# PREFACE

A. This Manual of risk classes, underwriting rules, Bureau rating values and rating plans has been filed with the Delaware Insurance Department as required by Delaware Law. It is effective 12:01 A.M., December 1, 2005, with respect to all policies, the effective date of which is December 1, 2005 or thereafter, subject to the following express conditions, for the insurance companies, corporations and associations listed herein and for no other insurance company, corporation or association.

The following portions of this Manual may, at the option of the insurance companies, corporations, associations and exchanges enumerated in the attached list, be applied to selected policies in force as of November 26, 2002:

- Statistical Code 9740 Terrorism Risk Insurance Act of 2002 Certified Losses
- Policyholder Disclosure Notification of Terrorism Insurance Coverage
- Terrorism Risk Insurance Act Endorsement WC 00 04 20

#### B. Organization of Manual

This Manual has seven sections:

Section One – Underwriting Rules Section Two – Classifications **and** Rating Values Section Three – Endorsements Section Four – Retrospective Rating Plans Section Five – Rulings and Interpretations **and** Classification Underwriting Guide Section Six – Experience Rating Plan Section Seven – Merit Rating Plan

#### C. Definitions

The following words are referenced in House Bill 241 of 1993 or have been used in this Manual with meanings intended to be consistent with the requirements of that Act. For purposes of improving the understanding of the Manual, definitions of these words as used elsewhere in this Manual are set forth below.

1. **Bureau Data Card** – Bureau Data Cards are issued by the Delaware Compensation Rating Bureau, Inc. These data cards provide the risk name, location, Bureau file number, authorized classification(s) and if applicable the risk's experience modification for a minimum of one year.

Risks approved for the Delaware Construction Classification Premium Adjustment Program and any other applicable credit programs will be shown on these data cards.

- 2. **Bureau Loss Costs** Dollar amounts per unit of exposure attributable to the payment of losses under workers compensation and employers liability coverages, filed by the Bureau based on the aggregate experience of all Bureau members and approved by the Insurance Commissioner.
- 3. Bureau Rating Values All parameters filed by the Bureau and approved by the Insurance Commissioner, and which are used either mandatorily or by option of carriers for purposes of pricing workers compensation and employers liability coverages. Such Bureau rating values include Bureau Loss Costs, experience rating plan values such as Expected Loss Cost Factors, Credibility, Maximum Value of One Accident, and Credibility Weighted Maximum Value Charge, retrospective rating plan values such as the Table of Expected Loss Ranges, Excess Loss Pure Premium Factors, Retrospective Pure Premium Development Factors, and expense parameters applicable to U.S.L.&H.W. coverages such as Premium Discounts, Expected Loss Ratio, Expense Ratios, Tax Multipliers and Loss Conversion Factors.
- 4. **Carrier Rate** The amount per unit of exposure which an insurance carrier charges for workers compensation and employers liability insurance.
- Carrier Rating Values All parameters used by carriers for purposes of pricing workers compensation and employers liability insurance coverages. Such parameters may be either Bureau Rating Values adopted by a carrier for its own use or values independently determined by a carrier.
- Loss Cost Dollar amounts per unit of exposure attributable to the payment of losses under workers compensation and employers liability coverages. Loss Costs may be developed either by the Bureau based on the aggregate experience of all Bureau members or may be established by individual carriers based on their own supporting information.
- 7. Prospective Loss Costs Historical aggregate losses projected through development to their ultimate value and through trending to a future point in time including all loss adjustment or claim management expenses and loss-based expenses excluding other operating expenses, assessments, taxes and profit or contingency allowances in this Manual. The term "Loss Cost" is synonymous with Provision for Claim Payment.

#### EFFECTIVE: December 1, 2005

### Page 2

8. **Rating Value** – A parameter or number used in pricing workers compensation or employers liability insurance coverages. Rating Values may be established by the Bureau or by individual carriers. Where individual carriers have established Rating Values different from those of the Bureau, the carrier's values supersede those of the Bureau for purposes of that insurer's policies.

# RULE XV – FINAL EARNED PREMIUM DETERMINATION

- A. Actual Payroll
- B. Premium Determination
- C. Audit Rights to Carrier
- D. Authorized Classifications

# **RULE XVI – APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE**

# RULE I – GENERAL

# A. WORKERS COMPENSATION

Workers Compensation as used in this Manual means workers compensation and occupational disease law of Delaware.

## B. STANDARD POLICY

Standard Policy means the Standard Provisions Workers Compensation and Employers Liability Policy and the Information Page approved by the Delaware Insurance Department prescribed in Section 3 of this manual.

# C. ENDORSEMENT FORMS

Endorsement forms mean standard endorsements contained in the Endorsement Forms Section. A standard endorsement must be used in the form prescribed in Section 3.

# D. ENDORSEMENT FORMS SECTION (SECTION 3)

Refer to the Endorsement Forms Section for complete description of coverages and instructions on use of the endorsement forms.

# E. APPLICATION OF MANUAL RULES

Rules apply separately to each policy, except as allowed by Rule VII - PREMIUM DISCOUNT.

#### F. EFFECTIVE DATE

## 1. Manual

This Manual applies only from the anniversary rating date which occurs on or after the effective date of this Manual.

#### 2. Changes

The effective date of a change in any rule, classification or Bureau rating value is 12:01 a.m. on the date specified on the manual page. Any change will be highlighted and linked to the appropriate Bureau circular announcing the change. Unless specified otherwise, each change applies only from the anniversary rating date which occurs on or after the effective date of the change.

# G. ANNIVERSARY RATING DATE

# 1. Definition

The anniversary rating date is the effective month and day of the policy in effect and each annual anniversary thereafter unless a different date has been established by the Delaware Compensation Rating Bureau, Inc.

#### 2. Rewritten Policies

If a policy is canceled and rewritten by the same or another carrier, all rules, classifications and carrier rating values of the rewriting carrier which were in effect as of the anniversary rating date shall apply to the rewritten policy until the next anniversary date as established by the Delaware Compensation Rating Bureau, Inc.

No policy may be canceled, rewritten or extended for any period to avoid or take advantage of any changes in the rules or Bureau rating values of the Manual.

## 3. Long Term Policies

For application of anniversary rating dates on policies issued for a term in excess of one year, refer to Rule III - C.

### H. FILING REQUIREMENTS

## 1. Policy

An exact copy of every Workers Compensation Policy showing the state of Delaware on the Information Page shall be filed with the Delaware Compensation Rating Bureau, Inc. within thirty days after the effective date of the policy. For filing procedures refer to Section 5.

#### 2. Endorsements

An exact copy of all endorsements or agreements attached to the policy at its inception date or issued subsequent to the inception date of the policy must be filed with the Bureau within thirty days after the date of issue of such endorsement or agreement.

#### 3. Standard Endorsement Filing Procedure

- **a.** Any endorsement filed with the Insurance Department on behalf of Bureau members by the Bureau must be filed for approval with the Bureau. For filing procedure details refer to Section 5.
- b. Non Standard Endorsements filing procedure, refer to Section 3.

#### 4. Binders

- **a.** A copy of the binder must be filed with the Bureau on an approved form with all required endorsements attached no later than thirty days after its date of inception.
- b. The binder must contain the classification codes and carrier rating values applicable to the employer in accordance with the assignment issued by the Bureau or in accordance with the Classification Rules of this Manual if no specific Bureau assignment has been made.
- **c.** A binder must be replaced with a short-term policy covering the amount of time the binder was in effect or replaced with a full-term policy including the time period the binder was in effect.

## I. MEDICAL CONTRACTS

- **1.**Medical contracts and agreements between insurance carriers and insured employers where medical service or supplies are furnished by the employer in consideration of a reduced premium or other consideration cannot be made.
- 2. Insurance carriers may not furnish medical equipment or hospital supplies to the employer.
- **3.** Medical agreements with physicians and nurses must be in the form of a written contract and must be filed with the Bureau within thirty days of the effective date of the agreement.

#### **RULE II – EXPLANATION OF COVERAGES AND METHODS OF INSURING**

## A. PART ONE - WORKERS COMPENSATION INSURANCE

#### 1. Description of Workers Compensation Coverage

Workers compensation insurance provides coverage for the statutory obligation of an employer to provide benefits for employees as required by:

- a. Workers compensation law or occupational disease law of any state or territory of the United States, including the District of Columbia, and
- b. United States Longshore and Harbor Workers' Compensation Act.
- 2. Delaware workers compensation insurance may be provided only by the Standard Policy.

# 3. Longshore Coverage

U.S. Longshore and Harbor Workers' Compensation Act insurance may be provided only by attaching the Longshore and Harbor Workers' Compensation Act Coverage Endorsement (WC 00 01 06A) to the Standard Policy. Refer to Rule XII.

# 4. Deductible Coverage

See Rule II - F.

#### **B. COVERAGE REQUIREMENTS**

**1.** Compulsory as to all employments

Exceptions: Farm labor; domestic servants, casual workers earning less than \$750.00 in three months from one household. Elective as to state and certain counties, cities and towns. Refer to Sections 2307 and 2309 of the Delaware Workers Compensation Law.

- 2. No insurance carrier is permitted to issue policies which would create duplicate coverage for an employer.
- 3. No insurance carrier is permitted to issue policies which would insure separate parts of a single employer. (Exception see Rule III B. 2.)
- 4. When an employer proposes to insure both his accident and occupational disease compensation liability, such liability must be covered by a single policy of one insurance carrier.

# C. PART TWO - EMPLOYERS LIABILITY INSURANCE

#### 1. Description of Employers Liability Insurance

Employers liability insurance provides coverage for the legal obligation of an employer to pay damages because of bodily injury by accident or disease, including resulting death, sustained by an employee. Employers liability coverage applies only if the injury or death of an employee arises out of and in the course of employment and is sustained:

- a. In the United States of America, its territories or possessions, or Canada, or
- b. While temporarily outside the United States of America, its territories or possessions, or Canada, if the injured employee is a citizen or resident of the United States or Canada; but suits for damages and actions on judgments must be in or from a court of the United States, its territories or possessions or Canada.

Unless specifically excluded, coverage for the liability of an employer under admiralty law and the Federal Employers Liability Act is provided by employers liability insurance.

#### 2. Employers Liability for Diseases

Employers liability insurance for diseases not covered by a workers compensation law or an occupational disease law is provided by the Standard Policy.

#### 3. Admiralty Law or Federal Employers Liability Act

Employers liability insurance for liability of an employer under admiralty law or Federal Employers Liability Act is provided by the Standard Policy. Refer to Rule XII for rules and endorsements to cover, limit or exclude this exposure.

#### 4. Employers Liability Insurance With Workers Compensation Insurance

Employers liability insurance written with workers compensation insurance is provided by the Standard Policy.

#### D. VOLUNTARY COMPENSATION INSURANCE

#### 1. Description of Voluntary Compensation Coverage

Voluntary compensation insurance does not provide workers compensation coverage and is not available for employments subject to a workers' compensation law. This insurance affords the benefits of a designated compensation law as if the affected employees were subject to that law, even though the law does not require payment of benefits to such employees.

Voluntary compensation insurance shall not provide compensation, medical or other benefits in excess of the statutory requirements in the workers compensation law designated in the standard Voluntary Compensation and Employers Liability Coverage Endorsement.

## 2. How Provided

Voluntary Compensation insurance is provided by attaching the Standard Voluntary Compensation and Employers Liability Coverage Endorsement (WC 00 03 11A) to the Standard Policy. Refer to Rule VIII for rules and carrier rating values.

#### E. PART THREE - OTHER STATES INSURANCE

# 1. Description of Other States Coverage

- a. Employers liability insurance and, where permitted by law, workers compensation insurance are provided in other states not listed in Item 3-A of the Information Page by listing states where coverage is to be provided in Item 3-C of the Information Page.
- **b.** If workers compensation insurance does not apply because the insured or carrier *is unable* to take the necessary action to bring the insured under a workers compensation law, the carrier will reimburse the insured for all compensation and other benefits required of the insured under such law.
- c. Part Three Other States Insurance does not provide U.S. Longshore and Harbor Workers' Compensation Act coverage. It may be afforded only in accordance with Section I, Rule XII.

#### 2. States Where Not Available

Other states coverage is not available in states:

- a. With a monopolistic state fund, or
- **b.** Where the carrier elects not to write this coverage.

#### 3. Restriction on Use

Coverage for operations known or expected to be performed in a state not listed in Item 3-A of the Information Page shall not be provided under Part Three – Other States Insurance.

#### 4. Premium

Premium developed for operations covered under Part Three – Other States Insurance shall be based on workers compensation rules and carrier rating values.

#### F. DEDUCTIBLE COVERAGE

Volume 63, Chapter 250, Delaware Laws, requires that every insurer licensed to issue workers compensation and employers liability insurance by the Insurance Department pursuant to Title 18, Delaware Code, shall offer to write each such policy subject to a deductible applying only to medical reimbursement and death benefits. The insured employer shall be permitted to accept or reject such a deductible at the time the policy is issued or renewed. It is required that the following be completed by the employer indicating his election to accept or reject a deductible. The deductible options that, by law, must be offered and the corresponding premium credits are shown on the form below:

# NOTICE OF ELECTION TO ACCEPT OR REJECT AN INSURANCE DEDUCTIBLE FOR DELAWARE WORKERS COMPENSATION DEATH AND MEDICAL BENEFITS

Delaware Law permits an employer to buy workers compensation insurance with a deductible. The deductible is for death and medical benefits and applies to each accident. The deductibles available and the corresponding premium reductions are set forth in Section 2 of this manual:

You are not required to choose a deductible program. However, if you do so choose, it is to be understood that your insurance company will administer and pay all claims and that you will reimburse the insurance company for payments it makes within the amount of the deductible selected. Failure to reimburse the insurance company for such deductible amounts within 30 days can result in cancellation of coverage.

Please show whether or not you want the deductible by initialing the appropriate choice below.

Yes, I want a deductible of \_\_\_\_\_\_ applied to death and medical benefits under the Delaware Workers Compensation Law. I understand that the company shall pay the deductible amount and be reimbursed by the employer shown below.

No, I do not want the deductible described in this Notice.

I understand that in accordance with 19 Del. C. §2372, I have the option of modifying the above deductible program choice at the time of renewal of my workers compensation insurance policy with the insurance company named below.

Date	Employer
	Name
	Title

Insurance Company

The deductible credit applies to total premium after application of experience modification, if any. The dollar amount of the premium reduction resulting from application of the deductible credit is to be recorded in Item 4 of the Information Page under **Code 9663**.

## G. DELAWARE WORKERS COMPENSATION INSURANCE PLAN (WCIP)

The Delaware Workers Compensation Insurance Plan is available in the state of Delaware when an employer is unable to obtain workers compensation coverage in the voluntary market. For more information refer to the Delaware Workers Compensation Insurance Plan Handbook or contact the Delaware Compensation Rating Bureau, Inc.

## 1. Residual Market Surcharge

Effective August 1, 1997, the surcharge program applies to all risks insured in the Plan, including risks for which the Plan applications were processed through Delaware and WCIP risks for which residual market applications were processed through another state.

- **a.** Premium surcharges will apply to risks insured under the Plan which qualify for experience rating and which produce experience modifications in excess of 1.000.
- **b.** Applicable surcharges to subject risks will be expressed as a factor to be applied to standard premium and will be computed using the following formula:

0.50 x (1.000 - risk credibility in the Experience Rating Plan)

- c. Surcharges so computed will be limited to a maximum factor computed by subtracting unity (1.000) from each risk's experience modification factor.
- d. Surcharges will be computed and expressed to two decimal places.

## RULE III – POLICY PREPARATION – INSURED, POLICY PERIOD AND STATE OF OPERATIONS

#### Item 1, 2 and 3-A of the Information Page

#### A. EXPLANATION OF TERMS

# 1. Employer/Entity

Employer may be an individual, partnership, joint venture, corporation, association, or a fiduciary such as a trustee, receiver or executor, or other entity.

# 2. Insured

Insured means the employer designated in Item 1 of the Information Page.

#### 3. Majority Interest (more than 50%)

Majority Interest as defined in the Experience Rating Plan Manual applies in this Manual usually means:

- a. Majority of voting stock, or
- **b.** Majority of members or directors if there is no voting stock, or
- c. Majority participation of general partners in profits of a partnership.

#### 4. Risk

Risk means a single legal entity or two or more legal entities which qualify for combination.

# B. NAME, ADDRESS, AND OTHER WORKPLACES OF INSURED - ITEM 1

#### 1. Combination of Legal Entities

Separate legal entities may be insured in one policy only if the same person, or group of persons, owns the majority interest in such entities.

#### 2. Delaware Locations

All locations and operations of the employer in Delaware shall be insured in one policy. Exceptions approved by the Industrial Accident Board.

# C. POLICY PERIOD – ITEM 2

## 1. Normal Policy Period

The normal policy period is one year. A policy may be issued for any period but not longer than 3 years.

#### 2. Policy for One Year

- **a.** The manual rules are based on a policy period of one year.
- **b.** A policy issued for a period not longer than one year and 16 days is treated as a one year policy.

## 3. Policy Longer Than One Year

A policy issued for a period longer than one year and 16 days, other than a 3-year fixed carrier rating value policy, is treated as follows:

- **a.** The policy period is divided into consecutive 12-month units.
- **b.** If the policy period is not a multiple of 12 months, use the Standard Policy Period Endorsement (WC 00 04 05) to specify the first or last unit of less than 12 months as a short-term policy.
- c. All manual rules and procedures apply to each such unit as if a separate policy had been issued for each unit.

4. Renewal Certificates, Agreements, Continuing Form Policies, would be handled as policies longer than one year. (See above C. 3.)

#### 5. Three-Year Fixed Carrier Rating Value Policy Option

A policy may be issued for a period of 3 years at fixed carrier rating values. Such a policy shall not be issued if the risk is subject to the Experience Rating Plan on the effective date of the policy.

A policy issued under this option shall be known as a Three-Year Fixed Carrier Rating Values Policy and shall be so designated on the Information Page. Refer to Rule XI.

## D. STATE LAWS DESIGNATED IN THE POLICY – Item 3-A

#### 1. Listing of Delaware

Insurance for operations conducted in Delaware is provided by listing the state in Item 3-A of the Information Page.

#### 2. Longshore Act

The U.S. Longshore and Harbor Workers Compensation Act shall not be entered in Item 3-A of the Information Page. Refer to Rule XII.

#### 3. Additional States

A state may be added after the effective date of the policy. For the additional state operations, apply:

- a. Carrier rating values in effect on the anniversary rating date of the policy to which the state has been added.
- b. Any change in carrier rating values which applies to outstanding policies for the state being added.
- **c.** When adding the State of Delaware, the Information Page and attached endorsements shall be prepared so that the Delaware coverage can be clearly determined.

## RULE IV – CLASSIFICATIONS

#### Item 4 of the Information Page

#### A. GENERAL EXPLANATION

#### 1. Objective

The object of the classification system is to group insureds into classifications so that the rating value for each classification reflects the exposures common to such distinct business enterprise (See Rule IV, C. 2. & C. 3.). Subject to certain exceptions described later in this rule, it is the business of the insured within Delaware that is classified, not the separate employments, occupations or operations within the business.

# B. CLASSIFICATIONS

#### 1. Basic Classifications

All classifications in the Manual are basic classifications, other than the standard exception classifications. Basic classifications describe the business of an insured such as:

Business	<u>Classification</u>
Manufacture of a Product	Furniture Manufacturing
A Process	Printing
Construction or Erection	Carpentry
A General Type or Character of Business	Hardware Store
A Service	Beauty Parlor

Classifications are listed by group arrangement which is essentially a numeric listing in Section Two of the Manual. Notes following a classification are part of that classification.

## 2. Standard Exception Classification

Some occupations are common to so many businesses that special classifications have been established for them. They are called standard exception classifications. Employees within the definition of a standard exception classification unless the basic classification specifically includes those employees. The standard exception classifications are defined below:

a. CLERICAL OFFICE EMPLOYEES – Code 953 – are employees exclusively engaged in keeping the books or records of the insured or conducting correspondence or who are engaged wholly in office work where such books or records are kept or such correspondence is conducted.

This classification shall be applied only to employees herein described who work exclusively in separate buildings or on separate floors or in departments on such floors which are separated from all other workplaces of the employer by floor to ceiling partitions except for retail stores where a partition at least five feet high is required and within which no work is performed other than clerical duties as defined in this rule.

If any clerical office employee has any other regular duty, the entire payroll of that employee shall be assigned in accordance with the class to which the business is assigned.

- (1) The clerk, such as a counter, time, stock or tally clerk, whose work is necessary, incidental or part of any operation of the business other than clerical office, shall not be considered a clerical office employee. Such clerk should be assigned to the basic classification of the business.
- (2) The cashier also shall not be considered a clerical office employee. A cashier is responsible for accepting payment for merchandise or services rendered. The cashier's physical location may include but is not necessarily limited to: a booth, behind a counter or on a sales floor. The cashier or any employee whose regular and frequent duty is accepting payment for merchandise or services should be assigned to the basic classification of the business regardless of the physical work location.
- (3) Office employees shall be separately classified except in connection with those classes which specifically include Office Employees.
- b. DRAFTING EMPLOYEES, Code 953, are employees engaged exclusively in drafting and confined to office work. The entire payroll of any such employees engaged in any other operations shall be assigned to the highest Bureau loss cost classification of operations to which they are exposed.
- c. SALESPERSONS OUTSIDE, Code 951 are employees exclusively engaged in sales or collection work away from the employer's premises or who are engaged in such work for any portion of their time and devote the balance of their time to clerical office duties.

This classification is inapplicable to employees delivering merchandise or products. Even though they may also collect or solicit, such employees shall be assigned in accordance with the classification appropriate to the business of the employer for which delivery is being made.

Also not included are floor and/or counter salespersons. Such employees shall be assigned in accordance with the class appropriate to the business at the location.

Further inapplicable to messengers employed by a messenger or courier service company. Messengers em-ployed by other establishments whose field of business is not that of a messenger or courier service company shall be assigned to Code 951.

Employees who sell or solicit exclusively by telephone shall be assigned to Code 953, Clerical Office Employees.

Salespersons, Collectors or Messengers shall be separately classified except in connection with those classes which specifically include all employees or all employees except office.

Automobile Salespersons – Code 819 are employees engaged in such duties on and away from the insured's premises. Such classification shall be treated as Salespersons – Outside, Code 951 for the purposes of this rule but are assigned to Code 819.

#### 3. General Inclusions

- a. Some operations appear to be separate businesses, but they are included within the scope of all classifications other than the standard exception classifications. These operations are called general inclusions and are:
  - (1) Commissaries or restaurants operated for an insured's employees except in connection with construction, erection, lumbering, mining or the recovery of petroleum and/or natural gas.

- (2) Manufacturing of containers such as bags, barrels, bottles, boxes, cans, cartons or packing cases (and the incident printing thereon) to be used by the employer in the packaging of its products.
- (3) Medical facilities operated by the insured for its employees.
- (4) Maintenance or repair and/or cleaning of an insured's buildings, or vehicles or equipment when performed by employees of an insured.
- (5) Printing or lithographing by an insured on its products.
- (6) Stamping or Welding when an integral technique that is a part of an overall manufacturing process.
- (7) Drilling or Blasting when conducted by the employees of a surface or underground mine operator to facilitate mineral extraction. Drilling, redrilling or deepening conducted by an entity whose field of busi-ness is the recovery of petroleum and/or natural gas shall be separately classified.
- (8) Quality control of an insured's products or research laboratories engaged in developing and/or improving products manufactured by an insured.
- (9) Drivers, chauffeurs and their helpers including all employees whose principal duties are the operation and/or the repair of vehicles.
- (10) Tools, dies, molds or fixtures made and/or repaired by an insured that are used in the insured's product manufacturing operations.
- (11) Aircraft travel by employees, other than members of the flying crew, including employees whose payroll is assigned to the Standard Exception Classifications.
- (12) Child day care services operated by the employer for his employees.
- (13) Warehousing by an employer of its merchandise, products and/or raw materials.
- (14) Security guards protecting their employer's premises and property.
- b. Any operation described by a General Inclusion shall be separately classified only if:
  - 1. Such operation constitutes a separate and distinct business of the insured as provided in Rule IV C. below or
  - 2. It is specifically excluded by the classification wording, or
  - 3. The principal business is described by a standard exception classification.

# 4. General Exclusions

Some operations in a business are so unusual that they are excluded from basic classifications. They are classified separately unless specifically included in the basic classification wording. These operations are called general exclusions and are:

- (1) Aircraft operation all operations of the flying and ground crews.
- (2) New construction or structural alterations by the insured's employees.
- (3) Sawmill Operations sawing logs into lumber by equipment such as circular carriage or band carriage saws, including operations incidental to the sawmill.
- (4) Stevedoring, including tallying and checking incidental to stevedoring.
- (5) Mining and Quarrying, Clay, Gravel or Sand Excavation and Dredging.

#### C. ASSIGNMENT OF CLASSIFICATIONS

#### 1. Object of the Classification Procedure

a. The object of the classification procedure is to assign the one basic classification which best describes each distinct business enterprise of the insured within Delaware. Subject to certain exceptions described in this Rule, each classification includes all the various types of labor found in a distinct enterprise. It is the business which is

classified, not the individual employments, occupations or operations within a business. Additional classifications shall be assigned as provided below.

#### 2. Assignment of a Classification

a. The policy shall contain only classifications approved by the Delaware Compensation Rating Bureau, Inc. and in accordance with this Manual.

Each classification is presumed to describe an entire business enterprise. Any policy which contains more than a single classification cannot contain any classifications representing a payroll less than that of one full-time employee, but this rule will not apply in classifications involved in Construction, Erection, Stevedoring or Part-Time Aircraft Operations except as specified in classification phraseology.

b. Single Enterprise. If a risk consists of a single operation or a number of separate operations which normally occur in the business described by a single manual classification, or separate operations which are an integral part of or incidental to the main business, that single classification which most accurately describes the entire enterprise shall be applied. The separate operations so covered may not be assigned to another classification even though such operation may be specifically described by some other classification or may be conducted at a separate location.

Division of payroll shall be made as provided in respect to General Exclusions, Standard Exceptions or Special Class Wording. For construction or erection work, see special procedure set forth in Rule IV, C. 5.

#### EXCEPTION

Where a retail outlet is located at the same or contiguous premises as an insured's manufacturing facility, a separate classification shall apply to the payroll of the outlet provided that such outlet is operated in an area physically separate from other operations by a floor to ceiling partition and it is separately staffed.

**c.** Authorized Classifications. When the classification of any insured has been established by the Rating Bureau, no policy shall be issued or endorsed nor adjustment of premium made under any other or conflicting classification.

In any instance where the established classification does not describe the current operations of the insured, the insuring carrier or insured shall draw the matter to the attention of the Rating Bureau in writing with full particulars prior to the application of any other classification. The reclassification shall not take place until the Bureau Staff has received and reviewed such documentation and has replied in writing to the insured or insuring carrier agreeing with their position or otherwise advising on which class(es) to assign.

The insuring carrier is not relieved of the obligation to apply the class authorized for an insured because of lack of knowledge that the Bureau has established an authorized classification for that insured.

#### 3. Assignment of Additional Classifications

a. Multiple Classifications/Multiple Enterprises (Not construction or erection operations – see paragraph 6.)

Additional classifications may be used only when valid evidence supports their authorization or in conformity with the rules stated under "Standard Exceptions" and "Exclusions." Additional classes may not be added without Bureau authorization when their use is in violation of Manual Rules or an existing bureau data card.

Additional classifications shall be assigned to an insured only if the following conditions exist:

- 1. If the classification wording requires the assignment of an additional classification for specified employees or operations.
- 2. If there are distinct enterprises (meaning thereby businesses, which are specifically classified in this Manual, but not operations that normally occur in the business described by the assigned classifications, nor operations described by any of the General Inclusions), conducted in a given plant by the same insured and the entire work in each enterprise is conducted either in a separate building or on a separate floor or floors of a building, or on the same floor in separate departments divided by floor to ceiling partitions without interchange of labor and the insured conducts each of such enter-prises as a separate undertaking with separate records of payroll, then such separate undertakings shall each be separately classified, (and the proper carrier rating value applied to each).
- **3.** See Governing Classification rules for assignment of incidental operations that support more than one distinct enterprise.

# b. Governing Classification

The governing classification is that classification other than the standard exception classifications (which may never be the governing class) which carries the largest amount of payroll exclusive of payroll of miscellaneous employees as defined below.

(1) This concept shall be utilized not in the initial classification assignment process but to determine how to classify miscellaneous employees when an insured is assigned two or more classifications.

Miscellaneous employees are employees that either supervise or support all the various undertakings of the insured. The functions performed by miscellaneous employees may include but are not necessarily limited to: maintenance, mailroom, shipping and receiving, yard operations, security power plant opera-tions, lobby or front desk personnel, elevator operators, porters, foremen, superintendents or timekeepers.

- (2) The entire remuneration of miscellaneous employees is assignable to the governing classification.
- (3) The governing classification in the case of construction or erection operations shall be determined on a job basis within each policy period if payrolls are kept separately by job within the policy period; otherwise on the basis of the entire policy period.
- (4) If the basic and major operations are described by classifications defined as Standard Exceptions, the payroll of all employees not specifically included in the definition for such Standard Exceptions shall be separately classified to Code 971.

#### 4. Assignment By Analogy

Any enterprise which is not described by a classification in this Manual shall be assigned to the classification or classifications most analogous from the standpoint of process and hazard. The limitations and conditions of the classification or classifications so assigned and all Manual rules pertaining to the classification shall be applicable.

#### 5. Payroll Assignment – Multiple Classifications - Interchange of Labor

Some employees who are not miscellaneous employees may perform duties directly related to more than one classification. When there is such an interchange of labor, the entire payroll of employees who interchange shall be assigned to the highest valued classification representing any part of their work.

The payroll of one employee shall not be divided into two or more classes except where specifically described in classification wording as "to be separately rated" or "separately rate" and with no requirement for separate staff. See the paragraph immediately below for the auditing procedure.

#### General Exceptions to C. 5. above

For Construction, Erection, Temporary Staffing or Stevedoring, the payroll of any individual employee may be divided and allocated to more than one such classification provided the entry on the original records of the insured discloses an allocation of each such individual employee's payroll. Estimated or percentage allocation of payroll is not permitted. Only a single stevedoring class shall be applied to all payroll developed in the loading or unloading of a single vessel. For further reference see the material under Stevedoring in Section 2 of the Manual. For Executive Officers see Rule IX, A. 4.

#### 6. Construction or Erection Operations

Each distinct type of construction or erection operation at a job or location shall be assigned to the classification which specifically describes such operation provided separate payroll records are maintained for each operation. Estimated or percentage allocation of payroll is not permitted.

Any such operation for which separate payroll records are not maintained shall be assigned to the highest Bureau loss cost classification which applies to the job or location where the operation is performed.

A separate construction or erection classification shall not be assigned to any operation which is within the scope of another classification assigned to such a job or location which is assignable to a construction classification designated "all work to completion." All operations of the insured contractor at that job or location shall be assignable to such classification.

7. NOC means not otherwise classified. A classification designated "NOC" shall apply only if no other classification more specifically describes the insured's business.

#### 8. Changing Classifications

- a. The Bureau is empowered to determine, revise or modify the classification(s) assigned to any individual insured. No written application by the carrier, agent of record or an insured to change an insured's authorized classification(s) shall be considered by the Bureau until the carrier has issued and filed a copy of its policy Information Page written in accordance with an insured's authorized classification(s). The classification(s) shown in any policy shall be subject to correction or modification, or both, if the Bureau finds by survey or otherwise that the classification(s) shown in the policy are inappropriate to the insured. No written application to change the classification(s) for an insured on the grounds that the insured has been improperly classified shall be con-sidered by the Bureau unless such written application is filed directly with the Bureau by the insured, agent of record or the carrier during the policy period with respect to which the application is made, or within 12 months after the termination thereof.
- b (1) A change in classification that results from a change in an insured's operations will be applied pro rata as of the date of the change in the insured's operations, regardless of the premium impact to the insured when the carrier becomes aware of the insured's operations change and makes a written application to the Bureau to change the insured's authorized classification(s) during the policy period in which the operations change has taken place, or within 12 months after the termination thereof.
  - (2) A correction of a misclassification which results in a premium decrease shall be applied to the insured's policy in effect when the application for correction is made and to the prior policy within 12 months after the termination thereof.
  - (3) A correction of a misclassification which results in a premium increase shall be applied effective the employer's first normal policy renewal at least six months subsequent to the date of the Bureau's written misclassification notice concurrent to the carrier of record and the employer.
- c. Any correction of a misclassification arising from discovery by the carrier of a material misrepresentation or intentional omission by the insured, its agent, employees, officers or directors shall be applied effective the date upon which it would have applied had such material misrepresentation or intentional omission not been made. It is recommended that a carrier claiming material misrepresentation or intentional omission as contemplated in this Rule secure a declaratory judgment from the appropriate Court establishing same prior to proceeding with application of this Rule.
- **d** The reallocation of payroll by a carrier among an insured's authorized classifications or the Bureau requiring a carrier to reallocate payroll among an insured's authorized classifications or to report payroll under an insured's authorized classifications for an insured's current policy or for the insured's prior policy within 12 months after the termination thereof does not constitute a class change or correction.

# 9. Classification Appeals

The Bureau's assignment of an individual risk to a particular classification may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE, Section 1 of this Manual.

#### 10. Mercantile Business/Stores

For mercantile businesses, such as stores or dealers, the single applicable store or dealer classification is determined separately for each location.

# D. SHOW THE CLASSIFICATIONS IN ITEM 4 OF THE INFORMATION PAGE

Show the proper classification wording, with or without notes, and show the code number in Item 4 of the Information Page. Capitalized classification wording may be used instead of the entire wording. Section 5 of this Manual, Classification Underwriting Guide, may be used for such wording.

## E. "NEW BUSINESS" EMPLOYEE CLASSIFICATION PROCEDURE

 "New Business" is defined for purposes of this section to be all workers compensation insurance policies except those policies underwritten by an insurance group which also insured the same employer for a policy period expiring immediately prior to the effective date of the policy in question. An insurance group is defined as either a set of individual insurers under a common ownership or an individual carrier which has no other companies under common ownership.

- 2. Within the first 90 days of the effective date of a "New Business" policy, the employer has the right to request from the carrier a review of the classification assignments of each of its employees with the classifications on the policy. This request shall be presented in writing.
- 3. If an employee classification review is requested by the employer, the employer must provide the carrier with a list of all the employer's employees showing individually their specific duties. The carrier has the right in conjunction with the employee classification review to conduct an audit and/or inspection to determine the proper classification assignment of the employees.
- 4. Within 60 days of the employer's request, the carrier shall provide the employer with a report which will show the classification assignment of each listed employee. The carrier will be obligated to use these classification assignments for premium determination purposes for the "New Business" policy period unless review by the Delaware Compensation Rating Bureau, Inc. indicates lower-rated classifications are applicable to an employer's business or employees. Changes in the employer's operations, duties of employees listed or the addition of new employees will not be subject to the classification assignments specified in this report.
- 5. If the employer does not agree with the carrier's employee classification report, the Delaware Compensation Rating Bureau, Inc. shall review the employer's request, the insurer's response and will determine the appropriate classification assignments for the listed employees.
- 6. This Section applies only to the assignment of classifications to listed employees whose duties during the policy period are fully and accurately specified at the time of the request for an employee classification review. This procedure does not otherwise limit a carrier's right or obligation to properly classify an employer's operations based on the actual nature of those operations during the policy period.
- 7. The carrier will send to its "New Business" insureds a "Policyholder Notice" explaining to the insured the procedure that must be followed to request an employee classification review.

# RULE V – PREMIUM BASIS

#### Item 4 of the Information Page

## A. BASIS OF PREMIUM - TOTAL REMUNERATION

Premium shall be computed on the basis of the total remuneration paid or payable by the insured for services of employees covered by the policy.

#### Exception

Some classifications have a different premium basis. For example, premium for domestic worker classifications is computed on a per capita basis. Refer to Rule XIV.

#### B. REMUNERATION – PAYROLL

# 1. Definition

Remuneration means money or substitutes for money.

## 2. Inclusions

Remuneration includes:

- a. Wages or salaries including retroactive wages or salaries;
- b. Total cash received by employees for commissions or draws against commissions;
- c. Bonuses;
- d. Stock bonus plans market value of stock at the time it is given to employee (refer to Exclusions, m.);
- e. Extra pay for overtime work;
- f. Pay for holidays, vacations or periods of sickness or accrued sick time;

- **g.** Payment by an employer of amounts otherwise required by law to be paid by employees to statutory insurance or pension plans, such as the Federal Social Security Act;
- **h.** Payment to employees on any basis other than time worked such as piece work, profit sharing or incentive plans;
- i. Payment or allowance for hand tools or power tools used by hand provided by employees and used in their work or operations for the insured;
- j. The rental value of an apartment or a house provided for an employee based on comparable accommodations;
- **k.** The value of lodging other than an apartment or house received by employees as part of their pay to the extent shown in the insured's records;
- I. The value of meals received by employees as part of their pay to the extent shown in the insured's records;
- m. The value of store certificates, merchandise, credits or any other substitute for money received by employees as part of their pay (refer to Exclusions, 1.);
- Musicians and entertainers who are not independent contractors shall be included in computation of premiums of hotels or restaurants (maximum of \$250 per week for each musician or entertainer);
- o. Adjustments necessary to bring employees to minimum wage shall be included;
- p. Payments for salary reduction, retirement or cafeteria plans (IRC 125) which are made through deductions from the employee's gross pay;
- **q.** Prevailing wage payments paid to employees based on required government-specified minimum wage rates, including but not limited to the Davis-Bacon Act or the Delaware Prevailing Wage Act;
- r. Annuity plans (see Rulings and Interpretations Salary Reduction Plans);
- Expense reimbursements to employees to the extent that an employer's records do not substantiate that the expense was incurred as a valid business expense (see Rulings and Interpretations – Employee Expense Reimbursements);
- t. Payment for filming or taping of commercials excluding subsequent residuals which are earned by the commercial participant(s) each time the commercial appears in print or in broadcast.

#### 3. Exclusions

Remuneration excludes:

- **a.** Payments by an employer to group insurance or group pension plans for employees, other than payments covered by Rule V B. 2. g.;
- b. Payments made by an employer to a Group Insurance, Pension Plan or to an employee directly in lieu of the foregoing because of the Provisions of a prevailing wage statute, including but not limited to the Delaware Prevailing Wage Act or the Davis-Bacon Act. For additional information please see the Rulings and Interpretations in Section 5 of this Manual.
- c. The value of special rewards for individual invention or discovery;
- d. Dismissal or severance payments except for time worked or accrued vacation;
- e. Tips and other gratuities received by employees;
- **f.** Payments for active military duty;
- g. Employee discounts on goods purchased from the employee's employer;
- Expense reimbursements to employees to the extent that an employer's records substantiate that the expense was
  incurred as a valid business expense (see Rulings and Interpretations Employee Expense Reimburse-ments);
- i. Supper money for late work;
- j. Work uniform allowances;

- Sick pay paid to an employee by a third party such as an insured's group insurance carrier which is paying disability income benefits to a disabled employee;
- I. Employer provided perquisites ("perks") such as:
  - 1. an automobile;
  - 2. an airplane flight;
  - 3. a discount on property or services;
  - 4. club memberships;
  - 5. tickets to entertainment or sporting events;
- m. Stock option plans difference between market value of stock and lower option price is not included as remuneration.

#### 4. Payroll

Payroll means remuneration. The carrier rating values in this Manual shall be applicable to the remuneration of all employees of the insured without exception, and compensation policies shall not be written except upon the entire payroll of the risk which is the subject of the insurance. Under no circumstances shall a compensation policy be written on any part of the risk leaving another part of the risk uninsured.

#### 5. Employee Savings Plans

- **a.** Contributions, made in the form of an employee authorized salary reduction, which are diverted by an employee for payment, by the employer, into a savings plan shall be included as remuneration for premium computation purposes. Such payments made by the employer into the plan, of employee salary reduction contributions, shall not be employer contributions.
- b. Contributions of employer funds, made by the employer, the amount which being determined by reference to Employer Contributions, shall not be considered remuneration for premium computation purposes unless same contributions are reported by the employer as current taxable income to the employee.

# C. ESTIMATED PAYROLLS

#### 1. Estimated Payrolls By Classification

For each classification shown on the Information Page, the estimated total annual payroll shall be stated in the column headed "Premium Basis – Total Estimated Annual Remuneration."

#### 2. Determination of Estimated Payrolls

Estimated payrolls shown on the Information Page shall reflect actual remuneration anticipated by the insured during the policy period. Such estimates shall be subject to substantiation by records or inspections.

#### 3. Approval of Estimated Payrolls

Adequacy of estimated payrolls is subject to approval by the Delaware Compensation Rating Bureau, Inc.

#### D. WHOLE DOLLARS - PAYROLLS

All payrolls shall be shown to the nearest dollar. A remainder of \$.50 shall be rounded to the next higher dollar.

### E. PAYROLL LIMITATION

# 1. How Payroll Limitation Applies

For executive officers, sole proprietors, partners and classifications with notes which indicate payroll limitation, the payroll on which premium is based shall exclude that part of the employee's average weekly pay in excess of the applicable weekly limitation, provided:

- a. Books and records are maintained to show separately the total payroll earned by each employee whose average weekly pay for the total time employed during the policy period exceeds the weekly payroll limitation, and
- **b.** Separate records are maintained in summary by classification for such employees.

#### 2. Partial Week

A part of a week shall be treated as a full week in determining average weekly pay.

### RULE VI – RATING VALUES AND PREMIUM DETERMINATION

# Item 4 of the Information Page – continued

#### A. BUREAU RATING VALUES

## 1. Bureau Loss Cost

Bureau Loss Costs – Dollar amounts per unit of exposure attributable to the payment of losses under workers compensation and employers liability coverages, filed by the Bureau based on the aggregate experience of all Bureau members and approved by the Insurance Commissioner.

#### 2. Disease Loading

- **a.** The Bureau Rating Value for a classification code number followed by a letter (a) or (b) etc. may include a disease loading. Such a loading may be removed upon approval of the Delaware Compensation Rating Bureau, Inc.
- b. The Delaware Workers Compensation Law includes "all occupational diseases arising out of and in the course of employment." The classification rates shown in the Manual include occupational disease loadings which correspond to the usual exposure to diseases by classifications.
- c. A supplemental occupational disease loading may be applied to the carrier rate for any individual risk where the occupational disease hazard is abnormal. When a carrier plans to use the supplemental loading, they shall supply the Bureau with an inspection report either by an insurance carrier, Industrial Accident Board or some outside source which supports the abnormal disease exposure. Based on this report, the Rating Bureau will authorize the supplemental loading and publish it on the bureau data card for a minimum of one year. The supplemental loading can be removed only by an inspection report from an insurance company, or some other outside agency evidencing the abnormal exposure no longer exists. The supplemental disease loading is non-ratable in the experience and retrospective plans.

# 3. Terrorism Risk Insurance Act of 2002- Certified Losses

Premium under the Terrorism Risk Insurance Act of 2002 - Certified Losses is calculated on the basis of total payroll according to Rule V. The premium charge is calculated by dividing a risk's total payroll by \$100 and multiplying the result times the carrier's rating value. This premium is applied after standard premium and is not subject to any other modifications including but not limited to premium discount, experience rating, schedule rating, or retrospective rating. Non-payroll exposures are not subject to premium under the Terrorism Risk Insurance Act of 2002 - Certified Losses. Policies issued on an "If Any" basis will not be charged a terrorism rate, unless premium develops during the policy term or at audit. Per capita charges are not subject to premium under this Act. Terrorism Risk Insurance Act of 2002 - Certified Losses shall be separately stated on the Standard Policy and shall be designated to Statistical Code 9740.

# B. PREMIUM

Premium for each classification shown in the policy is determined by multiplying the basis of premium by the rate.

#### Example of B above

Payroll			=	\$90,000
Rate			=	x 1.50
Premium			=	\$ 1,350
\$90,000	х	1.50	=	\$ 1,350
100				

#### C. WHOLE DOLLARS - PREMIUMS

All premiums shall be shown to the nearest dollar. A remainder of \$.50 shall be rounded to the next higher dollar.

## D. CARRIER RATING VALUES

# 1. Expense Constant

Expense Constant (if any) is determined by individual carriers' rating values. It applies to every policy and it covers expenses such as those for issuing, recording and auditing, which are common to all workers compensation policies regardless of size.

# 2. Minimum Premium

Minimum Premium (if any) is determined by individual carriers' rating values. It is an expression of the lowest premium amount for which a single risk can be written and carried for any period of time.

## 3. Premium Discount

Premium Discount (if any) is determined by individual carriers' rating values. It recognizes that the relative expense of issuing and servicing larger premium policies is less than for smaller policies.

# 4. Retrospective Rating Factors

# E. PREMIUM MODIFICATION EXPERIENCE RATING PLAN

- 1. If the risk is subject to experience rating, the experience rating modification shall be shown in Item 4 of the Information Page and applied to the premium in accordance with the Experience Rating Plan Manual.
- 2. Copies of Experience Rate Calculation
  - **a.** The insurance carrier is furnished with the experience rate calculation. Subsequent insurance carriers may obtain copies of the experience rating calculation by way of special service at the appropriate charge.
  - **b.** The Bureau shall furnish to any insured employer upon his written request, or to the Home Office or Branch Office of any member of the Bureau upon the written request of the employer, a copy of the experience rating calculation of that employer at an appropriate charge.
  - **c.** The insurance carrier of record shall be notified of the Bureau experience modification established by the Experience Rating Procedure not more than 90 days prior to the effective date of the rating.

# F. PREMIUM DETERMINATION FOR FEDERAL AND MARITIME INSURANCE

Additional rating procedures are in Rules XII and XIII for insurance for employers subject to the U.S. Longshore and Harbor Workers' Act, the Federal Employers Liability Act and Admiralty Law.

### G. SCHEDULE RATING

- 1. An insurer may adopt a schedule rating plan, subject to such a plan being "Filed" (approved) by the Delaware Insurance Department. The plans permit the carrier to apply a schedule credit (use Code **9887**) or debit (use Code **9889**) to the standard premium determined in accordance with the Bureau Rating Values and rating plans filed by the Delaware Compensation Rating Bureau, Inc.
- 2. The schedule modification is to be applied after application of any experience modification but before premium discount if applicable. The schedule modification does not apply to the expense constant or the minimum premium, if applicable, but does to the following:
  - **a.** Aircraft Operations passenger seat surcharge.
  - b. Premium for higher limit under Employers Liability.
  - **c.** Short rate penalty premium.
  - d. Additional premium resulting from flat increase on outstanding policies.
  - e. Non-ratable elements and supplemental loadings.
- 3. Show the schedule modification percentage and applicable statistical code on the Information Page.

