there is no specific Underwriting Guide entry for a business' principal product or line of merchandise. For example, in the event there is no Underwriting Guide entry for a principal line of merchandise being sold wholesale, the assignment is Code 924.

**PRINCIPAL**: When a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be classified based on the principal category of merchandise sold. The term "principal" means more than 50 percent of the business' overall revenue.

**PRINCIPALLY ENGAGED**: The business activity that generates more than 50 percent of a business' overall revenue.

**TO BE SEPARATELY RATED OR SEPARATELY RATE:** When either of these terms is found in a classification's definition, the payroll of personnel interchanging between that classification's tasks (e.g., shop) and also performing the specified function that is designated "to be separately rated" or "separately rate" (e.g., erection, installation) may be divided between that class and class(es) designated for the specified function, provided the employer's original payroll records show an allocation of payroll to both classifications for each interchanging employee. Estimated or percentage allocation of payroll is not permitted. When separate payroll records are not maintained, the entire payroll of the interchanging employees shall be assigned to the insuring carrier's or the residual market's highest-valued classification representing any part of their work.

# CLASSIFICATIONS

## AGRICULTURAL AND LOGGING

#### 005 TREE PRUNING, Spraying, Repairing or Fumigating.

Applicable to businesses pruning, spraying, trimming or fumigating trees. These operations may require tree climbing using ladders and/or ropes and/or aerial buckets. Code 005 applies to the whole tree work job or location, meaning Code 005 also includes ground personnel whose job duties may include but are not necessarily limited to: chipping, cleanup activities, the removal and/or the hauling away of tree limbs and debris regardless of whether or not a separate contract is written for tree pruning or lawn maintenance and another contract is written for the removal, chipping, cleanup activities and/or the hauling away of tree limbs and debris.

Also includes generalist tree care service contractors that perform most or all of the above listed services or specialists principally engaged in providing a single service (e.g., clearing the rights-of-way/tree pruning for utility lines). Code 005 further contemplates tree removal that is incident to the employer's pruning, spraying, repairing, trimming or fumigating services.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign the applicable logging classification to logging businesses or clearing of land projects that include tree removal.
- 2. Separately rate to Code 012 landscaping or lawn cutting or maintenance.

#### **UNDERWRITING GUIDE**

Clearing Of Right-Of-Way, For Telephone Or Electric Lines Orchard Work, Fumigating Or Pruning By Contractor Tree Pruning, Spraying, Repairing, Trimming Or Fumigating - By Contractor

**007 FARM MACHINERY OPERATION** by Contractors: threshing, shredding, ensilage cutting, harvesting and hay baling.

#### **OPERATIONS ALSO INCLUDED:**

1. Specialist contractors performing one or more of the following tasks: filling mushroom beds with compost, spawning or casing.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign the applicable logging classification to logging operations.
- 2. Assign Code 301 to sawmill operations.

#### **UNDERWRITING GUIDE**

Compost Filling Of Mushroom Beds - By Contractor Ensilage Cutting By Contractor Farm Machinery Operation By Contractor Fertilizer Application To Soil Grain Harvesting By Contractor Grain Mill, Portable, Operated By Contractor Harvesting By Contractor Hay Baling, By Contractor Lime Spreading Milling Of Grain, With Portable Mills Mushroom Bed Filling With Compost - By Contractor Shredding Of Agricultural Products By Contractor Threshing By Contractor

## 009 LOGGING OR LUMBERING, N.O.C.

Applicable to a logging or lumbering business principally engaged in cutting/felling trees for lumber or wood chips or clearing land of trees by chainsaws regardless of the trees' size. Stump removal incident to logging or lumbering by the logging business is included.

Also applicable to the transportation of the logs to a mill and to the construction, maintenance or extension of landings or logging roads when performed by employees of the logging business.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 301 to sawmill operations conducted by a separate crew of employees.
- Assign Code 811 to specialist contractors engaged in hauling logs for an unrelated logging or lumbering business. Assign Code 301 to log hauling performed by a sawmill business when all logging or lumbering has been outsourced to an unrelated logging or lumbering business(es).

#### UNDERWRITING GUIDE

Logging - By Chain Saws Lumbering - By Chain Saws

#### 012 LANDSCAPE CONTRACTOR Or Lawn Cutting Or Maintenance Contractor.

Includes the construction of dry stone walls, rock gardens, patios, garden walks and the like when such operations are incidental to the landscape or lawn maintenance operations.

## **OPERATIONS NOT INCLUDED:**

- 1. Separately rate to Code 005 tree pruning, spraying, trimming, repairing or fumigating, including ground personnel performing chipping, cleanup, the removal and/or hauling away of tree limbs and debris at a job or location.
- 2. Assign Code 0013 to separately-staffed nursery, Christmas tree raising or sod farm operations.
- 3. Outside domestic workers engaged in the care of lawns, shrubs or grounds surrounding the personal residence of the insured shall be assigned to Code 0912 or Code 0909 pursuant to Section 1, Rule XIV of this Manual.

# 015 LOGGING OR LUMBERING - MECHANIZED TREE FELLING EQUIPMENT.

Applicable to a logging or lumbering business principally engaged in cutting/ felling trees for lumber, wood chips or clearing land by means of mechanized equipment. Mechanized tree felling equipment is a tracked or wheeled unit that has an enclosed cab (e.g., a feller-buncher that has a fixed-grip harvesting head that can grasp, cut, lift, swing and bunch trees), and the equipment's operator does not normally leave the cab in the performance of his tree cutting/felling duties. Stump removal incident to the logging or lumbering business is included.

Also applicable to the transportation of the logs to a sawmill or another type of customer and to the construction, maintenance or extension of landings or logging roads when performed by the employees of the logging business.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 301 to sawmill operations conducted by a separate crew of employees.
- Assign Code 811 to specialist contractors engaged in hauling logs for an unrelated logging or lumbering business. Assign Code 301 to log hauling performed by a sawmill business when all logging or lumbering has been outsourced to an unrelated logging or lumbering business(es).

#### UNDERWRITING GUIDE

Logging - By Means Of Mechanized Equipment Lumbering - By Means Of Mechanized Equipment

## MINING AND QUARRYING

#### 055 SAND, Gravel or Slag EXCAVATION – Including Crushing.

--- Applicable to businesses principally engaged in operating sand or gravel pits and in washing, screening, or otherwise preparing sand or gravel. Also included are ---businesses principally engaged in surface mining--- along with milling or otherwise preparing by the producer --- any type of clay, --- or performing the dredging of materials on non-navigable waters with incidental shore operations.

Bakery - Wholesale Cracker Mfg. Doughnut Mfg. - By Wholesale Bakery Ice Cream Cone Mfg. Macaroni, Spaghetti, Vermicelli Or Noodles Mfg. Pretzel Mfg.

#### 106 PROCESSED MEAT PRODUCTS MFG. – No Slaughtering or Handling of Livestock.

Applicable to businesses that are principally engaged in making processed meat products. Such businesses will perform no slaughtering of animals whatsoever nor will they handle any livestock. The businesses will receive meat from unrelated concerns in boxed form and/or in carcass or partial carcass form. Processed shall mean that definite changes result in the meat product due to the application of chemicals and/or heat (the use of smoke and/or cooking) to the meat materials. Typical products of such businesses include but are not necessarily limited to: sausage, frankfurters, ready-to-eat luncheon meats, hams or bacon.

#### **OPERATIONS ALSO INCLUDED:**

Employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the business' products to customers.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 111 to a processed meat products manufacturing business that slaughters animals or handles livestock and is principally engaged in the wholesale sale of the processed meat products.
- 2. Assign Code 915 to a business slaughtering animals and who makes fresh meat cuts and/or processed meat products and is principally engaged in the retail sale of the fresh and/or processed meat products.
- 3. Assign Code 910 to a business receiving meat in boxed, carcass or partial carcass form and cuts the meats into portion-controlled fresh meat products such as steaks, roasts, or chops. Such business does not utilize chemicals and/or heat (the use of smoke and/or cooking) in processing the meat materials.
- 4. Assign Code 119 to a business principally engaged in taking beef and/or veal and cutting or grinding this fresh meat into hamburger, hamburger and/or veal patties and/or sandwich steaks.
- 5. Assign Code 924 to a wholesale meat dealer who performs no cutting (or deboning) or processing of fresh meats, but who may repackage the fresh meats.

## **UNDERWRITING GUIDE**

Ice Cream Mfg. Water Ice Mfg.

## 111 SLAUGHTERHOUSE - Wholesale, all operations.

For businesses principally engaged in receiving live animals (e.g., cattle, hogs and/or sheep), killing the animals and dressing the carcasses to produce meat products and selling the meat products on a wholesale basis. A business eligible for this classification will normally ship deboned meats in boxed form and/or may also ship meats in carcass form. Such business may also produce processed meat products like bacon, ham, sausage, luncheon meats and/or also sell some portion of the meat production as fresh meat cuts (e.g., steaks, roasts).

## **OPERATIONS ALSO INCLUDED:**

- 1. Employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the business' products to customers.
- The employer's processing of animal by-products resulting from the employer's animal killing operations which may include but is not necessarily limited to: cooking of fat into tallow or lard and/or washing, scraping and salting of hides.

## 261 CORRUGATED PAPER AND/OR CORRUGATED PRODUCTS MFG.

Applicable to businesses principally engaged in the corrugating of paper and/or the manufacture of products from corrugated material (e.g., corrugated containers). The employer receives paper that may have been corrugated by an unrelated source or the employer receives paper which is corrugated as part of the employer's manufacturing process. Corrugation involves paper being slowly passed over a steam or gas heated metal drum, then revolved around a roll covered with silicate of soda which is deposited on the tips of the corrugation. The paper is then moved along until it reaches the paper liner (either a single or double facing), then the corrugated paper and liner(s) travel under pressure where they are combined and dried.

Also applicable to the manufacture of fiberboard and/or fiberboard products along with the fabrication of honeycomb products used for padding in shipping containers and a filler for hollow core flush doors.

Printing operations on the above products by the manufacturer thereof are construed to be incident to the enterprise and not subject to separate classification. There shall be no payroll division between Code 261 and Code 281 unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

#### UNDERWRITING GUIDE

Box Mfg. - Corrugated Corrugated Paper And/Or Corrugated Products Mfg. Fiberboard Products Mfg. Honeycomb Products Mfg.

## 263 PAPER COATING/FINISHING – By Contractor

Applicable to businesses principally engaged in operations involving various kinds of coatings which are mixed in mixers or agitators and run into troughs of coating machines. Rolls of paper, plastic film or other materials (except rubber or textile fabric) are coated as they pass over the rolls revolving through this mixture. The paper, plastic film or other materials are dried on rolls or stacks, some may be polished or embossed, finished by calendering, slit to desired widths and rewound or sheeted to size, then labeled and packed. Some products may be printed with advertising material before the coating or on the reverse side, after this operation.

In the manufacture of oiled, paraffined or waxed paper the waxes or oils are heated and mixed, and paper is run through a waxing machine and over a drying roll. The now waxed paper is then cut, slit, rewound on spools or sheeted or die-cut, wrapped and packed.

Laminated paper, plastic film or other materials are produced by feeding a paste or glue between layers of paper, plastic film or other materials, pressing the layers together, drying and finishing by winding into rolls or sheeting to size, or else cutting, slitting or die-cutting to size and shape, wrapping and tying into bundles.

Printing operations on the above products by the manufacturer thereof are construed to be incident to the enterprise and not subject to separate classification. There shall be no payroll division between Code 263 and Code 281 unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

## 265 STATIONERY PRODUCTS MFG.

Applicable to businesses principally engaged in the manufacture of stationery and loose-leaf ledgers or notebooks. Cardboard, binders' cloth, leather or imitation leather, canvas, paper, glue, paste, gold leaf, printing and ruling ink, metal rings, posts, screws, separators or fittings are received from unrelated concerns. Cardboard is cut to size and covered with leather, imitation leather or cloth by gluing, pasting and some sewing. Covers are reinforced by stripping and may be embossed in ink or gold leaf and the appropriate fittings are attached to complete the binder. Fillers for the binders are manufactured from paper which is cut to size on either manual or power cutters.

Also applicable but not limited to the production of writing tablets or pads, files, desk pads, index cards or envelopes.

Paper ruling, screen printing or other printing operations on the above products by the manufacturer thereof are construed to be incident to such enterprise and not subject to separate classification. There shall be no payroll division between Code 265 and Code 281 unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

## **OPERATIONS NOT INCLUDED:**

The manufacture of metal rings, posts, screws, separators or fittings are to be separately rated to the appropriate metal working class.

# 281 PRINTING, N.O.C.

Applicable to printing businesses principally engaged in the reproduction of printed products or providing one or more printing industry services pursuant to a Code 281 Underwriting Guide entry or printed products that are not specifically classified by an Underwriting Guide entry. Also includes the bindery department that finishes the employer's print production. Finishing may include but is not necessarily limited to: collating, cutting to size including die cutting, scoring and perforating, rounding corners, tab cutting, folding, drilling or punching holes, stapling, sewing, wire stitching, gluing – perfect binding, laminating, foil stamping or embossing.

## **OPERATIONS ALSO INCLUDED**:

(Businesses principally engaged in one or more of the following activities)

- 1. The screen printing of any product including finished apparel articles.
- 2. Web-press production of printed product either specifically assigned to Code 281 or not specifically classified by an Underwriting Guide entry (e.g., books, business forms, direct mail advertising).
- 3. Service contractors to the printing industry (e.g., printers' finishers).
- 4. Specialist contractors decorating china or glassware by means of purchased or customer-provided decals, the cutting or engraving of glassware, engraving per se or making printing plates.
- 5. The manufacture of plastic or vinyl sign letters and the application of such onto a substrate shop only, no installation.
- 6. The manufacture of rubber stamps.

#### **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 136 to embroidery operations performed by an embroidery business or a separate staff in a physically separate work area.
- 2. Assign Code 265 to a manufacturer of stationery products including but not necessarily limited to loose-leaf or ringed binders, envelopes, notebooks or file folders.
- 3. Assign Code 282 to a newspaper or periodical publisher who also prints the newspaper or periodical or to a contract printer principally engaged in printing any product(s) denoted in a Code 282 Underwriting Guide entry by means of a web press(es).
- 4. Assign Code 285 to printing businesses principally engaged in providing customer copy reproduction by means of sheet-fed offset printing presses that utilize paper sheet sizes greater than 17 x 22 inches or that have four or more color towers, regardless of the paper sheets' size, or any Halm envelope printing unit, or another sheet-fed unit/printing technique (e.g., letterpress) on paper sheets of any size.
- Assign Code 932 to printing businesses providing customer copy reproduction by means of small offset presses, also known as duplicators, on paper sheet sizes 17 x 22 inches or less or electro-static (photo) copiers on paper of any size.
- 6. Assign Code 948 to a business that performs printing and direct mailing, provided that more than 50 percent of the print production is used as direct mail.
- 7. Code 281 and another printing class (Codes 257, 259, 261, 263, 265 or 948) will not be assigned to any printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.
- 8. Code 281 may not be assigned when printing operations are a General Inclusion into the business' governing classification.

#### 282 NEWSPAPER or Periodical PRINTING – By Publisher Or Contract Printer

Applicable to businesses principally engaged as a newspaper(s) publisher or the publisher of another type of publication(s)/intellectual property assigned to Code 282 by Underwriting Guide entry who also prints the newspaper(s) or other publication(s)/intellectual property. Also applicable to printing businesses principally engaged in printing newspapers or another publication(s)/intellectual property specifically assigned to Code 282 by an Underwriting Guide entry for unrelated customers. The newspaper(s) or other type(s) of publication(s)/intellectual property will be printed by means of a web press(es) regardless of whether the publisher or a contract printer performs the printing.

## **OPERATIONS ALSO INCLUDED:**

- 1. A newspaper's pages may be cut, collated and folded by the web press. Inserts may be placed into the newspaper by inserting machine or by hand. The newspapers may be tied into bundles and delivered either by the publisher and/or contract printer.
- 2. A periodical may be finished by performing one or more of the tasks listed below: collating, cutting to size including die cutting, scoring and perforating, rounding corners, tab cutting, folding and gluing perfect binding. The periodical publisher and/or contract printer may further mail the periodical to subscribers.

## **OPERATIONS NOT INCLUDED:**

1. Code 282 and another printing class will not be assigned to any publishing and/or printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

## 285 **PRINTING** – Principally SHEET-FED PRESS Production

Applicable to printing businesses principally engaged in providing customer copy reproduction by means of sheet-fed offset printing presses that utilize paper sheet sizes greater than 17 x 22 inches or that have four or more color towers regardless of the paper sheets' size or any Halm envelope printing unit or another sheet-fed press printing technique (e.g., letterpress) on paper sheets of any size. Also includes the bindery department that finishes the employer's print production. Finishing may include but is not necessarily limited to: collating, cutting to size including die cutting, scoring and perforating, rounding corners, tab cutting, folding, drilling or punching holes, stapling, sewing, wire stitching, gluing – perfect binding, laminating, foil stamping or embossing.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 281 to printing businesses principally engaged in providing customer copy reproduction of printed products or providing printing industry services pursuant to a Code 281 Underwriting Guide entry or that are not specifically classified by an Underwriting Guide entry.
- Assign Code 932 to printing businesses principally engaged in providing customer copy reproduction by means of small offset presses, also known as duplicators, on paper sheets sized 17 x 22 inches or less or electrostatic copiers on paper of any size.
- 3. Code 285 and another printing class will not be assigned to any printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

#### UNDERWRITING GUIDE

Printing - Principally Sheet-Fed Press Production (Of Any Printed Product)

## **287 PUBLISHER** – Printing Outsourced, **Performs PRODUCT DISTRIBUTION**

Applicable to businesses principally engaged as the publisher of any type of publication (e.g., books, sheet music, greeting cards, newspapers) who outsources the printing thereof to an unrelated concern. Such businesses may have a separate staff(s) engaged in editing manuscripts (e.g., books, sheet music), performing art work (e.g., greeting cards) or gathering information and writing articles (e.g., for a newspaper) and performing prepress (the preparatory steps prior to actually printing product) operations and another separate staff engaged in the distribution and/or delivery of the publication. Distribution and/or delivery tasks may include but are not necessarily limited to: receiving printed publications from unrelated printers and placing into inventory, receiving pick tickets for orders, pulling the indicated publications from inventory and packing for shipping, cutting sheets of greeting cards printed by an unrelated concern(s) into individual cards, folding and placing cards into boxes or placing cards into inventory and packaging for shipment, picking up the printed publication at the unrelated printer's facility, labeling individual publications for mailing, placing the labeled publications to stores for sale.

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign the appropriate printing class as provided in this Manual to any publisher who also prints their publication(s).
- Assign the appropriate printing class to a publisher who outsources the printing and distribution of their publication(s) but who has a separate staff in a physically separate work area printing non-publication product(s) for unrelated customers.
- 3. Code 287 and a printing class will not be assigned to any publishing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

#### **UNDERWRITING GUIDE**

## 311 CABINET WORKS – with power-driven machinery

Applicable to a business principally engaged in the manufacture of cabinets, cabinet parts or other similar wood products in which power-driven machinery is used. Many of the products contemplated by this classification are made to buyers' or customers' specifications and require installation.

Typical products included in this classification include but are not necessarily limited to:

Architectural Woodwork Bathroom Vanities Bookcases Bulletin Boards Counter Tops Display Cases Kitchen Cabinets Library Cabinets Parquet Flooring Partitions Picture Frames Restaurant Booths Room Dividers Showcases Store Counters Toys – Wood Walk-In Refrigerators

#### **OPERATIONS ALSO INCLUDED:**

1. Finishing of cabinets, cabinet parts or similar wood products by their manufacturer. The term finishing means shellacking, staining, painting, lacquering or varnishing or covering with formica, porcelain or similar materials.

## **OPERATIONS NOT INCLUDED:**

- 1. Separately rate installation work by either Code 646 or Code 648 as provided in the Underwriting Guide.
- 2. Assign Code 327 to upholstering operations conducted by a separate employee crew in a physically separate department.

## **UNDERWRITING GUIDE**

Parquet Flooring Mfg. - Hardwood Picture Frame Mfg. - Wood Refrigerated Showcase Mfg. - Wood Room Divider Mfg. Showcase Mfg. - Wood Toy Mfg. - Wood Vanities Mfg. - Wood (Architectural Or Bathroom)

## 319 FURNITURE ASSEMBLY

Applicable to businesses principally engaged in the assembly of wood, metal or plastic furniture or cabinet-type products from parts manufactured by unrelated businesses. Included are all types of home or office furniture such as tables, chairs, dressers, chests of drawers, bed frames or desks or cabinet-type products. The assembly work is normally accomplished by means of nails, screws, brackets, glue, dowel pins and clamps. Also includes the finishing of the assembled products by painting, staining, varnishing, lacquering, shellacking or covering surfaces with formica-type materials.

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

The repair or reconditioning of wood, metal or plastic furniture or cabinet-type products which does not require the manufacture or fabrication of parts (or whereby the fabrication is not performed by the risk but parts are purchased from other unrelated risks) shall also be assigned to this classification. The type of operations found here would involve only tightening loose parts, regluing parts or replacing broken parts, stripping off the old finish and applying a new finish.

## **OPERATIONS NOT INCLUDED:**

Upholstering of new or used, repaired or reconditioned furniture conducted by a separate crew in a physically separate area shall be assigned to Code 327.

#### UNDERWRITING GUIDE

Broom Mfg. - Assembling Only - No Woodworking Coffin Assembly - No Wood Or Metal Working Furniture Assembly - From Prefabricated Parts Or Pieces Only - No Woodworking Furniture Stripping - Incidental To Assembling Or Refinishing Operations Only Furniture Stripping, No Woodworking - By Specialist Contractor Lamp (Floor Or Table) Assembly Only - No Metal Or Wood Fabricating Wreath Assembly - Artificial - Plastic And Fabrics

## 323 FURNITURE MFG. – Wood

Applicable to employers principally engaged in the manufacturing of individual completed wood furniture pieces or sets including but not necessarily limited to: bedroom, living room or dining room pieces or sets, office furniture, billiard tables, console-type audio or television cabinets, pianos or piano cases, juvenile or nursery furniture, lawn or garden furniture, frames for upholstered furniture, occasional tables, chairs, desks or wardrobes.

This classification contemplates both the fabrication of the various parts on woodworking machines and the subsequent assembly of the components into completed furniture. Also included is the finishing by staining, painting, varnishing, lacquering or polishing. In addition, hardware such as hinges, pulls, locks or casters may be attached.

Also applies to the repair of furniture when it is necessary to machine new parts as replacements for damaged or broken parts.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 327 to a separate employee crew in a physically separate work area performing upholstering.
- The manufacture of furniture parts which are not assembled into completed furniture or completed chair or furniture frames by the same employer is assignable to Code 305 for non-turned furniture parts or to Code 306 for all turned furniture stock.

## **FOUNDRIES**

#### 421 STEEL FOUNDRY, Open-Hearth and Electric

The secondary machining of castings by a separate staff in a physically separate work area shall be assigned to Code 461.

## **UNDERWRITING GUIDE**

Casting Foundry, Steel Electric Steel Foundry Foundry, Steel Steel Alloy Castings Mfg. Steel Foundry

#### 425 IRON FOUNDRY, N.O.C.

The secondary machining of castings by a separate staff in a physically separate work area shall be assigned to Code 461.

## **UNDERWRITING GUIDE**

Cast Iron Pipe Mfg. Casting Foundry, Ductile Or Grey Iron Ductile Iron Foundry Enameled Cast Iron Ware Mfg. Foundry, Iron, N.O.C. Grey Iron Foundry Heater Or Radiator Mfg. - Cast Iron Hydrant Mfg. Water - Cast Iron Iron Foundry, N.O.C. (See Also Classes 427 And 445) Manhole Cover Mfg. - Cast Iron Pipe Mfg. - Cast Iron, N.O.C. Radiator Or Heater Mfg. - Cast Iron Stove Mfg. - Cast Iron

## 427 MALLEABLE Iron FOUNDRY

The secondary machining of castings by a separate staff in a physically separate work area shall be assigned to Code 461.

Casting Foundry, Malleable Iron Foundry, Malleable Iron Malleable Iron Foundry

## 429 DIE CASTING MFG.

Also includes secondary machining of die castings by the die casting employer. There is no payroll division with Code 461.

#### **UNDERWRITING GUIDE**

Aluminum Die Castings Mfg. Die Castings Mfg. - Aluminum, Brass, Bronze, Copper Or Zinc Zinc Die Castings Mfg.

## 447 NONFERROUS METALS FOUNDRY

Also includes secondary machining of non-ferrous castings by the foundry employer. There is no payroll division with Code 461.

## UNDERWRITING GUIDE

Aluminum Castings Mfg. Aluminum Ware Mfg., Cast Brass Castings Mfg. Bronze Castings Mfg. Bushing Or Bearing Mfg. - Nonferrous Metal - Cast Casting Mfg. - Nonferrous Metals Centrifugal Castings Mfg. - Nonferrous Metals Copper Castings Mfg. Foundry - Nonferrous, N.O.C. Hardware Mfg. - Nonferrous - By Foundry Method Investment Castings Mfg. - Nonferrous Metals Nonferrous Metals Foundry Plumbing Fixture Fittings And Trim (Brass Goods) Mfg. - Cast Spin Casting Foundry - Nonferrous Metals Type Foundry Zinc Castings Mfg.

## **METAL WORKING**

## 431 FORGING

Includes die making, trimming or grinding and heat treating operations. The secondary machining of forgings by a separate staff in a physically separate work area shall be assigned to Code 461.

#### **UNDERWRITING GUIDE**

Anvil Mfg. - Forged Forging, N.O.C. Gun Forging, Iron And Steel Horseshoe Mfg. Iron Forging Press Forging Projectile Or Shell Casing Mfg.: Forging - Separately Rate Loading Or Testing With Explosives Upset Forging

## 433 TOOL MFG. - Forged

Applicable to businesses principally engaged in the manufacture of tools by use of forging techniques or methodology. Steel or alloy metals in various bar and rod forms will be cut to length and then heated in furnaces. The heated metal stock is then forged with drop hammers, reheated and forged to final shape or form with the appropriate dies or patterns. The forgings are then cooled, trimmed or ground as needed and tempered by heat treating. Includes secondary machining of the forged tools by the forge business. There is no payroll division with Code 461.

Examples of products within the scope of this classification are: axes, agricultural and gardening tools, sledge hammers, logging tools, construction tools and oil well tools.

#### **OPERATIONS ALSO INCLUDED:**

Specialist businesses principally engaged in the heat treating of metal for unrelated customers.

Agricultural Tools Mfg. Axe Mfg. Construction Tools Mfg. File (Tool) Mfg. - Forged Gardening Tools Mfg.

## 435 SPRING MFG. – Hot Wound

Also includes Chain Mfg.

#### **UNDERWRITING GUIDE**

Automobile Bumper Mfg. Automobile Spring Mfg. Chain Mfg. Coiled Flat Spring Mfg. Leaf Spring Mfg. Heat-Treating Of Metal - By Specialist Contractor Logging Tools Mfg. Oil Well Tools Mfg. Sledgehammer Mfg. Tool Mfg. - Forged

Railroad Car Or Locomotive Spring Mfg. Spring Mfg. - Hot Wound Steel Spring Mfg. - Except Wire (Cold Wound) Springs Torsion Bar Spring Mfg.

## 441 TOOL MFG., N.O.C.

Applies to a business principally engaged in machining tool steel or tungsten carbide into tools used for cutting or machining operations on machine shop equipment (e.g., lathes, mills). Also applies to a business principally engaged in making jigs or fixtures used to hold or position work on machine shop equipment. Further applies to a business principally engaged in machining tool steel or tungsten carbide into molds for plastics or powdered metal molding or nonferrous metal casting or dies for wire drawing, metal stamping, plastic or nonferrous metal extrusion. The business' machining operations may include but are not necessarily limited to turning, milling, grinding or tapping. The tools, dies or molds may be assembled together, polished, buffed, tested and inspected.

A business principally engaged in the operations discussed above is typically a job shop. A job shop is defined for this classification as a business principally engaged in machining one or more of the above listed products for unrelated businesses and that has either no proprietary product(s) or the business' proprietary product(s) generates less than 50 percent of the business' revenue.

## **OPERATIONS ALSO INCLUDED**

1. Employers principally engaged in the manufacture of one or more of the following products: wood or metal patterns, models, aircraft propellers-wood, architectural scale models, last forms-wood, or wood carving by hand or machine.

## **OPERATIONS NOT INCLUDED:**

- 1. Cemented carbide tips for cutting tools or any other products made from powdered metal that are pressed to shape, machined and sintered shall be assigned to Code 506.
- 2. Molds or patterns produced by foundry (the melting and casting of the molten metal) process shall be assigned to the appropriate foundry class.
- 3. Dies produced by chemical etching or engraving shall be assigned to Code 281.
- 4. The manufacture of forged tools shall be assigned to Code 433.
- 5. Products made by molding plastic shall be assigned to the appropriate plastic molding classification.
- 6. Metal stamping or sheet metal products fabrication shall be classified as provided in this Manual.
- 7. The manufacture of non-forged and non-powered hand tools, such as screwdrivers, pliers, hammers or chisels, non-forged bench tools shall be assigned to Code 442.
- 8. Saw blade (all types) or industrial knife manufacture shall be assigned to Code 443.
- 9. Precision Machined Parts Mfg. N.O.C. shall be defined as machining parts for unrelated businesses where the plans or specifications require more than 50 percent of the employer's machining operations will be held to a final tolerance of plus/minus .001 inches or closer (e.g., plus/minus .0005 inches) and where more than 50 percent of the machined parts made by the employer are not assigned to any other manufacturing classification. Businesses so principally engaged shall be assigned to Code 446.
- 10. Assign Code 461 to an employer where more than 50 percent of the employer's machining of parts is held to final tolerance(s) cruder than plus/minus .001 inches (e.g., plus/minus .003 inches, .005 inches, .010 inches), and where more than 50 percent of the parts machined by the employer are not assigned to any other manufacturing classification.

- 11. An employer principally engaged in machining parts or products specifically assigned to any manufacturing classification shall be assigned to that specified manufacturing classification regardless of the final machining tolerance called for by the plans or specifications.
- 12. Specialist contractors electroplating parts manufactured by an unrelated business(es) shall be assigned to Code 449.
- 13. Code 441 is not applicable to any business that has a separate department making tools, dies, molds or any of the other products assigned to Code 441 principally for use by that business in making any product(s) assigned to another manufacturing classification by this Manual.

Aircraft Propeller Mfg. - Wood Architectural Scale Model Mfg. - By Specialist Contractor Cutlery Mfg. (Non-Forged) For Household Or Butcher Shop/Restaurant Use Die Mfg. Fixture Or Jig Mfg. Gauge Mfg. - Ring, Plug Or Snap Jig Or Fixture Mfg. Label Mfg. - Metal Last Form Mfg. - Wooden Machine Tools Mfg. - Metal - Cutting Or Forming Types Model Or Pattern Mfg. - Wood Or Metal, Shop Only, Excluding Castings

(e.g., Hemmers, Binders) Shoe Form Mfg. - Wood Steel Rule Die Mfg. Tool Mfg., N.O.C. Tool Sharpening, Industrial Tools Welding Or Cutting Torch Tip Mfg. Wood Carving - By Hand Or Machine

## 442 HAND TOOL MFG – NON-FORGED

Applies to a business principally engaged in machining or assembling non-forged and non-powered hand tools or bench tools. This includes but is not necessarily limited to screwdrivers, pliers, hammers, chisels or wrenches.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 433 to a business principally engaged in forging hand tools.
- 2. Assign Code 473 to a business principally engaged making portable powered hand tools.

#### **UNDERWRITING GUIDE**

File, Tool (Non-Forged) Mfg. Hand Tool Mfg. - Non-Forged (Excluding Axes, Agricultural Tools, Sledgehammers Or Wheelbarrows)

## 443 SAW BLADE OR INDUSTRIAL KNIFE MFG.

Applies to a business principally engaged in the manufacture of any type of saw blade, including but not necessarily limited to: circular saws, band saws, cylinder saws, drag saws or any type of hand saw. Saw blades may have teeth set and sharpened on a saw blade grinder. Also includes applying carbide tips or diamond cutting segments onto saw blades and the shop repair or sharpening of the saw blade by the manufacturer.

Also applies to a business principally engaged in the manufacture or shop reconditioning of all types of industrial cutting knives. The materials used may include sheet or coil steel or tool steel depending upon the type of knife being made and its designed application. The knife will generally be heat-treated. Surface grinders will grind the knife's edge.

#### UNDERWRITING GUIDE

Industrial Knife Mfg. - All Types Knife Mfg. - Industrial All Types Saw Blade Mfg. - All Types

Welding Torch Mfg.

## 446 PRECISION MACHINED PARTS MFG., N.O.C.

Applies to a business principally engaged in Precision Machined Parts Mfg., N.O.C. Such term will be defined as applying to a machining business where the plans or specifications require more than 50 percent of all machining operations performed by the employer will be held to a final tolerance of plus/minus .001 inches or closer (e.g., plus/minus .0005 inches) and where more than 50 percent of the parts machined-made by the employer are not assigned to any other manufacturing classification.

A business principally engaged in Precision Machined Parts Mfg., N.O.C., is typically a job shop. A job shop is defined for this classification as a business principally engaged in machining or machining parts for unrelated businesses and that has either no proprietary product(s) or the machining of the business' proprietary product(s) is less than 50 percent of the business' overall machining.

## **OPERATIONS NOT INCLUDED:**

- 1. The machining of parts for unrelated businesses or the employer's proprietary product(s) where more than 50 percent of the employer's machining operations are held to a final tolerance cruder than plus/minus .001 inches (e.g., plus/minus .003 inches, .005 inches, .010 inches), and where more than 50 percent of the parts made by the employer are not assigned to any other manufacturing classification, shall be assigned to Code 461.
- An employer principally engaged in machining parts or products specifically assigned to any other manufacturing classification shall be assigned to that specified manufacturing classification regardless of the final machining tolerance called for by the plans or specifications.

#### **UNDERWRITING GUIDE**

Aircraft Propeller Mfg. - Metal Precision Machined Parts Mfg., N.O.C.

## 447 NON-FERROUS METALS FOUNDRY.

Also includes secondary machining of non-ferrous castings by the foundry employer. There is no payroll division with Code 461.

## **465 CONVEYOR** or Hoisting Systems **MFG.**, or Reconditioning

Elevator, escalator, conveyor or hoisting system erection, installation or repair is to be separately rated as Code 675.

#### UNDERWRITING GUIDE

Conveyor Mfg. - Or Reconditioning Elevator Or Elevator Door Mfg. Escalator Mfg. Hoisting Systems Mfg. Overhead Crane Mfg.

#### 467 BALL or Roller BEARING MFG.

Applicable to businesses principally engaged in the fabrication of either metal ball or roller bearings. Where a business is engaged in the fabrication of either metal ball or roller bearings and these are consumed by the business' production process, such operations shall be classified in accordance with the class appropriate to the business.

#### UNDERWRITING GUIDE

Ball Bearing Mfg. Roller Bearing Mfg.

# 471 PRINTED CIRCUIT BOARD ASSEMBLY OR ELECTRICAL WIRE HARNESS MFG. – BY CONTRACTOR

Applies to businesses principally engaged in assembling any of the products discussed below for others on a contract basis.

Includes the manufacture/assembly of printed circuit boards, the placement of components onto printed circuit boards (mounting/stuffing) or the installation of resultant boards into a chassis with the addition of wire leads.

## **OPERATIONS ALSO INCLUDED**

1. The assembly of electrical wire harnesses, automotive wire harnesses or connector cable assemblies.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 472 to electronic component manufacturing.
- 2. Assign Code 473 to electrical cord assembly.
- 3. The manufacture of wire or cable shall be separately classified as provided for in this Manual.

#### **UNDERWRITING GUIDE**

Automotive Wire Harness Assembly Cable Connector Assembly Electrical Wire Harness Assembly Printed Circuit Board Mfg. - By Specialist Contractor Printed Circuit Board Stuffing By Contractor Stuffing Printed Circuit Boards, Adding Wiring And Chassis By Contractor Per Customer Design

## 472 ELECTRONIC COMPONENT MFG., N.O.C.

Applies to the manufacture of electronic component parts used to receive, store, govern or direct the flow of current within an electrical circuit, such as resistors, capacitors, coils, transformers (less than 746 watts), filters or transducers.

## **OPERATIONS ALSO INCLUDED**

- 1. Semiconductor material refining
- 2. Integrated circuit manufacture
- 3. Quartz crystal culturing
- 4. Glass to metal seal manufacture

## **OPERATIONS NOT INCLUDED:**

1. The manufacture of non-electronic parts (e.g., pushbuttons, springs, gaskets or plastic parts). The inclusion of such non-electronic parts in the electronic device shall not be construed as an electronic component as defined by this classification.

Ceramic Capacitor Mfg. - Less Than 1 H.P. Coils - Less Than 1 H.P. Diode Mfg. Integrated Circuit Mfg. Light Emitting Diode Mfg. Liquid Crystal Display Mfg. Oscillator Mfg. **CLASSIFICATIONS & RATING VALUES** 

Quartz Crystal Culturing Resistor Mfg. - Less Than 1 H.P. Semiconductor Refining - Silicon Wafers Silicon Chip Mfg. Transducer Mfg. Transformer Mfg. - Less Than 1 H.P. Used In Electronic Devices Transistor Mfg.

## 473 ELECTRICAL APPARATUS MFG., N.O.C.

Applies but is not limited to the manufacture or shop repair of electrical housewares, hand-held power tools, electrical fixtures or small electrical appliances.

#### UNDERWRITING GUIDE

Automobile Horn Mfg., Electric Automotive Alternator Or Generator Mfg. Or Repair Automotive Lighting, Ignition Or Starting Apparatus Mfg. Ballast Mfg. - Fluorescent Lights Battery Charging Equipment Mfg. Battery Mfg., Dry Blender Mfg. - Household Blinkerlight Mfg. Carpet Shampooer Mfg. #### **UNDERWRITING GUIDE**

Automobile Battery Mfg. Battery Mfg., Storage Storage Battery Mfg.

## 476 INDUSTRIAL CONTROL --- SYSTEMS MANUFACTURE/ASSEMBLY

Industrial control systems measure and control the power distribution or process variables such as flow, level, liquid concentration, motion and rotation. Shop wiring is the principal task where controls, switches and instrumentation are wired into a cabinet (which may have been manufactured by the business or purchased), or a complete control station which can be computer-based, allowing the operator to read display and change the operating system.

#### **OPERATIONS NOT INCLUDED:**

 Assign Code 488 to businesses principally engaged in the manufacture of meters, counters, thermometers or other electronic analytic/measuring instrumentation not otherwise classified.
 Separately rate installation or repair provided at customer locations as provided for in this Manual.

#### **UNDERWRITING GUIDE**

Environmental Control Systems Mfg./Assembly Motor Controller Assembly Power Controller Assembly Process and Batch Control Systems Assembly Process Control Systems Mfg./Assembly Traffic Control Systems Assembly

## 477 ELECTRIC MOTOR MFG. OR REPAIR

Applies to firms principally engaged in the manufacture, shop repair or rewinding of electric motors, armatures or field coils.

#### **UNDERWRITING GUIDE**

Armature Mfg. Electric Motor Mfg. Or Repair - Shop Only

## 483 OFFICE MACHINE MFG.

#### **OPERATIONS NOT INCLUDED:**

1. Assign Code 952 to a separate crew performing service and repair at customer locations.

## **EXCAVATION AND CONSTRUCTION**

#### 601 ROAD or Street CONSTRUCTION: Paving or Repaving

Applies to the laying of the road starting with the sub-base and includes all kinds of paving or repaving, surfacing or resurfacing or scraping, including airport runways or warming aprons. Also included are trimming and finishing of shoulders, installing curbing and erecting guard rails or fences.

Asphalt plants operated by a paving contractor shall be classified in accordance with the following procedure. Permanently located plants staffed by a separate crew shall be assigned to Code 855. Portable/ temporarily located asphalt plants shall be assigned to Code 601.

#### ----

#### OPERATIONS ALSO INCLUDED:

1. Concrete drilling or sawing on highways or roads.

2. Flagmen provided by specialist contractors.

- 3. Painting lines on highway or roads.
- 4. Safety grooving of road surfaces by specialist contractor.

#### **OPERATIONS NOT INCLUDED:**

- CLEARING OF LAND projects shall be classified as delineated in the General Auditing & Classification Information section.
- Separtately rate subsurface work which involves all work necessary to bring the road up to grade or rock excavation, filling or grading to Code 602.
- Separately rate bridge and culvert building where clearance is more than 10 feet at any point or the entire distance between terminal abutments exceeds 20 feet to Code 654.

## **608 FLAT CEMENT WORK**

Applicable to a specialist contractor performing ground-supported concrete work in the construction of houses or one or two-story commercial buildings, including but not necessarily limited to concrete footings, foundation walls, cellar floors, curbs, sidewalks and driveways. Also applicable to constructing ground-supported concrete floors for one or two story commercial buildings and the blacktop paving or repaving of driveways, parking lots, sidewalks or yards. Further applicable to the breakup by use of picks or jackhammers and removal of old ground-supported concrete, digging with shovels, and the set-up and removal of forms by the ground-supported concrete contractor.

## **OPERATIONS ALSO INCLUDED:**

- 1. Mausoleum or monument erection in cemeteries.
- 2. Diamond core drilling within buildings by a specialist contractor.
- 3. Painting lines in parking lots or tennis courts by a specialist contractor.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 601 to the paving or repaving of streets, roads, airport runways or warming aprons.
- 2. Assign Code 601 to concrete curb or gutter work performed by a street or road paving contractor.
- 3. Assign Code 609 to excavation performed by means of mechanical equipment. See Code 609 for further information.
- Assign Code 654 to ground-supported concrete work in the construction of commercial buildings three stories or more.
- 5. Assign Code 654 to the installation of precast walls or panels.
- 6. Assign Code 654 to the erection/dismantling of forms incident to the pouring of self-bearing floors or any other non-ground supported concrete work.
- 7. Assign Code 654 to Guniting/Shotcrete installation.
- 8. Assign Code 855 to concrete pumping services by a specialist contractor.
- 9. Assign Code 855 to a separately-staffed and permanently-located ready mix concrete or asphalt plant.

## 609 EXCAVATION

Applicable to payroll developed in general excavation, grading, trench digging, filling or backfilling. Such work is performed with power shovels, trench diggers, bulldozers or graders. The business may be a specialist excavation contractor principally engaged in one or more of the listed tasks. The business may be a general contractor employing a separate staff performing one or more of the listed tasks or the business has kept separate payroll records for personnel who interchange between one or more of the tasks listed above and other construction tasks assigned to another construction classification.

## **OPERATIONS ALSO INCLUDED:**

- 1. All methods of clearing or removing brush and/or tree stumps that is not incident to tree removal except for road construction.
- 2. Excavation and/or grading for parking lots.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 602 to payroll developed in clearing or removing brush for road construction. Code 602 shall also be assigned to road or street construction subsurface work which involves all work that brings the road up to grade: earth or rock excavation, filling or grading.
- 2. Assign the applicable "all work to completion" construction classification when a business is performing work assignable to an "all work to completion" classification. Any excavation work performed by the business incident to an "all work to completion" job or project shall be included in the "all work to completion" construction classification applicable to the job or project.

#### 647 INSULATION WORK, N.O.C.

Includes the installation or application of acoustical or thermal insulating material in buildings or within building walls. The class applies when insulating work is performed as a separate operation not part of or incidental to any other construction operation performed by the same contractor at the same job or location.