# H. PREMIUM CALCULATION ALGORITHM

#### Delaware and Pennsylvania Premium Algorithm Preface:

#### Optional use upon July 1, 2000. Mandatory use for policies effective on or after January 1, 2002.

The computation of workers compensation premium includes a broad complement of potential rating values, pricing programs and other similar or related variables. To the extent that these component parts of premium determination may be applied in a prescribed sequence and using defined formulas and/or relationships, several potential benefits arise including the follow-ing:

- Competitive differences within the marketplace can be more clearly defined and consistently applied;
- Similarly situated risks can receive comparable treatment with respect to specific rating values, pricing programs or other factors, increasing the equity of the marketplace;

- Analysis of the effects of various components of overall premium determination can be better understood and more intelligently compared across carriers, states and/or time;
- In the event that new pricing programs or other factors are introduced in the future, the defined existing formulas can provide a consistent basis for the development of programs and system procedures within the workers compensation industry.

Subtracting these credits as shown effectively adds the premium reduction given for deductible coverage back into the premium for purposes of calculating employer assessments

# RULE VII – PREMIUM DISCOUNT

#### Item 4 of the Information Page

#### A. PREMIUM DISCOUNT

Premium Discount (if any) is determined by an individual carriers' rating values. It recognizes that the relative expense of issuing and servicing larger premium policies is less than for smaller premium policies.

## **B. COMBINATION OF POLICIES**

#### 1. Combination Permitted

Two or more policies issued to the same insured by one or more insurance carriers under the same management may be combined for the purpose of computing the premium discount for that insured.

#### 2. Combination Procedure

If such separate policies have different expiration dates, the combination for the purpose of 1. above is subject to the following:

- **a.** The Bureau shall determine the effective date for the application of premium discount.
- b. All such policies in force prior to such effective date shall be cancelled and rewritten as of the effective date.
- c. All policies effective after the effective date of the combination shall be written to expire concurrently with other policies in the combination.

#### C. LARGE CONSTRUCTION PROJECTS (Wrap-Up)

The first step in setting up a "Wrap-Up" program requires the carrier to make application to: State of Delaware Department of Labor, Industrial Accident Board, 4425 North Market Street - 3rd Floor, Wilmington, DE 19802.

The following application of the premium discount is optional for large construction projects which are not under a retrospective rating plan:

Policies issued to two or more legal entities engaged in a construction, erection or demolition project may be combined for the purpose of computing premium discount, subject to the following conditions:

#### 1. Insurance Carrier

All such policies must be issued by one or more insurance carriers under the same management.

#### 2. Policy Limitation

The policies shall be limited to insurance on such large construction projects.

#### 3. Eligible Entities

Entities eligible for combination shall be limited to the general contractor (including any owner or principal acting as a general contractor) and subcontractors performing work under contracts let on an ex-insurance basis. In addition, if the contract between the owner or principal and such general contractor is on an ex-insurance basis, the owner or principal shall be an eligible entity under this rule.

#### 4. Premium Requirement

Estimated total standard premium for the project to be done by the combined entities must be \$500,000 or more.

#### 5. Location Requirement

The project must be confined to operations at a single location. In connection with the building of roadways, tunnels, waterways or surface or underground conduits, the entire job or sections of the job shall be considered a single location if the construction work is performed by a single general contractor for a single owner or principal.

#### 6. Duration Requirement

The project must be of definite duration involving work to be performed continuously to completion.

# 7. Bureau Notification

The Bureau must be notified of the method by which the wrap-up policies will be Identified.

# 8. Separate Policy Requirement

A separate policy is required for each entity included in the wrap-up plan and each policy is subject to that entity's own experience rating modification.

# 9. Experience Modifications

The experience developed by each entity in the combinations will be used in calculating the future experience of the entity. There will be no experience rating for the project as a unit.

#### RULE VIII – LIMITS OF LIABILITY

#### Item 3-B of the Information Page

# A. WORKERS COMPENSATION AND EMPLOYERS LIABILITY POLICY

#### 1. Part One – Workers Compensation

There is no limit of liability in the standard policy for Part One. The policy provides all benefits required by the Dela-ware Workers Compensation Law.

#### 2. Part Two – Employers Liability

#### a. Standard Limits

The standard limits of liability under Part Two are:

Bodily Injury by Accident: **\$100,000** – each accident Bodily Injury by Disease: **\$100,000** – each employee Bodily Injury by Disease: **\$500,000** – policy limit.

#### b. Increased Limits

The limit under Part Two may be increased, subject to the following:

- (1) The limits of liability shall be the same for all states specified in Item 3-A of the Information Page.
- (2) The additional premium for increased limits shall be determined by multiplying the total premium by the percentage in the following Table for Increased Limits. For this purpose, total premium shall be computed before application of any carrier rate but before application of experience rating modification or retro-spective rating adjustment.

Classification Codes	L	Percentage					
		(00	0s omitt	ed)			
9803	100	1	100	1	1,000	.70%

(a) Ap	(a) Apply to Bureau for higher limit charges.						

# TABLE FOR INCREASED LIMITS

(3) The premium for increased limits shall be subject to experience rating modification, merit rating, deductible credit or retrospective rating. The premium for increased limits on non-ratable classifications is not subject to any experience rating modifications, merit rating or retrospective rating.

#### c. Accident Limit

The limit of liability under Part Two applies to all bodily injury arising out of any one accident.

#### d. Disease Limit

The limit of liability under Part Two for Bodily Injury by Disease – each employee – applies as a separate limit to bodily injury by disease to any one employee and the limit of liability for Bodily Injury by Disease policy limit – applies as an aggregate limit for all bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease.

# e. Show Limit on the Information Page

The limits of liability under Part Two must be stated in Item 3-B of the Information Page.

#### **B. VOLUNTARY COMPENSATION INSURANCE**

## 1. Standard Limits

The standard limits of liability under Part Two Employers Liability Insurance for employees subject to voluntary compensation are:

Bodily Injury by Accident: **\$100,000** – each accident Bodily Injury by Disease: **\$100,000** – each employee Bodily Injury by Disease: **\$500,000** – policy limit

The limit of liability for Bodily Injury by Accident applies to all bodily injury arising out of any one accident. The limit of liability for Bodily Injury by Disease – each employee – applies as a separate limit to bodily injury by disease to any one employee and the limit of liability for Bodily Injury by Disease – policy limit – applies as an aggregate limit for all bodily injury by disease, regardless of the number of employees who sustain bodily injury by disease.

#### 2. Increased Limits

The standard limits under Part Two Employers Liability for employees subject to voluntary compensation insurance may be increased. The premium for the increased limits shall be determined on the basis of the factors in the following table:

<u>I</u>	Factor					
	(00	0s omitt	ed)			
100	1	100	/	1,000	1.053	
100	/	100	/	2,500	1.127	
100	/	100	/	5,000	1.225	
100	/	100	/	10,000	1.284	
500	/	500	/	500	1.186	
500	/	500	/	1,000	1.206	
500	/	500	/	2,500	1.286	
500	/	500	/	5,000	1.368	
500	/	500	/	10,000	1.424	
1,000	/	1,000	/	1,000	1.280	
1,000	/	1,000	/	2,500	1.357	
1,000	/	1,000	/	5,000	1.436	
1,000	/	1,000	/	10,000	1.509	
1,000	/	over 1,000	1	10,000	(a)	
(a) Apply to Bureau for higher limit factor						

# TABLE FOR INCREASED LIMITS Employers Liability Insurance Only

# 3. Premium Determination

Premium shall be determined on the basis of the workers compensation rules, classifications and Bureau rating values in this Manual for the state workers compensation law designated in the schedule in the Voluntary Compensation and Employers Liability Coverage Endorsement.

# 4. Payroll Records

When voluntary compensation insurance is provided for a group of employees, separate payroll records shall be maintained by the insured for the designated group of employees.

# RULE IX – SPECIAL CONDITIONS OR OPERATIONS AFFECTING COVERAGE AND PREMIUM

# A. EXECUTIVE OFFICERS

#### 1. Definition

Executive Officers of a corporation are the President, Vice President, Secretary, Treasurer or any other officer appointed or elected in accordance with the charter or by-laws of a corporation or unincorporated association.

#### 2. Law and Status

Executive officers of a corporation are covered under the Delaware Workers Compensation Law. However, up to eight (8) executive officers who are stockholders of the corporation, when executing a written agreement between the corporation and such executive officers, may elect not to be subject to the law. To exclude such officers, attach the Partners, Officers and Others Exclusion Endorsement **WC 00 03 08**.

When executive officers are covered under the law they have the same status as employees under the policy.

#### 3. Premium Determination

Premium for executive officers, other than elected officers of Delaware or its political subdivisions, shall be based on their total payroll, subject to the following:

- a. The requirements of Rule V E.
- **b.** The minimum individual payroll for an executive officer is **\$400** per week.
- c. The maximum individual payroll for an executive officer is **\$2,050** per week.
- d. These limitations apply to the average weekly payroll of each executive officer for the number of weeks the officer was employed during the policy period.

e. A part of a week shall be considered a full week in determining the average weekly payroll.

#### 4. Assignment of Payroll

Payroll assignment shall be made in the same manner as for any employee. No executive officer's payroll may be assigned to a standard exception classification unless that officer's duties fulfill the definition of either Salesman - 951 or Office - 953. See Rule IV.

## 5. Flight Duties

Payroll of an executive officer who is a pilot or member of the flying crew of an aircraft used in the insured's business shall be assigned as follows:

- a. For each week during which the executive officer did not perform flight duties, assign the officer's payroll as provided in Rule IX A. 4.
- **b.** For each week during which the executive officer performed flight duties, assign the officer's payroll for that week to Code 7421, Transportation of Personnel for Business. If an executive officer's non-flying duties in such a week are subject to a higher rated classification, that higher rated classification shall be assigned in that week.

Rules 5. a. and b. apply on the basis of the pilot's log book required under Federal regulations or other verifiable records.

If Code 7421, Transportation of Personnel for Business, applies and verifiable records are not maintained to indicate those weeks during which flying is performed by executive officers, their payroll shall be assigned to the highest rated classification which applies to any of their operations.

# B. SOLE PROPRIETORS AND PARTNERS OR MEMBERS OF THEIR IMMEDIATE FAMILY

#### 1. Law and Status

- a. Sole proprietors or partners are not covered under Delaware Law.
- **b.** Sole proprietors or partners **may elect** to be covered in the State of Delaware. They then have the same status as employees under the policy.
- c. Immediate family members of sole proprietors or partners **are covered** under Delaware Law. Immediate family is defined as a parent, spouse, child or sibling of a sole proprietor or partner.

#### 2. Coverage

- a. To provide coverage for a sole proprietor or partner, attach the Sole Proprietors, Partners, Officers and Others Coverage Endorsement, WC 00 03 10.
- b. To exclude coverage for Immediate Family members, attach the Partners, Officers and Others Exclusion Endorsement, WC 00 03 08.

# 3. Premium Determination

- a. Premium for sole proprietors, partners or members of their immediate family shall be based on their total payroll.
- **b.** Rules to set payroll for sole proprietors or partners are the same as for executive officers. (See Rule IX A. 3. for details.)

# C. CONTRACTORS AND SUBCONTRACTORS AS EMPLOYERS

- 1. No contractor or subcontractor shall receive compensation under the Delaware Workers Compensation Law, but shall be deemed to be an employer and all rights of compensation of the employees of any such contractor or subcontractor shall be against their employer and not against any other employer.
- 2. Lessees transporting passengers for hire in motor vehicles leased pursuant to written leases shall not receive compensation under the Delaware Workers Compensation Law but shall be deemed to be employers.

# D. EX-MEDICAL COVERAGE

Ex-medical coverage is prohibited in the State of Delaware.

E. PROFESSIONAL AND SEMI-PROFESSIONAL ATHLETES – CLASS CODES 970 and 991

- 1. Employees who qualify for payroll limitation include but are not limited to all players, coaches, managers or game officials and include all players on salary list of the employer.
- 2. The entire remuneration of each player, coach or manager should be included in computing premium, subject to a maximum of \$60,000 per season.
- 3. Season includes pre-season and post-season exposure.
- 4. When a player, coach or manager works for two or more teams in the same sport during the season, the maximum shall be pro-rated.
- 5. The remuneration of an individual player is subject to a minimum of \$600.00 per week of the season or year, including board and lodging. (Limited to Code 970). For more details refer to the Classification and Rating Values Section.

#### F. DELAWARE WORKPLACE SAFETY PROGRAM

#### 1. The Effective Date

Delaware Workplace Safety Program effective February 1, 1989. Revised July 1, 1999.

#### 2. Eligibility

- a. Employers are eligible for the Workplace Safety Program if they have \$3,161 or more of annual Delaware only premium at residual market rates.
- **b.** Qualifying premium and safety credit percent eligibility is based on the most current required unit statistical card filing (for example, July 1999 employers qualify using the unit statistical report for the July 1996 policy).
- **c.** The Bureau will test each employer by taking the required unit statistical card payroll times current Residual Market Rates times most current experience modification to determine the employer's qualifying premium.

#### 3. Employer Notification

Employers meeting the premium qualification requirement will be notified by the Delaware Department of Insurance seven months in advance of renewal date. This notification will inform the employer of the premium credit they are eligible for if attested safe, together with the schedule of inspection costs.

#### 4. Inspection

The cost of each Department of Insurance safety inspection will be borne by the employer and will start at **\$150 per location**. Each work location must pass inspection for the employer to be eligible for premium credit under the Workplace Safety Program. Inspection fees for large and/or complex employers may be established by the Department of Insurance.

#### 5. Employer Action

Once the employer receives their notification of eligibility, the employer must decide to participate in the Workplace Safety Program. This decision must be made no later than five months before their policy renewal. The employer must contact the Delaware Department of Insurance and request an inspection. Inspections will be made by a representative from one of the independent safety expert companies contracted by the Delaware Department of Insurance.

#### 6. Delaware Department of Insurance Action

The Department of Insurance will notify the inspector of the employer's request. The inspector will then contact the employer to set up the first of two inspections. A second unannounced inspection will be made at some later date to confirm initial certifications of safety in the workplace. Failure to pass this non-scheduled inspection will result in withdrawal of the safety credit.

#### 7. Qualified Employer

The Bureau will be informed when an employer passes the inspection. The Bureau will then record on the experience rating calculation sheet the credit percentage to apply to the renewal policy. **Code 9880** is to be used in policy issuance and statistical reporting to record the Safety Program premium credit, which is to be applied after experience modification and after deviation or schedule rating adjustments but before calculating premium discount and before adding of expense constant.

#### For Example:

<u>Code</u>	<b>Classification</b>	Payroll	<u>Rate</u>	<u>Premium</u>	
975 953	Restaurant Clerical Sub-Total	\$350,000 80,000	\$4.39 .54	\$15,365 432 15,797	
9898	Experience Modification Sub-Total		.95	790 15,007	Credit
9887	Schedule Credit 5% Sub-Total			750 14,257	Credit
9880	Safety Program Credit 19% Sub-Total			<b>2,709</b> 11,548	Credit
0063	Premium Discount if applicable				
0900	Expense Constant if applicable				
9999	Estimated Annual Premium			11,548	

#### 8. Safety Credit Percentages

Safety credits will be granted according to the following formula:

# 20% x [1.0000 - C]

where "C" is the credibility of the qualified employer in the uniform Experience Rating Plan for the policy period expiring immediately prior to the application of the safety credit. If the qualified employer was not experience-rated in the policy period expiring immediately prior to the application of the safety credit, "C" will be set at 0.050. Safety credit packages will be rounded to the nearest whole percent.

#### 9. Bureau Rating Values

A Delaware Workplace Safety Program Correction Factor shall be included in loss costs and residual market rates. This factor shall be designed to make the Workplace Safety Program revenue neutral in the aggregate.

#### 10. Appeals

The Bureau's determination of the percentage credit for an individual risk eligible for the Delaware Workplace Safety Program may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PRO-CEDURE, Section 1 of this Manual.

# G. DELAWARE CONSTRUCTION CLASSIFICATION PREMIUM ADJUSTMENT PROGRAM

#### 1. Program Description

The Delaware Construction Classification Premium Adjustment Program provides for a premium credit for up to one year for a policy which contains one or more construction classifications. A credit may be applicable to those policies effective new and renewed with normal anniversary rating dates on or after **July 1, 1990**.

The basis for determining the credit is the total payroll (including overtime premium pay) and hours worked for each construction classification for the third calendar quarter in **1989** as reported to taxing authorities. If the insured did not engage in operations for the complete quarter, then the last complete quarter prior to policy year inception shall be used or, if there was no complete quarter of operations prior to the policy inception, then the first complete quarter after policy inception shall be used. A credit may be determined for each construction classification by dividing the total payroll, including overtime premium pay, by the number of hours worked to arrive at the average hourly wage for the classification. In the absence of specific records for salaried employees, it will be assumed each such individual worked forty (40) hours per week. The credit for average hourly wage is listed on next page:

# DCCPAP Wage Table Effective January 1, 2002 through December 31, 2002

19.26 - 19.75	14%	Over \$26.75	25%

The total construction classification credit amount, in dollars, must be calculated and then divided by the total policy premium at Bureau Rating Values - including construction and non-construction classifications. The result would be the percentage credit which is to be applied to the July 1, 1990 or later policy. When calculating the total policy credit the percentage shall be rounded to the nearest whole number with .5 being rounded upward (as an example, 4.4 rounded to 4% and 4.5 rounded to 5%).

The insured shall submit the required payroll and hours worked information to the Delaware Compensation Rating Bureau, Inc. for calculation of any applicable credit. The carrier shall, upon audit, verify the information that was submitted by the insured and used in the calculation of the credit. If the carrier discovers an error in the original request for policy credit, the revised information must be submitted to the Delaware Compensation Rating Bureau, Inc. for recalculation. If the insured does not furnish records to verify the payrolls and hours worked originally submitted and used in the calculation of the credit applied to the policy.

The credit authorized by the Delaware Compensation Rating Bureau, Inc. shall appear on Item 4 of the policy. If the credit applicable to the policy is not available at the time of policy issuance, the carrier shall endorse the policy to provide the appropriate credit information once a qualifying application has been processed and the Bureau has notified the carrier of the credit determined on the basis of such application.

Report Delaware Construction Class Premium Credit on the information page and unit statistical report under Code 9046.

Carriers are required to use the approved form to notify all their insureds, who have one or more construction classifications on their policy, that they may be eligible for a premium adjustment credit.

2. "Construction classifications" are those classifications subject to the following code numbers:

601	609	645	652	658	666	676
602	611	646	653	659	667	677
603	615	647	654	661	668	
605	617	648	655	663	669	
607	625	649	656	664	674	
608	643	651	657	665	675	

#### 3. Third Calendar Quarter

Example:

# a. Policy Anniversary Date Quarter Used 07/01/90 to 07/01/91 1989 07/01/91 to 07/01/92 1990 07/01/92 to 07/01/93 1991

4. The Bureau will inform the carrier and employer of the credit percentage. The Bureau will then record on the experience rating sheet (when applicable) the credit percentage to apply to the policy. Code 9046 is to be used in policy issuance and statistical reporting to record the construction premium credit, which is to be applied after the experience modification and after the deviation or schedule rating adjustments, but before calculating the premium discount and before adding the expense constant.

#### REVISED

#### SEND APPLICATION TO DELAWARE COMPENSATION RATING BUREAU, INC., ATTENTION: <u>EXPERIENCE RATING</u> <u>DEPARTMENT</u>, THE WIDENER BUILDING – 6TH FLOOR, ONE SOUTH PENN SQUARE, PHILADELPHIA, PA 19107-3577.

#### H. WAIVER OF SUBROGATION

For policies where the carrier waives subrogation rights, the premium charge associated with such waiver shall be assigned to Code 0930.

For policies where a flat charge has been levied for a waiver of subrogation rights, the amount shall be assigned to Code 9115. Code 9115 – Flat Charge Waiver of Subrogation is not included in Total Standard Premium.

## RULE X – CANCELLATION

# A. WHO MAY CANCEL

The Cancellation Condition of the Standard Policy permits cancellation by the insured or by the insurance carrier.

*IMPORTANT NOTICE:* CANCELLATION NOTICES MUST BE FILED WITH THE BUREAU WITHIN 10 DAYS OF ISSUANCE; PROVIDED, HOWEVER, THAT FAILURE TO FILE SUCH NOTICE WITHIN THE REQUIRED TIME SHALL NOT INVALIDATE ANY CANCELLATION WHICH HAS BEEN MADE IN ACCORDANCE WITH THE PROVISIONS OF THE POLICY.

#### B. PREMIUM DETERMINATION – CANCELLATION BY THE INSURANCE CARRIER

Premium for the cancelled policy shall be computed as follows:

#### 1. Carrier Rating Values and Payroll

Apply Carrier Rating Values to the payroll developed during the period the policy was in effect.

#### 2. Experience Rating

Apply any experience rating modification in accordance with the rules of the Experience Rating Plan Section. Refer to Rule VI - H.

#### 3. Deductible

Apply the appropriate deductible credit factor, if any, in accordance with the deductible table in Section 2 of this Manual.

#### C. PREMIUM DETERMINATION – CANCELLATION BY THE INSURED WHEN RETIRING FROM BUSINESS

Compute the premium as provided in B above if a policy is cancelled by the insured when:

- 1. All the work covered by the policy has been completed, or
- 2. All interest in any business covered by the policy has been sold, or
- 3. The insured has retired from all business covered by the policy.

# D. PREMIUM DETERMINATION - CANCELLATION BY THE INSURED, EXCEPT WHEN RETIRING FROM BUSINESS

The premium for the cancelled policy shall be based on the Short Rate Cancellation Table in this rule and computed as follows:

# 1. Actual Payroll

Determine the payroll developed during the period the policy was in effect.

#### 2. Extended Payroll

Extend such payroll pro-rata to an annual basis.

#### Example

A payroll of \$55,500 for 185 days would produce a payroll of \$109,500 on an annual basis:

\$55,500 x <u>365</u> = \$109,500. 185

#### 3. Carrier Rate

© 2005 DELAWARE COMPENSATION RATING BUREAU, INC.

Apply Carrier Rate to the payroll in 2. above.

#### 4. Experience Rating

Apply any experience rating modification in accordance with the rules of the Experience Rating Plan Manual. Refer to Rule VI - 1.

#### 5. Deductible

Apply the appropriate deductible credit factor, if any, in accordance with the deductible credit schedule in Section 2 of this Manual.

#### 6. Short Rate Percentage

Based on the time the policy was in effect, apply the short rate percentage shown in the Short Rate Cancellation Table in this rule to the annual premium computed on the basis of the extended payroll in order to determine the short rate portion of the annual premium.

#### 7. Example of a Short Rate Cancellation

A policy in effect for 185 days develops actual payroll of \$55,500, carrier rate \$.50.

**a.** Payroll extended to annual basis =

\$55,500 x <u>365</u> = \$109,500. 185

- **b.** Annual premium = \$109,500 x \$.50 = 548
- c. Short rate percentage for 185 days = 61% (See Table on next page)
- Short rate premium for cancelled policy = \$548 x .61 = \$334
- e. Total premium for cancelled policy = \$334

Refer to the Rules and Interpretation Section for an alternative method of short rate computation.

#### RULE XI – THREE-YEAR FIXED RATE POLICY OPTION

- 1. A carrier may file a "Three-Year Fixed Rate Option" program with the Delaware Insurance Department.
- 2. A policy may be issued for a period of three years at a fixed carrier rate, provided the risk is not eligible for the Experience Rating Plan on the effective date of the policy.
- 3. A policy issued under an approved program shall be designated on the Information Page as follows "THREE-YEAR FIXED RATE."

# RULE XII - U.S. LONGSHORE AND HARBOR WORKERS' COMPENSATION ACT

# A. GENERAL EXPLANATION

The U.S. Longshore and Harbor Workers' Compensation Act (U.S.L. & H.W. Act) is a Federal law which provides for payment of compensation and other benefits to employees such as longshore, harbor workers, ship repairmen, shipbuilders, shipbreakers and other employees engaged in loading, unloading, repairing or building a vessel. It applies to such employees while working on navigable waters of the United States and also while working on any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other area adjoining such navigable waters customarily used for loading, unloading, repairing or building a vessel. It does not cover masters or members of the crew of a vessel. For complete details see U.S. Code (1946), Title 33, Section 901-49, amended by Public Law 92-576.

#### B. WORKERS COMPENSATION INSURANCE – PART ONE

The standard policy is used to insure the statutory obligation of an employer to furnish benefits required by the U.S.L. & H.W. Act. Attach the Standard Longshore and Harbor Workers' Compensation Act Coverage Endorsement (WC 00 01 06A) to provide such insurance. Do not designate the U.S.L. & H.W. Act in Item 3-A of the Information Page.

# C. EMPLOYERS LIABILITY INSURANCE - PART TWO

For operations subject to the U.S.L. & H.W. Act, the standard limits of liability under Part Two are:

Bodily Injury by Accident: **\$100,000** – each accident Bodily Injury by Disease: **\$100,000** – each employee Bodily Injury by Disease: **\$500,000** – policy limit, Refer to Rule VIII.

#### a. Accident Limit

The limit of liability applies to all bodily injury arising out of any one accident.

#### b. Disease Limit

The limit of liability also applies as a separate aggregate limit for all bodily injury by disease. The aggregate limit applies separately to bodily injury by disease arising out of work in each state shown in Item 3-A of the Information Page.

#### c. Show Limits on Endorsement

These limits of liability must be stated in the Maritime Coverage Endorsement and/or the Federal Employers Liability Act Coverage Endorsement.

#### D. CLASSIFICATIONS AND RATES

#### 1. Classifications

Classifications for insurance under the U.S.L. & H.W. Act are listed in "Section 2 – Classifications" of this Manual.

#### 2. Rates for Federal "F" Classifications

The manual rates for classification code numbers followed by the letter "F" include premium for operations subject to the U.S.L. & H.W. Act.

### 3. Rates for Non-Federal "Non-F" Classifications

The Bureau Rating Values for classification code numbers not followed by the letter "F" do not include premium for operations subject to the U.S.L. & H.W. Act. If operations under such classifications involve some employees subject to U.S.L. & H.W. Act, the manual rates and minimum premiums for such classifications shall be increased by the U.S. Longshore and Harbor Workers' Compensation Coverage Percentage, the value for which is shown in Section 2. Such increased rate shall apply only to payroll of employees engaged in operations subject to the U.S.L. & H.W. Act.

NOTE: Deductible credit is not permissible in connection with U.S.L. & H.W. Act coverage.

# E. EXTENSIONS OF THE U.S.L. & H.W. ACT

#### 1. Defense Bases Act

The Defense Bases Act extends the provisions of the U.S.L. & H.W. Act to employers and their employees on overseas military bases and on other overseas locations under public works contracts being performed by contractors with agencies of the United States Government. Employees who are not United States citizens may be exempted from coverage upon approval of a waiver by the Secretary of Labor. For complete details, see Defense Bases Act, U.S. Code (1946) Title 42 Sections 1651-54, Public Law 208, 77th Congress.

To provide such insurance, attach the Standard Defense Bases Act Coverage Endorsement (WC 00 01 01).

#### 2. Civilian Employees of Nonappropriated Fund Instrumentalities Act

The Nonappropriated Fund Instrumentalities Act extends the provisions of the U.S.L. & H.W. Act to civilian employees of nonappropriated fund instrumentalities such as post exchanges and service clubs of the Armed Forces. For complete details, see U.S. Code (1970) Title 5, Section 8171 (Public Law 85-538, 85th Congress).

To provide such insurance attach the Standard Nonappropriated Fund Instrumentalities Act Coverage Endorsement (WC 00 01 08).

#### 3. Premium Determination

For insurance under extensions of the U.S.L. & H.W. Act, determine premium as provided in Rule XII - D.

#### RULE XIII – THE ADMIRALTY LAW AND THE FEDERAL EMPLOYERS' LIABILITY ACT

NOTE: The Delaware Compensation Rating Bureau, Inc. has no jurisdiction over the rates or classification for Admiralty or Federal Employers Liability exposure. The following rule was published by the National Council on Compensation Insurance and is shown here for information purposes only.

#### A. GENERAL EXPLANATION

#### 1. Admiralty Law

Masters and members of the crews of vessels are not covered under state workers compensation laws nor under the U.S.L. & H.W. Act. They are subject to admiralty law and, if injured, have the right to sue their employers for damages in the Admiralty Courts where the proceeding is in the nature of an employers' liability suit. They also have the right to transportation, wages, maintenance and cure. Such seamen are subject to a Federal law, the Merchant Marine Act of 1920, known as the Jones Act (46 U.S. Code, Section 688, 1970) which applies the provisions of the Federal Employers Liability Act to seamen. Every person employed on board a vessel is deemed to be a seaman if connected with the operation or welfare of the vessel while in navigable waters. Usually, navigable waters are defined as those which form a continuous highway for interstate or international commerce.

#### 2. Federal Employers Liability Act (F.E.L.A.)

The Federal Employers Liability Act applies to employees of interstate railroads. Such employees are not subject to state workers compensation laws. This federal law imposes liability for damages on the railroad if the injured railroad employee can show any negligence on the part of the railroad. For complete details, see 45 U.S. Code Sections 51-60, 1970.

#### **B. DESCRIPTION OF COVERAGE PROGRAMS**

The Standard Policy may be used to provide insurance for liability under one or more state workers compensation laws and also for liability under admiralty law or F.E.L.A. There are two programs to furnish such insurance:

#### 1. Program I

Provides under Part One - Workers Compensation Insurance statutory liability - under the workers compensation law of any state designated on the Information Page and under Part Two - Employers Liability Insurance, Employers liability for damages under admiralty law or F.E.L.A., subject to a standard limit of liability of \$25,000.

#### 2. Program II

Provides the same coverage as Program I, but with the addition of Voluntary Compensation. Under Program II, the insurance carrier will offer a settlement of a claim strictly in accord with the statutory benefits provided in the workers' compensation law designated in the Voluntary Compensation Endorsement attached to the policy as if the claim were subject to the laws of negligence. If the offer of settlement is rejected, Employers liability then applies to such claim or suit, with the same standard limit as for Program I.

#### C. COVERAGE

#### 1. Admiralty Law Endorsements

To provide Program I for admiralty law, attach the Standard Maritime Coverage Endorsement (WC 00 02 01). To provide Program II for admiralty law, also attach the Standard Voluntary Compensation, Maritime Coverage Endorsement (WC 00 02 03).

#### 2. Admiralty Law Coverage Options

a. The Maritime Coverage Endorsement (WC 00 02 01) excludes liability to provide transportation, wages, maintenance and cure. This endorsement may optionally include a provision to insure such liability for an additional premium based on an (A) rate.

#### 3. F.E.L.A. Endorsements

To provide Program I for employments subject to F.E.L.A., attach the Standard Federal Employers Liability Act Coverage Endorsement (WC 00 01 04). To provide Program II, also attach the Standard Voluntary Compensation and Employers Liability Endorsement (WC 00 03 11).

#### 4. U.S.L. & H.W. Act

When insurance is provided for liability under admiralty law or F.E.L.A., insurance for liability under the U.S.L. & H.W. Act also may be necessary. To provide such insurance, attach the Standard Longshore and Harbor Workers' Compensation Act Coverage Endorsement (WC 00 01 06).

#### D. EXCLUSIONS

Unless specifically excluded, coverage for liability of an employer under admiralty law or F.E.L.A. is provided by the policy under Part Two - Employers Liability. The policy may be endorsed to exclude such coverage as follows:

#### 1. Exclusion of Admiralty Law Liability

To exclude admiralty liability, attach the Standard Maritime Exclusion Endorsement (WC 00 02 02).

#### 2. Exclusion of F.E.L.A. Liability

To exclude F.E.L.A. liability, attach the Standard Federal Employers Liability Act Exclusion Endorsement (WC 00 01 05).

#### E. LIMITS OF LIABILITY

#### 1. Standard Limit

The standard limit of liability under Part Two Employers Liability Insurance for admiralty or F.E.L.A. insurance under Program I or II is \$25,000.

#### 2. Increased Limits

Increased limits of liability under Part Two - Employers Liability Insurance are available. The additional premium for increased limits shall be determined by applying the factor in the following Table for Increased Limits to the total premium for admiralty or F.E.L.A. classifications before application of:

- a. Expense Constant
- b. Experience rating modification
- c. Premium discount or retrospective rating adjustment.

The premium for increased limits is subject to an experience rating modification.

Limit Per		Minimum Premium				
Accident	Factor	Program I	Program II			
\$ 25,000	1.00	100	200			
50,000	1.09	109	218			
100,000	1.15	115	230			
200,000	1.23	123	246			
300,000	1.29	129	258			
400,000	1.34	134	268			
500,000	1.38	138	276			

#### **TABLE FOR INCREASED LIMITS**

#### 3. Minimum Premium

The separate minimum premium shown in the above Table For Increased Limits applies to a policy which includes classifications for operations subject to admiralty law or the F.E.L.A. Such minimum premium is the lowest premium for insuring admiralty or F.E.L.A. operations and it shall apply in addition to the minimum premium or premium for other operations on such a policy. It is not subject to an experience rating modification.

**Code Number** 

#### F. CLASSIFICATIONS

NOTE: The Delaware Compensation Rating Bureau, Inc. has no jurisdiction over the rates or classification for Admiralty or Federal Employers Liability Exposure. The following rule is for information purposes only.

The classifications for admiralty or F.E.L.A. operations follow.

# Classifications

	Program I	Prog	ram II
		State Act Benefits	USL Act Benefits
Boat Livery - boats under 15 tons. This classification includes the laying up or putting into commission of boats. Boats 15 tons or over to be separately rated under the appropriate vessels classification.	7038	7090	7050
Diving - marine	7394	7395	7398
Dredging - all types	7333	7335	7337
Ferries - This classification includes dock employees.	7019	7027	7062
Fishing Vessels - NOC. This classification includes packing, curing or shipping fish and repair of nets or boats.	7039	7091	7051
Oyster Boats - This classification includes planting; harvesting; and operation of boats.	7079	7097	7070
Salvage Operations - marine.	7394	7395	7398
Supply Boats	7020	7028	7131
Tugboats	7020	7028	7131
Vessels - NOC	7016	7024	7047
Vessels - not self-propelled. Such vessels having a regular master and crew who are furnished living quarters aboard the vessel, shall be rated as "Vessels, NOC."	7046	7098	7099

### Classifications

	Code Nu	umber					
	Program I	Program I Program II					
		State Act Benefits	USL Act Benefits				
Vessels - sail	7036	7088	7048				
Wrecking - marine. This classification includes salvage operations.	7394	7395	7398				
Yachts - private - sail or power	7037	7089	7049				

#### Federal Employers Liability Act

Railroad Operation - all employees including drivers. This classifica- tion contemplates the normal operations of railroads including nor- mal maintenance and repair. All extraordinary repair work including such work as rebuilding bridges, grade crossing elimination, laying or relaying track and all new construction operations shall be classi- fied as Code 6702 or 6703.	7151	7153	7152
Clerical Office Employees - NOC	8814	8805	8815
Salespersons, Collectors or Messengers - outside	8737	8734	8738
Railroad Construction - all operations including clerical, salesper- sons and drivers	6702	6704	6703

# G. WATERS NOT UNDER ADMIRALTY JURISDICTION

#### 1. Coverage

An insured may conduct operations on waters not subject to admiralty jurisdiction. The Standard Policy and endorsement forms shall provide insurance and is subject to the rules which apply to statutory workers' compensation insurance.

#### 2. Admiralty Law or U.S.L. & H.W. Act Liability

If there is a potential liability under admiralty law, follow the previous rules for insurance under admiralty law. If there is a potential liability under the U.S.L & H.W. Act, refer to Rule XII.

#### RULE XIV – AGRICULTURAL, DOMESTIC WORKERS - RESIDENCES

#### A. DEFINITIONS

**1.** Please refer to the "Agriculture" Ruling and Interpretation in Section 5 of this Manual.

Agriculture is included in Codes 0006, 0008, 0011, 0013, 0016, 0034, 0036 and 0083. For definitions of individual agricultural classes please see the Farms class listing in Section 2.

#### 2. Inside Domestic Workers

Domestic Workers – Inside are employees engaged exclusively in household or domestic work performed principally inside the residence. Examples include a cook, housekeeper, laundry worker, maid, butler, companion, nurse and baby sitter.

#### 3. Outside Domestic Workers

Domestic Workers – Outside are employees engaged exclusively in household or domestic work performed principally outside the residence. Examples include a private chauffeur and a gardener.

#### 4. Occasional Domestic Workers

Domestic Workers – Occasional are domestic workers, inside or outside, who are employed part-time. Any domestic worker employed more than one half of the customary full time shall be assigned and rated as a full-time domestic worker. Examples of occasional domestic workers are persons engaged on certain days for gardening, cleaning, laundering or baby sitting.

#### **B. COVERAGE**

- 1. Workers Compensation and Employers Liability Insurance
- 2. By Voluntary Compensation Insurance

Agricultural and domestic workers are not included within the workers compensation law. Voluntary compensation insurance for agricultural and domestic workers may be provided by attaching the standard Voluntary Compensation Endorsement to a workers compensation policy.

**3.** Also, agricultural and domestic workers may elect to come under the Workers Compensation Act. This coverage is provided by the standard policy.

# C. NAME OF INSURED

One or more members of the same residence may be named as the insured, but only with respect to the employment of domestic workers in connection with such residence.

#### D. CLASSIFICATIONS

- 1. Please refer to the Section 2 Domestic Workers class listing for the Domestic Workers classifications.
- 2. Please refer to the Section 2 Farms class listing for the agricultural classifications.

#### 3. Maintenance, Repair Or Construction Operations

- a. Codes 0913, 0908, 0912 and 0909 include ordinary repair or maintenance of the insured's premises or equipment by domestic workers.
- **b.** Building maintenance or repair by employees hired only for that purpose shall be assigned to Code 971 Building NOC operations by owner or lessee.
- c. Extraordinary repairs, alterations, new construction, erection or demolition of structures shall be assigned to construction or erection classifications.

#### E. BUREAU RATING VALUES AND PREMIUM

#### 1. Bureau Rating Values

The Bureau Rating Values for Codes 0913, 0908, 0912 and 0909 are per capita premium charges. All Agriculture code rates are per \$100 of payroll. Terrorism Risk Insurance Act of 2002-Certified Losses (9740) does not apply to per capita classification premium charges

#### 2. Records Required

The insured shall maintain a record of the names, duties and period of service of each domestic worker.

#### 3. Full Time Domestic Workers

Estimated premium for Codes 0912 and 0913 shall be computed on the estimated number of such domestic workers during the policy period. If additional domestic workers under Code 0912 and 0913 are employed during the policy period or if some domestic workers are no longer employed and are not replaced, the per capita premium charges shall be pro rated. Each pro rata charge shall be based on the period of employment but shall not be less than 25% of the per capita charge.

#### 4. Occasional Domestic Workers

A separate per capita charge shall be applied to each concurrently employed domestic worker.

#### F. SCHEDULE RATING

An approved schedule rating plan shall be applied to the premiums for domestic workers.

#### **RULE XV – FINAL EARNED PREMIUM DETERMINATION**

# A. ACTUAL PAYROLL

Final earned premium for the policy shall be determined on actual, instead of estimated, payroll or other premium basis.

# **B. PREMIUM DETERMINATION**

The determination of final earned premium is governed by the rules, classifications and Bureau rating values and carrier rating values, subject to modification by applicable rating plans.

#### C. AUDIT RIGHTS OF CARRIER

The insurance carrier has the right to compute earned premium based on an examination of original payroll records and books of account of the insured, in accordance with Part Five (Premium Audit) of the Standard Policy.

#### D. AUTHORIZED CLASSIFICATIONS

Classifications which are not expressed on the policy shall not be used in auditing the payroll of any risk upon which a Data Card has been issued by the Delaware Compensation Rating Bureau, Inc. unless upon application to the Bureau the Data Card may be revised.

#### **RULE XVI – APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE**

- A. Any person, corporate or otherwise, aggrieved by an application of the rating system of the Delaware Compensation Rating Bureau, Inc. ("the Bureau"), as approved by the Insurance Commissioner pursuant to Title 18, Chapter 26 of the Delaware Code, may appeal such application to the Bureau in accordance with this Procedure. "Rating system" is defined herein to include but is not necessarily limited to the following: the assignment by the Bureau of an individual business to a particular classification, the continuation or discontinuation of an entity's(ies') previous experience to the experience rating of new ownership, revision of losses used in a business' experience modification or merit rating, an individual business' eligibility for and/or the percentage of credit under the Delaware Construction Classification Premium Adjustment Program, the discount or surcharge applied to a business eligible for the Merit Rating Plan, the percentage credit for a business eligible for the Delaware Workplace Safety Program or any other workers compensation insurance pricing program filed by the Bureau with the Insurance Commissioner. The aggrieved party must commence any appeal of an application of the rating system within 12 months of the policy period in which the application was made by filing an appeal directly with the Bureau in accordance with this Procedure, except for an appeal for revision of losses used in a business' experience modification or merit rating which shall be governed by the specific Revision of Losses provisions of Sections 6 and 7 of this Manual.
- B. An aggrieved party to which the rating system is found on appeal by the Committee to have been improperly applied as of the time of the aggrieved party's appeal to the Bureau in accordance with this Procedure may have such application amended effective only for the policy currently in effect at the time the aggrieved party first submitted its appeal to the Bureau in accordance with Paragraph F. hereof and for the immediately preceding expired policy. In the case of a multiple year policy application of the rating system may be amended effective only for the policy year currently in effect at the time the aggrieved party first submitted its appeal to the Bureau in accordance with Paragraph F. hereof and for the Bureau in accordance with Paragraph F. hereof and for the policy year currently in effect at the time the aggrieved party first submitted its appeal to the Bureau in accordance with Paragraph F. hereof and for the policy year expiring no more than 12 months prior to such appeal to the Bureau.
- **C.** An aggrieved party for which application of the rating system is revised as a result of a change in the Bureau's interpretation of the rating system approved for use by the Insurance Commissioner may have such application amended effective as of the date determined by the Bureau's Classification and Rating Committee, which date may be prospective or retroactive as determined by the Committee; provided, however, that any retroactive effect shall not exceed the time period authorized in Paragraph B. hereof.
- **D.** An aggrieved party for which application of the rating system is revised pursuant to a change to the rating system filed by the Bureau and approved for use by the Insurance Commissioner may have such application amended effective only upon the aggrieved party's first normal policy anniversary date on or later than the effective date of the change to the rating system approved by the Insurance Commissioner.
- E. Nothing in this Procedure shall permit an aggrieved party for which application of the rating system is revised on a new and renewal basis only to have such application amended effective before the aggrieved party's first normal policy anniversary date effective on or later than the effective date of the change to the rating system approved by the Insurance Commissioner.
- F. An aggrieved party who wants to appeal an application of the rating system must first submit a written request for review thereof to the Bureau, together with all information in support of its appeal. The Bureau staff shall review the request and supporting information. To make certain the facts of an appeal are fully agreed upon by the Bureau and the appellant, the Bureau staff may (as circumstances warrant) visit the appellant's Delaware workplace(s). The Bureau shall notify the appellant in writing of its final decision resulting from the Bureau staff's review. If the appellant is still aggrieved by the rating system application following completion of the Bureau staff's review and final decision, the appellant shall have the right to present its appeal to the Bureau's Classification and Rating Committee in accordance with the provisions of this Procedure. A further appeal by an appellant of the Classification and Rating Committee decision may be taken to the Insurance Commis-sioner

pursuant to Title 18, Section 2614 of the Delaware Code only after the appellant has first exhausted its rights pursuant to this Procedure.

3. Any party aggrieved by a final decision of the Bureau staff pursuant to Paragraph F. shall have the right to appeal to the Classification and Rating Committee of the Bureau. Any Committee member having a direct pecuniary interest in the aggrieved party's appeal shall recuse its representative from the appeal proceeding.

Such appeal must be received by the Bureau no later than 90 days from the date of the Bureau staff's final decision referred to in Paragraph F.

- H. All appeals pursuant to Paragraph G. hereof must be filed with the Bureau and must meet the following requirements:
  - **1.** The appeal must be in writing.
  - 2. The appeal must set forth in detail the nature of the complaint, all reasons for believing the Bureau decision to be in error, all documents in support of the appeal, the specific nature of the relief desired, and that the aggrieved party or its designated representative will appear before the Classification and Rating Committee at a to be determined hearing date. The Bureau urges the aggrieved party to appear before the Committee as the aggrieved party is better able to respond to any questions the Committee may have regarding the aggrieved party's business operations than a designated representative.
  - **3.** In the event an appeal does not fulfill the requirements of Paragraph H. 2. hereof the Bureau shall make a written request for the needed additional information from the aggrieved party who shall have 30 days to comply. Upon a written showing by the aggrieved party that the requested additional information cannot be provided within 30 days, the Bureau may grant an extension consistent with the circumstances. If the requested additional information is not submitted within the specified time period as extended, the appeal shall be dismissed.
- I. Following receipt of an appeal to the Classification and Rating Committee, the Bureau will notify the appellant of the time and place in Delaware of the Classification and Rating Committee meeting at which the matter shall be heard. The appeal shall be dismissed if an appellant, after due notice pursuant to Paragraph M. hereof, fails to be present or represented at three such scheduled hearings.
- **J.** The procedure at the hearing shall be as informal as possible and shall provide for the following steps:
  - 1. The Chairman of the Classification and Rating Committee shall introduce the appellant to the Classification and Rating Committee.
  - 2. The appellant may at its option make an oral presentation of its case or may rely solely upon the written material previously submitted to the Bureau in connection with the appeal.
  - **3.** Bureau staff members or consultants to the Bureau may present testimony and other information to the Committee relating to the matter under consideration.
  - 4. The appellant or the Bureau may also present witnesses and documentary evidence relevant to the appeal, and the appellant and the Bureau shall have the opportunity to direct questions to any witness who has testified before the Committee on appeal.
  - 5. After all testimony and other evidence have been presented the hearing shall be declared closed by the Chairman of the Committee. Such hearing may in the discretion of the Committee be reopened at any time prior to the Committee's decision.
  - 6. After the hearing is closed the Committee shall arrive at its decision in executive session.
  - 7. The decision shall be set forth in writing, shall specify all factual and other bases for the decision, and shall be sent to the appellant no later than thirty (30) days after the hearing.
  - 8. The decision shall be included in the minutes of the meetings of the Classification and Rating Committee and retained in the records of the Bureau.
  - **9.** The minutes of the Classification and Rating Committee meeting shall be kept by the Bureau staff. As hearings before the Classification and Rating Committee are as informal as possible there shall be no stenographic, audio or video record thereof.
  - 10. If travel is required for the aggrieved person to be heard by the Classification and Rating Committee in person, the aggrieved person will be reimbursed for travel expenses in the same manner as members of the Classification and Rating Committee.
- K. An appellant is not required to be represented by an attorney at any stage in any proceeding. However, an appellant has a right at the appellant's expense to be represented by an attorney. An appellant who is represented by an attorney shall notify the Bureau in writing and shall also furnish the Bureau with the attorney's name and mailing address. After the Bureau has

received such notification from the appellant, subsequent papers in the proceeding to be served on such appellant shall be served only upon the attorney designated by the appellant.

- L. All requests pursuant to Paragraph F., appeals pursuant to Paragraph G. or notice of appearance by an appellant's attorney pursuant to Paragraph K. hereof must be filed with the Bureau (to the Bureau's office The Widener Building, 6th Floor, One South Penn Square, Philadelphia, PA 19107-3577).
- M. Notices of any requirement for additional information pursuant to Paragraph H. 3., or of the time and place in Delaware of the Classification and Rating Committee hearing shall be given to the appellant or its attorney pursuant to Paragraph K. in writing personally or by certified mail (with return receipt). The notice of hearing shall be made at least ten days in advance of such hearing unless such notice is waived by the appellant or its attorney. When a meeting is adjourned to another time or place in Delaware, written notice need not be given of the adjourned hearing if the time and place in Delaware thereof are announced at the meeting during which all parties are present at which the adjournment is taken. All other notices, orders, papers and communications, including a copy of the decision, may be served on an appellant by hand delivery or by regular first class mail to the appellant or its attorney at the last known mailing address provided to the Bureau.
- **N.** During the course of all proceedings governed by this Procedure the Classification and Rating Committee shall have the power to interpret and apply the foregoing Paragraphs and such interpretation shall be binding upon the parties.
- **O.** Appeals from a final decision of the Classification and Rating Committee pursuant to this Procedure must be filed with the Insurance Commissioner within 30 days of the mailing date of the Committee's decision as provided in Section 2614, Title 18 of the Delaware Code.
- P. Unless otherwise specifically provided by this Procedure, all periods of time shall be calculated from the postmark on materials sent by first class or certified mail through the United States Postal Service or the date of any hand delivery, whichever date is earlier.
- **Q.** Nothing contained in this Procedure shall prevent efforts to resolve any controversies governed by this Procedure on an informal basis at any stage of the proceedings before the Bureau or the Classification and Rating Committee.

# DELAWARE DEDUCTIBLE TABLE

Delaware Law permits an employer to buy workers compensation insurance with a deductible. The deductible is for death and medical benefits and applies to each accident. The deductibles available and the corresponding premium reductions are as follows:

Deductible Per Accident	Loss Elimination Ratio	Premium Credit
\$500	<mark>0.025</mark>	<mark>0.020</mark>
1,000	<mark>0.045</mark>	<mark>0.035</mark>
1,500	<mark>0.060</mark>	<mark>0.050</mark>
2,000	<mark>0.070</mark>	<mark>0.060</mark>
2,500	<mark>0.080</mark>	<mark>0.065</mark>
3,000	<mark>0.090</mark>	<mark>0.075</mark>
3,500	<mark>0.100</mark>	<mark>0.085</mark>
4,000	<mark>0.110</mark>	<mark>0.090</mark>
4,500	<mark>0.115</mark>	<mark>0.095</mark>
5,000	<mark>0.120</mark>	<mark>0.100</mark>

(Refer to Section 1, Rule II, F for more details)

# **Delaware Residual Market Premium Discount**

Total Workers Compensation Standard Premium		cable to Delaware Portion Assigned Risks
First	\$ 5,000	 None
Next	\$ 95,000	 10.9%
Next	\$400,000	 12.6%
Over	\$500,000	 14.4%

# **DELAWARE RETROSPECTIVE DEVELOPMENT FACTORS\***

Retrospective development factors for first, second and third adjustments are calculated below. They are intended for use in retrospective plans with no loss limitation and applicable to the expected loss portion of premium.

First Adjustment	RDF	=	0.6069
Second Adjustment	RDF	=	<mark>0.4790</mark>
Third Adjustment	RDF	=	<mark>0.3997</mark>

For those companies using retrospective development factors with loss limitations, the following formula may be used.

 $RDF(LIM) = (1.0 - ELF) \times RDF$ 

RDF(LIM) = Retrospective Development Factors at limited basis

ELF = Excess Loss (Pure Premium) Factors exclusive of allocated loss adjustment expenses for given Hazard Group and Loss Limitation

RDF = Retrospective Development Factors without Loss Limitation

#### For Example:

\$25,000 limit, Hazard Group II ELF = 0.6490					
First Adjustment	RDF =	(1 - 0.6490)	*0.6069 =	0.2130	
	RDF =		0.2130		

\*The use of retrospective development factors is optional.

#### RETROSPECTIVE RATING PLANS Rating Values

Residual Market Expected Loss Ratio	0.6465
Residual Market Tax - Multiplier	1.1158

## CLASSIFICATIONS – NUMERICAL AND GROUP ARRANGEMENT

### SUBCLASSIFICATION – CARRIER OPTION

House Bill 430 of 2004 (amending §2607, Title 18 of the Delaware Code) permits an insurer to develop a subclassification or subclassifications to the Bureau's classification system as approved by the Insurance Commissioner. The developing insurer shall file any such subclassification or subclassifications with the Bureau and the Insurance Commissioner at least thirty (30) days prior to the proposed effective date for such subclassification or subclassifications. The insurer's filing shall demonstrate that exposure and loss data produced under any proposed subclassification or subclassifications can be reported to the Bureau consistent with the Bureau's uniform classification system and Statistical Plan. The Insurance Commissioner must disapprove any subclassification filing for which such demonstration is not satisfactorily made.

#### AGRICULTURAL AND LOGGING

**TREE PRUNING**, Spraying, Repairing or Fumigating. No payroll division with Code 012 at the same location or job site.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

**007 FARM MACHINERY OPERATION** by Contractors: threshing, shredding, ensilage cutting, harvesting and hay baling, excluding logging and sawmill operations.

### 009 LOGGING OR LUMBERING ---- N.O.C.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

012 LANDSCAPE CONTRACTOR Or Lawn Cutting Or Maintenance Contractor.

Includes the construction of dry stone walls, rock gardens, patios, garden walks and the like when such operations are incidental to the landscape or lawn maintenance operations.

Assign Code 0013 to separately staffed nursery, Christmas tree raising or sod farm operations.

Personal servants engaged in the care of lawns, shrubs or grounds surrounding the residence of the insured shall be assigned to Code 0912 or Code 0909.

015 LOGGING OR LUMBERING – MECHANIZED TREE FELLING EQUIPMENT.

Please see the Rulings and Interpretations, Section 5 for further information on the cope of this class

## MINING AND QUARRYING

**01L OR GAS PRODUCTION**, Operation of Wells – including gasoline mfg. from casing-head gas.

As provided for in this Manual separately classify: erecting or dismantling of derricks, drilling, redrilling or deepening, installation or recovery of casing, well shooting, cementing, tank building or tapping operations.

## 055 SAND, Gravel or Slag EXCAVATION – Including Crushing.

Includes establishments principally engaged in operating sand or gravel pits and in washing, screening, or otherwise preparing sand or gravel. Also included are establishments principally engaged in surface mining, milling or otherwise preparing fire clay, fuller's earth, kaolin, ball clay, clay ceramic, refractory minerals or performing the dredging of materials on non-navigable waters with incidental shore operations.

**059 MINERAL MILLING** – establishments operating without a mine or quarry and primarily engaged in the crushing, grinding, pulverizing or otherwise preparing clay, ceramic or refractory minerals, barite or miscellaneous metallic or non-metallic minerals.

## FOOD INDUSTRIES

## 101 GRAIN MILLING.

104 FOOD SUNDRIES MFG., N.O.C., No cereal milling.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 105 BAKERY, Wholesale.

Includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the insured's products to customers.

### **106 PROCESSED MEAT PRODUCTS MFG.** – No Slaughtering or Handling of Livestock.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class

**107 CANDY**, Chocolate or Chewing Gum **MFG**.

## 108 BREWERY.

Includes the distribution of beer or malt liquors by the manufacturer, bottler or canner. Also includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the insured's products to customers.

#### 109 DAIRY PRODUCTS MFG.

Ice cream manufacturing by a separate group of employees in a physically separate department shall be assigned to Code 110.

Includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the insured's products to customers.

## 110 ICE CREAM MFG.

111 SLAUGHTERHOUSE - Wholesale, all operations.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

112 BEVERAGE MFG., N.O.C., including bottling or canning.

Includes the distribution of beverages, not otherwise classified, by the manufacturer, bottler or canner. Also includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the insured's products to customers.

Payroll developed in the brewing, bottling or canning of beer, ale or malt liquors shall be assigned to Code 108.

#### 113 PRESERVING OR CANNING OF FOOD.

- **114 RENDERING** Works This classification includes establishments primarily engaged in rendering inedible grease and tallow from animal fat, bones and meat scrap; and those engaged in manufacturing animal oils and animal meal.
- 115 TOBACCO PRODUCTS MFG., including tobacco rehandling.

## 119 MEAT PRODUCTS MFG., N.O.C.

This class is for establishments primarily to exclusively engaged in the making of hamburger and/or hamburger or veal patties and/or sandwich steaks.

Includes payroll developed by employees engaged as delivery salespersons, route salespersons, and/or route supervisors engaged in the delivery of the insured's products to customers.

## TEXTILES AND CLOTHING MFG.

**130 TEXTILE WASTE,** Shoddy and Unwoven Felt, **MFG.**, the garnetting of Fibers.

#### 132 SPINNING OR WEAVING.

134 KNIT GOODS MFG.

Applies to the knitting of yarn into cloth or fabric and the dyeing and/or finishing of the knitted fabric by the knitting mill. Subsequent manufacturing of clothing or non-apparel textile product shall be assigned to either Code 161 or to Code 163, respectively, when performed by a separate crew of employees in a physically separate work area.

#### 135 HOSIERY MFG.

#### 136 EMBROIDERY MFG.

Includes quilted cloth manufacturing for garment and household furnishings. Payroll developed in mattress or box spring mfg. shall be classified by Code 165.

**139 DYEING**, Mercerizing, Bleaching, Printing, Coating or Finishing New Goods – excluding hosiery finishing, rubber or resin coating and oil cloth manufacturing which are separately rated as provided for in this manual.

#### 141 LAUNDRY, N.O.C.

Receiving, collecting or distributing stations that are separately staffed and with no laundering at the same or contiguous location shall be assigned to Code 928.

Also includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors performing the pick-up of items to be laundered or cleaned and the delivery of the items after laundering or cleaning.

### 142 DRY CLEANING PLANT.

Receiving, collecting or distributing stations that are separately staffed and with no dry cleaning at the same or contiguous location shall be assigned to Code 928.

Includes risks primarily engaged in dry cleaning or dyeing apparel or household fabrics other than rugs (see Code 141). Establishments dyeing fabrics for the trade are classified by Code 139.

Also includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors performing the pick-up of items to be dry cleaned and the delivery of the items after dry cleaning.

### 161 APPAREL MFG.

Restricted to the manufacture of wearing apparel from woven or knit fabrics or related materials such as leather, rubber or resin coated fabrics.

The manufacture of yarn into knitted cloth or fabric shall be assigned to Code 134 when performed by a separate group of employees in a physically separate department. If there is no separation, all payroll shall be assigned to Code 134.

## 163 TEXTILE PRODUCTS MFG., N.O.C.

Contemplates sewn non-apparel textile products including products made from soft textile type plastics such as vinyls.

The manufacture of yarn into cloth or fabric shall be separately classified as provided in this Manual.

Separately rate the installation, removal or repair of furnishing goods to Code 670.

#### 165 MATTRESS or BOX SPRING MFG.

The manufacture of wire springs shall be classified by Code 457 provided such operations are conducted by a separate crew of employees in a physically separate department.

## 166 CANVAS or BURLAP PRODUCTS MFG.

Includes manufacturing or repairing bags made from textile cloth or fabric.

Separately rate the installation, removal or repair of awnings, tents or other canvas products away from the shop to Code 681.

185 Employment Contractor – Temporary FOOD SUNDRIES MFG., N.O.C. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 104.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

187 Employment Contractor – Temporary CANDY, Chocolates or Chewing Gum MFG. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 107.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

## 191 Employment Contractor – Temporary APPAREL MFG. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 161.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

## LEATHER, RUBBER AND COMPOSITION GOODS

201 TANNING and Leather Dressing.

#### 204 SHOE MFG.

205 LEATHER GOODS MFG., N.O.C.

Includes the manufacture of handbags, purses, wallets, dog collars, leashes, straps, belts, etc. from leather, simulated leather or vinyl sheet.

- 221 PLASTIC Articles MFG., Injection Molding.
- 222 PLASTIC Articles MFG., N.O.C.

Includes all plastic molding techniques except for injection molding which is assigned to Code 221 and the molding of plastic composite products which is assigned to Code 227.

## 225 RUBBER GOODS or Tire MFG.

227 OILCLOTH, Linoleum and Cork Carpet MFG.

# PAPER AND PAPER GOODS MFG. AND PRINTING

- **255 PAPER** or Pulp **MFG.** all kinds.
- 257 BOX MFG. PAPER.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 259 PAPER PRODUCTS MFG., N.O.C.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 261 CORRUGATED PAPER AND/OR CORRUGATED PRODUCTS MFG.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 263 PAPER COATING/FINISHING.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 265 STATIONERY PRODUCTS MFG.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

### 275 Employment Contractor – Temporary PLASTICS Articles MFG. – INJECTION MOLDING Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 221.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

## 276 Employment Contractor – Temporary PLASTICS Articles MFG. – N.O.C. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 222.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

- 281 PRINTING, N.O.C. ---Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
- **282 NEWSPAPER** or Periodical **PRINTING** --- -By Publisher Or Contract Printer Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
- **285 PRINTING** Principally **SHEET-FED PRESS** Production. Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
- **287 PUBLISHER** Printing Outsourced, Performs **PRODUCT DISTRIBUTION**. Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
- 297 Employment Contractor Temporary PRINTING Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 281.

Please see the Employment Contractor – Temporary Staffing Ruling and interpretation in Section 5 for further information on classifying temporary staff.

## WOODWORKING

## 301 SAWMILL.

Includes the grading, sorting, pulling, piling, air or kiln drying, loading and storage of sawmill products. Subsequent wood products manufacturing operations conducted by a separate crew of employees in a physically separate department shall be separately classified as provided in this Manual.

#### 305 CARPENTRY SHOP, including Planing Mill.

Includes but is not necessarily limited to the manufacture of sash, doors, assembled millwork, pallets or wood trusses. For the manufacture of turned wood products, see Class 306.

Separately rate erection work as provided in this Manual.

Businesses also engaged in selling lumber and/or building materials on a wholesale or retail basis with a separate staff of employees may have a division of payroll with Code 855. Code 855 will apply to the yard and delivery staff. If further engaged in the sale of hardware in a physically separate department by a separate staff, payroll so developed shall be assigned to Code 935.

## 306 WOOD TURNED PRODUCTS MFG.

## 309 WOODENWARE MFG., N.O.C.

311 CABINET WORKS - with power-driven machinery.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

### 319 FURNITURE ASSEMBLY.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## **323** FURNITURE MFG. – Wood.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 327 FURNITURE UPHOLSTERING, SHOP only.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## PRIMARY NONFERROUS METAL WORKING

## **402 SMELTING** of nonferrous metals **OR** hot-dip **GALVANIZING**.

Also includes employers principally engaged in melting nonferrous scrap metal to produce ingots.

Not available for businesses principally engaged in the handling of any ferrous scrap metals. Such businesses must be assigned to Code 858.

Galvanizing by methods other than the hot-dipping procedure shall be assigned to the classification best describing the process.

### 403 ROLLING, DRAWING OR EXTRUDING OF NONFERROUS METALS.

Also includes making nonferrous pipe or tubes or forging nonferrous metals.

Subsequent product(s) manufacturing operations conducted by a separate crew(s) of employees, in a physically separate department(s), shall be separately classified as provided for in this Manual.

## STEEL MAKING AND ROLLING MILLS

## 404 STEEL MFG.

- 406 ROLLING MILL Ferrous Metals Not available for rolling mills operated by steel manufacturers.
- 407 TUBE or Pipe MFG., Iron or Steel not cast iron pipe excluding steel making but including skelp rolling.

## STEEL FABRICATING

- 411 STEEL FABRICATING Bridge and Structural Shops, Shop Only, erection to be separately rated as Class 655.
- 413 IRON WORKS Shop Ornamental, non-structural iron or steel fabricating. Installation or erection is to be separately rated as Code 658.
- **415 FABRICATED PLATE WORK** metal, including but not necessarily limited to boiler or tank mfg. shop only. Plate shall be #3 U.S. Standard Gauge (1/4" thick) or thicker.
- 416 CAR MFG., Railroad all kinds.

## FOUNDRIES

421 STEEL FOUNDRY, Open-Hearth and Electric.

The secondary machining of castings by a separate staff in a physically separate work area shall be assigned to Code 461.

425 IRON FOUNDRY, N.O.C.

The secondary machining of castings by a separate staff in a physically separate work area shall be assigned to Code 461.

427 MALLEABLE Iron FOUNDRY.

The secondary machining of castings by a separate staff in a physically separate work area shall be assigned to Code 461.

429 DIE CASTING MFG.

Also includes secondary machining of die castings by the die casting employer. There is no payroll division with Code 461.

**447 NONFERROUS METALS FOUNDRY –** Includes secondary machining of nonferrous castings by the foundry employer. There is no payroll division with Code 461.

## **METAL WORKING**

# 431 FORGING.

Includes die making, trimming or grinding and heat treating operations. The secondary machining of forgings by a separate staff in a physically separate work area shall be assigned to Code 461.

433 TOOL MFG. – Forged.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

435 SPRING MFG. - Hot Wound.

Also includes Chain Mfg.

441 TOOL MFG., N.O.C.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

#### 445 HARDWARE MFG., N.O.C.

**447** (See "Foundries")

### 449 ELECTROPLATING.

### 451 AUTOMOBILE, Truck or Trailer BODY MFG.

Also includes an employer principally engaged in fabricating an automobile, truck or trailer body and then attaching the fabricated body onto a customer supplied or purchased chassis.

This class is not available for payroll division with Code 463. Code 463 shall be assigned to an employer engaged in both the making of the automobile, truck, or trailer body and chassis and then assembling the complete motor vehicle.

#### 454 SHEET METAL PRODUCTS FABRICATION, N.O.C., Shop only.

Sheet metal shall be thinner than #3 U.S. Standard Gauge (less than 1/4" thick).

Code 676 shall be assigned to both the shop and the erection or installation payroll developed by an insured engaged in both the shop fabrication of sheet metal products and the erection or installation thereof.

## 456 METAL FURNITURE or Furnishing Goods MFG., N.O.C.

Sheet metal shall be thinner than #3 U.S. Standard Gauge (less than 1/4" thick).

Also includes the manufacture of major household or commercial kitchen or laundry appliances.

Upholstering operations conducted by a separate crew of employees in a physically separate department shall be assigned to Code 327.

## 457 WIRE GOODS MFG.

Includes the manufacture of wire springs by cold winding technologies. The making of springs from bar stock by hot wound methodologies must be assigned to Code 435.

### 458 JEWELRY MFG.

**459 EYELET,** Needle, Pin, Pen or Tack **MFG**.

#### MACHINERY MFG.

### **461** MACHINE SHOP – no woodworking – no boiler making.

Also includes the manufacture of all types of internal combustion engines, all types of pumps, pneumatic drills or hammers or hydraulic devices (e.g., hydraulic jacks or lifts).

#### 463 AUTOMOBILE MFG.

Code 463 shall be assigned to an employer engaged in both the making of the automobile, truck, or trailer body and chassis and then assembling the complete motor vehicle.

This class is not available for payroll division with Code 451. Code 451 shall be assigned to an employer principally engaged in fabricating an automobile, truck, or trailer body and then attaching the fabricated body onto a customer supplied or purchased chassis.

#### 464 MACHINERY MFG., N.O.C

Includes but is not necessarily limited to the manufacture of confection, food processing, paper making, printing, textile or woodworking machinery.

The manufacture of industrial equipment, such as furnaces made primarily from plate, shall be assigned to Code 415.

#### **465 CONVEYOR** or Hoisting Systems **MFG.**, or Reconditioning.

Elevator, escalator, conveyor or hoisting system erection, installation or repair is to be separately rated as Code 675.

## **467 BALL** or Roller **BEARING MFG**.

For establishments engaged in the fabrication of either metal ball or roller bearings. Where an insured is engaged in the fabrication of either metal ball or roller bearings and these are consumed by the insured's production process, such operations shall be classified in accordance with the class appropriate to the business of the employer.

## **471 PRINTED CIRCUIT BOARD ASSEMBLY OR ELECTRICAL WIRE HARNESS MFG. –** BY CONTRACTOR.

Applies to concerns principally engaged in performing any of the services discussed below for others on a contract basis.

Includes the manufacture/assembly of printed circuit boards, the placement of components onto printed circuit boards (mounting/stuffing) or the installation of resultant boards into a chassis with the addition of wire leads.

Also contemplated by this class is the assembly of electrical wire harnesses, automotive wire harnesses or connector cable assemblies. Electrical cord assembly is to be assigned to Code 473. The manufacture of wire or cable shall be separately classified as provided for in this Manual.

## 472 ELECTRONIC COMPONENT MFG., N.O.C.

Applies to the manufacture of electronic component parts used to receive, store, govern or direct the flow of current within an electrical circuit, such as resistors, capacitors, coils, transformers (less than 746 watts), filters or transducers.

Also applies to semiconductor material refining, the manufacture of integrated circuits, quartz crystal culturing or glass to metal seals.

Not applicable to the manufacture of non-electronic parts (e.g., pushbuttons, springs or gaskets). The inclusion of such nonelectronic parts in an electronic device is not to be construed as an electronic component as defined by this classification.

## 473 ELECTRICAL APPARATUS MFG., N.O.C.

Applies but is not limited to the manufacture or shop repair of electrical housewares, hand-held power tools, electrical fixtures or small electrical appliances.

## 474 ELECTRIC POWER OR ELECTRIC TRANSMISSION EQUIPMENT MFG.

Contemplates the manufacture of equipment for the generation, storage or transmission of electrical energy or vacuum furnaces.

Includes the manufacture of power transformers (over one horsepower), switchgear or switchboard apparatus, generators or vacuum furnaces.

### 475 BATTERY MFG., Storage.

## 476 INDUSTRIAL CONTROLS OR SYSTEMS MANUFACTURE/ASSEMBLY.

Applies to the manufacture/assembly of motor controllers, control panels and/or systems used in industrial plants for the distribution of power, control of heating or air conditioning or batch control.

Risks engaged in the manufacture of meters, counters, thermometers or other electronic analytical/measuring instrumen-tation not otherwise classified shall be assigned to Code 488.

Installation or repair provided at customer locations shall be separately classified as provided for in this Manual.

#### 477 ELECTRIC MOTOR MFG. OR REPAIR.

Applies to firms principally engaged in the manufacture, shop repair or rewinding of electric motors, armatures or field coils.

483 OFFICE MACHINE MFG. – Installation or repair conducted by a separate crew to be separately classified by Code 952.

## 485 COMMUNICATIONS, SEARCH, DETECTION OR SIGNAL PROCESSING EQUIPMENT MFG.

Includes but is not limited to the manufacture of:

- (1) Telephone or telegraph equipment or apparatus
- (2) Radio or TV broadcasting or communications equipment
- (3) Search, detection, navigation, guidance, aeronautical or nautical systems

### 486 INCANDESCENT LIGHT BULB or ELECTRONIC TUBE MFG.

### 487 SURGICAL OR OPTICAL INSTRUMENT MFG.

Applies but is not limited to the manufacturing of surgical or dental instruments, optical instruments, optical lens grinding, fiber optics or other precision metal instruments such as drafting equipment, compasses, T-squares or triangles.

## 488 ELECTRONIC MEASURING OR ANALYTICAL INSTRUMENT MFG.

Includes the manufacture of electric test equipment, totalizing fluid meters or counters, electronic test or measuring instrumentation.

Also contemplated by this class is the manufacture of medical diagnostic equipment such as CAT scanners or MRIs.

### 489 DENTAL LABORATORY.

## 491 Employment Contractor – Temporary ROLLING, DRAWING or EXTRUDING NONFERROUS METALS Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 403.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

#### 495 Employment Contractor – Temporary AUTOMOBILE, Truck or Trailer BODY MFG. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 451.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

## 497 Employment Contractor – Temporary ELECTRONIC COMPONENT MFG. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 472.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

#### 499 Employment Contractor – Temporary BATTERY MFG. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 475.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

## STONE AND CLAY PRODUCTS MFG.

- 501 CEMENT MFG. including quarrying.
- 502 PLASTER STATUARY or Ornament MFG.
- 506 POWDER METAL PRODUCTS MFG.
- 507 GRAPHITE PRODUCTS MFG.
- **509 ASBESTOS GOODS MANUFACTURING** For establishments utilizing asbestos fibers in their manufacturing processes that result in an asbestos product.

## 511 CONCRETE PRODUCTS MFG.

#### 512 BRICK MFG., N.O.C.

Excluding quarrying or mining, also excluding clay or shale digging in open pits.

A supplementary dust disease loading shall be added by the Bureau to cover the potential hazard of those employers using material containing free silica.

Code 0175 at either the carrier or assigned risk rate is to apply to such exposure, but note that payroll developed by the exposure is also to be included in the Class 512 payroll at either the carrier or assigned risk rate. Premium developed under Code 0175 is not subject to experience or retrospective rating.

**513 POTTERY,** N.O.C. – no brick, non-decorative tile, sewer pipe or gas retorts mfg.

A supplementary dust disease loading shall be added by the Bureau to cover the potential hazard of those employers using material containing free silica.

Code 0176 at either the carrier or assigned risk rate is to apply to such exposure, but note that payroll developed by the exposure is also to be included in the Class 513 payroll at either the carrier or assigned risk rate. Premium developed under Code 0176 is not subject to experience or retrospective rating.

## GLASS MFG.

#### 535 GLASS OR GLASSWARE MFG.

The manufacture of glass products from purchased glass shall be assigned to Code 536.

## 536 GLASS PRODUCTS MFG. – from purchased glass – no glass manufacturing.

544 Employment Contractor – Temporary Staff – MANUFACTURING or LIGHT INDUSTRIAL OPERATIONS, N.O.C.

Applies to temporary employees provided to manufacturing businesses except for temporary manufacturing or light industrial staff subject to Codes 185, 187, 191, 275, 276, 297, 491, 495, 497, 499 or 587.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on the manufacturing businesses assignable to Code 544 and on classifying temporary staff.

## **CHEMICALS INDUSTRIES**

551 CHEMICAL Processing or Products MFG., N.O.C.

For establishments engaged in manufacturing miscellaneous chemical preparations not otherwise classified.

- 553 GASES MFG. of carbonic oxide, anhydrous ammonia, oxygen or hydrogen.
- 555 DRUG or MEDICINE MFG.
- 563 PAINT or Colors MFG. no red or white lead mfg.
- 571 SOAP MFG.
- 573 FERTILIZER MFG.
- 581 OIL REFINING, Petroleum.
- 587 Employment Contractor Temporary PAINT or COLORS MFG. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 563.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

# **EXCAVATION AND CONSTRUCTION**

## 601 ROAD or Street CONSTRUCTION: Paving or Repaving.

Applies to the laying of the road starting with the sub-base and includes all kinds of paving or repaving, surfacing or resurfacing or scraping, including airport runways or warming aprons. Also included are trimming and finishing of shoulders, installing curbing and erecting guard rails or fences.

Asphalt plants operated by a paving contractor shall be classified in accordance with the following procedure. Permanently located plants staffed by a separate crew shall be assigned to Code 855. Portable/temporarily located asphalt plants shall be assigned to Code 601.

As provided for in this Manual separately rate: clearing of right-of-way, earth or rock excavation, filling or grading, tunneling, bridge or culvert building, quarrying and stone crushing.

## 602 ROAD or Street CONSTRUCTION: Subsurface work.

Applies to all operations of bringing road bed to grade including clearing of right-of-way, earth or rock excavation, filling or grading. It does not include laying the sub-base.

As provided for in this Manual separately rate: tunneling, bridge or culvert building where clearance is more than 10 feet at any point or the entire distance between terminal abutments exceeds 20 feet, quarrying and stone crushing.

**603 SEWER CONSTRUCTION** – all work to completion, including masonry work in connection therewith – no tunneling.

**605 RAILROAD CONSTRUCTION** and Maintenance of Way by Contractors – all operations incident thereto, except tunneling and bridge building.

The entire payroll in construction of bridges or culverts exceeding a span of 12 ft. or in the construction of tunnels must be separately classified and rated.

- 607 DRILLING by Contractors.
- **608 FLAT CEMENT WORK** floors, driveways, yards, sidewalks or curbs. (Self-bearing floors, airport runways, warming aprons, street or road construction to be separately rated.)
- **609 EXCAVATION** for cellars or foundations for buildings, bridges, retaining walls and dams, including grading preparatory to building erection.
- 611 PILE DRIVING, including timber wharf building.
- 615 **TUNNELING** or Shaft Sinking, all work to completion.
- 617 GAS, STEAM or WATER MAIN CONSTRUCTION all work to completion except tunneling under pressure.
- 625 CONDUIT CONSTRUCTION for cables or wires, all work to completion.

Also includes cable laying by specialist contractors employing automatic equipment, which in one operation opens the trench, lays the cable and backfills.

## **BUILDING CONSTRUCTION**

- 643 ASBESTOS CONTRACTOR all work to completion. Employees engaged in asbestos removal, replacement, repair, enclosure or encapsulations.
- 645 WALLBOARD INSTALLATION within buildings. Includes the entire operation of installing drywall/wallboard including taping, seaming, texturing, but not painting.
- 646 FURNITURE or FIXTURES INSTALLATION portable in offices or stores.
- 647 INSULATION WORK, N.O.C. Includes the installation or application of acoustical or thermal insulating material in buildings or within walls. The class applies when insulating work is performed as a separate operation not part of or incidental to any other construction operations performed by the same contractor at the same job or location.
- 648 CARPENTRY INSTALLATION of CABINET WORK, finished wooden flooring or interior trim. Also includes installation of parquet flooring. Not applicable to contractors who perform any other carpentry operations at the same job or location.
- 649 CEILING INSTALLATION suspended acoustical grid type. Insulation work will be separately rated.

### 651 CARPENTRY – COMMERCIAL Structures.

652 CARPENTRY – RESIDENTIAL . Includes one- or two-family detached houses, townhouse or row houses or buildings designed primarily for multiple occupancy (e.g. apartments) three stories or less in height or garages constructed in connection with the houses or apartments.

This classification shall include the payroll developed by all employees that interchange trades at a specific location. For specific locations where there is no interchange between trades, all trades shall be separately classified.

## 653 MASONRY.

Masonry work in connection with sewers must take the Sewer classification and not the Masonry classification.

#### 654 CONCRETE CONSTRUCTION.

Payroll to include persons engaged in making, setting up, taking down or operating forms, scaffolds, false work and concrete mixing or distributing apparatus.

### 655 IRON ERECTION.

#### 656 ELECTRIC, Telephone or Telegraph LINE CONSTRUCTION by Contractor.

Includes the setting of poles, installation of pole hardware or transformers or the stringing of lines. Erection of steel towers for cross-country lines must be assigned to Class 655. Clearing of right-of-way on new lines, maintenance of right-of-way on existing lines or tree trimming must be assigned to Class 005.

- 657 RIGGING, N.O.C.
- 658 IRON ERECTION or Installation ornamental or non-structural only.
- **659 ROOFING** No payroll division with Code 676 at the same location or job site.
- 660 ALARM OR SOUND SYSTEM Installation or Repair.

#### 661 ELECTRICAL WIRING - within BUILDINGS.

Includes electric fixtures or apparatus installation or the making of service connections. For electric, telephone or telegraph line construction, see Class 656.

#### 662 APPLIANCE – Electrical – SERVICE or REPAIR.

Includes the service or repair of window-unit type air conditioners, domestic refrigerators and/or commercial or domestic appliances including but not necessarily limited to: stoves, dishwashers, washing machines or clothes dryers. Also includes incidental shop or parts department employees. Electrical wiring or plumbing to be separately rated.

Separately staffed store operations shall be assigned to the appropriate store class. Assign Code 664 to the installation, service or repair of central air conditioning units or commercial refrigeration (including walk-in) units. Assign Code 675 to the installation, service or repair of industrial equipment (e.g., conveyor ovens).

**663 PLUMBING:** gas, steam, hot water or other pipefitting, including house connections – shop payroll, if any, must be included.

Includes work within buildings. Pipefitting in connection with the installation of machinery or apparatus outside of buildings must be assigned to Class 675.

## 664 HEATING, VENTILATING or AIR CONDITIONING CONTRACTOR.

Applicable to contractors performing forced air heating, ventilating or air conditioning equipment installation required for air comfort control or engaged in the service or repair of such equipment. Further included is any incidental duct or shop work.

Payroll developed in the installation, service or repair of heating equipment which will utilize either hot water or steam shall be assigned to Code 663. High pressure water or steam heating systems shall be assigned to Code 677 for the installation, service or repair thereof.

#### 665 PAINTING and Decorating, including shop.

The painting of steel structures or bridges shall be assigned to Code 655.

### 666 **PLATE** and Wire **GLASS INSTALLATION**.

Payroll developed by a separate shop crew engaged in the manufacture of glass products including bending, beveling, grinding or silvering of plate glass shall be separately classified by Code 536.

## 667 PAPER HANGING.

**668 TILE, STONE, MOSAIC** or **TERRAZZO WORK** – Interior Construction Only including Marble Setting and Tile Wainscoting, but excluding Cement Finishing and Structural Glass Block Installation.

Structural glass block installation shall be assignable to Code 653.

### 669 PLASTERING, including lathing.

### 670 HOUSE FURNISHINGS INSTALLATION, N.O.C.

Separately staffed store operations shall be assigned to the appropriate store class.

## WRECKING OR DEMOLITION OR BUILDING MOVING OR RAISING PROJECT

All work to completion at a wrecking or demolition or a building moving or raising site shall be assigned to one of the following classifications:

- 1. Code 651 Applicable to wooden buildings or structures including those designed for residential occupancy and interior stripping/gutting.
- 2. Code 654 Applicable to concrete or concrete encased buildings or structures.
- 3. Code 655 Applicable to iron or steel buildings or structures.
- 4. Code 653 Applicable to masonry buildings or structures.
- 5. Code 611 Applicable to piers or wharfs.

Where wrecking or demolition or building moving or raising involves a building or structure of more than one type of construction, the classification with the highest rating value applies.

All wrecking or demolition or building moving or raising work not specifically described above shall be assigned by analogy to one of the classifications designated above. No other classification is applicable.

Secondhand material businesses at a separate location with no interchange of employees shall be assigned to the appropriate scrap metal dealer classification based on whether the dealer is principally engaged in handling ferrous or nonferrous scrap metal. Assign ferrous scrap dealers to Code 858 and assign nonferrous scrap dealers to Code 859. Assign Code 860 to secondhand materials dealers who do not have a principal line of merchandise.

- 673 ADVERTISING SIGNS, Manufacture, Erection or Repair Not Outdoor Advertising Companies.
- **674 SWIMMING POOL CONSTRUCTION**, all work to completion. The construction of iron or steel pools shall be assigned to Code 655. Pool cleaning or Maintenance work by a separate crew or a specialist contractor is to be assigned to Code 971.

#### 675 MACHINERY or EQUIPMENT ERECTION or REPAIR.

Applies to the erection or repair of factory machinery or to the installation, erection or repair of elevators, escalators, conveyors or hoisting systems.

676 SHEET METAL INSTALLATION, No payroll division with Code 659 at the same location or job site.

Code 676 shall be assigned to both the shop and the erection or installation payroll developed by an insured engaged in both the shop fabrication of sheet metal products and the erection or installation thereof.

#### 677 BOILER INSTALLATION or Repair.

Includes all work to completion except brickwork, which must be assigned to Code 653.

#### 679 ADVERTISING COMPANY, OUTDOOR.

Applicable to outdoor advertising companies and includes but is not necessarily limited to: shop operations, the erection, painting, repair, maintenance or removal of signs, sign painting or lettering in or upon buildings or structures or bill posting.

### 681 CANVAS GOODS, Awning or Tent ERECTION, Removal or Repair.

#### 682 Employment Contractor – Temporary Staff – CONSTRUCTION Or ERECTION OPERATIONS.

Applies to temporary employees provided to a construction or erection contractor except for temporary excavation, commercial structure carpentry or electrical wiring (within buildings) staff which are subject to Codes 691, 693 or 695, respectively.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on the construction or erection business operations assignable to Code 682 and on classifying temporary staff.

## 691 Employment Contractor – Temporary EXCAVATION Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 609.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

### 693 Employment Contractor – Temporary COMMERCIAL Structure CARPENTRY Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 651.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

#### 695 Employment Contractor – Temporary ELECTRICAL WIRING (within buildings) Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 661.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

### SPECIAL STATE ACT EXPOSURES

### **TALLYMEN AND CHECKING CLERKS** – engaged in connection with stevedoring work.

Coverage under State Act only.

### 716 MARINA.

Applicable to all waterfront operations, including but not necessarily limited to: the operation of boat docks, storage facilities, repair shops or marine railways, the sale or repair of boats or engines, the sale of parts or accessories, dockside snack bars and all dockside employees. The operation of separately-staffed inland boat showrooms or the operation of separately-staffed motels, restaurants, swimming pools, bowling lanes or other recreational facilities shall be separately classified as provided for in this Manual.

Separate staff engaged in boat building are assignable to Code 718.

Coverage under State Act only.

#### 718 BOAT BUILDING OR REPAIR.

Coverage under State Act only.

Applicable to the construction or repair of wood, metal, fiberglass or plastic yachts, motor boats, sailboats or rowboats not exceeding 65' in length overall.

Also includes insureds exclusively engaged in the building, repairing or dismantling of small vessels as defined in Public Law 98-426 who have been granted exemption from the United States Longshore and Harbor Workers Act by the Secretary of Labor. A copy of the exemption certificate shall be made available to the Bureau as documentation.

**721 RAILROAD OPERATION**, N.O.C., including shop, ordinary maintenance and repair of roadbed.

The policies for risks with operations assignable to Class 721 must be endorsed excluding insurance of Federal Employers' Liability Act coverage. (Part Two)

## 744 AIRCRAFT MFG.

## UTILITIES OPERATION

## 751 GAS UTILITY.

Payroll developed by meter readers having no regular duty of any other nature in the service of the employer shall be assigned to Code 951.

As provided for in this Manual separately classify: geophysical exploration, drilling for gas deposits, the operation of gas wells and the construction or operation of cross-country pipelines.

752 OIL OR GAS PIPELINE OPERATION – Construction, Operations of Wells or Oil Refining shall be separately classified.

## 753 WATERWORKS.

Payroll developed by meter readers having no regular duty of any other nature in the service of the employer shall be assigned to Code 951.

#### 755 ELECTRIC UTILITIES Operation.

Payroll developed by meter readers having no regular duty of any other nature in the service of the employer shall be assigned to Code 951.

**757 TELECOMMUNICATIONS COMPANY** – including installation, maintenance, repair and operation of telephone lines and systems, remote transmission sites and central office switching equipment.

Applicable to FCC licensed telecommunications firms. The services provided include but are not necessarily limited to: wireline, long distance, cellular, radio paging or mobile radio services for customers on a fee basis.

#### 759 CABLE TELEVISION OPERATIONS.

Applicable to contractors and/or operators engaged in cable television system installation or erection or system hook-up or service and/or repair or the operation of a cable television system.

Separately staffed broadcasting studios and/or separate crews engaged in the presentation and/or filming of news or sporting events shall be assigned to Code 936.

## TRUCKING AND STORAGE

**801 STABLE**, Livestock Commission Merchant Stockyards not associated with Slaughterhouses.

#### 803 TAXICAB COMPANY.

Lessees transporting passengers for hire in motor vehicles leased pursuant to written leases shall not receive compensation under the Delaware Workers' Compensation Law but shall be deemed to be employers.

Effective July 7, 1982, New, Renewal, and Outstanding.

#### 804 SCHOOL BUS OPERATION.

#### **805** MILK HAULING – by contractor.

For contractors exclusively engaged in hauling unprocessed or processed milk by tank truck.

#### **806 FURNITURE MOVING** and/or **STORAGE**.

Includes the packaging or handling of household goods away from the employer's premises. The transporting or delivery and the setting into place at customers' locations of furniture and/or major household appliances under contract for a manufacturer or store shall be assigned to Code 811.

#### 807 AMBULANCE SERVICE – Non-volunteer.

**808 PARCEL DELIVERY** Company – No Handling of Bulk Merchandise or Freight – all employees except office.

Applies to risks engaged in the delivery of envelopes, parcels or packages limited to 150 pounds or less. Envelopes, parcels or packages refers to those items where the delivery tariff or charge is allocable to the individual envelope, parcel or package. Also includes messenger or courier services engaged in deliveries on foot, by bicycle or motor vehicle.

Assign Code 811 when the haulage or transport charge is based on truckload or partial truckload, the cumulative weight of the packages and/or parcels being transported or a flat contract price for the consignment.

The transport of mail under contract to the United States Postal Service is to be assigned to Code 812.

## 809 FUEL DISTRIBUTION - Retail or Wholesale.

For businesses principally engaged in the sale of processed coal, fuel oil, liquefied petroleum (LP), gas (bottled gas or in bulk), or any combination of these lines. Separate crews engaged in installing and/or servicing fuel oil or gas heating units may be separately classified as provided for in this Manual. This classification is not available to businesses operating coal or oil docks or to truckers hauling fuel for others.

### 811 TRUCKING, N.O.C.

Includes dispatchers and/or clerks on loading platforms, drivers, chauffeurs and their helpers and employees repairing vehicles.

Applicable to hauling contractors principally engaged in hauling or delivering for unrelated concerns.

Also includes the rental of cranes with operator by a specialist contractor.

#### 812 MAIL HAULING or Delivery Service COMPANY.

Applies to risks engaged under contract to the United States Postal Service for the hauling or delivery of mail involving letters, parcels, packages, sacks, pallets or rolling containers. Includes U.S. Postal Service contract mail delivery performed on a bulk or individual item basis.

### **813** WAREHOUSING – Other than Furniture Moving and/or Storage.

For establishments principally engaged in either the cold storage or the warehousing or storage of general merchandise for unrelated concerns.

### 814 DEALER IN MOBILE, SELF-PROPELLED factory, farm or construction EQUIPMENT including parts department.

Payroll developed by employees engaged in the sale of mobile self-propelled factory, farm or construction equipment shall be assigned to Code 819.

**815 AUTOMOBILE SERVICE CENTER** or Garage – including counter personnel (see the Auditing Ruling and Interpretation "Counter Personnel – Automobile Repair Facilities," Section 5 for further information) and estimators.

Tire recapping or retreading shall be assigned to Code 225 when performed by a separate crew of employees in a physically separate work area.

Please see the Automobile Service/Gasoline Station Ruling and Interpretation for information on classifying such business enterprise.

See the Code 934 Section 2 class description for how to classify an auto parts store that also provides automobile repair services.

#### 816 AUTOMOBILE FILLING STATION - Retail.

Please see the Automobile Service/Gasoline Station Ruling and Interpretation for information on classifying such business enterprise.

#### 817 BUS (except school bus) OPERATION.

818 AUTOMOBILE or Automobile Truck DEALER – including service counter and parts department.

Please see the Auditing Ruling and Interpretation – "Automobile Dealerships," Section 5 for further information. Also includes but is not necessarily limited to: automobile auctions, inland boat dealers, mobile home dealers, recreational vehicle dealers or specialist contractors performing mobile home set-up or warranty service.

## 819 AUTOMOBILE or Automobile Truck SALESPERSON.

## 821 BEVERAGE DISTRIBUTOR, Wholesale.

Includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the insured's merchandise to customers.

### 825 AUTOMOBILE STORAGE GARAGE or PARKING STATION or LOT – No Automobile Repair.

For automobile storage garages/parking stations/parking lots whose business is the storing or parking of automobiles. Includes cashiers who receive payment from customers.

Parking attendants on the payroll of enterprises such as hotels, restaurants, stores or theaters – not drive-in theaters – which operate parking facilities for their customers shall be rated with the enterprise.

#### 855 LUMBER and/or BUILDING MATERIAL DEALER.

Applicable to establishments engaged in selling lumber and/or building materials on a wholesale or retail basis. The lumber may include but is not necessarily limited to rough and dressed lumber, flooring, molding, doors, sashes, frames and other millwork. The building materials may include but are not necessarily limited to roofing, siding, shingles, wallboard, paint, brick, tile, cement, ready-mix concrete, sand or gravel. This class also includes payroll developed in the delivery of hardware, lumber and/or building materials by the lumber/building material dealer.

The operation of an outlet on the premises of a lumber and/or building material dealer in which hardware, paint, and other similar merchandise is sold shall be subject to separate classification provided the outlet is located in a physically separate department with no interchange of labor between the outlet and other operations. Payroll developed in the outlet operations is subject to Code 935.

Risks engaged in manufacturing millwork are assignable to Code 305. Dealers in secondhand building materials are assignable to Code 860.

#### 857 METAL SERVICE CENTER (Ferrous or Nonferrous Metals).

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

### 858 FERROUS SCRAP METAL DEALER.

Applicable to businesses principally engaged in collecting and handling ferrous metals. Ferrous metals contain iron and include any type of steel or any steel alloy such as stainless steel.

The term "principally engaged" means more than 50 percent of the employer's gross receipts.

### 859 NONFERROUS SCRAP METAL DEALER.

Applicable to businesses principally engaged in collecting and handling nonferrous metals. Nonferrous metals contain no iron and include but are not limited to: aluminum, copper, brass, lead or zinc.

The term "principally engaged" means more than 50 percent of the employer's gross receipts.

Businesses principally engaged in the melting of nonferrous scrap to produce ingots shall be assigned to Code 402.

#### 860 JUNK DEALER.

For businesses collecting and handling a combination of ferrous and/or nonferrous scrap metal and other secondhand commodities (e.g., paper, glass, rubber, rags or bottles) with no principal line of merchandise.

Also includes secondhand material yards of a wrecking or demolition contractor that are separately located and staffed.

WRECKING OR DEMOLITION PROJECTS shall be classified as delineated in Section 2.

## 861 AUTOMOBILE DISMANTLERS.

Businesses engaged in automobile dismantling for the recovery of usable parts must be assigned to this classification. It includes all stores, yards or shops operated at the same or contiguous locations. It does not include businesses who demolish automobiles solely for the purpose of obtaining scrap metal; such businesses must be assigned to the applicable scrap metal classification based on the principal type of scrap metals.

### 862 RECYCLING CENTER.

Applicable to businesses principally engaged in collecting or handling recyclable materials such as: cloth clippings, rags, paper, glass, plastic, rubber stock and/or aluminum beverage cans. Assign businesses collecting a combination of recyclable products and scrap metals with no principal line of merchandise to Code 860.

Dealers in cloth clippings, new goods only, shall be assigned to Code 924.

#### 865 POULTRY and/or FISH DEALER/ PROCESSOR.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

#### 867 Employment Contractor – Temporary WAREHOUSING Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 813.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

### 877 Employment Contractor – Temporary **DEPARTMENT STORE** Staff.

Applicable only to temporary staff (except clerical office) provided to customers whose business classification is Code 914.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

## 879 Employment Contractor – Temporary **PACKAGING** – Contract – Non-crating Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 923.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

#### 880 APARTMENT HOUSE or Condominium Complex Operation.

Applicable to an employer operating an apartment house or a condominium complex or for cooperative buildings used for residential occupancy.