#### WEATHERIZATION PROGRAMS - 647

The purpose of a weatherization program is to insulate the client's home, which may be a detached house, a twin, a row house or a mobile home. The clients are generally either elderly, on a fixed income or are low-income families. All of a weatherization program's tasks (e.g., fixing windows and/or doors, installing blown or vat insulation, putting in foam sealants, doing caulking or putting in weather stripping) are incidental to the efforts of preventing outside air from infiltrating the home and concurrently preventing warm or air-conditioned air from escaping the home or enhancing the home's insulation. Assign Code 647 to payroll developed in a weatherization program.

#### UNDERWRITING GUIDE

Acoustical Insulation Material Installation Insulation Work, N.O.C. Insulation Work, Residential Rock Wool Installation Sound Insulation Installation Weather Stripping Installation Weatherization Program Window Caulking - As A Part Of A Weatherization Program

#### 648 CARPENTRY – INSTALLATION of CABINET WORK, finished wooden flooring or interior trim.

## 654 CONCRETE CONSTRUCTION

Applicable to commercial or residential concrete building construction such as self-bearing floors, foundations, piers, bridges, culverts or silos. Also applicable to making or erecting forms, placing reinforcing rods, taking down or stripping forms and finishing (smoothing out irregularities) the poured concrete. Code 654 applies to each of the aforementioned steps in the concrete construction process, whether all work is performed by one contractor or one or more of the job steps are outsourced to a specialty subcontractor(s).

## **OPERATIONS ALSO INCLUDED:**

- 1. Grouting (including drilling), which is the placement of cement, plastic compounds or concrete or the pumping of fly ash.
- 2. Guniting (Shotcrete Installation).
- 3. Pouring concrete into driven pilings.
- Ground-supported concrete footings or foundation walls in the construction of commercial or residential buildings three stories or more.
- 5. Precast concrete panel or wall installation.
- 6. The wrecking or demolition of concrete or concrete-encased buildings or structures.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 608 to a specialty contractor performing ground supported concrete work in the construction of houses or small (one or two-story) commercial buildings.
- 2. Assign Code 609 to excavation performed by mechanical equipment. See Code 609 for further information.
- 3. Assign Code 855 to concrete pumping services by a specialist contractor.
- 4. Assign Code 855 to a separately staffed and permanently located ready mix concrete plant.

## 828 PARATRANSIT SERVICE.

# ---

Paratransit service is regulated by the Federal Transit Administration pursuant to the Americans with Disabilities Act as amended. Each public entity operating a fixed route serface transportation system is required to provide paratransit service to the physically handicapped or otherwise disabled individuals who cannot take public transportation. Such individuals may be transported to doctor's appointments, places of employment, stores, social venues or other destinations as needed. The public entity may outsource the provision of this service to an unrelated entity. A fare is charged for this service that may not exceed twice the fare charged for a trip in similar length, at a similar time of day as would be charged by the public entity's fixed route system.

## **UNDERWRITING GUIDE**

Handicapped – Transportation Services For Paratransit Service Transportation Services for the Elderly Transportation Services for the Handicapped

## MATERIAL DEALERS

# 855 LUMBER and/or BUILDING MATERIAL DEALER

Applicable to establishments principally engaged in selling lumber and/or building materials on a wholesale or retail basis. The lumber may include but is not necessarily limited to: rough and dressed lumber, molding, doors, sashes, frames and other millwork. The building materials may include but are not necessarily limited to: roofing, siding, shingles, wallboard, paint, brick, tile, cement, ready-mix concrete, sand or gravel. This class also includes payroll developed in the delivery of hardware, lumber and/or building materials by the lumber/building material dealer.

# **OPERATIONS ALSO INCLUDED:**

- 1. The operation of a sales counter where the insured's counter staff takes customer telephone, facsimile, Internet or walk-in orders for the lumber and/or building materials, accepts payment or charges the customer's "house" account, and transfers the orders to the insured's yard or warehouse staff. The counter staff may also sell merchandise from a counter display, display racks behind the counter and/or a display space in front of the counter.
- 2. The operation of a showroom where customers may view samples of the lumber and/or building materials sold and place orders for such ----
- 3. The sale and mounting of door hardware onto a wood or metal door by a door distributor.
- 4. The making of door frames by a door distributor.

# **OPERATIONS NOT INCLUDED:**

- 1. Separate manufacturing staff(s) in a physically separate work area(s) shall be separately classified as provided for in this Manual.
- 2.. Separate staff performing erection or construction shall be separately classified as provided for in this Manual.
- 3. Assign Code 935 to the operations of a physically separate and separately-staffed retail store on the premises of a lumber and/or building material dealer that fulfills the multiple enterprise criteria discussed in Section 1, Rule IV, C., 3., a., 2. of this Manual.

# 857 METAL SERVICE CENTER (Ferrous or Nonferrous Metals)

Applicable to insureds principally engaged in the sale and distribution of new ferrous or nonferrous metal merchandise generally obtained from new metal producers such as steel mills or smelters, including but not necessarily limited to: beams, sheet stock in coils, bars, rods, rounds, channel iron, tubes, angles or plates. Such insured may handle a broad variety of new metal merchandise or specialize in handling a single type.

The new metal merchandise received by these insureds is unloaded and stored. The new metal merchandise may be shipped "as is" to the customer or it may be cut, slit, sheeted, bent or burned into the size or shape required by the customer and delivered by truck or rail. The processing equipment may include but is not necessarily limited to: sheeters, hacksaws, drills, benders or cutting torches.

Specialists principally engaged in the sale of reinforcing rods or bars to concrete contractors (including the cutting or forming of the rods or bars according to the contractors' specifications) are also assigned to Code 857, as are dealers principally engaged in selling wire rope, cable or metal conduit.

Further applicable by analogy to businesses engaged in the toll (fee) leveling or cutting of ferrous or nonferrous new metal to size for unrelated concerns. These enterprises do not own the new metal stock they level, sheet, cut, bend or burn, nor do they fabricate a product.

Where a dealer sells several types of merchandise, each of which may be subject to a different classification, such dealer shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50 percent of the gross receipts.

## **OPERATIONS NOT INCLUDED:**

Not applicable to businesses principally engaged in collecting or handling either ferrous or nonferrous scrap metal. Assign ferrous scrap dealers to Code 858. Assign nonferrous scrap dealers to Code 859.

#### **UNDERWRITING GUIDE**

# 860 JUNK DEALER

For businesses collecting and handling a combination of ferrous and/or nonferrous scrap metal and other secondhand commodities (e.g., paper, glass ((including glass bottles)), rubber, rags or plastic ((including plastic bottles)) with no principal line of merchandise.

# **OPERATIONS ALSO INCLUDED:**

1. Processing of scrap or secondhand commodities by the junk dealer may include but is not necessarily limited to: cutting of salvaged metal and bailing paper or rags.

# **OPERATIONS NOT INCLUDED:**

- 1, WRECKING OR DEMOLITION PROJECTS shall be classified as delineated in the General Auditing & Classification Information section.
- 2. Assign Code 858 to a business principally engaged in collecting or handling ferrous scrap metal.
- 3. Assign Code 859 to a business principally engaged in collecting or handling nonferrous scrap metal.
- 4. Assign Code 862 to a business principally engaged in collecting or handling one or more of the following recyclable commodities: cloth clippings, rags, paper, glass, plastic, rubber stock or aluminum beverage cans.
- 5. Assign Code 862 to a specialist contractor principally engaged in shredding paper or destroying documents for unrelated concerns.

#### UNDERWRITING GUIDE

Junk Dealer

# 862 RECYCLING CENTER

Applicable to businesses principally engaged in collecting or handling recyclable commodities including but not necessarily limited to: cloth clippings, rags, paper, glass, plastic, rubber stock and/or aluminum beverage cans. Includes consolidation facilities, where the recyclable commodities are simply collected, sorted, baled and resold, and reprocessing facilities, where the recyclable commodities are processed prior to resale. Processing may include but is not necessarily limited to: grinding plastic, pulverizing glass and crushing aluminum beverage cans. Also includes businesses principally engaged in shredding paper or destroying documents for unrelated concerns.

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign businesses collecting a combination of recyclable products and scrap metals with no principal line of merchandise to Code 860.
- 2. Assign dealers in cloth clippings, new goods only, to Code 924.

# 865 POULTRY and/or FISH DEALER/ PROCESSOR

Applicable to employers principally engaged in one or more of the following operations:

The catching of live poultry as contractors on producers' premises and the hauling by poultry catchers of live poultry to dressing plants.

The dressing (to kill and prepare for market) of poultry, rabbits or other similar small game.

The making of either processed poultry or fish products. The term processed shall mean that definite changes result in the poultry or fish product due to the application of either chemicals and/or heat (the use of smoke and/or cooking).

Wholesale sale/distribution of poultry or fish including the cutting or deboning of dressed poultry and/or the cutting or filleting of fish. The employer may also bread or stuff the product.

## **OPERATIONS NOT INCLUDED:**

- 1. Wholesale poultry and/or fish dealers who perform no cutting or filleting, but who may repackage the poultry or fish shall be assigned to Code 924.
- 2. Poultry dealers who may cut whole poultry into parts on an emergency basis will be construed as non-cutting and assignable to Code 924.

## 884 HEALTH OR EXERCISE CLUB - all employees including office

A facility providing exercise programs (e.g., aerobics classes) for their members and, in some cases, the general public. Attendants will evaluate the type of equipment best suited to individual member needs and will assist members in exercise instruction or weight loss. The available equipment and services may vary from club-to-club. A club's exercise equipment may include but is not necessarily limited to: free weights (e.g., dumbbells and barbells) and other equipment (e.g., a cardio theater) that includes various types of equipment related to cardiovascular training, such as rowing machines, stationary exercise bikes, elliptical trainers or treadmills.

Larger clubs may employ personal trainers who are accessible to members for training, exercise, nutrition and/or health advice and consultation. Personal trainers may devise a customized fitness plan to assist members achieve their goals. They may also demonstrate exercises and monitor the member's exercises.

# **OPERATIONS ALSO INCLUDED:**

1. Health shops, snack bars, childcare facilities, member lounges and/or cafes operated by the health or exercise club.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 968 to indoor facilities principally engaged in amateur sports training (e.g., basketball, ice hockey, boxing, gymnastics, martial arts, tennis or swimming).
- 2. Assign Code 970 or Code 991 to professional or semiprofessional sports teams as delineated in this Manual.
- 3. Assign a day spa not affiliated with a health or exercise club to Code 977. A day spa is a business which provides a variety of services for the purpose of improving health, beauty and relaxation through personal care treatments such as massages and facials.

## 890 LIBRARY - PUBLIC - all employees including office

An establishment in which books, magazines, manuscripts, musical scores, videos, compact audio discs or other literary or artistic materials are kept for use by the general public. Materials may be taken from the library for specified time periods or they may be restricted to use on the library's premises. Library patrons who wish to borrow library materials are generally library members and may pay an annual fee for that privilege. A library's services may also include but are not necessarily limited to: providing Internet access, sponsoring lectures, workshops or seminars, classes in adult literacy, storytelling or summer reading programs for children, providing photocopiers for public use (for a per page fee), providing meeting space for local organizations or bookmobiles.

## **OPERATIONS ALSO INCLUDED:**

1. A separately staffed and located public library operated by a municipal government (e.g., borough, city or township) or school district.

## **OPERATIONS NOT INCLUDED:**

- 1. A library operated by a college or school for its students, faculty and staff will be assigned to the appropriate school classification.
- A library operated by a company (e.g., hospital, law firm or newspaper) will be assigned to the classification consistent with the employer's business. A library operated by a museum for its staff will be assigned to Code 887.

## UNDERWRITING GUIDE

Library - Public Public Library

# 891 PRE-SCHOOL (CHILD CARE OR EARLY EDUCATION) SERVICES – all employees including office

Includes but is not necessarily limited to nursery schools, Head Start, kindergarten or child daycare services.

Child daycare services provide for care and custody of children for various periods of time during the day (no residential facilities), typically during normal business hours (i.e., from 6:30 a.m. to 6:00 p.m., Monday through Friday).

Also applicable to employers principally engaged in operating nursery schools or kindergartens. Nursery schools are generally directed towards children ages three to four years, can be academically oriented and are designed to provide children with basic educational and social skills prior to the time they begin elementary school.

Kindergartens are pre-elementary school classes and are typically provided to children five-years-old. Sessions are usually held for one-half the school day (i.e., children may be enrolled in "morning" or "afternoon" classes) and will include a very basic academic curriculum.

Further contemplated by this classification are employers operating the Head Start Program. Head Start is a federally-funded child development program that provides early education, health, nutritional and psychological services to three- to four-year-old children of low-income families. Some Head Start Programs will also provide for social services to low-income families and for child daycare. This program endeavors to enhance economically disadvantaged children's educational status and social skills to a level sufficient for them to enter elementary school.

# **OPERATIONS NOT INCLUDED:**

1. A child daycare center operated by an employer principally for the use of its own employees is not subject to Code 891 and shall be included in that employer's applicable field of business classification.

## 896 CLUB, N.O.C - All employees except office

Clubs are organized civic, social or fraternal associations (e.g., The Elks, VFW posts, fraternities or sororities) who provide special services for members and members' guests only. The services and/or amenities provided by a club may vary depending upon the extent of each club's facilities and membership. The amenities provided may vary considerably from one club to another and may include but are not limited to: dining rooms, bars, lounges, reading/card rooms, bowling lanes or swimming pools. The club's focus and purpose may be based on a charter. Each club is responsible for electing officers to oversee and enforce the club charter. The charter may include but is not limited to rules and regulations for admitting members, maintaining membership and collecting dues. Periodic meetings are held at the club location to discuss upcoming events, fund raisers and/or club business.

# UNDERWRITING GUIDE

## 897 FAST-FOOD RESTAURANT – All employees except office

Applicable to a retail business principally engaged in preparing food(s) and selling the prepared food(s) and generally nonalcoholic beverages to the public for immediate consumption, either on the business' premises or on a take-out basis. Fast-food restaurants have a limited menu and no wait service except on an occasional or accommodation basis. Customer orders are typically placed at a counter (the menu being openly displayed above and/or behind the counter), via a drive-through service, --- by telephone or by Internet and are rapidly filled. Fast-food restaurants generally sell nonalcoholic beverages, but certain fast-food restaurants may also have incidental ----alcoholic beverage sales. Where there are "eat-in" facilities counter staff wipe down tables and may also clear tables after a customer's food has been consumed. Included within (but not necessarily limited to) this definition are retail businesses principally engaged in the preparation and sale of: hamburgers, tacos, pizza or chicken.

Also contemplated are retail businesses principally engaged as either buffet or cafeteria-style restaurants. Buffet or cafeteria-style restaurants offer a buffet-type meal. Customers may serve themselves or staff may serve food to customers in the buffet line. Staff may clear tables after customers have completed their meal. There is no wait service.

Buffet Or Cafeteria-Style Restaurant Cafeteria Or Buffet-Style Restaurant Coffee Shop Fast-Food Restaurant Luncheonette Pizza Shop - Retail Sandwich Or Other Food Preparation By Vending Machine Operators Sandwich Shop

## 898 CATERER – All employees except office

There are four types of catering businesses that provide food service: social, industrial or institutional, concession or mobile.

Social caterers are hired for a single event such as a wedding, party or business affair. The social caterer provides the client with a menu of food items, types of beverages, colors of linens, other available amenities and, if applicable, a listing of the types of entertainment. The client is then responsible for choosing food, beverages, color schemes and/or entertainment. Once all of the services to be provided have been determined, the social caterer may produce a contract based on the predetermined services. Alcoholic beverages may be provided at the event, but the sale of alcoholic beverages is not the principal source of revenue. This type of catering may be performed either on the caterer's premises or at the customer's premises.

Institutional or industrial caterers operate under contract to provide in-house food service for businesses, hospitals, nursing homes, schools or similar customers. These catering operations generally plan menus and perform the preparation and sale of food in a cafeteria-style environment.

Concession caterers are usually located at but are not limited to airports, sports stadiums, amusement parks, theaters or museums. The concession caterer operates under contract with the client facility to provide prepared food and beverages to the client's patrons. The concession caterer may also use "walking vendors" throughout the venue.

Mobile caterers provide food and beverages from a truck with cooking equipment, parked on the sidewalk at locations such as a construction site, factory or university with large commuting student body or travel a predetermined daily route.

# **OPERATIONS ALSO INCLUDED:**

Also included within the scope of this class are caterers providing food service to unrelated airlines or railroads.

"Meals on Wheels" operations (organizations who provide a service to deliver hot meals to those who cannot prepare the food themselves) are further assigned to Code 898.

## **UNDERWRITING GUIDE**

Institutional Caterer Meals On Wheels Mobile Catering Social Caterer Soup Kitchen

# 899 BAR, Tavern, Cocktail Lounge, NIGHTCLUB or Discotheque - All employees except office

A bar, tavern, cocktail lounge, nightclub or discotheque is a retail establishment principally engaged in the sale of alcoholic beverages by the drink that is open to the general public. These establishments may offer some type of entertainment such as a dance floor, disc jockey, live music or one or more televisions showing sporting events. Such businesses may or may not also prepare food and sell the prepared food to customers for immediate consumption. Where food is not prepared, the establishment may sell packaged snacks. In either scenario, food preparation and service is not a majority of the employer's operations.

#### UNDERWRITING GUIDE

Bar Cocktail Lounge Discotheque Nightclub Tavern

#### **903 LABOR UNION** – all employees including office

Applicable to all employees (e.g., business agents, organizers, clerical, janitorial or instructors in an apprenticeship program) of a labor union. Includes but is not necessarily limited to union locals, union district councils, statewide or national labor union organizations.

#### UNDERWRITING GUIDE

Labor Union

## **904 INVESTIGATIVE AGENCY** - All Types – All employees except office

An investigative agency is principally engaged in gathering information for clients (e.g., insurance companies or other businesses, attorneys or private persons) for one of a number of reasons (e.g., fraud or another crime, matrimonial or child custody disputes). To accomplish this overall goal an investigator's duties may include but are not necessarily limited to the tasks discussed below. The investigator may review public records (e.g., at a court house), interview the "subject's" neighbors, coworkers or acquaintances and/or conduct surveillance of the investigation's "subject." When surveillance is conducted, the investigator may take still photographs or video the "subject's" movements (e.g., to document insurance fraud). The investigator will prepare a written report of the findings and concurrently submit the photographs or videotape as warranted.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 660 to a separate crew of employees of an investigative agency that installs or repairs alarms.
- 2. Assign Code 954 to a separate security guard staff of an investigative agency.

#### **UNDERWRITING GUIDE**

Detective Agency Investigative Agency - All Types

## 905 ARCHITECTURAL CONSULTING FIRM – all employees including office.

A business that employs one or more state licensed architect(s) and is principally engaged in the professional practice of architecture (i.e., designing buildings and/or their interior and/or landscaping).

## **OPERATIONS ALSO INCLUDED:**

1. Interior design firms. Such businesses engage in the practice of planning and supervising the design and execution of building interiors and their furnishings.

## **OPERATIONS NOT INCLUDED:**

1. Architects or interior designers employed by concerns whose field-of-business is actual construction, manufacturing, mining or installation operations shall be assigned in accordance with the class or classes appropriate to the business of the employer, unless the operations subject to Code 905 fulfill the multiple enterprise conditions described in Section 1, Rule VI, 3.a.

## UNDERWRITING GUIDE

Architectural Firm, Supervising or Consulting Interior Design Firm, Supervising or Consulting

Landscape Architectural Firm, No Construction Work

## 907 FRUIT OR VEGETABLE DEALER – Wholesale

Applies to dealers engaged principally in the wholesale distribution of fresh fruits or vegetables. The dealer may specialize in a single fruit or vegetable or handle two or more different fruite or vegetables. Such dealers --- may also wash the fresh fruits or vegetables and perform incidental repackaging of the merchandise into retail size bunches, boxes, bags or similar containers.

Also applies to fruit or vegetable packers who may contract with unrelated farming businesses to grow one or more fruits or vegetables or who may purchase unrelated farming businesses' fruit or vegetable crops on a bulk basis. The fruit or vegetable packer will receive the crops that the packer's staff will first wash, then the fresh fruits or vegetables will be sorted, graded and/or chilled for shipment to customers.

In addition these dealers may also sell groceries, dairy products and/or frozen foods.

Where a dealer sells several types of merchandise, each of which may be subject to a different classification, such dealer shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50% of the gross receipts.

#### **OPERATIONS NOT INCLUDED:**

 Assign the applicable agricultural class to a business principally engaged in raising of one or more different fruits or vegetables whose operations may include the washing, sizing and/or packing thereof prior to shipment to customers.

 Assign Code 113 to a business principally engaged in canning fruit or vegetables, pickling cucumbers, tomatoes, peppers to other vegetables, or preserving fruit or vegetables by another food preservation technique.

#### **UNDERWRITING GUIDE**

Banana Dealer - Wholesale Fruit Dealer - Wholesale Fruit Packing – Not Cannery

# 910 MEAT DEALER – Wholesale

Applicable to businesses principally engaged in the wholesale sale/distribution of fresh and processed meats and whose operations include the cutting of fresh meats into portion-controlled fresh meat products, such as steaks, roasts, or chops. Deboning will also be performed if the fresh meat is received in carcasses or partial carcasses. Such business may also distribute poultry and/or fish merchandise in addition to the meat merchandise and the operations may include the filleting of the fish and the cutting of poultry carcasses into parts. The business may further distribute grocery merchandise and/or fresh fruit and vegetables.

## **OPERATIONS ALSO INCLUDED:**

Businesses principally engaged in making natural sausage casings, but who perform no killing of animals.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 119 to businesses principally engaged in taking beef and/or veal and cutting or grinding this fresh meat into hamburger, hamburger patties and/or veal patties and/or sandwich steaks.
- 2. Assign Code 111 when a wholesale meat dealer also slaughters animals and dresses their carcasses .
- 3. Assign Code 924 to wholesale meat dealers who do no cutting (or deboning) of fresh meats.

#### **UNDERWRITING GUIDE**

Meat Dealer - Wholesale - Including Cutting Or Deboning Of Fresh Meat Sausage Casings Dealer - Natural - Including Cleaning

## 911 GROCERY – Wholesale

Applies to dealers engaged principally in the wholesale distribution of groceries or frozen foods which are received and sold in cartons, cases or boxes. Such dealers may also sell at wholesale dairy products, soft drinks, household cleaning supplies, paper products, fresh fruits or vegetables.

Code 911 also includes but is not necessarily limited to wholesale dealers engaged principally in the distribution of cider, coffee, dairy products, flour, fruit juices, herbs, spices or tea.

Where a dealer sells several types of merchandise, each of which may be subject to a different classification, such dealer shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50 percent of the gross receipts.

# **OPERATIONS NOT INCLUDED:**

- 1. Wholesale dealers principally engaged in selling fresh fruits or vegetables shall be assigned to Code 907.
- 2. Wholesale dealers principally engaged in selling beer in bottles, cans, kegs or barrels and/or soft drinks in bottles or cans shall be assigned to Code 821.
- 3. Wholesale dealers principally engaged in candling or distributing eggs shall be assigned to Code 924.
- 4. For bakery products distribution see the separate entry in the General Auditing & Classification Information section.

# 914 **DEPARTMENT STORE** – all employees including office

For businesses having 20 or more full-time employees or their equivalent and the merchandise handled must include wearing apparel, linens, house furnishings (other than furniture) and two or more of the following: cosmetics, furniture, giftware, hardware, jewelry, luggage, stationery/greeting cards, sporting goods and toys. The total annual sales of wearing apparel, linens, and house furnishings must exceed 50 percent of the total annual sales.

The criteria cited above will be applied to each location of a business.

#### **OPERATIONS ALSO INCLUDED:**

1. Personnel performing the installation of house furnishings at customers' locations.

## **UNDERWRITING GUIDE**

**Department Store** 

## 915 MEAT, FISH and/or POULTRY STORE – Retail, all employees except office

Applicable to businesses principally engaged in the retail sale of fresh and cured meats, fish and/or poultry. Such businesses may also sell general grocery merchandise including but not necessarily limited to: bakery and/or dairy products or canned goods. Code 915 also includes the slaughtering of animals and the dressing of carcasses into fresh meat cuts, as well as the making of sausage, scrapple, frankfurters, ham or bacon provided more than 50 percent of the total sales of the fresh meat and/or cured meat products produced are sold over the counter to the general public for personal or household consumption either on the premises or through satellite outlets.

Such business may perform custom killing. This involves the slaughter of an animal (a steer, pig or sheep) for a private individual (frequently a farmer) and the cutting or processing of the resulting meat per customer specification. All of the fresh or processed meat is the customer's property and may be held for the customer by the business in a frozen food locker or returned immediately to the customer. This may also include the dressing of deer carcasses during hunting season for individual hunters.

This classification shall include incident sales to restaurants, institutional buyers or retail stores. When more than 50 percent of the sales are to non-retail customers, such businesses shall not be subject to Code 915 and shall be classified as indicated below.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 111 when the business' operations include the killing of animals and more than 50% of the sales are to wholesale customers.
- Assign Code 106 when the business' operations do not involve the killing of animals but do include the curing and preserving of meat into processed meat products and more than 50% of the sales are to wholesale customers.
- Assign Code 910 when the business' operations simply involve cutting, or grinding fresh meats received in boxes, (deboning will also be performed if the fresh meat is received in carcasses or partial carcasses), and more than 50% of the sales are to wholesale customers.
- 4. Assign Code 917 when the business' operations involve the retail sale of fresh or cured meat, fish or poultry as well as other items (e.g., groceries or vegetables), and the business' records show that less than 50 percent of the business' sales are from fresh or cured meats, fish or poultry.

## **917 GROCERY STORE** – Retail, including meat, poultry, fish, bakery, pharmacy and produce departments

Applicable to businesses principally engaged as supermarkets or convenience retail grocers as separately defined below.

A supermarket is principally engaged in the retail sale of groceries, fresh fruits, vegetables, dairy products, bakery products, frozen foods and in addition thereto will have a meat department that sells fresh or cured meat, fish and/or poultry. A typical supermarket will also sell other merchandise including but not necessarily limited to: soft drinks, soap and other household cleaning items, paper products and/or cigarettes. A supermarket that is a "super center" may also sell non-grocery merchandise including but not necessarily limited to: cosmetics, toiletries, stationery products, books, greeting cards, women's hosiery, non-prescription drugs or kitchen supplies (e.g., pots, pans or pot holders). A "super center" may further rent videos and/or DVDs.

A convenience grocer is principally engaged in the retail sale of groceries, fresh fruits, vegetables, dairy products, bakery products, frozen foods, coffee, tea, spices or delicatessen foods such as cold cuts, salads, pickles, smoked fish or other "appetizers." A convenience grocer or a delicatessen store may also sell coffee by the cup, make sandwiches or sell sandwiches prepared by an unrelated business, prepare salads and/or cook meat such as roast beef, ham, barbecue chicken or spare ribs. A convenience grocer may also sell other merchandise including but not necessarily limited to: soft drinks, household cleaning items, paper products, cigarettes or non-prescription drugs.

## **OPERATIONS ALSO INCLUDED:**

- 1. Pharmacy operations conducted by the supermarket at the same or a contiguous location.
- 2. Bakery operations conducted by the supermarket.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 915 to businesses principally engaged in the retail sale of fresh or cured meats, poultry or fish.
- 2. The business of a concessionaire or independent contractor operating on the premises of a supermarket will be classified on the merits of their operations.

# 919 FLORIST STORE – Retail or Wholesale

Applies to a business principally engaged in the retail and/or wholesale selling of fresh cut flowers, potted plants, fresh cut floral arrangements or florist store supplies. Also includes service away from the store premises, such as floral decoration of homes, churches or other buildings for weddings, banquets or parties.

Also includes plantscaping, which is the maintenance of living (typically potted) plants inside a customer's premises. The living, potted plants may be used to decorate the interiors of malls, offices or other businesses, as well as residences. Plantscaping duties include watering, fertilizing, trimming and/or spraying of the interior living, potted plants.

Employers who raise, in fields or under glass, flowers to be marketed on a commercial basis as cut flowers or living plants are assigned to Code 0011. Stores or outlets of such employers at the same or contiguous location may be separately classified by Code 919, provided there is no interchange of labor between the store or outlet and the raising of flowers, and the store or outlet is located in a physically separate area or department.

Where a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50% of the gross receipts.

## **OPERATIONS NOT INCLUDED:**

- 1. A garden supply business principally engaged in the sale of fertilizer, sod, grass seed, flower pots, birdbaths and statuary with incidental potted plants, trees, shrubs, bulbs or bedding plants shall be assigned to the N.O.C. store classification, depending on whether the sales are principally to retail customers (Code 928) or wholesale customers (Code 924).
- 2. A business principally engaged in the arranging, assembling and/or the wholesale selling of artificial or dried flowers shall be assigned to Code 924.
- 3. A business principally engaged in the raising of trees, shrubs, bushes, hedges or other outdoor living/growing plants shall be assigned to Code 0013.

# 921 FURNITURE STORE – WHOLESALE

Applies to wholesale dealers principally engaged in selling or renting furniture including furniture for the home or office to retailers, businesses, wholesalers or other commercial entities. Also included are dealers principally engaged in the sale of furniture via catalogue, Internet and/or mail order. The word "furniture" as used in this classification includes but is not necessarily limited to: sofas, chairs, tables, beds, bedding, chests, breakfronts, bookcases, pianos, organs, all types of floor coverings, major household appliances and office furniture. In addition, a wholesale dealer may sell or rent other merchandise, such as lighting fixtures, lamps, stereo

equipment, televisions, video and/or audio equipment, small household appliances, mirrors, pictures and kitchen cabinets.

Separately staffed installation, service or repair operations shall be separately classified, including but not necessarily limited to the examples listed below:

- 1. The installation of wall-to-wall carpeting, non-ceramic tile or window coverings shall be assigned to Code 670.
- 2. The installation, service or repair of major household appliances shall be assigned to Code 662.
- 3. The service or repair of televisions or other electronic entertainment and communication devices shall be assigned to Code 966.

# 925 HARDWARE STORE – Retail

Applies to retail stores principally engaged in selling hardware. The term hardware as used in this classification includes but is not necessarily limited to: nails, screws, bolts, washers, gaskets, brackets, locks, hinges, electrical outlet boxes, switches, fuses, plugs, sockets, hand or portable electric tools, plumbing fixtures, paint, small household electrical appliances, radios, stereo equipment, televisions, video and/or audio equipment, kitchenware, garden tools and equipment such as lawn mowers and snow blowers.

In addition, hardware stores may also make keys, sharpen saws or repair storm windows and screens and sell a wide variety of non-hardware items such as wallpaper and allied supplies, china, glassware, sporting goods or automobile accessories or parts.

Such stores may also rent floor scraping or polishing machines, rug and upholstery cleaning machines and similar equipment.

Other types of retail stores or operations assigned to this classification are:

- 1. Bicycle Stores including rental and incidental repair work.
- 2. Locksmiths including installation, repair or replacement of locks in existing buildings.
- 3. Lawn mower sales and service (including riding-type).

Where a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50% of the gross receipts.

# **OPERATIONS NOT INCLUDED:**

Except as provided for above, separately staffed installation, service or repair operations shall be separately classified including but not necessarily limited to the examples listed below:

- 1. The service or repair of televisions, video and/or audio equipment shall be assigned to Code 966.
- 2. The service or repair of major household appliances shall be assigned to Code 662.

# 926 HARDWARE STORE - Wholesale

Applies to dealers principally engaged in the wholesale selling of hardware. The term hardware as used in this classification includes but is not necessarily limited to: nails, screws, bolts, washers, gaskets, brackets, locks, hinges, hand or portable electric tools, machine tools, small household electrical appliances, stereo equipment, radios, televisions, video and/or audio equipment, kitchenware, mill supplies or garden tools or garden equipment such as lawn mowers or snow blowers. A wholesale hardware dealer may also sell plumbing or electrical supplies.

Also includes "ship chandlers" who are dealers in ship supplies and equipment, such as engine room equipment, lifeboat supplies, navigational instruments, deck gear or other ship stores.

Other types of risks included in this classification are wholesale dealers in the following articles:

- 1. Radio or Television Parts
- 2. Appliance Parts (for example, washers, dryers, window-unit air conditioners or refrigerators)
- 3. Aircraft Parts and Accessories
- 4. Welding Supplies, such as bottled gases, torches, welding rods or face masks
- 5. Cutlery
- 6. Sewing Machine Heads or Parts

Where a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50 percent of the gross receipts.

# **OPERATIONS NOT INCLUDED:**

- 1. Wholesale dealers principally engaged in selling wire rope or cable assign to Code 857.
- 2. Retail or wholesale establishments principally engaged in selling building materials such as roofing (including shingles), siding, wallboard, brick and/or lumber assign to Code 855.
- Wholesale dealers principally engaged in selling plumbing supplies or pipe shall be assigned to Code 885.
   Wholesale dealers principally engaged in selling electrical supplies (e.g., electric wire, fuses, circuit breakers) shall be assigned to Code 886.

# 932 COPYING OR DUPLICATING SERVICE – All employees including office

Applicable to printing businesses principally engaged in providing customer copy reproduction by means of small offset presses (with no more than two color towers), also known as duplicators, on paper sheet sizes 17 x 22 inches or less or electrostatic copiers on paper sheets of any size. Such businesses also typically provide postpress bindery service that finishes the printed product.

Finishing may include but is not necessarily limited to: collating, cutting to size including die cutting, scoring and perforating, rounding corners, tab cutting, folding, drilling or punching holes, stapling, sewing, wire stitching, gluing – perfect binding, laminating, foil stamping or embossing.

# **OPERATIONS NOT INCLUDED**:

- 1. A printing business principally engaged in the reproduction of customer copy by other means shall be assigned to the appropriate printing class as provided for in this Manual.
- 2. Code 932 and another printing class shall not be assigned to any printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

# 934 AUTOMOBILE PARTS AND ACCESSORY STORE - Retail and/or Wholesale

An auto parts store that also provides automobile repair services shall have payroll divided with Code 815 provided the following conditions are fulfilled: the auto parts sales and the automobile repair services are conducted in physically separate work areas by separate employee crews and the majority of the parts/ accessories sold by the auto parts store must be sold to others and are neither installed nor used by the insured for repair services. If both operations are conducted and these conditions are not met, then payroll developed in both the auto parts sales and the auto repair services shall be assigned to Code 815.

The machining of brake drums and other auto parts conducted in a physically separate work area and staffed by a separate employee crew shall be assigned to Code 461.

#### UNDERWRITING GUIDE

Auto Parts Dealer - Wholesale Automobile Accessory Store Automobile Parts Store Motor Vehicle Parts And Accessory Dealer Tire Dealer - Wholesale - No Installation, Service Or Repair

# 935 LUMBER AND/OR BUILDING MATERIAL DEALER – Store Employees – For use in conjunction with Code 855 only

Applicable to the operation of a retail store on the premises of a lumber and/or building material dealer in which hardware, paint and other similar merchandise is sold. This classification may only be authorized as an additional classification for an employer classified to Code 855 if the employer fulfills the multiple enterprise criteria discussed in Rule IV, C., 3., a., 2. of this Manual. The retail store must be operated in a physically separate work area from the lumber and/or building material dealer's warehouse or yard with no interchange of labor between the store and the warehouse or yard. The term "retail" shall be construed to mean the selling of displayed merchandise in store-type premises where floor and/or counter salespersons assist customers or on a self-service basis to the general public for personal or household consumption or use. This classification shall also apply when the store sales are made to wholesale customers (e.g., commercial or professional users) but conducted primarily in a retail manner. For purposes of assignment to this classification, the term "retail manner" shall be construed to mean that the insured will have a floor area where merchandise is stocked in display aisles, customers may walk up and down the display aisles, inspect the merchandise being offered for sale, place their selections into either a shopping basket or shopping cart and will make payment for their selections at a customer checkout lane. The retail store may also contain a second counter area where customers may place orders for the lumber and/or building materials.

# **OPERATIONS NOT INCLUDED:**

This classification is not available for the operation of a sales counter of a lumber and/or building material dealer where the insured's staff takes customer orders for the lumber and/or building materials, accepts payment, transfers the orders to the insured's yard or warehouse staff and may also sell merchandise from a counter display, display racks behind the counter and/or a display space in front of counter but where the insured does not operate a separate retail store as defined above.

#### **UNDERWRITING GUIDE**

## 936 BROADCASTING STATION - Radio or Television, all employees including office

# **OPERATIONS ALSO INCLUDED**

- 1. The pre-production, production and post-production phases of a motion picture, television, music video or advertisement (commercial) production company when performed by the motion picture, television, music video or advertisement (commercial) production company's staff. Activities contemplated in the different production phases include but are not necessarily limited to: directors, assistant directors, producers, performers, musicians, set builders, wardrobe designers, sound technicians, gaffers (lighting technicians), grips (grips conduct rigging operations around the set, move camera dollies, and ensure the set is safe), hair or makeup persons, camera operators, cinematographers, film developers or editors.
- 2. Motion picture production companies making animated films including but not necessarily limited to: voice talent, motion capture actors, camera and equipment operators, computer animators, the director, and producers.

# **OPERATIONS NOT INCLUDED:**

 When the motion picture, television, music video or advertisement production company outsources any of the activities incident to motion picture, television, music video or advertisement production to an unrelated business (specialty contractor), that unrelated business shall be assigned to that Manual classification contemplating the unrelated contractor's specialized operations.

# 940 RESIDENTIAL CARE FACILITY for the --- INDIVIDUALS WITH INTELLECTUAL

**DISABILITIES** – all employees except office and the separate staff of a certified --- work center.

Includes operations licensed as Intermediate Care Facilities for the ---Individuals with Intellectual Disabilities (ICF/IID) regardless of client count or location. Also included are schools and daycare activities operated by the facility.

ICF/---IIDs are licensed by the state to provide on a regular basis, health related care and services to --- the intellectually disabled, who do not require the degree of care or treatment which a hospital or skilled nursing facility is designed to provide. These facilities regardless of client number, provide unique and specialized residential, medical and habilitation services to its clients.

The larger ICF/---IIDs (9 or more clients) usually provide educational, workshop/vocational and physical therapy programs at one campus with many residents living in cottages having no more than 8 residents each. Supervision may be provided by staff in three 8-hour shifts. Smaller ICF/---IIDs (8 or fewer clients) also assigned to this classification provide community-based programs which are designed to facilitate the client's movement to a less restrictive environment than the larger facilities. These community-based ICF/---IIDs employ a relatively high staff to client ratio and 24-hour supervision with at least one staff member monitoring overnight activity. Smaller ICF/---IIDs may serve clients from higher functioning to profoundly ---intellectually disabled.

#### \_\_\_\_

# **OPERATIONS NOT INCLUDED:**

- Assign Code 964 to separately-staffed certified ---work centers 1.
- Assign Code 941 to separately-staffed group homes for five or fewer residents licensed as Neighborhood 2. Homes located off campus.

#### **UNDERWRITING GUIDE**

Group Home - Intermediate Care Facility For The ---Individuals With Intellectual Disabilities - Regardless Of Client Count

Intermediate Care Facility For ---Individuals With Intellectual Disabilities - Regardless Of Client Count

## 941 SOCIAL REHABILITATION FACILITY – For adults or children – all employees including office

Applicable to non-medical residential care facilities providing a transitional non-institutional environment in a group setting which emphasizes through guidance and counseling the social rehabilitation and the eventual reintegration of the resident into the community. Such facilities include: Group Homes for the Mentally III and Neighborhood Homes.

Residential facilities for children provide a non-institutional environment focusing on socialization and reintegration into the community. Residents in these facilities are usually pre-teen to 18 years of age. At these facilities individualized programs are designed to rehabilitate the child. Emphasis is placed upon reuniting children with their families, placing children in foster care or moving them into a group home where independent living skills are stressed.

Neighborhood Homes operating group homes with 5 or fewer mentally disabled residents are community-based residential programs providing supportive services for clients. These facilities have a minimum of one staff member on duty at all times when a client is present. Clients in the group homes access community-based programs for the mentally retarded. These clients do not require the health care provided at an ICF/MR. Many of these clients will become self-sufficient enough to move into minimal supervision apartments.

Additional programs, e.g., daycare, respite care and prevocational training programs, provided by group home operators shall be included within the scope of this class. Training programs that pay the trainees for services rendered (including sheltered workshops) shall be separately classified.

# **OPERATIONS NOT INCLUDED:**

Drug and alcohol halfway houses, shelters for the homeless, victims of domestic abuse, unwed mothers or preparole halfway houses shall be assigned to Code 986.

#### **UNDERWRITING GUIDE**

945 HOTEL RESTAURANT employees, all employees except office. For use in conjunction with Code 973 only

For tips and for musicians and entertainers, see Rule V, Section 1.

Please see the Hotel Or Motel Operations entry in the General Auditing & Classification Information section for further information on the scope of this class.

## 946 EMPLOYMENT CONTRACTOR – Temporary MEDICAL Staffing

Applicable to employers providing professional and/or nonprofessional medical staff to unrelated health care facilities or to physicians/dentists' practices on a temporary basis. Such employees include but are not necessarily limited to: registered nurses or licensed practical nurses, pharmacists, aides, orderlies, attendants, medical technicians or doctors.

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided in this Manual.

Payroll developed by temporary janitorial, laundry, kitchen or other non-medical staff (except clerical) provided to health care facilities shall be assigned to Code 947.

Please see the Employment Contractor – Temporary Staffing entry in the General Auditing & Classification Information section for further information on classifying temporary staff.

## 947 EMPLOYMENT CONTRACTOR – Temporary Staff – MAINTENANCE OR SERVICE

Applies to temporary employees provided to businesses such as flower growing, landscaping or lawn care, laundry or dry cleaning, utilities (except meter readers), cable television, hotels, restaurants, automobile service or repair (including auto dealers), security, theaters, amusements (either indoor or outdoor) or building maintenance.

Also applies to non-medical temporary staff provided to health care facilities (except clerical), and to airport/airline temporary ground personnel.

#### UNDERWRITING GUIDE

Employment Contractor - Temporary Staff - Maintenance Or Service Temporary Staff - Maintenance Or Service

# 948 MAILING or ADDRESSING COMPANY – all employees including office

Applicable to businesses principally engaged in mailing advertising material such as letters, circulars and/or small product samples **or other items (e.g., bills)** for unrelated concerns. The mailing company may compile mailing lists or receive lists of names from customers. Materials to be mailed may be received bound on pallets ready for mailing. **Billing information is received from customers.** The mailing company may generate the letter **or bill** by computer (laser or impact printed). The mailing company may design and print advertising materials. Printing operations shall be included with the mailing company class provided that more than 50 percent of the items printed are used as materials in the mailing business.

Most mailing companies have a production department where employees operate machines to burst, fold, insert, label and affix a stamp to each envelope. The last item listed is optional as much of this mail is metered. Mail is presorted to the addressee's five- or nine-digit zip code, placed in postal sacks and taken to the Post Office. Very small firms may employ persons to manually stuff envelopes, hand label and stamp material to be mailed.

Larger mailing companies may have sales and promotion employees soliciting accounts, designing and producing advertising campaigns in addition to the mailing operation.

Code 948 also contemplates presort bureaus which sort first-class mail for unrelated concerns. The mail may be sorted manually or by automatic sorting machines to the five- or nine-digit zip code. The sorted mail is placed in postal trays or sacks and taken to the post office.

Clerical is included within the phraseology of this classification. Code 948 does not provide for payroll division with either Code 951 or Code 953.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign the appropriate store classification to employers who may mail catalogs and later receive (by phone, mail or the Internet) and fulfill customer orders from inventoried merchandise.
- 2. Businesses printing and performing mailing or addressing shall be subject to the appropriate printing classification when less than 50 percent of the print production is used in the mailing or addressing operation.
- 3. Code 948 and a printing class shall not be assigned to an employer unless that employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of this Manual.