### 881 Employment Contractor – Temporary HARDWARE STORE – Wholesale Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 926.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

## 882 HOUSE CLEANING by Contractor.

Applicable to businesses principally engaged in providing interior cleaning services to residential customers. The cleaning services may include but are not necessarily limited to: dusting, mopping floors, vacuuming rugs or carpets, cleaning or sanitizing bathrooms or wiping or cleaning kitchen or bathroom fixtures.

The term "principally engaged" means more than 50 percent of the employer's gross receipts.

Payroll developed in the cleaning of exterior walls at residential or commercial sites shall be assigned to Code 653.

883 Employment Contractor – Temporary RETAIL STORE, N.O.C. Staff.

Applicable only to temporary staff provided to customers whose business classification is Code 928.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

### 884 HEALTH OR EXERCISE CLUB – all employees including office.

Organized athletics are excluded from this classification and separately rated by Code 970 or Code 991.

## 885 PLUMBING SUPPLIES DEALER OR PIPE MERCHANT - Wholesale.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

#### 886 ELECTRICAL SUPPLIES DEALER - Wholesale.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

887 MUSEUM – all employees including office.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

889 Employment Contractor – Temporary CLERICAL Staff.

Applicable to temporary clerical or technical service staff whose payroll shall be assigned to Code 889 regardless of the customer's business classification. Such employees include but are not necessarily limited to: draftsmen, designers, writers, illustrators, computer or data processing operators, programmers or clerical office.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

890 LIBRARY - PUBLIC – all employees including office.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

891 PRE-SCHOOL (CHILD CARE OR EARLY EDUCATION) SERVICES – all employees including office.

Please see the Rulings and Interpretations, Section 5, for further information on the scope of this class.

age	
895	Employment Contractor – Temporary COLLEGE or SCHOOL Staff.
	Applicable only to temporary staff provided to customers whose business classification is Code 965.
	Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.
896	CLUB, N.O.C – All employees except office.
	Please see the Rulings and Interpretations, Section 5, for further information on the scope of this class.
897	FAST-FOOD RESTAURANT – All employees except office.
	Please see the Rulings and Interpretations, Section 5, for further information on the scope of this class.
898	CATERER – All employees except office.
	Please see the Rulings and Interpretations, Section 5, for further information on the scope of this class.
899	BAR, Tavern, Cocktail Lounge, NIGHTCLUB or Discotheque – All employees except office.
	Please see the Rulings and Interpretations, Section 5, for further information on the scope of this class.
903	LABOR UNION – all employees including office.
	Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
904	<b>INVESTIGATIVE AGENCY</b> - All Types – All employees except office. Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
	STORES
907	FRUIT OR VEGETABLE DEALER – Wholesale.
	Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
910	MEAT DEALER – Wholesale.
	Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
911	GROCERY – Wholesale.
	Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
914	DEPARTMENT STORE – all employees, including office.
	Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
915	MEAT, FISH and/or POULTRY STORE – Retail, all employees except office.
	Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.
916	CLOTHING OR DRY GOODS STORE – Wholesale or Retail.

917 GROCERY STORE - Retail, including meat, poultry, fish, bakery, pharmacy and produce departments.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

**918 BAKERY SHOP** – Retail, including on-site preparation, all employees except office.

Applies to risks producing bakery products or to risks who buy finished bakery products from unrelated producers. Sales are over-the-counter for personal or household consumption, either on premises or through satellite outlets.

919 FLORIST STORE - Retail or Wholesale.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

- 920 JEWELRY STORE Wholesale or Retail.
- 921 FURNITURE STORE WHOLESALE.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

#### 922 FURNITURE STORE – Retail ---, All Employees Except Office – no woodworking.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 923 PACKAGING – CONTRACT – NON-CRATING.

Applicable to businesses principally engaged in packaging or repacking merchandise owned by unrelated customers as a contract service. Such includes but is not necessarily limited to cosmetics, toiletries, pharmaceuticals, soaps, cleaning agents or hardware. Assign Code 305 to payroll developed by separate staff in a physically separate work area in the preparation and crating of any type of merchandise for shipment (in shop as a contract service). Crating or packaging of any type at customer locations or the repackaging of explosives shall be classified as provided in this Manual.

### 924 WHOLESALE STORE, N.O.C.

#### 925 HARDWARE STORE – Retail.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

#### 926 HARDWARE STORE – Wholesale.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

**927 PHARMACY** – Retail – all employees, including office.

#### 928 RETAIL STORE, N.O.C.

### 929 Employment Contractor – Temporary Staff – MERCANTILE OPERATIONS.

Applies to temporary employees provided to retail or wholesale store businesses except for businesses assignable to wholesale fruit, grocery or wholesale store, N.O.C.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on which store businesses are assignable to Code 929 and on classifying temporary staff.

#### **932 COPYING OR DUPLICATING SERVICE** – All employees including office.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

933 VENDING OR COIN-OPERATED MACHINE - Installation, Service or Repair, all employees except office.

## 934 AUTOMOBILE PARTS AND ACCESSORY STORE - Retail and/or Wholesale.

An auto parts store that also provides automobile repair services shall have payroll divided with Code 815 provided the following conditions are fulfilled: the auto parts sales and the automobile repair services are conducted in physically separate work areas by separate employee crews and the majority of the parts/accessories sold by the auto parts store must be sold to others and are neither installed nor used by the insured for repair services. If both operations are conducted and these conditions are not met, then payroll developed in both the auto parts sales and the auto repair services shall be assigned to Code 815.

The machining of brake drums and other auto parts conducted in a physically separate work area and staffed by a separate employee crew shall be assigned to Code 461.

#### 935 LUMBER AND/OR BUILDING MATERIAL DEALER – Store Employees – For use in conjunction with Class 855 only.

- **936 BROADCASTING STATION** Radio or Television, all employees including office.
- **937** Employment Contractor Temporary Staff **HEAVY SERVICE**.

Applies to temporary employees provided to businesses including but not limited to tree pruning, logging, surface or underground mining or mineral recovery, transportation (of persons or any type of commodity), lumber and/or building material or metal service centers, scrap metal yards, commodity recycling, rubbish and/or garbage collection or warehousing (all types except where the customer's business classification is Code 813 which is subject to Code 867).

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on which customer business classifications are assignable to Code 937 and on classifying temporary staff.

**939** CARNIVAL, Circus or Amusement Device Operator – TRAVELING.

**940 RESIDENTIAL CARE FACILITY For The Developmentally Disabled** – all employees except office and the separate staff of a certified sheltered workshop.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

941 SOCIAL REHABILITATION FACILITY – For Adults or Children – all employees including office.

Please see the Social Rehabilitation Facility Ruling and Interpretation in Section 5 for information on the scope of this class.

942 HOME HEALTH CARE – Professional Staff, all employees except office.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

943 HOME HEALTH CARE – Nonprofessional Staff, all employees except office.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

944 CLUB – Country, Golf or Yachting – all employees except office.

Includes restaurant or tavern employees and all operations performed by club employees including but not limited to: those conducted by desk and room clerks, instructors, pro shop sales clerks, club attendants and golf starters.

Marina or yacht basin operations shall be separately classified.

### CLERICAL AND PROFESSIONAL EMPLOYMENTS

**945** HOTEL RESTAURANT employees, all employees except office. For use in conjunction with Code 973 only.

For tips and for musicians and entertainers, see Rule V, Section 1.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

946 Employment Contractor – Temporary MEDICAL Staffing.

Applicable to professional and/or nonprofessional medical staff provided to unrelated health care facilities or to physicians/ dentists' practices on a temporary basis. Such employees include but are not necessarily limited to: registered nurses or licensed practical nurses, pharmacists, aides, orderlies, attendants, medical technicians or doctors.

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided in this Manual.

Payroll developed by temporary janitorial, laundry, kitchen or other non-medical staff (except clerical) provided to health care facilities shall be assigned to Code 947.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

# 947 Employment Contractor – Temporary Staff – MAINTENANCE OR SERVICE.

Applies to temporary employees provided to businesses such as flower growing, landscaping or lawn care, laundry or dry cleaning, utilities (except meter readers), cable television, hotels, restaurants, automobile service or repair (including auto dealers), security, theaters, amusements (either indoor or outdoor) or building maintenance.

Also applies to non-medical temporary staff provided to health care facilities (except clerical), and to airport/airline temporary ground personnel.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on which customer business classifications are assignable to Code 947 and on classifying temporary staff.

#### 948 MAILING or ADDRESSING COMPANY – all employees including office.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

#### 949 Employment Contractor – Temporary MARKETING Staff.

Applicable to temporary marketing help such as sales or demonstration personnel including conventions, shows or exhibits.

Also includes temporary help engaged as appraisers, inspectors, meter readers or personnel notifying utility customers of service cutoffs.

Please see the Employment Contractor – Temporary Staffing Ruling and Interpretation in Section 5 for further information on classifying temporary staff.

### 951 SALESPERSON - Outside.

Excluding salespersons or collectors who deliver goods, door-to-door salespersons or messengers employed by a messenger or courier service company.

Messengers employed by other establishments whose field of business is not that of a messenger or courier service company shall be assigned to Code 951.

### 952 OFFICE MACHINE SERVICE or Repair.

Includes shop. Manufacturing to be separately rated.

Specialist contractors performing delivery and/or set-up of office machines or equipment shall be assigned to Code 811.

#### 953 Clerical OFFICE Employees.

#### 954 SECURITY OR --- AGENCY.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

**955 ENGINEERING CONSULTING FIRM,** mechanical, civil, electrical or mining engineering consulting firms, or architectural firms.

Businesses principally engaged in providing computer and/or software consulting services are assignable to Code 951 and to Code 953 as classes may apply.

Engineers or architects employed by concerns whose field of business is actual construction, manufacturing, mining or installation operations shall be assigned in accordance with the class or classes appropriate to the business of the employer, unless the operations subject to Code 955 are conducted as a separate and distinct enterprise.

Clerical or drafting employees of consulting architects or engineers are properly assigned to Code 953 provided they meet the conditions described in Section 1, Rule IV, B. 2. a. and b.

Separate staff performing test boring for soil samples shall be assigned to Code 607.

#### 956 LAW FIRM – all employees including office.

This classification is for law firms. Attorneys employed by other establishments whose field of business includes but is not limited to manufacturing or construction shall be assigned to the classification consistent with the employer's business.

957 PHYSICIAN or DENTIST, all employees including clerical office except home health care service employees.

This classification is for the physician's or dentist's office. Includes licensed practitioners engaged in the practice of general or specialized dentistry, medicine, surgery or therapy (physical or mental). Does not apply where inpatient overnight care is provided. Those practicing veterinary medicine shall be assigned to Code 959. Physicians or Dentists employed by a health care facility shall be assigned in accordance with the class appropriate to the medical business at the location. Physicians or Dentists employed by a temporary medical staffing contractor, and who are

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided in this Manual.

958 **REHABILITATION HOSPITAL**, all employees including office.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

provided on a temporary basis to unrelated health care facilities, shall be assigned to Code 946.

- 959 VETERINARIAN, including employers raising and caring for non-farm domestic animals.
- 960 NURSING and CONVALESCENT HOME Long Term Care Facility with 50% or more beds Licensed as Intermediate Care or Higher all employees except office and home health care services.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

961 HOSPITAL – all employees, including office but excluding employees performing home health care services.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

## 962 ACCOUNTING or AUDITING FIRM - all employees including clerical office.

This classification is for accounting or auditing firms. Accountants or auditors employed by other establishments whose field of business includes but is not necessarily limited to manufacturing or construction shall be assigned to the classification consistent with the employers' business. An independent insurance traveling auditor shall be assigned to Code 951. An insurance company traveling auditor shall be assigned to Code 984.

Businesses principally engaged in providing computer and/or software consulting services are assignable to Code 951 and to Code 953 as these classes may apply

963 CHURCHES – all employees including office, except cemetery employees.

Includes religious education provided by the church.

Payroll division must be provided for separately-staffed schools and hospitals at separate locations.

Payroll division shall also be provided to Code 891 for a day nursery school, kindergarten or daycare center or to Code 965 for an elementary and/or secondary school for children operated on the church premises from Monday through Friday, when such is separately staffed.

Churches and missions in the charge of one minister or pastor shall be taken as a single risk.

The policy must be written in the name of all such churches, missions or parishes citing the location of each.

964 SHELTERED WORK SHOPS - all employees including office.

This classification is for establishments certified as sheltered work shops (exempted from the Federal Minimum Wage Law) by the United States Department of Labor, Employment Standards Administration, Wage and Hour Division.

- 965 COLLEGE OR SCHOOL, N.O.C all employees including office.
- 966 TELEVISION, VIDEO, AUDIO or RADIO EQUIPMENT SERVICE OR REPAIR Shop or Outside.

Separately staffed store operations shall be assigned to the appropriate store class.

967 THEATERS – all employees, including office.

## 968 AMUSEMENT, INDOOR

Health or exercise clubs shall be assigned to Code 884.

Organized athletics are excluded from this classification and separately rated by Code 970 or Code 991.

969 AMUSEMENT, OUTDOOR: fairs, exhibitions, amusement parks or any outdoor amusement that is permanently sited. This classification includes ticket sellers or collectors and box office employees.

Payroll developed in the operation of a restaurant, when conducted in a physically separate department and by a separate crew of employees, shall be assigned to the applicable restaurant classification. Please see the Rulings and Interpretations, Section 5 of the Manual, for further information.

Code 928 shall be assigned to payroll developed by the sale of gifts/souvenirs when conducted in a physically separate department and by a separate crew of employees.

Employees engaged in the sale of food or drink or gifts/souvenirs from vending carts or by carrying the merchandise on their person shall remain assigned to Code 969.

Assign Code 981 to payroll developed in slot machine gambling operations when conducted in a physically separate department by a separate staff.

Race track pari-mutuel employees shall be separately rated by Code 953.

Organized athletics are excluded from this classification and separately rated by Code 970 or Code 991.

#### 970 ATHLETIC TEAM: CONTACT SPORTS – Professional or Semiprofessional.

Includes but is not necessarily limited to all players on the salary list of the insured whether regularly played or not, coaches, managers, referees or umpires. Separate scouting staff is assignable to Class 951.

Contact sports include but are not necessarily limited to: football, hockey, lacrosse or roller derby.

The entire remuneration of each player, coach or manager should be included in computing premium, subject to a maximum of \$60,000 per season. Season includes pre-season and post-season exposure. When a player, coach or manager works for two or more teams in the same sport during the season, the maximum shall be pro-rated.

The remuneration of an individual player is subject to a minimum of \$600.00 per week of the season as defined above, including board and lodging.

- **971 COMMERCIAL BUILDINGS** operation by owner lessee or management firms, including care, custody and/or maintenance of premises. Also includes generalist and specialist commercial building cleaning (including window cleaning) and building maintenance contractors.
- 973 HOTEL all employees, except office and food service or beverage operations staff.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

**974 RETIREMENT OR LIFE CARE COMMUNITY** – with less than 50% of beds Licensed as Intermediate Care or Higher – all employees except office and home health care services.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

975 **RESTAURANT, N.O.C.** – All employees except office.

See the Rulings and Interpretations, Section 5, for information on the scope of this class.

**976 Y.M.C.A.**, **Y.W.C.A.**, and Community Center, including summer camps and day care centers – all employees including office, except home health care services employees.

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided in this Manual.

## 977 BARBER SHOP, BEAUTY PARLOR OR HAIR STYLING SALON.

978 CAMPS, SUMMER OR WINTER, N.O.C. – all employees including office at camp locations.

Separate staff at other than camp locations shall be classified in accordance with the class appropriate to the business at the location.

### **CITIES AND TOWNS**

979 **RESIDENTIAL FACILITY FOR THE ELDERLY – NON-MEDICAL** – all employees except office and home health care services.

Please see the Rulings and Interpretations, Section 5 for further information on the scope of this class.

**980 CITY, TOWN,** Township or County – all employees, excluding only the following which must be separately classified as provided in this Manual: Golf Courses, Health Clubs, Housing Authorities, Municipal Authorities, Salaried Police Officers or Firefighters, Museums, Public Libraries or Clerical Office. Inspectors shall be assigned to Code 951.

## 981 SLOT MACHINE GAMBLING.

For all personnel in the slot machine gaming area including but not limited to: floor attendants, vault cashiers, merchandising clerks, guest service representatives, service technicians, parking valets or money counters.

- **983 HOUSING AUTHORITY** including resident or on-site managers. New construction, alterations or demolition work shall be separately rated.
- 984 **INSURANCE COMPANY** All Employees including Office.

An establishment chartered under state law that undertakes to indemnify for losses pursuant to a written contract of insurance and to perform other insurance related operations.

Any contractor providing a service(s) to an insurance company including but not necessarily limited to independent insurance agents, consulting actuarial firms, advisory rating organizations or establishments engaged in premium auditing or performing the adjusting or administration of insurance claims shall be separately classified as provided for in this Manual.

**985 POLICE OR FIREFIGHTERS**, Salaried Employees of Cities, Towns, Boroughs or Counties.

**VOLUNTEER FIRE COMPANIES;** Members treated as state employees see Chapter 23, Section 2312 of the Workers' Compensation Law for more detail.

986 SHELTER OR HALFWAY HOUSE – RESIDENTIAL – NON-MEDICAL – All Employees including Office.

Please see the Shelter or Halfway House Ruling and Interpretation in Section 5 for information on the scope of this class.

**988 BANK** – All Employees including Office.

Applicable to businesses whose operations must include the deposit and holding of money in the form of checking/savings accounts or certificates of deposit. In addition these risks may also provide credit extensions, commercial/consumer loans or mortgages.

Also applicable to establishments principally engaged in check cashing for a fee. Such risks may also provide money orders, wire transfers, lottery tickets, transit passes/tokens, or postage stamps to their customers, each for a separate fee.

### **Operations Not Covered:**

- 1. The operation of trusts, repossessed or other business properties away from the bank premises.
- 2. Financial agencies engaged solely in providing home equity loans, debt consolidation, or mortgage services who do not receive money deposits and/or provide interest bearing accounts to their borrowers.

#### 991 ATHLETIC TEAM: NON-CONTACT SPORTS – Professional or Semiprofessional.

Includes but is not necessarily limited to all players on the salary list of the insured whether regularly played or not, coaches, managers, referees or umpires. Separate scouting staff is assignable to Class 951.

Non-contact sports include but are not necessarily limited to: baseball, basketball or soccer.

The entire remuneration of each player, coach or manager should be included in computing premium, subject to a maximum of \$60,000 per season. Season includes pre-season and post-season exposure. When a player, coach or manager works for two or more teams in the same sport during the season, the maximum shall be pro-rated.

The remuneration of an individual player is subject to a minimum of \$500.00 per season or year, including board and lodging.

### 992 SANITARY COMPANY.

For establishments engaged in the cleaning of septic tanks, cesspools or chemical portable toilets.

Rubbish or garbage removal performed by a separate staff shall be assigned to Code 995.

#### 995 RUBBISH OR GARBAGE REMOVAL.

Also includes but is not necessarily limited to environmental cleanup services, sewer or water main cleaning by hydraulic method, street sweeping or tank cleaning – including bulk storage type.

Collection and sorting of recyclables (e.g., newspapers, beverage cans, glass or plastic bottles) by a separate staff (with sorting in a physically separate work area) shall be assigned to Code 862.

## **CEMETERIES AND UNDERTAKERS**

## 997 UNDERTAKER.

## 999 CEMETERY.

### FARMS

**0006 FIELD CROP** or **VEGETABLE FARM** – the raising of all field crops or vegetables or the general farms which carry on a variety of operations.

Separately staffed food processing operations shall be assigned to Code 113.

Inservants shall be separately classified.

## 0008 MUSHROOM RAISING.

Applies to businesses engaged in raising mushrooms, including the incident production of hay or other materials for compost.

Separately staffed mushroom canning operations shall be assigned to Code 113.

#### 0011 FLOWER RAISING.

Applicable only to businesses raising flowers in fields or under glass to be marketed on a commercial basis as cut flowers or living plants.

A store or outlet at the same or contiguous location may be separately classified by Code 919 provided the store or outlet is separately staffed and is located in a physically separate area or department.

# 0013 NURSERY.

Applicable to businesses principally engaged in raising trees (including Christmas trees), shrubs, plants or sod farms.

**0016 ORCHARD** – the raising of fruit or nut trees or of berries or grapes.

Separately staffed wine, apple juice or similar product production operations shall be assigned to Code 113.

Inservants shall be separately classified.

**0034 ANIMAL RAISING** – Egg Production, Fish Hatcheries, Hogs, Poultry, Calf Raising for Veal or Fur Bearing Animals.

Separately staffed poultry dressing operations shall be assigned to Code 865. Separately staffed hog or calf dressing operations shall be assigned to Code 111.

Inservants shall be separately classified.

**0036 DAIRY FARM** – Farms engaged in the production of milk.

Separately staffed milk processing or other dairy product (except separately staffed and located ice cream manufacturing) operations shall be assigned to Code 109.

Inservants shall be separately classified.

## DELAWARE WORKERS COMPENSATION MANUAL SECTION 2 EFFECTIVE DATE: DECEMBER 1, 2005

## Page A-27

**0083** LIVESTOCK (excluding dairy or horse) FARM – includes but is not necessarily limited to the raising of cattle, sheep or goats in fields/pastures.

Inservants shall be separately classified.

## DOMESTIC WORKERS

## 0908 INSERVANTS - OCCASIONAL.

**0909 OUTSERVANT – OCCASIONAL** – including occasional private chauffeurs.

(Classes 0912 and 0909 are not available for use in connection with the operation of a farm.)

0912 OUTSERVANT - including private chauffeurs.

(Classes 0912 and 0909 are not available for use in connection with the operation of a farm.)

0913 INSERVANTS, excluding office employees.

## EXPLOSIVES AND AMMUNITION MFG.

## 4771 EXPLOSIVES Or Ammunition MFG., N.O.C.

Includes but is not necessarily limited to: bag loading – propellant charges, black powder mfg., cap, primer, fuse, booster or detonator assembly, cartridge charging or loading, fireworks mfg., high explosives mfg., projectile, bomb, mine or grenade loading, projectile or shell mfg., shell case loading or smokeless powder mfg. – single base.

Code 0771 must be applied to Class 4771 payroll to determine the mandatory catastrophe reserve which is not subject to experience or retrospective rating.

Businesses engaged in the preparation and/or distribution of blasting agents and/or the distribution of high explosives shall be classified by Code 4777.

## 4777 EXPLOSIVES DISTRIBUTOR.

Includes the preparation and/or distribution of blasting agents and/or the distribution of high explosives. Blasting operations conducted by a separate crew shall be assigned to Code 609. No high explosives manufacturing.

#### MARITIME or FEDERAL EMPLOYMENTS

## (1) Liability under the U.S. Longshore and Harbor Workers' Compensation Act.

- (a) To provide insurance against liability under the U.S. Longshore and Harbor Workers' Compensation Act, the Standard Workmen's Compensation and Employers' Liability Policy shall be used with endorsement providing for coverage under such Act (See Section 3).
- (b) The rates for the following classifications have been calculated to provide coverage under the U.S. Longshore and Harbor Workers' Compensation Act:

## STEVEDORING:

Any or all of the following operations conducted by employees not members of the crews of vessels shall be classified as "Stevedoring":

- 1. Loading or unloading, stowing, shifting or trimming of cargo, supplies and materials on board vessel.
- 2. Transfer of cargo, supplies and materials between vessels and pier, irrespective of the necessity of work on board vessels by employees of the insured.
- 3. Transfer between stringpiece and point of deposit on dock or adjacent warehouses including tiering, sorting and breaking down.
- 4. Operation of all mechanical equipment, including dock tractors, in connection with the above.

Any or all operations as defined above shall be assigned to Code 7309F if the operations described by Item 2 above, whether conducted by one or more concerns, require the use of hoisting equipment except as provided under Code 7327F. All other operations shall be assigned to Code 7317F. Drivers not conducting Stevedoring operations as defined above shall be assigned to Code 811.

#### 6824F BOAT BUILDING OR REPAIR.

This classification is applicable to the construction or repair of wood, metal, fiberglass or plastic yachts, motor boats, sailboats or rowboats not exceeding 150' in length overall where the coverage is under the U.S. Act.

#### 6826F MARINA.

Applicable to all waterfront operations, including but not necessarily limited to: the operation of boat docks, storage facilities, repair shops or marine railways, the sale or repair of boats or engines, the sale of parts or accessories, dockside snack bars and all dockside employees. The operation of separately-staffed inland boat showrooms or the operation of separately-staffed motels, restaurants, swimming pools, bowling lanes or other recreational facilities shall be separately classified as provided for in this Manual.

Separate staff engaged in boat building are assignable to Code 6824F.

#### 6843F SHIP BUILDING, IRON OR STEEL.

Includes fabrication or assembling of ship plates or frames, all yard operations and shops directly connected with the construction of hull.

### 6872F SHIP REPAIR OR CONVERSION - ALL OPERATIONS.

Includes shop or yard operations as well as the operation of dry docks and marine railways. Applicable only to concerns engaged in general ship repair or conversion. Work performed on ships by other concerns shall be assigned to the Manual classes describing the work. See special rules for application of U.S.L. factor to State classification. (See Rule XII).

#### 7309F STEVEDORING, N.O.C.

When policies are issued covering both Classes 7317F and 7309F, no division of payroll shall be permitted in connection with the loading or unloading of any one vessel.

## 7313F COAL DOCK OPERATION AND STEVEDORING.

Applies to coal docks using mechanical apparatus. Not applicable to contract stevedores or coal merchants operating yards.

### 7317F STEVEDORING - BY HAND OR HAND TRUCK EXCLUSIVELY.

Includes incidental use of power-driven escalators or conveyors or operation of tractors or trailers through side ports. No use of hoisting equipment. No payroll division in connection with a single vessel.

#### 7327F STEVEDORING – CONTAINERIZED FREIGHT.

Applies to ships designed for freight carrying containers. No work in holds. Separately staffed over-the-road trucking operations shall be assigned to Code 811. No payroll division with a single vessel.

#### **7366F FREIGHT HANDLERS** – On piers or in terminals in areas adjoining piers.

Applies to handling cargo on piers or adjoining areas or terminals, incident to loading or unloading vessels. Such cargo handling includes but is not necessarily limited to: freight checks, stuffing and/or stripping containers, loading and/or unloading trucks and/or railroad cars.

Freight handling not on piers or in terminals in areas adjoining piers (Stevedoring) conducted by a separate staff shall be assigned in accordance with the class or classes appropriate to the business of the employer.

### 8709F STEVEDORING – TALLYMEN AND CHECKING CLERKS.

Engaged in connection with stevedoring work. Coverage under U.S. Act.

#### 8726F STEAMSHIP LINE OR AGENCY - PORT EMPLOYEES.

This classification includes superintendents, captains, engineers, stewards or their assistants and pay clerks.

#### 

# (2) Other Maritime or Federal Employments.

Maritime or Federal employments other than the U.S. Longshore and Harbor Workers' Compensation Act do not come under the provisions of the Delaware Insurance Laws. Accordingly, the Delaware Insurance Department indicates that they do not have jurisdiction over the coverage, rules and rates for these other Maritime and Federal employments. In compliance with Federal Anti-Trust laws the Delaware Compensation Rating Bureau, Inc. cannot promulgate rates for these coverages.

### (3) Dredging Operations.

The rating values published in the Delaware Compensation Manual for Code 055 (for dredging of materials on non-navigable waterways) contemplate coverage under the State Act only. If coverage is desired under the U.S.L. Act, the Federal increase factor shown in Section 2 on Page 9 shall be applied.

A single policy may be issued including Delaware Act coverage, U.S.L. coverage and Admiralty coverage providing the classification of operations in the policy declarations is subdivided to clearly indicate the classes and rating values for the Dredging operations subject to:

- (a) The Delaware Act alone or including U.S.L. Act coverage and
- (b) Admiralty jurisdiction.

In lieu of a single policy, two separate policies may be issued as follows:

- (a) A standard Delaware policy using rates approved by the Delaware Insurance Commissioner, applicable to Delaware coverage only, or to Delaware and U.S.L. coverage. Such policy shall be endorsed to exclude Admiralty coverage.
- (b) An Admiralty policy.

## AIRCRAFT OPERATION

The classifications described under this class group apply to fixed wing and other aircraft. The phrase "members of the flying crew" is defined to mean all flying personnel engaged in the operation of aircraft or the care of passengers or cargo in flight. It includes, but is not limited to employees designated as airplane commanders, pilots, check pilots, co-pilots, flight engineers, navigators, technical or other observers, flight technicians, radio or radar operators, hosts, hostesses, stewards, stewardesses and pursers.

Ticket sellers and information clerks away from airport locations shall be separately classified by Code 953. Ticket sellers, information clerks and personnel engaged in performing the checking-in of passengers and baggage at airport locations shall be assigned to Code 7428.

When noted, an aircraft operations classification allows use of an associated classification for a nonratable catastrophe reserve.

7405 AIRCRAFT OPERATION – scheduled and supplemental air carriers - all members of the flying crew.

This classification shall apply to scheduled or commercial air carriers, including cargo carriers, operating under Part 121 of the Federal Aviation Regulations.

Code 7445 must be applied to Class 7405 payroll to determine the mandatory catastrophe reserve which is not subject to experience or retrospective rating.

#### 7413 AIRCRAFT OPERATION – commuter air carriers – all members of flying crew.

This classification shall apply to commuter air carriers who operate under Part 135 of the Federal Aviation Regulations, conduct at least five round trips per week between two or more points, and publish flight schedules that specify the times and places between which flights are performed.

Code 7453 must be applied to Class 7413 payroll to determine the mandatory catastrophe reserve which is not subject to experience or retrospective rating.

7421 AIRCRAFT OPERATION – transportation of personnel in the business of an employer not otherwise engaged in aircraft operations – all members of the flying crew.

This classification applies to the payroll of the pilot and all members of the flying crew. In the case of aircraft owned or operated by an employer in the conduct of his business, this classification shall apply to the payroll of executive officers or other employees acting as pilots or members of the flying crew. If the records of the employer clearly indicate the weeks in which flying is performed by such employees, (1) only the payroll for each week during any part of which the employee has engaged in flight duties shall be assigned to this classification unless the classification applicable to the employee's non-flying operations carries a higher rate in which event such classification shall apply and (2) the payroll for each week in which no flying has been done shall be assigned to those classifications which would otherwise apply. If the records of the employee shall be assigned to this classification applicable to the employees shall be assigned to this classification applicable to the employees apply and (2) the payroll for such employee do not clearly indicate the weeks in which flying is performed by such employees, the entire payroll for such employees shall be assigned to this classification applicable to the employee's non-flying operations carries a higher rate in which flying is performed by such employees, the entire payroll for such employees shall be assigned to this classification applicable to the employee's non-flying operations carries a higher rate in which event such classification applicable to the employee's non-flying operations carries a higher rate in which event such classification applicable to the employee's non-flying operations carries a higher rate in which event such classification shall apply.

Commercial aircraft operation to be separately rated.

A per passenger seat surcharge, subject to a maximum surcharge of ten seats per aircraft, shall be charged in addition to the premium otherwise determined under this classification. These surcharges shall not be cumulative in the event of substitution of aircraft during the policy period; but these surcharges shall be cumulative in the event more than one aircraft is owned or operated during the same policy period. These surcharges shall not be subject to pro rata or short rate adjustment except in the event of cancellation of the policy. These surcharges and losses to employees, other than members of flying crew, arising out of the operation of an aircraft, are to be reported under **Code 9108**. Attach Endorsement **WC 00 06 01**.

**7424 AIRCRAFT OPERATION,** N.O.C – including but not necessarily limited to air taxi, patrol, photography, mapping, skywriting advertising, survey work, sightseeing, student instruction, crop dusting or spraying or flight testing – all members of the flying crew.

## 7428 AIRPORT OPERATION - ground employees.

Ticket sellers or information clerks away from airport locations shall be separately classified by **Code 953**. Ticket sellers, information clerks or personnel engaged in performing the checking-in of passengers or baggage at airport locations shall be assigned to **Code 7428**.

## 9108 AIRCRAFT Passenger Seat Surcharge.

The maximum surcharge is ten seats per aircraft. For details see **Class 7421**, Aircraft Operations, Transportation of Personnel for Business. Premium developed under **Code 9108** is not subject to experience or retrospective rating.

### 9740 Terrorism Premium Charge.

Statistical **Code 9740** relates to premium charged for losses covered under the Terrorism Risk Insurance Act of 2002 (TRIA 2002). Premium developed under **Code 9740** is not subject to experience, merit or retrospective rating.

## ENDORSEMENTS

## **General Information**

## (Regarding standard policy, information page and endorsements)

## GENERAL ENDORSEMENT NOTES

- 1. Insurance carriers may use their own attachment clause and method of execution on each endorsement. The execution clause of endorsements issued subsequent to the policy must include at a minimum the following information: policy number, endorsement, effective date, name of the insurer and insured, and premium (if applicable). Multi-company groups must show the name or the five digit NCCI carrier code of the member of the group providing the insurance.
- 2. The endorsement forms shown on the subsequent pages are for use with policies effective 4/1/84 and thereafter, in conjunction with the adoption of the revised standard policy form and information page.

THE PAGES WHICH APPEAR HEREIN INCLUDE MATERIAL FROM THE NATIONAL COUNCIL ON COMPENSATION INSURANCE COPYRIGHT (1982/1983) USED WITH ITS PERMISSION.

DELAWARE FORMS HAVE BEEN COPYRIGHTED BY THE DELAWARE COMPENSATION RATING BUREAU INC. OR THE PENNSYLVANIA COMPENSATION RATING BUREAU.

The license extended to the Delaware Compensation Rating Bureau Inc. by the National Council on Compensation Insurance for use of its copyrighted forms permits this Bureau's members to use such forms provided the form carries the legend "Copyright 19\_\_\_\_ National Council on Compensation Insurance" (the year to be filed in accordance with the appropriate year of copyright as found in the Forms Manual issued by the NCCI). Any of the standard forms included in this change may be ordered from the National Council on Compensation Insurance.

The standard policy and endorsements have been filed on behalf of the members of the Bureau and approved by the Insurance Commissioner. Accordingly, individual filings with the Insurance Department or the Industrial Accident Board are not required if a member carrier uses the standard form. However, a specimen copy of each approved form prepared by the carrier shall be filed with the Bureau. Any company which makes other than authorized changes in or additions to such approved Bureau forms must file the forms directly with the Insurance Department, providing a copy of such filing to the Industrial Accident Board and the Bureau. See Section 5, Filing and Approval of Policy and Endorsements Procedure, for specific instructions.

The information page and its notes were also filed and approved as a standard form. The specific form copyrighted by the National Council on Compensation Insurance. It will be seen that some of the notes require modifications to this form for use in Delaware, while other notes give the carrier many options as to items to be included. Use of an information page which includes the Delaware requirements and the exercise of any of the other specified options will be considered an approved form, subject only to filing with the Bureau. Any omission(s) of required items from an information page will require filing of such information page with the Insurance Department, with a copy of such filing to be forwarded to the Bureau.

#### TABLE OF CONTENTS TO SECTION 3 ENDORSEMENTS

### Standard Workers Compensation and Employers Liability Policy Form

### **Policy Format**

The policy consists of a General Section and six Parts.

Part One is statutory workers compensation coverage.

Part Two is employers liability coverage.

Part Three provides Other States insurance. This was previously provided by the Other States Endorsement.

Part Four shows the insured's duties in event of loss.

Part Five consists of all premium provisions, including premium calculation on cancellation.

Part Six shows the five Conditions of the policy.

Standard Policy: See National Council on Compensation Insurance Forms Manual	WC 00 00 00A
Information Page: See National Council on Compensation Insurance Forms Manual	WC 00 00 01A

### **Information Page Notes**

The information page notes found in the National Council on Compensation Insurance Forms Manual apply in **Delaware**. Non-NCCI member can contact the Bureau for details.

### Workers Compensation and Employers Liability Insurance Policy

WC 00 01 01A

# DEFENSE BASE ACT COVERAGE ENDORSEMENT

This endorsement applies only to the work described in the Schedule or described on the Information Page as subject to the Defense Base Act. The policy applies to that work as though the location included in the description of the work were a state named in item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

#### C. Workers' Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Defense Base Act (42 USC Sections 1651-1654). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Defense Base Act.

Schedule

Description of Work:

- **Note 1:** The Defense Base Act makes the Longshore and Harbor Workers' Compensation Act apply to contractors performing work at overseas military bases, whether in a territory or possession of the United States or in a foreign country, and to various public works contracts performed outside the continental United States.
- **Note 2:** Use this endorsement to provide workers compensation insurance and employers liability insurance for work subject to the Defense Base Act extension of the Longshore and Harbor Workers' Compensation Act.
- Note 3: The description of the work include the location where the work is to be performed.

### Workers Compensation and Employers Liability Insurance Policy

WC 00 01 02

# FEDERAL COAL MINE HEALTH AND SAFETY ACT COVERAGE ENDORSEMENT

This endorsement applies only to work in a state shown in the Schedule and subject to the Federal Coal Mine Health and Safety Act of 1969 (30 USC Sections 931-942). Part One (Workers Compensation Insurance) applies to that work as though that state were shown in item 3.A. of the Information Page.

The definition of workers compensation law includes the Federal Coal Mine Health and Safety Act of 1969 (30 USC Sections 931-942) and any amendment to that law that is in effect during the policy period.

Part One (Workers Compensation Insurance), section A.2., How This Insurance Applies, is replaced by the following:

Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period or, when the last exposure occurred prior to July 1, 1973, a claim based on that disease must be first filed against you during the policy period shown in item 2 of the Information Page.

### Schedule

State

- Note 1: Use this endorsement when the policy is to cover exposures subject to the Federal Coal Mine Health and Safety Act.
- **Note 2:** Federal Black Lung workers compensation insurance is provided in a state (including monopolistic state fund states) by naming the state in the Schedule.
- **Note 3:** If this endorsement is used with a policy that does not provide any state workers insurance, the insurer may enter the words "no coverage", or "none", or the equivalent, in item 3.A. of the Information Page.

#### Workers Compensation and Employers Liability Insurance Policy

WC 00 01 04 A

#### FEDERAL EMPLOYERS' LIABILITY ACT COVERAGE ENDORSEMENT

This endorsement applies only to work subject to the Federal Employers' Liability Act (45 USC Sections 51-60) and any amendment to that Act that is in effect during the policy period.

**G.** Limits of Liability of Part Two (Employers Liability Insurance) is replaced by the following:

### G. Limits of Liability

Our liability to pay for damages is limited. Our limits of liability are shown in the Schedule. They apply as explained below:

 Bodily Injury by Accident. The limit shown for "bodily injury by accident-each accident" is the most we will pay for all damages covered by this insurance because of bodily injury to one or more employees in any one accident.

A disease is not bodily injury by accident unless it results directly for bodily injury by accident.

 Bodily injury by Disease. The limit shown for "bodily injury by disease-aggregate" is the most we will pay for all damages covered by this insurance because of bodily injury by disease to one or more employees. The limit applies separately to bodily injury by disease arising out of work in each state shown in Item 3.A. of the Information Page or in the Schedule.

Bodily injury by disease does not include disease that results directly from bodily injury by accident.

3. We will not pay any claims for damages after we have paid the applicable limit of our liability under this insurance.

If any state is named in Item 2 of the Schedule, Part Two (Employers Liability Insurance) applies in that state to work subject to the Federal Employers' Liability Act as though that state were listed in Item 3.A. of the Information Page. Part One (Workers Compensation Insurance) does not apply in a state shown in the Schedule.

Part Two (Employers Liability Insurance), C. Exclusions. Exclusion 9, does not apply to work subject to the Federal Employer's Liability Act.

Schedule

- 1. Limits of liability Bodily Injury by Accident
   \$\_\_\_\_\_\_\_
   each accident

   Bodily Injury by Disease
   \$\_\_\_\_\_\_\_
   aggregate
- 2. State
- Note 1: The federal Employers Liability Act makes an interstate railroad liable for bodily injuries sustained by an employee. That liability of the railroad is insured by Part Two (Employers Liability Insurance) unless specifically excluded by Federal Employers Liability Act Exclusion.
- Note 2: Use this endorsement when providing Federal Employers Liability Act coverage under Program I or II of Rule XIII of the Basic Manual.
- Note 3: Item 2 of the Schedule may be used to extend FELA coverage to a state not listed in item 3.A. of the Information Page.

#### Workers Compensation and Employers Liability Insurance Policy

WC 00 01 06A

# LONGSHORE AND HARBOR WORKERS' COMPENSATION ACT COVERAGE ENDORSEMENT

This endorsement applies only to work subject to the Longshore and Harbor Workers' Compensation Act in a state shown in the Schedule. The policy applies to that work as though that state were listed in item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

#### C. Workers' Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Longshore and Harbor Workers' Compensation Act (33 USC Sections 901-950). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Longshore and Harbor Workers' Compensation Act.

This endorsement does not apply to work subject to the Defense Base Act, the Outer Continental Shelf Lands Act, or the Nonappropriated Fund Instrumentalities Act.

Schedule

<u>State</u>

Longshore and Harbor Workers' Compensation Act Coverage Percentage

The rates for classifications with code numbers not followed by the letter "F" are rates for work not ordinarily subject to the Longshore and Harbor Workers' Compensation Act. If this policy covers work under such classifications, and if the work is subject to the Longshore and Harbor Workers' Compensation Act, those non-F classification rates will be increased by the Longshore and Harbor Workers' Coverage Percentage shown in the Schedule.

#### Workers Compensation and Employers Liability Insurance Policy

WC 00 01 08A

# NONAPPROPRIATED FUND INSTRUMENTALITIES ACT COVERAGE ENDORSEMENT

This endorsement applies only to the work described in the Schedule or described on the Information Page as subject to the Nonappropriated Fund Instrumentalities Act. The policy applies to that work as though the location shown in the Schedule were a state named in item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

#### C. Workers Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Nonappropriated Fund Instrumentalities Act (5 USC Sections 8171-8173). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Nonappropriated Fund Instrumentalities Act.

Schedule

Description and Location of Work:

# Workers Compensation and Employers Liability Insurance Policy

WC 00 02 01A

# MARITIME COVERAGE ENDORSEMENT

This endorsement changes how insurance provided by Part Two (Employers Liability Insurance) applies to bodily injury to a master or member of the crew of any vessel.

A. How This Insurance Applies is replaced by the following:

#### A. How This Insurance Applies

This insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

- 1. The bodily injury must arise out of and in the course of the injured employee's employment by you.
- 2. The employment must be necessary or incidental to work described in item 1 of the Schedule of the Maritime Coverage Endorsement.
- 3. The bodily injury must occur in the territorial limits of, or in the operation of a vessel sailing directly between the ports of the continental United States of America, Alaska, Hawaii or Canada.
- 4. Bodily injury by accident must occur during the policy period.
- 5. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.
- 6. If you are sued, the original suit and any related legal actions for damages for bodily injury by accident or by disease must be brought in the United States of America, its territories or possessions, or Canada.
- C. Exclusions is changed by removing exclusion 10 and by adding exclusions 13 and 14.

This insurance does not cover:

- 13. bodily injury covered by a Protection and Indemnity Policy or similar policy issued to you or for your benefit. This exclusion applies even if the other policy does not apply because of another insurance clause, deductible or limitation of liability clause, or any similar clause.
- 14. your duty to provide transportation, wages, maintenance and cure. This exclusion does not apply if a premium entry is shown in item 2 of the Schedule.
- D. We Will Defend is changed by adding the following statement:

We will treat a suit or other action in rem against a vessel owned or chartered by you as a suit against you.

#### G. Limits of Liability

Our liability to pay for damages is limited. Our limits of liability are shown in the Schedule. They apply as explained below.

1. Bodily Injury by Accident. The limit shown for "bodily injury by accident - each accident" is the most we will pay for all damages covered by this insurance because of bodily injury to one or more employees in any one accident.

A disease is not bodily injury by accident unless it results directly from bodily injury by accident.

2. Bodily Injury by Disease. The limit shown for "bodily injury by disease - aggregate" is the most we will pay for all damages covered by this insurance because of bodily injury by disease to one or more employees. The limit applies separately to bodily injury by disease arising out of work in each state shown in Item 3.A. of the Information Page. Bodily injury by disease will be deemed to occur in the state of the vessel's home port.

### Workers Compensation and Employers Liability Insurance Policy

WC 00 02 03

# VOLUNTARY COMPENSATION MARITIME COVERAGE ENDORSEMENT

This endorsement adds Voluntary Compensation Maritime Insurance to the policy.

#### A. How This Insurance Applies

This insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

- 1. The bodily injury must be sustained by an employee who is a master or member of the crew of a vessel described in the Schedule.
- 2. The bodily injury must occur in employment that is necessary or incidental to work described in item 2 of the Schedule.
- 3. The bodily injury must occur in the territorial limits of, or in the operation of a vessel sailing directly between the ports of, the continental United States of America, Alaska, Hawaii or Canada.
- 4. Bodily injury by accident must occur during the policy period.
- 5. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employees' last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

## B. We Will Pay

We will pay an amount equal to the benefits that would be required of you if you and your employees described in the Schedule were subject to the workers compensation law shown in the Schedule. We will pay those amounts to the persons who would be entitled to them under that law.

#### C. Exclusions

This insurance does not cover:

- 1. any obligation imposed by a workers compensation or occupational disease law, or any similar law.
- 2. bodily injury intentionally caused or aggravated by you.

#### D. Before We Pay

Before we pay benefits to the persons entitled to them, they must:

- 1. Release you and us, in writing, of all responsibility for the injury or death.
- 2. Transfer to us their right to recover from others who may be responsible for the injury or death.
- 3. Cooperate with us and do everything necessary to enable us to enforce the right to recover from others.

If the persons entitled to the benefits of this insurance fail to do those things, our duty to pay ends at once. If they claim damages from you or from us for the injury or death, our duty to pay ends at once.

### Workers Compensation and Employers Liability Insurance Policy

WC 00 03 11A

# VOLUNTARY COMPENSATION AND EMPLOYERS LIABILITY COVERAGE ENDORSEMENT

This endorsement adds Voluntary Compensation Insurance to the policy.

### A. How This Insurance Applies

This insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

- 1. The bodily injury must be sustained by an employee included in the group of employees described in the Schedule.
- 2. The bodily injury must arise out of and in the course of employment necessary or incidental to work in a state listed in the Schedule.
- 3. The bodily injury must occur in the United States of America, its territories or possessions or Canada, and may occur elsewhere if the employee is a United States or Canadian citizen temporarily away from those places.
- 4. Bodily injury by accident must occur during the policy period.
- 5. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

### B. We Will Pay

We will pay an amount equal to the benefits that would be required of you if you and your employees described in the Schedule were subject to the workers compensation law shown in the Schedule. We will pay those amounts to the persons who would be entitled to them under the law.

### C. Exclusions

This Insurance does not cover:

- 1. any obligation imposed by a workers compensation or occupational disease law, or any similar law.
- 2. bodily injury intentionally caused or aggravated by you.

### D. Before We Pay

Before we pay benefits to the persons entitled to them, they must:

- 1. Release you and us, in writing, of all responsibility for the injury or death.
- 2. Transfer to us their right to recover from others who may be responsible for the injury or death.
- 3. Cooperate with us and do everything necessary to enable us to enforce the right to recover from others.