## UNDERWRITING GUIDE

# 949 EMPLOYMENT CONTRACTOR – Temporary MARKETING

Applicable to temporary marketing help such as sales or demonstration personnel including conventions, shows or exhibits.

Also includes temporary help engaged as appraisers, inspectors, meter readers or personnel notifying utility customers of service cutoffs.

Please see the Employment Contractor – Temporary Staffing entry in the General Auditing & Classification Information section for further information on classifying temporary staff.

#### UNDERWRITING GUIDE

Employment Contractor - Temporary Marketing Staff Marketing Staff - Temporary Staff Temporary Marketing Staff

# 951 SALESPERSON – OUTSIDE

Are employees either exclusively engaged in sales or collection work away from the employer's premises or who regularly and frequently (as defined elsewhere in this Manual) are engaged in sales or collection work away from their employer's premises and devote the balance of their time in clerical office duties.

Salespersons, collectors or messengers shall be separately classified except in connection with any classification designated either "all employees including office" or "all employees except office."

- Assign employees engaged as delivery salespersons, route salespersons and/or route supervisors delivering merchandise or products, who may also collect payments or solicit sales, to the employer's applicable field-ofbusiness classification.
- 2. Assign floor and/or counter salespersons to the employer's field-of-business classification at the location.
- 3. Assign door-to-door salespersons to the employer's applicable business classification.
- 4. Assign to Code 953 employees who sell or solicit exclusively by telephone.
- 5. Assign Code 808 to messengers employed by a messenger or courier service company.
- Assign Code 951 to messengers employed by other establishments whose field-of-business is not that of a messenger or courier service company.

## 953 Clerical OFFICE Employees

Are employees exclusively engaged in keeping the books or records of the business or conducting correspondence or who are engaged wholly in office work where such books or records are kept or such correspondence is conducted.

Clerical office employees work exclusively in a separate building or on separate floors or in departments on such floors which are separated from all other workplaces of the employer by floor-to-ceiling partitions, except for retail stores where a partition at least five feet high is required and within which no work is performed other than clerical office duties.

Office employees shall be separately classified except in connection with any classification designated "all employees including office."

# **OPERATIONS NOT INCLUDED:**

- 1. Assign to the employer's applicable field-of-business classification the following "clerks": counter, front desk, lobby, mall kiosk, stock or tally clerk.
- 2. Assign librarians to the employer's applicable field-of-business classification.
- Assign cashiers or any employee whose regular and frequent duty is accepting payment for merchandise or services rendered, whether working in a booth, behind a counter or on a sales floor, to the employer's applicable field-of-business classification.
- 4. Assign the entire payroll of any clerical office employee who has any other regular duty to the applicable classification in accordance with the class to which the business is assigned.

## 954 SECURITY AGENCY

A security agency may also be known as a guard and patrol service. Such businesses are principally engaged in providing unrelated private sector or government customers with armed or unarmed private security personnel (also known as security officers) to guard the customer's premises and surrounding property against unlawful or undesirable activities (e.g., fire, theft, vandalism). To accomplish these overall goals a guard/security officer's duties may include but are not necessarily limited to the tasks discussed below. A guard may control access to the customer's building or another off-road site (e.g., construction), direct traffic onto or off of the customer's premises and answer telephones. A guard's duties may be stationary (when the guard is assigned to a fixed location) or mobile (in a car covering a specified area). A guard may conduct a walking tour of the assigned location and/or monitor closed-circuit television cameras. A security guard (e.g., in a retail store) may wear ordinary clothing, but typically a security guard will wear a uniform with a badge that clearly identifies the person as a security guard and designates the guard's employer. A security guard may maintain a logbook or write a report on their work shift activities and observations. Private security guards generally do not have police powers, but store guards will act to stop shoplifters (turning suspects over to the local police) and armed guards may act to stop robberies (e.g., in a bank) or, if acting as bodyguards, to protect the client(s) before the police can arrive.

# **OPERATIONS NOT INCLUDED**:

- 1. Assign Code 660 to a separate crew of employees of a security agency that installs or repairs alarms.
- 2. Assign Code 904 to separate staff engaged in performing any type of investigations for unrelated customers.
- 3. Assign Code 601 to flagging service contractors.
- Assign the employer's governing class to security guards employed by a business to protect that business' premises and property.

# 958 REHABILITATION HOSPITAL, all employees including office

Health care facilities that are licensed as rehabilitation hospitals or psychiatric hospitals by the State of Delaware and who do not meet the criteria for assignment to the hospital classification and are not licensed as a nursing home shall be assigned to this classification. This classification applies to a category of rehabilitative facilities that falls between a full-service hospital and a nursing home.

Types of Facilities to be included in this classification are:

Rehabilitation hospitals

Psychiatric hospitals

Alcohol and/or drug residential facilities licensed as Medical or Social Setting Detoxification

#### **UNDERWRITING GUIDE**

Alcohol And/Or Drug Residential Facility Detoxification (Alcohol And/Or Drug) Residential Facility Licensed As Medical Or Social Setting Detoxification Drug And/Or Alcohol Residential Facility Hospital, Psychiatric Hospital, Rehabilitation Inpatient Non-Hospital Detoxification Facility Licensed As Medical Or Social Setting Detoxification Psychiatric Hospital Rehabilitation Hospital

959 VETERINARIAN, including employers raising and caring for non-farm domestic animals.

## UNDERWRITING GUIDE

Animal Raising - Non-Farm Domestic Animals Artificial Insemination Of Animals Bee Raising Breeding Of Animals, Non-Farm Domestic Dog Kennel Dog Obedience Classes Hospital, Veterinary Laboratory Animal Breeding Or Raising (Rats, Mice, Guinea Pigs, Rabbits, Etc.) Livestock Tattooing, By Contractor Poultry Vaccination, Debeaking And Sexing, By Contractor Society For Prevention Of Cruelty To Animals Tattooing, Livestock, By Contractor Veterinarian Veterinary Hospital Worm Raising **960** NURSING and CONVALESCENT HOME – Long-Term Care Facility with 50% or more beds Licensed as Intermediate Care or Higher – all employees except office and home health care services.

Applies to ---businesses operating health care facilities that are licensed by the State of Delaware as nursing homes ---that have 50 percent or more of their beds licensed as Intermediate Care or Higher. These firms offer varying degrees of care to patients who may be incapacitated in differing degrees including bedridden patients. Intermediate Care is less than skilled nursing care but more than Rest (Residential) or Assisted Living. The services are given in accordance with physician's orders, updated at least every sixty (60) days.

Skilled Nursing Care means high intensity comprehensive planned care including rehabilitative or restorative therapy, complex medical or drug therapy, diet supervision, trained observation and/or nursing care available on a twenty-four hour basis.

These ----businesses may or may not be multiple tier facilities meaning there is a mix of licensed beds and unlicensed quarters such as apartments or cottages. A class assignment to either Code 960 or to Code 974 is dependent upon the counting procedure delineated below. Rest (Residential) Home, Assisted Living, intermediate care or skilled nursing beds shall be counted per bed. Apartments or cottages shall be counted per number of units with each unit being the equivalent of a bed. Those with 50 percent or more beds licensed as intermediate care or higher are assignable to Code 960. Those with less than 50 percent so licensed are assignable to Code 974.

There shall be no payroll division between Code 960 and Codes 974 and 979 at a single location/campus.

## ---

## **OPERATIONS NOT INCLUDED:**

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided for in this Manual.

#### UNDERWRITING GUIDE

Or More Beds Licensed As Intermediate Care Or Higher Retirement Community - With 50 Pct. Or More Beds Licensed As Intermediate Care Or Higher

# 961 HOSPITAL - all employees including office

Only those medical institutions providing general hospital facilities shall be assigned to Code 961. The following minimum criteria shall be used as a guide for determining those risks assigned to this classification:

- 1. An organized staff of doctors subject to a duly authorized set of by-laws adopted by the hospital.
- 2. Registered nurse supervision and such other nursing services to provide patient care 24 hours a day.
- 3. (a) Surgical facilities and/or
  - (b) Operating or delivery room
- 4. Relatively complete diagnostic and treatment facilities for medical patients on the premises, and
- 5. Diagnostic X-ray and clinical laboratory services regularly and immediately available.

In general, hospitals licensed by the State of Delaware, under the following types, meet these criteria and shall be assigned to Code 961 - "Hospitals."

Type of Facility

General hospitals which admit maternity patients General hospitals which do not admit maternity patients

Code 961 includes clerical office personnel engaged in the business administration of the hospital or related functions regardless of whether the office personnel are located at or contiguous to the hospital or at a location separate from the hospital.

- 1. Employees performing home health care services shall be separately classified as provided in this Manual.
- Assign Code 946 to employers providing temporary medical staff to unrelated hospitals. Medical staff is defined as including but not necessarily limited to: registered nurses or licensed practical nurses, pharmacists, nurses' aides, certified nurses' aides, orderlies, attendants, medical technicians or doctors.
- 3. Assign Code 947 to employers providing non-medical temporary staff (except clerical) to hospitals (e.g., temporary janitorial, laundry or kitchen).

#### **UNDERWRITING GUIDE**

Hospital, All Employees

# 962 ACCOUNTING or FINANCIAL AUDITING FIRM - all employees including clerical office

This classification is for accounting or financial auditing firms.

Accounting firm – a business performing the systematic recording, reporting and analysis of an unrelated business' financial transactions typically broken down in the business' financial year.

Financial auditing firm – a business that reviews or examines unrelated businesses' financial records to be certain the unrelated businesses' financial records are correct or free of error.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 951 to an independent insurance traveling auditor.
- 2. Assign Code 951 or Code 953 as these classes may apply to personnel employed by businesses principally engaged in providing computer and/or software consulting services.
- 3. Assign Code 953 to independent auditors of non-financial information or records (e.g., drug trials, patient care records of a health care facility).
- 4. Assign Code 984 to an insurance traveling premium auditor employed by an insurance company.
- Assign a classification consistent with the employer's field-of-business when accountants or financial auditors are employed by a business whose field-of-business may include but is not necessarily limited to manufacturing or construction.

## UNDERWRITING GUIDE

Bed And Breakfast Golf Course Operated By Hotel Motel Religious Retreats

LIFE CARE/RETIREMENT COMMUNITIES offer lifetime guarantees for housing and long-term skilled nursing care. These facilities provide independent living units, --- assisted living, intermediate and/or skilled care units at one site. The client pays a one-time entrance fee and subsequent monthly maintenance fees. Clients enter through independent living units and as needed progress onto higher levels of care.

A Life Care or Retirement Community is a multiple tier facility meaning it has a mix of licensed beds and unlicensed quarters such as apartments or cottages. These ---businesses are classified to either Code 960 or to Code 974 dependent upon the counting procedure delineated below. Rest (Residential) Home, Assisted Living, intermediate care or skilled nursing beds shall be counted per bed. Apartments or cottages shall be counted per number of units with each unit being the equivalent of a bed. Those with 50 percent or more beds licensed as intermediate care or higher are assignable to Code 960. Those with less than 50 percent so licensed are assignable to Code 974.

There shall be no payroll division between Code 974 and Codes 960 and 979 at a single location/ campus.

---

# **OPERATIONS NOT INCLUDED:**

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided for in this Manual.

## 975 RESTAURANT, N.O.C. – all employees except office

Applicable to retail businesses principally engaged in preparing food(s) and selling the prepared food(s) and beverages (alcoholic or nonalcoholic) to the public for immediate consumption on the businesses' premises. This is a "traditional" restaurant where customers may either select their table or be seated by a hostess or another of the businesses' employees, browse a varied menu while seated at their table and place their food order with a member of the wait staff who will then place the order with the kitchen staff. The prepared food will be served to the customer by the wait staff who remains available to further assist the customer during the course of the meal. Where wait service is provided it is the practice for customers to give a gratuity to the wait staff person based upon the quality of service provided.

# **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 944 to country or yacht clubs or golf courses.
- 2. Assign Code 945 to hotel restaurants.

## **UNDERWRITING GUIDE**

Dinner Theater Restaurant. N.O.C.

#### **976** COMMUNITY CENTER – all employees including office.

Applies to a YMCA, YWCA that follows the "traditional" YMCA, YWCA business model. A traditional YMCA, YWCA will provide a range of recreational, informational and social services but is not principally engaged in the operation of a camp, health or exercise club or after school program. The range of programs and services provided by a traditional YMCA, YWCA include but are not limited to: sports leagues, personal fitness services, pre-school education and/or child daycare, before and/or after school programs, camping, employment readiness and training programs, advice services, immigrant services and conference centers.

Also applies to a community center that is not principally engaged in the operation of a camp, health or exercise club or after school program. A community center is a public location --- where members of a community gather for group activities, social support, public information, and other purposes. Community centers may be open to the entire community in which they are located or to a specific group within the greater community.

Further applicable to a senior citizens center and an adult daycare. A senior citizens center provides programs and services to a clientele that is typically Ages 55 or older. The focus of such centers is to assist senior citizens in living active and engaged lives. Typical programs and services provided by a senior citizens center may include but are not necessarily limited to: arts and crafts, social functions such as dances, seminars and classes on a range of topics such as computer literacy and field trips. An adult daycare provides non-residential custodial care for individuals typically 18 years and older who cannot care for themselves due to age and/or illness.

# **OPERATIONS ALSO INCLUDED:**

- 1.
- A camp operated by --- any organization whose operations are assignable to Code 976. Pre-school ---, early education and/or before or after school program services provided by ---any organization 2 whose operations are assignable to Code 976.

## **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 884 to a YMCA, YWCA or Community Center that is principally engaged in the operation of a health or exercise club.
- 2. Assign Code 891 to a YMCA, YWCA or Community Center that is principally engaged in the operation of an after school program.
- 3. Assign Code 978 to a YMCA, YWCA that is principally engaged in the operation of a camp.
- Assign Code 986 to a YMCA, YWCA that is principally engaged in the operation of a shelter or halfway 4 house.
- 5. Assign separate staff performing home health care services to Code 942 or Code 943 as provided in this manual.

#### (1)Liability under the U.S. Longshore and Harbor Workers' Compensation Act.

- (a) To provide insurance against liability under the U.S. Longshore and Harbor Workers' Compensation Act, the Standard Workmen's Compensation and Employers' Liability Policy shall be used with endorsement providing for coverage under such Act (See Section 3).
- (b) The rates for the following classifications have been calculated to provide coverage under the U.S. Longshore and Harbor Workers' Compensation Act:

#### STEVEDORING:

Any or all of the following operations conducted by employees not members of the crews of vessels shall be classified as "Stevedoring":

- 1. Loading or unloading, stowing, shifting or trimming of cargo, supplies and materials on board vessel.
- 2. Transfer of cargo, supplies and materials between vessels and pier, irrespective of the necessity of work on board vessels by employees of the insured.
- 3. Transfer between stringpiece and point of deposit on dock or adjacent warehouses including tiering, sorting and breaking down.
- 4. Operation of all mechanical equipment, including dock tractors, in connection with the above.

Any or all operations as defined above shall be assigned to Code 7309F if the operations described by Item 2 above, whether conducted by one or more concerns, require the use of hoisting equipment except as provided under Code 7327F. All other operations shall be assigned to Code 7317F. Drivers not conducting Stevedoring operations as defined above shall be assigned to Code 811.

# 6824F BOAT BUILDING OR REPAIR

This classification is applicable to the construction or repair of wood, metal, fiberglass or plastic yachts, motor boats, sailboats or rowboats not exceeding 150' in length overall where the coverage is under the U.S. Act.

## UNDERWRITING GUIDE

Boat Building Or Repair

## **6826F MARINA**

Applicable to all waterfront operations, including but not necessarily limited to: the operation of boat docks, storage facilities, repair shops or marine railways, the sale or repair of boats or engines, the sale of parts or accessories, dockside snack bars and all dockside employees. The operation of separately-staffed inland boat showrooms or the operation of separately-staffed motels, restaurants, swimming pools, bowling lanes or other recreational facilities shall be separately classified as provided for in this Manual.

Separate staff engaged in boat building are assignable to Code 6824F.

# 8726F STEAMSHIP LINE OR AGENCY – PORT EMPLOYEES

This classification includes superintendents, captains, engineers, stewards or their assistants and pay clerks.

#### UNDERWRITING GUIDE

Steamship Lines Port Employees

#### (2) Other Maritime or Federal Employments.

Maritime or Federal employments other than the U.S. Longshore and Harbor Workers' Compensation Act do not come under the provisions of the Delaware Insurance Laws. Accordingly, the Delaware Insurance Department indicates that they do not have jurisdiction over the coverage, rules and rates for these other Maritime and Federal employments. In compliance with Federal Anti-Trust laws the Delaware Compensation Rating Bureau, Inc. cannot promulgate rates for these coverages.

#### (3) Dredging Operations.

The rating values published in the Delaware Compensation Manual for Code 055 (for dredging of materials on nonnavigable waterways) contemplate coverage under the State Act only. If coverage is desired under the U.S.L. Act, the Federal increase factor shown in Section 2 shall be applied.

A single policy may be issued including Delaware Act coverage, U.S.L. coverage and Admiralty coverage providing the classification of operations in the policy declarations is subdivided to clearly indicate the classes and rating values for the Dredging operations subject to:

- (a) The Delaware Act alone or including U.S.L. Act coverage and
- (b) Admiralty jurisdiction.

In lieu of a single policy, two separate policies may be issued as follows:

- (a) A standard Delaware policy using rates approved by the Delaware Insurance Commissioner, applicable to Delaware coverage only, or to Delaware and U.S.L. coverage. Such policy shall be endorsed to exclude Admiralty coverage.
- (b) An Admiralty policy.

# AIRCRAFT OPERATION

The classifications described under this class group apply to fixed wing and other aircraft. The phrase "members of the flying crew" is defined to mean all flying personnel engaged in the operation of aircraft or the care of passengers or cargo in flight. It includes, but is not limited to employees designated as airplane commanders, pilots, check pilots, co-pilots, flight engineers, navigators, technical or other observers, flight technicians, radio or radar operators, hosts, hostesses, stewards, stewardesses and pursers.

Ticket sellers and information clerks away from airport locations shall be separately classified by Code 953. Ticket sellers, information clerks and personnel engaged in performing the checking-in of passengers and baggage at airport locations shall be assigned to Code 7428.

When noted, an aircraft operations classification allows use of an associated classification for a nonratable catastrophe reserve.

#### **7405 AIRCRAFT OPERATION** – scheduled and supplemental air carriers - all members of the flying crew.

This classification shall apply to scheduled or commercial air carriers, including cargo carriers, operating under Part 121 of the Federal Aviation Regulations.

Code 7445 must be applied to Class 7405 payroll to determine the mandatory catastrophe reserve which is not subject to experience or retrospective rating.

## **UNDERWRITING GUIDE**

Aircraft Operation - Air Cargo Carrier Aircraft Operation - Scheduled Air Carrier Aircraft Operation - Supplemental Air Carrier

#### 7413 AIRCRAFT OPERATION – commuter air carriers – all members of flying crew

This classification shall apply to commuter air carriers who operate under Part 135 of the Federal Aviation Regulations, conduct at least five round trips per week between two or more points, and publish flight schedules that specify the times and places between which flights are performed.

Code 7453 must be applied to Class 7413 payroll to determine the mandatory catastrophe reserve which is not subject to experience or retrospective rating.

## UNDERWRITING GUIDE

Aircraft Operation - Commuter Air Carrier

**7421 AIRCRAFT OPERATION** – transportation of personnel in the business of an employer not otherwise engaged in aircraft operations – all members of the flying crew

Applicable to the payroll of the pilot and all members of the flying crew. In the case of aircraft owned or operated by an employer in the conduct of his business, this classification shall apply to the payroll of executive officers or other employees acting as pilots or members of the flying crew. If the records of the employer clearly indicate the weeks in which flying is performed by such employees, (1) only the payroll for each week during any part of which the employee has engaged in flight duties shall be assigned to Code 7421 unless the classification applicable to the employee's non-flying operations carries a higher insuring carrier or residual market rating value, in which event such classification shall apply; and (2) the payroll for each week in which no flying has been done shall be assigned to those classifications which would otherwise apply. If the employer's records do not clearly indicate the weeks in which flying is performed by such employees, the entire payroll for such employees shall be assigned to Code 7421 unless the classification applicable to the elassification applicable to the employee's non-flying operations has a higher insuring carrier or residual market rating value in which flying is performed by such employees, the entire payroll for such employees shall be assigned to Code 7421 unless the classification applicable to the employee's non-flying operations has a higher insuring carrier or residual market rating value in which event such classification shall apply.

Commercial aircraft operation to be separately rated.

A per passenger seat surcharge, subject to a maximum surcharge of ten seats per aircraft, shall be charged in addition to the premium otherwise determined under this classification. These surcharges shall not be cumulative in the event of substitution of aircraft during the policy period; but these surcharges shall be cumulative in the event more than one aircraft is owned or operated during the same policy period. These surcharges shall not be subject to pro rate or short rate adjustment except in the event of cancellation of the policy. These surcharges and losses to employees, other than members of flying crew, arising out of the operation of an aircraft, are to be reported under **Code 9108.** Attach Endorsement **WC 00 04 01A.**

# **GENERAL AUDITING & CLASSIFICATION INFORMATION**

#### AUTOMOBILE DISMANTLING

A business whose operations include the dismantling of automobiles or other types of vehicles to recover usable/ salable used parts shall be classified pursuant to the manner in which the employer is principally engaged. Please see the "Definitions" Ruling and Interpretation for additional information on principally engaged. Below find examples of reasonably common classification assignments for such businesses:

- 1. Assign Code 815 to businesses principally engaged in dismantling automobiles or other vehicles to recover usable/salable used parts and the sale of such and new parts.
- 2. Assign Code 815 to businesses principally engaged in performing automobile repairs (e.g., mechanical or body).
- 3. Assign Code 818 to businesses principally engaged in the sale of new and/or used automobiles or other vehicles (e.g., trucks, motorcycles).
- 4. Assign Code 858 to businesses principally engaged in the collection, handling and sale of ferrous scrap metal.
- 5. Assign Code 859 to businesses principally engaged in the collection, handling and sale of nonferrous scrap metal.
- 6. Assign Code 860 to businesses dismantling automobiles or other vehicles and collecting and handling a combination of ferrous and/or nonferrous scrap metal and/or other secondhand commodities (e.g., paper, glass) with no principal line of merchandise.
- 7. Assign Code 934 to businesses principally engaged in the sale of new and/or used automobile parts. There may be a payroll division with Code 815 when such businesses also provide automobile repair services or dismantle automobiles when the following conditions are fulfilled: the automobile repair services or automobile dismantling is conducted in a physically separate work area by separate employee crews, and the majority of the automobile parts are sold to unrelated customers and are neither installed or used by the business for repair services.
- 8. Assign Code 825 to businesses principally engaged in the storage of automobiles (e.g., an impound lot) or in the parking of customers' automobiles.

## AUTOMOBILE SERVICE/GASOLINE STATION

It is common for automobile service stations or gasoline stations to be engaged in both the sale of gasoline and the performance of automobile service or repair. When both operations are conducted at the same or contiguous location, such establishment shall be classified on the basis of the principal operation:

When more than 50 percent of the gross receipts result from automobile service or repair, assign Code 815.

When more than 50 percent of the gross receipts are from gasoline sales, assign Code 816.

An assignment of Code 815 or Code 816 is mutually exclusive for operations conducted at the same or contiguous location.

Please refer to the separate entries in the General Auditing & Classification Information section "Self-Service Gasoline Stations and Convenience Grocers" and "Truck Stops" for information on classifying such enterprises.

## BAKERY PRODUCTS DISTRIBUTION

Payroll developed in the wholesale distribution of bakery products, including but not necessarily limited to bread, cakes, pies, cookies or crackers by a baker whose production facilities are located in another state or by an independent business (not related to a bakery) must be assigned to Code 924.

## **CERAMIC SHOP**

The operations contemplated by the term "ceramic shop" are manual with little or no mechanization. The major material is a liquid clay known as slip. After mixing, the clay is poured or pumped into plaster of paris or rubber molds. When dry, the clay is now called greenware (an unfired shape or figurine) which is manually trimmed, inventoried or shelved for further hardening and curing, then sold to customers. Retail customers often paint or finish the greenware and return it to the shop for firing. A ceramic shop will often hold classes for students who will perform all of the above functions except for the firing. The ceramic shop may also sell paints, artist-type brushes, decals and ceramic hand tools.

Payroll developed in operations as discussed above shall be assigned to Code 928.

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

## CLASSIFICATION INQUIRIES

Written classification inquiries may be submitted to the Classification Department of the Delaware Compensation Rating Bureau, Inc. (DCRB) in one of the following methods: via facsimile, USPS, or the DCRB's website (<u>www.dcrb.com</u>). For the last method please click on "Classification" on the website's main menu and then click on "Classification Inquiries."

For the Classification Department to operate effectively it is important that the DCRB have the complete cooperation of every carrier, agent and employer in providing the essential information needed to make classification rulings and to otherwise be of service to you. The following instructions are intended to reduce and in some cases eliminate the need for the DCRB having to develop additional information in order to resolve certain classification issues.

The information needed by the Classification Department to be able to properly respond to inquiries from carriers, agents and employers classification questions is:

- A complete listing of all Delaware operating locations.
- The exact name (as shown on Item 1 of the policy and Delaware address of the business in question).
- The DCRB file number (if available) of the business in question (see Rating and Underwriting Reference via the Application Login on the DCRB's website).
- A full and accurate written description of the business in question, including any available recent premium audits, loss control reports and/or insurance application information.
- The reason why a change in the employer's classification is being requested; e.g., has the employer's operation recently changed substantially?
- The name, title and telephone number of a management representative that a DCRB field representative can contact to schedule an appointment with the employer (in the event a survey is necessary).
- The employer's website address.

If a carrier or an agent is requesting a classification review in conjunction with a policy audit, the audit worksheets for the policy(ies) in question should accompany the request and, if applicable, the name(s) and a detailed job description of the employee(s) whose payroll allocation is being questioned. Please note the importance of this item since considerable time would be saved by the DCRB not having to ask for this information by return correspondence. Please also note that it is not the DCRB's role to become involved in every dispute involving the allocation of a particular employee's payroll to a given classification. Allocations of payroll are made by the carrier. Since the DCRB did not perform the audit, the DCRB does not normally have the relevant facts on which to base an opinion or render a decision. Issues/ disputes of this kind should initially be referred to the carrier's regional audit manager for resolution.

Upon receipt the DCRB will determined whether the information presented is sufficient to determine the employer's applicable classification(s). In those cases where the information provided is insufficient, the DCRB will usually schedule the employer for a field survey/special audit or issue a "Description of Operations Questionnaire." Following the field survey/ special audit or receipt of the completed questionnaire, the DCRB will issue a ruling on the matter which will be communicated in writing to authorized parties. These decisions are subject to further review as delineated in "Appeals From Application of the Rating System Procedure" – see Rule XVI, Section 1.

With respect to telephone requests, please note that an official, binding DCRB decision on classification/audit matters cannot be provided over the telephone. The DCRB may, however, offer opinions as requested. To that end a carrier, agent or employer who telephones us on a classification/audit question should:

- Identify himself/herself and indicate the firm he/she represents.
- Give the name, address and file number (if available) of the employer in question.
- Be knowledgeable of the facts surrounding the situation and prepared to provide specific responses to any questions asked.

As a reminder, please remember that the DCRB is in a position to reply only to an employer relative to its account, the authorized agent or carrier-of-record or another representative of the employer (providing the DCRB has received a signed recently-dated letter on the employer's letterhead authorizing the representative to act on the employer's behalf in the matter at issue).

## CLEARING OF LAND

Below find the class assigned to payroll developed in each of five different but common types of land clearing or right-ofway clearing or maintenance projects. Such class listing does not waive either the underwriting or payroll division rules delineated in Sections 1 or 2 of this Manual.

- 1. Assign Code 009 for tree cutting/felling by chain saw regardless of tree size and the incident removal of brush and/or stumps.
- 2. Assign Code 015 for tree cutting/felling by mechanized equipment regardless of tree size and the incident removal of brush and/or stumps.

- 3. Assign Code 609 for all methods of clearing or removing brush and/or stump removal not incident to tree removal except for road construction. Such work for a road job or project is subject to Code 602.
- 4. Assign Code 005 for all methods of tree pruning, spraying (except aerial tree spraying, which is assignable to the applicable aircraft operation class) or trimming, including incident tree removal and all incident operations.
- 5. Assign Code 012 for brush or weed control using chemicals dispensed from portable or mechanical ground spraying equipment.

## **COMMISSION SALESPERSONS (Deductible Expenses)**

Commissions paid to commission salespersons shall be included in the audit of payroll for premium computation purposes, except that traveling and all other expenses of the salespersons in connection with their employment may be deducted provided the salespersons report such expenses and the insured maintains a definite verifiable record of them. Arbitrary flat percentages shall not be allowed under the provisions of this interpretation nor shall automobile depreciation be deductible as an item of expense unless such depreciation comprises a part of the mileage rate allowance.

## COMPUTER AND/OR SOFTWARE CONSULTING BUSINESSES

A business principally engaged in computer and/or software consulting is assignable to Code 951 and to Code 953, as each classification may apply pursuant to the job duties of individual personnel of such businesses.

One typical workday scenario for computer and/or software consulting staff is the consultant leaves his/her place of residence in the morning and travels to a customer's location, where the consultant will spend his/her entire day working on the customer's computer and/or software issues. At the end of the workday the consultant leaves the customer's location and returns to his/her place of residence. The duration or timing of such an assignment may vary from one to several days to indefinite. Such persons do not engage in over-the-road sales solicitation or collection work. As this is no different in relation to the typical workday for a computer person employed directly by the customer, the assignment of such consultant's payroll is Code 953.

In the event a computer and/or software consultant typically visits two or more customer locations in a typical workday, such separate consultant's payroll is assignable to Code 951.

If the employer cannot or will not provide a sufficiently detailed picture of a computer and/or software consultant's typical workday so the above procedure may properly be utilized, then the payroll of the consultant(s) shall be assigned to Code 951.

The above classification procedure is also applicable to separate staff training a customer's staff in the use of software developed or purchased by the insurer employer for their customer(s).

## **DRIVERS (Payroll Allocation)**

It is the Bureau's position that the payroll of drivers, chauffeurs or their helpers which cannot be allocated to a specific classification because they have duties common to more than one classification shall be assigned to the governing classification of the two or more classifications to which their work belongs.

The above ruling does not supersede any Manual rules found in Section 2 of the Delaware Manual, nor does it supersede any Manual wording footnotes found in Section 2 regarding the allocation of payroll for the 800-series of classifications (Trucking and Storage Industry).

#### Example:

Insured X has approved classifications Code 0034 and Code 865. If insured X had separate crews of drivers that did not interchange their duties between the two operations, the separate crews would have their payroll allocated to the separate respective classifications.

If no such separate crew existed and the drivers, etc. have duties common to both operations, their payroll would be assigned to the governing classification exclusive of miscellaneous employee payroll.

185

## **EMPLOYMENT CONTRACTOR – TEMPORARY STAFFING**

Temporary staffing is a business that hires its own employees and assigns them to an unrelated business to support or supplement that unrelated business' permanent workforce in a special work situation including but not necessarily limited to employee absences (e.g., vacation or illness), temporary skill shortages, seasonal workloads or special assignments or projects. The temporary staffing business usually contracts to fill a job but not to supply a particular person to fill that job. The special work situation generally involves a work assignment that may be of varying time length from a single day to any period less than a year.

Employers engaged in supplying temporary staffing to unrelated concerns shall in all instances be classified in accordance with the separate temporary staffing classes shown in Section 2 of this Manual per the cross-reference chart below subject only to specified EXCEPTIONS for temporary staff engaged in the various occupations or tasks listed after the chart. The cross-reference chart shows which business classifications are assignable to each appropriate temporary staffing class. The customers' assigned business classification shall be a guide in selecting the temporary staffing class(es) utilized in classifying the different portions of a temporary staffing contractor's payroll.

#### TEMPORARY STAFFING CLASSIFICATION

Assignable Customer

Business Classification(s)

#### TEMPORARY STAFFING CROSS-REFERENCE CHART

\* Code 889 --- applies to temporary --- staff --- whose job duties fulfill the definition of clerical found in Rule IV, Paragraph B.2.a, Section 1 of this Manual regardless of the customer's business classification.

- 1. **AVIATION** any temporary personnel provided as flight crew in any capacity shall be assigned to the appropriate aircraft operation classification.
- 2. **LONGSHORING** personnel provided to load or unload a vessel shall be assigned to the appropriate stevedoring classification.
- 3. **SHIP BUILDING** temporary staff provided to perform work concerned with either ship building and/or ship repair shall be assigned to the appropriate Federal classification.
- FARM LABOR any temporary staff shall be assigned to the appropriate agricultural classification or if provided to perform mechanical harvesting, picking and related activities utilizing machinery shall be assigned to Code 007.
- 5. LEASED EMPLOYEES the leasing of personnel shall not be construed as temporary staffing.
- 6. **CLERICAL** all temporary clerical staff shall be assigned to Code 889 regardless of the customer's business classification.
- 7. **HOME HEALTH CARE** any personnel performing home health care services shall be assigned to the appropriate home health care class as provided in Section 2 of this Manual.
- 8. The following classifications are not available as a guide in classifying temporary staffing contractors: 985, 0908, 0909, 0912 and 0913.
- EMPLOYMENT CONTRACTOR'S PERMANENT STAFF shall be assigned to Codes 951 and 953 as they
  may apply. Other permanent staff employees with duties falling beyond the scope of the standard exception
  classes shall be assigned to Code 971.

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

#### **EXECUTIVE OFFICERS - CLASSIFICATION ASSIGNMENT**

A significant number of disputes occur as a result of the misclassification of executive officers' payroll. In an attempt to enhance the accuracy and consistency of the treatment of these issues by insurance companies, below find a series of questions that the DCRB believes will aid in the determination of the proper classification for executive officers.

- · Who are the officers of the corporation for the policy period in question?
- Was each of these officers active in the business during the policy period in question?
- · What were each officer's exact job duties?
- How many hours a week (or what percentage of time) does each officer work in the store, shop, job site, farm, etc.?
- How many hours a week (or what percentage of time) does each officer spend in the basic classification work area, providing direct supervision and/or giving instructions to employees?
- How many hours a week (or what percentage of time) does each officer spend out of the office for sales calls, meetings or other similar purposes?

Please also see Section 1, Rule IX, Paragraph A., 5. "Assignment of Payroll" that advises an executive officer shall be classified in the same manner as any employee. Also please see the "Regular and Frequent" entry in the General Auditing & Classification Information section.

## **EXECUTIVE SUPERVISORS - CONSTRUCTION OR ERECTION - 951**

The assignment of Code 951 is applicable only to executive supervisors who do not exercise direct supervision of construction or erection operations. Code 951 is not applicable to supervisors permanently located at a given job location until the completion of that job. Code 951 is also not assigned to the payroll of any individual who is directly in charge of construction workers (including general laborers) at a specific job location. Any person who is directly in charge of construction work or construction employees at a specific job location shall be assigned to that job classification or, if more than one classification is assigned, to the highest-rated classification for that job if separate payroll records are not maintained.

The job duties of an executive supervisor would include time spent in an office and visits to a job site. Such supervision given by an individual classified under Code 951 must be indirect; i.e., through another person such as a superintendent or foreman. The executive supervisor has overall managerial responsibility for the various projects. That responsibility may include making arrangements for the procurement of materials and/or the delivery of supplies, procurement of subcontractors, maintenance of construction timetables, visits to job sites to keep track of job progress, conferring with clients, architects and engineers, and traveling to and from the company's headquarters. It also contemplates clerical office exposure and the part-time hazards of walking and climbing around on job sites. Typically, the use of the classification is applicable to large construction companies that have at least one level of supervision between the executive supervisor and the worker. It is also applicable in situations where numerous smaller projects are in progress simultaneously and the executive supervisor has the managerial responsibility for all of them.

An exception to the above-stated application would apply to a job superintendent responsible for and physically located at a specific job site where all operations are subcontracted to unrelated concerns. In this instance, the contractor has no construction workers at the job site, and the superintendent cannot exercise direct control of the subcontractor's employees. Therefore, in this circumstance the job superintendent should have his/her payroll assigned to Code 951.

## FROZEN OR FROSTED FOOD PRODUCTS MFG.

The processing of frozen foods shall be assigned to the classification which would apply if the product was not frozen. This ruling is made as the application of cold to either chill or freeze food products is common to a number of food processing classifications. It has been determined that the freezing operations of themselves do not change the fundamental characteristics of the risk.

## HOME HEALTH CARE SERVICES

Applicable to any business providing home health care services to individuals or to families in their residence. The services provided may include skilled services under a physician's written direction that include but are not necessarily limited to

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

nursing care, home infusion therapy, physical, speech and/or occupational therapy and/or nonprofessional services, including but not necessarily limited to home health aide, attendant care, companions and live-ins and/or home support services such as homemakers or chore workers. Payroll so developed shall be classified in the manner indicated below.

Code 942, "HOME HEALTH CARE - Professional Staff, all employees except office," includes registered or licensed practical nurses, pharmacists, physical, speech and/or occupational therapists, medical social workers and outside salespersons.

Code 943, "HOME HEALTH CARE - Nonprofessional Staff, all employees except office," includes but is not necessarily limited to home health aides and certified home health aides, certified nurse assistants, attendant care aides, companions and live-ins and home health support personnel such as homemakers and chore workers.

# **OPERATIONS ALSO INCLUDED:**

1. Assign Code 942 to outside salespersons employed by a home health care business that performs only nonprofessional home health care services.

# **OPERATIONS NOT INCLUDED:**

1. Assign Code 928 to separate staff engaged in the sale or rental of durable hospital equipment or supplies such as hospital beds, wheelchairs, commodes and walkers to the individual home health care patient.

## HOMEOWNERS' ASSOCIATION

A Homeowners' Association is responsible for the care of residential or recreational home developments. Such developments may have part-time residents who use the development for vacation or recreational purposes and/or yearround residents. Assign Code 971 to the maintenance of common grounds (e.g., roads), and the operation and maintenance of recreational amenities (e.g., swimming pools, tennis courts and/or clubhouses) and security. Association operations conducted by separate employee crews including but not necessarily limited to: golf courses, stables, restaurants, sewage plant and water works shall be separately classified as provided for in this Manual.

### HOTEL OR MOTEL OPERATIONS

The two classifications applicable to hotel/motel operations are Codes 973 and 945.

Code 973 shall include all operations performed by hotel or motel employees except for separate food service and beverage staff(s). Employees assigned to Code 973 include but are not necessarily limited to: front desk employees, persons engaged in the operation of newsstands, candy or cigar shops or similar activities, personnel operating or maintaining indoor or outdoor swimming pools, the golf course(s), video game room, the health or fitness club, tennis courts or other hotel or motel guest amenities, maids, housemen, inside or outside maintenance, store workers, barbers, laundry workers, employees performing concierge services (i.e., arrangements for tours, theater tickets or the rental of automobiles), or opening boxes and/or bags and laying out pre-packaged food or beverages and/or precooked food (including heating of the precooked foods in a microwave oven) and/or making coffee for a continental breakfast where there is no other food service or beverage operations.

Separate staff exclusively engaged in the hotel's food service or beverage operations shall be classified by Code 945 which includes but is not necessarily limited to: waiters or waitresses and their assistants, cooks, kitchen help, bartenders, cashiers, restaurant managers, musicians or entertainers. On the auditing procedures for tips and musicians or entertainers, see Section 1, Rule V.

Payroll developed by interchanging hotel and hotel restaurant employees shall be assigned to Code 973 or to Code 945, whichever has the higher value.

# **OPERATIONS ALSO INCLUDED:**

- 1. Religious retreats.
- 2. Bed and breakfast enterprises.

# **OPERATIONS NOT INCLUDED:**

- 1. The businesses of a concessionaire or independent contractor operating on the premises of a hotel or motel will be classified on the merits of their operations.
- 2. Assign Code 953 to employees of the hotel or hotel restaurant exclusively engaged in clerical office duties.

---

## MANUFACTURED (MOBILE) HOME VS. MODULAR HOME

Both a manufactured (mobile) home and a modular home are produced in a factory but there are differences between each type of home. The manufactured/mobile home is towed on a permanent steel chassis which remains a structural part of the home throughout its service life. It has a non-removable steel chassis, while a modular home does not. Although required to be secured to the ground, as observed the manufactured home retains its permanent steel chassis, and, thus, while many are not relocated, a manufactured home may be relocated and is considered removable and relocatable.

A modular home is transported to the installation site on a flat-bed truck. Modular homes are placed upon foundations, often with the use of a crane. Modular homes are <u>not</u> relocatable and are considered a permanent structure once placed upon a foundation.

The production of a manufactured/mobile home is assigned to Code 451. Code 305 is used to classify the production of a modular home.

Assign Code 818 to manufactured home setup or warranty service whether by the dealer or a specialist contractor.

Assign Code 652 to modular home setup, warranty service, remodeling, or repair whether by the dealer or a specialist contractor.

### MINIMUM WAGE PROCEDURE

Section 1, Rule V., B. 2. o. of the Manual remuneration <u>includes</u>: Adjustments necessary to bring employees to the federal minimum wage as reported by the United States Department of Labor.

Section 1, Rule V., B. 3. e. of the Manual remuneration excludes: tips and other gratuities received by employees.

All carriers are required to include an adjustment to equal the current federal minimum wage. The auditor should verify if all employees' wages equal or exceed the federal minimum wage. If not, the following adjustments should be made, assuming the current minimum hourly wage for tipped employees is included.

- 1. Determine the average number of full-time tipped employees and the normal work hours.
  - 35 hour week x (the difference of federal minimum wage and the tipped employees' minimum wages) x number of tipped employees x 52 weeks.
- 2. Determine the average number of part-time tipped employees and the normal work hours.
  - Number of hours x (the difference of federal minimum wage and the tipped employee minimum) x the number of tipped employees x 52 weeks.

### NURSING HOME, PERSONAL CARE HOME AND RESIDENTIAL CARE FACILITY CLASSIFICATION GUIDELINE

The following guidelines have been developed to aid in the classification of employees of a typical nursing home/personal care home. Proper documentation on audit worksheets should be added whenever exceptions are made to these guidelines. These guidelines, to varying degrees, affect the following basic business classifications.

Code 960, NURSING AND CONVALESCENT HOME Code 974, RETIREMENT OR LIFE CARE COMMUNITY Code 979, RESIDENTIAL CARE FACILITY FOR THE ELDERLY – NON MEDICAL

Nursing home/personal care home employees do <u>not</u> have to provide actual "hands on" care to the patients and/or residents in order to have their payroll assigned to one of the above basic classifications. The object of the classification system is to group insureds into classifications so that the rating value for each classification reflects the exposures common to such distinct business enterprise (See Section 1, Rule IV. C. 2. and 3.). It is the business of the insured that is classified within Delaware, not the separate employments, occupations or operations within the business.

Employees who typically comprise the basic classification for a nursing home/personal care home are activity staff, beauticians or barbers (usually remunerated through a 1099), dining room set-up and servers, drivers, food preparation, housekeeping, laundry, maintenance/plant including supervisors, nurses (registered nurses, licensed practical nurses), nurses aides including certified nurses aides, security and therapists (physical and speech).

Employees typically considered office employees include accounting, accounts payable and accounts receivable, business office, bookkeeping, finance, human resources and the office manager. These employees must work in a physically separate office as defined in Section 1, Rule IV, B. 2.

Codes 960, 974 and 979 are "all employees except office," which means none of the three classes permit payroll division with Code 951.

With the above statements in mind, the payroll of nursing home/personal care home employees should be assigned in the following manner.