If the persons entitled to the benefits of this insurance fail to do those things, our duty to pay ends at once. If they claim damages from you or from us for the injury or death, our duty to pay ends at once.

### E. Recovery From Others

If we make a recovery from others, we will keep an amount equal to our expenses of recovery and the benefits we paid. We will pay the balance to the persons entitled to it. If the persons entitled to the benefits of this insurance make a recovery from others, they must reimburse us for the benefits we paid them.

WC 00 03 11A (Continued)

# F. Employers Liability Insurance

Part Two (Employers Liability Insurance) applies to bodily injury covered by this endorsement as though the State of employment shown in the Schedule were shown in item 3.A. of the Information Page.

# WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

This agreement shall not operate directly or indirectly to benefit any one not named in the Schedule.

#### Schedule

- Note 1: Use this endorsement to waive the company's right of subrogation against named third parties who may be responsible for an injury.
- **Note 2:** The sentence in () is optional with the company. It limits the endorsement to apply only to specific jobs of the insured, and only to the extent that the insured is required to obtain this waiver.

Workers Compensation and Employers Liability Insurance Policy

WC 00 04 02

# ANNIVERSARY RATING DATE ENDORSEMENT

The premium and rates for this policy, and the experience rating modification factor, if any, may change on your anniversary rating date shown in the Schedule.

Schedule

Anniversary Rating Date \_\_\_\_\_ (Month) \_\_\_\_\_ (Day)

**Note 1:** The anniversary rating date is explained in Rule 1 of the Basic Manual.

Note 2: Use this endorsement to show the insured's normal anniversary rating date if different from the policy effective date.

Note 3: The insurer may show the anniversary rating date in item 2 or item 4 of the Information Page.

Workers Compensation and Employers Liability Insurance Policy

WC 00 04 03

# **EXPERIENCE RATING MODIFICATION FACTOR ENDORSEMENT**

The premium for the policy will be adjusted by an experience rating modification factor. The factor was not available when the policy was issued. The factor, if any, shown on the Information Page is an estimate. We will issue an endorsement to show the proper factor, if different from the factor shown, when it is calculated.

Note 1: This endorsement may be used if the insured's experience rating modification factor is not available when the policy is issued.

**Note 2:** An appropriate typewritten entry may be made in the Information Page instead of using this endorsement.

# Workers Compensation and Employers Liability Insurance Policy

WC 00 04 04

# PENDING RATE CHANGE ENDORSEMENT

A rate change filing is being considered by the proper regulatory authority. The filing may result in rates different from the rates shown on the policy. If it does, we will issue an endorsement to show the new rates and their effective date.

If only one state is shown in Item 3.A. of the Information Page, this endorsement applies to that state. If more than one state is shown there, this endorsement applies only in the state shown in the Schedule.

Schedule

State

Note 1: Use this endorsement if the rates shown in the policy may change because of a rate filing pending when the policy is issued.

Note 2: An appropriate typewritten entry may be made on the Information Page instead of using this endorsement.

# **Rate Change Endorsement**

Rate changes that apply to the policy have been approved by the proper regulatory authority. The changes are shown in the Schedule.

### Schedule

Date of Change State Coverage % Change Longshore and Harbor Workers Act Coverage %

Note 1: Use this endorsement to show a change in rates for state coverage.

**Note 2:** Use the first and second columns to show the state and effective date of the change.

**Note 3:** Use the third column if the change is a flat percentage applicable to all classifications.

- **Note 4:** Use the fourth Column to show the new percentage, if any, applicable to non-F classifications for work subject to the Longshore and Harbor Workers Compensation Act.
- Note 5: The company may show a fifth column (Classification Code Number and Rate) in order to show the change on a Schedule of Rate basis.

**ENDORSEMENTS** 

#### Workers Compensation and Employers Liability Insurance Policy

WC 00 05 03

# RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V – ONE YEAR PLAN

This endorsement is added to Part Five (Premium) because you chose to have the cost of the insurance rated retrospectively by Rating Option V. This endorsement explains the rating plan and how the retrospective premium will be determined.

This endorsement applies in the states listed in the Schedule. It determines the retrospective premium for the insurance provided during the rating plan period by this policy and any policy listed in the Schedule. The rating plan period is the one year period beginning with the effective date of this endorsement.

The amount of retrospective premium depends on five standard elements and two elective elements.

#### A. Retrospective Premium Standard Elements

The five standard elements are explained here.

- 1. Standard premium is the premium we would charge during the rating plan period if you had not chosen retrospective premium rating, but with two exceptions. Standard premium does not include the expense constant charge or the premium discount credit.
- 2. Basic premium is less than standard premium. It is standard premium multiplied by a percentage called the basic premium factor. The basic premium factor varies depending on the total amount of standard premium. The Schedule shows a range of basic premium factors for differing amounts of estimated standard premium. The actual basic premium factor will be determined after the standard premium is determined. If earned standard premium is not within the range of the estimated standard premiums shown in the Schedule, the basic premium will be recalculated.
- 3. Incurred losses are all amounts we pay or estimate we will pay for losses, interest on judgments, expenses to recover against third parties, and employers liability loss adjustment expenses.
- 4. A converted loss is an incurred loss multiplied by a percentage called the loss conversion factor. The loss conversion factor is shown in the Schedule.
- 5. Taxes are a part of the premium we collect. Taxes are determined as a percentage of basic premium and converted losses. The percentage is called the tax multiplier. It varies by state and by Federal and non-Federal classifications. The tax multipliers are shown in the Schedule.

#### B. Retrospective Premium Elective Elements

Two other elements are included in retrospective premium if you elected to include them. They are the excess loss premium for the loss limitation, and the retrospective development premium. They are explained here.

1. The election of a loss limitation means that the amount of incurred loss to be included in the retrospective premium is limited to an amount called the loss limitation. The loss limitation applies separately to each person who sustains bodily injury by disease and separately to all bodily injury arising out of any one accident.

The charge for this loss limitation is called the excess loss premium. Excess loss premium is a percentage of standard premium multiplied by the loss conversion factor. The percentage is called the excess loss premium factor. Taxes are added to excess loss premium just as they are for other elements of retrospective premium.

Excess loss premium factors vary by state, by classification, and by the amount of the loss limitation. If you chose this elective element, the loss conversion factor, the loss limitation, the excess loss premium factors, and the states where they apply are shown in the Schedule.

2. The retrospective development element is used to help stabilize premium adjustments. The premium for this element is charged with the first three calculations of retrospective premium, and is called the retrospective development premium. It is a percentage of standard premium multiplied by the loss conversion factor. The percentage of standard premium is called the retrospective development factor. Taxes are added to retrospective development premium just as they are for other elements of retrospective premium.

#### WC 00 05 03 (Continued)

Retrospective development factors vary by state, by electing a loss limitation, and by first, second, and third calculations of retrospective premium. If you chose this elective element, the retrospective development factors are shown in the Schedule.

### C. Retrospective Premium Formula

Insurance policies listed in the Schedule will be combined with this policy to calculate the retrospective premium. If the policies provide insurance for more than one insured, the retrospective premium will be determined for all insureds combined, not separately for each insured.

- 1. Retrospective premium is the sum of basic premium, converted losses, and taxes, plus the excess loss premium and retrospective development premium elective elements if you chose them.
- 2. The retrospective premium will not be less than the minimum nor more than the maximum retrospective premium. The minimum and maximum retrospective premiums are determined by applying the minimum and maximum factors shown in the Schedule to the standard premium.
- 3. If this endorsement applies to more than one policy or state, the standard premium will be the sum of the standard premiums for each policy and state.

### D. Premium Calculations and Payments

1. We will calculate the retrospective premium using all loss information we have as of a date six months after the rating plan period ends and annually thereafter. We will have the calculation verified by the appropriate rate service organization at your request.

We may make a special valuation of the retrospective premium as of any date that you are declared bankrupt or insolvent, make an assignment for the benefit of creditors, are involved in reorganization, receivership, or liquidation, or dispose of all your interest in work covered by the insurance. You will pay the amount due us if the retrospective premium is more than the total standard premium as of the special valuation date.

- 2. After a calculation of retrospective premium, you and we may agree that it is the final calculation. No other calculation will be made unless there is clerical error in the final calculation.
- 3. After each calculation of retrospective premium, you will pay promptly the amount due us, or we will refund the amount due you. Each insured is responsible for the payment of all standard premium and retrospective premium calculated under this endorsement.

### E. Work In Other States

If any of the policies provide insurance in a state not listed in the Table of States, and if you begin work in that state during the rating plan period, this endorsement will apply to that insurance if this rating plan applies in that state on an interstate basis. The retrospective premium standard elements, and the elective elements you chose, will be determined by our manuals for that state, and added to the Schedule by endorsement.

#### F. Cancelation

- 1. If any insurance subject to this endorsement is canceled, the effective date of cancelation will become the end of the rating plan period for all insurance subject to this endorsement unless we agree with you, by endorsement, to continue the rating plan period.
- 2. If we cancel for nonpayment of premium, the maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to 365 days.
- 3. If you cancel, the standard premium for the rating plan period will be increased by our short rate table and procedure. This short rate premium will be the minimum retrospective premium and will be used to determine the basic premium.

The short rate premium will be used to determine the excess loss premium and retrospective development premium if you chose these elective elements.

The maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to 365 days.

WC 00 05 03 (Continued)

- 4. Section F.3. will not apply if you cancel because:
  - a. all work covered by the insurance is completed;
  - b. all interest in the business covered by the insurance is sold; or,
  - c. you retire from all business covered by the insurance.

Schedule

- 1. Other policies subject to this Retrospective Premium Endorsement:

- Loss conversion factor: \_\_\_\_\_

Minimum Retrospective Premium Factor

Maximum Retrospective Premium Factor

4. The basic premium factors shown here are based on estimates of standard premium. If the actual standard premium is within the range of estimated standard premiums shown here, the basic premium factor will be obtained by linear interpolation to the nearest one-tenth of 1%. If the actual standard premium is not within the range of estimated standard premiums, the basic premium factor will be recalculated.

Estimated standard premium:	\$ <u>100%</u> \$	<u>150%</u> \$
Basic premium factor:		

5. The tax multipliers, excess loss premium factors, and retrospective development factors, and the states where they apply, are shown in the Table of States.

NOTES TO RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V - ONE YEAR PLAN

- 1. This endorsement is to be used for Rating Option V of the Retrospective Rating Plan. It is designed for a one year rating plan period.
- 2. Identify by policy number any other policy to be combined with this policy for retrospective rating. Other policies should be endorsed with Retrospective Premium Endorsement (Short Form) to show that they are subject to this endorsement.
- 3. Show the amount of the loss limitation, if applicable, in item 2 of the Schedule. If a loss limitation was not elected, enter "none," "does not apply," or other appropriate text. If the limitation applies in some but not all states, name the states where it applies.
- 4. Use item 3 of the Schedule to show the loss conversion factor, minimum retrospective premium factor, and the maximum retrospective premium factor.
- 5. Use item 4 to show basic premium factors for 50%, 100%, and 150% of estimated standard premium. Additional columns may be added to show the basic premium factor for other percentages of estimated standard premium.
- 6. The Table of States may be printed at the beginning or end of the Schedule or printed separately. If printed separately, an appropriate attachment clause should be included on the Schedule, such as "This Schedule includes the attached Table of States." The display of information on the Table of States may be rearranged by the company.

WC 00 05 04

# RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V – THREE YEAR PLAN

This endorsement is added to Part Five (Premium) because you chose to have the cost of the insurance rated retrospectively by Rating Option V. This endorsement explains the rating plan and how the retrospective premium will be determined.

This endorsement applies in the states listed in the Schedule. It determines the retrospective premium for the insurance provided during the rating plan period by this policy, any policy listed in the Schedule, and the renewals of each. The rating plan period is the three year period beginning with the effective date of this endorsement.

The amount of retrospective premium depends on five standard elements and two elective elements.

### A. Retrospective Premium Standard Elements

The five standard elements are explained here.

- 1. Standard premium is the premium we would charge during the rating plan period if you had not chosen retrospective premium rating, but with two exceptions. Standard premium does not include the expense constant charge or the premium discount credit.
- 2. Basic premium is less than standard premium. It is standard premium multiplied by a percentage called the basic premium factor. The basic premium factor varies depending on the total amount of standard premium. The Schedule shows a range of basic premium factors for differing amounts of estimated standard premium. The actual basic premium factor will be determined after the standard premium is determined. If earned standard premium is not within the range of the estimated standard premiums shown in the Schedule, the basic premium will be recalculated.
- 3. Incurred losses are all amounts we pay or estimate we will pay for losses, interest on judgments, expenses to recover against third parties, and employers liability loss adjustment expenses.
- 4. A converted loss is an incurred loss multiplied by a percentage called the loss conversion factor. The loss conversion factor is shown in the Schedule.
- 5. Taxes are a part of the premium we collect. Taxes are determined as a percentage of basic premium and converted losses. The percentage is called the tax multiplier. It varies by state and by Federal and non-Federal classifications. The tax multipliers or an average tax multiplier are shown in the Schedule. Tax multipliers may change during the rating plan period. Changes will be shown by endorsement.

#### **B.** Retrospective Premium Elective Elements

Two other elements are included in retrospective premium if you elected to include them. They are the excess loss premium for the loss limitation, and the retrospective development premium. They are explained here.

1. The election of a loss limitation means that the amount of incurred loss to be included in the retrospective premium is limited to an amount called the loss limitation. The loss limitation applies separately to each person who sustains bodily injury by disease and separately to all bodily injury arising out of any one accident.

The charge for this loss limitation is called the excess loss premium. Excess loss premium is a percentage of standard premium multiplied by the loss conversion factor. The percentage is called the excess loss premium factor. Taxes are added to excess loss premium just as they are for other elements of retrospective premium.

Excess loss premium factors vary by state, by classification, and by the amount of the loss limitation. If you chose this elective element, the loss conversion factor, the loss limitation, the excess loss premium factors, and the states where they apply are shown in the Schedule. Excess loss premium factors may change during the policy period. Changes will be shown by endorsement.

2. The retrospective development element is used to help stabilize premium adjustments. The premium for this element is charged with the first three calculations of retrospective premium, and is called the retrospective development premium. It is a percentage of standard premium multiplied by the loss conversion factor. The percentage of standard premium is called the retrospective development factor. Taxes are added to retrospective development premium just as they are for other elements of retrospective premium.

#### WC 00 05 04 (Continued)

Retrospective development factors vary by state, by electing a loss limitation, and by first, second, and third calculations of retrospective premium. If you chose this elective element, the retrospective development factors are shown in the Schedule.

#### C. Retrospective Premium Formula

Insurance policies listed in the Schedule will be combined with this policy to calculate the retrospective premium. If the policies provide insurance for more than one insured, the retrospective premium will be determined for all insureds combined, not separately for each insured.

- 1. Retrospective premium is the sum of basic premium, converted losses, and taxes, plus the excess loss premium and retrospective development premium elective elements if you chose them.
- 2. The retrospective premium will not be less than the minimum nor more than the maximum retrospective premium. The minimum and maximum retrospective premiums are determined by applying the minimum and maximum factors shown in the Schedule to the standard premium.
- 3. If this endorsement applies to more than one policy or state, the standard premium will be the sum of the standard premiums for each policy and state.

### D. Premium Calculations and Payments

1. We will calculate the retrospective premium using all loss information we have as of a date six months after the rating plan period ends and annually thereafter. We will have the calculation verified by the appropriate rate service organization at your request.

We may make a special valuation of the retrospective premium as of any date that you are declared bankrupt or insolvent, make an assignment for the benefit of creditors, are involved in reorganization, receivership, or liquidation, or dispose of all your interest in work covered by the insurance. You will pay the amount due us if the retrospective premium is more than the total standard premium as of the special valuation date.

We may make interim calculations of retrospective premium for the first year and the first two years of the rating plan period. We will use all loss information we have as of a date six months after the end of each of these periods.

- 2. After a calculation of retrospective premium, you and we may agree that it is the final calculation. No other calculation will be made unless there is clerical error in the final calculation.
- 3. After each calculation of retrospective premium, you will pay promptly the amount due us, or we will refund the amount due you. Each insured is responsible for the payment of all standard premium and retrospective premium calculated under this endorsement.

### E. Work In Other States

If any of the policies provide insurance in a state not listed in the Table of States, and if you begin work in that state during the rating plan period, this endorsement will apply to that insurance if this rating plan applies in that state on an interstate basis. The retrospective premium standard elements, and the elective elements you chose, will be determined by our manuals for that state, and added to the Schedule by endorsement.

#### F. Cancelation and Nonrenewal

- 1. If any insurance subject to this endorsement is canceled or is not renewed, the effective date of cancelation or nonrenewal will become the end of the rating plan period for all insurance subject to this endorsement unless we agree with you, by endorsement, to continue the rating plan period.
- 2. If we cancel or do not renew for nonpayment of premium, the maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to three years (1095 days).
- 3. If you cancel or do not renew, the standard premium for the rating plan period will be increased by our short rate table and procedure. This short rate premium will be the minimum retrospective premium and will be used to determine the basic premium.

#### WC 00 05 04 (Continued)

The short rate premium will be used to determine the excess loss premium and retrospective development premium if you chose these elective elements.

The maximum retrospective premium will be based on the standard premium for the rating plan period, increased pro rata to three years (1095 days).

- 4. Section F.3. will not apply if you cancel or do not renew because:
  - a. all work covered by the insurance is completed;
  - b. all interest in the business covered by the insurance is sold; or,
  - c. you retire from all business covered by the insurance.

# RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V – LONG TERM CONSTRUCTION PROJECT

This endorsement is added to Part Five (Premium) because you chose to have the cost of the insurance rated retrospectively by Rating Option V. This endorsement explains the rating plan and how the retrospective premium will be determined.

This endorsement applies in the states listed in the Schedule. It determines the retrospective premium for the insurance provided during the rating plan period by this policy, any policy listed in the Schedule, and the renewals of each. The rating plan period is the duration of the construction project described on the information Page, beginning with the effective date of this endorsement.

The amount of retrospective premium depends on five standard elements and two elective elements.

### A. Retrospective Premium Standard Elements

The five standard elements are explained here.

- 1. Standard premium is the premium we would charge during the rating plan period if you had not chosen retrospective premium rating, but with two exceptions. Standard premium does not include the expense constant charge or the premium discount credit.
- 2. Basic premium is less than standard premium. It is standard premium multiplied by a percentage called the basic premium factor. The basic premium factor varies depending on the total amount of standard premium. The Schedule shows a range of basic premium factors for differing amounts of estimated standard premium. The actual basic premium factor will be determined after the standard premium is determined. If earned standard premium is not within the range of the estimated standard premiums shown in the Schedule, the basic premium will be recalculated.
- 3. Incurred losses are all amounts we pay or estimate we will pay for losses, interest on judgments, expenses to recover against third parties, and employers liability loss adjustment expenses.
- 4. A converted loss is an incurred loss multiplied by a percentage called the loss conversion factor. The loss conversion factor is shown in the Schedule.
- 5. Taxes are a part of the premium we collect. Taxes are determined as a percentage of basic premium and converted losses. The percentage is called the tax multiplier. It varies by state and by Federal and non-Federal classifications. The tax multipliers or an average tax multiplier are shown in the Schedule. Tax multipliers may change during the rating plan period. Changes will be shown by endorsement.

#### B. Retrospective Premium Elective Elements

Two other elements are included in retrospective premium if you elected to include them. They are the excess loss premium for the loss limitation, and the retrospective development premium. They are explained here.

1. The election of a loss limitation means that the amount of incurred loss to be included in the retrospective premium is limited to an amount called the loss limitation. The loss limitation applies separately to each person who sustains bodily injury by disease and separately to all bodily injury arising out of any one accident.

The charge for this loss limitation is called the excess loss premium. Excess loss premium is a percentage of standard premium multiplied by the loss conversion factor. The percentage is called the excess loss premium factor. Taxes are added to excess loss premium just as they are for other elements of retrospective premium.

Excess loss premium factors vary by state, by classification, and by the amount of the loss limitation. If you chose this elective element, the loss conversion factor, the loss limitation, the excess loss premium factors, and the states where they apply are shown in the Schedule. Excess loss premium factors may change during the policy period. Changes will be shown by endorsement.

2. The retrospective development element is used to help stabilize premium adjustments. The premium for this element is charged with the first three calculations of retrospective premium, and is called the retrospective development premium. It is a percentage of standard premium multiplied by the loss conversion factor. The percentage of standard premium is called the retrospective development factor. Taxes are added to retrospective development premium just as they are for other elements of retrospective premium.

#### WC 00 05 05 (Continued)

Retrospective development factors vary by state, by electing a loss limitation, and by first, second, and third calculations of retrospective premium. If you chose this elective element, the retrospective development factors are shown in the Schedule.

### C. Retrospective Premium Formula

Insurance policies listed in the Schedule will be combined with this policy to calculate the retrospective premium. If the policies provide insurance for more than one insured, the retrospective premium will be determined for all insureds combined, not separately for each insured.

- 1. Retrospective premium is the sum of basic premium, converted losses, and taxes, plus the excess loss premium and retrospective development premium elective elements if you chose them.
- 2. The retrospective premium will not be less than the minimum nor more than the maximum retrospective premium. The minimum and maximum retrospective premiums are determined by applying the minimum and maximum factors shown in the Schedule to the standard premium.
- 3. If this endorsement applies to more than one policy or state, the standard premium will be the sum of the standard premiums for each policy and state.

### D. Premium Calculations and Payments

1. We will calculate the retrospective premium using all loss information we have as of a date six months after the rating plan period ends and annually thereafter. We will have the calculation verified by the appropriate rate service organization at your request.

We may make a special valuation of the retrospective premium as of any date that you are declared bankrupt or insolvent, make an assignment for the benefit of creditors, are involved in reorganization, receivership, or liquidation, or dispose of all your interest in work covered by the insurance. You will pay the amount due us if the retrospective premium is more than the total standard premium as of the special valuation date.

We may make interim calculations of retrospective premium for the first year and the first two years of the rating plan period. We will use all loss information we have as of a date six months after the end of each of these periods.

- 2. After a calculation of retrospective premium, you and we may agree that it is the final calculation. No other calculation will be made unless there is clerical error in the final calculation.
- 3. After each calculation of retrospective premium, you will pay promptly the amount due us, or we will refund the amount due you. Each insured is responsible for the payment of all standard premium and retrospective premium calculated under this endorsement.

### E. Work In Other States

If any of the policies provide insurance in a state not listed in the Table of States, and if you begin work in that state during the rating plan period, this endorsement will apply to that insurance if this rating plan applies in that state on an interstate basis. The retrospective premium standard elements, and the elective elements you chose, will be determined by our manuals for that state, and added to the Schedule by endorsement.

#### F. Cancelation and Nonrenewal

- 1. If any insurance subject to this endorsement is canceled or is not renewed, the effective date of cancelation or nonrenewal will become the end of the rating plan period for all insurance subject to this endorsement unless we agree with you, by endorsement, to continue the rating plan period.
- 2. If we cancel or do not renew because of nonpayment of premium, the maximum retrospective premium will be based on the standard premium for the rating plan period plus the estimated standard premium from the end of the rating plan period to the estimated project completion date.
- 3. If you cancel or do not renew, the standard premium for the rating plan period will be increased by our short rate table and procedure. This short rate premium will be the minimum retrospective premium and will be used to determine the basic premium.

#### WC 00 05 05 (Continued)

The short rate premium will be used to determine the excess loss premium and retrospective development premium if you chose these elective elements.

The maximum retrospective premium will be based on the standard premium for the rating plan period plus the estimated standard premium from the end of the rating plan period to the estimated project completion date.

Section F.3. will not apply if you cancel or do not renew because:

- a. all work covered by the insurance is completed;
- b. all interest in the business covered by the insurance is sold; or,
- c. you retire from all business covered by the insurance.

Schedule

- 1. Other policies subject to this Retrospective Premium Endorsement:
- 2. Loss limitation: \$
- Loss conversion factor: \_\_\_\_\_

Minimum Retrospective Premium Factor

Maximum Retrospective Premium Factor

4. The basic premium factors shown here are based on estimates of standard premium. If the actual standard premium is within the range of estimated standard premiums shown here, the basic premium factor will be obtained by linear interpolation to the nearest one-tenth of 1%. If the actual standard premium is not within the range of estimated standard premiums, the basic premium factor will be recalculated.

5. The tax multipliers, excess loss premium factors, and retrospective development factors, and the states where they apply, are shown in the Table of States.

# NOTES TO RETROSPECTIVE PREMIUM ENDORSEMENT RATING OPTION V – LONG TERM CONSTRUCTION PROJECT

- 1. This endorsement is to be used for Rating Option V of the Retrospective Rating Plan. It is designed for a rating plan period equal to the duration of the long term construction project described on the Information Page.
- 2. Identify by policy number any other policy to be combined with this policy for retrospective rating. Other policies should be endorsed with Retrospective Premium Endorsement (Short Form) to show that they are subject to this endorsement.
- 3. Show the amount of the loss limitation, if applicable, in item 2 of the Schedule. If a loss limitation was not elected, enter "none," "does not apply," or other appropriate text. If the limitation applies in some but not all states, name the states where it applies.
- 4. Use item 3 of the Schedule to show the loss conversion factor, minimum retrospective premium factor, and the maximum retrospective premium factor.
- 5. Use item 4 to show basic premium factors for 50%, 100%, and 150% of estimated standard premium. Additional columns may be added to show the basic premium factor for other percentages for estimated standard premium.
- 6. The Table of States may be printed at the beginning or end of the Schedule or printed separately. If printed separately, an appropriate attachment clause should be included on the Schedule, such as: "This Schedule includes the attached Table of States." The display of information on the Table of States may be rearranged by the company.

WC 00 05 08

# **RETROSPECTIVE PREMIUM ENDORSEMENT – AVIATION EXCLUSION**

Premium and incurred losses arising out of an aviation classification listed in the Schedule are excluded from retrospective rating.

Schedule

Note 1: Use this endorsement if aviation exposures are not subject to retrospective rating.

Note 2: List the applicable classifications in the Schedule.

2.

### Workers Compensation and Employers Liability Insurance Policy

WC 00 05 09A

# **RETROSPECTIVE PREMIUM ENDORSEMENT CHANGES**

The Retrospective Premium Endorsement attached to the policy is changed by the information shown in the Schedule.

Schedule

1. The excess loss premium factor is changed as follows:

State	Excess Loss Premium Factor	Effective Date
Retrospective Development Premium	does not apply in these states:	

3. The Retrospective Development Factors are changed as follows:

State	Retrosp	<b>Retrospective Development Factors</b>		Effective Date
	1st	2nd	3rd	

4. The tax multiplier is changed as follows:

	State	Federal	
	(Other Than	("F" Classes	
<u>State</u>	"F" Classes)	Only)	Effective Date

Note 1: Use item 1 of the Schedule to show a change in the excess loss premium factor on an outstanding basis.

Note 2: Use item 2 of the Schedule to show that retrospective development factors do not apply in a particular state.

Note 3: Use item 3 of the Schedule to show retrospective development factors approved after the effective date of the policy.

**Note 4:** Use item 4 of the Schedule to show a change in the tax multiplier on an outstanding basis.

# Workers Compensation and Employers Liability Insurance Policy

WC 00 05 10

# RETROSPECTIVE PREMIUM ENDORSEMENT NON-RATABLE CATASTROPHE ELEMENT OR SURCHARGE

This endorsement changes the Retrospective Premium Endorsement attached to the policy.

- 1. Standard premium excludes the portion of the premium that is determined by the application of a non-ratable catastrophe element in a rate or a non-ratable catastrophe surcharge required by our manuals. The classifications involving such premiums are listed in the Schedule.
- 2. Incurred losses do not include:
  - a. the cost in excess of the two most costly claims arising out of an accident involving two or more persons under a classification for which our manuals contain a non-ratable catastrophe element.
  - b. losses involving passenger employees, other than members of the flying crew, if the losses result from the crash of an aircraft described on the Aircraft Premium Endorsement.

#### Schedule

- **Note 1:** Use this endorsement if the policy is retrospectively rated and covers operations or classifications that involve a non-ratable catastrophe element or surcharge. Examples include aircraft operations and explosives and ammunition manufacturing classifications. See the applicable experience rating plan manual.
- **Note 2:** Use the Schedule to list the classifications that affect this endorsement.

#### Workers Compensation and Employers Liability Insurance Policy

WC 00 05 11

# **RETROSPECTIVE PREMIUM ENDORSEMENT SHORT FORM**

The premium for this policy will be determined by the retrospective premium endorsement forming a part of policy number

**Note 1:** If the insured has more than one policy subject to the same retrospective rating Option, use this endorsement to identify the policy that carries the retrospective premium endorsement.

Show that policy number in the space provided in this endorsement. Any other information necessary to identify that policy may be shown on this endorsement at the carrier's option.

**Note 2:** If one year policies are issued with a rating plan period longer than one year, this Short Form Endorsement should identify the first policy issued during the rating plan period, because that policy is the only one to be endorsed with the three year or long term retrospective premium endorsement.

DELAWARE WORKERS COMPENSATION MANUAL SECTION 3 EFFECTIVE DATE: DECEMBER 1, 2005

Page 34

#### Workers Compensation and Employers Liability Insurance Policy

WC 00 03 08

# PARTNERS, OFFICERS AND OTHERS EXCLUSION ENDORSEMENT

The policy does not cover bodily injury to any person described in the Schedule.

The premium basis for the policy does not include the remuneration of such persons.

You will reimburse us for any payment we must make because of bodily injury to such persons.

Schedule

Partners

Officers

Others

#### Notes:

- 1. Use this endorsement in a state where an individual has elected pursuant to the workers compensation law not to be covered by the law and to exclude employers liability coverage where the insured is statutorily exempt from workers compensation coverage.
- 2. Individuals may be designated in this endorsement only when it is proper to do so under the workers compensation law. Individuals may be designated by naming them or by describing them, as, for example:
  - a. all partners;
  - b. all executive officers except the president;
  - c. each person named in Item 4 of the information Page.

Workers Compensation and Employers Liability Insurance Policy

WC 00 03 10

# SOLE PROPRIETORS, PARTNERS, OFFICERS AND OTHERS COVERAGE ENDORSEMENT

An election was made by on behalf of each person described in the Schedule to be subject to the workers compensation law of the state named in the Schedule. The premium basis for the policy includes the remuneration on such persons.

Schedule

#### Persons

<u>State</u>

Sole Proprietor: Partners: Officers: Others:

#### Notes:

- 1. Individuals may be designated in this endorsement only when it is proper to do so under the workers compensation law. Individuals may be designated by naming them or by describing them, as, for example:
  - a. all partners;
  - b. all executive officers except the president;
  - c. each person named in Item 4 of the Information Page.

WC 07 04 01

# DEDUCTIBLE ENDORSEMENT — DELAWARE

In consideration of the reduced premium charged for this policy, the insurance afforded by the policy for death benefits and for medical benefits payable under the Delaware Workers Compensation Law applied only to death and medical reimbursement benefits in excess of the deductible amount shown below. The deductible shall apply separately to each accident, regardless of the number of people who sustain injury by such accident.

The company shall pay the deductible amount to the persons entitled thereto. Upon notice of payments by the company, the insured will promptly reimburse the company for any amounts so paid. Failure of the insured to reimburse the company, within 30 days of statement mailing date, may result in coverage being canceled pro rata upon ten (10) days written notice and any resulting return premium may be applied to the deductible amount due.

The deductible amount is for each occurrence.

The premium is reduced % in consideration of this deductible.

- Note 1: Use this Endorsement with the standard policy to provide a death and medical benefits deductible selected in accordance with 19. Del. C. §2372
- Note 2: The company may use its own attachment clause and method of execution.

Workers Compensation and Employers Liability Insurance Policy

WC 00 03 05

# JOINT VENTURE AS INSURED ENDORSEMENT

If the employer named in Item 1 of the Information Page is a joint venture, and if you are one of its members, you are insured, but only in your capacity as an employer of the joint venture's employees.

**Note: 1** Use this endorsement to insure the members of a joint venture named in Item 1 of the Information Page.

Workers Compensation and Employers Liability Insurance Policy

# WC 00 04 01A

# AIRCRAFT PREMIUM ENDORSEMENT

Additional premium is charged for each aircraft shown in the Schedule. The additional premium is not subject to adjustment unless this policy is cancelled. You may substitute one aircraft for another without additional charge if the substitute aircraft has no more seats than the aircraft shown in the Schedule.

		Schedule		
		Passenger	Maximum	Estimated
<u>State</u>	<u>Aircraft</u>	Seat Charge	<u>Charge</u>	Premium

Notes:

- 1. Use this endorsement to show the additional premium required for passenger seat surcharge when classification code 7421 is assigned.
- 2. Report passenger seat surcharge under Code 9108.
- 3. Show the state(s) to which the payroll of classification Code 7421 is assigned.

WC 00 03 02

- 5. Make appropriate entries to reflect applicable changes in item 4.
- 6. This endorsement must not be used for item 4. changes where standard endorsements are available to accomplish the intended purpose, e.g., WC 00 04 07.
- 7. This endorsement must contain an attachment clause which identifies the company, insured, policy number and effective date of the endorsement.
- 8. Any premium item changes not specifically identified in the endorsement, e.g., premium for increased limits Item 3.B., should be inserted and identified in the item 4. section.

Note: Retro Prem. Multiple Lines Endorsement no longer contained within this manual. See NCCI forms manual. Remaining pages renumbered.

### Workers Compensation and Employers Liability Insurance Policy

#### WC 00 04 09

#### Premium Determination Endorsement – Former Self-Insurers 1

- 1) This endorsement is added to Part 5 (Premium). It determines the premium you will pay for the insurance afforded by this policy with respect to operations in each of the states listed below.
- 2) The premium for this policy is the sum of:
  - a) the total premium determined by all provisions of this policy;
  - b) the insurance charge; and
  - c) the rating plan losses which are paid from the rating plan deposit.
- "State standard premium" is the premium, before applying any discounts, for the insurance for each state listed below, as determined by all provisions of the policy other than this endorsement.
- 4) "Total standard premium" is the sum of the standard premiums.
- 5) "Insurance charge" is an amount equal to 10% of the total standard premium. It is payable in advance, cannot be refunded to you and is calculated on the basis of the higher of either the average of the last three years' audited payrolls or the last complete year's payroll. Payrolls will be determined consistent with Basic Manual Rules.
- 6) "Rating plan deposit" is an amount equal to 50% of the total standard premium. It is payable in advance and is calculated on the basis of the higher of either the average of the last three years' audited payrolls or the last complete year's payroll. Payrolls will be determined consistent with Basic Manual Rules.

The rating plan deposit will be posted by you in the form of an irrevocable letter of credit or deposited by you in a trusted account. The form of the letter or the account, and the financial institution with whom the account is held, must be acceptable to us.

We will use the rating plan deposit to pay rating plan losses. Any unused portion of the rating plan deposit will be returned to you no sooner than thirty months after this endorsement is terminated.

7) "Rating plan losses" are incurred losses in excess of the sum of the permissible losses for each state. The permissible losses for each state are determined by multiplying the expected loss ratio by the standard premium for each state. The expected loss ratio is the percentage shown for each state below.

We will calculate rating plan losses upon incurred losses valued as of dates to be determined by the company, but not less frequently than six months after the end of the policy and annually thereafter. The calculations will continue until: a) all claims have been closed; b) it is apparent that the rating plan losses will exceed the rating plan deposit; or c) you and we agree that all incurred losses are final.

- 8) Incurred losses are the sum of:
  - a) all amounts we pay for losses, including medical;
  - b) reserves we estimate for unpaid losses;
  - c) interest on a judgment as required by law;
  - d) Employers' Liability allocated loss adjustment expenses; and
  - e) expenses incurred in recovering against a third party.
- 9) If either you or we cancel this policy:
  - a) the insurance charge and rating plan deposit will be based upon the total standard premium the policy would have earned if the policy had not been cancelled;
  - b) the insurance charge will be fully earned and retained by us; and
  - c) the rating plan deposit will remain available to us as provided by this endorsement.

WC 00 04 09 (Continued)

# LIST OF STATES

# EXPECTED LOSS RATIO

#### Notes:

- This endorsement must be used when insuring employers for exposure which were self-insured within twelve months prior to the application for initial coverage or which were subject to this endorsement on the employer's expiring policy. It applies to assigned risk business only.
- 2. This endorsement may be used:
  - a) if the employer is involved in coal mine operations;
  - b) if the employer is a self-rated risk, as determined by the applicable workers compensation insurance rating organization's filed experience rating plan;
  - c) on a policy subject to retrospective rating; or
  - d) for more than three consecutive years for the same employer.
- 3. An employer's newly commenced operations in a state listed above are subject to this endorsement.
- 4. The company shall audit an insured's operations upon receipt of notice from the Administrative Office and prior to binding coverage.
- 5. The company may use its own attachment clause and method of execution.

Workers Compensation and Employers Liability Insurance Policy

# ALTERNATE EMPLOYER ENDORSEMENT

This endorsement applies only with respect to bodily injury to your employees while in the course of special or temporary employment by the alternate employer in the state named in Item 2 of the Schedule. Part One (Workers Compensation Insurance) and Part Two (Employers Liability Insurance) will apply as though the alternate employer is insured. If an entry is shown in Item 3 of the Schedule the insurance afforded by this endorsement applies only to work you perform under the contract or at the project named in the Schedule.

Under Part One (Workers Compensation Insurance) we will reimburse the alternate employer for the benefits required by the workers compensation law if we are not permitted to pay the benefits directly to the persons entitled to them.

The insurance afforded by this endorsement is not intended to satisfy the alternate employer's duty to secure its obligations under the workers compensation law. We will not file evidence of this insurance on behalf of the alternate employer with any government agency.

We will not ask any other insurer of the alternate employer to share with us a loss covered by this endorsement.

Premium will be charged for your employees while in the course of special or temporary employment by the alternate employer.

The policy may be canceled according to its terms without sending notice to the alternate employer.

Part Four (Your Duties If Injury Occurs) applies to you and the alternate employer. The alternate employer will recognize our right to defend under Parts One and Two and our right to inspect under Part Six.

# OUTER CONTINENTAL SHELF LANDS ACT COVERAGE ENDORSEMENT

This endorsement applies only to the work described in Item 4 of the Information Page or in the Schedule as subject to the Outer Continental Shelf Lands Act. The policy will apply to that work as though the location shown in the Schedule were a state named in Item 3.A. of the Information Page.

General Section C. Workers' Compensation Law is replaced by the following:

### C. Workers Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Outer Continental Shelf Lands Act (43 USC Sections 1331-1356). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workmen's compensation law, other federal occupational disease law or the provisions of any law that provide non-occupational disability benefits.

Part Two (Employers Liability Insurance), C. Exclusions., exclusion 8, does not apply to work subject to the Outer Continental Shelf Lands Act.

General Section C. Workers Compensation Law is replaced by the following:

#### C. Workers Compensation Law

Workers' Compensation Law means the workers or workmen's compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page. It includes any amendments to that law which are in effect during the policy period. It does not include any federal workers or workmen's compensation law, any federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

The insurance afforded by Part Two (Employers Liability Insurance) is subject to the following additional provisions:

#### C. Exclusions

This insurance does not cover:

- damages arising out of coercion, criticism, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination against or termination of any employee, or any personnel practices, policies, acts or omissions.
- 8. bodily injury to any person in work subject to the Longshore and Harbor Workers' Compensation Act (33 USC Sections 901-950), the Nonappropriated Fund Instrumentalities Act (5 USC Sections 8171-8173), the Outer Continental Shelf Lands Act (43 USC Sections 1331-1356), the Defense Base Act (42 USC Sections 1651-1654), the Federal Coal Mine Health and Safety Act of 1969 (30 USC Sections 901-942), any other federal workers or workmen's compensation law or other federal occupational disease law, or any amendments to these laws.
- bodily injury to any person in work subject to the Federal Employers' Liability Act (45 USC Sections 51-60), any other federal laws obligating an employer to pay damages to an employee due to bodily injury arising out of or in the course of employment, or any amendments to those laws.
- 10. bodily injury to a master or member of the crew of any vessel.
- 11. fines or penalties imposed for violation of federal or state law.
- 12. damages payable under the Migrant and Seasonal Agricultural Worker Protection Act (29 USC Sections 1801-1872) and under any other federal law awarding damages for violation of those laws or regulations issued thereunder, and any amendments to those laws.
- I. Actions Against Us is subject to the following additional provision:

The bankruptcy or insolvency of you or your estate will not relieve us of our obligations under this Part.

Part Three (Other States Insurance) is changed as follows:

#### A. How This Insurance Applies

- 2. If you begin work in any one of those states after the effective date of this policy and are not insured or are not selfinsured for such work, all provisions of the policy will apply as though that state were listed in Item 3.A. of the Information Page.
- 4. If you have work on the effective date of this policy in any state not listed in Item 3.A. of the Information Page, coverage will not be afforded for that state unless we are notified within thirty days.

Schedule

This endorsement applies in the states listed below:

# Workers Compensation and Employers Liability Insurance Policy

WC 07 04 08

# DELAWARE MERIT RATING PLAN ENDORSEMENT

This endorsement applies to the insurance provided by this policy because Delaware is shown in Item 3.A of the Information page.

The premium for this insurance may be subject to merit rating plan adjustment because your premium may be less than the amount necessary to be eligible for the Uniform Experience Rating Plan.

The following premium discount or surcharge will be applied to your manual premium based on your claims during the most recent three year period for which statistics are available.

- 1. A 5% credit (discount) will be applied if you had no compensable employee lost-time injuries Statistical Code 9885.
- 2. No credit or debit will be applied if you had one (1) compensable employee lost-time injury Statistical Code 9884.
- 3. A 5% debit (surcharge) will be applied if you had two (2) or more compensable employee lost-time injuries **Statistical Code 9886.**

#### Notes:

- 1. This endorsement must be attached to a policy showing Delaware in Item 3.A of the Information Page.
- 2. Show any merit rating discount or surcharges in Item 4 of the Information Page.

### Workers Compensation and Employers Liability Insurance Policy

WC 00 03 26A

# RESIDUAL MARKET LIMITED OTHER STATES INSURANCE ENDORSEMENT

"Part Three - Other States Insurance" of the policy is replaced by the following:

# PART THREE OTHER STATES INSURANCE

#### A. How This Insurance Applies

- 1. We will pay promptly when due the benefits required of you by the workers compensation law of any state not listed in Item 3.A. of the Information Page if all of the following conditions are met:
  - a. The employee claiming benefits was either hired under a contract of employment made in a state listed in Item 3.A. of the Information Page or was, at the time of injury principally employed in a state listed in Item 3.A. of the Information Page; and
  - b. The employee claiming benefits is not claiming benefits in a state where, at the time of injury, (i) you have other workers compensation insurance coverage, or (ii) you were, by virture of the nature of your operations in that state, required by that state's law to have obtained separate workers compensation insurance coverage, or (iii) you are an authorized self-insurer or participant in a self-insured group plan; and
  - c. The duration of the work being performed by the employee claiming benefits in the state for which that employee is claiming benefits is temporary.
- 2. If we are not permitted to pay the benefits directly to persons entitled to them and all of the above conditions are met, we will reimburse you for the benefits required to be paid.
- 3. This insurance does not apply to fines or penalties arising out of your failure to comply with the requirements of the workers compensation law.

#### **IMPORTANT NOTICE!**

If you hire any employees outside those states listed in Item 3.A. on the Information Page or begin operations in any such state, you should do whatever may be required under that state's law, as this endorsement does not satisfy the requirements of that state's workers compensation law.

# TERRORISM RISK INSURANCE ACT ENDORSEMENT WC 00 04 20

This endorsement addresses requirements of the Terrorism Risk Insurance Act of 2002.

# Definitions

The definitions provided in this endorsement are based on the definitions in the Act and are intended to have the same meaning. If words or phrases not defined in this endorsement are defined in the Act, the definitions in the Act will apply.

"Act" means the Terrorism Risk Insurance Act of 2002, which took effect on November 26, 2002, and any amendments.

"Act of terrorism" means any act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State, and the Attorney General of the United States as meeting all of the following requirements:

- a. The act is an act of terrorism.
- b. The act is violent or dangerous to human life, property or infrastructure.
- c. The act resulted in damage within the United States, or outside of the United States in the case of United States missions or certain air carriers or vessels.
- d. The act has been committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

"Insured terrorism or war loss" means any loss resulting from an act of terrorism (including an act of war, in the case of workers compensation) that is covered by primary or excess property and casualty insurance issued by an insurer if the loss occurs in the United States or at United States missions or to certain air carriers or vessels.

"Insurer deductible" means:

- a. For the period beginning on November 26, 2002 and ending on December 31, 2002, an amount equal to 1% of our direct earned premiums, as provided in the Act, over the calendar year immediately preceding November 26, 2002.
- b. For the period beginning on January 1, 2003 and ending on December 31, 2003, an amount equal to 7% of our direct earned premiums, as provided in the Act, over the calendar year immediately preceding January 1, 2003.
- c. For the period beginning on January 1, 2004 and ending on December 31, 2004, an amount equal to 10% of our direct earned premiums, as provided in the Act, over the calendar year immediately preceding January 1, 2004.
- d. For the period beginning on January 1, 2005 and ending on December 31, 2005, an amount equal to 15% of our direct earned premiums, as provided in the Act, over the calendar year immediately preceding January 1, 2005.

# Limitation of Liability

The Act may limit our liability to you under this policy. If annual aggregate insured terrorism or war losses of all insurers exceed \$100,000,000,000 during the applicable period provided in the Act, and if we have met our insurer deductible, the amount we will pay for insured terrorism or war losses under this policy will be limited by the Act, as determined by the Secretary of the Treasury.

# Policyholder Disclosure Notice

- 1. Insured terrorism or war losses would be partially reimbursed by the United States Government under a formula established by the Act. Under this formula, the United States Government would pay 90% of our insured terrorism or war losses exceeding our insurer deductible.
- 2. The additional premium charged for the coverage this policy provides for insured terrorism or war losses is shown in Item 4 of the Information Page or the Schedule below.

#### WORKERS COMPENSATION AND EMPLOYERS LIABILITY INSURANCE POLICY

# Notification Endorsement of Pending Law Change to Terrorism Risk Insurance Act 2002

This endorsement is being sent to you with respect to your workers compensation and employers liability insurance policy. This endorsement does not replace the separate Terrorism Risk Insurance Act Endorsement (WC 00 04 20) that is attached to your current policy and which remains in effect as applicable.

The Terrorism Risk Insurance Act of 2002 (TRIA) took effect on November 26, 2002 and provides for a three year program under which the Federal Government will share in the payment of insured losses caused by certain acts of terrorism. In the absence of affirmative U.S. Congressional action to extend, update or otherwise reauthorize in whole or in part, TRIA is scheduled to expire December 31, 2005.

Since the timetable for any further Congressional action respecting TRIA is unknown at this time, and the exposure to acts of terrorism remains, we are providing our policyholders with relevant information concerning their workers compensation policies in effect on or after

January 1, 2005 in the event of TRIA's expiration.

Your policy provides coverage for workers compensation losses caused by acts of terrorism or war, including workers compensation benefit obligations dictated by state law. Coverage for such losses is still subject to all terms, definitions, exclusions, and conditions in your policy.