## ADMINISTRATOR/EXECUTIVE DIRECTOR

Each facility has a licensed nursing home or residential care facility administrator on site who is in charge of all operations at the facility. This employee prepares budgets, reviews departmental reports, answers questions of department managers, deals with licensing issues, handles public relation issues, attends community events to promote the business, deals with HIPAA (Health Insurance Portability and Accounting Act) regulations, deals with employee benefits, handles safety issues, interprets procedures and writes plans of correction based on inspection reports. The employee will attend patient care plan meetings. The administrator will make rounds of the facility on a regularly scheduled basis. Each round will vary as to the amount of time it takes depending on the size and complexity of the facility. During rounds, the administrator walks the halls to observe that the patients are being cared for properly, there are no unreported maintenance issues, no housekeeping issues that are unsolved, the floor has adequate staffing and the general appearance of the facility is acceptable.

The administrator will stop and talk to residents to inquire if they have any complaints or concerns and will talk to family members and volunteers who may have questions. The administrator will not provide direct patient care. By state law (for nursing homes only) the administrator is not permitted to feed, toilet, administer medications or provide any other type of care. However, administrators do keep track of how often nurses see patients.

Administrators should have their payroll assigned to the applicable basic classification, as they are regularly exposed to the operative hazards of the nursing home/personal care facility. An administrator's job duties fall beyond the Manual definition of a clerical office employee.

## ASSISTANT ADMINISTRATOR

An assistant administrator performs many of the same job duties as the administrator and reports directly to the administrator in the chain of command. This employee may assist the administrator in the preparation of budgets, review departmental reports, answer questions of department managers, deal with licensing issues, handle public relation issues, attend community events to promote the business, deal with HIPPA regulations, deal with employee benefits, handle safety issues, interpret procedures and write plans of correction based on

#### © 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

inspection reports. The employee will attend patient care plan meetings. The assistant administrator may make rounds of the facility on a regularly scheduled basis. Each round will vary as to the amount of time it takes depending on the size and complexity of the facility.

During rounds, the assistant administrator may walk the halls to observe that the patients are being cared for properly. They make sure no restraints are being used, there are no unreported maintenance issues or housekeeping issues that are unsolved, the floor is adequately staffed, and the general appearance of the facility is acceptable.

The assistant administrator may stop and talk to residents to inquire if they have any complaints or concerns and may talk to family members and volunteers who have questions. The assistant administrator may or may not provide direct patient care. Assistant administrators should have their payroll assigned to the appropriate basic classification, as they are regularly exposed to the operative hazards of the nursing home/personal care facility. See the Regular and Frequent Ruling and Interpretation for the definitions of "regular and frequent." An assistant

administrator's job duties fall beyond the Manual definition of a clerical office employee.

## ACTIVITY DIRECTOR

The activity director is in charge of the recreational and educational activities at a nursing home. The director is responsible for setting up a schedule, ordering supplies for the activities and, in some of the smaller homes, directly supervising the employees and residents in activities. If the activities director has a physically separate office, does not participate nor directly supervise (this activity may be done by the assistant activity director) and has no regular job duties in or about the facility, then the employee may have their payroll assigned to the clerical office classification. However, most activity directors are responsible for organizing and directly supervising the event and are present at the activity, whether it be on the premises of the facility or at another location (e.g., a shopping trip to a local mall). As such, the payroll of an activity director is generally assignable to the basic classification.

### ADMISSIONS DIRECTOR

The admissions director may have alternate job titles such as marketing director, social services director, public relations director or director of development. Regardless, this employee is responsible for working with residents and their families and guiding them through the admission process. The admissions director will explain facility rules (such as marking clothing with a name) and patients' rights. The employee will work with family members who wish to bring furniture from home. The admissions director may explain that all electrical appliances must be inspected for safety (no frayed wires). If a family member visits and removes money from the patient, the admissions director must determine if an abuse situation exists and deal with reporting suspected abuse. If a patient is not happy with his room or roommate, the admissions director will determine if the patient can be transferred to another room. The admissions director may coordinate family concerns with department heads. If two family members disagree about treatment or how a resident's money is being spent, the admissions director may intervene and mediate the situation. They may do the charting about the social interactions of residents. They will plan care meetings. If a patient passes away or moves to another facility, the admissions director may contact the family about collecting personal belongings. They may also work with the ombudsman (a representative from the Area Agency on Aging that is assigned to a nursing home). The payroll of an admissions director is usually assigned to the basic classification, as they regularly spend time in and about the facility even though their primary job duties keep them in a physically separate office.

## CASE MANAGER

This position is responsible for the management of the rehabilitation department. The employee directs the therapists and gathers information on the level of care needed for minimum data sets (MDS) forms. The case manager maintains the resident's logs and compares the amount of therapy provided to the resident's care plan. The case manager usually does not provide any rehabilitation services. This employee may go to the local hospital to screen charts for potential admissions. The case manager deals with discharge personnel in hospitals regarding possible admissions to their facility. While at the nursing home, the case manager attends managed therapy meetings to see that therapy provided to a resident is in compliance with Medicare regulations. The case manager meets with physicians and social service workers to determine if any residents in the assisted living facility need to be moved to the nursing home. The employee is responsible for "hospitality" when new residents move into the independent living cottages, if such a facility exists. The employee will go to the resident's apartment and visit with the resident, answering any questions while providing information about the facility.

The case manager's payroll is properly assigned to the basic classification.

### CENTRAL SUPPLY CLERK

This employee is responsible for distributing supplies to the floors and assuring the cupboards are stocked with needed supplies. This employee orders the supplies and determines what is chargeable to a resident. The employee will physically stock the supplies in the units. Some facilities title these employees as purchasing, but they work in an area similar to a storage

office. They will make deliveries of supplies throughout the facility, and their control/purchasing is confined to a computer, paperwork or reports. Their offices are usually locked, since this is also where the supplies are located. The central supply clerk's payroll is properly assigned to the basic classification.

### CHAPLAINS

A chaplain is a clergyman in charge of the nursing facility's chapel. They organize and conduct religious services for the residents of the nursing facility. They will visit non-ambulatory and ambulatory facility residents to provide spiritual counseling, individual worship services and counseling or just to see how a resident is faring in the facility. They may conduct in-room communions and/or last rites. Their payroll is properly assigned to the basic classification.

### CLINICAL DIRECTOR

The clinical director's job responsibilities usually involve updating and reviewing the resident's medical and treatment charts and folders. If they review medications and treatments on the floor or in the resident rooms or if their offices are not physically separate from all other areas of the nursing facility, the payroll of the clinical director is properly assigned to the basic classification.

### DIETARY COORDINATOR/DIRECTOR/MANAGER/SUPERVISOR

In some of the larger facilities there is a dietary director/manager who maintains all the dietary requirement records for the residents. Many residents have varying dietary needs, so this is often a critical position. This employee would develop menus and oversee food service. This may entail charting the intake of food by the residents. These duties are performed both in the office and on the floor. The duties also involve supervising the preparation of the food and trays. The employee may directly supervise dietary preparation in the kitchen or walk throughout the facility when meals are served to see that the patient is given their dietary requirements. The payroll of the dietary coordinator/director/ manager is properly assigned to the basic classification.

### DIRECTOR OF NURSING (DON)/ASSISTANT DIRECTOR OF NURSING (ADON)

Director of Nursing - This position is usually charged with overseeing the entire nursing/care functions of the

facility. This employee is responsible for administering the nursing program to maintain standards of patient care and advises medical staff, department heads and administrators in matters related to nursing service. The employee analyzes and evaluates the quality of care administered by the nursing staff and visits residents routinely. The DON does not do any actual patient care.

Some nursing directors move throughout the facility all of the time, while others less so, spending the majority of their time in the office. This employee performs the scheduling of the nursing staff, all of the interviewing and hiring of nursing staff, and may review the unit manager's work. Due to the nature of the employee's work and the fact that the position requires the visitation of residents and the evaluation of the quality of care administered by the nursing staff, the payroll of the director of nursing is properly assigned to the basic classification.

<u>Assistant Director of Nursing</u> - This position is responsible for directing the programs of the facility. The employee collaborates in composing and implementing nursing policy, practice and quality assurance throughout the nursing department. The employee does not do any actual patient care. Primarily, their job responsibilities center around the quality assurance programs. The ADON makes sure all nursing departments are ready for the state survey. The ADON develops the schedule for quality assurance audits and reports. The employee directs, supervises and assigns projects and programs to a quality assurance analyst. The employee develops and directly oversees the Infection Control Program and reports monthly to the Quality Assurance Committee. The employee may oversee the wound care program and plans, organizes and oversees the staff development program, reviewing the accurate recording of in-service attendance records. The ADON interacts on a regular basis with patients, families, physicians and facility employees and makes tours throughout the facility on a daily basis.

In smaller facilities the ADON is the supervisor on the floor. Their time may be split between directly supervising the registered nurses and other nursing staff and completing paperwork in an office. The payroll of the ADON is properly assigned to the basic classification.

### FACILITIES MANAGER

This employee, in most cases, has direct floor duties and can do hands-on repair and maintenance work in and about the facility. This employee will also conduct evaluations for major repairs and improvements to the facility that requires the hiring of outside contractors. The payroll of the facilities manager is properly assigned to the basic classification.

### HOME HEALTH CARE OPERATIONS

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided in the Delaware Workers Compensation Manual.

### INVENTORY CONTROL COORDINATOR

This employee is responsible for the control and purchasing of hard goods and supplies used throughout the facility. This employee usually has no hands-on responsibilities on the facility floor. They usually make no deliveries of supplies throughout the facility, and their control/ purchasing is confined to data entry, computer-generated reports and related paperwork. The payroll of the inventory control coordinator is properly assigned to Code 953 if their job duties are confined to working in a physically separate office.

# MEDICAL DIRECTOR/MEDICAL COORDINATOR

The medical director is usually a physician who is only active on a part-time basis. When he/she is active, the duties are usually visiting patients and making rounds within the nursing home. The payroll of the medical director is properly assigned to the basic classification.

## MAINTENANCE DISPATCH

These employees' major job responsibility is to dispatch work assignments to the maintenance employees. These employees are found in larger type facilities. They spend no time performing maintenance work in most facilities. They do not supervise the maintenance employees or do any inspections of the facility. As long as their job duties are confined to working in a physically separate office, their payroll can be assigned to Code 953.

### MASHGIAH

A mashgiah is an Orthodox rabbi or a person appointed by such a rabbi whose responsibility is to prevent violations of Jewish dietary laws by inspection of facilities where food assumed to be kosher is prepared for the public. These employees enter the kitchen area of the facility to make sure certain foods are kosher. This job position is usually found in faith-based facilities, and their payroll is properly assigned to the basic classification.

#### MEDICAL RECORDS CLERK/WARD CLERK

The medical records clerks are normally responsible for updating resident's charts and medical records. If they spend no time picking up and dropping off charts at either nurses' stations or resident's rooms, assign Code 953. If they perform any of the above duties on a regular basis on the floor, their payroll is properly assigned to the basic classification. If they complete their updates in a physically separate office, their payroll may be assigned to Code 953.

In larger facilities, medical records clerks usually work in the business office and use computers to maintain a database of records. In such circumstances assign Code 953. In the smaller facilities, they may have other duties, including the delivery of medical supplies to nursing stations and interchanging labor as a central supply clerk. If a medical records clerk has any of these duties, then their payroll should be assigned to the basic classification.

### NURSING SECRETARY/SCHEDULER

These employees do the paperwork for the nursing department, such as typing, scheduling, filing and other administrative support job duties. Their payroll may be assigned to Code 953 if they work in a physically separate office and have no floor exposure. If they have their desks at the nursing station that is on the floor, their payroll would be assigned to the basic classification.

### RECEPTIONIST

Receptionists answer incoming telephone calls and direct them to the correct extension. This employee also greets incoming visitors and asks them why they are at the facility. They may direct all visitors to sign a guest register. They may assist staff in making photocopies. They may maintain the postage meter and be responsible for outgoing mail. They will observe resident safety while the resident is in the lobby area. If one of the residents needs assistance or falls while in the lobby area, the receptionist may quickly page an aide to assist the resident rather than walk out to the resident herself. The receptionist will type the necessary information onto a new resident's identification bracelet. They may accept payment from residents or their representatives. They may walk out to the office, lobby and/or solarium to lock up the doors at the close of each day.

Receptionists in a nursing home facility not only greet and direct visitors but also provide a measure of security/safety for wandering residents and for visitors as well. Such an arrangement invariably precludes the assignment of Code 953. Their payroll is properly assigned to the basic classification.

## **REGISTERED NURSE ASSESSMENT COORDINATOR (RNAC)**

These employees are responsible for the completion and accuracy of the resident care planning process and monitoring level-of-care changes and determinations. The RNAC oversees the development and implementation of individual resident care plans and ensures the resident's reaction and ongoing development. They are case managers for the residents and compile all of the paperwork that is needed to deal with the Health Maintenance Organizations that reimburse the nursing home for the treatment and care of the resident. They input all types of information into the computer about the activity level of all of the residents. They complete forms called Minimum Data Sets (MDS) for each new admission to the facility. They complete MDS reviews on each resident on a quarterly basis, as well as an annual MDS. The form must be completed for each resident at least once a quarter and at other times required by Medicaid, including admission and change in condition.

The RNAC compiles this information by a comprehensive review of the patient charts. The form contains many different sections used to determine how well the resident is able to function. The dietician is responsible for completing the dietary section. The physical therapy department will complete a range of motion study and will complete the appropriate section of the form. The form is a comprehensive form that gathers information about the resident's social skills, communication skills, activities, cognitive skills, nutrition, vision and activities of daily living. Nursing homes are reimbursed by Medicare for the care of a patient based on the condition of the patient. If a patient is in a severe condition and requires extensive medical condition, Medicare will reimburse more funds for that patient than a patient who is more self-sufficient. The RNAC writes up reports to be submitted to Medicare. These employees will visit nurses' stations to discuss the patient's progress with a DON or nursing supervisors. The RNAC will take the patient's charts back to their office to type up the reports. These individuals will also visit patient rooms to do evaluations.

The amount of time an RNAC spends working throughout the facility varies. An assessment nurse has to assess the patient, and different department heads complete parts of the form, but the RNAC signs off on the form. The RNAC places his/her license at risk by signing a form verifying the data is correct. For example, if a report states a patient has bedsores, the RNAC will go on the floor and physically turn the patient over to verify this is correct. Direct observation of the resident, as well as communication with the resident's direct caregivers across all shifts, are essential for the RNAC to complete their job according to the Resident Assessment Instrument User's Manual, a manual issued by the Federal government regarding the MDS. Based on the above information and job duties, the payroll of RNACs is properly assigned to the basic classification.

#### **RESTORATIVE PROGRAMS DIRECTOR**

This employee is responsible for making sure that the residents eat regularly, walk and engage in the therapy that is provided by the insured's restorative aides. The employee will go out to see the residents and test them and regularly walks around the facility. Part of the employee's job responsibilities requires the employee to walk, lift and bend. The restorative programs director directly supervises the restorative aides and reviews them doing their jobs. Their payroll is assigned to the basic classification.

## STAFF DEVELOPMENT/IN-SERVICE TRAINING COORDINATOR

These employees are registered nurses and are the "clinical experts." When a new employee is hired, these employees will do an orientation with the employee. They review corporate compliance, explain workers' compensation and infection control, and introduce the employee to his manager. They verify that all forms are completed as required for the new hire. They attend "stand-up meetings." These are meetings that occur at the change of a shift. The employees completing their shift will explain any changes in a resident's condition to the new shift. These meetings used to take place at the nursing station, but, due to HIPPA regulations, they are now held in an activity room.

They are responsible for assuring the staff's credentials and licenses are up-to-date. They assure nurses have the correct number of continuing education credits. They arrange for educational classes to be provided to employees. They may arrange for the maintenance department to provide information in a classroom setting on fire safety and the correct operation of a fire extinguisher. They may arrange for housekeeping to conduct a class for staff on infection control. They will gather information from the floor supervisors verifying nurses have met IV competencies (inserted the correct number of IVs successfully in the correct amount of time).

They regularly spend time doing classroom teaching of employees. They will teach and provide instruction classes on hand-washing techniques, resident safety, wound care and proper lifting mechanics. Their payroll is properly assigned to the basic classification.

### STAFF COORDINATOR

This employee would only work from their office completing staffing schedules for the various departments. Their main job duty is to make sure there are enough employees for each shift.

If they have no other job duties and their scheduling work is done in a physically separate office, then the payroll of these employees may be assigned to Code 953.

### TRANSPORTATION DISPATCHER

Some of the larger facilities have employees who sit in an office and schedule transportation for the residents for shopping, doctors' visits and family visits. If the employee has no other job duty and their scheduling work is done in a physically separate office, then their payroll may be assigned to Code 953. If the employee regularly engages in driving the residents to and from their destinations, their payroll is properly assigned to the basic classification.

### UTILIZATION MEDICAL REVIEWER

These individuals review charts from medical records for the doctors to determine patient

medical needs.

These individuals work in enclosed offices and usually have no floor duties. If their work is done in a physically separate office, then the payroll of these employees may be assigned to Code 953.

### UNIT CLERK/SECRETARY

This employee is responsible for ordering supplies for the nursing department and checking secretarial notes for quality. The unit clerk will code bills for insurance companies, Medicare and Medicaid. These employees may work on the nursing home floor at a desk behind the nursing stations, or they may work in a physically separate office. Their responsibilities include maintaining all unit records of the patient residents. The employee answers, the phones, schedules medical appointments for residents on the unit and marks files if a

resident leave the facility. The employee coordinates all labs and doctor appointments by telephone.

They call for transportation for all of the appointments and perform chart-thinning work according to the nursing home's policy. They maintain all forms and active files and coordinate all lab orders by telephone. They fax paperwork to pharmacies and physicians and complete admission/readmission checklists for each admission.

This employee is responsible for the secretarial work on the unit. The employee assures doctor's orders are placed in the patient's chart. The employee may work at a desk in the nursing station on the floor or may be in a physically separate office. If the employee has no regular job duties on the nursing room floor and works in a physically separate office, then their payroll may be assigned to Code 953. If they work on the nursing home floor at a desk behind the nursing station, then their payroll should be assigned to the basic classification.

## **VOLUNTEER COORDINATOR**

The coordinator who has no duties/supervisory responsibilities over the volunteers on the floor, who simply schedules and coordinates volunteers' activities, can be classified as clerical. They usually work in an enclosed office. Many coordinators simply spend their time on the telephone recruiting volunteers or asking them to come in on a particular day. If they have no regular job duties in or about the facility and they work in a physically separate office, their payroll should be assigned to Code 953. Those volunteer coordinators who supervise volunteers on the floor should have their payroll assigned to the basic classification.

### PER DIEMS

Per diems refer to a specific amount of money that a business provides to an employee to cover living and traveling expenses in connection with work. To the extent that specific documentation is not available for substantiation of per diem expenses in accordance with Manual rules (see Section 1, Rule V, F.) per diem expense reimbursement payments are included as remuneration for premium computation purposes.

Certain Internal Revenue Service (IRS) procedures allow for employer deduction of per diems paid to employees under the terms of a "nonaccountable plan." This type of plan does not require actual receipts for the expenses covered by the per diems. Exclusion of per diems under a "nonaccountable plan" from remuneration for premium computation purposes is solely a matter for carrier review and determination. Disputes emanating from the insuring carrier's determination in the area of nonaccountable IRS per diem plans are not subject to DCRB review and resolution.

### PREFABRICATED METAL BUILDING ERECTION – PREFABRICATED SHEET METAL AND SILO ERECTION – METAL

Payroll developed in the two types of erection jobs cited above will be classified in the manner indicated below.

Code 608 is applicable to the building of concrete flooring or padding for one or two story structures. Code 609 is applicable to site preparation and to any excavation. Code 654 is the proper classification for the building of concrete flooring or padding for structures of three stories or higher. Payroll developed in the erection of the prefabricated metal building framework is assignable to Code 655. Installation of sheet metal siding, roofing or interior work for a prefabricated metal building or the erection of metal or fiberglass silo sections is assignable to Code 651. Electrical work is assignable to Code 661 and plumbing installation is assignable to Code 663. For the silo erection Code 675 is proper for payroll developed in the installation of conveyors or other materials handling equipment or for the service and/or repair of such. Other trade classifications may be extended as warranted.

### PREVAILING WAGE PAYMENTS

Prevailing wage statutes, including but not necessarily limited to the Davis-Bacon Act or the Delaware Prevailing Wage Act stipulate that contractors under Federal or State government contracts, respectively, are required to pay specific minimum wage rates and specified fringe benefits that may be paid into an approved fund for distribution at a later date or paid directly to the employee. Where an employer is unionized, the payments will normally go into a fund. However, if the employer is not unionized, the payments will often be made directly to the employee.

### **PRODUCT ASSEMBLY DEFINITION**

For classification purposes, the term "assembly" refers to the joining together of prefabricated component parts purchased from unrelated concerns to form a described product. Some portion of the purchased prefabricated component parts may be modified prior to assembly. When a specific assembly classification does not exist for a certain product, the assembly of such product shall be assigned to the manufacturing classification which most accurately describes the completed product.

It is common for stores, such as those engaged in the sale of bicycles, furniture, jewelry or light fixtures, to perform incidental assembly activities in preparation for the display of or after the sale of merchandise. Assembly or "get ready" activities which are incidental to a store's operations shall be assigned to the store's applicable classification.

## PROPERTY MANAGEMENT FIRMS

Property management firms are engaged in the management of real property which may be owned by the management firm or owned by unrelated businesses and managed under contract. Real property is defined for this Ruling and Interpretation as apartment houses, condominiums, private dwellings (houses) and commercial office buildings. The duties of a property management firm are to enforce the provisions of the lease agreement entered into by the tenant and landlord, to ensure that necessary tax, mortgage, insurance and other payments are made in a timely manner, and to

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

ensure that the property is maintained in such a way as to maximize its value to the owner. In the conduct of such operations management companies may employ maintenance personnel, resident or on-site managers, leasing agents or property management supervisors or may subcontract all or portions of these separate responsibilities. The basic functions performed by the personnel of property management firms and the current classification procedures followed in connection therewith are presented below:

### Maintenance

Maintenance personnel generally perform minor maintenance and repair work at the property site, including but not limited to: cutting the grass, shoveling snow, plumbing, electrical wiring, painting and minor carpentry activities. New construction or structural alterations generally are subcontracted to a specialty contractor. Payroll developed by maintenance employees of a commercial or industrial building owner, lessee or real estate management firm is assigned to Code 971. Payroll developed by maintenance employees of an apartment or condominium complex operator is assigned to Code 880.

### **Resident or On-Site Managers**

Resident managers typically are retained in connection with residential apartment complexes, while on-site managers may be employed in connection with either residential or commercial properties. Resident managers usually receive compensation in the form of a salary and an apartment unit located at the site of the managed property. The duties of resident or on-site managers retained in connection with apartment complexes and similar multiple dwelling units may include but are not limited to: performing maintenance and repair work, showing apartments to prospective tenants, preparing lease or rental agreements, collecting rents, handling tenant complaints, inspecting vacated units for damage, coordinating maintenance and repair activities, acting as the liaison between tenants and management supervisors, and directly supervising the overall operations and/or maintenance staff of the property.

As a general rule, managers engaged in the above job duties should have their payroll assigned to either Code 971 or Code 880. However, managers who perform no maintenance/repair work or perform no direct supervision of the maintenance staff or do not supervise the overall operations of the complex may have their payroll assigned to Code 951. The duties of on-site managers retained in connection with commercial buildings are similar to those described above and are classified the same way.

### Leasing Agents

Leasing agents are typically engaged in residential and/or commercial property leasing or real estate sales activities. Leasing agents are paid a commission based upon the total rent paid over the duration of the lease. Leasing agents show available space to prospective tenants and negotiate the terms of the lease, including the lease period, tenant improvements, payment schedules, and termination provisions. Leasing agents usually do not perform any property management activities.

Historically, leasing agents engaged exclusively in the aforementioned activities have been assigned to Code 951. Leasing agents who, in addition to leasing activities, perform property management operations, such as the direct supervision of employees engaged in the operation, maintenance or repair of properties, are assignable to either Code 971 or Code 880.

## **Property Management Supervisors**

Property management supervisors normally retain responsibility for several residential complexes, single-family residences and/or commercial buildings. Such persons primarily perform administrative duties in the office of the management firm but will also visit the various properties under management to ensure that the properties are being adequately maintained. The job duties of these employees involve entering into contractual arrangements with real estate property owners for the management of properties, obtaining new properties to be managed, negotiating contracts with firms specializing in the maintenance, repair or alteration of properties, hiring and dismissal of resident or on-site managers, handling the financial arrangements of the property, preparing financial reports, showing available space to potential tenants, renegotiating or extending leases, meeting with resident or on-site managers to discuss problems or complaints, periodically inspecting the physical appearance of the property to ensure that necessary maintenance and repair operations are being performed and to take note of additional needed repairs.

Property management supervisors do not:

- · reside at or work from the site of the properties under management
- · directly supervise maintenance or repair employees
- · directly supervise the operation of the property

Employees exclusively engaged in the above job duties may have their payroll assigned to Code 951.

# **OPERATIONS NOT INCLUDED:**

1. The management or operation of all other types of real property is not subject to this Ruling and Interpretation and shall be classified as provided elsewhere in this Manual.

# **REGULAR AND FREQUENT**

In determining the classification assignment for an employee who may have (to varying degrees) multiple operational exposures, the term "regular and frequent" has historically been used by the DCRB in evaluating the duties of the employee(s) in question. The purpose of this R&I is to briefly (but not exhaustively) clarify the DCRB's use and application of this classification assignment concept.

The word "regular" is defined as "usual, normal, customary, recurring at fixed times and periodic." The word "frequent" is defined as "happening or occurring at short intervals, constant or habitual." The intent of the DCRB's classification procedure is to assign the payroll of an employee having multiple occupational exposures to that classification most consistent with the overall nature of that employee's exposure. The term "regular and frequent" is a benchmark used to help determine whether exposure in a given occupational area is or is not sufficient to warrant assignment of an employee to the Manual classification applicable to such exposure.

An employee need not actually work at a production machine in order to have their payroll assigned to the appropriate basic production classification. If, in the course of performing their work, the employees' duties bring them into regular and frequent contact with the production area, then that person's payroll would be assigned to the appropriate basic production classification.

The above observation should not be construed to mean that any individual who ever steps into the plant or shop area would automatically have their payroll assigned to the higher valued classification. The intent of the DCRB's classification procedure is to be reasonable and fair in assigning the appropriate classification that reflects the employee's job duties. Therefore, an employee who was temporarily engaged in a job duty beyond the restrictive definition of the standard exception classifications on an infrequent or emergency basis would not have their payroll assigned to the basic classification.

Please note that the existence of a portal door or window in a floor-to-ceiling partition to allow an interface between employees, visitors or customers does not in and of itself invalidate the floor-to-ceiling partition.

Some examples may further clarify these considerations:

- Employee X of ABC Corporation makes outside sales calls and visits prospective customers one day a week every week. The employee will typically visit five to six customers. The other four days of the week, Employee X works at ABC Corporation's offices handling administrative paperwork and other clerical duties. Employee X's payroll would be allocated to Code 951, because this employee is regularly (every week) and frequently (one day per week) engaged in outside sales duties away from the premises.
- Employee X of ABC Corporation makes a trip to a sales convention for a week, two times a year. The rest of the
  employee's duties keep Employee X working strictly in the company's corporate offices. Employee X's payroll
  should be assigned to Code 953, as two sales convention trips a year should not be construed as either regular or
  frequent.
- Employee Y of DEF Corporation spends about two hours (out of an eight-hour day) every day in the production
  plant. Employee Y will go to each of the production areas of the plant and physically observe and talk with
  foremen and workers at their machines to get feedback as to when a certain job will be completed. Employee Y
  may also set up a complex job on a machine or do an emergency repair during these two hours. Employee Y
  spends the other six hours of each day in an office handling production scheduling, administrative paperwork,
  finances and management reports. Employee Y's payroll would be assigned to the production plant's governing
  classification, as this employee is regularly and frequently exposed to the production area, even though Employee
  Y does not actually work on a production machine.

If this employee had spent only 10-to-15 minutes once or twice a week in the shop conferring with foremen, greeting employees or had been called into the shop in case of an emergency with the rest of their time spent in an office, then the payroll of Employee Y would be assigned to Code 953, as the employee is not frequently in the shop.

The major points attempted to be made here are:

- · Determining the amount of time an employee spends exposed to the operational hazards of the business is extremely important.
- Determining the duties of an employee during that time may give a clearer picture of the extent of the employee's duties.

As usual, the more involved in presenting and exploring a line of guestioning, the more information comes to light. With the benefit of such enhanced information, the auditor will more likely be able to make an informed judgment on assignment of payroll.

## **RETAIL STORE WITH MANUFACTURING CONCERN**

Where a retail outlet is located at the same or contiguous premises as a business' manufacturing facility, the applicable retail store classification shall apply to the payroll of the retail outlet provided that such outlet is operated in a work area physically separate from the business' other operations by a floor to ceiling partition and by a separate crew of employees.

## SELF-SERVICE GASOLINE STATIONS AND CONVENIENCE GROCERS

In classifying a combination self-service gasoline station and convenience grocer Code 917 shall apply at each location when the sale of merchandise, other than gasoline, exceeds 10% of the total annual receipts for the location.

Self-service gasoline stations exclusively engaged in the retail sale of gasoline or where the cashier may also sell items such as cigarettes and/or snack food only shall be assigned to Code 816 .

### SHOP REPAIR OPERATIONS

Risks having shop operations that involve the repair of a product for which there is no repair classification are to be assigned to the classification that applies to the manufacture of the product, unless such repair work is specifically referred to by another classification phraseology, footnote or definition in the Manual.

### SNOW PLOWING AND/OR REMOVAL

Assign the employer's governing classification to payroll developed in snow plowing and/or removal for unrelated concerns.

#### TIPS VS. AUTOMATIC GRATUITIES

The IRS has ruled that when a business adds service charges to customers' bills (such as "automatic gratuities") and distributes those charges to its employees, the business should characterize the distributed amounts as social security wages, not as social security tips.

Payments must meet all of the following criteria to be considered as tips:

- The customer must freely determine the payment.
- The customer must be able to determine the amount without restriction.
- The payment cannot be determined by negotiations between the customer and employer, or dictated by the employer. The customer should generally have the right to decide who receives the payment.

Historically tips, including automatic gratuities, have been excluded from remuneration and, therefore, have been exclude from the basis for premium in Delaware. However, in recognition of this IRS ruling, the DCRB directs that automatic gratuities be included as remuneration. Note that tips, as defined above (and thus distinguished from automatic gratuities), remain an exclusion from remuneration in Delaware.

## TRUCK STOPS

A truck stop establishment is a multiple enterprise, and the appropriate classification shall be assigned to each of the various operations thereof provided each operation is separately staffed and is conducted in a physically separate work area. The exact nature of each of the truck stop's operations will direct which classification to assign. The more common truck stop operations and the assignable class for each are delineated below:

- 1. **Code 816** is for payroll developed by fuel attendants engaged in pumping gasoline or diesel fuel or to personnel who work exclusively on a fuel island adding or changing motor oil, checking the air in tires and performing related duties. Fuel attendants may also accept payment for fuel or motor oil sales.
- 2. **Code 815** is assignable to personnel engaged in the repair of automobiles or trucks. A truck stop may have separate automobile and truck repair bays.
- 3. **Code 973** is assignable to the payroll of chambermaids or related personnel engaged in the upkeep of motel rooms.
- 4. Code 928 is assignable to gift shop and/or retail store personnel. The merchandise sold may include but is not necessarily limited to: men's or women's clothing, CB radios, gifts, greeting cards, toilet articles, health or beauty aids, books, newspapers or magazines.

Payroll developed in the operation of a restaurant, when conducted in a physically separate department and by a separate crew of employees, including preparing or serving food or beverages, washing dishes or receiving payment for meals or beverages, shall be assigned to the applicable restaurant classification. Please refer to the descriptions of Codes 897 and 975 in Section 2 for further information.

Control desk cashiers' duties include but are not necessarily limited to: operating self-serve fuel pump controls, writing invoices for fuel or motor oil sales or vehicle repairs, receiving cash or credit payment for fuel sales or trucking operating permits, receiving or transmitting telegrams or receiving telegram money transfers, accepting payment for store merchandise or selling lottery tickets. Employees engaged as control desk cashiers may be assigned to Code 928 provided the control desk is located inside the truck stop store. In the event the control desk is located in an enclosed booth located on a fuel island or in an area contiguous thereto the payroll of the control desk cashiers shall be assigned to Code 816.

Additional classifications may be extended to a truck stop in the event a truck stop conducts additional separately staffed and located operations not listed in this General Auditing & Classification Information entry.

### WHOLESALE/RETAIL MAIL ORDER HOUSE OR INTERNET SALES - DEFINITIONS

### Wholesale

For the purposes of classifying stores the term "wholesale" shall be construed to mean the selling of merchandise:

- 1. to retailers;
- 2. to manufacturers, builders or contractors;
- 3. to industrial, agricultural, commercial, governmental, institutional or professional users;
- 4. to other wholesalers; or
- 5. to firms acting as agents in buying merchandise for or selling merchandise to such persons or companies as those previously listed.

Wholesale store operations generally include the maintenance of warehouse inventories; delivery and the promoting of sales through utilization of an outside sales force and/or by telephone or fax. Many but not all wholesalers may also perform the physical assembling, sorting and grading of their goods; the breaking of bulk quantities and repackaging into smaller lots. A wholesaler may also have a sales counter where a walk-in customer's order may be written up and payment for merchandise made. The counter clerk may transmit the order to the warehouse or the customer may take the order to the warehouse for fulfillment.

### Mail Order House Or Internet Sales

An enterprise principally (more than 50 percent of the gross receipts) engaged in selling by mail order or by telephone by means of a catalogue mailed to customers and/or via Internet website shall be assigned to the appropriate wholesale store classification for the commodities handled, except for mail order pharmacies filling individual patient drug prescriptions which shall be assigned to Code 927. Mail, telephone order or Internet sales by a manufacturer or incidental to a retail store business shall be classified in accordance with the class or classes appropriate to the business of the employer.

### Retail

For purposes of classifying stores the term "Retail" shall be construed to mean the selling of displayed merchandise in store-type premises where floor and/or counter salespersons assist customers or on a self-service basis to the general public for personal or household consumption or use. Warehouse operations incident to the retail store enterprise shall be assigned to the enterprise's appropriate retail store classification.

The appropriate retail store class shall also be assigned when the insured, while technically a wholesaler, operates primarily in a retail manner. The customers will generally be commercial or professional users. "Retail manner" means such insured will have a large merchandise display area, customers may walk up and down the display aisles, inspect the merchandise being offered for sale, place their selections into either a shopping basket or shopping cart and will make payment for their selections at a customer checkout lane. The employer's single largest group(s) of employees are floor or counter salespersons assisting customers or performing customer checkout.

(There is no sales tax on merchandise sold in Delaware, but in the event such is enacted the act of collecting a sales tax on merchandise sold will not be a factor in defining a retail store and will have no bearing upon determining the business' classification assignment.)

### WRECKING OR DEMOLITION OR BUILDING MOVING OR RAISING PROJECT

All work to completion at a wrecking or demolition or a building moving or raising site shall be assigned to one of the following classifications:

- 1. Code 651 Applicable to wooden buildings or structures including those designed for residential occupancy and interior stripping/gutting.
- 2. Code 654 Applicable to concrete or concrete encased buildings or structures.
- 3. Code 655 Applicable to iron or steel buildings or structures.
- 4. Code 653 Applicable to masonry buildings or structures.
- 5. Code 611 Applicable to piers or wharfs.

The classification with the highest rating value applies where wrecking or demolition or building moving or raising involves a building or structure of more than one type of construction, the classification with the highest rating value applies.

All wrecking or demolition or building moving or raising work not specifically described above shall be assigned by analogy to one of the classifications designated above. No other classification is applicable.

Secondhand material businesses at a separate location with no interchange of employees shall be assigned to the appropriate scrap metal dealer classification based on whether the dealer is principally engaged in handling ferrous or nonferrous scrap metal. Assign ferrous scrap dealers to Code 858 and assign nonferrous scrap dealers to Code 859. Assign Code 860 to secondhand materials dealers who do not have a principal line of merchandise.

#### ENDORSEMENTS

#### **General Information**

#### (Regarding standard policy, information page and endorsements)

### GENERAL ENDORSEMENT NOTES

- Insurance carriers may use their own attachment clause and method of execution on each endorsement. The
  execution clause of endorsements issued subsequent to the policy must include at a minimum the following
  information: policy number, endorsement, effective date, name of the insurer and insured, and premium (if
  applicable). Multi-company groups must show the name or the five-digit National Council on Compensation
  Insurance, Inc. (NCCI) carrier code of the member of the group providing the insurance.
- 2. THE PAGES WHICH APPEAR HEREIN INCLUDE COPYRIGHTED MATERIAL FROM THE NATIONAL COUNCIL ON COMPENSATION INSURANCE, INC. USED WITH ITS PERMISSION. All rights reserved.

DELAWARE FORMS HAVE BEEN COPYRIGHTED BY THE DELAWARE COMPENSATION RATING BUREAU INC. OR THE PENNSYLVANIA COMPENSATION RATING BUREAU.

The license extended to the Delaware Compensation Rating Bureau, Inc. by the NCCI for use of its copyrighted forms permits this Bureau's members to use such forms provided the form carries the legend "Copyright \_\_\_\_\_ National Council on Compensation Insurance, Inc." (the year to be filled in accordance with the appropriate year of copyright as found in the Forms Manual issued by the NCCI). Any of the standard forms included in this change may be ordered from the National Council on Compensation Insurance, Inc.

The policy and endorsements have been filed on behalf of the members of the Bureau and approved by the Insurance Commissioner. Accordingly, individual filings with the Insurance Department or the Industrial Accident Board are not required if a member carrier uses the standard form filed by the Bureau. However, a specimen copy of each approved form prepared by the carrier shall be filed with the Bureau. Any company which makes other than authorized changes in or additions to such approved Bureau forms must file the forms directly with the Insurance Department, providing a copy of such filing to the Industrial Accident Board and the Bureau. See Endorsements Filing Procedure for specific instructions.

The information page and its notes were also filed and approved as a standard form. The specific form copyrighted by the NCCI. It will be seen that some of the notes require modifications to this form for use in Delaware, while other notes give the carrier many options as to items to be included. Use of an information page which includes the Delaware requirements and the exercise of any of the other specified options will be considered an approved form, subject only to filing with the Bureau. Any omission(s) of required items from an information page will require filing of such information page with the Insurance Department, with a copy of such filing to be forwarded to the Bureau.

### 3. Endorsement Filing Procedure

The provisions of each endorsement applicable in Delaware as developed by the appropriate committees of the Bureau, will be filed by the Bureau with the Department, for all members who have furnished the President of the Bureau with a Power of Attorney to so file on their behalf.

Individual filing with the Insurance Department will not be required by any member carrier who has executed the Power of Attorney, with respect to the provisions of endorsements which have been filed by the Bureau and accepted by the Insurance Department.

Following the acceptance by the Insurance Department of the provisions of endorsements filed by the Bureau, a circular letter will be issued by the Bureau notifying the members of the Bureau.

A specimen copy of each endorsement form, prepared by the carrier, shall be filed with the Bureau, accompanied by a letter certifying to the following:

(a) That the form of the endorsement is exactly in accord with the form as filed with the Insurance Department.

(b) That the minimum requirements of the Insurance Department with respect to execution, name of carrier, etc., have been complied with.

When specimen copies of each endorsement form have been placed on file in the Bureau, no further action will be necessary to authorize use of such endorsements by those carriers on whose behalf the filing was made.

It is anticipated that all carriers will avail themselves of this simplified procedure. In the event a carrier chooses not to furnish the President with a Power of Attorney that carrier must continue to file its endorsements with the Insurance Department.

# TABLE OF CONTENTS TO SECTION 3 ENDORSEMENTS

The circumstances under which each endorsement must or may be used are described in the supplementary notes following each endorsement.

### TABLE OF CONTENTS TO SECTION 3 ENDORSEMENTS

### Workers Compensation and Employers Liability Policy Form

### **Policy Format**

The policy consists of a General Section and six Parts.

Part One is statutory workers compensation coverage.

Part Two is employers liability coverage.

Part Three provides Other States insurance. This was previously provided by the Other States Endorsement.

Part Four shows the insured's duties in event of loss.

Part Five consists of all premium provisions, including premium calculation on cancellation.

Part Six shows the five Conditions of the policy.

 Standard Policy: See NCCI Forms Manual
 WC 00 00 00- B

 Information Page: See NCCI Forms Manual
 WC 00 00 01A

#### **Information Page Notes**

The information page notes found in the NCCI Forms Manual apply in **Delaware**. Non-NCCI member can contact the Bureau for details.

WC 00 01 01A

### DEFENSE BASE ACT COVERAGE ENDORSEMENT

This endorsement applies only to the work described in the Schedule or described on the Information Page as subject to the Defense Base Act. The policy applies to that work as though the location included in the description of the work were a state named in item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

### C. Workers' Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Defense Base Act (42 USC Sections 1651-1654). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Defense Base Act.

### Schedule

Description of Work:

- **Note 1:** The Defense Base Act makes the Longshore and Harbor Workers' Compensation Act apply to contractors performing work at overseas military bases, whether in a territory or possession of the United States or in a foreign country, and to various public works contracts performed outside the continental United States.
- **Note 2:** Use this endorsement to provide workers compensation insurance and employers liability insurance for work subject to the Defense Base Act extension of the Longshore and Harbor Workers' Compensation Act.
- **Note 3:** The description of the work include the location where the work is to be performed.

### WC 00 01 02A

### FEDERAL COAL MINE SAFETY AND HEALTH ACT COVERAGE ENDORSEMENT

This endorsement applies only to work in a state shown in the Schedule and subject to the Federal Coal Mine Safety and Health Act (30 USC Sections 801-945). Part One (Workers Compensation Insurance) applies to that work as though that state were shown in item 3.A. of the Information Page.

The definition of workers compensation law includes the Federal Coal Mine Safety and Health Act (30 USC Sections 801-945) and any amendment to that law that is in effect during the policy period.

Part One (Workers Compensation Insurance), section A.2., How This Insurance Applies, is replaced by the following:

Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period or, when the last exposure occurred prior to July 1, 1973, a claim based on that disease must be first filed against you during the policy period shown in item 2 of the Information Page.

### Schedule

State

- Note 1: Use this endorsement when the policy is to cover exposures subject to the Federal Coal Mine Safety and Health Act.
- **Note 2:** Federal Black Lung workers compensation insurance is provided in a state (including monopolistic state fund states) by naming the state in the Schedule.
- **Note 3:** If this endorsement is used with a policy that does not provide any state workers insurance, the insurer may enter the words "no coverage", or "none", or the equivalent, in item 3.A. of the Information Page.

WC 00 01 04 A

### FEDERAL EMPLOYERS' LIABILITY ACT COVERAGE ENDORSEMENT

This endorsement applies only to work subject to the Federal Employers' Liability Act (45 USC Sections 51-60) and any amendment to that Act that is in effect during the policy period.

- **G.** Limits of Liability of Part Two (Employers Liability Insurance) is replaced by the following:
  - G. Limits of Liability

Our liability to pay for damages is limited. Our limits of liability are shown in the Schedule. They apply as explained below:

1. Bodily Injury by Accident. The limit shown for "bodily injury by accident-each accident" is the most we will pay for all damages covered by this insurance because of bodily injury to one or more employees in any one accident.

A disease is not bodily injury by accident unless it results directly for bodily injury by accident.

2. Bodily injury by Disease. The limit shown for "bodily injury by disease-aggregate" is the most we will pay for all damages covered by this insurance because of bodily injury by disease to one or more employees. The limit applies separately to bodily injury by disease arising out of work in each state shown in Item 3.A. of the Information Page or in the Schedule.

Bodily injury by disease does not include disease that results directly from bodily injury by accident.

3. We will not pay any claims for damages after we have paid the applicable limit of our liability under this insurance.

If any state is named in Item 2 of the Schedule, Part Two (Employers Liability Insurance) applies in that state to work subject to the Federal Employers' Liability Act as though that state were listed in Item 3.A. of the Information Page. Part One (Workers Compensation Insurance) does not apply in a state shown in the Schedule.

Part Two (Employers Liability Insurance), C. Exclusions. Exclusion 9, does not apply to work subject to the Federal Employer's Liability Act.

Schedule

1. Limits of liability Bodily Injury by Accident Bodily Injury by Disease

\$\_\_\_\_\_ each accident
\$\_\_\_\_\_ aggregate

- 2. State
- **Note 1**: The federal Employers Liability Act makes an interstate railroad liable for bodily injuries sustained by an employee. That liability of the railroad is insured by Part Two (Employers Liability Insurance) unless specifically excluded by Federal Employers Liability Act Exclusion.
- Note 2: Use this endorsement when providing Federal Employers Liability Act coverage under Program I or II of Rule XIII of the Basic Manual.
- **Note 3**: Item 2 of the Schedule may be used to extend FELA coverage to a state not listed in item 3.A. of the Information Page.

WC 00 01 06A

# LONGSHORE AND HARBOR WORKERS' COMPENSATION ACT COVERAGE ENDORSEMENT

This endorsement applies only to work subject to the Longshore and Harbor Workers' Compensation Act in a state shown in the Schedule. The policy applies to that work as though that state were listed in item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

### C. Workers' Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Longshore and Harbor Workers' Compensation Act (33 USC Sections 901-950). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Longshore and Harbor Workers' Compensation Act.

This endorsement does not apply to work subject to the Defense Base Act, the Outer Continental Shelf Lands Act, or the Nonappropriated Fund Instrumentalities Act.

Schedule

State

Longshore and Harbor Workers' <u>Compensation Act Coverage Percentage</u>

The rates for classifications with code numbers not followed by the letter "F" are rates for work not ordinarily subject to the Longshore and Harbor Workers' Compensation Act. If this policy covers work under such classifications, and if the work is subject to the Longshore and Harbor Workers' Compensation Act, those non-F classification rates will be increased by the Longshore and Harbor Workers' Compensation Act Coverage Percentage shown in the Schedule.

WC 00 01 08A

## NONAPPROPRIATED FUND INSTRUMENTALITIES ACT COVERAGE ENDORSEMENT

This endorsement applies only to the work described in the Schedule or described on the Information Page as subject to the Nonappropriated Fund Instrumentalities Act. The policy applies to that work as though the location shown in the Schedule were a state named in item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

#### C. Workers Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Nonappropriated Fund Instrumentalities Act (5 USC Sections 8171-8173). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Nonappropriated Fund Instrumentalities Act.

# NOTIFICATION ENDORSEMENT OF PENDING LAW CHANGE TO TERRORISM RISK INSURANCE PROGRAM REAUTHORIZATION ACT OF 2007

This endorsement is being sent to you with respect to your workers compensation and employers liability insurance policy. This endorsement does not replace the separate Terrorism Risk Insurance Program Reauthorization Act Disclosure Endorsement (WC 00 04 22 A) that is attached to your current policy and which remains in effect as applicable.

The Terrorism Risk Insurance Act of 2002 (TRIA) as previously amended and extended by the Terrorism Risk Insurance Program Reauthorization Act of 2007 (TRIPRA), provides for a program under which the federal government will share in the payment of insured losses caused by certain acts of terrorism. In the absence of affirmative US Congressional action to extend, update, or otherwise reauthorize TRIPRA, in whole or in part, TRIPRA is scheduled to expire December 31, 2014.

Since the timetable for any further Congressional action respecting TRIPRA is unknown at this time, and exposure to acts of terrorism remains, we are providing our policyholders with relevant information concerning their workers compensation policies in effect on or after January 1, 2014 in the event of TRIPRA's expiration.

Your policy provides coverage for workers compensation losses caused by acts of terrorism or war, including workers compensation benefit obligations dictated by state law, except in Pennsylvania where injuries or deaths resulting from certain war-related activities are excluded from workers compensation coverage. Coverage for such losses is still subject to all terms, definitions, exclusions, and conditions in your policy.

The premium charge for the coverage your policy provides for terrorism or war losses is shown in Item 4 of the Information Page or the Schedule in the Terrorism Risk Insurance Program Reauthorization Act Disclosure Endorsement (WC 00 04 22 A) that is attached to your policy, and this amount may continue or change for new, renewal, and in-force policies in effect on or after December 31, 2014 in the event of TRIPRA's expiration, subject to regulatory review in accordance with applicable state law.

You need not do anything further at this time.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

(The information below is required only when this endorsement is issued subsequent to preparation of the policy.)

### MARITIME COVERAGE ENDORSEMENT

This endorsement changes how insurance provided by Part Two (Employers Liability Insurance) applies to bodily injury to a master or member of the crew of any vessel.

#### A. How This Insurance Applies is replaced by the following:

#### A. How This Insurance Applies

This insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

- 1. The bodily injury must arise out of and in the course of the injured employee's employment by you.
- 2. The employment must be necessary or incidental to work described in item 1 of the Schedule of the Maritime Coverage Endorsement.
- 3. The bodily injury must occur in the territorial limits of, or in the operation of a vessel sailing directly between the ports of the continental United States of America, Alaska, Hawaii or Canada.
- 4. Bodily injury by accident must occur during the policy period.
- 5. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.
- 6. If you are sued, the original suit and any related legal actions for damages for bodily injury by accident or by disease must be brought in the United States of America, its territories or possessions, or Canada.
- C. Exclusions is changed by removing exclusion 10 and by adding exclusions 13 and 14.

This insurance does not cover:

- 13. bodily injury covered by a Protection and Indemnity Policy or similar policy issued to you or for your benefit. This exclusion applies even if the other policy does not apply because of another insurance clause, deductible or limitation of liability clause, or any similar clause.
- 14. your duty to provide transportation, wages, maintenance and cure. This exclusion does not apply if a premium entry is shown in item 2 of the Schedule.
- D. We Will Defend is changed by adding the following statement:

We will treat a suit or other action in rem against a vessel owned or chartered by you as a suit against you.

#### G. Limits of Liability

Our liability to pay for damages is limited. Our limits of liability are shown in the Schedule. They apply as explained below.

1. Bodily Injury by Accident. The limit shown for "bodily injury by accident - each accident" is the most we will pay for all damages covered by this insurance because of bodily injury to one or more employees in any one accident.

A disease is not bodily injury by accident unless it results directly from bodily injury by accident.

2. Bodily Injury by Disease. The limit shown for "bodily injury by disease - aggregate" is the most we will pay for all damages covered by this insurance because of bodily injury by disease to one or more employees. The limit applies separately to bodily injury by disease arising out of work in each state shown in Item 3.A. of the Information Page. Bodily injury by disease will be deemed to occur in the state of the vessel's home port.

Bodily injury by disease does not include disease that results directly from a bodily injury by accident.

#### © 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

1. 2. 3.

### WC 00 02 01A (Continued)

3. We will not pay any claims for damages after we have paid the applicable limit of our liability under this insurance.

WC 00 02 03

## VOLUNTARY COMPENSATION MARITIME COVERAGE ENDORSEMENT

This endorsement adds Voluntary Compensation Maritime Insurance to the policy.

#### A. How This Insurance Applies

This insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

- 1. The bodily injury must be sustained by an employee who is a master or member of the crew of a vessel described in the Schedule.
- 2. The bodily injury must occur in employment that is necessary or incidental to work described in item 2 of the Schedule.
- 3. The bodily injury must occur in the territorial limits of, or in the operation of a vessel sailing directly between the ports of, the continental United States of America, Alaska, Hawaii or Canada.
- 4. Bodily injury by accident must occur during the policy period.
- 5. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employees' last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

### B. We Will Pay

We will pay an amount equal to the benefits that would be required of you if you and your employees described in the Schedule were subject to the workers compensation law shown in the Schedule. We will pay those amounts to the persons who would be entitled to them under that law.

### C. Exclusions

This insurance does not cover:

- 1. any obligation imposed by a workers compensation or occupational disease law, or any similar law.
- 2. bodily injury intentionally caused or aggravated by you.

### D. Before We Pay

Before we pay benefits to the persons entitled to them, they must:

- 1. Release you and us, in writing, of all responsibility for the injury or death.
- 2. Transfer to us their right to recover from others who may be responsible for the injury or death.
- 3. Cooperate with us and do everything necessary to enable us to enforce the right to recover from others.

If the persons entitled to the benefits of this insurance fail to do those things, our duty to pay ends at once. If they claim damages from you or from us for the injury or death, our duty to pay ends at once.

WC 00 03 11A

# VOLUNTARY COMPENSATION AND EMPLOYERS LIABILITY COVERAGE ENDORSEMENT

This endorsement adds Voluntary Compensation Insurance to the policy.

#### A. How This Insurance Applies

This insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

- 1. The bodily injury must be sustained by an employee included in the group of employees described in the Schedule.
- 2. The bodily injury must arise out of and in the course of employment necessary or incidental to work in a state listed in the Schedule.
- 3. The bodily injury must occur in the United States of America, its territories or possessions or Canada, and may occur elsewhere if the employee is a United States or Canadian citizen temporarily away from those places.
- 4. Bodily injury by accident must occur during the policy period.
- 5. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

#### B. We Will Pay

We will pay an amount equal to the benefits that would be required of you if you and your employees described in the Schedule were subject to the workers compensation law shown in the Schedule. We will pay those amounts to the persons who would be entitled to them under the law.

### C. Exclusions

This Insurance does not cover:

- 1. any obligation imposed by a workers compensation or occupational disease law, or any similar law.
- 2. bodily injury intentionally caused or aggravated by you.

#### D. Before We Pay

Before we pay benefits to the persons entitled to them, they must:

- 1. Release you and us, in writing, of all responsibility for the injury or death.
- 2. Transfer to us their right to recover from others who may be responsible for the injury or death.
- 3. Cooperate with us and do everything necessary to enable us to enforce the right to recover from others.

If the persons entitled to the benefits of this insurance fail to do those things, our duty to pay ends at once. If they claim damages from you or from us for the injury or death, our duty to pay ends at once.

### E. Recovery From Others

If we make a recovery from others, we will keep an amount equal to our expenses of recovery and the benefits we paid. We will pay the balance to the persons entitled to it. If the persons entitled to the benefits of this insurance make a recovery from others, they must reimburse us for the benefits we paid them.

WC 00 03 11A (Continued)

# F. Employers Liability Insurance

Part Two (Employers Liability Insurance) applies to bodily injury covered by this endorsement as though the State of employment shown in the Schedule were shown in item 3.A. of the Information Page.

Schedule

**Employees** 

State of Employment

Designated Workers Compensation Law

### WC 00 03 13

### WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

This agreement shall not operate directly or indirectly to benefit any one not named in the Schedule.

### Schedule

- **Note 1:** Use this endorsement to waive the company's right of subrogation against named third parties who may be responsible for an injury.
- **Note 2:** The sentence in () is optional with the company. It limits the endorsement to apply only to specific jobs of the insured, and only to the extent that the insured is required to obtain this waiver.

WC 00 04 02

## ANNIVERSARY RATING DATE ENDORSEMENT

The premium and rates for this policy, and the experience rating modification factor, if any, may change on your anniversary rating date shown in the Schedule.

Schedule

Anniversary Rating Date \_\_\_\_\_ (Month) \_\_\_\_\_ (Day)

Note 1: The anniversary rating date is explained in Rule 1 of the Basic Manual.

Note 2: Use this endorsement to show the insured's normal anniversary rating date if different from the policy effective date.

Note 3: The insurer may show the anniversary rating date in item 2 or item 4 of the Information Page.

WC 00 04 03

# EXPERIENCE RATING MODIFICATION FACTOR ENDORSEMENT

The premium for the policy will be adjusted by an experience rating modification factor. The factor was not available when the policy was issued. The factor, if any, shown on the Information Page is an estimate. We will issue an endorsement to show the proper factor, if different from the factor shown, when it is calculated.

- Note 1: This endorsement may be used if the insured's experience rating modification factor is not available when the policy is issued.
- **Note 2:** An appropriate typewritten entry may be made in the Information Page instead of using this endorsement.

WC 00 04 04

# PENDING RATE CHANGE ENDORSEMENT

A rate change filing is being considered by the proper regulatory authority. The filing may result in rates different from the rates shown on the policy. If it does, we will issue an endorsement to show the new rates and their effective date.

If only one state is shown in Item 3.A. of the Information Page, this endorsement applies to that state. If more than one state is shown there, this endorsement applies only in the state shown in the Schedule.

# Schedule

State

- **Note 1:** Use this endorsement if the rates shown in the policy may change because of a rate filing pending when the policy is issued.
- Note 2: An appropriate typewritten entry may be made on the Information Page instead of using this endorsement.

WC 00 04 05

# POLICY PERIOD ENDORSEMENT

The policy period shown in item 2 of the Information Page consists of the consecutive periods shown in the Schedule. Our Manuals and all provisions of the policy apply separately to each period.

|      | Schedule         |
|------|------------------|
| From | to<br>12:01 A.M. |
| From | to<br>12:01 A.M. |
| From | to<br>12:01 A.M. |

- Note 1: Use this endorsement if the policy period is longer than one year and sixteen days and does not consist of complete twelve month periods.
- Note 2: Rule III-C of the Basic Manual requires this endorsement to show which period, the first or the last, is to be less than twelve months.

WC 00 04 06

# PREMIUM DISCOUNT ENDORSEMENT

The premium for this policy and the policies, if any, listed in item 3 of the Schedule may be eligible for a discount. This endorsement shows your estimated discount in item 1 or 2 of the Schedule. The Final calculation of premium discount will be determined by our manuals and your premium basis as determined by audit. Premium subject to retrospective rating is not subject to premium discount.

| Schedule |
|----------|
|----------|

| <u>State</u> |                  | Estimated Eligible Premium |                   |         |  |
|--------------|------------------|----------------------------|-------------------|---------|--|
|              | First<br>\$5,000 | Next<br>\$95,000           | Next<br>\$400,000 | Balance |  |

- 2. Average percent discount: \_\_\_\_\_ %
- 3. Other policies:

1.

- 4. If there are no entries in items 1, 2 and 3 of the Schedule see the Premium Discount Endorsement attached to your policy number:
- **Note 1:** Use this endorsement to show the application of Manual Rule VII, Premium Discount, or to identify the insured's policy which shows the application of the Discount Rule.
- Note 2: Do not make entries in items 1, 2 or 3 if a policy number is to be shown in item 4.
- Note 3: The company has the option of replacing item 1 with the appropriate Table in use by the company.
- Note 4: Item 2 may be used if all eligible premium is developed in one or more states using the same discount.
- Note 5: Item 3 is available to list all policies that are combined under the Discount Rule.
- Note 6: Use item 4 if premium discount is shown on another policy issued to the insured.

WC 00 04 07

### **Rate Change Endorsement**

Rate changes that apply to the policy have been approved by the proper regulatory authority. The changes are shown in the Schedule.

Schedule

State

Date of Change State Coverage % Change Longshore and Harbor Workers Act Coverage %

**Note 1:** Use this endorsement to show a change in rates for state coverage.

**Note 2:** Use the first and second columns to show the state and effective date of the change.

Note 3: Use the third column if the change is a flat percentage applicable to all classifications.

- **Note 4:** Use the fourth Column to show the new percentage, if any, applicable to non-F classifications for work subject to the Longshore and Harbor Workers Compensation Act.
- **Note 5:** The company may show a fifth column (Classification Code Number and Rate) in order to show the change on a Schedule of Rate basis.

WC 00 05 03

# RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V – ONE YEAR PLAN

This endorsement is added to Part Five (Premium) because you chose to have the cost of the insurance rated retrospectively by Rating Option V. This endorsement explains the rating plan and how the retrospective premium will be determined.

This endorsement applies in the states listed in the Schedule. It determines the retrospective premium for the insurance provided during the rating plan period by this policy and any policy listed in the Schedule. The rating plan period is the one year period beginning with the effective date of this endorsement.

The amount of retrospective premium depends on five standard elements and two elective elements.

# A. Retrospective Premium Standard Elements

The five standard elements are explained here.

- 1. Standard premium is the premium we would charge during the rating plan period if you had not chosen retrospective premium rating, but with two exceptions. Standard premium does not include the expense constant charge or the premium discount credit.
- 2. Basic premium is less than standard premium. It is standard premium multiplied by a percentage called the basic premium factor. The basic premium factor varies depending on the total amount of standard premium. The Schedule shows a range of basic premium factors for differing amounts of estimated standard premium. The actual basic premium factor will be determined after the standard premium is determined. If earned standard premium is not within the range of the estimated standard premiums shown in the Schedule, the basic premium will be recalculated.
- 3. Incurred losses are all amounts we pay or estimate we will pay for losses, interest on judgments, expenses to recover against third parties, and employers liability loss adjustment expenses.
- 4. A converted loss is an incurred loss multiplied by a percentage called the loss conversion factor. The loss conversion factor is shown in the Schedule.
- 5. Taxes are a part of the premium we collect. Taxes are determined as a percentage of basic premium and converted losses. The percentage is called the tax multiplier. It varies by state and by Federal and non-Federal classifications. The tax multipliers are shown in the Schedule.

### B. Retrospective Premium Elective Elements

Two other elements are included in retrospective premium if you elected to include them. They are the excess loss premium for the loss limitation, and the retrospective development premium. They are explained here.

1. The election of a loss limitation means that the amount of incurred loss to be included in the retrospective premium is limited to an amount called the loss limitation. The loss limitation applies separately to each person who sustains bodily injury by disease and separately to all bodily injury arising out of any one accident.

The charge for this loss limitation is called the excess loss premium. Excess loss premium is a percentage of standard premium multiplied by the loss conversion factor. The percentage is called the excess loss premium factor. Taxes are added to excess loss premium just as they are for other elements of retrospective premium.

Excess loss premium factors vary by state, by classification, and by the amount of the loss limitation. If you chose this elective element, the loss conversion factor, the loss limitation, the excess loss premium factors, and the states where they apply are shown in the Schedule.

2. The retrospective development element is used to help stabilize premium adjustments. The premium for this element is charged with the first three calculations of retrospective premium, and is called the retrospective development premium. It is a percentage of standard premium multiplied by the loss conversion factor. The percentage of standard premium is called the retrospective development factor. Taxes are added to retrospective development premium just as they are for other elements of retrospective premium.

### WC 00 05 03 (Continued)

Retrospective development factors vary by state, by electing a loss limitation, and by first, second, and third calculations of retrospective premium. If you chose this elective element, the retrospective development factors are shown in the Schedule.

# C. Retrospective Premium Formula

Insurance policies listed in the Schedule will be combined with this policy to calculate the retrospective premium. If the policies provide insurance for more than one insured, the retrospective premium will be determined for all insureds combined, not separately for each insured.

- 1. Retrospective premium is the sum of basic premium, converted losses, and taxes, plus the excess loss premium and retrospective development premium elective elements if you chose them.
- 2. The retrospective premium will not be less than the minimum nor more than the maximum retrospective premium. The minimum and maximum retrospective premiums are determined by applying the minimum and maximum factors shown in the Schedule to the standard premium.
- 3. If this endorsement applies to more than one policy or state, the standard premium will be the sum of the standard premiums for each policy and state.

### D. Premium Calculations and Payments

1. We will calculate the retrospective premium using all loss information we have as of a date six months after the rating plan period ends and annually thereafter. We will have the calculation verified by the appropriate rate service organization at your request.

We may make a special valuation of the retrospective premium as of any date that you are declared bankrupt or insolvent, make an assignment for the benefit of creditors, are involved in reorganization, receivership, or liquidation, or dispose of all your interest in work covered by the insurance. You will pay the amount due us if the retrospective premium is more than the total standard premium as of the special valuation date.

- 2. After a calculation of retrospective premium, you and we may agree that it is the final calculation. No other calculation will be made unless there is clerical error in the final calculation.
- 3. After each calculation of retrospective premium, you will pay promptly the amount due us, or we will refund the amount due you. Each insured is responsible for the payment of all standard premium and retrospective premium calculated under this endorsement.

# E. Work In Other States

If any of the policies provide insurance in a state not listed in the Table of States, and if you begin work in that state during the rating plan period, this endorsement will apply to that insurance if this rating plan applies in that state on an interstate basis. The retrospective premium standard elements, and the elective elements you chose, will be determined by our manuals for that state, and added to the Schedule by endorsement.

# F. Cancelation

- 1. If any insurance subject to this endorsement is canceled, the effective date of cancelation will become the end of the rating plan period for all insurance subject to this endorsement unless we agree with you, by endorsement, to continue the rating plan period.
- 2. If we cancel for nonpayment of premium, the maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to 365 days.
- 3. If you cancel, the standard premium for the rating plan period will be increased by our short rate table and procedure. This short rate premium will be the minimum retrospective premium and will be used to determine the basic premium.

The short rate premium will be used to determine the excess loss premium and retrospective development premium if you chose these elective elements.

The maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to 365 days.

WC 00 05 03 (Continued)

- 4. Section F.3. will not apply if you cancel because:
  - a. all work covered by the insurance is completed;
  - b. all interest in the business covered by the insurance is sold; or,
  - c. you retire from all business covered by the insurance.

Schedule

- 1. Other policies subject to this Retrospective Premium Endorsement:
- 2. Loss limitation: \$
- 3. Loss conversion factor:

Minimum Retrospective Premium Factor

Maximum Retrospective Premium Factor

4. The basic premium factors shown here are based on estimates of standard premium. If the actual standard premium is within the range of estimated standard premiums shown here, the basic premium factor will be obtained by linear interpolation to the nearest one-tenth of 1%. If the actual standard premium is not within the range of estimated standard premium factor will be recalculated.

| Estimated standard premium: | <u>50%</u> | <u>100%</u> | <u>150%</u> |
|-----------------------------|------------|-------------|-------------|
|                             | \$         | \$          | \$          |
| Basic premium factor:       |            |             |             |

\_ \_ \_ .

. . . . .

. \_ . . .

5. The tax multipliers, excess loss premium factors, and retrospective development factors, and the states where they apply, are shown in the Table of States.

NOTES TO RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V - ONE YEAR PLAN

- 1. This endorsement is to be used for Rating Option V of the Retrospective Rating Plan. It is designed for a one year rating plan period.
- 2. Identify by policy number any other policy to be combined with this policy for retrospective rating. Other policies should be endorsed with Retrospective Premium Endorsement (Short Form) to show that they are subject to this endorsement.
- 3. Show the amount of the loss limitation, if applicable, in item 2 of the Schedule. If a loss limitation was not elected, enter "none," "does not apply," or other appropriate text. If the limitation applies in some but not all states, name the states where it applies.
- 4. Use item 3 of the Schedule to show the loss conversion factor, minimum retrospective premium factor, and the maximum retrospective premium factor.
- 5. Use item 4 to show basic premium factors for 50%, 100%, and 150% of estimated standard premium. Additional columns may be added to show the basic premium factor for other percentages of estimated standard premium.
- 6. The Table of States may be printed at the beginning or end of the Schedule or printed separately. If printed separately, an appropriate attachment clause should be included on the Schedule, such as "This Schedule includes the attached Table of States." The display of information on the Table of States may be rearranged by the company.

WC 00 05 04

# RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V – THREE YEAR PLAN

This endorsement is added to Part Five (Premium) because you chose to have the cost of the insurance rated retrospectively by Rating Option V. This endorsement explains the rating plan and how the retrospective premium will be determined.

This endorsement applies in the states listed in the Schedule. It determines the retrospective premium for the insurance provided during the rating plan period by this policy, any policy listed in the Schedule, and the renewals of each. The rating plan period is the three year period beginning with the effective date of this endorsement.

The amount of retrospective premium depends on five standard elements and two elective elements.

### A. Retrospective Premium Standard Elements

The five standard elements are explained here.

- 1. Standard premium is the premium we would charge during the rating plan period if you had not chosen retrospective premium rating, but with two exceptions. Standard premium does not include the expense constant charge or the premium discount credit.
- 2. Basic premium is less than standard premium. It is standard premium multiplied by a percentage called the basic premium factor. The basic premium factor varies depending on the total amount of standard premium. The Schedule shows a range of basic premium factors for differing amounts of estimated standard premium. The actual basic premium factor will be determined after the standard premium is determined. If earned standard premium is not within the range of the estimated standard premiums shown in the Schedule, the basic premium will be recalculated.
- 3. Incurred losses are all amounts we pay or estimate we will pay for losses, interest on judgments, expenses to recover against third parties, and employers liability loss adjustment expenses.
- 4. A converted loss is an incurred loss multiplied by a percentage called the loss conversion factor. The loss conversion factor is shown in the Schedule.
- 5. Taxes are a part of the premium we collect. Taxes are determined as a percentage of basic premium and converted losses. The percentage is called the tax multiplier. It varies by state and by Federal and non-Federal classifications. The tax multipliers or an average tax multiplier are shown in the Schedule. Tax multipliers may change during the rating plan period. Changes will be shown by endorsement.

### B. Retrospective Premium Elective Elements

Two other elements are included in retrospective premium if you elected to include them. They are the excess loss premium for the loss limitation, and the retrospective development premium. They are explained here.

1. The election of a loss limitation means that the amount of incurred loss to be included in the retrospective premium is limited to an amount called the loss limitation. The loss limitation applies separately to each person who sustains bodily injury by disease and separately to all bodily injury arising out of any one accident.

The charge for this loss limitation is called the excess loss premium. Excess loss premium is a percentage of standard premium multiplied by the loss conversion factor. The percentage is called the excess loss premium factor. Taxes are added to excess loss premium just as they are for other elements of retrospective premium.

Excess loss premium factors vary by state, by classification, and by the amount of the loss limitation. If you chose this elective element, the loss conversion factor, the loss limitation, the excess loss premium factors, and the states where they apply are shown in the Schedule. Excess loss premium factors may change during the policy period. Changes will be shown by endorsement.

2. The retrospective development element is used to help stabilize premium adjustments. The premium for this element is charged with the first three calculations of retrospective premium, and is called the retrospective development premium. It is a percentage of standard premium multiplied by the loss conversion factor. The percentage of standard premium is

### © 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

### WC 00 05 04 (Continued)

called the retrospective development factor. Taxes are added to retrospective development premium just as they are for other elements of retrospective premium.

Retrospective development factors vary by state, by electing a loss limitation, and by first, second, and third calculations of retrospective premium. If you chose this elective element, the retrospective development factors are shown in the Schedule.

### C. Retrospective Premium Formula

Insurance policies listed in the Schedule will be combined with this policy to calculate the retrospective premium. If the policies provide insurance for more than one insured, the retrospective premium will be determined for all insureds combined, not separately for each insured.

- 1. Retrospective premium is the sum of basic premium, converted losses, and taxes, plus the excess loss premium and retrospective development premium elective elements if you chose them.
- 2. The retrospective premium will not be less than the minimum nor more than the maximum retrospective premium. The minimum and maximum retrospective premiums are determined by applying the minimum and maximum factors shown in the Schedule to the standard premium.
- 3. If this endorsement applies to more than one policy or state, the standard premium will be the sum of the standard premiums for each policy and state.

# D. Premium Calculations and Payments

1. We will calculate the retrospective premium using all loss information we have as of a date six months after the rating plan period ends and annually thereafter. We will have the calculation verified by the appropriate rate service organization at your request.

We may make a special valuation of the retrospective premium as of any date that you are declared bankrupt or insolvent, make an assignment for the benefit of creditors, are involved in reorganization, receivership, or liquidation, or dispose of all your interest in work covered by the insurance. You will pay the amount due us if the retrospective premium is more than the total standard premium as of the special valuation date.

We may make interim calculations of retrospective premium for the first year and the first two years of the rating plan period. We will use all loss information we have as of a date six months after the end of each of these periods.

- 2. After a calculation of retrospective premium, you and we may agree that it is the final calculation. No other calculation will be made unless there is clerical error in the final calculation.
- 3. After each calculation of retrospective premium, you will pay promptly the amount due us, or we will refund the amount due you. Each insured is responsible for the payment of all standard premium and retrospective premium calculated under this endorsement.

# E. Work In Other States

If any of the policies provide insurance in a state not listed in the Table of States, and if you begin work in that state during the rating plan period, this endorsement will apply to that insurance if this rating plan applies in that state on an interstate basis. The retrospective premium standard elements, and the elective elements you chose, will be determined by our manuals for that state, and added to the Schedule by endorsement.

# F. Cancelation and Nonrenewal

- 1. If any insurance subject to this endorsement is canceled or is not renewed, the effective date of cancelation or nonrenewal will become the end of the rating plan period for all insurance subject to this endorsement unless we agree with you, by endorsement, to continue the rating plan period.
- 2. If we cancel or do not renew for nonpayment of premium, the maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to three years (1095 days).

WC 00 05 04 (Continued)

 If you cancel or do not renew, the standard premium for the rating plan period will be increased by our short rate table and procedure. This short rate premium will be the minimum retrospective premium and will be used to determine the basic premium.

The short rate premium will be used to determine the excess loss premium and retrospective development premium if you chose these elective elements.

The maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to three years (1095 days).

- 4. Section F.3. will not apply if you cancel or do not renew because:
  - a. all work covered by the insurance is completed;
  - b. all interest in the business covered by the insurance is sold; or,
  - c. you retire from all business covered by the insurance.

### Schedule

# NOTES TO RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V - THREE YEAR PLAN

- 1. This endorsement is to be used for Rating Option V of the Retrospective Rating Plan. It is designed for a three year rating plan period.
- 2. Identify by policy number any other policy to be combined with this policy for retrospective rating. Other policies should be endorsed with Retrospective Premium Endorsement (Short form) to show that they are subject to this endorsement.
- 3. Show the amount of the loss limitation, if applicable, in item 2 of the Schedule. If a loss limitation was not elected, enter "none," "does not apply," or other appropriate text. If the limitation applies in some but not all states, name the states where it applies.
- 4. Use Item 3 of the Schedule to show the loss conversion factor, minimum retrospective premium factor, and the maximum retrospective premium factor.

- 5. Use Item 4 to show basic premium factors of 50%, 100%, and 150% of estimated standard premium. Additional columns may be added to show the basic premium factor for other percentages of estimated standard premium.
- 6. The Table of States may be printed at the beginning or end of the Schedule or printed separately. If printed separately, an appropriate attachment clause should be included on the Schedule, such as: "This Schedule includes the attached Table of States." The display of information on the Table of States may be rearranged by the company.

WC 00 05 05

# RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V – LONG TERM CONSTRUCTION PROJECT

This endorsement is added to Part Five (Premium) because you chose to have the cost of the insurance rated retrospectively by Rating Option V. This endorsement explains the rating plan and how the retrospective premium will be determined.

This endorsement applies in the states listed in the Schedule. It determines the retrospective premium for the insurance provided during the rating plan period by this policy, any policy listed in the Schedule, and the renewals of each. The rating plan period is the duration of the construction project described on the information Page, beginning with the effective date of this endorsement.

The amount of retrospective premium depends on five standard elements and two elective elements.

### A. Retrospective Premium Standard Elements

The five standard elements are explained here.

- 1. Standard premium is the premium we would charge during the rating plan period if you had not chosen retrospective premium rating, but with two exceptions. Standard premium does not include the expense constant charge or the premium discount credit.
- 2. Basic premium is less than standard premium. It is standard premium multiplied by a percentage called the basic premium factor. The basic premium factor varies depending on the total amount of standard premium. The Schedule shows a range of basic premium factors for differing amounts of estimated standard premium. The actual basic premium factor will be determined after the standard premium is determined. If earned standard premium is not within the range of the estimated standard premiums shown in the Schedule, the basic premium will be recalculated.
- 3. Incurred losses are all amounts we pay or estimate we will pay for losses, interest on judgments, expenses to recover against third parties, and employers liability loss adjustment expenses.
- 4. A converted loss is an incurred loss multiplied by a percentage called the loss conversion factor. The loss conversion factor is shown in the Schedule.
- 5. Taxes are a part of the premium we collect. Taxes are determined as a percentage of basic premium and converted losses. The percentage is called the tax multiplier. It varies by state and by Federal and non-Federal classifications. The tax multipliers or an average tax multiplier are shown in the Schedule. Tax multipliers may change during the rating plan period. Changes will be shown by endorsement.

### B. Retrospective Premium Elective Elements

Two other elements are included in retrospective premium if you elected to include them. They are the excess loss premium for the loss limitation, and the retrospective development premium. They are explained here.

 The election of a loss limitation means that the amount of incurred loss to be included in the retrospective premium is limited to an amount called the loss limitation. The loss limitation applies separately to each person who sustains bodily injury by disease and separately to all bodily injury arising out of any one accident.

The charge for this loss limitation is called the excess loss premium. Excess loss premium is a percentage of standard premium multiplied by the loss conversion factor. The percentage is called the excess loss premium factor. Taxes are added to excess loss premium just as they are for other elements of retrospective premium.

Excess loss premium factors vary by state, by classification, and by the amount of the loss limitation. If you chose this elective element, the loss conversion factor, the loss limitation, the excess loss premium factors, and the states where they apply are shown in the Schedule. Excess loss premium factors may change during the policy period. Changes will be shown by endorsement.

WC 00 05 05 (Continued)

2. The retrospective development element is used to help stabilize premium adjustments. The premium for this element is charged with the first three calculations of retrospective premium, and is called the retrospective development premium. It is a percentage of standard premium multiplied by the loss conversion factor. The percentage of standard premium is called the retrospective development factor. Taxes are added to retrospective development premium just as they are for other elements of retrospective premium.

Retrospective development factors vary by state, by electing a loss limitation, and by first, second, and third calculations of retrospective premium. If you chose this elective element, the retrospective development factors are shown in the Schedule.

# C. Retrospective Premium Formula

Insurance policies listed in the Schedule will be combined with this policy to calculate the retrospective premium. If the policies provide insurance for more than one insured, the retrospective premium will be determined for all insureds combined, not separately for each insured.

- 1. Retrospective premium is the sum of basic premium, converted losses, and taxes, plus the excess loss premium and retrospective development premium elective elements if you chose them.
- 2. The retrospective premium will not be less than the minimum nor more than the maximum retrospective premium. The minimum and maximum retrospective premiums are determined by applying the minimum and maximum factors shown in the Schedule to the standard premium.
- 3. If this endorsement applies to more than one policy or state, the standard premium will be the sum of the standard premiums for each policy and state.

### D. Premium Calculations and Payments

1. We will calculate the retrospective premium using all loss information we have as of a date six months after the rating plan period ends and annually thereafter. We will have the calculation verified by the appropriate rate service organization at your request.

We may make a special valuation of the retrospective premium as of any date that you are declared bankrupt or insolvent, make an assignment for the benefit of creditors, are involved in reorganization, receivership, or liquidation, or dispose of all your interest in work covered by the insurance. You will pay the amount due us if the retrospective premium is more than the total standard premium as of the special valuation date.

We may make interim calculations of retrospective premium for the first year and the first two years of the rating plan period. We will use all loss information we have as of a date six months after the end of each of these periods.

- 2. After a calculation of retrospective premium, you and we may agree that it is the final calculation. No other calculation will be made unless there is clerical error in the final calculation.
- 3. After each calculation of retrospective premium, you will pay promptly the amount due us, or we will refund the amount due you. Each insured is responsible for the payment of all standard premium and retrospective premium calculated under this endorsement.

# E. Work In Other States

If any of the policies provide insurance in a state not listed in the Table of States, and if you begin work in that state during the rating plan period, this endorsement will apply to that insurance if this rating plan applies in that state on an interstate basis. The retrospective premium standard elements, and the elective elements you chose, will be determined by our manuals for that state, and added to the Schedule by endorsement.

### F. Cancelation and Nonrenewal

- 1. If any insurance subject to this endorsement is canceled or is not renewed, the effective date of cancelation or nonrenewal will become the end of the rating plan period for all insurance subject to this endorsement unless we agree with you, by endorsement, to continue the rating plan period.
- If we cancel or do not renew because of nonpayment of premium, the maximum retrospective premium will be based on the standard premium for the rating plan period plus the estimated standard premium from the end of the rating plan period to the estimated project completion date.

WC 00 05 05 (Continued)

 If you cancel or do not renew, the standard premium for the rating plan period will be increased by our short rate table and procedure. This short rate premium will be the minimum retrospective premium and will be used to determine the basic premium.

The short rate premium will be used to determine the excess loss premium and retrospective development premium if you chose these elective elements.

The maximum retrospective premium will be based on the standard premium for the rating plan period plus the estimated standard premium from the end of the rating plan period to the estimated project completion date.

Section F.3. will not apply if you cancel or do not renew because:

- a. all work covered by the insurance is completed;
- b. all interest in the business covered by the insurance is sold; or,
- c. you retire from all business covered by the insurance.

Note 4: Use item 4 of the Schedule to show a change in the tax multiplier on an outstanding basis.

WC 00 05 10

# RETROSPECTIVE PREMIUM ENDORSEMENT NON-RATABLE CATASTROPHE ELEMENT OR SURCHARGE

This endorsement changes the Retrospective Premium Endorsement attached to the policy.

- 1. Standard premium excludes the portion of the premium that is determined by the application of a non-ratable catastrophe element in a rate or a non-ratable catastrophe surcharge required by our manuals. The classifications involving such premiums are listed in the Schedule.
- 2. Incurred losses do not include:
  - a. the cost in excess of the two most costly claims arising out of an accident involving two or more persons under a classification for which our manuals contain a non-ratable catastrophe element.
  - b. losses involving passenger employees, other than members of the flying crew, if the losses result from the crash of an aircraft described on the Aircraft Premium Endorsement.

#### Schedule

- **Note 1:** Use this endorsement if the policy is retrospectively rated and covers operations or classifications that involve a nonratable catastrophe element or surcharge. Examples include aircraft operations and explosives and ammunition manufacturing classifications. See the applicable experience rating plan manual.
- Note 2: Use the Schedule to list the classifications that affect this endorsement.

WC 00 05 11

### **RETROSPECTIVE PREMIUM ENDORSEMENT SHORT FORM**

The premium for this policy will be determined by the retrospective premium endorsement forming a part of policy number\_\_\_\_\_

**Note 1:** If the insured has more than one policy subject to the same retrospective rating Option, use this endorsement to identify the policy that carries the retrospective premium endorsement.

Show that policy number in the space provided in this endorsement. Any other information necessary to identify that policy may be shown on this endorsement at the carrier's option.

**Note 2:** If one year policies are issued with a rating plan period longer than one year, this Short Form Endorsement should identify the first policy issued during the rating plan period, because that policy is the only one to be endorsed with the three year or long term retrospective premium endorsement.

  - c. each person named in Item 4 of the Information Page.

# DEDUCTIBLE ENDORSEMENT — DELAWARE

In consideration of the reduced premium charged for this policy, the insurance afforded by the policy for death benefits and for medical benefits payable under the Delaware Workers Compensation Law applied only to death and medical reimbursement benefits in excess of the deductible amount shown below. The deductible shall apply separately to each accident, regardless of the number of people who sustain injury by such accident.

The company shall pay the deductible amount to the persons entitled thereto. Upon notice of payments by the company, the insured will promptly reimburse the company for any amounts so paid. Failure of the insured to reimburse the company, within 30 days of statement mailing date, may result in coverage being canceled pro rata upon ten (10) days written notice and any resulting return premium may be applied to the deductible amount due.

The deductible amount is for each occurrence.

The premium is reduced % in consideration of this deductible.

- Note 1: Use this Endorsement with the standard policy to provide a death and medical benefits deductible selected in accordance with 19. Del. C. §2372
- Note 2: The company may use its own attachment clause and method of execution.

WC 00 03 05

# JOINT VENTURE AS INSURED ENDORSEMENT

If the employer named in Item 1 of the Information Page is a joint venture, and if you are one of its members, you are insured, but only in your capacity as an employer of the joint venture's employees.

Note: 1 Use this endorsement to insure the members of a joint venture named in Item 1 of the Information Page.

### WC 00 04 01A

# AIRCRAFT PREMIUM ENDORSEMENT

Additional premium is charged for each aircraft shown in the Schedule. The additional premium is not subject to adjustment unless this policy is cancelled. You may substitute one aircraft for another without additional charge if the substitute aircraft has no more seats than the aircraft shown in the Schedule.

|              |                 | Schedule    |               |                |

- 1. Use this endorsement to show the additional premium required for passenger seat surcharge when classification code 7421 is assigned.
- 2. Report passenger seat surcharge under Code 9108.
- 3. Show the state(s) to which the payroll of classification Code 7421 is assigned.

WC 00 03 02

### **Designated Workplaces Exclusion Endorsement**

The policy does not cover work conducted at or from \_\_\_\_\_

- 1. Use this endorsement to exclude designated workplaces only when it is proper to do so under the workers compensation law. The use of this endorsement is also limited by Note 2.
- 2. Use the blank space in the endorsement to carefully describe the work or workplace to be excluded.
  - a. Example excluding an office address: (Street, City, State)
  - b. Example excluding a construction site: "or in connection with the construction of..." (describe the project, location, contract, etc.)
  - c. Example covering a location and excluding all others within a state: "any place in the State of \_\_\_\_\_ except (Street, City)."
  - d. Example excluding work insured by another policy:
     "any workplace covered by insurance policy number \_\_\_\_\_\_ issued by Blank Insurance Company."

## WC 07 03 03

# AMENDATORY ENDORSEMENT - FARMING OPERATION - DELAWARE

It is agreed that such insurance as is afforded by the policy by reason of the designation of Delaware in Items 3-A of the Information Page does not apply to injury, including death resulting therefrom, sustained by the wife or any minor child of the insured, if a farm employer, unless such wife or minor child is a bona fide employee of the insured and is named below.

It is further agreed that "remuneration," when used as a premium basis for such insurance, shall not include the remuneration of such wife or child not so named.

Name of Wife

Names of Minor Children

- **Note 1:** To be attached to the standard provisions policy affording coverage under the Delaware Workmen's Compensation Law to an individual who is engaged in farming operations in Delaware.
- Note 2: The company may use its own attachment clause and method of execution.

### Notes:

- 1. This endorsement may be used in its present form by placing an X in the applicable block(s), or only the one or more applicable items may be shown.
- 2. If this endorsement is used as a company endorsement, the company form number should be used in place of WC 89 06 00 A endorsement number.
- 3. The Bureau copy must show the exact title and "WC 89 –" number for each applicable transaction, e.g., Insured's Name WC 89 06 01.
- 4. Modification factor changes (WC 89 04 06) or rate changes (WC 89 04 15) do not require premium entries in the Item 4. change section.
- 5. Make appropriate entries to reflect applicable changes in item 4.
- 6. This endorsement must not be used for item 4. changes where standard endorsements are available to accomplish the intended purpose, e.g., WC 00 04 07.
- 7. This endorsement must contain an attachment clause which identifies the company, insured, policy number and effective date of the endorsement.
- 8. Any premium item changes not specifically identified in the endorsement, e.g., premium for increased limits Item 3.B., should be inserted and identified in the item 4. section.

Note: Retro Prem. Multiple Lines Endorsement no longer contained within this manual. See NCCI forms manual. Remaining pages renumbered.