The premium charge for the coverage your policy provides for terrorism or war losses is shown in Item 4 of the Information Page or the Schedule in the Terrorism Risk Insurance Act Endorsement (WC 00 04 20) that is attached to your policy, and this amount may continue or change for new, renewal, and in force policies in effect on or after December 31, 2005 in the event of TRIA's expiration, subject to regulatory review in accordance with applicable state law.

You need not do anything further at this time.

#### AGREEMENT BY EXECUTIVE OFFICER (S) NOT TO BE SUBJECT TO THE DELAWARE WORKERS' COMPENSATION LAW

Executive officers of a corporation are covered under the Delaware Workers' Compensation Law. Up to eight (8) executive officers that are stockholders of the corporation may elect not to be subject to Delaware Workers' Compensation Law by completing an agreement between the corporation and such executive officers. Executive Officers are the President, Vice President, Secretary, Treasurer or any other officer appointed or elected in accordance with the charter or by-laws of a corporation or unincorporated association. This Executive Officer Exclusion Procedure must be repeated each time a policyholder wishes to change the status of any executive officer or secures coverage from a different carrier group.

It is hereby agreed by

(Name of Corporation)

and the following executive officer(s), who are stockholder(s) of the said corporation, this/these executive officer(s) do knowingly and voluntarily elect not to be subject to the provisions of the Delaware Workers' Compensation Law and waive any and all benefits and rights to which they might be entitled under the Delaware Workers' Compensation Law.

Federal Employer Identification Number

A. Certified by the corporation

Chief Executive Officer (President)

I verify that I am signing in my capacity as an Executive Officer for the above named corporation and that I am authorized to do so. I further verify that the facts set forth in this Agreement are true and correct to the best of my knowledge.

B. By the executive officer(s) electing not to be subject to the Delaware Workers' Compensation Law

# Workers Compensation and Employers Liability Insurance Policy WC 00 03 04

# INSURANCE COMPANY AS INSURED ENDORSEMENT

The policy does not cover your obligations as a workers compensation reinsurer or insurer of other employers.

Note1: Use this endorsement if the insured is licensed to write workers compensation insurance or reinsurance.

# Workers Compensation and Employers Liability Insurance Policy

WC 00 03 09

### RURAL ELECTRIFICATION ADMINISTRATION ENDORSEMENT

1. We will submit our policy and endorsement forms to the Rural Electrification Agency prior to using them.

2. We will mail to the Rural Electrification Agency at least ten days advance notice of the termination of the policy.

3. If you are immune from tort liability, we will not use that immunity as a defense unless you so request us. You agree that waiving the defense of immunity will not make us liable for any payment in excess of the limits of liability stated in the policy.

Note 1: Use this endorsement if the insured is a rural electrification cooperative and this endorsement is required by the R.E.A.

# Workers Compensation and Employers Liability Insurance Policy

WC 00 04 19

#### PREMIUM DUE DATE ENDORSEMENT

Section D of Part Five of the policy is replaced by this provision:

PART FIVE PREMIUM

D. Premium is amended to read:

You will pay all premium when due. You will pay the premium even if part or all of a workers compensation law is not valid. The due date for audit and retrospective premiums is the date of the billing.

# **SECTION 4**

### **RETROSPECTIVE RATING PLANS – DELAWARE**

#### I. INTRODUCTION

Retrospective Rating is an insurance pricing system which adjusts the premium for the insurance to which it applies on the basis of losses incurred during the period covered by that insurance. In Delaware a carrier must file with the Delaware Insurance Department such plan rules and rating values as necessary to implement retrospective rating plans for use in writing workers compensation insurance.

House Bill 241 of 1993 requires Bureau filings other than Residual Market and U.S.L. & H.W. filings to exclude all expense and profit considerations. Effective February 1, 1994 the Bureau has filed, and this Manual includes only selected rating values which are exclusive of expense and profit considerations for coverages other than U.S.L. & H.W. and which are inclusive of such provisions for U.S.L. & H.W. coverage. The Bureau rating values are printed in the State Special Rating Values pages herein.

For sake of consistency with standard language in retrospective rating plans in use in other jurisdictions, the Delaware State Special Rating Values are identified using terminology common to such other retrospective rating plans. The use of such terminology in this section of the Manual does not change the meaning of words or terms used elsewhere in the Manual nor are differences in precise wording used to describe specific items indicative of any substantive difference between sections. For example, the term "pure premium" used in this section and the term "loss cost" used elsewhere in this Manual are synonymous.

A carrier may file retrospective rating plans which use different and/or additional rating values from those shown in the State Special Rating Values pages herein. In such cases the individual carrier values supercede application of the Bureau values. Information regarding such individual carrier retrospective rating plans must be obtained from those carriers or their authorized representatives.

# **SECTION 4**

#### RULES AND PROCEDURE GOVERNING THE APPLICATION OF THE RETROSPECTIVE RATING PLANS - DELAWARE

#### PART ONE DESCRIPTION OF THE PLAN

#### I. INTRODUCTION

The rules contained in this manual apply only to Workers Compensation and Employers Liability Insurance when written either alone or in combination with other commercial casualty insurance. Refer to the Retrospective Rating Plan issued by the Insurance Services Office for rules that govern the other commercial casualty insurance.

#### A. GENERAL EXPLANATIONS

1. Plan is Optional

The application of this Plan is optional and may be used only upon election by the insured and acceptance by the insurance carrier.

2. Object of the Plan

This plan adjusts the premium for the insurance to which it applies on the basis of losses incurred during the period covered by that insurance. The intent is to charge a premium which reflects those losses. Within the principle of insurance, retrospective rating establishes the reasonable cost of insurance by using losses incurred during the term of that insurance and adding the insurance carrier's expenses and the taxes on premiums.

3. Loss Control Incentive in Use of the Plan

The Plan provides an incentive to the insured to control and reduce losses because the retrospective premium will be the result of losses during the rating period. To the extent that the insured controls losses, there is a reward through lower premiums. The Plan also dispels any concerns the insured may have that its premium depends mostly upon losses incurred by other risks because the greatest part of the retrospective premium is used to pay for the insured's own losses.

4. Cost-Plus Feature of the Plan

The cost-plus characteristics of this plan exist because the retrospective premium for a rating period is based on the incurred losses during that period, so that it is in the nature of a dollar for dollar cost method. Premium under the Plan is the direct result of such incurred losses because the Plan reflects the cost of losses plus the insurance carrier's expenses in providing the insurance.

5. Experience Rating Plan Manual

Retrospective rating is an independent option and it is not a substitute for experience rating. Retrospective rating is superimposed upon the premium resulting from experience rating.

6. Risks Not Subject to Experience Rating

For risks not subject to experience rating, retrospective rating premium is based on the premium determined by application of Manual or other authorized rates.

7. Risks Operating In More Than One State

This Plan may be applied on an intrastate or interstate basis.

8. Premium Discount

Any standard premium under this Plan is not subject to the premium discount provided in Rule VII of the Basic Manual for Workers Compensation and Employers Liability Insurance. The reason is that premium discount recognizes variations in issuing and servicing expenses whereas retrospective rating incorporates those elements by means of the factors used to compute premium under this Plan.

**9.** Schedule (Y) and Schedule (X) Expense Ratio Tables

The Plan includes tables of expense ratio to be used by each company in accordance with the expense table adopted by the company. They are in Part Four. Such tables are required only for Rating Option V described in Part Two-II-"Retrospective Rating Options". The purpose of the Schedule (Y) and Schedule (X) expense tables is to indicate the amount of premium for company expenses, profit or contingencies, but not taxes. The total amount for such expense is determined by multiplying the standard premium of the risk by the factor for that size premium in the Table of Expense Ratios.

- **NOTE:** Schedule (Y) and Schedule (X) expense ratio tables are often referred to as representing the stock and non-stock systems of company expenses respectively.
  - **10.** Increased Limits for Employers Liability

If the policy provides increased limits for Part Two, such premium and incurred losses may be subject to the Plan.

- **II. DEFINITIONS**
- A. EMPLOYER

Employer may be an individual, partnership, joint venture, corporation, association, a fiduciary such as a trustee, receiver or executor, or other legal entity.

#### B. INSURED

Insured means the employer designated in Item I of the Information Page of the policy or policies to which this Plan is applied by the carrier which issued such insurance. Insured may be two or more legal entities if the same person, or group of persons, owns the majority interest in such entities. The Experience Rating Plan Manual defines majority interest. It usually means:

- **1.** Majority of voting stock, or
- 2. Majority of members or directors if there is no voting stock, or
- 3. Majority participation of general partners in profits of a partnership.
- C. RISK

Risk means the insured to which this Plan is applied.

### D. RATES

- 1. Manual rate means either:
- a. the manual rate that has been established by the Bureau if no deviation or schedule rating exists.
- b. the manual rate that has been established by the Bureau modified by an approved schedule rating adjustment.
- c. Carrier Manual Rate if an insurance company has had a deviation from Bureau Manual Rate stamped "Filed" by the Insurance Commissioner.
- 2. Bureau Manual Rate means the rate shown after the classification code number on the rate pages in Section 2 of the Basic Manual for Workers Compensation and Employers Liability Insurance.

# E. STANDARD PREMIUM

For the purpose of this Plan, standard premium means the premium for the risk determined on the basis of manual rates, any experience rating modification, loss constant where applicable, and minimum premiums. Determination of standard premium shall exclude:

- 1. Premium Discount.
- 2. The Expense Constant.
- 3. Premium resulting from non-ratable elements in the manual rates and non-ratable supplemental loads.

# **RETROSPECTIVE RATING PLANS**

#### Page 4

- 4. Premium developed by the passenger seat surcharge under Code 9108 Private Aircraft passenger capacity.
- 5. Premium developed by the occupational disease rates for risks subject to the Federal Coal Mine Health and Safety Act.
- F. INCURRED LOSSES

Incurred losses used in the rating formula for determining premium under this Plan are those reported under the rules of the Unit Statistical Plan Manual adopted by the rating organization. Generally, incurred losses are the actual losses paid and outstanding, interest on judgments, expenses incurred in obtaining third party recoveries, and allocated loss adjustment expenses for employers liability losses.

Incurred losses resulting from an accident or exposure provided for via a non-ratable element or a non-ratable supplemental load shall be excluded.

The rating formula shall not include losses involving passenger employees resulting from the crash of an aircraft under classification code **9108**.

For complete details on instructions which shall be followed regarding incurred losses, refer to the Unit Statistical Plan Manual.

G. RATING ORGANIZATION

Rating organization means the Delaware Compensation Rating Bureau.

#### H. ANNIVERSARY RATING DATE

1. Single Policy Risk

The anniversary rating date for application of this Plan is the effective month and day of the policy in effect.

2. Multiple Policy Risk

If the risk subject to the Plan includes more than one policy with different effective dates, the anniversary rating date shall be determined by the rating organization.

- NOTE: The Plan applies for the period of the policy or policies subject to the Plan. If the period for the application of the Plan is changed, refer to Part Three.
  - I. LONG TERM CONSTRUCTION PROJECT

A long term construction project means a construction or erection project expected to require more than 1 year for completion and let under one contract or more than one concurrent or consecutive contracts. Such a project may be insured under 1 year policies or policies issued for any period not longer than 3 years.

### J. WRAP-UP CONSTRUCTION PROJECT

A wrap-up construction project is a construction, erection or demolition project for which policies have been issued by one or more insurance carriers under the same management to insure two or more legal entities engaged in such a project. The entities insured shall be limited to the general contractor (including any owner or principal acting as a general contractor) and subcontractors performing work under contracts let on an ex-insurance basis. If the contract between the owner or principal and such general contractor is on an ex-insurance basis, the owner or principal is an eligible entity for the combination.

The project must be confined to operations at a single location. In connection with building roadways, tunnels, waterways or surface or underground conduits, the entire job is considered a single location if the construction is performed by a single general contractor for a single owner or principal. The project must be of definite duration involving work to be performed continuously to completion.

III. ELIGIBILITY FOR THE PLAN

A risk is eligible for this Plan if it satisfies the following Standard Premium requirements:

A. ONE YEAR PLAN

A risk is eligible for a one year plan if the estimated Standard Premium is at least \$25,000.

B. THREE YEAR PLAN

- 1. A risk is eligible for a three-year plan if the estimated Standard Premium for 3 years is at least \$75,000.
- C. A Long-Term Construction Project is eligible for Rating Option V if the estimated Standard Premium is an average of \$75,000 or more per year. For such a project, the retrospective rating premium shall be based on the entire period required for completion of the project.
- D. Two or more policies on a Wrap-Up Construction Project may be combined for the purpose of retrospective rating If the estimated total Standard Premium for the project to be done by such combined entities is \$500,000 or more, a Wrap-Up Construction Project may be treated as a Long Term Construction Project.

#### PART TWO OPERATION OF THE PLAN

#### I. HOW PREMIUM IS DETERMINED UNDER THE PLAN

Retrospective premium is computed on the basis of the formulas in IA and D of this Section of the Plan.

#### A. DEFINITIONS OF TERMS USED FOR THE FORMULA

1. Standard Premium.

Standard Premium is defined in Part One of this Plan. Refer to Part One-II-E.

2. Basic Premium.

The Basic Premium is a percentage of the Standard Premium. It is determined by multiplying the Standard Premium by a Basic Premium Factor. Basic Premium factors are based on the Table of Expense Ratios, the Table of Insurance Charges and the individual loss limitation if selected. Refer to Part Four-Premium Computation Tables.

The Basic Premium provides: insurance carrier expenses such as for acquiring and servicing the insured's account; loss control services, premium audit and general administration of the insurance; an adjustment for limiting the retrospective premium between the minimum retrospective premium and the maximum retrospective premium; and an allowance for the insurance carrier's possible profit or contingencies.

The Basic Premium does not cover premium taxes nor claim adjustment expenses. The latter elements are usually provided by the Tax Multiplier and the Loss Conversion Factor.

3. Converted Losses

Converted Losses are based on the Incurred Losses of the risk during the period of the policy or policies to which this Plan is applied. A Loss Conversion Factor is applied to such losses to produce the Converted Losses. Refer to No. 4 below. Incurred losses are defined in Part One-II-F.

4. Loss Conversion Factor

The Loss Conversion Factor usually covers claim adjustment expenses and the cost of the insurance carrier's claim services such as investigation of claims and filing claim reports.

5. Tax Multiplier

The Tax Multiplier covers licenses, fees, assessments and taxes which the insurance carrier must pay on the premium which it collects.

6. Minimum Retrospective Premium

The Minimum Retrospective Premium is a percentage of the Standard Premium. It is the least amount of premium to be paid by the risk subject to this Plan.

The Minimum Retrospective Premium Factor is established by agreement between the risk and the insurance carrier. Refer to II-B-2.

7. Maximum Retrospective Premium

### **RETROSPECTIVE RATING PLANS**

#### Page 6

The Maximum Retrospective Premium is a percentage of the Standard Premium. It is the greatest amount of premium to be paid by the risk subject to this Plan. It has the effect of placing a limit on the impact of incurred losses on the retrospective premium.

The Maximum Retrospective Premium Factor is established by agreement between the risk and the insurance carrier. Refer to II-B-2.

### B. ADDITIONAL ELECTIVE ELEMENTS FOR THE RETROSPECTIVE PREMIUM FORMULA

The insured and the insurance carrier may agree that either or both of the following additional elective premium elements will be included in the Retrospective Premium Formula:

- 1. Excess Loss Premium
- 2. Retrospective Development Premium

NOTE: These elective elements are subject to the Tax Multiplier as shown in the Retrospective Premium Formula in D.

EXPLANATION OF ELECTIVE PREMIUM ELEMENTS

a. Excess Loss Premium

This elective premium element is permitted only if the total Standard Premium subject to the Plan is at least \$100,000. The use of this elective element is intended to avoid the possibility that high cost losses will have too great an impact on the retrospective premium. Election of a loss limitation places a limit on the amount of incurred loss arising out of any one accident, which will be included in the retrospective premium formula. Excess Loss Premium is the premium charge for such limitation on losses used in computing the retrospective premium. The loss limitations arising out of any one accident which may be used by agreement follow:

- i. \$25,000 per accident for a risk with total Standard Premium of at least \$100,000.
- ii. Higher than \$25,000 for a risk with total Standard Premium over \$100,000 provided such higher accident loss limitation does not exceed 50% of the Standard Premium.

For all risks, the insurance carrier pays all incurred losses regardless of any retrospective rating loss limitation.

Excess Loss Premium is computed as shown below:

Standard Premium x Excess Loss Premium Factor x Loss Conversion Factor.

The Excess Loss Factors and the Tables of Excess Loss Adjustment Amounts are shown in Part Four of this Manual. Use the Table of Classifications by Hazard Group in Part Four of this Manual to determine proper excess loss factor.

A loss limitation may be changed, or included, or excluded after this plan has been applied to a risk provided the new agreement is not retroactive.

**b.** Retrospective Development Premium

The purpose of this elective premium element is to stabilize premium adjustments for risks subject to this Plan. Refer to Part Three – Administration of Plan – Rule 111-3 for premium adjustment rules. Retrospective development premium anticipates future increases in loss costs. The Retrospective Development Premium is included only in the first three adjustments of the retrospective premium and is not included in any later premium computations.

Retrospective Development Premium is computed as shown below:

Standard Premium x Retrospective Development Factor x Loss Conversion Factor

The Retrospective Development Factors are shown in the State Special Rating Values – Delaware.

C. THE RETROSPECTIVE PREMIUM FORMULA WHEN ADDITIONAL ELECTIVE PREMIUM ELEMENTS ARE INCLUDED

The retrospective premium for a risk which has elected either or both of the additional elective premium elements is determined by the following formula:

Retrospective Premium =

- 1. Basic Premium plus
- 2. Converted Losses plus
- 3. Excess Loss Premium plus
- 4. Retrospective Development Premium
- 5. Multiply the sum of 1 + 2 + 3 + 4 by the Tax Multiplier
- **NOTE:** Include item 3 or 4 or both in the formula depending on whether such elective premium elements are in the retrospective agreement.

The result of this calculation is the retrospective premium when the risk has elected one or both of the elective premium elements. The retrospective premium shall not be less than the Minimum Retrospective Premium nor more than the Maximum Retrospective Premium.

- II. RETROSPECTIVE RATING SELECTION OF FACTORS
- A. EXPLANATION

The Basic Premium is determined by using the Table of Expense Ratios to determine the insurance carrier expenses and the Tables of Insurance Charges for the remainder of the Basic Premium. The Loss Conversion Factor and Minimum and Maximum Retrospective Premium are subject to agreement between the insured and the insurance carrier. The Tax Multiplier, Excess Loss Premium and Retrospective Development Premium are determined on the basis of the state or states included in this option.

(a) Retrospective Rating may be applied to any of the following types of insurance alone or to any combination of such insurance:

Workers Compensation and Employers Liability

Third Party Liability Insurance for Commercial Lines

Commercial Automobile Physical Damage

Other Types of Insurance specified in the Retrospective Rating Plan issued by the Insurance Services Office.

For illustrations and examples of combinations, refer to the Retrospective Rating Plan issued by the Insurance Services Office.

- **NOTE:** When the plan includes Workers Compensation and other commercial casualty insurance, the total retrospective premium, including the minimum and maximum retrospective premium, is determined on the basis of all insurance in the plan.
  - (b) For an interstate risk, an average of the specified state tax multipliers weighted by the state standard premiums shall be used. For computing the Basic Premium Factor, the standard average tax multiplier may be applied. Refer to Appendix for explanations and examples.
  - B. THREE YEAR PLAN OPTIONAL
    - 1. Retrospective Rating may also be applied to a risk for a period of three years. Follow the procedure and examples cited in B-2 above, but determine the insurance carrier expenses on the basis of the annual Standard Premium and the remainder of the Basic Premium by use of the Standard Premium for the 3 year period of the Plan.
  - C. LONG TERM OR WRAP UP CONSTRUCTION PROJECTS

- 1. Retrospective Rating may be applied to such projects in the following manner:
- **a.** The project may be insured under a series of 1 year policies. Use Rule II-B above.
- **b.** The project may be insured under a series of 3 year policies. Use Rule II-C above.
- **c.** The Plan shall apply to such projects so that the Retrospective Premium is computed on the basis of the Standard Premium for the entire duration of the project.
- **NOTE:** For determining retrospective premium for plans applied on a three year basis, or Long Term or Wrap Up Construction Projects, any revision in Tax Multipliers and Excess Loss Premium Factors shall be applied to policies as of the first normal anniversary date of the risk, which is on or after the date of such revision, unless the revision is authorized for application to outstanding policies.

#### III. CANCELLATION OF POLICY

A.. EXPLANATION

While the Cancellation Condition of the Standard Policy permits cancellation by the insured or insurance carrier, the premium determination for a cancelled policy is controlled by Rule X-Cancellation in the Basic Manual for Workers Compensation and Employers Liability Insurance.

- B. RETROSPECTIVE PREMIUM DETERMINATION UPON CANCELLATION
  - 1. Cancellation By the Insurance Carrier, except for non-payment of premium.
  - 2. Cancellation By the Insured When Retiring From Business provided:
  - a. All work covered by the policy has been completed, or
  - **b.** All interest in any business covered by the policy has been sold, or
  - c. The insured has retired from all business covered by the policy.
  - **3.** If the reason for the cancellation is No. 1 or 2 above, Retrospective Premium for the cancelled policy shall be computed as follows:
  - **a.** Standard Premium: Determine the premium for the cancelled policy on a pro-rata basis in accordance with Basic Manual Rule X-C. The resulting premium shall be the Standard Premium.
  - **b.** Retrospective Premium: The retrospective premium for the cancelled policy shall be determined by using the Retrospective Premium Formula in this Section of the Plan. Use the Standard Premium in a. above to establish the Basic Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium for the formula.

EXCEPTION FOR NON-PAYMENT OF PREMIUM:

If the cancellation by the insurance carrier is because of non-payment of premium by the insured, the Maximum Retrospective Premium shall be based on a Standard Premium which shall be the premium for the cancelled policy (under Basic Manual Rule X-C) extended pro-rata to an annual basis.

4. Cancellation By the Insured, Except When Retiring From Business For the Reasons Stated in B-2 Above.

Determine the Retrospective Premium as follows:

- a. The premium for the cancelled policy is to be calculated on a short rate basis under Basic Manual Rule X-E.
- **b.** Use the Retrospective Premium Formula in this Section of the Plan to establish the Retrospective Premium as shown below:
- I. Basic Premium and if applicable, Excess Loss Premium and Retrospective Development Premium shall be computed by using the short rate premium in 4a above as the Standard Premium.
- ii. Minimum Retrospective Premium shall be the short rate premium in 4a above.

### **RETROSPECTIVE RATING PLANS**

#### Page 9

iii. Maximum Retrospective Premium shall be based on a Standard Premium which shall be calculated by using the actual payroll for the period the policy was in effect, extending that payroll pro-rata to an annual basis and then multiplying such extended payroll by the authorized rates and experience rating modification.

EXAMPLE: CALCULATION OF MAXIMUM RETROSPECTIVE PREMIUM UNDER RULE 4b:

Assume:

Policy in effect	185 days
Manual Rate (per \$100 payroll)\$	5.00
Actual payroll for 185 days\$	555,000
Experience Rating modification	1.00
Maximum Retrospective Premium	1.60

(a) Payroll extended to an annual basis:

\$555,000 x <u>365 days</u>	=\$	1,095,000
185 days		

- (b) Annual Standard Premium = \$1,095,000 x 5.00 (per \$100) x 1.00 = \$54,750
- (c) Maximum Retrospective Premium: \$54,750 x 1.60 = \$87,600
  - 5. Cancellation of Three Year Plan

If a policy for a Three Year Retrospective Rating is cancelled, the Retrospective Premium shall be computed as follows:

- a. Determine premium for the cancelled policy in accordance with Manual rules X-C or X-E depending on the reason for the cancellation. If the Plan was applied to a 3 year policy, each 12 month unit within such a policy is treated as a separate policy. Refer to Basic Manual rule III-C-3.
- b. A short rate factor does not apply to any premium for completed 12 month policy units. Apply the short rate factor under Basic Manual rule X-E only to the premium for the 12 month unit cancelled by the insured when not retiring from the business.
- **c.** If the reason for the cancellation of the Three year Plan is No. 1 or 2 in Rule B of this Section, the Total Standard Premium is the sum of the pro-rata premium under Rule B and the Standard Premium for each completed 12 month unit. Use this total Standard Premium to establish the Basic Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium.
- **d.** If the cancellation by the carrier is caused by non-payment of premium by the insured, the Maximum Retrospective Premium shall be based on a Total Standard Premium which shall be the sum of the premium, extended pro rata to an annual basis, for the cancelled 12 month unit of the policy (under Manual Rule X-C) and the standard premium for each completed 12 month unit, such sum then extended pro rata to a 3 year basis.
- e. If the reason for the cancellation of the Three Year Plan is No. 4 in Rule B of this Section, the Total Standard Premium shall be the sum of the short rate premium for the in completed 12 month unit (under Manual Rule X-E) and the standard premium for each completed 12 month unit. This total Standard Premium is the Minimum Retrospective Premium and also shall be used to determine the Basic Premium, and if applicable, Excess Loss Premium and Retrospective Development Premium. The Maximum Retrospective Premium shall be based on a Total Standard Premium which is the sum of the premium, extended pro-rata to an annual basis, for the cancelled 12 month unit of the policy (under Manual Rule X-C) and the Standard Premium for each completed 12 month unit, such sum then extended pro-rata to a 3 year basis.

EXAMPLE I: RETROSPECTIVE PREMIUM CALCULATION ON THREE YEAR POLICY CANCELLED BY THE INSURED AFTER 185 DAYS

Actual Payroll for 185 days\$	555,000
Manual Rate (per \$100 of payroll)\$	5.00
Experience Modification	1.00
Maximum Retrospective Premium Factor	1.60

(a) Payroll extended to annual basis =

	(iv)	Total Standard Premium \$50,000 + 54,750 =\$	104,750		
	(v)	Total Standard Premium extended pro-rata to a 3 year basis =			
		$104,750 \times \frac{3}{2} = \dots$	157,125		
	(vi)	Maximum Retrospective Premium = \$157,125 x 1.60 =\$	251,400		

# C. VALUATION OF LOSSES

If the policy is cancelled by the insured or insurance carrier, the first determination of retrospective premium shall be based upon incurred losses valued six months after the termination date.

# PART THREE **ADMINISTRATION OF THE PLAN**

# I. ELECTION OF INSURED TO BE SUBJECT TO RETROSPECTIVE RATING

#### Α. HOW THE INSURED ELECTS TO BE SUBJECT TO THE PLAN

- The insured elects to be subject to this Plan by notifying the insurance carrier that it has agreed to application of the Plan. This notification shall be executed in writing.
- 2. Any form of election is acceptable provided it includes the information shown in C below.
- B. HOW CARRIER ACCEPTS ELECTION OF THE INSURED
  - 1. The carrier agrees to the election of the insured to be subject to the Plan by accepting the insured's written notification.
  - 2. After the carrier accepts the insured's election to be subject to this Plan, notification of coverage shall be sent to the Bureau not later than 60 days after the effective date of the Plan indicated on that form.
- NOTE: The Bureau must be notified by the carrier if they and the insured agree to shorten or lengthen the period of the Plan's application, up to a maximum of 60 days.
  - C. INFORMATION IN ELECTION OF THE INSURED

The following information is required in the election signed by the insured:

- 1. Name of Insured.
- Effective date of plan. 2.
- 3. Minimum retrospective premium factor.
- Maximum retrospective premium factor. 4.
- Loss conversion factor. 5.
- Loss limitation option and loss elimination ratio (LER), if applicable. 6.
- Retrospective Development Premium Option, if applicable. 7.
- 8.
- One or Three Year application of the Plan. Long Term Construction Project-Details, if applicable. 9.
- Wrap Up Construction Project-Details, if applicable. 10.
- Any special conditions affecting the Plan, such as the inclusion of other commercial casualty insurance. 11.
- Signature by the insured, for example, proprietor, partner or duly authorized officer of corporation. 12.

The following and any other additional information may also be included:

- **1.** Address of insured.
- **2.** A statement that the insured understands the terms and obligations of this Plan, including the method of premium computation, payments and penalties for cancellations.
- D. STATES IN WHICH SELECTED PLAN APPLIES
  - 1. If the risk operates in only one state, designate this state on the notification of coverage.
  - 2. If the risk operates in more than one state, list the states to which the selected rating option will apply.
  - 3. One or more additional states may be included in the plan applicable to a risk after plan effective date.

### II. REPORTS OF PREMIUMS AND LOSSES UNDER THE PLAN

1. Premiums

The standard premiums used as the basis of the Retrospective Premium are those reported in accordance with the Unit Statistical Plan Manual.

2. Incurred Losses

The incurred losses used for determining the Retrospective Premium are those reported under the Unit Statistical Plan Manual.

NOTE: For complete details on instructions which shall be followed for Nos. 1 and 2 above, refer to the Unit Statistical Plan Manual.

3. Verification of Data

All data reported to, and accepted by the Bureau under the Unit Statistical Plan Manual shall be accepted as verified data for computation of the Retrospective Premium.

#### III. FILING REQUIREMENTS

**1.** Notification of Coverage

Send one copy of Notification of Coverage to this Bureau for all plans, both intrastate and interstate, which apply in this jurisdiction.

- 2. Factors for Retrospective Rating Option V
- a. Two copies of an "Application for Approval of Proposed Retrospective Rating Values" shall be filed for approval with the Bureau.
- b. A revised calculation of the Basic Premium Factor if any change results in an increase or decrease beyond the lowest or highest original estimated standard premium sizes selected. A new "Application for Approval of Proposed Retrospective Rating Values" shall be filed if the Basic Premium Factor changes.

#### IV. COMPUTATION OF RETROSPECTIVE PREMIUM

#### GENERAL EXPLANATION

Under this Plan, retrospective premiums always are computed initially by the carrier, using premium and loss data which have been reported under the Unit Statistical Plan Manual. On a specific request basis, the retrospective premium calculated by the carrier may then be reported to the rating organization for verification. This is achieved by the rating organization use of the duplicate copies of the Unit Statistical Plan reports which must be submitted with the retrospective premium calculation.

1. First Computation of Retrospective Premium

Under the Unit Statistical Plan Manual, the reports of losses and premiums are submitted to the rating organization. For complete details, refer to that Manual. As soon as practicable after data have been prepared in accordance with the Unit Statistical Plan, the first retrospective premium computation shall be made by the insurance carrier.

### **RETROSPECTIVE RATING PLANS**

#### Page 13

On a specific request basis, this computation may be sent to the rating organization for verification before transmittal to the insured. The carrier shall notify the insured and return premium if the retrospective premium is less than premium previously paid. The insured shall pay any premium greater than premium previously paid.

If the insured and carrier agree, the first computation of retrospective premium shall be the final adjustment of premium under this Plan. In the absence of such an agreement, additional retrospective premium computations shall be made by the carrier in accordance with rule 2 below.

For plans applied on a three year basis, or Long Term or Wrap Up Construction Projects, interim tentative adjustments of premium may be made.

- **NOTE:** In certain cases, the carrier may make an early computation of retrospective premium. Such cases include bankruptcy, liquidation, reorganization, receivership, assignment for benefit of creditors, or other similar situations.
  - 2. Retrospective Premium Adjustment After First Computation
  - a. If the first or any other retrospective premium computation is not final, a subsequent computation and adjustment of premium subject to this Plan shall be made by the carrier 12 months after the previous computation. The procedure for such later computations shall be the same as in rule 1 above except that such premium calculations shall be based upon the latest Unit Statistical Reports required. If the insured and carrier agree, the latest computation shall be the final retrospective premium. Unless such an agreement has been made, the carrier shall continue to make such additional retrospective premium computations at intervals of 12 months.
  - **b.** If a subsequent computation of retrospective premium results in no change from the previous computation, the insurance carrier shall notify the insured that there is no change in the premium payment and that subsequent computations of retrospective premium will be made in accordance with Rule 3a below.
  - 3. Final Computation of Retrospective Premium
  - **a.** Subsequent computations of retrospective premium shall be issued by the carrier in accordance with Rule 2 above until both the carrier and insured agree that the latest computation shall be the final retrospective premium under this Plan.
  - **b.** When the carrier and insured have agreed to the final retrospective premium calculation, a revision of that premium adjustment is not permitted except for clerical error.

Page 14

### TABLE OF INSURANCE CHARGES/TABLE M

Not published herein. (Refer to National Council on Compensation Insurance Retrospective Rating Plan Manual.)

#### APPENDIX

#### EXPLANATIONS AND ILLUSTRATIONS OF RETROSPECTIVE RATING OPTION V AND HOW TO USE THE TABLE OF INSURANCE CHARGES

# **GENERAL EXPLANATION**

The negotiating process between the insured and the insurance carrier is the basis on which retrospective rating provides flexibility so that the Plan may be designed to meet the needs and characteristics of a risk. As a result of this negotiation, minimum and maximum retrospective premium factors are established, as well as the loss conversion factor. Such selections are necessary for the determination of the other factors essential to the operation of retrospective rating. After these elements have been settled, the basic premium factor may be calculated and applied to the Standard Premium to produce the Basic Premium. The Basic Premium is the sum of certain insurance carrier expenses and a premium charge which reflects the selected premium limitations, the carrier's loss potential and possible profit or contingency.

The key to establishing the Basic Premium Factor for retrospective rating is the Table of Insurance Charges in Part Four of this Plan. It indicates, by expected loss groups, the factors to establish the premium charge which is vital to the determination of the basic premium factor.

The use of the Table of Insurance Charges is accounted for in the following explanations and illustrations of how to determine the factors and other elements which are needed for the operation of The Plan.

- **NOTE:** The procedures described in this Appendix are designed exclusively for workers compensation insurance. Rules for the application of retrospective rating to a combination of workers' compensation insurance and other lines of casualty insurance are in the Retrospective Rating Plan issued by the Insurance Services Office.
  - A. MINIMUM RETROSPECTIVE PREMIUM FACTOR

MAXIMUM RETROSPECTIVE PREMIUM FACTOR

These are established by negotiations between the insured and insurance carrier.

B. LOSS CONVERSION FACTOR

This is also established by negotiations.

C. STANDARD PREMIUM

The estimated Standard Premium is determined according to the definition of Standard Premium in Rule II-E of Part One of this Plan.

- D. ADDITIONAL PREMIUM SIZES
  - Calculate factors for 50%, 100% and 150% of the estimated Standard Premium, and for any lower or higher premium sizes selected by agreement. The reason for determining such supplementary factors is the probability that the earned Standard Premium will be more or less than the estimated Standard Premium. If the earned Standard Premium is between the selected premium sizes, the Basic Premium Factor for the retrospective premium is based on straight line interpolation between the Basic Premium Factors calculated on the estimated Standard Premiums.
  - 2. If the earned standard premium is beyond the lowest or highest selected premium sizes, the Basic Premium Factors shall be recalculated.

# **RETROSPECTIVE RATING PLANS**

#### Page 15

#### E. EXPECTED LOSSES

Determine expected losses by multiplying the estimated Standard Premium for this state by the expected loss factor shown in the State Special Rating Values - Delaware. Total expected losses are the sum of the expected losses for the states where the Plan applies.

# F. EXPENSE ALLOWANCE - EXCLUDING TAXES

The Expense Allowance varies on the basis of the annual Standard Premium. Use the Table of Expense Ratios in Part Four – Premium Computation Tables as follows:

1. One Year Plan

Multiply the Standard Premium by the corresponding expense ratio for that premium size.

2. Three Year Plan

Determine the estimated annual Standard Premium for each of the Three Years and multiply each annual Standard Premium by the expense ratio corresponding to that premium size. The sum of the three products is the total expenses.

3. Premium Sizes Other Than 100% of Standard Premium:

The expense allowance is based on the percentage of annual Standard Premium represented by the premium size other than 100% of Standard Premium.

G. TAX MULTIPLIER

Tax multipliers are shown in the State Special Rating Values – **Delaware**. For an interstate risk, an average of the specified state tax multipliers weighted by the state standard premiums shall be used.

### H. THE TABLE OF INSURANCE CHARGES

The Table of Insurance Charges is a fundamental table in the computation of factors for Retrospective Rating. This table shows by expected loss group:

- 1. A percentage of Standard Premium representing the premium charge for providing insurance against the probability that the losses of the risk may produce a premium greater than the selected maximum retrospective premium.
- 2. A percentage of the Standard Premium representing a premium saving to recognize the probability that the losses of the risk may produce a premium less than the selected minimum retrospective premium.

Determination of the proper charge and saving for application of The Plan depends on a testing process which is explained in the example which follows in this Appendix.

#### I. TOTAL EXPECTED LOSS RATIO

Divide the total expected losses by the total Standard Premium to determine total expected loss ratio. Refer to C above.

### J. EXPECTED LIMITED LOSS RATIO

Determine expected limited loss ratio by subtracting the excess loss factor from the expected loss ratio.

#### K. BASIC PREMIUM FACTOR

The Basic Premium Factor is the sum of the following two elements:

- 1. The expense in basic factor. This is the Expense Ratio (Refer to F above) reduced by the provision for expense in the Loss Conversion Factor. This reduction is illustrated by No. 7 in the example below.
- 2. The net insurance charge. Determine the difference between the insurance charge for the limitation of the Plan premium to the maximum retrospective premium and the premium saving for limiting the Plan premium to the minimum retrospective premium. Then multiply this difference by the product of the expected loss ratio and the Loss Conversion Factor. This last calculation uses the probability of loss indicated in the Table of Insurance Charges to produce a factor applicable to standard premium as an element of the Basic Premium Factor.

Any other calculation may be used to determine the Basic Premium Factor provided the selected factor is not over .005 different from the factor produced by the sum of 1 and 2 above.

For risks on a One Year Plan, the insurance charges and savings used in obtaining the Basic Premium Factor are based on the annual estimated Standard Premium. For risks on a Three Year Plan, the charges and savings are based on the estimated Standard Premium for three years. To determine factors for premium sizes other than 100% of Standard Premium as provided in D above, use the percentage of annual Standard Premium represented by the premium size other than 100% of Standard Premium.

L. EXCESS LOSS FACTOR

Excess Loss Premium is an additional elective element in the retrospective premium formula and is determined in accordance with Part Two-I-C of this Plan.

M. LOSS ELIMINATION RATIO (LER)

Divide the Excess Loss Factor by Expected Loss Ratio to determine the Loss Elimination Ratio.

N. STATE AND HAZARD GROUP DIFFERENTIAL

State and Hazard Group Differentials are found on the state retrospective rating pages. This differential is applied to the expected losses prior to selection of the Expected Loss Group. It reflects the effect of variation in loss severity on the insurance charge.

O. LOSS GROUP ADJUSTMENT FACTOR

This factor is applied to the expected losses prior to selection of the Expected Loss Group. It is an adjustment reflecting selected loss limitations. This factor is determined by the following calculation: 1 + .8LER/1-LER.

## AN EXAMPLE OF BASIC PREMIUM FACTOR DETERMINATION

The following example illustrates a generally accepted method of determining the Basic Premium Factor. Note the statement, in K above, regarding different methods that may be used to determine the Basic Premium Factor.

## ASSUME THE PLAN AGREEMENT PROVIDES

- A. Minimum Retrospective Premium Factor 60%
- B. Maximum Retrospective Premium Factor 130%
- C. Loss Conversion Factor 1.120
- D. Tax Multiplier 1.075
- E. Excess Loss Factor for \$50,000 limit .305
- F. State Hazard Group Differential .993
- G. Expenses from Expense Ratio Table .205

Estimated Standard Premium	\$500,000
Expected Losses	\$306,000
Expected Loss Ratio	612
Expected Limited Loss Ratio ((3)-(E))	307
Expense and Profit or Contingency (Excluding Taxes)((1) x G))	\$102,500
Expected Loss & Expense Ratio((2) + (5))	
(1)	817
LOSS & Expense in Converted Losses ((3) x C))above	.685
Expense & Contingency in Basic Premium Factor (6) - (7)	.132
Minimum Retrospective Premium Factor (Excluding Taxes) ((A) ÷ (D))	.558
	Expected Losses Expected Loss Ratio Expected Limited Loss Ratio ((3)-(E)) Expense and Profit or Contingency (Excluding Taxes)((1) x G)) Expected Loss & Expense Ratio( $(2) + (5)$ ) (1) LOSS & Expense in Converted Losses ((3) x C))above Expense & Contingency in Basic Premium Factor (6) - (7)

## Page 17

10.	Maximum Retrospective Premium Factor (Excluding Taxes) ((B) ÷ (D))	1.209
11.	Table of Insurance Charges Value Difference <u>((6) - (9))</u> (C) x (4)	7.53
12.	Table of Insurance Charges Entry         Difference       ((10) - (9))         (C) x (4)	1.89
13.	Ratio of Losses for Min. Retro Premium to Expected Limited Losses	.18
14.	Ratio of Losses for Max. Retro Premium to Expected Limited Losses	2.07
15.	Table of Insurance Charges – Premium Charge for (14)	.069
16.	Table of Insurance Charges – Premium Saving for (13)	.001
17.	Net Premium Charge ((15) - (16)) x (4) x (C)	.023
18.	Basic Premium Factor (8) + (17)	.155
Ν	OTE: The above calculations are based on the 1988 Table of Insurance Charges in Part Four of the Plan.	

The procedure for establishing the values and factors in the above example follows:

1. Estimated Standard Premium:

This is the annual or three year standard premium. Refer to Rule II-E of Part One of this Plan.

2. Expected Losses:

The expected losses equal the estimated standard premium multiplied by the expected loss ratio which is found in the State Special Rating Values – Delaware. Refer to Part Four for Table of Expected Loss Ranges. For an interstate risk, the expected losses equal the sum of the products of the estimated standard premium for each state and the corresponding expected loss ratio for each state. For the purposes of this example, it has been assumed that the risk is intrastate with an expected loss ratio of .612, which produces expected losses of 306,000 (500,000 x .612).

3. Total Expected Loss Ratio:

This is the expected loss ratio for the risk obtained by dividing the total expected losses for all states covered by the Plan by the total standard premium.

4. Expected Limited Loss Ratio (ELLR):

This ratio is determined by subtracting the excess loss factor from the expected loss ratio.

5. Expense and Profit or Contingency – Excluding Taxes

The expense and profit or contingency (excluding taxes) is determined, for One Year Plans by multiplying the standard premium by the expense ratio found in either the Stock or Non-Stock "Tables of Compensation Expense Ratios – Excluding Taxes, including profit or contingencies." Refer to Part Four – Premium Computation Tables. For Three Year Plans, values are determined similarly for each of the years based on each annual estimated Standard Premium, and the sum of these values is the provision for expense and profit or contingency. The value for expenses shown in this example is equal to \$102,500 x \$500,000 x .205. Note that the Tables of Expense Ratios, and other factors used in the calculations, are subject to revision in accordance with modifications adopted by this Bureau. Therefore, care should be taken to use current ratios and factors when preparing a plan calculation.

6. Expected Loss and Expense Ratio

This ratio is obtained by dividing the expected losses plus the expenses and profit or contingency (excluding taxes) by the Standard Premium.

7. Loss and Expense in Converted Losses

This factor, which expresses the ratio of expected losses and expense to estimated Standard Premium, is the product of the expected loss factor and the loss conversion factor.

8. Expense and Profit or Contingency in Basic Premium

The difference between the factor in Item 6, representing the total net premium provision for the risk under the Plan, and the factor in Item 7, representing expected losses and loss adjustment expense associated with insuring the risk, is the expense and contingency amount which must be included in the basic premium.

- 9. Minimum Retrospective Premium Factor Excluding Taxes
- 10. Maximum Retrospective Premium Factor Excluding Taxes
- 11. Table of Insurance Charges Value Difference
- 12. Table of Insurance Charges Entry Difference

These four items are determined in a way designed to facilitate the testing process by which the Basic Premium Factor is established. The factors entered for these items are obtained as indicated in the above example.

Item (10), Table of Insurance Charges Value Difference, equals the difference between the Table charge for the entry ratio from which the savings is taken and the Table charge for the entry ratio from which the charge is taken. Item (11), Table of Insurance Charges Entry Difference, equals the difference between the entry ratios that determine the savings and charge for the risk.

To use the Table of Insurance Charges, find the loss group in the Expected Loss Ranges in the Table containing the expected loss value.

The adjusted expected loss value is Item (2) multiplied by State and Hazard Group Differential times the Loss Group Adjustment Factor.

The Loss Group Adjustment factor (F) applies when an individual loss limit is selected. The factor is:

$$F = \frac{1 + (.8)(LER)}{1 - LER}$$

where the LER = ELF  $\div$  Item (3) = .498

 $F = \frac{1 + (.8)(.498)}{1 - (.498)} = 2.786$ 

S/H Differential = .993

The loss group is 26 (group that contains 846,548 (= 306,000 x 2.786 x .993)).

Then choose two "Entry Ratios" from the Expected Loss Group in the table with a difference equal to Item 12. Make this choice so that the difference in the charges for the Expected Loss Group and for the selected entries most closely approximates Item 11.

## RULINGS AND INTERPRETATIONS

This digest of rulings and interpretations is published for the convenience and guidance of the members of the Bureau and does not bear the official approval of the Insurance Commissioner. The rulings and interpretations are based upon decisions made on individual risks, or they represent established practices. Each item has been approved for publication herein by the Classification & Rating Committee.

Rulings and interpretations should generally be followed for underwriting purposes in the case of risks which appear to come within their stated provisions. If risks involve conditions or operations which appear to be exceptions, such exceptions should be referred to the carrier and the Bureau.

## DEFINITIONS

**PRINCIPALLY ENGAGED**: The business activity that generates more than 50 percent of a business' overall revenue.

**PRINCIPAL**: When a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be classified based on the principal category of merchandise sold. The term "principal" means more than 50 percent of the business' overall revenue.

## AGRICULTURE

Agriculture, the art or science of cultivating the ground, includes not only farming but also horticulture – the cultivation of a garden or orchard, the art of growing fruits, vegetables or ornamental plants – and the breeding, raising and care of livestock for sale or for dairying purposes. Agriculture includes the marketing and transportation of these products by the farmer.

Code 917 may also be assigned when a retail store is operated by a separate crew of employees with no interchange of labor with the employer's other operations, and when separate payroll records are kept.

## ANNUAL RATING ENDORSEMENTS

An "Annual Rating Endorsement" shall be submitted annually for each continuing form policy or policy written for a period in excess of one year but not more than three years to be effective on the anniversary date set by such policy. It shall be submitted to the Bureau not later than thirty days subsequent to its inception.

Each annual rating endorsement shall be clearly identified by printing in large boldface type at the top of the endorsement the words "ANNUAL RATING ENDORSEMENT."

Annual rating endorsements shall also:

- 1. Show the name of the carrier providing the insurance. If the names of affiliated carriers are printed on endorsement forms, the particular carrier providing coverage shall be clearly indicated.
- 2. Show the policy number, including all printed and typed prefixes to facilitate the identification of the policy to which the Annual Rating Endorsement is related.
- 3. If the annual rating endorsement being filed replaces an annual rating endorsement covering the same period, indicate that it is a rewrite.
- 4. Show the date of its inception and expiration.
- 5. Show the code number(s) and rate(s) applicable. If the rate(s) or experience modification is not effective as of inception date of the endorsement, also show the effective date of such rate(s) or modification.
- 6. Show the premium adjustment period, deposit premium and estimated annual premium for the period covered by the Annual Rating Endorsement.