### Premium Determination Endorsement – Former Self-Insurers 1

- 1) This endorsement is added to Part 5 (Premium). It determines the premium you will pay for the insurance afforded by this policy with respect to operations in each of the states listed below.
- 2) The premium for this policy is the sum of:
  - a) the total premium determined by all provisions of this policy;
  - b) the insurance charge; and
  - c) the rating plan losses which are paid from the rating plan deposit.
- 3) "State standard premium" is the premium, before applying any discounts, for the insurance for each state listed below, as determined by all provisions of the policy other than this endorsement.
- 4) "Total standard premium" is the sum of the standard premiums.
- 5) "Insurance charge" is an amount equal to 10% of the total standard premium. It is payable in advance, cannot be refunded to you and is calculated on the basis of the higher of either the average of the last three years' audited payrolls or the last complete year's payroll. Payrolls will be determined consistent with Basic Manual Rules.
- 6) "Rating plan deposit" is an amount equal to 50% of the total standard premium. It is payable in advance and is calculated on the basis of the higher of either the average of the last three years' audited payrolls or the last complete year's payroll. Payrolls will be determined consistent with Basic Manual Rules.

The rating plan deposit will be posted by you in the form of an irrevocable letter of credit or deposited by you in a trusted account. The form of the letter or the account, and the financial institution with whom the account is held, must be acceptable to us.

We will use the rating plan deposit to pay rating plan losses. Any unused portion of the rating plan deposit will be returned to you no sooner than thirty months after this endorsement is terminated.

7) "Rating plan losses" are incurred losses in excess of the sum of the permissible losses for each state. The permissible losses for each state are determined by multiplying the expected loss ratio by the standard premium for each state. The expected loss ratio is the percentage shown for each state below.

We will calculate rating plan losses upon incurred losses valued as of dates to be determined by the company, but not less frequently than six months after the end of the policy and annually thereafter. The calculations will continue until: a) all claims have been closed; b) it is apparent that the rating plan losses will exceed the rating plan deposit; or c) you and we agree that all incurred losses are final.

- 8) Incurred losses are the sum of:
  - a) all amounts we pay for losses, including medical;
  - b) reserves we estimate for unpaid losses;
  - c) interest on a judgment as required by law;
  - d) Employers' Liability allocated loss adjustment expenses; and
  - e) expenses incurred in recovering against a third party.
- 9) If either you or we cancel this policy:
  - a) the insurance charge and rating plan deposit will be based upon the total standard premium the policy would have earned if the policy had not been cancelled;
  - b) the insurance charge will be fully earned and retained by us; and
  - c) the rating plan deposit will remain available to us as provided by this endorsement.

WC 00 04 09 (Continued)

# <u>STATE</u>

# LIST OF STATES

# EXPECTED LOSS RATIO

- 1. This endorsement must be used when insuring employers for exposure which were self-insured within twelve months prior to the application for initial coverage or which were subject to this endorsement on the employer's expiring policy. It applies to assigned risk business only.
- 2. This endorsement may be used:
  - a) if the employer is involved in coal mine operations;
  - b) if the employer is a self-rated risk, as determined by the applicable workers compensation insurance rating organization's filed experience rating plan;
  - c) on a policy subject to retrospective rating; or
  - d) for more than three consecutive years for the same employer.
- 3. An employer's newly commenced operations in a state listed above are subject to this endorsement.
- 4. The company shall audit an insured's operations upon receipt of notice from the Administrative Office and prior to binding coverage.
- 5. The company may use its own attachment clause and method of execution.

WC 00 03 01 A

# ALTERNATE EMPLOYER ENDORSEMENT

This endorsement applies only with respect to bodily injury to your employees while in the course of special or temporary employment by the alternate employer in the state named in Item 2 of the Schedule. Part One (Workers Compensation Insurance) and Part Two (Employers Liability Insurance) will apply as though the alternate employer is insured. If an entry is shown in Item 3 of the Schedule the insurance afforded by this endorsement applies only to work you perform under the contract or at the project named in the Schedule.

Under Part One (Workers Compensation Insurance) we will reimburse the alternate employer for the benefits required by the workers compensation law if we are not permitted to pay the benefits directly to the persons entitled to them.

The insurance afforded by this endorsement is not intended to satisfy the alternate employer's duty to secure its obligations under the workers compensation law. We will not file evidence of this insurance on behalf of the alternate employer with any government agency.

We will not ask any other insurer of the alternate employer to share with us a loss covered by this endorsement.

Premium will be charged for your employees while in the course of special or temporary employment by the alternate employer.

The policy may be canceled according to its terms without sending notice to the alternate employer.

Part Four (Your Duties If Injury Occurs) applies to you and the alternate employer. The alternate employer will recognize our right to defend under Parts One and Two and our right to inspect under Part Six.

Schedule

# DOMESTIC AND AGRICULTURAL WORKERS EXCLUSION ENDORSEMENT

The policy does not cover bodily injury to any person described in the Schedule.

The premium basis for the policy does not include the remuneration of such persons.

You will reimburse us for any payment we are required to make because of bodily injury to such persons.

Schedule

Farm or Agricultural Workers:

Domestic or Household Workers:

- Use this endorsement in a state where the insured has elected pursuant to the workers compensation law not to be responsible for providing benefits for farm or agricultural workers and employees and to exclude employers liability coverage where the insured is statutorily exempt from workers compensation coverage.
- Use this endorsement in a state where the insured has elected pursuant to the workers compensation law not to be responsible for providing benefits for domestic or household workers and to exclude employers liability coverage where the insured is statutorily exempt from workers compensation coverage.
- 3. Use this endorsement in Connecticut only when the insured is not responsible for providing benefits for domestic or household workers and does not elect pursuant to the workers compensation law to provide such benefits. (Sections 31-275(5) (D), (6) (A) of the Connecticut Workers Compensation Law.)
- 4. Individuals may be designated by naming them or by describing them, for example:
  - a) all farm or agricultural workers.
  - b) all domestic or household workers.

# EMPLOYERS LIABILITY COVERAGE ENDORSEMENT

This endorsement applies only to work in the states shown in the Schedule.

- A. Part One (Workers Compensation Insurance) does not apply to work in the state shown in the Schedule.
- B. Part Two (Employers Liability Insurance) applies to work in states shown in the Schedule as though they were shown in Item 3.A. of the Information Page.
- C. Part Two (Employers Liability Insurance), C. Exclusions is changed by adding these exclusions.

This insurance does not cover:

D. bodily injury to an employee when you are deprived of common law defenses or are subject to penalty because of

your failure to secure your obligations under the workers compensation law of any state shown in the Schedule or otherwise fail to comply with that law.

# DELAWARE NONRENEWAL ENDORSEMENT

We may elect not to renew the policy. By certified mail we will mail to you, not less than 60 days advance written notice, when the nonrenewal will take effect. Mailing that notice to you at your mailing address, shown in Item 1 of the Information Page, will be sufficient to prove notice.

- 1. This endorsement must be attached to a policy showing Delaware in Item 3A of the Information Page.
- 2. Nonrenewal of the workers compensation and employers liability insurance policy is regulated by House Bill 403.

WC 07 04 02

# DELAWARE CONSTRUCTION CLASSIFICATION PREMIUM ADJUSTMENT ENDORSEMENT

The premium for the policy may be adjusted by a Delaware Construction Classification Premium Adjustment Factor. The factor was not available when the policy was issued. If you qualify, we will issue an endorsement to show the Premium Adjustment Factor after it is calculated.

- 1. This endorsement may be used when an insured's Premium Adjustment Factor is not available when the policy is issued.
- 2. An appropriate typewritten entry may be made on the policy instead of using this endorsement.

WC 00 01 09B

# OUTER CONTINENTAL SHELF LANDS ACT COVERAGE ENDORSEMENT

This endorsement applies only to the work described in Item 4 of the Information Page or in the Schedule as subject to the Outer Continental Shelf Lands Act. The policy will apply to that work as though the location shown in the Schedule were a state named in Item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

### C. Workers Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Outer Continental Shelf Lands Act (43 USC Sections 1331-1356a). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide non-occupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Outer Continental Shelf Lands Act.

Schedule

Description and Location of Work

WC 00 03 18

#### AMENDATORY ENDORSEMENT

General Section C. Workers Compensation Law is replaced by the following:

#### C. Workers Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page. It includes any amendments to that law which are in effect during the policy period. It does not include any federal workers or workmen's compensation law, any federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

The insurance afforded by Part Two (Employers Liability Insurance) is subject to the following additional provisions:

#### C. Exclusions

This insurance does not cover:

- 7. damages arising out of coercion, criticism, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination against or termination of any employee, or any personnel practices, policies, acts or omissions.
- bodily injury to any person in work subject to the Longshore and Harbor Workers' Compensation Act (33 USC Sections 901-950), the Nonappropriated Fund Instrumentalities Act (5 USC Sections 8171-8173), the Outer Continental Shelf Lands Act (43 USC Sections 1331-1356), the Defense Base Act (42 USC Sections 1651-1654), the Federal Coal Mine Health and Safety Act of 1969 (30 USC Sections 901-942), any other federal workers or workmen's compensation law or other federal occupational disease law, or any amendments to these laws.
- bodily injury to any person in work subject to the Federal Employers' Liability Act (45 USC Sections 51-60), any other federal laws obligating an employer to pay damages to an employee due to bodily injury arising out of or in the course of employment, or any amendments to those laws.
- 10. bodily injury to a master or member of the crew of any vessel.
- 11. fines or penalties imposed for violation of federal or state law.
- 12. damages payable under the Migrant and Seasonal Agricultural Worker Protection Act (29 USC Sections 1801-1872) and under any other federal law awarding damages for violation of those laws or regulations issued thereunder, and any amendments to those laws.
- I. Actions Against Us is subject to the following additional provision:

The bankruptcy or insolvency of you or your estate will not relieve us of our obligations under this Part.

Part Three (Other States Insurance) is changed as follows:

#### A. How This Insurance Applies

- 2. If you begin work in any one of those states after the effective date of this policy and are not insured or are not self-insured for such work, all provisions of the policy will apply as though that state were listed in Item 3.A. of the Information Page.
- 4. If you have work on the effective date of this policy in any state not listed in Item 3.A. of the Information Page, coverage will not be afforded for that state unless we are notified within thirty days.

Schedule

This endorsement applies in the states listed below:

WC 07 04 08

## DELAWARE MERIT RATING PLAN ENDORSEMENT

This endorsement applies to the insurance provided by this policy because Delaware is shown in Item 3.A of the Information page.

The premium for this insurance may be subject to merit rating plan adjustment because your premium may be less than the amount necessary to be eligible for the Uniform Experience Rating Plan.

The following premium discount or surcharge will be applied to your manual premium based on your claims during the most recent three year period for which statistics are available.

- 1. A 5% credit (discount) will be applied if you had no compensable employee lost-time injuries Statistical Code 9885.
- 2. No credit or debit will be applied if you had one (1) compensable employee lost-time injury **Statistical Code 9884.**
- 3. A 5% debit (surcharge) will be applied if you had two (2) or more compensable employee lost-time injuries Statistical Code 9886.

## Notes:

- 1. This endorsement must be attached to a policy showing Delaware in Item 3.A of the Information Page.
- 2. Show any merit rating discount or surcharges in Item 4 of the Information Page.

WC 00 03 26A

## **RESIDUAL MARKET LIMITED OTHER STATES INSURANCE ENDORSEMENT**

"Part Three - Other States Insurance" of the policy is replaced by the following:

#### PART THREE OTHER STATES INSURANCE

#### A. How This Insurance Applies

- 1. We will pay promptly when due the benefits required of you by the workers compensation law of any state not listed in Item 3.A. of the Information Page if all of the following conditions are met:
  - a. The employee claiming benefits was either hired under a contract of employment made in a state listed in Item 3.A. of the Information Page or was, at the time of injury principally employed in a state listed in Item 3.A. of the Information Page; and
  - b. The employee claiming benefits is not claiming benefits in a state where, at the time of injury, (i) you have other workers compensation insurance coverage, or (ii) you were, by virtue of the nature of your operations in that state, required by that state's law to have obtained separate workers compensation insurance coverage, or (iii) you are an authorized self-insurer or participant in a self-insured group plan; and
  - c. The duration of the work being performed by the employee claiming benefits in the state for which that employee is claiming benefits is temporary.
- 2. If we are not permitted to pay the benefits directly to persons entitled to them and all of the above conditions are met, we will reimburse you for the benefits required to be paid.
- 3. This insurance does not apply to fines or penalties arising out of your failure to comply with the requirements of the workers compensation law.

## **IMPORTANT NOTICE!**

If you hire any employees outside those states listed in Item 3.A. on the Information Page or begin operations in any such state, you should do whatever may be required under that state's law, as this endorsement does not satisfy the requirements of that state's workers compensation law.

# AGREEMENT BY EXECUTIVE OFFICER(S)/LLC MEMBER(S) NOT TO BE SUBJECT TO THE DELAWARE WORKERS' COMPENSATION LAW

Executive officers of corporations and members of Limited Liability Companies (LLCs) are covered under the Delaware Workers' Compensation Law. However, up to eight (8) executive officers who are stockholders of a corporation or up to four (4) members of an LLC may elect not to be subject to Delaware Workers' Compensation Law by completing this agreement with their corporation/LLC. **SPECIAL NOTE** - **CONSTRUCTION** corporations/ LLCs subject to Title 30, Chapter 25 of the Delaware Code may elect to exclude up to four (4) executive officers who are stockholders of a corporation or up to four (4) members of an LLC. Executive Officers are the president, any vice president, secretary, treasurer or any other executive officer(s) elected by the board of directors in accordance with the charter and the regularly adopted by-laws of the corporation . This Executive Officer/LLC member Exclusion Procedure must be repeated each time a corporation/LLC wishes to change the status of any executive officer/LLC member and/or secures coverage from a different carrier group.

IMPORTANT: If you have workers compensation insurance, you <u>must</u> submit the <u>original</u> of this completed form to your insurance carrier, together (in the case of a corporation) with the shareholders resolution(s), shareholders agreement(s), and/or shareholders written consent(s) evidencing the executive officer status of the electing executive officer(s), or together (in the case of an LLC) with the operating agreement and/or certificate of formation evidencing the member status of the electing member(s). If you are a subcontractor, you <u>must</u> also provide a copy of the same documents to each general contractor by whom you are hired.

WC 00 03 04

# INSURANCE COMPANY AS INSURED ENDORSEMENT

The policy does not cover your obligations as a workers compensation reinsurer or insurer of other employers.

Note1: Use this endorsement if the insured is licensed to write workers compensation insurance or reinsurance.

WC 00 03 09

## RURAL ELECTRIFICATION ADMINISTRATION ENDORSEMENT

1. We will submit our policy and endorsement forms to the Rural Electrification Agency prior to using them.

2. We will mail to the Rural Electrification Agency at least ten days advance notice of the termination of the policy.

3. If you are immune from tort liability, we will not use that immunity as a defense unless you so request us. You agree that waiving the defense of immunity will not make us liable for any payment in excess of the limits of liability stated in the policy.

Note 1: Use this endorsement if the insured is a rural electrification cooperative and this endorsement is required by the R.E.A.

WC 00 04 19

## PREMIUM DUE DATE ENDORSEMENT

Section D of Part Five of the policy is replaced by this provision:

PART FIVE PREMIUM

D. Premium is amended to read:

You will pay all premium when due. You will pay the premium even if part or all of a workers compensation law is not valid. The due date for audit and retrospective premiums is the date of the billing.

#### WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

### WC 00 04 21 C

#### CATASTROPHE (OTHER THAN CERTIFIED ACTS OF TERRORISM) PREMIUM ENDORSEMENT

This endorsement is notification that your insurance carrier is charging premium to cover the losses that may occur in the event of a Catastrophe (other than Certified Acts of Terrorism) as that term is defined below Your policy provides coverage for workers compensation losses caused by a Catastrophe (other than Certified Acts of Terrorism).

This premium charge does not provide funding for Certified Acts of terrorism contemplated under the Terrorism Risk Insurance Program Reauthorization Act Disclosure Endorsement (WC 00 04 22 A), attached to this policy.

For purposes of this endorsement, the following definitions apply:

Catastrophe (other than Certified Acts of Terrorism) Any single event, resulting from an Earthquake, Noncertified Act of Terrorism, or Catastrophic Industrial Accident, which results in aggregate workers compensation losses in excess of \$50 million.

Earthquake: The shaking and vibration at the surface of the earth resulting from underground movement along a fault plane or from volcanic activity

- Noncertified Act of Terrorism: An event that is not certified as an Act of Terrorism by the Secretary of Treasury
  pursuant to the Terrorism Risk Insurance Act of 2002 (as amended) but that meets all of the following criteria:
  - a. It is an act that is violent or dangerous to human life, property, or infrastructure:
  - b. The act results in damage within the United States, or outside of the United States in the case of the premises of United States missions or air carriers or vessels as those terms are defined in the Terrorism Risk Insurance Act of 2002 (as amended): and
  - c. It is an act that has been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
- Catastrophic Industrial Accident: A chemical release, large explosion, or small blast that is localized in nature and affects workers in a small perimeter the size of a building.

The premium charge for the coverage your policy provides for workers compensation losses caused by a Catastrophe (other than Certified Acts of Terrorism) is shown in Item 4 of the Information Page or in the Schedule below:

#### TERRORISM RISK INSURANCE PROGRAM REAUTHORIZATION ACT DISCLOSURE ENDORSEMENT

This endorsement addresses the requirements of the Terrorism Risk Insurance Act of 2002 as amended and extended by the Terrorism Risk Insurance Program Reauthorization Act of 2007 It serves to notify you of certain limitations under the Act, and that your insurance carrier is charging premium for losses that may occur in the event of an act of terrorism.

Your policy provides coverage for workers compensation losses caused by acts of terrorism, including workers compensation benefit obligations dictated by state law. Coverage for such losses is still subject to all terms, definitions, exclusions, and conditions in your policy, and any applicable federal and/or state laws, rules, or regulations.

## Definitions

The definitions provided in this endorsement are based on and have the same meaning as the definitions in the Act. If words or phrases not defined in this endorsement are defined I the Act, the definitions in the Act will apply.

"Act" means the Terrorism Risk Insurance Act of 2002, which took effect on November 26, 2002, and any amendments thereof resulting from the Terrorism Risk Insurance Program Reauthorization Act of 2007.

"Act of Terrorism" means any act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State, and the Attorney General of the United States as meeting all of the following requirements:

- a. The act is an act of terrorism.
- b. The act is violent or dangerous to human life, property or infrastructure.
- c. The act resulted in damage within the United States, or outside of the United States in the case of the premises of United States missions or certain air carriers or vessels.
- d. The act has been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

"Insured Loss" means any loss resulting from an act of terrorism (and, except for Pennsylvania, included an act of war, in the case of workers compensation) that is covered by primary or excess property and casualty insurance issued by an insurer if the loss occurs in the United States or at the premises of United States missions or to certain air carriers or vessels.

"Insurer Deductible" means, for the period beginning January 1, 2008 and ending on December 31, 2014, an amount equal to 20% of our direct earned premiums, over the calendar year immediately preceding the applicable Program Year.

"Program Year" refers to each calendar year between January 1, 2008 and December 31, 2014, as applicable.

#### Limitation of Liability

The Act limits our liability to you under this policy. If aggregate Insured Losses exceed \$100,000,000,000 in a Program Year and if we have met our Insurer Deductible, we are not liable for the payment of any portion of the amount of Insured Losses that exceeds \$100,000,000,000; and for aggregate Insured Losses up to \$100,000,000,000, we will pay only a pro rata share of such Insured Losses as determined by the Secretary of the Treasury.

## **Policyholder Disclosure Notice**

- 1. Insured Losses would be partially reimbursed by the United States Government. If the aggregate industry Insured Losses exceed \$100,000,000 in a Program Year, the United States Government would pay 85% of our Insured Losses that exceed our Insurer Deductible.
- 2. Notwithstanding item 1 above, the United States Government will not make any payment under the Act for any portion of Insured Losses that exceed \$100,000,000.
- 3. The premium charge for the coverage your policy provides for Insured Losses is included in the amount-shown in Item 4 of the Information Page or in the Schedule below.

## **SECTION 4**

## **RETROSPECTIVE RATING PLANS – DELAWARE**

#### I. INTRODUCTION

Retrospective Rating is an insurance pricing system which adjusts the premium for the insurance to which it applies on the basis of losses incurred during the period covered by that insurance. In Delaware a carrier must file with the Delaware Insurance Department such plan rules and rating values as necessary to implement retrospective rating plans for use in writing workers compensation insurance.

House Bill 241 of 1993 requires Bureau filings other than Residual Market and U.S.L. & H.W. filings to exclude all expense and profit considerations. Effective February 1, 1994 the Bureau has filed, and this Manual includes only selected rating values which are exclusive of expense and profit considerations for coverages other than U.S.L. & H.W. and which are inclusive of such provisions for U.S.L. & H.W. coverage. The Bureau rating values are printed in the State Special Rating Values pages herein.

For sake of consistency with standard language in retrospective rating plans in use in other jurisdictions, the Delaware State Special Rating Values are identified using terminology common to such other retrospective rating plans. The use of such terminology in this section of the Manual does not change the meaning of words or terms used elsewhere in the Manual nor are differences in precise wording used to describe specific items indicative of any substantive difference between sections. For example, the term "pure premium" used in this section and the term "loss cost" used elsewhere in this Manual are synonymous.

A carrier may file retrospective rating plans which use different and/or additional rating values from those shown in the State Special Rating Values pages herein. In such cases the individual carrier values supersede application of the Bureau values. Information regarding such individual carrier retrospective rating plans must be obtained from those carriers or their authorized representatives.

DELAWARE WORKERS COMPENSATION MANUAL SECTION 4 EFFECTIVE: DECEMBER 1, 2014 Page 2

## **SECTION 4**

#### RULES AND PROCEDURE GOVERNING THE APPLICATION OF THE RETROSPECTIVE RATING PLANS - DELAWARE

## PART ONE DESCRIPTION OF THE PLAN

#### I. INTRODUCTION

The rules contained in this manual apply only to Workers Compensation and Employers Liability Insurance when written either alone or in combination with other commercial casualty insurance. Refer to the Retrospective Rating Plan issued by the Insurance Services Office for rules that govern the other commercial casualty insurance.

#### A. GENERAL EXPLANATIONS

1. Plan is Optional

The application of this Plan is optional and may be used only upon election by the insured and acceptance by the insurance carrier.

2. Object of the Plan

This plan adjusts the premium for the insurance to which it applies on the basis of losses incurred during the period covered by that insurance. The intent is to charge a premium which reflects those losses. Within the principle of insurance, retrospective rating establishes the reasonable cost of insurance by using losses incurred during the term of that insurance and adding the insurance carrier's expenses and the taxes on premiums.

3. Loss Control Incentive in Use of the Plan

The Plan provides an incentive to the insured to control and reduce losses because the retrospective premium will be the result of losses during the rating period. To the extent that the insured controls losses, there is a reward through lower premiums. The Plan also dispels any concerns the insured may have that its premium depends mostly upon losses incurred by other risks because the greatest part of the retrospective premium is used to pay for the insured's own losses.

4. Cost-Plus Feature of the Plan

The cost-plus characteristics of this plan exist because the retrospective premium for a rating period is based on the incurred losses during that period, so that it is in the nature of a dollar for dollar cost method. Premium under the Plan is the direct result of such incurred losses because the Plan reflects the cost of losses plus the insurance carrier's expenses in providing the insurance.

5. Experience Rating Plan Manual

Retrospective rating is an independent option and it is not a substitute for experience rating. Retrospective rating is superimposed upon the premium resulting from experience rating.

6. Risks Not Subject to Experience Rating

For risks not subject to experience rating, retrospective rating premium is based on the premium determined by application of Manual or other authorized rates.

7. Risks Operating In More Than One State

This Plan may be applied on an intrastate or interstate basis.

#### 8. Premium Discount

Any standard premium under this Plan is not subject to the premium discount provided in Rule VII of the Basic Manual for Workers Compensation and Employers Liability Insurance. The reason is that premium discount recognizes variations in issuing and servicing expenses whereas retrospective rating incorporates those elements by means of the factors used to compute premium under this Plan.

**9.** Schedule (Y) and Schedule (X) Expense Ratio Tables

The Plan includes tables of expense ratio to be used by each company in accordance with the expense table adopted by the company. They are in Part Four. Such tables are required only for Rating Option V described in Part Two-II-"Retrospective Rating Options". The purpose of the Schedule (Y) and Schedule (X) expense tables is to indicate the amount of premium for company expenses, profit or contingencies, but not taxes. The total amount for such expense is determined by multiplying the standard premium of the risk by the factor for that size premium in the Table of Expense Ratios.

- **NOTE:** Schedule (Y) and Schedule (X) expense ratio tables are often referred to as representing the stock and non-stock systems of company expenses respectively.
  - **10.** Increased Limits for Employers Liability

If the policy provides increased limits for Part Two, such premium and incurred losses may be subject to the Plan.

- II. DEFINITIONS
- A. EMPLOYER

Employer may be an individual, partnership, joint venture, corporation, association, a fiduciary such as a trustee, receiver or executor, or other legal entity.

B. INSURED

Insured means the employer designated in Item I of the Information Page of the policy or policies to which this Plan is applied by the carrier which issued such insurance. Insured may be two or more legal entities if the same person, or group of persons, owns the majority interest in such entities. The Experience Rating Plan Manual defines majority interest. It usually means:

- 1. Majority of voting stock, or
- 2. Majority of members or directors if there is no voting stock, or
- 3. Majority participation of general partners in profits of a partnership.
- C. RISK

Risk means the insured to which this Plan is applied.

### D. RATES

- **1.** Manual rate means either:
- a. the manual rate that has been established by the Bureau if no deviation or schedule rating exists.
- b. the manual rate that has been established by the Bureau modified by an approved schedule rating adjustment.
- c. Carrier Manual Rate if an insurance company has had a deviation from Bureau Manual Rate stamped "Filed" by the Insurance Commissioner.
- 2. Bureau Manual Rate means the rate shown after the classification code number on the rate pages in Section 2 of the Basic Manual for Workers Compensation and Employers Liability Insurance.

#### E. STANDARD PREMIUM

For the purpose of this Plan, standard premium means the premium for the risk determined on the basis of carrier rating values, any experience rating modification, loss constant where applicable, and minimum premiums. Determination of standard premium shall exclude:

- 1. Premium Discount.
- 2. The Expense Constant.
- 3. Premium resulting from non-ratable elements in the manual rates and non-ratable supplemental loads.
- 4. Premium developed by the passenger seat surcharge under Code 9108 Private Aircraft passenger capacity.
- 5. Premium developed by the occupational disease rates for risks subject to the Federal Coal Mine Health and Safety Act.
- 6. Premium developed by the charge for Terrorism.
- 7. Premium developed by the charge Catastrophe (other than Certified acts of Terrorism) provision located in the Basic Manual.

#### F. INCURRED LOSSES

Incurred losses used in the rating formula for determining premium under this Plan are those reported under the rules of the Unit Statistical Plan Manual adopted by the rating organization. Generally, incurred losses are the actual losses paid and outstanding, interest on judgments, expenses incurred in obtaining third party recoveries, and allocated loss adjustment expenses for employers liability losses.

Incurred losses resulting from an accident or exposure provided for via a non-ratable element or a non-ratable supplemental load shall be excluded.

The rating formula shall not include losses involving passenger employees resulting from the crash of an aircraft under classification code **9108**.

For complete details on instructions which shall be followed regarding incurred losses, refer to the Unit Statistical Plan Manual.

#### G. RATING ORGANIZATION

Rating organization means the Delaware Compensation Rating Bureau.

#### H. ANNIVERSARY RATING DATE

**1.** Single Policy Risk

The anniversary rating date for application of this Plan is the effective month and day of the policy in effect.

2. Multiple Policy Risk

If the risk subject to the Plan includes more than one policy with different effective dates, the anniversary rating date shall be determined by the rating organization.

- **NOTE:** The Plan applies for the period of the policy or policies subject to the Plan. If the period for the application of the Plan is changed, refer to Part Three.
  - I. LONG TERM CONSTRUCTION PROJECT

A long term construction project means a construction or erection project expected to require more than 1 year for completion and let under one contract or more than one concurrent or consecutive contracts. Such a project may be insured under 1 year policies or policies issued for any period not longer than 3 years.

#### J. WRAP-UP CONSTRUCTION PROJECT

A wrap-up construction project is a construction, erection or demolition project for which policies have been issued by one or more insurance carriers under the same management to insure two or more legal entities engaged in such a project. The entities insured shall be limited to the general contractor (including any owner or principal acting as a general contractor) and subcontractors performing work under contracts let on an ex-insurance basis. If the contract between the owner or principal and such general contractor is on an ex-insurance basis, the owner or principal is an eligible entity for the combination.

The project must be confined to operations at a single location. In connection with building roadways, tunnels, waterways or surface or underground conduits, the entire job is considered a single location if the construction is performed by a single general contractor for a single owner or principal. The project must be of definite duration involving work to be performed continuously to completion.

#### III. ELIGIBILITY FOR THE PLAN

A risk is eligible for this Plan if it satisfies the following Standard Premium requirements:

A. ONE YEAR PLAN

A risk is eligible for a one year plan if the estimated Standard Premium is at least \$25,000.

### B. THREE YEAR PLAN

- 1. A risk is eligible for a three-year plan if the estimated Standard Premium for 3 years is at least \$75,000.
- C. A Long-Term Construction Project is eligible for Rating Option V if the estimated Standard Premium is an average of \$75,000 or more per year. For such a project, the retrospective rating premium shall be based on the entire period required for completion of the project.
- D. Two or more policies on a Wrap-Up Construction Project may be combined for the purpose of retrospective rating If the estimated total Standard Premium for the project to be done by such combined entities is \$500,000 or more, a Wrap-Up Construction Project may be treated as a Long Term Construction Project.

#### PART TWO OPERATION OF THE PLAN

#### I. HOW PREMIUM IS DETERMINED UNDER THE PLAN

Retrospective premium is computed on the basis of the formulas in IA and D of this Section of the Plan.

### A. DEFINITIONS OF TERMS USED FOR THE FORMULA

**1.** Standard Premium.

Standard Premium is defined in Part One of this Plan. Refer to Part One-II-E.

2. Basic Premium.

The Basic Premium is a percentage of the Standard Premium. It is determined by multiplying the Standard Premium by a Basic Premium Factor. Basic Premium factors are based on the Table of Expense Ratios, the Table of Insurance Charges and the individual loss limitation if selected. Refer to Part Four-Premium Computation Tables.

The Basic Premium provides: insurance carrier expenses such as for acquiring and servicing the insured's account; loss control services, premium audit and general administration of the insurance; an adjustment for limiting the retrospective premium between the minimum retrospective premium and the maximum retrospective premium; and an allowance for the insurance carrier's possible profit or contingencies.

The Basic Premium does not cover premium taxes nor claim adjustment expenses. The latter elements are usually provided by the Tax Multiplier and the Loss Conversion Factor.

#### 3. Converted Losses

Converted Losses are based on the Incurred Losses of the risk during the period of the policy or policies to which this Plan is applied. A Loss Conversion Factor is applied to such losses to produce the Converted Losses. Refer to No. 4 below. Incurred losses are defined in Part One-II-F.

4. Loss Conversion Factor

The Loss Conversion Factor usually covers claim adjustment expenses and the cost of the insurance carrier's claim services such as investigation of claims and filing claim reports.

5. Tax Multiplier

The Tax Multiplier covers licenses, fees, assessments and taxes which the insurance carrier must pay on the premium which it collects.

6. Minimum Retrospective Premium

The Minimum Retrospective Premium is a percentage of the Standard Premium. It is the least amount of premium to be paid by the risk subject to this Plan.

The Minimum Retrospective Premium Factor is established by agreement between the risk and the insurance carrier. Refer to II-B-2.

7. Maximum Retrospective Premium

The Maximum Retrospective Premium is a percentage of the Standard Premium. It is the greatest amount of premium to be paid by the risk subject to this Plan. It has the effect of placing a limit on the impact of incurred losses on the retrospective premium.

The Maximum Retrospective Premium Factor is established by agreement between the risk and the insurance carrier. Refer to II-B-2.

B. ADDITIONAL ELECTIVE ELEMENTS FOR THE RETROSPECTIVE PREMIUM FORMULA

The insured and the insurance carrier may agree that either or both of the following additional elective premium elements will be included in the Retrospective Premium Formula:

- 1. Excess Loss Premium
- 2. Retrospective Development Premium

NOTE: These elective elements are subject to the Tax Multiplier as shown in the Retrospective Premium Formula in D.

#### EXPLANATION OF ELECTIVE PREMIUM ELEMENTS

a. Excess Loss Premium

This elective premium element is permitted only if the total Standard Premium subject to the Plan is at least \$100,000. The use of this elective element is intended to avoid the possibility that high cost losses will have too great an impact on the retrospective premium. Election of a loss limitation places a limit on the amount of incurred loss arising out of any one accident, which will be included in the retrospective premium formula. Excess Loss Premium is the premium charge for such limitation on losses used in computing the retrospective premium. The loss limitations arising out of any one accident which may be used by agreement follow:

- i. \$25,000 per accident for a risk with total Standard Premium of at least \$100,000.
- ii. Higher than \$25,000 for a risk with total Standard Premium over \$100,000 provided such higher accident loss limitation does not exceed 50% of the Standard Premium.

For all risks, the insurance carrier pays all incurred losses regardless of any retrospective rating loss limitation.

Excess Loss Premium is computed as shown below:

Standard Premium x Excess Loss Premium Factor x Loss Conversion Factor.

The Excess Loss Factors and the Tables of Excess Loss Adjustment Amounts are shown in Part Four of this Manual. Use the Table of Classifications by Hazard Group in Part Four of this Manual to determine proper excess loss factor.

A loss limitation may be changed, or included, or excluded after this plan has been applied to a risk provided the new agreement is not retroactive.

b. Retrospective Development Premium

The purpose of this elective premium element is to stabilize premium adjustments for risks subject to this Plan. Refer to Part Three – Administration of Plan – Rule 111-3 for premium adjustment rules. Retrospective development premium anticipates future increases in loss costs. The Retrospective Development Premium is included only in the first three adjustments of the retrospective premium and is not included in any later premium computations.

Retrospective Development Premium is computed as shown below:

Standard Premium x Retrospective Development Factor x Loss Conversion Factor

The Retrospective Development Factors are shown in the State Special Rating Values - Delaware.

C. THE RETROSPECTIVE PREMIUM FORMULA WHEN ADDITIONAL ELECTIVE PREMIUM ELEMENTS ARE INCLUDED

The retrospective premium for a risk which has elected either or both of the additional elective premium elements is determined by the following formula:

Retrospective Premium =

- 1. Basic Premium plus
- 2. Converted Losses plus
- 3. Excess Loss Premium plus
- 4. Retrospective Development Premium
- 5. Multiply the sum of 1 + 2 + 3 + 4 by the Tax Multiplier
- **NOTE:** Include item 3 or 4 or both in the formula depending on whether such elective premium elements are in the retrospective agreement.

The result of this calculation is the retrospective premium when the risk has elected one or both of the elective premium elements. The retrospective premium shall not be less than the Minimum Retrospective Premium nor more than the Maximum Retrospective Premium.

- II. RETROSPECTIVE RATING SELECTION OF FACTORS
- A. EXPLANATION

The Basic Premium is determined by using the Table of Expense Ratios to determine the insurance carrier expenses and the Tables of Insurance Charges for the remainder of the Basic Premium. The Loss Conversion Factor and Minimum and Maximum Retrospective Premium are subject to agreement between the insured and the insurance carrier. The Tax Multiplier, Excess Loss Premium and Retrospective Development Premium are determined on the basis of the state or states included in this option.

## DELAWARE WORKERS COMPENSATION MANUAL SECTION 4 EFFECTIVE: DECEMBER 1, 2014 Page 8

(a) Retrospective Rating may be applied to any of the following types of insurance alone or to any combination of such insurance:

Workers Compensation and Employers Liability

Third Party Liability Insurance for Commercial Lines

Commercial Automobile Physical Damage

Other Types of Insurance specified in the Retrospective Rating Plan issued by the Insurance Services Office.

For illustrations and examples of combinations, refer to the Retrospective Rating Plan issued by the Insurance Services Office.

NOTE: When the plan includes Workers Compensation and other commercial casualty insurance, the total retrospective premium, including

the minimum and maximum retrospective premium, is determined on the basis of all insurance in the plan.

(b) For an interstate risk, an average of the specified state tax multipliers weighted by the state standard premiums shall be used. For computing the Basic Premium Factor, the standard average tax multiplier may be applied.

Refer to Appendix for explanations and examples.

- B. THREE YEAR PLAN OPTIONAL
  - 1. Retrospective Rating may also be applied to a risk for a period of three years. Follow the procedure and examples cited in B-2 above, but determine the insurance carrier expenses on the basis of the annual Standard Premium and the remainder of the Basic Premium by use of the Standard Premium for the 3 year period of the Plan.
- C. LONG TERM OR WRAP UP CONSTRUCTION PROJECTS
  - 1. Retrospective Rating may be applied to such projects in the following manner:
  - **a.** The project may be insured under a series of 1 year policies. Use Rule II-B above.
  - **b.** The project may be insured under a series of 3 year policies. Use Rule II-C above.
  - **c.** The Plan shall apply to such projects so that the Retrospective Premium is computed on the basis of the Standard Premium for the entire duration of the project.

**NOTE:** For determining retrospective premium for plans applied on a three year basis, or Long Term or Wrap Up Construction Projects, any revision in Tax Multipliers and Excess Loss Premium Factors shall be applied to policies as of the first normal anniversary date of the risk, which is on or after the date of such revision, unless the revision is authorized for application to outstanding policies.

- III. CANCELLATION OF POLICY
- A.. EXPLANATION

While the Cancellation Condition of the Standard Policy permits cancellation by the insured or insurance carrier, the premium determination for a cancelled policy is controlled by Rule X-Cancellation in the Basic Manual for Workers Compensation and Employers Liability Insurance.

#### B. RETROSPECTIVE PREMIUM DETERMINATION UPON CANCELLATION

- 1. Cancellation By the Insurance Carrier, except for non-payment of premium.
- 2. Cancellation By the Insured When Retiring From Business provided:
  - a. All work covered by the policy has been completed, or
  - b. All interest in any business covered by the policy has been sold, or
- **c.** The insured has retired from all business covered by the policy.

#### © 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

- **3.** If the reason for the cancellation is No. 1 or 2 above, Retrospective Premium for the cancelled policy shall be computed as follows:
  - **a.** Standard Premium: Determine the premium for the cancelled policy on a pro-rata basis in accordance with Basic Manual Rule X-C. The resulting premium shall be the Standard Premium.
  - **b.** Retrospective Premium: The retrospective premium for the cancelled policy shall be determined by using the Retrospective Premium Formula in this Section of the Plan. Use the Standard Premium in a. above to establish the Basic Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium for the formula.

#### EXCEPTION FOR NON-PAYMENT OF PREMIUM:

If the cancellation by the insurance carrier is because of non-payment of premium by the insured, the Maximum Retrospective Premium shall be based on a Standard Premium which shall be the premium for the cancelled policy (under Basic Manual Rule X-C) extended pro-rata to an annual basis.

4. Cancellation By the Insured, Except When Retiring From Business For the Reasons Stated in B-2 Above.

Determine the Retrospective Premium as follows:

- **a.** The premium for the cancelled policy is to be calculated on a short rate basis under Basic Manual Rule X-E.
- **b.** Use the Retrospective Premium Formula in this Section of the Plan to establish the Retrospective Premium as shown below:

I. Basic Premium and if applicable, Excess Loss Premium and Retrospective Development Premium shall be computed by using the short rate premium in 4a above as the Standard Premium.

ii. Minimum Retrospective Premium shall be the short rate premium in 4a above.

iii. Maximum Retrospective Premium shall be based on a Standard Premium which shall be calculated by using the actual payroll for the period the policy was in effect, extending that payroll pro-rata to an annual basis and then multiplying such extended payroll by the authorized rates and experience rating modification.

EXAMPLE: CALCULATION OF MAXIMUM RETROSPECTIVE PREMIUM UNDER RULE 4b:

Assume:

| Policy in effect                  | 185 days |
|-----------------------------------|----------|
| Manual Rate (per \$100 payroll)\$ | 5.00     |
| Actual payroll for 185 days\$     | 555,000  |
| Experience Rating modification    | 1.00     |
| Maximum Retrospective Premium     | 1.60     |
|                                   |          |

(a) Payroll extended to an annual basis:

--- -

| \$555,000 x <u>365 days</u> | =\$ | 1,095,000 |
|-----------------------------|-----|-----------|
| 185 days                    |     |           |

- (b) Annual Standard Premium = \$1,095,000 x 5.00 (per \$100) x 1.00 = \$54,750
- (c) Maximum Retrospective Premium: \$54,750 x 1.60 = \$87,600
  - 5. Cancellation of Three Year Plan

If a policy for a Three Year Retrospective Rating is cancelled, the Retrospective Premium shall be computed as follows:

- **a.** Determine premium for the cancelled policy in accordance with Manual rules X-C or X-E depending on the reason for the cancellation. If the Plan was applied to a 3 year policy, each 12 month unit within such a policy is treated as a separate policy. Refer to Basic Manual rule III-C-3.
- **b.** A short rate factor does not apply to any premium for completed 12 month policy units. Apply the short rate factor under Basic Manual rule X-E only to the premium for the 12 month unit cancelled by the insured when not retiring from the business.
- c. If the reason for the cancellation of the Three year Plan is No. 1 or 2 in Rule B of this Section, the Total Standard Premium is the sum of the pro-rata premium under Rule B and the Standard Premium for each completed 12 month unit. Use this total Standard Premium to establish the Basic Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium.
- **d.** If the cancellation by the carrier is caused by non-payment of premium by the insured, the Maximum Retrospective Premium shall be based on a Total Standard Premium which shall be the sum of the premium, extended pro rata to an annual basis, for the cancelled 12 month unit of the policy (under Manual Rule X-C) and the standard premium for each completed 12 month unit, such sum then extended pro rata to a 3 year basis.
- e. If the reason for the cancellation of the Three Year Plan is No. 4 in Rule B of this Section, the Total Standard Premium shall be the sum of the short rate premium for the in completed 12 month unit (under Manual Rule X-E) and the standard premium for each completed 12 month unit. This total Standard Premium is the Minimum Retrospective Premium and also shall be used to determine the Basic Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium. The Maximum Retrospective Premium shall be based on a Total Standard Premium which is the sum of the premium, extended pro-rata to an annual basis, for the cancelled 12 month unit of the policy (under Manual Rule X-C) and the Standard Premium for each completed 12 month unit, such sum then extended pro-rata to a 3 year basis.

EXAMPLE I: RETROSPECTIVE PREMIUM CALCULATION ON THREE YEAR POLICY CANCELLED BY THE INSURED AFTER 185 DAYS

| Actua<br>Manu<br>Expe | al Payroll for 185 days\$<br>Ial Rate (per \$100 of payroll)\$<br>rience Modification                | 555,000<br>5.00 |
|-----------------------|--|-----------------|

|                       | Standard Dramium is the Minimum Detrogradius Dramium and alog is used to determine the Desis Dramium | and if          |

Standard Premium is the Minimum Retrospective Premium and also is used to determine the Basic Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium.

(g) Maximum Retrospective Premium Explanation: The Maximum Retrospective Premium is based on the Standard Premium without short rate factor, extended pro-rata to a 3 year basis.

| Calculation   |            |         |
|---|------------|---------|
| (i) Standard Premium for 185 days (not short rate) = \$555,000 x 5.00 (per \$100) x 1.00 =  | \$         | 27,750  |
| (ii) Standard Premium without short rate factor extended to a 3 year basis =  |            |         |
| \$27,750 x <u>1095 days</u> =   | \$1        | 64,250  |
| (iii) Maximum Retrospective Premium = \$164,250 x 1.60 =  | \$         | 262,800 |
| EXAMPLE II: RETROSPECTIVE PREMIUM CALCULATION ON THREE YEAR POLICY CANCELLED B<br>AFTER 1 YEAR AND 185 DAYS   | Y THE INSU | JRED    |
| Standard Premium for first 12 month unit  | \$         | 50,000  |
| Actual Payroll for 185 days of second 12 month unit   | \$         | 555,000 |
| Manual Rate (per \$100 of payroll)  | \$         | 5.00    |
| Experience Modification — Use Experience Rating modification applicable to each 12 month unit   |            | 1.00    |
| Maximum Retrospective Premium Factor<br>(a) Actual Payroll for 185 days Extended to annual basis =  |            | 1.60    |
| \$555,000 x <u>365 days</u> =   | \$1,0      | 95,000  |
| (b) Annual Premium for second 12 month unit = \$1,095,000 x 5.00 (per \$100) x 1.00 =   | \$         | 54,750  |
| (c) Short rate percentage for 185 days — Refer to Basic Manual Rule X-F   |            | 61%     |
| (d) Short Rate Premium for incomplete 12 month unit = \$54,750 x .61 =  | \$         | 33,398  |
| (e) Total Standard Premium = \$50,000 + 33,398  | \$         | 83,398  |
| (f) Minimum Retrospective Premium   | \$         | 83,398  |
| Total Standard Premium is the Minimum Retrospective Premium and also is used to determine the Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium.            | Basic      |         |
| (g) Maximum Retrospective Premium Explanation: The Maximum Retrospective Premium is based on Total Standard Premium without short rate factor, extended pro-rata to a 3 year basis. Calculation | the        |         |
| (i) Standard Premium for completed 12 month unit  | \$         | 50,000  |
| (ii) Standard Premium for 185 days = \$555,000 x 5.00 (per \$100) x 1.00 =  | \$         | 27,750  |
| (iii) Standard Premium for 185 days extended pro-rata to annual basis =   |            |         |
| \$27,750,000 x <u>365 days</u> =  | \$         | 54,750  |
| (iv) Total Standard Premium \$50,000 + 54,750 =   | \$         | 104,750 |
| (v) Total Standard Premium extended pro-rata to a 3 year basis =  |            |         |
| $104,750 \times \frac{3}{2} = \dots$  | \$         | 157,125 |
| (vi) Maximum Retrospective Premium = \$157,125 x 1.60 =   | \$         | 251,400 |

## C. VALUATION OF LOSSES

If the policy is cancelled by the insured or insurance carrier, the first determination of retrospective premium shall be based upon incurred losses valued six months after the termination date.

## PART THREE ADMINISTRATION OF THE PLAN

- I. ELECTION OF INSURED TO BE SUBJECT TO RETROSPECTIVE RATING
- A. HOW THE INSURED ELECTS TO BE SUBJECT TO THE PLAN
  - 1. The insured elects to be subject to this Plan by notifying the insurance carrier that it has agreed to application of the Plan. This notification shall be executed in writing.
  - 2. Any form of election is acceptable provided it includes the information shown in C below.
- B. HOW CARRIER ACCEPTS ELECTION OF THE INSURED
  - 1. The carrier agrees to the election of the insured to be subject to the Plan by accepting the insured's written notification.
  - 2. After the carrier accepts the insured's election to be subject to this Plan, notification of coverage shall be sent to the Bureau not later than 60 days after the effective date of the Plan indicated on that form.
- NOTE: The Bureau must be notified by the carrier if they and the insured agree to shorten or lengthen the period of the Plan's application, up to a maximum of 60 days.
- C. INFORMATION IN ELECTION OF THE INSURED

The following information is required in the election signed by the insured:

- Name of Insured. 1.
- 2. Effective date of plan.
- 3. Minimum retrospective premium factor.
- 4. Maximum retrospective premium factor.
- 5. Loss conversion factor.
- Loss limitation option and loss elimination ratio (LER), if applicable. 6.
- Retrospective Development Premium Option, if applicable.
   One or Three Year application of the Plan.
- 9. Long Term Construction Project-Details, if applicable.
- Wrap Up Construction Project-Details, if applicable.
   Any special conditions affecting the Plan, such as the inclusion of other commercial casualty insurance.
- 12. Signature by the insured, for example, proprietor, partner or duly authorized officer of corporation.

The following and any other additional information may also be included:

- 1. Address of insured.
- 2. A statement that the insured understands the terms and obligations of this Plan, including the method of premium computation, payments and penalties for cancellations.

## D. STATES IN WHICH SELECTED PLAN APPLIES

- 1. If the risk operates in only one state, designate this state on the notification of coverage.
- 2. If the risk operates in more than one state, list the states to which the selected rating option will apply.
- 3. One or more additional states may be included in the plan applicable to a risk after plan effective date.

#### II. REPORTS OF PREMIUMS AND LOSSES UNDER THE PLAN

1. Premiums

The standard premiums used as the basis of the Retrospective Premium are those reported in accordance with the Unit Statistical Plan Manual.

#### 2. Incurred Losses

The incurred losses used for determining the Retrospective Premium are those reported under the Unit Statistical Plan Manual.

- **NOTE:** For complete details on instructions which shall be followed for Nos. 1 and 2 above, refer to the Unit Statistical Plan Manual.
  - **3.** Verification of Data

All data reported to, and accepted by the Bureau under the Unit Statistical Plan Manual shall be accepted as verified data for computation of the Retrospective Premium.

#### III. FILING REQUIREMENTS

1. Notification of Coverage

Send one copy of Notification of Coverage to this Bureau for all plans, both intrastate and interstate, which apply in this jurisdiction.

- 2. Factors for Retrospective Rating Option V
  - **a.** Two copies of an "Application for Approval of Proposed Retrospective Rating Values" shall be filed for approval with the Bureau.
  - **b.** A revised calculation of the Basic Premium Factor if any change results in an increase or decrease beyond the lowest or highest original estimated standard premium sizes selected. A new "Application for Approval of Proposed Retrospective Rating Values" shall be filed if the Basic Premium Factor changes.

#### IV. COMPUTATION OF RETROSPECTIVE PREMIUM

## **GENERAL EXPLANATION**

Under this Plan, retrospective premiums always are computed initially by the carrier, using premium and loss data which have been reported under the Unit Statistical Plan Manual. On a specific request basis, the retrospective premium calculated by the carrier may then be reported to the rating organization for verification. This is achieved by the rating organization use of the duplicate copies of the Unit Statistical Plan reports which must be submitted with the retrospective premium calculation.

1. First Computation of Retrospective Premium

Under the Unit Statistical Plan Manual, the reports of losses and premiums are submitted to the rating organization. For complete details, refer to that Manual. As soon as practicable after data have been prepared in accordance with the Unit Statistical Plan, the first retrospective premium computation shall be made by the insurance carrier.

On a specific request basis, this computation may be sent to the rating organization for verification before transmittal to the insured. The carrier shall notify the insured and return premium if the retrospective premium is less than premium previously paid. The insured shall pay any premium greater than premium previously paid.

If the insured and carrier agree, the first computation of retrospective premium shall be the final adjustment of premium under this Plan. In the absence of such an agreement, additional retrospective premium computations shall be made by the carrier in accordance with rule 2 below.

For plans applied on a three year basis, or Long Term or Wrap Up Construction Projects, interim tentative adjustments of premium may be made.

**NOTE:** In certain cases, the carrier may make an early computation of retrospective premium. Such cases include bankruptcy, liquidation, reorganization, receivership, assignment for benefit of creditors, or other similar situations.

- 2. Retrospective Premium Adjustment After First Computation
  - **a.** If the first or any other retrospective premium computation is not final, a subsequent computation and adjustment of premium subject to this Plan shall be made by the carrier 12 months after the previous computation. The procedure for such later computations shall be the same as in rule 1 above except that such premium calculations shall be based upon the latest Unit Statistical Reports required. If the insured and carrier agree, the latest computation shall be the final retrospective premium. Unless such an agreement has been made, the carrier shall continue to make such additional retrospective premium computations at intervals of 12 months.

**b.**If a subsequent computation of retrospective premium results in no change from the previous computation, the insurance carrier shall notify the insured that there is no change in the premium payment and that subsequent computations of retrospective premium will be made in accordance with Rule 3a below.

3. Final Computation of Retrospective Premium

**a.** Subsequent computations of retrospective premium shall be issued by the carrier in accordance with Rule 2 above until both the carrier and insured agree that the latest computation shall be the final retrospective premium under this Plan.

**b.** When the carrier and insured have agreed to the final retrospective premium calculation, a revision of that premium adjustment is not permitted except for clerical error.

## TABLE OF INSURANCE CHARGES/TABLE M

Not published herein. (Refer to National Council on Compensation Insurance Retrospective Rating Plan Manual.)

#### APPENDIX

## EXPLANATIONS AND ILLUSTRATIONS OF RETROSPECTIVE RATING OPTION V AND HOW TO USE THE TABLE OF INSURANCE CHARGES

# **GENERAL EXPLANATION**

The negotiating process between the insured and the insurance carrier is the basis on which retrospective rating provides flexibility so that the Plan may be designed to meet the needs and characteristics of a risk. As a result of this negotiation, minimum and maximum retrospective premium factors are established, as well as the loss conversion factor. Such selections are necessary for the determination of the other factors essential to the operation of retrospective rating. After these elements have been settled, the basic premium factor may be calculated and applied to the Standard Premium to produce the Basic Premium. The Basic Premium is the sum of certain insurance carrier expenses and a premium charge which reflects the selected premium limitations, the carrier's loss potential and possible profit or contingency.

The key to establishing the Basic Premium Factor for retrospective rating is the Table of Insurance Charges in Part Four of this Plan. It indicates, by expected loss groups, the factors to establish the premium charge which is vital to the determination of the basic premium factor.

The use of the Table of Insurance Charges is accounted for in the following explanations and illustrations of how to determine the factors and other elements which are needed for the operation of The Plan.

- **NOTE:** The procedures described in this Appendix are designed exclusively for workers compensation insurance. Rules for the application of retrospective rating to a combination of workers' compensation insurance and other lines of casualty insurance are in the Retrospective Rating Plan issued by the Insurance Services Office.
  - A. MINIMUM RETROSPECTIVE PREMIUM FACTOR

### MAXIMUM RETROSPECTIVE PREMIUM FACTOR

These are established by negotiations between the insured and insurance carrier.

B. LOSS CONVERSION FACTOR

This is also established by negotiations.

C. STANDARD PREMIUM

The estimated Standard Premium is determined according to the definition of Standard Premium in Rule II-E of Part One of this Plan.

# D. ADDITIONAL PREMIUM SIZES

- Calculate factors for 50%, 100% and 150% of the estimated Standard Premium, and for any lower or higher premium sizes selected by agreement. The reason for determining such supplementary factors is the probability that the earned Standard Premium will be more or less than the estimated Standard Premium. If the earned Standard Premium is between the selected premium sizes, the Basic Premium Factor for the retrospective premium is based on straight line interpolation between the Basic Premium Factors calculated on the estimated Standard Premiums.
- 2. If the earned standard premium is beyond the lowest or highest selected premium sizes, the Basic Premium Factors shall be recalculated.

#### E. EXPECTED LOSSES

Determine expected losses by multiplying the estimated Standard Premium for this state by the expected loss factor shown in the State Special Rating Values - Delaware. Total expected losses are the sum of the expected losses for the states where the Plan applies.

#### F. EXPENSE ALLOWANCE - EXCLUDING TAXES

The Expense Allowance varies on the basis of the annual Standard Premium. Use the Table of Expense Ratios in Part Four –Premium Computation Tables as follows:

1. One Year Plan

Multiply the Standard Premium by the corresponding expense ratio for that premium size.

2. Three Year Plan

Determine the estimated annual Standard Premium for each of the Three Years and multiply each annual Standard Premium by the expense ratio corresponding to that premium size. The sum of the three products is the total expenses.

3. Premium Sizes Other Than 100% of Standard Premium:

The expense allowance is based on the percentage of annual Standard Premium represented by the premium size other than 100% of Standard Premium.

## G. TAX MULTIPLIER

Tax multipliers are shown in the State Special Rating Values – **Delaware.** For an interstate risk, an average of the specified state tax multipliers weighted by the state standard premiums shall be used.

## H. THE TABLE OF INSURANCE CHARGES

The Table of Insurance Charges is a fundamental table in the computation of factors for Retrospective Rating. This table shows by expected loss group:

- 1. A percentage of Standard Premium representing the premium charge for providing insurance against the probability that the losses of the risk may produce a premium greater than the selected maximum retrospective premium.
- 2. A percentage of the Standard Premium representing a premium saving to recognize the probability that the losses of the risk may produce a premium less than the selected minimum retrospective premium.

Determination of the proper charge and saving for application of The Plan depends on a testing process which is explained in the example which follows in this Appendix.

### I. TOTAL EXPECTED LOSS RATIO

Divide the total expected losses by the total Standard Premium to determine total expected loss ratio. Refer to C above.

## J. EXPECTED LIMITED LOSS RATIO

Determine expected limited loss ratio by subtracting the excess loss factor from the expected loss ratio.

#### K. BASIC PREMIUM FACTOR

The Basic Premium Factor is the sum of the following two elements:

- 1. The expense in basic factor. This is the Expense Ratio (Refer to F above) reduced by the provision for expense in the Loss Conversion Factor. This reduction is illustrated by No. 7 in the example below.
- 2. The net insurance charge. Determine the difference between the insurance charge for the limitation of the Plan premium to the maximum retrospective premium and the premium saving for limiting the Plan premium to the minimum retrospective premium. Then multiply this difference by the product of the expected loss ratio

© 2014 DELAWARE COMPENSATION RATING BUREAU, INC.

and the Loss Conversion Factor. This last calculation uses the probability of loss indicated in the Table of Insurance Charges to produce a factor applicable to standard premium as an element of the Basic Premium Factor.

Any other calculation may be used to determine the Basic Premium Factor provided the selected factor is not over .005 different from the factor produced by the sum of 1 and 2 above.

For risks on a One Year Plan, the insurance charges and savings used in obtaining the Basic Premium Factor are based on the annual estimated Standard Premium. For risks on a Three Year Plan, the charges and savings are based on the estimated Standard Premium for three years. To determine factors for premium sizes other than 100% of Standard Premium as provided in D above, use the percentage of annual Standard Premium represented by the premium size other than 100% of Standard Premium.

## L. EXCESS LOSS FACTOR

Excess Loss Premium is an additional elective element in the retrospective premium formula and is determined in accordance with Part Two-I-C of this Plan.

## M. LOSS ELIMINATION RATIO (LER)

Divide the Excess Loss Factor by Expected Loss Ratio to determine the Loss Elimination Ratio.

N. STATE AND HAZARD GROUP DIFFERENTIAL

State and Hazard Group Differentials are found on the state retrospective rating pages. This differential is applied to the expected losses prior to selection of the Expected Loss Group. It reflects the effect of variation in loss severity on the insurance charge.

O. LOSS GROUP ADJUSTMENT FACTOR

This factor is applied to the expected losses prior to selection of the Expected Loss Group. It is an adjustment reflecting selected loss limitations. This factor is determined by the following calculation: 1 + .8LER/1-LER.

# AN EXAMPLE OF BASIC PREMIUM FACTOR DETERMINATION

The following example illustrates a generally accepted method of determining the Basic Premium Factor. Note the statement, in K above, regarding different methods that may be used to determine the Basic Premium Factor.

## ASSUME THE PLAN AGREEMENT PROVIDES

- A. Minimum Retrospective Premium Factor 60%
- B. Maximum Retrospective Premium Factor 130%
- C. Loss Conversion Factor 1.120
- D. Tax Multiplier 1.075
- E. Excess Loss Factor for \$50,000 limit .305
- F. State Hazard Group Differential .993
- G. Expenses from Expense Ratio Table .205

| 16. | Table of Insurance Charges – Premium Saving for (13)   | .001  |
| 17. | Net Premium Charge ((15) - (16)) x (4) x (C)   | .023  |
| 18. | Basic Premium Factor (8) + (17)  | .155  |
| Ν   | OTE: The above calculations are based on the 1988 Table of Insurance Charges in Part Four of the Plan. |       |

The procedure for establishing the values and factors in the above example follows:

1. Estimated Standard Premium:

This is the annual or three year standard premium. Refer to Rule II-E of Part One of this Plan.

2. Expected Losses:

The expected losses equal the estimated standard premium multiplied by the expected loss ratio which is found in the State Special Rating Values – Delaware. Refer to Part Four for Table of Expected Loss Ranges. For an interstate risk, the expected losses equal the sum of the products of the estimated standard premium for each state and the corresponding expected loss ratio for each state. For the purposes of this example, it has been assumed that the risk is intrastate with an expected loss ratio of .612, which produces expected losses of 306,000 (500,000 x .612).

3. Total Expected Loss Ratio:

This is the expected loss ratio for the risk obtained by dividing the total expected losses for all states covered by the Plan by the total standard premium.

4. Expected Limited Loss Ratio (ELLR):

This ratio is determined by subtracting the excess loss factor from the expected loss ratio.

**5.** Expense and Profit or Contingency – Excluding Taxes

The expense and profit or contingency (excluding taxes) is determined, for One Year Plans by multiplying the standard premium by the expense ratio found in either the Stock or Non-Stock "Tables of Compensation Expense Ratios – Excluding Taxes, including profit or contingencies." Refer to Part Four – Premium Computation Tables. For Three Year Plans, values are determined similarly for each of the years based on each annual estimated Standard Premium, and the sum of these values is the provision for expense and profit or contingency. The value for expenses shown in this example is equal to \$102,500 x \$500,000 x .205. Note that the Tables of Expense Ratios, and other factors used in the calculations, are subject to revision in accordance with modifications adopted by this Bureau. Therefore, care should be taken to use current ratios and factors when preparing a plan calculation.

#### 6.Expected Loss and Expense Ratio

This ratio is obtained by dividing the expected losses plus the expenses and profit or contingency (excluding taxes) by the Standard Premium.

7. Loss and Expense in Converted Losses

This factor, which expresses the ratio of expected losses and expense to estimated Standard Premium, is the product of the expected loss factor and the loss conversion factor.

8. Expense and Profit or Contingency in Basic Premium

The difference between the factor in Item 6, representing the total net premium provision for the risk under the Plan, and the factor in Item 7, representing expected losses and loss adjustment expense associated with insuring the risk, is the expense and contingency amount which must be included in the basic premium.

- 9. Minimum Retrospective Premium Factor Excluding Taxes
- 10. Maximum Retrospective Premium Factor Excluding Taxes
- **11.** Table of Insurance Charges Value Difference
- **12.** Table of Insurance Charges Entry Difference

These four items are determined in a way designed to facilitate the testing process by which the Basic Premium Factor is established. The factors entered for these items are obtained as indicated in the above example.

Item (10), Table of Insurance Charges Value Difference, equals the difference between the Table charge for the entry ratio from which the savings is taken and the Table charge for the entry ratio from which the charge is taken. Item (11), Table of Insurance Charges Entry Difference, equals the difference between the entry ratios that determine the savings and charge for the risk.

To use the Table of Insurance Charges, find the loss group in the Expected Loss Ranges in the Table containing the expected loss value.

The adjusted expected loss value is Item (2) multiplied by State and Hazard Group Differential times the Loss Group Adjustment Factor.

The Loss Group Adjustment factor (F) applies when an individual loss limit is selected. The factor is:

where the LER = ELF  $\div$  Item (3) = .498

$$\mathsf{F} = \frac{1 + (.8)(.498)}{1 - (.498)} = 2.786$$

S/H Differential = .993

The loss group is 26 (group that contains 846,548 (= 306,000 x 2.786 x .993)).

Then choose two "Entry Ratios" from the Expected Loss Group in the table with a difference equal to Item 12. Make this choice so that the difference in the charges for the Expected Loss Group and for the selected entries most closely approximates Item 11.

To illustrate this testing procedure; several entry ratios and their corresponding charges in group 26 have been reproduced from the Table:

| Entry Ratio | Charges (Group 28) |  |
|-------------|--------------------|--|
| .17         | .831               |  |
| .18         | .821               |  |
| .19         | .811               |  |

#### \* Savings

| Entry Ratio | Charges (Group 26) |  |
|-------------|--------------------|--|
| 2.06        | .069               |  |
| 2.07        | .069               |  |
| 2.08        | .068               |  |

Choose and list pairs of entry ratios with a difference equal to item (12), in this case 1.89, and note the respective difference in these charges:

| (2.0617) = 1.89  |
|------------------|
| (2.0718) = 1.89  |
| (2.0819) = 1.89  |
| (.831069) = .762 |
| (.821069) = .752 |
| (.811068) = .752 |
|                  |

The pair of entry ratios whose charge difference most closely approximates item (11) is recorded under items (12) and (13).

- 13. Ratio of Losses Producing Maximum Retrospective Premium to Expected Losses:
- 14. Ratio of Losses Producing Minimum Retrospective Premium to Expected Losses:

These Items are the pair of Table entry ratio values determined by the process outlined previously.

**15.** Premium Charge for (14)

This is the premium charge for losses in excess of those provided by the maximum retrospective premium. It is obtained by reading from the table as shown under item (12).

**16.** Premium Saving for (13)

This is the premium saving for losses less than those which would produce the minimum retrospective premium. The values for premium savings are listed directly beneath the charge values in the Table of Insurance Charges. In this example, the saving of .001 for entry ratio .18 (Item 13) in group 26 is found directly beneath the charge value of .821.

**17.** Net Premium Charge

The net premium charge is determined by calculating the difference between the charge for possible losses which might produce more than the maximum retrospective premium and the saving for losses which might produce less than the minimum retrospective premium, and then multiplying that difference by the product of the expected loss ratio and the loss conversion factor.

18. Basic Premium Factor

The Basic Premium Factor is the sum of the net premium charge and the expenses and profit or contingencies in the Basic Premium expressed as a percentage of the Standard Premium. The Standard Premium multiplied by the Basic Premium Factor produces the Basic Premium used in computing the Retrospective Premium.

#### GENERAL RULES SECTION I – INSTRUCTIONS

- 1. The Experience Rating Plan is intended to determine whether a specific risk presents a hazard for future insurance which is better or worse than the hazard of the average risk in the classification to which the risk has been assigned.
- 2. The rules of this Plan shall govern the experience rating procedure to be followed in connection with Workers Compensation and Employers' Liability Insurance.

These rules have been prepared as applicable to policies written or issued for a period not in excess of one year. When, however, policies are written for periods of more than one year, such policies shall be considered as consisting of consecutive units of twelve months, or if the period of coverage is not a multiple of twelve months the first or last unit shall be considered as though it were a short term policy. If, however, coverage is written for a period that is more than one year but not more than one year and sixteen days, such entire period shall be considered as a unit of coverage. Each unit as defined above shall be subject separately to all of the rules and procedures specified in the Plan to the same degree as if it actually constituted a separate policy.

In the event the policy period for a long term policy is more than one year and sixteen days, and is not made up of complete twelve-month periods, an endorsement shall be attached to the policy specifying whether the first or last unit shall be considered as though it were a short term policy.

- **3.** This Plan and all amendments thereto, unless otherwise specifically provided, shall be applied as of the first normal anniversary rating date of the risk, as established by the Bureau, which is on or after the effective date of any change in the rules or rating values of this Plan, but shall not otherwise be available to outstanding ratings.
- 4. It shall not be permissible by cancellation, or rewriting, or by the extension of the policy term, to alter an existing policy for the purpose of enabling the risk to qualify for, or avoid, application of this Plan.
- 5. Appeals. Any determination or decision of the Bureau for an individual risk under the Delaware Experience Rating Plan may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE, Section 1 of this Manual.

# SECTION II – DEFINITIONS

- 1. **Risk**. The term "risk" as used in this Plan shall mean
  - (a) A single legal entity.
  - (b) Two or more affiliates which qualify for combination under the rules of Section III of this Plan.
- 2. Legal Entity. The term "legal entity" or "entity" shall mean an individual, partnership, corporation, unincorporated association or fiduciary (e.g., trustee, receiver, executor or administrator).
- 3. Affiliate. The term "affiliate" shall mean entities in each of which the same entity or group of entities own a majority interest.
- 4. Experience. For the purpose of this Plan experience shall mean the record established by a risk under Workers Compensation and Employers' Liability Insurance, as disclosed by the losses incurred by the insurance carrier or carriers and the payrolls or other exposures segregated according to classification of operations. Losses incurred shall be on a gross basis, before the application of the deductible when such coverage is provided.

If the classification assigned to a risk is revised or modified, for the purpose of this Plan the Bureau shall similarly reassign the classification of the experience period except that, if the revision is due to a change in operations, no part of the experience period prior to such operations change shall be affected.

Note: For special provisions applicable to self-insurers' data see Rule 6 of Section III.

### **SECTION III – GENERAL PROVISIONS**

1. Eligibility Requirements. A risk shall qualify for rating under this Plan if the premium developed by the audited payrolls or other exposures of the policy terminating two (2) years prior to the date for which the modification is to be established, extended at current Residual Market Rates, is \$3,161 or more.

## DELAWARE WORKERS COMPENSATION MANUAL SECTION 5 EFFECTIVE: DECEMBER 1, 2014 Page 3

- (a) Eligibility requirements will be determined without consideration of Maritime Liability, Liability under the Federal Employers' Liability Act, Excess Limits and Additional Medical Coverage, the non-ratable element and seat surcharge for Aircraft Operation, the non-ratable element for Explosives Manufacturing, and Atomic Energy Projects.
- (b) Risks shall be disqualified by a lapse of insurance of two years or more until they again qualify for experience rating following the lapse.

The application of Rules 2 and 3 of this section is subject to the provisions of Section V "Tabulation of Experience" of this Plan.

- 2. Experience Period. The experience period, except as otherwise provided in Rules 3 and 4 of this Section, shall be not more than three (3) years, commencing four (4) years prior and terminating one (1) year prior to the date for which an experience modification is to be established, but in no event shall be less than the one policy year (twelve months) commencing two (2) years prior and terminating one (1) year prior to the date for which an experience modification is to be established, but in no event shall be less than the one policy year (twelve months) commencing two (2) years prior and terminating one (1) year prior to the date for which an experience modification is to be established. Completed policy periods only shall be used and all such periods wholly within the experience period shall be used.
- 3. Experience Period Extension. If for any reason a part of the earliest policy period falls outside of the normal three (3) year maximum period, such earliest policy period shall be retained in full provided the entire experience period does not then exceed three and three-quarters (3<sup>3</sup>/<sub>4</sub>) years, and shall be rejected in full if its retention serves to increase the experience period beyond three and three-quarters (3<sup>3</sup>/<sub>4</sub>) years.

If the policy period immediately preceding the earliest policy period completely within the normal three year experience period is less than a twelve month period and has been used in only two previous ratings, then such short term policy period shall be retained in full provided the entire experience period does not then exceed three and three-quarters  $(3^{3}_{4})$  years, and shall be rejected in full if its retention serves to increase the experience period beyond three and three-quarters  $(3^{3}_{4})$  years.

- 4. Multiple Policy Experience. If the experience used in rating a risk involves two or more policies varying in expiration date, the experience period shall be determined for each entity separately in accordance with the foregoing rules, except that the experience for each non-controlling entity shall close with the completed policy period beginning more than one year and terminating not less than six months prior to the date for which an experience modification is to be established.
- 5. Experience to be Used. The entire experience of the risk (except as otherwise provided in Rule 1 of Section V of this Plan) incurred within the experience period on all its operations, whether such operations are normal to the business or otherwise, shall be reported and used in determining the experience modification. The Bureau may, at its discretion, verify any or all the data from which the experience modification is to be determined.
- 6. Self-Insurers' Data. The experience of self-insurers may be accepted by the Bureau provided the experience on self-insured operations is submitted on the approved form, giving the required information with respect to payrolls and losses. Such statement shall be secured, verified and submitted by an interested carrier.

Self-insured experience shall not be used in rating a risk unless the operations that produced such experience are to be insured under a Standard Workmen's Compensation and Employers' Liability Policy.

7. Administration of Property (Fiduciary and Non-Fiduciary). Ownership interest shall be deemed to be vested in a fiduciary when a fiduciary is involved. However, "Fiduciary" shall not include a debtor in possession or a trustee under a revocable trust or a franchisor. Ownership interest held by an entity in a fiduciary capacity and ownership interest held by the same entity in a non-fiduciary capacity shall be deemed to be ownership by the same entity.

# COMBINATIONS OR CHANGES OF STATUS

### 8. Combination of Entities.

- (a) Affiliates shall not be combined for rating purposes if: provided, however, that combination shall be made as respects entities in each of which the same person, or group of persons, or corporation owns a majority interest and
  - (i) The affiliates involved constitute the component parts of an enterprise performing a continuous and/or integrated process or operation, or
  - (ii) There is interchange of employment (other than office and salesmen) between two or more of the affiliates involved in the combination.

Separate policies may not be issued to affiliates, which are required to be combined under this Rule.

- (b) Affiliates which are not required to be combined under Rule 8(a) may be combined upon the mutual agreement of the risk and the carrier(s) involved. If such combination is agreed to, insurance may be provided either by a single policy insuring all affiliates, or by separate policies for each affiliate issued by one or more insurance carriers. In the latter case, the experience modification established for the entire risk shall apply on each policy to each affiliate. If all affiliates are not combined, then each affiliate not otherwise subject to Rule 8(a) shall be insured under a separate policy and rated on its own experience, providing it meets the qualifications for experience rating as specified in Rule 1 of this Section.
- (c) When one or more mandatory combinations of affiliates under Rule 8(a) exist, insurance for each such combination may be provided by a single policy. Each mandatory combination and any other affiliates which are not required to be a part of any mandatory combination pursuant to Rule 8(a) may be separately rated and separately insured. Exception: If any one or more affiliates not required to be combined under Rule 8(a) or mandatory combinations voluntarily choose to be insured under a single policy, then all affiliates shall be insured under a single policy and the experience modification established for the entire risk shall apply to each affiliate.

#### Example

Five legal entities are commonly owned. Company A and Company B have an interchange of employees. Company C and Company D have a continuity of operations. Company E is unrelated except through ownership.

By Rule 8(a), Company A and Company B must be combined for rating and must be covered by a single policy. Similarly, by Rule 8(a), Company C and Company D must be combined for rating and must be covered by a single policy. Company E may be separately rated and covered by a separate policy.

| Company          | Rating   | Policy # |
|------------------|----------|----------|
| Company A ≥      | Combined | Combined |
| Company B $\geq$ | A & B    | Policy 1 |
| Company C ≥      | Combined | Combined |
| Company D ≥      | C&D      | Policy 2 |
| Company E        | Separate | Policy 3 |

If any combination of these separate policy coverages is elected, then all commonly owned entities must be combined for rating and must be covered by a single policy. Thus, if Companies A and B desire to be combined with Company E, they must also combine with Companies C and D, and all must be covered by a single policy.

- (d) If an entity owns a majority interest in another entity which, in turn, owns the majority interest in another entity, all entities so related shall be considered as being under the same ownership for the purposes of this rule, regardless of the number of entities in succession.
- (e) Separate legal entities organized for religious purposes within the same religious denomination shall not be combined for rating purposes; provided, however, that combination may be made as respects all such entities in each of which the same central authority appoints or controls the appointment of the board of trustees or similar body and exercises direct, complete and active control over the finances, properties, operations and activities.

In the term "majority interest," as used in this rule, "majority" shall mean more than 50%.

If an entity other than a partnership

- i. has issued voting stock, majority interest shall mean a majority of the issued voting stock;
- ii. has not issued voting stock, majority interest shall mean a majority of the members;
- iii. has not issued voting stock and has no members, majority interest shall mean a majority of the board of directors or comparable governing body.

If an entity is a partnership, majority interest shall be determined in accordance with the participation of each general partner in the profits of the partnership.

**Note:** If a combination of entities is required or has been elected, and if two or more different combinations are possible in accordance with the provisions of this rule, the combination involving the greatest number of entities shall be made. The experience of any entity used in such a combination shall not otherwise be used in combination with any other entity.

The experience to be used in a rating combination shall be subject to the provisions of the rule "Change of Ownership" of this Section.

(f) Affiliates combined for rating voluntarily (i.e., not a mandatory combination), which wish to change their rating option and have each affiliate separately rated based on its individual experience, may petition the Bureau to do so. Upon Bureau approval, separate policies must be issued for each affiliate. Unless the Bureau is provided with the segregated experience needed to produce separate ratings for each affiliate in an acceptable format, each affiliate will continue to be rated using combined experience for any policy period(s) for which segregated experience is not available and its own separately reported experience for policy period(s) subsequent to the separation.

### 9. Ownership Changes.

- (a) For purposes of this Plan, a change in ownership includes any of the following:
  - (i) sale, transfer or conveyance of all or a portion of an entity's ownership interest
  - (ii) sale, transfer or conveyance of an entity's physical assets to a purchasing entity which takes over the operation of the selling entity and wherein the selling entity
    - (a) becomes entirely inactive with no employees or
    - (b) retains a few employees for the purpose of closing out its affairs prior to dissolution as a legal entity or
    - (c) retains a few clerical employees for the purpose of carrying on operations in connection with investment of its financial assets
  - (iii) merger or consolidation of two or more entities
  - (iv) formation of a new entity subsequent to the dissolution or non-operative capacity of an entity
  - (v) voluntary or court mandated establishment of a trustee or receiver, excluding a debtor in possession, a trustee under a revocable trust or franchisor.
- (b) Continuation of Experience. Unless excluded under paragraph (c), the experience for any entity undergoing a change in ownership shall be transferred to the experience of the acquiring, surviving or new entity. The date of revision will be the later of the following two dates: 1) the anniversary rating date in effect at the time the Bureau receives a completed ERM-14 form outlining the ownership change or 2) the date on which the change in ownership occurred.
  - (i) Partial Sale: If an entity disposes of a part of its assets or operations but otherwise continues to operate its business, all experience incurred prior to the sale shall be used in future ratings of the entity.

**NOTE:** Future experience ratings of a risk shall retain all experience for any part of its operations which may have been discontinued or self-insured.

- (c) Exclusion of Experience. The experience of any entity undergoing a change in ownership shall be retained and used in future experience ratings unless one or both of the following requirements (i) and (ii) are met at the same time of the ownership change:
  - (i) A change in majority interest occurs and the change in majority interest is accompanied by a complete change in operation and function sufficient to result in a change of governing classification and the change in majority interest is accompanied by a change in the process and hazard of the operation
  - (ii) A change in majority interest occurs and the change in majority interest is accompanied by a change in employees such that all or a substantial portion of the employees of the new ownership are not retained from the prior ownership.

- (d) If the experience of an entity undergoing a change in ownership is to be excluded from future experience ratings for the entity, the experience modification no longer applies as of the date of the ownership change unless the entity is acquired by another entity which has an existing experience modification. In that case, the modification of the acquiring entity shall apply.
- (e) *Multiple Entities.* When two entities under substantially the same ownership have been insured under a single policy, and the ownership of one or both of them is changed so that there is no longer any connection between them, the procedure shall be as follows:
  - (i) If the experience of the entities has been combined for rating purposes during the entire experience period, the experience incurred prior to the change shall not be used for future ratings, unless
    - (a) the insurance carrier or carriers request that new modifications be established, and
    - (b) the Bureau is furnished with the experience required for the calculation of such modifications submitted in an acceptable format.
  - (ii) If the experience of the entities has been combined for less than two years at the time of the change, so that the experience for each entity is available during the period they were separately insured, the experience for each entity shall be used for the purpose of calculating new experience modifications.

When three or more entities under substantially the same ownership have been insured under a single policy, and the ownership of one of the entities has been changed so that there is no longer any connection between it and the remaining entities, the existing experience modification shall continue to apply to the entities whose ownership has not changed. The entity whose ownership has changed shall not be subject to experience modification unless it has been purchased by an entity which has an applicable experience modification.

When three or more entities under substantially the same ownership have been insured under a single policy and the ownership of two or more of the entities has been changed so that common ownership no longer is present, the experience incurred prior to the date of the change shall not be used for future ratings, unless

- (i) the insurance carrier or carriers request that new modifications be established, and
- (ii) the Bureau is furnished with the experience required for the calculation of such modifications submitted in an acceptable format.
- 10. Joint Ventures. When two or more risks associate for the purpose of undertaking one or more projects as a joint venture, the premium for the operation involved shall not be subject to experience modification until such time as the joint venture qualifies for experience rating in accordance with the provisions of Rule 1 of this Section, subject, however, to the following conditions:
  - (1) The contracts shall be awarded in the name of the associated risks as a joint venture.
  - (2) The joint ventures shall share responsibility for, and participate in the control, direction and supervision of all work undertaken.
  - (3) The joint ventures shall maintain a common bank account, payroll and business records.
  - (4) When the joint venture becomes subject to experience rating, all applicable experience modifications shall be based exclusively on the experience of the joint venture. The experience developed under a joint venture shall be excluded from the future rating of the individual ventures.

#### SECTION IV APPLICATION OF EXPERIENCE MODIFICATION

Experience Modification. An experience modification for a qualified risk shall be determined annually (except as
provided in Rules 3 and 4 of this Section) and shall be effective as of the normal anniversary rating date of the risk.
No more than one experience modification shall apply to a risk at the same time. Subject to the exceptions noted
below, the experience modification shall be applied to the premium developed by the use of carrier rates in force on
the effective date of the experience modification.

EXCEPTION (a):

Classifications with Non-Ratable Elements: Only the ratable portion of the manual rate is eligible for experience modification. The ratable portion is equal to the manual rate less the non-ratable element.

#### EXCEPTIONS:

Premiums Not Subject to Experience Rating: The following are not subject to experience rating:

- i. Expense Constants.
- ii. The policy minimum premium.
- iii. Premium under the National Defense Projects Rating Plan.
- iv. Premium under Rule 1 of the Atomic Energy Procedure.
- v. The surcharge premium under Rule 2 of the Atomic Energy Procedure.
- vi. The seat surcharge premium for Aircraft Operation.
- vii. Premium developed under Code 9740 Terrorism.
- viii. Premium developed under Code 9741 Catastrophe (other than Certified Acts of Terrorism).
- 2. Period and Operations Affected. The experience modification shall be effective for a period of twelve months (except as provided in Rules 3 and 4 of this Section) and shall apply to all the operations of the risk, regardless of whether the current or any new operations are assigned to the same classifications as were used in establishing such modification.
- 3. Single Policy Risk. If a risk is covered by a single policy, the following procedure shall apply:
  - (a) The experience modification effective as of the normal anniversary rating date shall apply for the full term of the policy which becomes effective on such date and also for the full term of any policy which becomes effective within three months after such date.
  - (b) If a policy is written for a period of one year, but is extended for a period of not more than 16 days, the carrier rates and experience modification in effect as of the normal termination date shall remain in effect until the termination date of the extended policy. The carrier rates and experience modification which would have become effective as of the normal anniversary rating date shall apply for a period of one year from the effective date of the renewal policy.
  - (c) If a policy is written for a period of one year, but is extended for a period of more than 16 days but not in excess of 60 days, the authorized rates and experience modification shall apply as of the normal anniversary rating date for the unexpired portion of the extended policy period, and shall also apply for a period of one year from the effective date of the renewal policy.
  - (d) If a policy becomes effective on a date more than three months after the normal anniversary rating date:
    - i. the outstanding experience modification shall apply to the new policy for the period corresponding to the unexpired term of the rating.
    - ii. a new experience modification then shall apply for the unexpired term of the outstanding policy.
    - iii. thereafter, a new modification shall apply annually as of a new normal anniversary rating date. The new normal anniversary rating date shall be the date twelve months after the effective date of the outstanding policy.
- 4. Multiple Policy Risk. If a risk is covered by several policies (as provided in Rule 8 of Section III of this Plan) which differ as to inception dates, the following procedure shall apply:

A single experience modification shall be computed to be effective for a period of twelve months beginning on a normal anniversary rating date to be established by the Bureau. The Bureau may, however, authorize the application of an existing experience modification for a period not to exceed fifteen months or a new experience modification for a period greater than three months and less than twelve months for the purpose of establishing a new normal anniversary rating date. Any policy effective prior to the normal anniversary rating date established by the Bureau shall be cancelled as of such date and rewritten for a period of twelve months. Any policy effective subsequent to the normal anniversary rating date established by the Bureau shall be written to expire concurrently with the next ensuing normal anniversary rating date or shall be cancelled as of that date.

Any policies subject to this rule which are extended beyond the normal period of twelve months shall be subject to the provisions of Rules 3(b) and 3(c) of this Section.

DELAWARE WORKERS COMPENSATION MANUAL SECTION 5 EFFECTIVE: DECEMBER 1, 2014 Page 8

#### SECTION V TABULATION OF EXPERIENCE

- 1. Experience Used for Rating. The experience used for rating purposes shall be the individual risk experience valued at least three months prior to the rating date and reported in accordance with the provisions of the Delaware Workers' Compensation Statistical Plan. It shall include Voluntary Compensation insurance, but shall exclude Maritime Employments and Employments under the Federal Employers' Liability Act. It shall also exclude the exposure and any losses under Code 9108 Passenger Seat Surcharge.
- 2. Rating Forms. To determine the experience modification the prescribed experience shall be tabulated by the Bureau on approved rating forms.
- 3. Payrolls. The audited payrolls or other exposures for each classification for the experience period.
- 4. Losses. Incurred losses shall be tabulated by policy years in the manner indicated below.
  - (a) Losses as reported (indemnity, medical and total) shall be shown for each policy year. Losses incurred shall be on a gross basis, before the application of the deductible when such coverage is provided.
  - (b) Losses which are subject to average or limiting values, as provided in Rule 5 of this Section, shall be listed individually, showing the total cost of each case as reported and as used for rating purposes. Multiple injury accidents shall be identified in the appropriate column of the rating form.

**Exception:** All claims reported with Catastrophe Code No. 48 shall be excluded from experience rating calculations. Refer to Delaware Workers Compensation Statistical Plan Manual, Section 2, C. 11. for definition of losses included under Catastrophe Code No. 48.

5. Limitation on Total Losses Employed in a Rating. To prevent unreasonable increases in rate for accidents whose occurrence or severity is a matter of chance, a scale of values has been determined and is to be used in place of the actual cost of such accidents when the actual cost exceeds the limiting value. No single accident, whether to one or more persons, shall be used for rating purposes at a value greater than that shown in Table B, column (3).

**Exceptions:** Multiple injury accidents in the Explosives and Ammunitions Mfg. Classifications (Exception: Code 4777, Explosives Distribution), shall be used for rating purposes at not more than twice the value of Table B, column (3) if two persons are injured, at not more than three times if three persons are injured and at not more than four times if four or more persons are injured.

- 6. Moral Responsibility. No loss shall be excluded from the experience of a risk on the ground that the employer was not morally responsible for the accident that caused such loss.
- 7. Revision of Losses. It shall not be permissible to revise values because of department or judicial decision or because of developments in the nature of injury between two valuation dates. Provided, however, that:
  - (a) in cases where loss values are included or excluded through mistake other than error of judgment
  - (b) where a claim is declared non-compensable (see note below)
  - (c) where the claimant or carrier has recovered in an action against a third party it shall be permissible to submit a revised reporting requesting adjustment of the affected rating or ratings, provided such request is made within 24 months of the expiration of the period to which the experience modification applied.
  - (d) where a claim should have been reported with Catastrophe Code No. 48.

If a case is expected to be open longer than 24 months, upon written application, properly filed with the Bureau by the insured, a further extension of 24 months may be granted, provided such request is made within 24 months of the expiration of the period to which the experience modification applied. Such application shall give notice to the Bureau that one of the allowable conditions (see above) for loss revision is still pending a final decision. In this event, the Bureau's files for the risk involved will be preserved.