Annual Rating Endorsements shall be used only for the purpose of showing the proper rates, experience modifications, premium adjustment period, deposit premium and estimated annual premium for each one-year period. They cannot be used to make any other changes in the policy such as, but not restricted to, modifying the name of the insured, adding or eliminating classifications, adding or eliminating locations.

## **CABINET WORKS – WITH POWER-DRIVEN MACHINERY – 311**

Applies to payroll developed in the manufacture of cabinets, cabinet parts or other similar wood products in which power-driven machinery is used. Many of the products contemplated by this classification are made to buyers' or customers' specifications and require installation. Separately rate installation work by either Code 646 or Code 648 as provided in the Underwriting Guide.

Typical products covered by this classification include but are not necessarily limited to:

Architectural Woodwork	Partitions
Bathroom Vanities	Picture Frames
Bookcases	Restaurant Booths
Bulletin Boards	Room Dividers
Counter Tops	Showcases
Display Cases	Store Counters
Kitchen Cabinets	Toys – Wood
Library Cabinets	Walk-In Refrigerators
Parquet Flooring	· ·

Also includes payroll developed in the finishing of the products cited above. The term finishing means shellacking, staining, painting, lacquering or varnishing or covering with formica, porcelain or similar materials. Upholstering operations conducted by a separate crew of employees in a physically separate department shall be assigned to Code 327.

## **DEPARTMENT STORE – 914**

For those establishments having twenty or more full-time employees or their equivalent and the merchandise handled must include: wearing apparel, linens, house furnishings (other than furniture) and two or more of the following: cosmetics, furniture, giftware, hardware, jewelry, luggage, stationery/greeting cards, sporting goods and toys. The total annual sales of wearing apparel, linens, and house furnishings must exceed 50% of the total annual sales.

This classification will also include the installation of house furnishings.

The criteria above will be applied to each location of a risk.

#### **EMPLOYMENT CONTRACTOR – TEMPORARY STAFFING**

Temporary staffing is a business that hires its own employees and assigns them to an unrelated business to support or supplement that unrelated business' permanent workforce in a special work situation including but not necessarily limited to employee absences (e.g., vacation or illness), temporary skill shortages, seasonal workloads or special assignments or projects. The temporary staffing business usually contracts to fill a job but not to supply a particular person to fill that job. The special work situation generally involves a work assignment that may be of varying time length from a single day to any period less than a year.

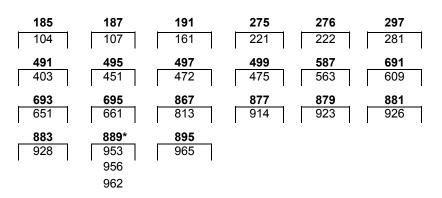

Employers engaged in supplying temporary staffing to unrelated concerns shall in all instances be classified in accordance with the separate temporary staffing classes shown in Section 2 of this Manual per the cross-reference chart below subject only to specified EXCEPTIONS for temporary staff engaged in various occupations or tasks listed after the chart. The cross-reference chart shows which business classifications are assignable to each appropriate temporary staffing class. The customers' assigned business classification shall be a guide in selecting the temporary staffing class(es) utilized in classifying the different portions of a temporary staffing contractor's payroll.

#### TEMPORARY STAFFING CLASSIFICATION

Assignable Customer Business Classification(s)

**185** For example, the table entry 104 indicates that temporary staff performing duties which would be subject to Bureau classification **104** if performed by direct employees of the client are to be assigned to the temporary staffing **Code 185**. In total there are 20 temporary staffing classifications for which there is a single assignable customer business classification, seven temporary staffing classifications with multiple assignable customer business classification, **Code 889**, which applies to all temporary clerical or technical service staff regardless of the customers' business classification(s).

> TEMPORARY STAFFING CROSS-REFERENCE CHART

# \* **Code 889** also applies to temporary clerical or technical service staff provided to customers subject to any other business classification(s).

#### EXCEPTIONS

- 1) **AVIATION** any temporary personnel provided as flight crew in any capacity shall be assigned to the appropriate aircraft operation classification.
- 2) **LONGSHORING** personnel provided to load or unload a vessel shall be assigned to the appropriate stevedoring classification.
- 3) **SHIP BUILDING** temporary staff provided to perform work concerned with either ship building and/or ship repair shall be assigned to the appropriate Federal classification.
- 4) **FARM LABOR** any temporary staff shall be assigned to the appropriate agricultural classification or if provided to perform mechanical harvesting, picking and related activities utilizing machinery shall be assigned to Code 007.
- 5) **LEASED EMPLOYEES** the leasing of personnel shall not be construed as temporary staffing.
- 6) **CLERICAL** all temporary clerical staff shall be assigned to Code 889 regardless of the customer's business classification.
- 7) **HOME HEALTH CARE** any personnel performing home health care services shall be assigned to the appropriate home health care class as provided in Section 2 of this Manual.
- The following classifications are not available as a guide in classifying temporary staffing contractors: 985, 0908, 0909, 0912 and 0913.
- EMPLOYMENT CONTRACTOR'S PERMANENT STAFF shall be assigned to Codes 951 and 953 as they may apply. Other permanent staff employees with duties falling beyond the scope of the standard exception classes shall be assigned to Code 971.

## **EXECUTIVE OFFICERS – MULTIPLE CORPORATE ENTERPRISES**

An executive officer may either receive a salary from only one or from several corporations insured under one policy. In other instances several policies may be issued to cover several corporations and an executive officer may receive a salary from each of these corporations. The following procedure shall apply in these instances:

Where it is permissible to include more than one corporation on a single policy and such corporations are insured by a single carrier whether under one or more policies, the several corporations shall be considered as a unit with respect to the application of the Executive Officers Rule. In all other cases the rule shall apply on a policy basis.

## **EXECUTIVE OFFICERS REMUNERATION – TREATMENT OF:**

The remuneration of executive officers shall be treated in accordance with the following procedures:

- 1. The remuneration of an executive officer shall not be included with the payroll of the risk for premium computation purposes, provided:
  - (a) That such officer is elected for the value of his or her name or because of stock holdings, has no duties and does not come on the premises, except perhaps to attend directors' meetings.
  - (b) That such officer because of age or for other reasons, ceases to perform any duties and does not come on the premises, except perhaps to attend directors' meetings.
- 2. The remuneration of an executive officer shall be included with the payroll of the risk for premium computation purposes, subject to the minimum and maximum provisions of the Basic Manual, provided:
  - (a) That such executive because of age or for other reasons, ceases to perform any duties, but nevertheless, frequently visits the premises of the risk.
  - (b) That such officer frequently visits the premises of the risk for business conferences, directors' meetings or similar duties, although also an officer or employee of another risk in the operations of which he takes an active interest.
- 3. Under the following conditions, the amount of remuneration of executive officers which shall be included with the payroll of the risk for premium computation purposes, subject to the minimum and maximum amounts of the Basic Manual, shall be as indicated below:
  - (a) Where the officer draws no salary in fact, but a regular salary is credited to him or her on the books, the amount so credited shall be included in the payroll of the risk as his or her remuneration.
  - (b) Where the officer draws no salary in fact, but a regular salary is credited to him or her on the books and subsequently charged back to such officer, the amount so credited shall be included in the payroll of the risk as his or her remuneration regardless of such charge off.
  - (c) Where the officer draws no regular salary but draws such various sums as his or her needs or the conditions of the business dictate, the actual amount drawn shall be included in the payroll of the risk as his or her remuneration.
  - (d) Where the officer receives no salary in fact, either drawn or credited, or where the records presented to the auditor fail to disclose the salary, the amount to be included in the payroll of the risk shall be the applicable manual minimum per week.

## ENDORSEMENTS FILING PROCEDURE

The provisions of each endorsement applicable in Delaware as developed by the appropriate committees of the Bureau, will be filed by the Bureau with the Department, for all members who have furnished the President of the Bureau with a Power of Attorney to so file on their behalf.

Individual filing with the Department will not be required for any carrier who has executed the Power of Attorney, with respect to the provisions of endorsements which have been filed by the Bureau and accepted by the Insurance Department.

Following the acceptance by the Department of the provisions of endorsements filed by the Bureau, a circular letter will be issued by the Bureau notifying the members of the Bureau.

A specimen copy of each endorsement form, prepared by the carrier, shall be filed with the Bureau, accompanied by a letter certifying to the following:

- (a) That the form of the endorsement is exactly in accord with the form as filed with the Insurance Department.
- (b) That the minimum requirements of the Insurance Department with respect to execution, name of carrier, etc., have been complied with.

When specimen copies of each endorsement form have been placed on file in the Bureau, no further action will be necessary to authorize use of such endorsements by those carriers on whose behalf the filing was made.

It is anticipated that all carriers will avail themselves of this simplified procedure. In the event a carrier chooses not to furnish the President with a Power of Attorney that carrier must continue to file its endorsements with the Insurance Department.

## FOOD SUNDRIES MFG. – 104

This classification applies to risks engaged in the preparation or manufacture of food products whose operations are not more specifically described by any other Manual classification. If a risk otherwise subject to this classification includes minor operations which are described by another Manual classification, such operations should be included in this classification unless their inclusion is prohibited by the Manual or unless they constitute a distinctly separate enterprise.

All types of containers such as bottles, jars, cans, bags or cartons may be used for the finished product.

In general, the operations fall into a few broad groups.

#### Dry Processing:

- (a) Grinding, mixing or otherwise blending dry ingredients to produce numerous kinds of prepared flours, gelatins, desserts and beverage preparations such as hot chocolate or malted milk powder.
- (b) Cleaning, roasting, grinding coffee, blending, mixing teas, grinding, milling, sifting spices, cleaning, shelling, roasting and otherwise preparing nuts by salting, sugaring, shredding, etc., as well as making nut pastes by grinding, milling or pressing.

#### Wet Processing:

- (a) Manufacturing sauces, dressings, desserts and similar products by grinding and mixing the ingredients.
- (b) Preparing olives, capers, cherries or pickles by washing, sorting, pitting or stuffing, filling in jars with a brine solution or coloring.
- (c) Compounding flavoring extracts or syrups by cold mixing essential oils, syrups, fruit juices or other liquids or ingredients with alcohol, water or other solvents or diluents.

#### Cooked Foods, Salads, etc.:

This group covers a large variety of food products that require a considerable amount of preparatory kitchen work before they are finally placed into containers. Some of these food products are soups of all kinds, meat, fish or poultry in combination with vegetables, noodles, cereals, etc., chow mein, spaghetti with various sauces, mince meat. Included in this group are also freshly prepared foods, cooked or uncooked, that are sold in open or unsealed containers such as salads, soups, baked macaroni or beans, egg custard, cole slaw and spiced vegetables.

Vegetables, meats, fish or other ingredients are washed and cleaned, then reduced to required size or consistency by cutting, slicing, chopping, grinding, etc. Appropriate spices or seasoning are added and the mixture is cooked. In many instances there are additional cutting, chopping, mixing, recooking or straining operations before the product is filled into bottles, jars, cans, etc. The products that are sold in open or unsealed containers are generally freshly prepared and disposed of daily.

#### This classification is not applicable to the following operations:

- 1. The manufacture of essential oils or extracts such as are used for perfume by the process of distillation, filtration or percolation.
- 2. The preparation of extracts to be used for perfumery purposes by a cold mixing processing or the blending of ingredients for the same purposes.
- 3. Syrup manufacturing by mixing and cooking fruits or fruit juices with sugar, etc.
- 4. Manufacturing preserved fruits such as candied fruit peels or rinds, pie fillings, soda fountain syrups, by cleaning, cutting, etc. and cooking with the required ingredients.
- 5. Preserving or otherwise preparing meat products by smoking, corning, curing, salting, encasing, etc.
- 6. The preparation and sale of delicatessen by retail delicatessen stores.

- 7. The preparation of food by caterers.
- 8. Pickling cucumbers or other food products.
- 9. The repacking of food products from large containers into smaller ones, involving no processing operations. This would include dry, liquid, semi-liquid and solid products.

## **FURNITURE ASSEMBLY – 319**

Applicable to payroll developed by employers engaged in the assembly of wood, metal or plastic furniture or cabinet-type products from parts manufactured by other unrelated risks. Included within the scope of this classification are all types of home or office furniture such as tables, chairs, dressers, chests of drawers, bed frames or desks or cabinet-type products. The assembly work is normally accomplished by means of nails, screws, brackets, glue, dowel pins and clamps. The classification also includes the finishing of the assembled products by painting, staining, varnishing, lacquering, shellacking or covering surfaces with formica-type materials.

The repair or reconditioning of wood, metal or plastic furniture or cabinet-type products which does not require the manufacture or fabrication of parts (or whereby the fabrication is not performed by the risk but parts are purchased from other unrelated risks) shall also be assigned to this classification. The type of operations found here would involve only tightening loose parts, regluing parts or replacing broken parts, stripping off the old finish and applying a new finish.

Upholstering of new, repaired or reconditioned furniture conducted by a separate employee crew in a physically separate area shall be assigned to Code 327.

## FURNITURE MFG. WOOD – 323

Applicable to employers principally engaged in the manufacturing of individual completed wood furniture pieces or sets including but not necessarily limited to: bedroom, living room or dining room pieces or sets, office furniture, billiard tables, console-type audio or television cabinets, pianos or piano cases, juvenile or nursery furniture, lawn or garden furniture, frames for upholstered furniture, occasional tables, chairs, desks or wardrobes.

This classification contemplates both the fabrication of the various parts on woodworking machines and the subsequent assembly of the components into completed furniture. Also included is the finishing by staining, painting, varnishing, lacquering or polishing. In addition, hardware such as hinges, pulls, locks or casters may be attached.

Also applies to the repair of furniture when it is necessary to machine new parts as replacements for damaged or broken parts.

Upholstering operations conducted by a separate crew of employees in a physically separate department shall be assigned to Code 327.

The manufacture of furniture parts which are not assembled into completed furniture by the same employer is assignable to Code 305 for non-turned furniture parts or to Code 306 for all turned furniture stock.

#### FURNITURE UPHOLSTERING, SHOP ONLY- 327

An upholstering shop's operations shall include but are not necessarily limited to: fabric cutting and sewing, spring-up, trimming and the final assembly of the upholstered materials onto the manufactured frame.

#### Operations Not Covered:

- 1. Furniture frame manufacturing or assembly shall be classified as provided for in this Manual.
- 2. Upholstering operations conducted at customers' locations is assignable to Code 670.

#### **GROCERY STORE – 917**

Applicable to businesses principally engaged as supermarkets or convenience retail grocers as separately defined below.

A supermarket is principally engaged in the retail sale of groceries, fresh fruits, vegetables, dairy products, bakery products, frozen foods and in addition thereto will have a meat department that sells fresh or cured meat, fish and/or poultry. A typical supermarket will also sell other merchandise including but not limited to: soft drinks, soap and other household cleaning items, paper products or cigarettes. A supermarket that is a "supercenter" may also sell non-grocery merchandise including but not limited to: cosmetics, toiletries, stationery products, paperback books, greeting cards, women's hosiery, prescription or non-prescription drugs or kitchen supplies (e.g., pots, pans or pot holders).

A convenience grocer is principally engaged in the retail sale of groceries, fresh fruits, vegetables, dairy products, frozen foods, coffee, tea, spices or delicatessen foods such as cold cuts, salads, pickles, smoked fish or other "appetizers." Delicatessen stores

#### Page 8

may also prepare salads and/or cook meat such as roast beef, Virginia ham, barbecue chicken or spare ribs. A convenience grocer may also sell other merchandise including but not limited to: soft drinks, coffee by the cup, sandwiches prepared by an unrelated concern, household cleaning items, paper products, cigarettes or non-prescription drugs. A "mini-mart" operated in combination with a self-service gasoline station is a type of convenience grocer.

## **OPERATIONS NOT INCLUDED:**

Assign Code 915 to businesses principally engaged in the retail sale of fresh or cured meats, poultry or fish.

## HARDWARE STORE – RETAIL – 925

Applies to retail stores principally engaged in selling hardware. The term hardware as used in this classification includes but is not necessarily limited to: nails, screws, bolts, washers, gaskets, brackets, locks, hinges, electrical outlet boxes, switches, fuses, plugs, sockets, hand or portable electric tools, plumbing fixtures, paint, small household electrical appliances, radios, stereo equipment, televisions, video and/or audio equipment, kitchenware, garden tools and equipment such as lawn mowers and snow blowers.

In addition, hardware stores may also make keys, sharpen saws or repair storm windows and screens and sell a wide variety of nonhardware items such as wallpaper and allied supplies, china, glassware, sporting goods or automobile accessories or parts.

Such stores may also rent floor scraping or polishing machines, rug and upholstery cleaning machines and similar equipment.

Other types of retail stores or operations assigned to this classification are:

- 1. Bicycle Stores including rental and incidental repair work.
- 2. Locksmiths including installation, repair or replacement of locks in existing buildings.
- 3. Lawn mower sales and service (including riding-type).

Where a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50% of the gross receipts.

## **Operations Not Covered:**

Except as provided for above, separately staffed installation, service or repair operations shall be separately classified including but not necessarily limited to the examples listed below:

- 1. The service or repair of televisions, video and/or audio equipment shall be assigned to Code 966.
- 2. The service or repair of major household appliances shall be assigned to Code 662.

#### HARDWARE STORE – WHOLESALE – 926

Applies to dealers principally engaged in the wholesale selling of hardware. The term hardware as used in this classification includes but is not necessarily limited to: nails, screws, bolts, washers, gaskets, brackets, locks, hinges, hand or portable electric tools, machine tools, small household electrical appliances, stereo equipment, radios, televisions, video and/or audio equipment, kitchenware, mill supplies or garden tools or garden equipment such as lawn mowers or snow blowers. A wholesale hardware dealer may also sell plumbing or electrical supplies.

Also includes "ship chandlers" who are dealers in ship supplies and equipment, such as engine room equipment, lifeboat supplies, navigational instruments, deck gear or other ship stores.

Other types of risks included in this classification are wholesale dealers in the following articles:

- 1. Radio or Television Parts
- 2. Appliance Parts (for example, washers, dryers, window-unit air conditioners or refrigerators)
- 3. Aircraft Parts and Accessories
- 4. Welding Supplies, such as bottled gases, torches, welding rods or face masks
- 5. Cutlery
- 6. Sewing Machine Heads or Parts

#### Page 9

Where a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50 percent of the gross receipts.

## **Operations Not Covered:**

- 1. Wholesale dealers principally engaged in selling wire rope or cable assign to Code 857.
- 2. Retail or wholesale establishments principally engaged in selling building materials such as roofing (including shingles), siding, wallboard, brick and/or lumber assign to Code 855.
- 3. Wholesale dealers principally engaged in selling plumbing supplies or pipe shall be assigned to Code 885.
- 4. Wholesale dealers principally engaged in selling electrical supplies (e.g., electric wire, fuses, circuit breakers) shall be assigned to Code 886.

## HEALTH CARE FACILITIES AND NON-MEDICAL RESIDENTIAL FACILITIES

This provides a description of the operations assignable to the following codes:

- 958 "REHABILITATION HOSPITAL"
- 960 "NURSING AND CONVALESCENT HOME"
- 961 "HOSPITALS"
- 974 "RETIREMENT OR LIFE CARE COMMUNITY"
- 979 "RESIDENTIAL FACILITY FOR THE ELDERLY NON-MEDICAL"
- 940 "RESIDENTIAL CARE FACILITY FOR THE DEVELOPMENTALLY DISABLED"
- 941 "SOCIAL REHABILITATION FACILITY"

#### Code 958, "REHABILITATION HOSPITAL"

Health care facilities that are licensed as rehabilitation hospitals or psychiatric hospitals by the State of Delaware and who do not meet the criteria for assignment to the hospital classification and are not licensed as a nursing home shall be assigned to this classification. This classification applies to a category of rehabilitative facilities that falls between a full-service hospital and a nursing home.

#### Types of Facilities to be included in this classification are:

Rehabilitation hospitals

Psychiatric hospitals

Alcohol and/or drug residential facilities licensed as Medical or Social Setting Detoxification.

#### Code 960,"NURSING AND CONVALESCENT HOME - with 50 percent or more beds Licensed as Intermediate Care or Higher"

Applies to concerns operating health care facilities that are licensed by the State of Delaware as nursing homes and have 50 percent or more of their beds licensed as Intermediate Care or Higher. These firms offer varying degrees of care to patients who may be incapacitated in differing degrees including bedridden patients. Intermediate Care is less than skilled care but more than Rest (Residential). The services are given in accordance with physician's orders, updated at least every sixty (60) days.

Skilled Nursing Care means high intensity comprehensive planned care including rehabilitative or restorative therapy, complex medical or drug therapy, diet supervision, trained observation and/or nursing care available on a twenty-four hour basis.

These insureds may or may not be multiple tier facilities meaning there is a mix of licensed beds and unlicensed quarters such as apartments or cottages. A class assignment to either Code 960 or to Code 974 is dependent upon the counting procedure delineated below. Rest (Residential), intermediate care or skilled nursing beds shall be counted per bed. Apartments or cottages shall be counted per number of units with each unit being the equivalent of a bed. Those with 50 percent or more beds licensed as intermediate care or higher are assignable to Code 960. Those with less than 50 percent so licensed are assignable to Code 974.

There shall be no payroll division between Code 960 and Codes 974 and 979 at a single location/campus.

#### Types of Facilities to be included in this classification are:

- Convalescent home, with 50 percent or more beds licensed as intermediate care or higher
- Life Care Community, with 50 percent or more beds licensed as intermediate care or higher
- Nursing home, with 50 percent or more beds licensed as intermediate care or higher
- Retirement Community, with 50 percent or more beds licensed as intermediate care or higher

## **Operations Not Covered:**

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided for in this Manual.

## Code 961, "HOSPITALS"

Only those medical institutions providing general hospital facilities shall be assigned to Code 961 – "Hospitals." The following minimum criteria shall be used as a guide for determining those risks assigned to this classification:

- 1. An organized staff of doctors subject to a duly authorized set of by-laws adopted by the hospital.
- 2. Registered nurse supervision and such other nursing services to provide patient care 24 hours a day.
- 3. (a) Surgical facilities and/or
- (b) Operating or delivery room
- 4. Relatively complete diagnostic and treatment facilities for medical patients on the premises, and
- 5. Diagnostic X-ray and clinical laboratory services regularly and immediately available.

In general, hospitals licensed by the State of Delaware, under the following types, meet these criteria and shall be assigned to Code 961 – "Hospitals":

## **Type of Facility**

General hospitals which admit maternity patients General hospitals which do not admit maternity patients

Code 961 includes clerical office personnel engaged in the business administration of the hospital or related functions regardless of whether the office personnel are located at or contiguous to the hospital or at a location separate from the hospital.

#### **Operations Not Covered:**

Employees performing home health care services shall be separately classified as provided in this Manual.

Code 974,"RETIREMENT OR LIFE CARE COMMUNITY with less than 50 percent of beds Licensed as Intermediate Care or Higher"

LIFE CARE/RETIREMENT COMMUNITIES offer lifetime guarantees for housing and long term skilled nursing care. These facilities provide independent living units, personal care units and intermediate skilled care units at one site. The client pays a one-time entrance fee and subsequent monthly maintenance fees. Clients enter through independent living units and as needed progress onto higher levels of care.

A Life Care or Retirement Community is a multiple tier facility meaning it has a mix of licensed beds and unlicensed quarters such as apartments or cottages. These insureds are classified to either Code 960 or to Code 974 dependent upon the counting procedure delineated below. Rest (Residential), intermediate care or skilled nursing beds shall be counted per bed. Apartments or cottages shall be counted per number of units with each unit being the equivalent of a bed. Those with 50 percent or more beds licensed as intermediate care or higher are assignable to Code 960. Those with less than 50 percent so licensed are assignable to Code 974.

There shall be no payroll division between Code 974 and Codes 960 and 979 at a single location/campus.

#### Types of Facilities to be included in the classification are:

Continuing Care Community, with less than 50 percent of beds licensed as intermediate care or higher

Life Care Community, with less than 50 percent of beds licensed as intermediate care or higher

Retirement Community, with less than 50 percent of beds licensed as intermediate care or higher

#### **Operations Not Covered:**

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided for in this Manual.

#### Page 11

#### Code 979, "RESIDENTIAL FACILITY FOR THE ELDERLY – NON-MEDICAL"

Applicable to businesses providing custodial/personal care for residents who are ambulatory and where facilities are non-medically oriented. The State of Delaware defines custodial care/personal care facilities as those providing resident beds and personal care services for persons who are normally able to manage activities of daily living.

Includes facilities licensed as Rest (Residential) Homes. These homes provide shelter, housekeeping services, board, and personal surveillance or direction in activities of daily living.

There shall be no payroll division between Code 979 and Codes 960 and 974 at a single location/campus.

#### **Operations Not Covered:**

Payroll developed by separate staff(s) performing home health care services shall be separately classified as provided for in this Manual.

#### Code 940, "RESIDENTIAL CARE FACILITY FOR THE DEVELOPMENTALLY DISABLED"

Includes operations licensed as Intermediate Care Facilities for the Mentally Retarded (ICF/MR) regardless of client count or location. Also included are schools and daycare activities operated by the facility.

ICF/MRs are licensed by the state to provide on a regular basis, health related care and services to mentally retarded, who do not require the degree of care or treatment which a hospital or skilled nursing facility is designed to provide. These facilities regardless of client number provide unique and specialized residential, medical and habilitation services to its clients.

The larger ICF/MRs (9 or more clients) usually provide educational, workshop/vocational and physical therapy programs at one campus with many residents living in cottages having no more than 8 residents each. Supervision may be provided by staff in three 8-hour shifts. Smaller ICF/MRs (8 or fewer clients) also assigned to this classification provide community-based programs which are designed to facilitate the client's movement to a less restrictive environment than the larger facilities. These community-based ICF/MRs employ a relatively high staff to client ratio and 24-hour supervision with at least one staff member monitoring overnight activity. Smaller ICF/MRs may serve clients from higher functioning to profoundly retarded.

Facilities providing residential care for other developmental disabilities (i.e., autism and cerebral palsy) are to be included within this class.

## **OPERATIONS NOT INCLUDED:**

1. Assign Code 964 to separately-staffed certified sheltered workshops.

2. Assign Code 941 to separately-staffed group homes for five or fewer residents licensed as Neighborhood Homes located off campus.

## Code 941, "SOCIAL REHABILITATION FACILITY"

Applicable to non-medical residential care facilities providing a transitional non-institutional environment in a group setting which emphasizes through guidance and counseling the social rehabilitation and the eventual reintegration of the resident into the community. Such facilities include: Group Homes for the Mentally III and Neighborhood Homes.

Residential facilities for children provide a non-institutional environment focusing on socialization and reintegration into the community. Residents in these facilities are usually pre-teen to 18 years of age. At these facilities individualized programs are designed to rehabilitate the child. Emphasis is placed upon reuniting children with their families, placing children in foster care or moving them into a group home where independent living skills are stressed.

Neighborhood Homes operating group homes with 5 or fewer mentally disabled residents are community-based residential programs providing supportive services for clients. These facilities have a minimum of one staff member on duty at all times when a client is present. Clients in the group homes access community-based programs for the mentally retarded. These clients do not require the health care provided at an ICF/MR. Many of these clients will become self-sufficient enough to move into minimal supervision apartments.

Additional programs, e.g., daycare, respite care and prevocational training programs, provided by group home operators shall be included within the scope of this class. Training programs that pay the trainees for services rendered (including sheltered workshops) shall be separately classified.

#### **Operations Not Covered:**

Drug and alcohol halfway houses, shelters for the homeless, victims of domestic abuse, unwed mothers or preparole halfway houses shall be assigned to Code 986.

#### HOTEL OR MOTEL OPERATIONS

The two classifications applicable to hotel or motel operations are 973 and 945.

Code 973 shall include all operations performed by hotel or motel employees except for separate foodservice and beverage staff(s). Employees assigned to Code 973 include but are not necessarily limited to: front desk employees, persons operating newsstands, candy or cigar shops or similar activities, personnel operating or maintaining indoor or outdoor swimming pools, the golf course(s), video game room, the health or fitness club, tennis courts or other hotel or motel guest amenities, maids, housemen, inside or outside maintenance, store workers, barbers, laundry workers, employees performing concierge services (i.e., arrangements for tours, theater tickets or the rental of automobiles), or opening boxes and/or bags and laying out prepackaged and/or precooked food and/or making coffee for a continental breakfast where there is no other food service or beverage operations.

Separate staff exclusively engaged in the hotel's food service or beverage operations shall be classified to Code 945 which includes but is not necessarily limited to: waiters or waitresses and their assistants, cooks, kitchen help, bartenders, cashiers, restaurant managers, musicians or entertainers. On the auditing procedures for tips and musicians or entertainers, see Section 1, Rule V.

Codes 973 and 945 apply only to workers directly employed by the hotel or motel and do not include employees of concessionaires or independent contractors operating on the premises. The operations of each such concessionaire or independent contractor will be classified solely on the merits of their operations.

Payroll developed by interchanging hotel and hotel restaurant employees shall be assigned to Code 973 or to Code 945 whichever has the higher value.

Employees of either the hotel or the hotel restaurant exclusively engaged in clerical office duties shall be assigned to Code 953.

## LIMOUSINE OPERATION

Limousine operation means the rental of a vehicle with driver or chauffeur for use on defined trips in connection with weddings, funerals, business, social functions, shopping or similar purposes. Such business is assigned to Code 817.

Limousine operation does not include the operation of a vehicle that is available for immediate hire (on a call and demand basis) with fares to be determined by zone or meter. Such business is classified by Code 803.

Payroll developed in the provision of ambulance services on an employee or non-volunteer basis shall be assigned to Code 807.

## MEAT, FISH AND/OR POULTRY STORE - 915

Applicable to businesses principally engaged in the retail sale of fresh and cured meats, fish and/or poultry. Such businesses may also sell general grocery merchandise including but not necessarily limited to: bakery and/or dairy products or canned goods. Code 915 also includes slaughtering of animals and the dressing of carcasses into fresh meat cuts, as well as the making of sausage, scrapple, frankfurters, ham or bacon provided more than 50% of the fresh meat and/or cured meat products are sold over the counter to the general public for personal or household consumption either on the premises or through satellite outlets.

Such business may perform custom killing. This involves the slaughter of an animal (a steer, pig or sheep) for a private individual (frequently a farmer) and cutting or processing of the resulting meat per customer specification. All of the fresh or processed meat is the customer's property and may be held for the customer in a frozen food locker or returned immediately to the customer.

This may also include dressing of deer carcasses during hunting season for individual hunters.

This classification shall include incident sales to restaurants, institutional buyers or retail stores. When more than 50% of the sales are to non-retail customers, such businesses shall not be subject to Code 915 and shall be classified as indicated below.

## **OPERATIONS NOT INCLUDED:**

1. Assign Code 111 to businesses whose operations include killing of animals and more than 50% of the sales are to wholesale customers .

2. Assign Code 106 to businesses whose operations do not involve the killing of animals but do include the curing and preserving of meat into processed meat products and more than 50% of the sales are to wholesale customers.

3. Assign Code 910 to businesses whose operations simply involve cutting, or grinding fresh meats received in

boxes (deboning will also be performed if the fresh meat is received in carcasses or partial carcasses) and more than 50% of the sales are to wholesale customers .

4. Assign Code 917 to businesses whose operations involve the retail sale of fresh or cured meat, fish or poultry, as well as other items (e.g., groceries or vegetables), and the business' records show that less than 50% of the business' sales are from fresh and cured meats, fish or poultry.

## NAME OF INSURED

In addition to providing the complete legal name of the insured, carriers shall designate each fictitious name shown on the Information Page by the symbol D.B.A. (doing business as). In addition, if a fictitious name is shown on an endorsement the same designation, D.B.A., shall be shown. A fictitious name is a business name which is not the legal name of the insured.

Some individuals are known by two or more complete names. If a carrier shows the additional names of such an insured individual, it shall designate each additional name by the symbol A.K.A. (also known as).

Each daily report or applicable endorsement shall identify every corporate name which does not include the words "incorporated" or "corporation" in said name by the designation (A Corp.) following the name.

The effective date of any change, addition or deletion in the name of the insured shall be shown on the endorsement.

When issuing an endorsement to reflect a change in ownership, the following procedure shall be followed:

- 1. If the endorsement contains the complete name of the insured as it will be on the effective date of the endorsement, the name should then be preceded by the phrase "Name is changed to . . ."
- 2. If the endorsement does not contain the complete name of the insured, the change should be preceded by the phrase "Name is added . . ." or "Name is deleted . . ."
- 3. Name and address changes should be effected on a separate endorsement and not in conjunction with other policy amendments.

## POLICY CORRECTIONS

If the Bureau finds that a policy requires correction to conform to Manual rules or classifications, the carrier shall be notified by letter. Such policy shall be corrected and a copy of the correcting endorsement shall be submitted to the Bureau no later than thirty (30) days after notification.

#### POLICY WRITING PROCEDURE

### A. POLICY NUMBERS

The policy number designated by the carrier at policy issuance must remain constant and must be used on all endorsements and other documents related to that policy. If a portion of the policy number is designated at inception as the "key" policy number, such designation must be clearly identified on the policy information page and the "key" number must be used on all endorsements and other documents related to that policy.

## B. RENEWAL POLICY NUMBERS

The information page of each renewal policy shall identify the policy number of the policy which it renews, in accordance with A. above. This procedure also applies to rewritten policies. The word "same" should be used to indicate that the same policy number has been used on renewal. The word "new" should be used to indicate a newly issued policy.

## POULTRY AND/OR FISH DEALER/PROCESSOR – 865

Applicable to employers engaged in one or more of the following operations:

The catching of live poultry as contractors on producers' premises and the hauling by poultry catchers of live poultry to dressing plants.

The dressing (to kill and prepare for market) of poultry, rabbits or other similar small game.

The making of either processed poultry or fish products. The term processed shall mean that definite changes result in the poultry or fish product due to the application of either chemicals and/or heat (the use of smoke and/or cooking).

Wholesale sale/distribution of poultry or fish including the cutting or deboning of dressed poultry and/or the cutting or filleting of fish. The employer may also bread or stuff the product.

Wholesale poultry and/or fish dealers who perform no cutting or filleting, but who may repackage shall be assigned to Code 924. Poultry dealers who may cut whole poultry into parts on an emergency basis will be construed as non-cutting and assignable to Code 924.

#### PREFABRICATED METAL BUILDING ERECTION – PREFABRICATED SHEET METAL AND SILO ERECTION – METAL

Payroll developed in the two types of erection jobs cited above will be classified in the manner indicated below.

Code 609 is applicable to site preparation and to any excavation. Code 654 is the proper classification for the building of concrete flooring or padding. Payroll developed in the erection of the prefabricated metal building framework is assignable to Code 655. Installation of sheet metal siding, roofing or interior work for a prefabricated metal building or the erection of metal or fiberglass silo sections is assignable to Code 651 Electrical work is assignable to Code 661 and plumbing installation is assignable to Code 663. For the silo erection Code 675 is proper for payroll developed in the installation of conveyors or other materials handling equipment or for the service and/or repair of such. Other trade classifications may be extended as warranted.

#### **RETAIL STORE WITH MANUFACTURING CONCERN**

Where a retail outlet is located at the same or contiguous premises as an insured's manufacturing facility, a separate classification shall apply to the payroll of the outlet provided that such outlet is operated in a physically separate department and by a separate crew of employees.

#### SELF-SERVICE GASOLINE STATIONS AND CONVENIENCE GROCERS

In classifying a combination self-service gasoline station and convenience grocer Code 917 shall apply at each location when the sale of merchandise, other than gasoline, exceeds 10% of the total annual receipts for the location.

Self-service gasoline stations exclusively engaged in the retail sale of gasoline or where the cashier may also sell items such as cigarettes and/or snack food only shall be assigned to Code 816.

#### SLAUGHTERHOUSE – WHOLESALE – 111

For businesses principally engaged in receiving live animals (e.g., cattle, hogs and/or sheep), killing the animals and dressing the carcasses to produce meat products and selling the meat products on a wholesale basis. A business eligible for this classification will normally ship deboned meats in boxed form, or may also ship in carcass form. The business may also produce processed meat products like bacon, hams, sausage or luncheon meats or also sell some portion of the meat production as fresh meat cuts (e.g., steaks, roasts).

#### **OPERATIONS ALSO INCLUDED:**

- 1. Code 111 also includes payroll developed by employees engaged as delivery salespersons, route salespersons and/or route supervisors engaged in the delivery of the businesses' products to customers.
- 2. The processing of animal by-products resulting from the killing operations. The by-products processing may include but is not necessarily limited to cooking of fat into tallow or lard and washing, scraping and salting of hides.

## **TRUCK STOPS**

A truck stop establishment is a multiple enterprise, and the appropriate classification shall be assigned to each of the various operations thereof provided each operation is separately staffed and is conducted in a physically separate work area. The exact nature of each of the truck stop's operations will direct which classification to assign. The more common truck stop operations and the assignable class for each are delineated below:

- 1. **Code 816** is for payroll developed by fuel attendants engaged in pumping gasoline or diesel fuel or to personnel who work exclusively on a fuel island adding or changing motor oil, checking the air in tires and performing related duties. Fuel attendants may also accept payment for fuel or motor oil sales.
- 2. **Code 815** is assignable to personnel engaged in the repair of automobiles or trucks. A truck stop may have separate automobile and truck repair bays.
- 3. **Code 973** is assignable to the payroll of chambermaids or related personnel engaged in the upkeep of motel rooms.
- 4. **Code 928** is assignable to gift shop and/or retail store personnel. The merchandise sold may include but is not necessarily limited to: men's or women's clothing, CB radios, gifts, greeting cards, toilet articles, health or beauty aids, books, newspapers or magazines.

Payroll developed in the operation of a restaurant, when conducted in a physically separate department and by a separate crew of employees, including preparing or serving food or beverages, washing dishes or receiving payment for meals or beverages, shall be assigned to the applicable restaurant classification. (Please refer to the Rulings and Interpretations listed elsewhere in this section regarding restaurant operations.)

Control desk cashiers' duties include but are not necessarily limited to: operating self-serve fuel pump controls, writing invoices for fuel or motor oil sales or vehicle repairs, receiving cash or credit payment for fuel sales or trucking operating permits, receiving or transmitting telegrams or receiving telegram money transfers, accepting payment for store merchandise or selling lottery tickets. Employees engaged as control desk cashiers may be assigned to Code 928 provided the control desk is located inside the truck stop store. In the event the control desk is located in an enclosed booth located on a fuel island or in an area contiguous thereto the payroll of the control desk cashiers shall be assigned to Code 816.

Additional classifications may be extended to a truck stop in the event a truck stop conducts additional separately staffed and located operations not listed in this Ruling and Interpretation.

## WHOLESALE/RETAIL MAIL ORDER HOUSE OR INTERNET SALES – DEFINITIONS

#### Wholesale

For the purposes of classifying stores the term "wholesale" shall be construed to mean the selling of merchandise:

- 1. to retailers;
- 2. to manufacturers, builders or contractors;
- 3. to industrial, agricultural, commercial, governmental, institutional or professional users;
- 4. to other wholesalers; or

5. to firms acting as agents in buying merchandise for or selling merchandise to such persons or companies as those previously listed.

Wholesale store operations generally include the maintenance of warehouse inventories; delivery and the promoting of sales through utilization of an outside sales force and/or by telephone or fax. Many but not all wholesalers may also perform the physical assembling, sorting and grading of their goods; the breaking of bulk quantities and repackaging into smaller lots. A wholesaler may also have a sales counter where a walk-in customer's order may be written up and payment for merchandise made. The counter clerk may transmit the order to the warehouse or the customer may take the order to the warehouse for fulfillment.

#### Mail Order House Or Internet Sales

An enterprise principally (more than 50 percent of the gross receipts) engaged in selling by mail order and/or via Internet website shall be assigned to the appropriate wholesale store classification for the commodities handled, except for mail order pharmacies filling individual patient drug prescriptions which shall be assigned to Code 927. Mail order or Internet sales by a manufacturer or incidental to a retail store business shall be classified in accordance with the class or classes appropriate to the business of the employer.

#### Retail

For purposes of classifying stores the term "Retail" shall be construed to mean the selling of displayed merchandise in store-type premises where floor and/or counter salespersons assist customers or on a self-service basis to the general public for personal or household consumption or use. Warehouse operations incident to the retail store enterprise shall be assigned to the enterprise's appropriate retail store classification.

The appropriate retail store class shall also be assigned when the insured, while technically a wholesaler, operates primarily in a retail manner. The customers will generally be commercial or professional users. "Retail manner" means such insured will have a large merchandise display area, customers may walk up and down the display aisles, inspect the merchandise being offered for sale, place their selections into either a shopping basket or shopping cart and will make payment for their selections at a customer checkout lane. The employer's single largest group(s) of employees are floor or counter salespersons assisting customers or performing customer checkout.

(There is no sales tax on merchandise sold in Delaware, but in the event such is enacted the act of collecting a sales tax on merchandise sold will not be a factor in defining a retail store and will have no bearing upon determining the business' classification assignment.)

#### BAKERY PRODUCTS DISTRIBUTION

Payroll developed in the wholesale distribution of bakery products, including but not necessarily limited to bread, cakes, pies, cookies or crackers by a baker whose production facilities are located in another state or by an independent business (not related to a bakery) must be assigned to Code 924.

## FROZEN OR FROSTED FOOD PRODUCTS MFG.

The processing of frozen foods shall be assigned to the classification which would apply if the product was not frozen. This ruling is made as the application of cold to either chill or freeze food products is common to a number of food processing classifications. It has been determined that the freezing operations of themselves do not change the fundamental characteristics of the risk.

#### MEAT DEALER – WHOLESALE – 910

Applicable to businesses principally engaged in the wholesale sale/distribution of fresh and processed meats and whose operations include the cutting of fresh meats received in boxes into portion-controlled fresh meat products, such as steaks, roasts, or chops. Deboning will also be performed when the fresh meat is received in carcasses or partial carcasses. Such business may also distribute poultry and/or fish merchandise in addition to the meat merchandise and the operations may include the filleting of the fish and the cutting of poultry carcasses into parts. The business may further distribute grocery merchandise and/or fresh fruit and vegetables.

## OPERATIONS ALSO INCLUDED:

Businesses principally engaged in making natural sausage casings, but who perform no killing of animals.

#### **OPERATIONS NOT INCLUDED:**

1. Assign Code 119 to businesses principally engaged in taking beef and/or veal and cutting or grinding this fresh meat into hamburger, hamburger patties and/or veal patties and/or sandwich steaks .

- 2. Assign Code 111 when a wholesale meat dealer also slaughters animals and dresses their carcasses .
- 3. Assign Code 924 to wholesale meat dealers who do no cutting (or deboning) of fresh meats .

## **PROCESSED MEAT PRODUCTS MFG. – 106**

Applicable to businesses that are principally engaged in making processed meat products. Such businesses will perform no slaughtering of animals whatsoever nor will they handle any livestock. The business will receive meat from unrelated concerns in boxed form. Meat may also be received in carcass or partial carcass form. Processed shall mean that definite changes result in the meat product due to the application of either chemicals and/or heat (the use of smoke and/or cooking) to the meat materials. A business whose production procedures do not include one or both of the above-cited means will not be assigned to this class. Typical products of such businesses include but are not necessarily limited to: sausage, frankfurters, ready-to-eat luncheon meats, hams or bacon.

#### **OPERATIONS ALSO INCLUDED:**

Code 106 also includes payroll developed by employees engaged as delivery salespersons, route salespersons and or route supervisors performing the delivery of the businesses' products to customers.

#### **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 111 to businesses principally engaged in making processed meat products that slaughter animals or handle livestock and are principally engaged in the wholesale sale of the processed meat products.
- 2. Assign Code 915 to businesses that may slaughter animals and/or may cut the fresh meat into portioned-controlled cuts and/or cure and preserve the fresh meat into processed meat products that are principally engaged in the retail sale of the fresh and/or processed meat products.

#### TOOL MFG. – FORGED – 433

Applicable to businesses principally engaged in the manufacture of tools by use of forging techniques or methodology. Steel or alloy metals in various bar and rod forms will be cut to length and then heated in furnaces. The heated metal stock is then forged with drop hammers, reheated and forged to final shape or form with the appropriate dies or patterns. The forgings are then cooled, trimmed or ground as needed and tempered by heat treating. Includes secondary machining of the forged tools by the forge employer. There is no payroll division with Code 461.

Examples of products within the scope of this classification are: axes, agricultural and gardening tools, sledge hammers, logging tools, construction tools and oil well tools.

#### **OPERATIONS ALSO INCLUDED**

Specialist businesses principally engaged in the heat treating of metal for unrelated customers.

#### TOOL MFG. – N.O.C. – 441

Applies to a business principally engaged in the manufacture of non-forged tools used for cutting or machining operations, dies or molds which are used to cut or form materials in a press, or jigs and fixtures used to hold or position work for machines. Also applies to a business principally engaged in making molds for plastics molding or nonferrous metal casting operations or dies for wire drawing, stamping, extrusion, threading or tapping.

#### Page 18

Also included are businesses principally engaged in the manufacture of non-forged hand tools such as screwdrivers, pliers, hammers or chisels, sewing machine attachments such as hemmers or binders, automobile piston rings, universal joints, transmissions or clutches, ring, plug or snap gauges or welding or cutting torch tips.

Further included are employers principally engaged in Precision Machined Parts Mfg. – N.O.C. Such term will be construed as applying to employers where the plans or specifications require that at least 51 percent of all machining operations performed by the employer will be held to a final tolerance of .001 inch or closer and where the machined parts made by the employer are not assigned to any other manufacturing classification.

Also further included are employers principally engaged in the manufacture of wood or metal patterns or models and analogous products including but not necessarily limited to: aircraft propeller mfg. – wood, architectural scale models mfg. by a specialist contractor, last form mfg. – wood, or wood carving by hand or machine.

#### **Operations Not Covered:**

- 1. Cemented carbide tips for cutting tools or other products made from powdered metal that are pressed to shape and sintered shall be assigned to Code 506.
- 2. Molds or patterns produced by foundry (the melting and casting of the molten metal) process shall be assigned to the appropriate foundry class.

## FLORIST STORE – 919

Applies to a business principally engaged in the retail and/or wholesale selling of fresh cut flowers, potted plants, fresh cut floral arrangements or florist store supplies. Also includes service away from the store premises, such as floral decoration of homes, churches or other buildings for weddings, banquets or parties.

Also includes plantscaping, which is the maintenance of living (typically potted) plants inside a customer's premises. The living, potted plants may be used to decorate the interiors of malls, offices or other businesses, as well as residences. Plantscaping duties include watering, fertilizing, trimming and/or spraying of the interior living, potted plants.