Note: For purposes of this rule, the term "non-compensable" refers to:

- I. an official ruling specifically holding that a claimant is not entitled to benefits under the provisions of the Delaware Workers' Compensation Law.
- ii. a case where no claim was filed during the period of limitation provided by the Delaware Workers' Compensation Law for the filing of such claim and the carrier therefore closes the case.
- iii. a case where the carrier contends, prior to the valuation date, that a claimant is not entitled to benefits under the Delaware Workers' Compensation Law and the claim is officially closed because of the claimant's failure to prosecute his claim.

## 8. Third Party Cases.

(a) Pending Cases. When a negligence claim or suit has been instituted by a claimant against a third party, the procedure shall be as follows:

If the claim or suit against the third party has not been settled or finally adjudicated, the incurred loss shall be included in the rating, since failure to recover against a third party is no bar to compensation and the insurance carrier may eventually be obliged to indemnify the claimant in whole or in part for the loss sustained.

(b) Settled Cases. In cases where the carrier has received reimbursement under subrogation rights, or where the injured employee or his dependents have recovered from a third party, the procedure shall be as follows:

In cases where the total incurred cost prior to recovery is less than the accident limitation value shown in Table B, column (3), only the net loss shall be used in the rating. In cases where the total incurred cost prior to recovery exceeds the accident limitation value shown in Table B, column (3), the amount to be used in the rating shall be such proportion of the limiting value as the net loss bears to the total incurred cost prior to recovery.

#### SECTION VI RATING PROCEDURE

- 1. Actual Losses. Actual Losses (A), as tabulated in accordance with the provisions of Rules 4 and 5 of Section V, shall be used in the rating.
- 2. Expected Losses. Expected Losses (E) shall be determined from the application of the appropriate Expected Loss Factors, shown in Table A, to the payrolls or other exposures for each classification for the experience period.
- **3.** Credibility. The Credibility (C) of the experience of the risk shall correspond to Expected Losses (E), as shown in Table B.
- 4. Maximum Value Charge. A limitation charge (L) reflecting the loss dollars eliminated by the Maximum Value placed on One Accident, shall be included in calculating the modification. The Charge times Credibility, or L x C, shall be determined by entering Table B at the level of Expected Losses for the experience period.
- 5. Experience Modification. The Experience Modification (M) shall be determined from the formula:

$$M = \frac{AC + ELC + E(1.000 - C)}{E}$$

The experience modification shall be rounded to three decimal places.

| -   | ed Losses  | Credibility<br>"C"  | Maximum Value<br>of one<br>Accident   | Weighted<br>Maximum<br>Value<br>Charge<br>"L" * "C"   |

DELAWARE WORKERS COMPENSATION MANUAL SECTION 6 EFFECTIVE: DECEMBER 1, 2014 Page 1

## GENERAL RULES

## SECTION I – INSTRUCTIONS

- The Merit Rating Plan is intended to grant premium discounts or assess premium surcharges to employers which do not qualify under the uniform Experience Rating Plan. Premium discounts or surcharges under this Plan shall be based on the number of compensable employee lost-time injuries incurred by each risk during the Merit Rating Plan experience period as defined in Section III - General Provisions. Claims to be counted under this Plan are defined in Section V - Tabulation of Experience.
- 2. The rules of this Plan shall govern the merit rating procedure to be followed in connection with workers compensation and employers' liability insurance. These rules have been prepared as applicable to policies written or issued for a period not in excess of one year. When, however, policies are written for periods of more than one year, such policies shall be considered as consisting of consecutive units of 12 months, or, if the period of coverage is not a multiple of 12 months, the first or last unit shall be considered as though it were a short term policy. If, however, coverage is written for a period that is more than one year but not more than one year and 16 days, such entire period shall be considered as a unit of coverage. Each unit as defined above shall be subject separately to all of the rules and procedures specified in the Plan to the same degree as if it actually constituted a separate policy.

In the event the policy period for a long-term policy is more than one year and 16 days and is not made up of complete 12-month periods, an endorsement shall be attached to the policy specifying whether the first or last unit shall be considered as though it were a short term policy.

- 3. This Plan and all amendments thereto, unless otherwise specifically provided, shall be applied as of the first normal anniversary rating date of the risk, as established by the Bureau, which is on or after the effective date of any change in the rules or rating values of this Plan but shall not otherwise be available to outstanding ratings.
- 4. It shall not be permissible by cancellation or rewriting or by the extension of the policy term to alter an existing policy for the purpose of enabling the risk to qualify for or avoid application of this Plan.
- 5. **Appeals.** Any determination or decision of the Bureau for an individual risk under the Delaware Merit Rating Plan may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE, Section 1 of this Manual.

### **SECTION II – DEFINITIONS**

- 1. **Risk.** The term "risk" as used in this Plan shall mean
  - (a) A single legal entity.
  - (b) Two or more affiliates which qualify for combination under the rules of Section III of this Plan.
- Legal Entity. The term "legal entity" or "entity" shall mean an individual, partnership, corporation, unincorporated association or fiduciary (e.g., trustee, receiver, executor or administrator). Divisions or similar units of a legal entity do not qualify as separate entities.
- 3. Affiliate. The term "affiliate" shall mean entities in each of which the same entity or group of entities owns a majority interest.
- 4. Experience. For the purpose of this Plan experience shall mean the record established by a risk under Workers Compensation and Employers' Liability Insurance, as disclosed by the losses incurred by the insurance carrier or carriers and the payrolls or other exposures segregated according to classification of operations. If the classification assigned to a risk is revised or modified, for the purpose of this Plan the Bureau shall similarly reassign the classification of the experience period except that, if the revision is due to a change in operations, no part of the experience period prior to such operations change shall be affected.
- 5. **Compensable Employee Lost-Time Injury.** The term "compensable employee lost-time injury" for purposes of this Plan shall mean any claim having either an indemnity benefit payment or a case reserve for future indemnity benefit payments.

All claims reported with Catastrophe Code No. 48 shall be excluded from merit rating calculations.

6. **Merit Rating Plan Discount.** The term "Merit Rating Plan discount" for purposes of this Plan shall mean a reduction in the subject premium developed by the use of the carrier rates in force on the normal anniversary rating date applicable to the policy to which the Merit Rating Plan is applied.

- 7. **Merit Rating Plan Surcharge.** The term "Merit Rating Plan surcharge" for purposes of this Plan shall mean an increase in the subject premium developed by the use of the carrier rates in force on the normal anniversary rating date applicable to the policy to which the Merit Rating Plan is applied.
- 8. **Merit Rating Plan Adjustment.** The term "Merit Rating Plan adjustment" for purposes of this Plan shall mean either a Merit Rating Plan discount or a Merit Rating Plan surcharge.
- 9. **Subject Premium.** The term "subject premium" for purposes of this Plan shall mean the premium developed by the use of carrier rates in force on the normal anniversary rating date of the policy to which the Merit Rating Plan is applied, exclusive of exceptions listed in Section IV, Paragraph 1.

Note: For special provisions applicable to self-insurers' data see Rule 5 of Section III.

#### SECTION III – GENERAL PROVISIONS

- 1. **Eligibility Requirements.** A risk shall qualify for application of the Merit Rating Plan if **BOTH** of the following conditions are met:
  - (a) The risk does not qualify for experience rating, and
  - (b) The risk has exposure greater than zero during each year of the Merit Rating Plan experience period as defined herein.
    - (i) Eligibility requirements will be determined without consideration of maritime liability, liability under the Federal Employers' Liability Act, excess limits and additional medical coverage, the non-rateable element and seat surcharge for aircraft operation, the non-rateable element for explosives manufacturing, and atomic energy projects.
    - (ii) Risks shall be disqualified by a lapse of insurance of two years or more until they again qualify for merit rating following the lapse.

The application of Rules 2 and 3 of this section is subject to the provisions of Section V "Tabulation of Experience" of this Plan.

- 2. Merit Rating Plan Experience Period. The experience period for purposes of the Merit Rating Plan shall be not more than three (3) years, commencing four (4) years prior and terminating one (1) year prior to the date for which a Merit Rating Plan adjustment is to be established but in no event shall be less than one policy year (12 months) commencing three (3) years prior and terminating one (1) year prior to the date for which merit rating is to be established. Completed policy periods only shall be used, and all such periods wholly within the experience period shall be used.
- 3. **Multiple Policy Experience.** If the experience used in rating a risk involves two or more policies varying in expiration date, the experience period shall be determined for each entity separately in accordance with the foregoing rules, except that the experience for each non-controlling entity shall close with the completed policy period beginning more than one year and terminating not less than six moths prior to the date for which a Merit Rating Plan adjustment is to be established.
- 4. **Experience to be Used.** The entire experience of the risk (except as otherwise provided in Rule I of Section V of this Plan) incurred within the experience period on all its operations, whether such operations are normal to the business or otherwise, shall be reported and used in determining the Merit Rating Plan adjustment. The Bureau may, at its discretion, verify any or all the data from which the Merit Rating Plan adjustment is to be determined.
- 5. **Self-Insurers' Data.** The experience of self-insurers may be accepted by the Bureau provided the experience on self-insured operations is submitted on the approved form, giving the required information with respect to payrolls and losses. Such statement shall be secured, verified and submitted by an interested carrier.

Self-insured experience shall not be used in applying the Merit Rating Plan to a risk unless the operations that produced such experience are to be insured under a Standard Workers Compensation and Employers' Liability Policy.

6. Administration of Property (Fiduciary and Non-Fiduciary). Ownership interest shall be deemed to be vested in a fiduciary when a fiduciary is involved. However, "Fiduciary" shall not include a debtor in possession or a trustee under a revocable trust or a franchisor. Ownership interest held by an entity in a fiduciary capacity and ownership interest held by the same entity in a non-fiduciary capacity shall be deemed to be ownership by the same entity.

#### COMBINATIONS OR CHANGES OF STATUS

- 7. Combination of Entities
  - (a) Affiliates shall be combined for merit rating purposes if:
    - (i) The affiliates involved constitute the component parts of an enterprise performing a continuous and/or integrated process or operation, or
    - (ii) There is interchange of employment (other than office and salesmen) between two or more of the affiliates.

Separate policies may not be issued to affiliates which are required to be combined under this rule.

- (b) Affiliates which are not required to be combined under Rule 7. (a) may be combined upon the mutual agreement of the risk and the carrier(s) involved. If such combination is agreed to, insurance may be provided either by a single policy insuring all affiliates or by separate policies for each affiliate issued by one or more insurance carriers. In the latter case the Merit Rating Plan adjustment established for the entire risk shall apply on each policy to each affiliate. If all affiliates are not combined, then each affiliate not otherwise subject to Rule 7 (a) shall be insured under a separate policy and merit-rated based on its own experience, providing it meets the qualification for merit rating as specified in Rule 1 of this section.
- (c) When one or more mandatory combinations of affiliates under Rule 7. (a) exist, insurance for each such combination may be provided by a single policy. Each mandatory combination and any other affiliates which are not required to be a part of any mandatory combination pursuant to Rule 7. (a) may be separately merit-rated and separately insured. Exception: If any one or more affiliates not required to be combined under Rule 7. (a) or mandatory combinations voluntarily choose to be insured under a single policy, then all affiliates shall be insured under a single policy and the Merit Rating Plan adjustment established for the entire risk shall apply to each affiliate.

#### Example

Five legal entities are commonly owned. Company A and Company B have an interchange of employees. Company C and Company D have a continuity of operations. Company E is unrelated except through ownership.

By Rule 7. (a) Company A and Company B must be combined for merit rating and must be covered by a single policy. Similarly, by Rule 7. (a) Company C and Company D must be combined for merit rating and must be covered by a single policy. Company E may be separately merit-rated and covered by a separate policy.

| <u>Company</u> | Merit Rating | Policy   |
|----------------|--------------|----------|
| Company A      | Combined     | Combined |
| Company B      | A & B        | Policy 1 |
| Company C      | Combined     | Combined |
| Company D      | C & D        | Policy 2 |
| Company E      | Separate     | Policy 3 |

If any combination of these separate policy coverages is elected, then all commonly-owned entities must be combined for merit rating and must be covered by a single policy. Thus, if Companies A and B desire to be combined with Company E, they must also combine with Companies C and D, and all must be covered by a single policy.

- (d) If an entity owns a majority interest in another entity which, in turn, owns the majority interest in another entity, all entities so related shall be considered as being under the same ownership for the purposes of this rule, regardless of the number of entities in succession.
- (e) Separate legal entities organized for religious purposes within the same religious denomination shall not be combined for merit rating purposes, provided, however, that combination may be made as respects all such entities in each of which the same central authority appoints or controls the appointment of the board of trustees or similar body and exercises direct, complete and active control over the finances, properties, operations and activities.

In the term "majority interest," as used in this rule, "majority" shall mean more than 50 percent.

If an entity other than a partnership

- (i) has issued voting stock, majority interest shall mean a majority of the issued voting stock.
- (ii) has not issued voting stock, majority interest shall mean a majority of the members.
- (iii) has not issued voting stock and has no members, majority interest shall mean a majority of the board of directors or comparable governing body.

If an entity is a partnership, majority interest shall be determined in accordance with the participation of each general partner in the profits of the partnership.

**Note**: If a combination of entities is required or has been elected and if two or more different combinations are possible in accordance with the provisions of this rule, the combination involving the greatest number of entities shall be made. The experience of any entity used in such a combination shall not be used in combination with any other entity. The experience to be used in any combination for purposes of the Merit Rating Plan shall be subject to the provisions of the Rule 8, "Ownership Changes," of this section.

(f) Affiliates, combined for purposes of merit rating voluntarily (i.e., not a mandatory combination), which wish to change their merit rating option and have each affiliate separately merit-rated based on its individual experience, may petition the Bureau to do so. Upon Bureau approval, separate policies must be issued for each affiliate. Unless the Bureau is provided with the segregated experience needed to produce separate Merit Rating Plan adjustments for each affiliate in an acceptable format, each affiliate will continue to be subject to the Merit Rating Plan using combined experience for any policy period(s) for which segregated experience is not available and its own separately reported experience for policy period(s) subsequent to the separation.

#### 8. Ownership Changes.

- (a) For purposes of this Plan a change in ownership includes any of the following:
  - (i) sale, transfer or conveyance of all or a portion of an entity's ownership interest.
  - sale, transfer or conveyance of an entity's physical assets to a purchasing entity which takes over the operation of the selling entity and wherein the selling entity
    - a) becomes entirely inactive with no employees or
    - b) retains a few employees for the purpose of closing out its affairs prior to dissolution as a legal entity or
    - c) retains a few clerical employees for the purpose of carrying on operations in connection with investment of its financial assets.
  - (iii) merger or consolidation of two or more entities.
  - (iv) formation of a new entity subsequent to the dissolution or non-operative capacity of an entity
  - (v) voluntary or court-mandated establishment of a trustee or receiver, excluding a debtor in possession, a trustee under a revocable trust or franchiser.
- (b) Continuation of Experience. Unless excluded under paragraph (c), the experience for any entity undergoing a change in ownership shall be transferred to the experience of the acquiring, surviving or new entity. The date of revision will be the later of the following two dates: 1) the anniversary rating date in effect at the time the Bureau receives a completed ERM-14 Form outlining the ownership change or 2) the date on which the change in ownership occurred.
  - (i) *Partial Sale*. If an entity disposes of a part of its assets or operations but otherwise continues to operate its business, all experience incurred prior to the sale shall be used in future Merit Rating Plan adjustments of the entity.

**Note:** Future Merit Rating Plan adjustments of a risk shall retain all experience for any part of its operations which may have been discontinued or self-insured.

(c) *Exclusion of Experience.* The experience of any entity undergoing a change in ownership shall be retained and used in future Merit Rating Plan adjustments unless one or both of the following requirements (i) and (ii) are met at the same time of the ownership change.

- (i) A change in majority interest occurs, and the change in majority interest is accompanied by a complete change in operation and function sufficient to result in a change of governing classification, and the change in majority interest is accompanied by a change in the process and hazard of the operation.
- (ii) A change in majority interest occurs, and the change in majority interest is accompanied by a change in employees such that all or a substantial portion of the employees of the new ownership are not retained from the prior ownership.
- (d) If the experience of an entity undergoing a change in ownership is to be excluded from future Merit Rating Plan adjustments for the entity, the Merit Rating Plan adjustment no longer applies as of the date of the ownership change unless the entity is acquired by another entity which has an existing Merit Rating Plan adjustment. In that case the Merit Rating Plan adjustments of the acquiring entity shall apply.
- (e) *Multiple Entities.* When two entities under substantially the same ownership have been insured under a single policy and the ownership of one or both of them is changed so that there is no longer any connection between them, the merit rating procedure shall be as follows:
  - (i) If the experience of the entities has been combined for merit rating purposes during the entire experience period, the experience incurred prior to the change shall not be used for future merit rating plan adjustment, unless
    - a) the insurance carrier or carriers request that a new Merit Rating Plan adjustment be established, and
    - b) the Bureau is furnished with the experience required for the calculation of a Merit Rating Plan adjustment submitted in an acceptance format.
  - (ii) If the experience of the entities has been combined for less than two years at the time of the change, so that the experience for each entity is available during the period they were separately insured, the experience for each entity shall be used for the purpose of calculating a new Merit Rating Plan adjustment.

When three or more entities under substantially the same ownership have been insured under a single policy and the ownership of one of the entities has been changed so that there is no longer any connection between it and the remaining entities, the existing Merit Rating Plan adjustment shall continue to apply to the entities whose ownership has not changed. The entity whose ownership has changed shall not be subject to merit rating unless it has been purchased by an entity which has an applicable Merit Rating plan adjustment.

When three or more entries under substantially the same ownership have been insured under a single policy and the ownership of two or more of the entities has been changed so that common ownership is no longer present, the experience incurred prior to the date of the change shall not be used for future Merit Rating Plan adjustments, unless

- a) the insurance carrier or carriers request that a new Merit Rating Plan adjustment be established, and
- b) the Bureau is furnished with the experience required for the calculation of a Merit Rating Plan adjustment submitted in an acceptable format.
- 9. **Joint Ventures.** When two or more risks associate for the purpose of undertaking one or more projects as a joint venture, the premium for the operation involved shall not be subject to merit rating until such time as the joint venture qualifies in accordance with the provisions of Rule 1 of this section, subject, however, to the following conditions:
  - (a) The contracts shall be awarded in the name of the associated risks as a joint venture.
  - (b) The joint ventures shall share responsibility for and participate in the control, direction and supervision of all work undertaken.
  - (c) The joint ventures shall maintain a common bank account, payroll and business records.
  - (d) When the joint venture becomes subject to merit rating, all applicable Merit Rating Plan adjustments shall be based exclusively on the experience of the joint venture. The experience developed under a joint venture shall be excluded from the future Merit Rating Plan adjustments of the individual ventures.

## SECTION IV APPLICATION OF MERIT RATING PLAN ADJUSTMENT

 Merit Rating Plan Adjustment. A Merit Rating Plan adjustment for a qualified risk shall be determined annually (except as provided in Rules 3 and 4 of this section) and shall be effective as of the normal anniversary rating date of the risk. No more than one Merit Rating Plan adjustment shall apply to a risk at the same time. Subject to the exceptions noted below, the Merit Rating Plan adjustment shall be applied to the premium developed by the use of carrier rates in force on the effective date of the Merit Rating Plan adjustment.

## **EXCEPTIONS:**

(a) Premiums Not Subject to the Merit Rating Plan:

The following are not subject to the Merit Rating Plan:

- (i) Expense constants
- (ii) The policy minimum premium
- (iii) Premium under the National Defense Projects Rating Plan
- (iv) Premium under Rule 1 of the Atomic Energy Procedure
- (v) The surcharge premium under Rule 2 of the Atomic Energy Procedure
- (vi) The seat surcharge premium for aircraft operation
- (vii) Premium developed under Code 9740 Terrorism.
- (viii) Premium developed under Code 9741 Catastrophe (other than Certified Acts of Terrorism).
- Period and Operations Affected. The Merit Rating Plan adjustment shall be effective for a period of 12 months (except as provided in Rules 3 and 4 of this section) and shall apply to all the operations of the risk, regardless of whether the current or any new operations are assigned to the same classifications as were used in establishing the Merit Rating Plan adjustment.
- 3. **Single Policy Risk.** If a risk is covered by a single policy, the following procedure shall apply:
  - (a) The Merit Rating Plan adjustment effective as of the normal anniversary rating date shall apply for the full term of the policy which becomes effective on such date and also for the full term of any policy which becomes effective within three months after such date.
  - (b) If a policy is written for a period of one year but is extended for a period of not more than 16 days, the carrier rates and Merit Rating Plan adjustment in effect as of the normal termination date shall remain in effect until the termination date of the extended policy. The carrier rates and Merit Rating Plan adjustment which would have become effective as of the normal anniversary rating date shall apply for a period of one year from the effective date of the renewal policy.
  - (c) If a policy is written for a period of one year but is extended for a period of more than 16 days but not in excess of 60 days, the carrier rates and the Merit Rating Plan adjustment shall apply as of the normal anniversary rating date for the unexpired portion of the extended policy period and shall also apply for a period of one year from the effective date of the renewal policy.
  - (d) If a policy becomes effective on a date more than three months after the normal anniversary rating date,
    - (i) the outstanding Merit Rating Plan adjustment shall apply to the new policy for the period corresponding to the unexpired term of the rating.
    - (ii) a new Merit Rating Plan adjustment then shall apply for the unexpired term of the outstanding policy.
    - (iii) thereafter, a new Merit Rating Plan adjustment shall apply annually as of a new normal anniversary rating date. The new normal anniversary rating date shall be the date 12 months after the effective date of the outstanding policy

4. **Multiple Policy Risk.** If a risk is covered by several policies (as provided in Rule 8. of Section III of this Plan) which differ as to inception dates, the following procedure shall apply:

A single Merit Rating Plan adjustment shall be computed to be effective for a period of 12 months beginning on a normal anniversary rating date to be established by the Bureau. The Bureau may, however, authorize the application of an existing Merit Rating Plan adjustment for a period not to exceed 15 months or a new Merit Rating Plan adjustment for a period not to exceed 15 months or a new Merit Rating Plan adjustment for a period not to exceed 15 months or a new Merit Rating Plan adjustment for a period greater than three months and less than 12 months for the purpose of establishing a new normal anniversary rating date. Any policy effective prior to the normal anniversary rating date established by the Bureau shall be canceled as of such date and rewritten for a period of 12 months. Any policy effective subsequent to the normal anniversary rating date established by the Bureau shall be written to expire concurrently with the next ensuing normal anniversary rating date or shall be canceled as of that date. Any policies subject to this rule which are extended beyond the normal period of 12 months shall be subject to the provisions of Rules 3(b) and 3(c) of this section.

#### SECTION V TABULATION OF EXPERIENCE

- Experience Used for the Merit Rating Plan. The experience used for purposes of the Merit Rating Plan shall be the individual risk experience valued at least three months prior to the rating date and reported in accordance with the provisions of the Delaware Workers' Compensation Statistical Plan. It shall include voluntary compensation insurance but shall exclude maritime employments and employments under the Federal Employees' Liability Act. It shall also exclude the exposure and any losses under Code 9108, Passenger Seat Surcharge.
- 2. **Merit Rating Plan Forms.** To determine the Merit Rating Plan adjustment the prescribed experience shall be tabulated by the Bureau on approved Merit Rating Plan forms.
- 3. **Payrolls.** The audited payrolls or other exposures for each classification for the experience period shall be tabulated by policy years.
- 4. **Losses.** Incurred losses or claims reported for all policy periods considered in qualifying a risk for the Merit Rating Plan shall be tabulated in the following manner:
  - (a) Claims having no indemnity benefit payment or case reserve for indemnity benefit payment shall be excluded from the experience tabulation for purposes of the Merit Rating Plan. Losses as reported (indemnity, medical and total) shall be shown for each policy year. Losses incurred shall be on a gross basis, before the application of the deductible when such coverage is provided.
  - (b) All claims not excluded from the experience tabulation for purposes of the Merit Rating Plan by virtue of sections (a) above shall be listed in the experience tabulation with the following information:
    - Policy number
    - Policy effective date
    - Claim number or number of claims
    - Indemnity loss amount
    - Date of loss

All claims reported with Catastrophe Code No. 48 shall be excluded from merit rating calculations.

- 5. **Moral Responsibility.** No loss shall be excluded from the experience of a risk on the ground that the employer was not morally responsible for the accident that caused such loss.
- 6. **Revision of Losses.** It shall not be permissible to revise values because of department or judicial decision or because of developments in the nature of injury between two valuation dates. Provided, however, that
  - (a) in cases where loss values are included or excluded through mistake other than error of judgment
  - (b) where a claim is declared non-compensable (see note below)
  - (c) where the claimant or carrier has recovered in an action against a third party
  - (d) where a claim should have been reported with Catastrophe Code No. 48

It shall be permissible to submit a revised reporting requesting adjustment of the affected Merit Rating Plan adjustment or adjustments, provided such request is made within 24 months of the expiration of the period to which the merit rating applied.

If a case is expected to be open longer than 24 months upon written application, properly filed with the Bureau by the insured, a further extension of 24 months may be granted, provided such request is made within 24 months of the expiration of the period to which the merit rating applied. Such application shall give notice to the Bureau that one of the allowable conditions (see above) for loss revision is still pending a final decision. In this event, the Bureau's files for the risk involved will be preserved.

**Note:** For purposes of this rule, the term "non-compensable" refers to:

- (i) an official ruling specifically holding that a claim is not entitled to benefits under the provisions of the Delaware Workers Compensation Law.
- (ii) a case where no claim was filed during the period of limitation provided by the Delaware Workers Compensation Law for the filing of such claim and the carrier therefore closes the case.
- (iii) a case where the carrier contends prior to the evaluation date that a claimant is not entitled to benefits under the Delaware Workers Compensation or Law and the claim is officially closed because of the claimant's failure to prosecute his claim.

## SECTION VI MERIT RATING PLAN PROCEDURE

- 1. **Merit Rating Plan Adjustments.** For each risk qualified under Section III of Merit Rating Plan claims listed in the experience tabulation under Section V, Paragraph 4 of the Merit Rating Plan shall be counted. Merit Rating Plan adjustments shall apply based on the following criteria:
  - (a) No compensable employee lost-time injuries 5 percent (5.0%) discount.
  - (b) One (1) compensable employee lost-time injury No discount or surcharge. Manual rates apply.
  - (c) Two (2) or more compensable employee lost-time injuries 5 percent (5.0%) surcharge.

The Rating Bureau will determine the appropriate Merit Rating Plan adjustment factors and notify the carrier.

### EXAMPLES

#### EXAMPLE A

| (1)<br>Experience Period<br>to be used for qualifying                | Merit Rating Plan Adjustment<br>Effective Date<br>08/09/99<br>(2)<br>Employer's Policy History | (3)<br>Period used to determine<br><u>Merit Rating Adjustment</u> |
|--|--|---|
| 08/09/97 to 08/09/98<br>08/09/96 to 08/09/97<br>08/09/95 to 08/09/96 | 08/09/98 to 08/09/99<br>08/09/97 to 08/09/98<br>08/09/96 to 08/09/97<br>06/11/95 to 06/11/96   | 08/09/97<br>08/09/96  |

This employer's merit rating effective date has been established to be 8/09/99. This anniversary rating date requires the experience period begin as of 8/09/95 as shown in Column 1. The employer's policy history shows that the risk has experience data within only two years of the experience period as shown in Column 2. Though a portion of the 06/11/95 policy period falls within the 08/09/95 to 08/09/96 experience period, the 6/11/95 policy extends beyond the experience period and thus cannot be used in the determination of the merit rating plan adjustment, per Column 3. Thus this risk does not qualify for merit rating adjustment effective 08/09/99.

DELAWARE WORKERS COMPENSATION MANUAL SECTION 6 EFFECTIVE: DECEMBER 1, 2014 Page 9

#### EXAMPLE B

| (1)  | Merit Rating Plan Adjustment<br>Effective Date<br>12/09/99<br>(2)                            | (3)   |
|--|--|---|
| Experience Period to be used for qualifying                          | Employer's Policy History  | Period used to determine<br>Merit Rating Adjustment |
| 12/09/97 to 12/09/98<br>12/09/96 to 12/09/97<br>12/09/95 to 12/09/96 | 12/09/98 to 12/09/99<br>12/09/97 to 12/09/98<br>12/09/96 to 12/09/97<br>01/03/95 to 01/03/96 | 12/09/97<br>12/09/96                                |

This employer's merit rating effective date has been established to be 12/09/99. This anniversary rating date requires the experience period begin as of 12/09/95 as shown in Column 1. The employer's policy history shows that the risk has experience data within only two years of the experience period as shown in Column 2. Thus this risk does not qualify for merit rating plan adjustment effective 12/09/99.

### **EXAMPLE C**

#### Merit Rating Plan Adjustment Effective Date 10/17/99

| (1)<br>Experience Period  | (2)  | (3)<br>Period used to determine |
|---------------------------|--|---------------------------------|
| to be used for qualifying | Employer's Policy History                    | Merit Rating Adjustment         |
|                           | 10/17/98 to 10/17/99                         |                                 |
| 10/17/97 to 10/17/98      | 10/17/97 to 10/17/98                         | 10/17/97 to 10/17/98            |
| 10/17/96 to 10/17/97      | 10/17/96 to 10/17/97                         | 10/17/96 to 10/17/97            |
| 10/17/95 to 10/17/96      | 09/28/96 to 10/17/96<br>09/28/95 to 09/28/96 | 09/28/96 to 10/17/97            |

This employer's merit rating effective date has been established to be 10/17/99. This anniversary rating date requires that the experience period begin as of 10/17/95 as shown in Column 1. The employer's policy history shows that the risk has experience data within each year of the experience periods required for eligibility as shown in Column 2. Thus, merit rating plan adjustment will be based on the three policies which fall within the experience period per Column 3. The risk qualifies for merit rating adjustment effective 10/17/99.

## **EXAMPLE D**

#### Merit Rating Plan Adjustment Effective Date 11/01/99

| (1)<br>Experience Period<br><u>to be used for qualifying</u>         | (2)<br>Employer's Policy History   | (3)<br>Period used to determine<br><u>Merit Rating Adjustment</u>    |
|--|--|--|
| 11/01/97 to 11/01/98<br>11/01/96 to 11/01/97<br>11/01/95 to 11/01/96 | 11/01/98 to 11/01/99<br>11/01/97 to 11/01/98<br>11/01/96 to 11/01/97<br>11/01/95 to 11/01/96 | 11/01/97 to 11/01/98<br>11/01/96 to 11/01/97<br>11/01/95 to 11/01/96 |

\_\_\_\_\_

This employer's merit rating effective date has been established to be 11/01/99. This anniversary rating date requires that the experience period begin as of 11/01/95 as shown in Column 1. The employer's policy history shows that the risk has separate policy periods which have experience data within each year of the experience period required for eligibility as shown in Column 2. Thus, merit rating plan adjustment will be based on 36 months of experience per Column 3. The risk qualifies for merit rating adjustment effective 11/01/99.

#### WC 07 04 08

## DELAWARE MERIT RATING PLAN ENDORSEMENT

This endorsement applies to the insurance provided by this policy because Delaware is shown in Item 3.A of the Information Page.

The premium for this insurance may be subject to merit rating plan adjustments because your premium may be less than the amount necessary to be eligible for the Uniform Experience rating Plan.

The following premium discount or surcharge will be applied to your manual premium based on your claims during the most recent three year period for which statistics are available.

- 1. A 5% credit (discount) will be applied if you had no compensable employee lost-time injuries Statistical Code 9885.
- 2. No credit or debit will be applied if you had one (1) compensable employee lost-time injuries Statistical Code 9884.
- 3. A 5% debit (surcharge) will be applied if you had two (2) or more compensable employee lost-time injuries Statistical Code 9886.

## NOTES:

- 1. This endorsement should be attached to a policy showing Delaware in Item 3.A of the Information Page.
- 2. Show any merit rating discount or surcharges in item 4 of the Information Page.

February 3, 2015

## DCRB CIRCULAR NO. 903

To All Members of the DCRB:

## Re: WORKERS COMPENSATION RESIDUAL MARKET RATES AND VOLUNTARY MARKET LOSS COSTS EFFECTIVE DECEMBER 1, 2014 AMENDED DCRB FILING NO. 1404

# NOTE APPLICABLE PROVISIONS FOR CARRIER RATE FILINGS

DCRB Filing No. 1404, as originally submitted, proposed average decreases of 1.56 percent in residual market rates and 3.52 percent in voluntary market loss costs to be effective on a new and renewal basis as of December 1, 2014.

The Insurance Department performed an extensive review of DCRB Filing No. 1404, including obtaining independent reviews of the filing from two consulting actuarial firms. The Ratepayer Advocate, appointed by the Insurance Commissioner, in accordance with Delaware legislation, also reviewed the filing and retained a third independent actuary. The Insurance Department held three public information sessions discussing the processes used by the DCRB and the three consulting firms in arriving at their conclusions. The informational sessions and a public hearing held on January 12, 2015 all invited comments from interested parties. In discussions between the Insurance Department, the Ratepayer Advocate and the DCRB, it was agreed that the DCRB would make, and the Insurance Department would approve, an amended filing requesting average decreases of 9.70 percent in residual market rates and 11.50 percent in voluntary market loss costs.

The DCRB's amended filing No. 1404 was approved by the Delaware Insurance Commissioner on January 28, 2015.

## PLEASE READ THE FOLLOWING BOLD TEXT IN ITS ENTIRETY, AS IT DESCRIBES CHANGES SPECIFICALLY APPLICABLE TO DCRB FILING NO. 1404

For purposes of carrier adoptions of DCRB Filing No. 1404 without changing loss cost multipliers or any other pricing feature(s), the Insurance Department has advised the DCRB that it will accept abbreviated filings submitted with the applicable filing fee (\$100) through the SERFF system.

Such filings must include the following language in the General Information section of the SERFF forms:

"The company is adopting the DCRB's revised loss costs as approved under DCRB Filing No. 1404 with no change to the company's current Loss Cost Multiplier of \_\_\_\_\_\_ or other rating values. The effective date of this adoption is \_\_\_\_\_\_, consistent with the calendar date of our adoption of DCRB Filing No. 1305." DCRB Circular No. 903 February 3, 2015 Page 2

The loss cost multiplier required to be inserted in the first blank of the above language is the loss cost multiplier shown on the first page of the most recent FORMS AND RATES BULLETIN 14 INCORPORATED that the carrier has filed with the Insurance Department. The date to be entered in the second blank is one year after the effective date upon which the carrier adopted the DCRB's December 1, 2013 filing.

Filings made in conformance with all of the above provisions will be given expedited handling at the Insurance Department and will not be subject to review by the Insurance Department's outside actuarial firm.

If a carrier wishes to change any loss cost multiplier(s) and/or any other pricing features effective with its adoption of DCRB Filing No. 1404, or if the carrier elects not to follow the abbreviated filing procedures set forth above, then the carrier must file an amended (or re-file their existing) Insurer Adoption of DCRB Workers' Compensation Loss Costs form with the Delaware Insurance Department to adopt the revised loss costs on a new and renewal basis on or after December 1, 2014.

Carrier rate filings, regardless of whether or not they are made using the abbreviated filing procedure, must be made within 60 days of the date of the Insurance Department's approval of amended DCRB Filing No. 1404, or by March 29, 2015. Carriers are encouraged to make every effort to expedite the preparation and submission of their adoption filings in order to establish revised rates in the market as soon as reasonably possible.

A copy of the Insurance Department's "FORMS AND RATES BULLETIN 14 INCORPORATED" with forms applicable to these filings is attached for member reference and use.

Consistent with the provisions of Title 18, Chapter 26 of the Delaware Code, if insurer filings do not propose any rate(s) lower than the loss costs (by classification) included in the amended DCRB Filing No. 1404, then proposed insurer rates may be implemented immediately after filing.

The following chart indicates the final approved overall average changes in rating values:

| Rating Value(s)                           | Approved Overall Average Change |
|---|---------------------------------|
| Residual Market Rates – Collectible       | -9.70%                          |
| Residual Market Rates – Manual            | -6.93%                          |
| Voluntary Market Loss Costs - Collectible | e -11.50%                       |
| Voluntary Market Loss Costs – Manual      | -9.42%                          |
| (after Surcharge Offset)                  |                                 |

The approved residual market rates and voluntary market loss costs share common loss provisions based on the same loss development and trend analysis applied to statewide Delaware experience. The differences between residual market rate changes and voluntary market loss cost changes result from revisions in expense provisions based on recent indications, as compared to currently-approved values, as well as effects of the compromise adjudication of the filing.

The implied loss cost multiplier reflecting expense considerations for <u>current</u> residual market rates is approximately <u>1.3814</u>. On a comparable basis, the implied loss cost multiplier for approved residual market rates effective December 1, 2014 is <u>1.4094</u> (Note: Because voluntary market loss costs in the approved filing are nominally reduced to offset effects of the ongoing Delaware Insurance Plan surcharge program and due to the effects of the compromise adjudication, calculation of residual market rates from approved December 1, 2014 voluntary market loss costs requires an effective multiplier of approximately 1.4333).

DCRB Circular No. 903 February 3, 2015 Page 3

A comparison of current and approved effective December 1, 2014 residual market expense provisions is shown below:

|                            | RESIDUAL MARKET RATES<br>Expense Loading |                  |
|----------------------------|--|------------------|
|                            |  | Approved         |
|                            | Current                                  | December 1, 2014 |
|                            | Percentage                               | Percentage       |
| LOSS AND LOSS ADJUSTMENT   | EXPENSE                                  |                  |
| Losses                     | 58.54                                    | 57.08            |
| Loss Adjustment Expense    | 11.55                                    | 11.63 a          |
| Loss & Loss Adjustment     | 70.09                                    | 68.71            |
| UNDERWRITING EXPENSES      |  |                  |
| Commission                 | 5.51                                     | 5.97             |

a As ratio to loss, loss adjustment expense = 0.2037

b As ratio to loss, administrative assessment = 0.0393

Several components of the filing were approved as filed effective December 1, 2014. In particular, each of the following components of the filing was approved as originally presented:

- Updates to corporate officer payroll minimums and maximums for premium computation purposes
- Continuation of the existing DIP surcharge program
- DCCPAP qualifying wage table effective June 1, 2015
- Residual market expense constant
- Residual market minimum premium formula
- Retrospective rating
- Workplace Safety Program
- Merit Rating Plan

Attached for member reference is a table of rates, loss costs and expected loss factors by classification consistent with the Insurance Commissioner's approval of DCRB Filing No. 1404.

DCRB Circular No. 903 February 3, 2015 Page 4

# ADDITIONAL REVISIONS TO RATING VALUES

DCRB Filing No. 1404 proposed revision to various rating values in addition to residual market rates and voluntary market loss costs. For ease of reference and to confirm the approved values for those items, they are included in the attachments to this circular. *Please note that the approved Excess Loss (Pure Premium) Factors, Excess Loss Premium Factors and Small Deductible Program Values approved under amended Filing No. 1404 have been revised from the factors originally proposed.* 

Complete Manual pages consistent with the Insurance Commissioner's approval of amended DCRB Filing No. 1404 will be available on the DCRB website (www.dcrb.com) as soon as possible.

Any questions concerning this circular may be addressed to Kenneth Creighton, Chief Actuary, at Extension 4924 or kcreighton@dcrb.com, or to me at Extension 4413 or twisecarver@dcrb.com.

# FORMS AND RATES BULLETIN 14 INCORPORATED

 Submission Date:

 DCRB Reference Filing No.:

 Applicable to policies effective on and after:

 INSURER NAME:

 INSURER NAIC NO.:

 INSURER NAIC NO.:

The above insurer hereby declares that it is a member or subscriber of the Delaware Compensation Rating Bureau ("DCRB"). The insurer hereby files to be deemed to have independently submitted as its own filing the prospective loss costs in the captioned reference filing.

The insurer's rates will be the combination of the DCRB loss costs approved by the Delaware Insurance Department and the company's indicated multiplier, as shown above, along with any expense contract, premium discount table, size-of-premium expense table for retrospective rating plans, and minimum premium formula specified in the company's attached manual exception pages.

The indicated multiplier, along with any expense constant, premium discount table and the minimum premium formula filed, represent a rate level increase \_\_\_\_\_ or decrease \_\_\_\_\_ of \_\_\_\_\_% and a premium level increase \_\_\_\_\_ or decrease \_\_\_\_\_ of \_\_\_\_\_%.

The indicated multiplier and the attached exception pages apply only to the DCRB reference filing indicated above. The insurer understands that this will necessitate the submission of a new adoption form and exception pages prior to the effective date of any future loss costs reference filing.

|          |                                  |           |  |  |         |

Example: Assume Loss and Loss Adjustment Ratio is 0.650. Loss Cost Multiplier with no deviation is 1.0/0.650 = 1.5385. Loss Cost Multiplier with 15% downward deviation is 0.85/0.650 = 1.3077. Loss Cost Multiplier with 15% upward deviation is 1.15/0.650 = 1.7692.

COMPLETED BY:\_\_\_\_

\_ TELEPHONE NO.:\_\_\_\_

NOTE: If an insurer wishes to make any modifications to the loss costs led by DCRB (other than the application of a multiplier to represent the insurer's expenses, profit and contingencies), the resulting rates will be considered to be independent rates, and shall be subject to the 30 day review provision of Title 18 <u>Del. C.</u>, Section 2610.

# REVISED LOSS COST MULTIPLIER CALCULATION SPREADSHEET TO BE INCORPORATED WITH BULLETIN 14

Workers' Compensation Insurance Loss Cost Multiplier General Instructions

Commissions, premium tax and other state tax provisions are to reflect the ratio of commissions paid, premium tax paid and other state tax paid to company manual premium.

Other acquisition and general expense are to reflect the ratio of other acquisition expense paid and general expense paid to company standard earned premium. Standard earned premium is to reflect adjustment for expense constant premium schedule rating premium.

# Dividend Provision (Participating Plan)

Loss cost multipliers for use with participating policies shall contain a provision for policyholder dividends. Policyholder dividends shall reflect the ratio of policyholder dividends paid to company standard earned premium adjusted to reflect expense constant premium and schedule rating premium.

Standard earned premium shall be adjusted reflecting an assumed underlying expense constant equal to the most recently filed expense constant by Delaware Compensation Rating Bureau.

## Deviations

Deviation from indicated manual rates shall reflect adjusted company losses compared to Delaware Compensation Rating Bureau to the extent credible. Losses shall be provided separately for indemnity and medical coverages. Losses may be either calendar year losses with all IBNR or policy year incurred losses developed to ultimate settlement. If the company elects to submit policy year loss data, it is required to provide underlying loss development triangles for indemnity and medical coverages separately.

# Insurance Fund Assessment (Second Injury Fund)

Insurance Fund Assessment to be used with revised rates will be provided by Delaware Compensation Rating Bureau in its circular letter detailing changes to loss costs and other rating elements. Revised Loss Cost Multiplier Calculation Spreadsheet Page 2

# Administrative Assessment

Administration Assessment will continue to be built into voluntary market loss costs.

Expense Exhibits identified as (I) or (II) shall be completed and underlying supporting data shall accompany the company loss cost multiplier filing. Multipliers shall be filed reflecting most recent expense data, with each Delaware Compensation Rating Bureau loss cost revision. Failure to provide complete expense exhibits and provide underlying support shall result in disapproval of the proposed company filing and company(s) will be filed by reference for residual market rates and rating elements. All reference filings of this type shall remain in effect until the next subsequent Delaware Compensation Rating Bureau Bureau revision of loss costs.

**NOTES:** (1) Commissions, premium tax, license and fees are to be calculated as a percentage of company manual premium. Other acquisition and general administrative expense are to be calculated as a percentage of standard earned premium and standard earned premium is required to be adjusted to reflect schedule rating and expense constant.

(2) Insurers having previously filed and are currently using rating tiers within the same company or have company rate differentials in effect may continue to use them until further notice.