Employers who raise, in fields or under glass, flowers to be marketed on a commercial basis as cut flowers or living plants are assigned to Code 0011. Stores or outlets of such employers at the same or contiguous location may be separately classified by Code 919, provided there is no interchange of labor between the store or outlet and the raising of flowers, and the store or outlet is located in a physically separate area or department.

Where a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50% of the gross receipts.

#### **Operations Not Covered:**

- 1. A garden supply business principally engaged in the sale of fertilizer, sod, grass seed, flower pots, birdbaths and statuary with incidental potted plants, trees, shrubs, bulbs or bedding plants shall be assigned to the N.O.C. store classification, depending on whether the sales are principally to retail customers (Code 928) or wholesale customers (Code 924).
- 2. A business principally engaged in the arranging, assembling and/or the wholesale selling of artificial or dried flowers shall be assigned to Code 924.
- 3. A business principally engaged in the raising of trees, shrubs, bushes, hedges or other outdoor living/growing plants shall be assigned to Code 0013.
- 4. A business principally engaged as a landscape contractor or performing lawn care maintenance or other similar services shall be assigned to Code 012.

## FRUIT OR VEGETABLE DEALER – WHOLESALE – 907

Applies to dealers engaged principally in the wholesale distribution of fresh fruits or vegetables. Such dealers as a part of their operation may also perform incidental repackaging of the merchandise into retail size bunches, boxes, bags or similar containers.

In addition these dealers may also sell groceries, dairy products and/or frozen foods.

#### Page 19

Where a dealer sells several types of merchandise, each of which may be subject to a different classification, such dealer shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50% of the gross receipts.

#### **GROCERY – WHOLESALE – 911**

Applies to dealers engaged principally in the wholesale distribution of groceries or frozen foods which are received and sold in cartons, cases or boxes. Such dealers may also sell at wholesale dairy products, soft drinks, household cleaning supplies, paper products, fresh fruits or vegetables.

Code 911 also includes but is not necessarily limited to wholesale dealers engaged principally in the distribution of cider, coffee, dairy products, flour, fruit juices, herbs, spices or tea.

Where a dealer sells several types of merchandise, each of which may be subject to a different classification, such dealer shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50 percent of the gross receipts.

## **Operations Not Covered:**

- 1. Wholesale dealers principally engaged in selling fresh fruits or vegetables shall be assigned to Code 907.
- 2. Wholesale dealers principally engaged in selling beer in bottles, cans, kegs or barrels and/or soft drinks in bottles or cans shall be assigned to Code 821.
- 3. Wholesale dealers principally engaged in candling or distributing eggs shall be assigned to Code 924.
- 4. For bakery products distribution see the separate Ruling and Interpretation.

#### **CERAMIC SHOP**

The operations contemplated by the term "ceramic shop" are manual with little or no mechanization. The major material is a liquid clay known as slip. After mixing, the clay is poured or pumped into plaster of paris or rubber molds. When dry, the clay is now called greenware (an unfired shape or figurine) which is manually trimmed, inventoried or shelved for further hardening and curing, then sold to customers. Retail customers often paint or finish the greenware and return it to the shop for firing. A ceramic shop will often hold classes for students who will perform all of the above functions except for the firing. The ceramic shop may also sell paints, artist-type brushes, decals and ceramic hand tools.

Payroll developed in operations as discussed above shall be assigned to Code 928.

#### CLEARING OF LAND

Below find the class assigned to payroll developed in each of five different but common types of land clearing or right-of-way clearing or maintenance projects. Such class listing does not waive either the underwriting or payroll division rules delineated in Sections 1 or 2 of this Manual.

1. Assign Code 009 for --- tree cutting/felling by chain saw regardless of tree size and the incident removal of brush and/or stumps.

2. --- Assign Code 015 for tree cutting/felling by mechanized equipment regardless of tree size and the incident removal of brush and/or stumps.

3. --- Assign Code 609 for all methods of clearing or removing brush and/or stump removal not incident to tree removal except for road construction. Such work for a road job or project is subject to Code 602.

4. --- Assign Code 005 for all methods of tree pruning, spraying (except aerial tree spraying which is assignable to the applicable aircraft operation class) or trimming including incident tree removal and all incident operations.

5. Assign Code 012 for brush or weed control using chemicals dispensed from portable or mechanical ground spraying equipment.

#### FURNITURE STORE – RETAIL --- ALL EMPLOYEES EXCEPT OFFICE – 922

Applies to retail stores --- principally engaged in selling or renting furniture including antique furniture for homes, lawns or gardens --- to the general public and/or in a retail manner. --- The word "furniture" as used in this classification includes but is not necessarily limited to: living room, dining room, bedroom or kitchen sets and individual pieces such as sofas, chairs, tables, beds, bedding, chests, breakfronts, bookcases, pianos, organs, all types of floor coverings except ceramic tile --- and major household appliances such as refrigerators, stoves and washing machines.

In addition, furniture stores may sell or rent other merchandise such as lighting fixtures, lamps, stereo equipment, televisions, video and/or audio equipment, small household appliances, mirrors, pictures and kitchen cabinets.

#### Page 20

Further included are delivery and setting merchandise in place, hanging pictures or mirrors and polishing and minor repairing of furniture on the insured's premises or at the customer's location.

Where a store sells several types of merchandise, each of which may be subject to a different classification, such store shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50% of the gross receipts.

All salespersons, including but not limited to floor salespersons, interior designers and decorators, are contemplated by the scope of Code 922 and are not separately classified.

## **Operations Not Covered:**

Separately staffed installation, service or repair operations shall be separately classified including but not necessarily limited to the examples listed below:

1. The installation of wall-to-wall carpeting, non-ceramic tile or window coverings shall be assigned to Code 670, House Furnishings Installation, N.O.C.

2. The installation, service or repair of major household appliances shall be assigned to Code 662, Household Appliances – Service or Repair.

3. The service or repair of televisions or other electronic entertainment and communication devices shall be assigned to Code 966, Television, Video, Audio or Radio Equipment Service or Repair

4. Assign Code 921 to the wholesale distribution of furniture and related products.

## MAILING OR ADDRESSING COMPANY – 948

Applicable to businesses principally engaged in mailing advertising material such as letters, circulars and/or small product samples for unrelated concerns. The mailing company may compile mailing lists or receive lists of names from customers. Materials to be mailed may be received bound on pallets ready for mailing. The mailing company may generate the letter by computer (laser or impact printed). The mailing company may design and print advertising materials . Printing operations shall be included with the mailing company class provided that more than 50% of the items printed are used as materials in the mailing business.

Most mailing companies have a production department where employees operate machines to burst, fold, insert, label and affix a stamp to each envelope. The last item listed is optional as much of this mail is metered. Mail is presorted to the addressee's five- or nine-digit zip code, placed in postal sacks and taken to the Post Office. Very small firms may employ persons to manually stuff envelopes, hand label and stamp material to be mailed.

Larger mailing companies may have sales and promotion employees soliciting accounts, designing and producing advertising campaigns in addition to the mailing operation.

Code 948 also contemplates presort bureaus which sort first-class mail for unrelated concerns. The mail may be sorted manually or by automatic sorting machines to the five- or nine-digit zip code. The sorted mail is placed in postal trays or sacks and taken to the Post Office.

Clerical is included within the phraseology of this classification. Code 948 does not provide for payroll division with either Code 951 or Code 953.

#### **OPERATIONS NOT INCLUDED:**

- 1. Assign the appropriate store classification to employers who may mail catalogs and later receive (by phone, mail or the internet) and fulfill customer orders from inventoried merchandise .
- 2. Businesses printing and performing mailing or addressing shall be subject to the appropriate printing classification when less than 50% of the print production is used in the mailing or addressing operation .
- 3. Code 948 and a printing class shall not be assigned to an employer unless that employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of this Manual.

## PRODUCT ASSEMBLY DEFINITION

For classification purposes, the term "assembly" refers to the joining together of prefabricated component parts purchased from unrelated concerns to form a described product. Some portion of the purchased prefabricated component parts may be modified

#### © 2005 DELAWARE COMPENSATION RATING BUREAU, INC.

#### Page 21

prior to assembly. When a specific assembly classification does not exist for a certain product, the assembly of such product shall be assigned to the manufacturing classification which most accurately describes the completed product.

It is common for stores, such as those engaged in the sale of bicycles, furniture, jewelry or light fixtures, to perform incidental assembly activities in preparation for the display of or after the sale of merchandise. Assembly or "get ready" activities which are incidental to a store's operations shall be assigned to the store's applicable classification.

## SHOP REPAIR OPERATIONS

Risks having shop operations that involve the repair of a product for which there is no repair classification are to be assigned to the classification that applies to the manufacture of the product, unless such repair work is specifically referred to by another classification phraseology, footnote or definition in the Manual.

## 986 – SHELTER OR HALFWAY HOUSE

Applicable to shelters for the homeless, victims of domestic abuse or unwed mothers or to halfway houses for prison release programs or drug and alcohol residential facilities not otherwise classified. Such are short term non-medical residential facilities providing in a non-institutional environment counseling and training in daily living skills aimed at reintegrating residents into the community. Services provided to clients may also include but are not necessarily limited to: counseling for specific client needs, advocacy services, job training, child care and help in seeking services available to the clients in the community. All provided services and the insured's administrative staff (regardless of location) are included within the scope of this class.

#### **Operations Not Covered:**

Facilities providing non-medical residential care for mentally ill clients, group homes not licensed as intermediate care facilities for developmentally disabled clients having eight or fewer clients per facility or children and youth residential services shall be assigned to Code 941.

## AUTOMOBILE SERVICE/GASOLINE STATION

It is common for automobile service stations or gasoline stations to be engaged in both the sale of gasoline and the performance of automobile service or repair. When both operations are conducted at the same or contiguous location, such establishment shall be classified on the basis of the principal operation:

- When more than 50 percent of the gross receipts result from automobile service or repair, assign Code 815, Automobile Service Center.
- When more than 50 percent of the gross receipts are from gasoline sales, assign Code 816, Automobile Filling Station.

An assignment of Code 815 or Code 816 is mutually exclusive for operations conducted at the same or contiguous location.

Please refer to the separate Rulings and Interpretations "Self-Service Gasoline Stations and Convenience Grocers" and "Truck Stops" for information on classifying such enterprises.

## SNOW PLOWING AND/OR REMOVAL

Payroll developed in snow plowing and/or removal for unrelated concerns is to be separately rated by Code 601.

## Code 257, BOX MFG. – PAPER

Applicable to businesses principally engaged in the manufacture of folding and/or set-up boxes. The boxes contemplated by this classification may be made from any non-corrugated paper material (e.g., paper box board or cardboard stock) which is cut, scored, creased and glued to the correct form.

Printing by a box manufacturer on its own products is construed to be incident to the box making enterprise and is not subject to separate classification. There shall be no payroll division between Code 257 and Code 281 unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

## Code 259, PAPER PRODUCTS MFG., N.O.C.

Applicable to businesses principally engaged in the manufacture of --- one or more converted paper products that are not otherwise classified by either Codes 257, 261, 263 or 265. These products include --- but are not necessarily limited to: paper towels, --- products made from tissue paper, paper cups or plates, --- holiday or party decorations, party favors, mailing tubes, paper cans, paper bags or doilies and paper sheeting, slitting or winding.

---

Any printing conducted by a paper products manufacturer not otherwise classified (Code 259) on its --- business products is --- incident to such enterprise and is not subject to separate classification. ---

## **OPERATIONS NOT INCLUDED:**

There shall be no payroll division between Code 259 and any printing classification unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

## Code 261, CORRUGATED PAPER AND/OR CORRUGATED PRODUCTS MFG.

Applicable to businesses principally engaged in the corrugating of paper and/or the manufacture of products from corrugated material (e.g., corrugated containers). The employer receives paper that may have been corrugated by an unrelated source or the employer receives paper which is corrugated as part of the employer's manufacturing process. Corrugation involves paper being slowly passed over a steam or gas heated metal drum, then revolved around a roll covered with silicate of soda which is deposited on the tips of the corrugation. The paper is then moved along until it reaches the paper liner (either a single or double facing), then the corrugated paper and liner(s) travel under pressure where they are combined and dried.

Also applicable to the manufacture of fiberboard and/or fiberboard products along with the fabrication of honeycomb products used for padding in shipping containers and a filler for hollow core flush doors.

Printing operations on the above products by the manufacturer thereof are construed to be incident to the enterprise and not subject to separate classification. There shall be no payroll division between Code 261 and Code 281 unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

## Code 263, PAPER COATING/FINISHING

Applicable to businesses principally engaged in operations involving various kinds of coatings which are mixed in mixers or agitators and run into troughs of coating machines. Rolls of paper, plastic film or other materials (except rubber or textile fabric) are coated as they pass over the rolls revolving through this mixture. The paper, plastic film or other materials are dried on rolls or stacks, some may be polished or embossed, finished by calendering, slit to desired widths and rewound or sheeted to size, then labeled and packed. Some products may be printed with advertising material before the coating or on the reverse side, after this operation.

In the manufacture of oiled, paraffined or waxed paper the waxes or oils are heated and mixed, and paper is run through a waxing machine and over a drying roll. The now waxed paper is then cut, slit, rewound on spools or sheeted or die-cut, wrapped and packed.

Laminated paper, plastic film or other materials are produced by feeding a paste or glue between layers of paper, plastic film or other materials, pressing the layers together, drying and finishing by winding into rolls or sheeting to size, or else cutting, slitting or diecutting to size and shape, wrapping and tying into bundles.

Printing operations on the above products by the manufacturer thereof are construed to be incident to the enterprise and not subject to separate classification. There shall be no payroll division between Code 263 and Code 281 unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

## Code 265, STATIONERY PRODUCTS MFG.

Applicable to businesses principally engaged in the manufacture of stationery and loose-leaf ledgers or notebooks. Cardboard, binders' cloth, leather or imitation leather, canvas, paper, glue, paste, gold leaf, printing and ruling ink, metal rings, posts, screws, separators or fittings are received from unrelated concerns. Cardboard is cut to size and covered with leather, imitation leather or cloth by gluing, pasting and some sewing. Covers are reinforced by stripping and may be embossed in ink or gold leaf and the appropriate fittings are attached to complete the binder. Fillers for the binders are manufactured from paper which is cut to size on either manual or power cutters.

Also applicable but not limited to the production of writing tablets or pads, files, desk pads, index cards or envelopes.

#### Page 23

Paper ruling, screen printing or other printing operations on the above products by the manufacturer thereof are construed to be incident to such enterprise and not subject to separate classification. There shall be no payroll division between Code 265 and Code 281 unless the employer fulfills the multiple enterprise criteria delineated in Rule IV, Section 1 of the Manual.

#### **Operations Not Covered:**

The manufacture of metal rings, posts, screws, separators or fittings are to be separately rated to the appropriate metal working class.

## PLUMBING SUPPLIES DEALER OR PIPE MERCHANT – WHOLESALE – 885

Applies to dealers principally engaged in the wholesale selling of plumbing supplies or pipe. The term plumbing supplies as used in this classification includes but is not necessarily limited to: water heaters, water pumps, kitchen/bathroom fixtures (i.e., sinks, faucets, toilets, bath tubs, shower stalls), fittings or valves. Also included is the selling of pipe of all types and sizes. Insureds principally engaged in the sale of heating, ventilating and/or air conditioning equipment, supplies or parts are further contemplated by this classification.

#### **ELECTRICAL SUPPLIES DEALER – WHOLESALE – 886**

Applies to dealers principally engaged in the wholesale selling of electrical supplies. The term electrical supplies as used in this classification includes but is not necessarily limited to: electric wire, electrical (junction) boxes, fuses, switches, outlets, circuit breakers or lighting fixtures. This classification shall also include dealers in electronic components/accessories. Examples of electronic components/accessories include but are not limited to: inductors, resistors, circuit boards, transistors and relays.

#### FAST-FOOD RESTAURANT – 897

Applicable to a retail business principally engaged in preparing food(s) and selling the prepared food(s) and generally nonalcoholic beverages to the public for immediate consumption, either on the business' premises or on a take-out basis. Fast-food restaurants have a limited menu and no wait service except on an occasional or accommodation basis. Customer orders are typically placed at a counter (the menu being openly displayed above and/or behind the counter), via a drive-through service or by telephone and are rapidly filled. Fast-food restaurants generally sell nonalcoholic beverages, but certain fast-food restaurants may also have incidental beer sales. Included within (but not necessarily limited to) this definition are retail businesses principally engaged in the preparation and sale of: hamburgers, tacos, pizza or chicken.

Also contemplated are retail businesses principally engaged as either buffet or cafeteria-style restaurants. Buffet or cafeteria-style restaurants offer a buffet-type meal. Customers may serve themselves or staff may serve food to customers in the buffet line. Staff may clear tables after customers have completed their meal. There is no wait service.

## RESTAURANT, N.O.C. - 975

Applicable to retail businesses principally engaged in preparing food(s) and selling the prepared food(s) and beverages (alcoholic or nonalcoholic) to the public for immediate consumption on the business' premises. This is a "traditional" restaurant where customers may either select their table or be seated by a hostess or another of the business' employees, browse a varied menu while seated at their table and place their food order with a member of the wait staff who will then place the order with the kitchen staff. The prepared food will be served to the customer by the wait staff person who remains available to further assist the customer during the course of the meal. Where wait service is provided, it is the practice for customers to give a gratuity to the wait staff person based upon the quality of service provided.

#### **OPERATIONS NOT INCLUDED:**

1. Assign Code 944 to country or yacht clubs or golf courses.

#### METAL SERVICE CENTER (FERROUS OR NONFERROUS METALS) - 857

Applicable to insureds principally engaged in the sale and distribution of new ferrous or nonferrous metal merchandise generally obtained from new metal producers such as steel mills or smelters, including but not necessarily limited to: beams, sheet stock in

#### Page 24

coils, bars, rods, rounds, channel iron, tubes, angles or plates. Such insured may handle a broad variety of new metal merchandise or specialize in handling a single type.

The new metal merchandise received by these insureds is unloaded and stored. The new metal merchandise may be shipped "as is" to the customer or it may be cut, slit, sheeted, bent or burned into the size or shape required by the customer and delivered by truck or rail. The processing equipment may include but is not necessarily limited to: sheeters, hacksaws, drills, benders or cutting torches.

Specialists principally engaged in the sale of reinforcing rods or bars to concrete contractors (including the cutting or forming of the rods or bars according to the contractors' specifications) are also assigned to Code 857, as are dealers principally engaged in selling wire rope, cable or metal conduit.

Further applicable by analogy to businesses engaged in the toll (fee) leveling or cutting of ferrous or nonferrous new metal to size for unrelated concerns. These enterprises do not own the new metal stock they level, sheet, cut, bend or burn, nor do they fabri-cate a product.

Where a dealer sells several types of merchandise, each of which may be subject to a different classification, such dealer shall be assigned on the basis of the principal category of merchandise sold. The term "principal" means more than 50 percent of the gross receipts.

#### **Operations Not Covered:**

Not applicable to businesses principally engaged in collecting or handling either ferrous or nonferrous scrap metal. Assign ferrous scrap dealers to Code 858. Assign nonferrous scrap dealers to Code 859.

## PRE-SCHOOL (CHILD CARE OR EARLY EDUCATION) SERVICES - ALL EMPLOYEES INCLUDING OFFICE - 891

Includes but is not necessarily limited to nursery schools, Head Start, kindergarten or child daycare services. Child daycare services provide for care and custody of children for various periods of time during the day (no residential facilities), typically during normal business hours (i.e., from 6:30 a.m. to 6:00 p.m., Monday through Friday).

Also applicable to employers principally engaged in operating nursery schools or kindergartens. Nursery schools are generally directed towards children ages three to four years, can be academically oriented and are designed to provide children with basic educational and social skills prior to the time they begin elementary school.

Kindergartens are pre-elementary school classes and are typically provided to children five-years-old. Sessions are usually held for one-half the school day (i.e., children may be enrolled in "morning" or "afternoon" classes) and will include a very basic academic curriculum.

Further contemplated by this classification are employers operating the Head Start Program. Head Start is a federally-funded child development program that provides early education, health, nutritional and psychological services to three- to four-year-old children of low-income families. Some Head Start Programs will also provide for social services to low-income families and for child daycare. This program endeavors to enhance economically disadvantaged children's educational status and social skills to a level sufficient for them to enter elementary school.

#### **Operations Not Covered:**

A child daycare center operated by an employer principally for the use of its own employees is not subject to Code 891 and shall be included in that employer's applicable field of business classification.

#### CLUB, N.O.C. - 896

Clubs are organized civic, social or fraternal associations (e.g., The Elks, VFW posts, fraternities or sororities) who provide special services for members and members' guests only. The services and/or amenities provided by a club may vary depending upon the extent of each club's facilities and membership. The amenities provided may vary considerably from one club to another and may include but are not limited to: dining rooms, bars, lounges, reading/card rooms, bowling lanes or swimming pools. The club's focus and purpose may be based on a charter. Each club is responsible for electing officers to oversee and enforce the club charter. The charter may include but is not limited to rules and regulations for admitting members, maintaining membership and collecting dues. Periodic meetings are held at the club location to discuss upcoming events, fund raisers and/or club business.

#### **CATERER – 898**

There are four types of catering businesses that provide food service: social, industrial or institutional, concession or mobile.

#### Page 25

Social caterers are hired for a single event such as a wedding, party or business affair. The social caterer provides the client with a menu of food items, types of beverages, colors of linens, other available amenities and, if applicable, a listing of the types of entertainment. The client is then responsible for choosing food, beverages, color schemes and/or entertainment. Once all of the services to be provided have been determined, the social caterer may produce a contract based on the predetermined services. Alcoholic beverages may be provided at the event, but the sale of alcoholic beverages is not the principal source of revenue. This type of catering may be performed either on the caterer's premises or at the customer's premises.

Institutional or industrial caterers operate under contract to provide in-house food service for businesses, hospitals, nursing homes, schools or similar customers. These catering operations generally plan menus and perform the preparation and sale of food in a cafeteria-style environment.

Concession caterers are usually located at but are not limited to airports, sports stadiums, amusement parks, theaters or museums. The concession caterer operates under contract with the client facility to provide prepared food and beverages to the client's patrons. The concession caterer may also use "walking vendors" throughout the venue.

Mobile caterers provide food and beverages from a truck with cooking equipment, parked on the sidewalk at locations such as a construction site, factory or university with large commuting student body or travel a predetermined daily route.

## **OPERATIONS ALSO INCLUDED:**

Also included within the scope of this class are caterers providing food service to unrelated airlines or railroads.

"Meals on Wheels" operations (organizations who provide a service to deliver hot meals to those who cannot prepare the food themselves) are further assigned to Code 898.

## BAR, TAVERN, COCKTAIL LOUNGE, NIGHTCLUB OR DISCOTHEQUE - 899

A bar, tavern, cocktail lounge, nightclub or discotheque is a retail establishment principally engaged in the sale of alcoholic beverages by the drink that is open to the general public. These establishments may offer some type of entertainment such as a dance floor, disc jockey, live music or one or more televisions showing sporting events. Such businesses may or may not also prepare food and sell the prepared food to customers for immediate consumption. Where food is not prepared, the establishment may sell packaged snacks. In either scenario, food preparation and service is not a majority of the employer's operations.

The term "principally engaged" means more than 50 percent of the establishment's gross receipts.

## CONSTRUCTION OR ERECTION – EXECUTIVE SUPERVISORS – CODE 951

The assignment of Code 951 is applicable only to executive supervisors who do not exercise direct supervision of construction or erection operations. Code 951 is not applicable to supervisors permanently located at a given job location until the completion of that job. Code 951 is also not assigned to the payroll of any individual who is directly in charge of construction workers (including general laborers) at a specific job location. Any person who is directly in charge of construction work or construction employees at a specific job location shall be assigned to that job classification or, if more than one classification is assigned, to the highest-rated classification for that job if separate payroll records are not maintained.

The job duties of an executive supervisor would include time spent in an office and visits to a job site. Such supervision given by an individual classified under Code 951 must be indirect; i.e., through another person such as a superintendent or foreman. The executive supervisor has overall managerial responsibility for the various projects. That responsibility may include making arrangements for the procurement of materials and/or the delivery of supplies, procurement of subcontractors, maintenance of construction timetables, visits to job sites to keep track of job progress, conferring with clients, architects and engineers, and traveling to and from the company's headquarters. It also contemplates clerical office exposure and the part-time hazards of walking and climbing around on job sites. Typically, the use of the classification is applicable to large construction companies that have at least one level of supervision between the executive supervisor and the worker. It is also applicable in situations where numerous smaller projects are in progress simultaneously and the executive supervisor has the managerial responsibility for all of them.

An exception to the above-stated application would apply to a job superintendent responsible for and physically located at a specific job site where all operations are subcontracted to unrelated concerns. In this instance, the contractor has no construction workers at the job site, and the superintendent cannot exercise direct control of the subcontractor's employees. Therefore, in this circum-stance the job superintendent should have his/her payroll assigned to Code 951.

#### WEATHERIZATION PROGRAMS - CODE 647

The purpose of a weatherization program is to insulate the client's home, which may be a detached house, a twin, a row house or a mobile home. The clients are generally either elderly, on a fixed income or are low-income families. All of a weatherization program's tasks (e.g., fixing windows and/or doors, installing blown or vat insulation, putting in foam sealants, doing caulking or putting in

#### Page 26

weather stripping) are incidental to the efforts of preventing outside air from infiltrating the home and concurrently preventing warm or air-conditioned air from escaping the home or enhancing the home's insulation. Assign Code 647 to payroll developed in a weatherization program.

## HOMEOWNERS' ASSOCIATION

A Homeowners' Association is responsible for the care of residential or recreational home developments. Such developments may have part-time residents who use the development for vacation or recreational purposes and/or year-round residents. Assign Code 971 to the maintenance of common grounds (e.g., roads), and the operation and maintenance of recreational amenities (e.g., swimming pools, tennis courts and/or clubhouses) and security.

Association operations conducted by separate employee crews including but not necessarily limited to: golf courses, stables, restaurants, sewage plant and water works shall be separately classified as provided for in this Manual.

## TREE PRUNING, SPRAYING, REPAIRING OR FUMIGATING – CODE 005

Applicable to businesses principally engaged in using hand tools or mechanical equipment to prune, spray, trim or fumigate trees. These operations can be performed from the ground or may require the use of ladders or aerial buckets. Also includes generalist tree care service contractors that perform most or all of the above listed services or specialists principally engaged in providing a single service (e.g., clearing the rights-of-way/tree pruning for utility contractors). Code 005 also contemplates tree removal that is incident to the employer's pruning, spraying, repairing, trimming or fumigating services.

#### **OPERATIONS NOT INCLUDED:**

- 1. Assign Code 009 to logging businesses or clearing of land projects that include tree removal.
- 2. Separately rate to Code 012 landscaping or lawn cutting or maintenance performed at separate locations or job sites where no tree care services are performed.

#### LOGGING OR LUMBERING, N.O.C. – 009

Applicable to a logging or lumbering business principally engaged in --- cutting/felling trees for lumber or wood chips or clearing of trees by chain saws --- regardless of the trees' size. Stump removal incident --- to the logging or lumbering business is included.

Also applicable to the transportation of the logs to a mill and to the construction, maintenance or extension of logging roads --- when performed by employees of the logging business.

Sawmill operations conducted by a separate crew of employees shall be assigned to Code 301.

Specialist contractors engaged in log hauling for an unrelated logging or lumbering business shall be assigned to Code 811. Log hauling by a sawmill business when all logging or lumbering has been outsourced to an unrelated logging or lumbering business(es) shall be assigned to Code 301.

## LOGGING OR LUMBERING – MECHANIZED TREE FELLING EQUIPMENT – 015

Applicable to a logging or lumbering business principally engaged in cutting/ felling trees for lumber, wood chips or clearing land by means of mechanized equipment. Mechanized tree felling equipment is a tracked or wheeled unit that has an enclosed cab (e.g., a feller-buncher that has a fixed-grip harvesting head that can grasp, cut, lift, swing and bunch trees), and the equipment's operator does not normally leave the cab in the performance of his tree cutting/felling duties. Stump removal incident to the logging or lumbering business is included.

Also applicable to the transportation of the logs to a sawmill or another type of customer and to the construction, maintenance or extension of landings or logging roads when performed by employees of the logging business.

Sawmill operations conducted by a separate crew of employees shall be assigned to Code 301.

Specialist contractors engaged in hauling logs for an unrelated logging or lumbering business(es) shall be assigned to Code 811. Assign Code 301 to log hauling performed by a sawmill business when all logging or lumbering has been outsourced to an unrelated logging or lumbering business(es).

## **MUSEUM – 887**

An establishment devoted to the procurement, preservation and display of objects of cultural interest. Includes all types of museums (e. g., art, archaeology, children's, history, natural history, or technology). Also includes all of a museum's operations, which may include but are not necessarily limited to: galleries, curatorial space, auditoriums, movie theaters, lecture halls, classrooms for art instruction, storerooms, conservation or restoration laboratories, gift shops or eating facilities.

#### **Operations Also Included:**

1. A separately staffed and located museum operated by a municipal government (e.g., borough, city or town).

## LIBRARY - PUBLIC - 890

An establishment in which books, magazines, manuscripts, musical scores, videos, compact audio discs or other literary or artistic materials are kept for use by the general public. Materials may be taken from the library for specified time periods, or they may be restricted to use on the library's premises. Library patrons who wish to borrow library materials are generally library members and may pay an annual fee for that privilege. A library's services may also include but are not necessarily limited to: providing Internet access, sponsoring lectures, workshops or seminars, classes in adult literacy, storytelling or summer reading programs for children,

#### Page 28

providing photocopiers for public use (for a per page fee), providing meeting space for local organizations or bookmobiles.

## **Operations Also Included:**

1. A separately staffed and located public library operated by a municipal government (e.g., borough, city or town).

## **Operations Not Covered:**

1. A library operated by a college or school for its students, faculty and staff will be assigned to the appropriate school classification.

2. A library operated by a company (e.g., hospital, law firm or newspaper) will be assigned to the classification consistent with the employer's business. A library operated by a museum for its staff will be assigned to Code 887.

## LABOR UNION – 903

Applicable to all employees (e.g., business agents, organizers, clerical, janitorial or instructors in an apprenticeship program) of a labor union. Includes but is not necessarily limited to union locals, union district councils, statewide or national labor union organizations.

## HOME HEALTH CARE SERVICES

Applicable to any business providing home health care services to individuals or to families in their residence. The services provided may include skilled services under a physician's written direction that include but are not necessarily limited to nursing care, home infusion therapy, physical, speech and/or occupational therapy and/or nonprofessional services, including but not necessarily limited to home health aide, attendant care, companions and live-ins and/or home support services such as homemakers or chore workers. Payroll so developed shall be classified in the manner indicated below.

Code 942, "HOME HEALTH CARE - Professional Staff, all employees except office"

Includes registered or licensed practical nurses, pharmacists, physical, speech and/or occupational therapists, medical social workers and outside salespersons.

Code 943, "HOME HEALTH CARE – Nonprofessional Staff, all employees except office"

Includes but is not necessarily limited to home health aides and certified home health aides, attendant care aides, companions and live-ins and home support personnel such as homemakers and chore workers.

#### **OPERATIONS ALSO INCLUDED:**

1. Assign Code 942 to outside salespersons employed by a home health care business that performs only nonprofessional home health care services.

## **OPERATIONS NOT INCLUDED:**

1. Assign Code 928 to separate staff engaged in the sale or rental of durable hospital equipment or supplies such as hospital beds, wheelchairs, commodes and walkers to the individual home health care patient.

## FURNITURE STORE – WHOLESALE 921

Applies to wholesale dealers principally engaged in selling or renting furniture, including but not limited to: sofas, chairs, tables, beds, bedding, chests, breakfronts, bookcases, pianos, organs, floor coverings (carpet and linoleum) and major household appliances and office furniture. The term "principally engaged" means more than 50 percent of the employer's gross receipts.

Separately staffed installation, service or repair operations shall be separately classified, including but not necessarily limited to the examples listed below:

- 1. The installation of wall-to-wall carpeting, non-ceramic tile or window coverings shall be assigned to Code 670.
- 2. The installation, service or repair of major household appliances shall be assigned to Code 662.

3. The service or repair of televisions or other electronic entertainment and communication devices shall be assigned to Code 966.

#### PRINTING, N.O.C. – 281

Applicable to printing businesses principally engaged in the reproduction of printed products or providing one or more printing industry services pursuant to a Code 281 Underwriting Guide entry or printed products that are not specifically classified by an Underwriting Guide entry. Also includes the bindery department that finishes the employer's print production. Finishing may include but is not necessarily limited to: collating, cutting-to-size, including die cutting, scoring and perforating, rounding corners, tab cutting, folding, drilling or punching holes, stapling, sewing, wire stitching, gluing – perfect binding, laminating, foil stamping or embossing.

#### **OPERATIONS ALSO INCLUDED:**

(Businesses principally engaged in one or more of the following activities)

1. The screen printing of any product including finished apparel articles.

2. Web-press production of printed product either specifically assigned to Code 281 or not specifically classified by an Underwriting Guide entry (e.g., books, business forms, direct mail advertising).

3. Service contractors to the printing industry (e.g., printers' finishers).

4. Specialist contractors decorating china or glassware by means of purchased or customer- provided decals, the cutting or engraving of glassware, engraving per se or making printing plates.

5. The manufacture of plastic or vinyl sign letters and the application of such onto a substrate – shop only, no installation.

6. The manufacture of rubber stamps.

#### **OPERATIONS NOT INCLUDED:**

1. Assign Code 136 to embroidery operations performed by an embroidery business or a separate staff in a physically separate work area.

2. Assign Code 265 to a manufacturer of stationery products including but not necessarily limited to loose-leafed or ringed binders, envelopes, notebooks or file folders.

3. Assign Code 282 to a newspaper or periodical publisher who also prints the newspaper or periodical or to a contract printer principally engaged in printing any product(s) denoted in a Code 282 Underwriting Guide entry by means of a web press(es).

4. Assign Code 285 to printing businesses principally engaged in providing customer copy reproduction by means of sheetfed offset printing presses that utilize paper sheet sizes greater than 17x22 inches or that have four or more color towers, regardless of the paper sheets' size, or any Halm envelope printing unit, or another sheet-fed unit/printing technique (e.g., letterpress) on paper sheets of any size.

5. Assign Code 932 to printing businesses providing customer copy reproduction by means of small offset presses, also known as duplicators, on paper sheet sizes 17x22 inches or less or electrostatic (photo) copiers on paper of any size.

6. Assign Code 948 to a business that performs printing and direct mailing, provided that more than 50 percent of the print production is used as direct mail.

7. Code 281 and another printing class (Codes 257, 259, 261, 263, 265 or 948) will not be assigned to any printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

8. Code 281 may not be assigned when printing operations are a General Inclusion into the business' governing classification.

#### **NEWSPAPER OR PERIODICAL PRINTING – 282**

Applicable to businesses principally engaged as a newspaper(s) publisher or the publisher of another type of publication(s)/intellectual property assigned to Code 282 by Underwriting Guide entry who also prints the newspaper(s) or other publication(s)/intellectual property. Also applicable to printing businesses principally engaged in printing newspapers or another publication(s)/intellectual property specifically assigned to Code 282 by an Underwriting Guide entry for unrelated customers. The newspaper(s) or other type(s) of publication(s)/intellectual property will be printed by means of a web press(es), regardless of whether the publisher or a contract printer performs the printing.

## **OPERATIONS ALSO INCLUDED:**

1. A newspaper's pages may be cut, collated and folded by the web press. Inserts may be placed into the newspaper by inserting machine or by hand. The newspapers may be tied into bundles and delivered either by the publisher and/or contract printer or by independent delivery contractor(s).

2. A periodical may be finished by performing one or more of the tasks listed below: collating, cutting-to-size, including die cutting, scoring and perforating, rounding corners, tab cutting, folding and gluing – perfect binding. The periodical publisher and/or contract printer may further mail the periodical to subscribers.

#### **OPERATIONS NOT INCLUDED:**

1. Code 282 and another printing class will not be assigned to any publishing and/or printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

#### PRINTING – PRINCIPALLY SHEET FED PRESS PRODUCTION – 285

Applicable to printing businesses principally engaged in providing customer copy reproduction by means of sheet-fed offset printing presses that utilize paper sheet sizes greater than 17x22 inches or that have four or more color towers, regardless of the paper sheets size, or any Halm envelope printing unit or another sheet-fed press printing technique (e.g., letterpress) on paper sheets of any size. Also includes the bindery department that finishes the employer's print production. Finishing may include but is not

#### Page 31

necessarily limited to: collating, cutting- to-size, including die cutting, scoring and perforating, rounding corners, tab cutting, folding, drilling or punching holes, stapling, sewing, wire stitching, gluing – perfect binding, laminating, foil stamping or embossing.

## **OPERATIONS NOT INCLUDED:**

1. Assign Code 281 to printing businesses principally engaged in providing customer copy reproduction of printed products or providing printing industry services pursuant to a Code 281 Underwriting Guide entry or that are not specifically classified by an Underwriting Guide entry.

2. Assign Code 932 to printing businesses principally engaged in providing customer copy reproduction by means of small offset presses, also known as duplicators, on paper sheet sized 17x22 inches or less or electrostatic copiers on paper of any size.

3. Code 285 and another printing class will not be assigned to any printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

#### PUBLISHER – PRINTING OUTSOURCED, PERFORMS PRODUCT DISTRIBUTION – 287

Applicable to businesses principally engaged as the publisher of any type of publication (e.g., books, sheet music, greeting cards, newspapers) who outsources the printing thereof to an unrelated concern. Such businesses may have a separate staff(s) engaged in editing manuscripts (e.g., books, sheet music), performing art work (e.g., greeting cards) or gathering information and writing articles (e.g., for a newspaper) and performing prepress (the preparatory steps prior to actually printing product) operations and another separate staff engaged in the distribution and/or delivery of the publication. Distribution and/or delivery tasks may include but are not necessarily limited to: receiving printed publications from unrelated printers and placing into inventory, receiving pick tickets for orders, pulling the indicated publications from inventory and packing for shipping, cutting sheets of greeting cards printed by an unrelated concern(s) into individual cards, folding and placing cards into boxes or placing cards into inventory and packaging for shipment, picking up the printed publication at the unrelated printer's facility, labeling individual publications for mailing, placing the labeled publications into mailbags, delivering the mailbags to the post office, bundling publications and delivering bundled publications to stores for sale.

#### **OPERATIONS NOT INCLUDED:**

1. Assign the appropriate printing class as provided in this Manual to any publisher who also prints their publication(s).

2. Assign the appropriate printing class to a publisher who outsources the printing and distribution of their publication(s) but who has a separate staff in a physically separate work area printing non-publication product(s) for unrelated customers.

3. Code 287 and a printing class will not be assigned to any publishing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

#### **COPYING OR DUPLICATING SERVICE – 932**

Applicable to printing businesses principally engaged in providing customer copy reproduction by means of small offset presses (with no more than two color towers), also known as duplicators, on paper sheet sizes 17x22 inches or less or electrostatic copiers on paper of any size. Such businesses also typically provide postpress bindery service that finishes the printed product. Finishing may include but is not necessarily limited to: collating, cutting to size, including die cutting, scoring and perforating, rounding corners, tab cutting, folding, drilling or punching holes, stapling, sewing, wire stitching, gluing – perfect binding, laminating, foil stamping or embossing.

#### **OPERATIONS NOT INCLUDED:**

1. A printing business principally engaged in the reproduction of customer copy by other means shall be assigned to the appropriate printing class as provided for in this Manual.

2. Code 932 and another printing class shall not be assigned to any printing business unless that business fulfills the multiple enterprise criteria specified in Rule IV, Paragraph C. 3. a. 2.

#### **INVESTIGATIVE AGENCY – 904**

An investigative agency is principally engaged in gathering information for clients (e.g., insurance companies or other businesses, attorneys or private persons) for one of a number of reasons (e.g., fraud or another crime, matrimonial or child custody disputes). To accomplish this overall goal, an investigator's duties may include but are not necessarily limited to the tasks discussed below. The investigator may review public records (e.g., at a court house), interview the "subject's" neighbors, coworkers or acquaintances and/or conduct surveillance of the investigation's "subject." When surveillance is conducted, the investigator may take still photographs or video the "subject's" movements (e.g., to document insurance fraud). The investigator will prepare a written report of the findings and concurrently submit the photographs or videotape, as warranted.

#### **OPERATIONS NOT COVERED:**

- 1. Assign Code 660 to a separate alarm installation and/or repair crew.
- 2. Assign Code 954 to a separate security guard crew.

#### **SECURITY AGENCY – 954**

A security agency may also be known as a guard and patrol service. Such businesses are principally engaged in providing unrelated private sector or government customers with armed or unarmed private security personnel (also known as security officers) to guard the customer's premises and surrounding property against unlawful or undesirable activities (e.g., fire, theft, vandalism). To accomplish these overall goals, a guard/security officer's duties may include but are not necessarily limited to the tasks discussed

#### Page 33

below. A guard may control access to the customer's building or another off-road site (e.g., construction), direct traffic onto or off of the customer's premises and answer telephones. A guard's duties may be stationary (when the guard is assigned to a fixed location) or mobile (in a car covering a specified area). A guard may conduct a walking tour of the assigned location and/or monitor closed circuit television cameras. A security guard (e.g., in a retail store) may wear ordinary clothing, but typically a security guard will wear a uniform with a badge that clearly identifies the person as a security guard and designates the guard's employer. A security guard may maintain a logbook or write a report on their work shift activities and observations. Private security guards generally do not have police powers, but store guards will act to stop shoplifters (turning suspects over to the local police) and armed guards may act to stop robberies (e.g., in a bank) or, if acting as bodyguards, to protect the client(s) before the police can arrive.

### **OPERATIONS NOT COVERED:**

- 1. Assign Code 660 to a separate crew that installs or repairs alarms.
- 2. Assign Code 904 to a separate crew engaged in performing any type of investigations for unrelated customers.

### AUDITING

#### **Drivers** (Payroll Allocation)

It is the Bureau's position that the payroll of drivers, chauffeurs or their helpers which cannot be allocated to a specific classification because they have duties common to more than one classification shall be assigned to the governing classification of the two or more classifications to which their work belongs.

The above ruling does not supersede any Manual rules found in Sections 2 or 5 of the Delaware Manual, nor does it supersede any Manual wording footnotes found in Section 2 or Section 5 regarding the allocation of payroll for the 800-series of classifications (Trucking and Storage Industry).

#### Example:

Insured X has approved classifications Code 0034, Animal Raising, and Code 865, Poultry and/or Fish Dealer/ Processor. If insured X had separate crews of drivers that did not interchange their duties between the two operations, the separate crews would have their payroll allocated to the separate respective classifications.

If no such separate crew existed and the drivers, etc. have duties common to both operations, their payroll would be assigned to the governing classification exclusive of miscellaneous employee payroll.

#### Commission Salespersons (Deductible Expenses)

Commissions paid to commission salespersons shall be included in the audit of payroll for premium computation purposes, except that traveling and all other expenses of the salespersons in connection with their employment may be deducted provided the salespersons report such expenses and the insured maintains a definite verifiable record of them. Arbitrary flat percentages shall not be allowed under the provisions of this interpretation nor shall automobile depreciation be deductible as an item of expense unless such depreciation comprises a part of the mileage rate allowance.

#### BASIS OF PREMIUM

#### **Employee Expense Reimbursements**

Reimbursement expenses (except for hand or power tools as provided for in Rule V., B. 2. i.) paid to employees may be excluded from the audit provided that all three of the following conditions are met:

- 1. The reimbursed expenses paid were incurred upon the business of the employer, and
- 2. The amount of each employee's expense payment is shown separately in the records of the employer, and
- 3. The amount of each expense reimbursement approximates the actual expenses incurred by the employee in the conduct of his or her work (IRS published per diem guidelines may be viewed as approximating actual expenses).

#### Salary Reduction Plans

In determining the remuneration to be used for premium computation purposes, no deduction shall be permitted for contributions to employee benefit plans made by employees either directly or through salary reduction agreements. The typical salary reduction plan involves a binding salary reduction agreement through which a specific percentage of the employee's salary is not paid to him or her but is paid into a pension, medical or savings plan (Section 125 IRC).

#### Strike Periods (Wages Paid)

Wages paid to employees who are not on strike but who are unable to perform their normal duties because of a strike shall be assigned to the classification applicable to the work usually performed by such employees, except that if any such employees perform absolutely no work for their employer and are not present on their employer's premises during such period, such wages shall be assigned to Code 953, Clerical Office Employees, provided the facts are clearly disclosed by the employer's records.

#### **Traveling Time Payments**

Payments made by an employer to an employee to reimburse him or her for time spent in traveling to or from work or to or from a specific job shall be considered as remuneration in accordance with the provisions of Rule V., B. of the Manual, and such remuneration shall be assigned to the Manual classification which applies to the work normally performed by such employee.

#### Wages Paid for Idle Time

- 1. The entire amount of wages paid for idle time shall be included as payroll.
- 2. Wages paid for idle time due to the following causes shall be assigned in their entirety to the classification which applies to the work normally performed by the employee involved:
  - Suspension or delay of work on account of weather conditions. Delays while waiting for materials. a.
  - b.
  - Delays while waiting for another contractor to complete certain work. C.
  - d. Delays arising from breakdown of equipment.
  - "Stand-by" time where employees such as operators of cranes, hoists or other equipment are on the job but their e. active services are not required continuously.
  - Special union requirements or agreements between employer and employees calling for pay for idle time under f. specified circumstances.
  - Other cause of similar nature. g.
- Wages paid to key employees of construction, erection or stevedoring risks, such as superintendents, foremen or engineers, 3. for periods during which no jobs are in progress, shall be assigned to the classification applicable to the work which each one normally performs. (Exception: Reference Strike Periods - Wages Paid.)
- The entire amount of wages paid for idle time to an employee engaged in work other than construction, erection or stevedoring 4. must be assigned without division to the classification which normally applied to that employee.

### **AUTOMOBILE DEALERSHIPS**

With the understanding that the assignment of an employee's payroll may vary according to individual circumstances, the following guidelines have been developed to aid in the classification of employees of a typical auto dealership. Proper documentation on worksheets should be added when exceptions are made to these guidelines.

- 1. Finance and Insurance (F&I) Manager and Employees process automobile financing and payment schedule paperwork required by a bank or other financial institution on behalf of the customer. Their payroll is assignable to Code 953.
- 2. Inventory Coordinators or Inventory Control Attendants may physically check incoming or outgoing automobile inventory. These employees may move new or used automobiles from one lot location to another or to different locations within a single lot. They may also physically check the inventory on a regular basis by walking throughout the lot(s) to do a physical count of the automobiles and monitor them for damage or defects. Their payroll is assignable to Code 818. If job duties are limited to operating a computer in a physically separate office, Code 953 would apply.
- Inventory Clerks (either service or parts) usually assist the appropriate manager in the compilation and/or recording of 3. paperwork involved in keeping track of either repair/service work done by the service department or the sale/inventory of parts done by the parts department. If they work exclusively on a computer or handle the paperwork generated by the appropriate respective department, their payroll is assignable to Code 953. However, if they physically handle the parts or work in areas that are not physically separated from the parts or service areas, their payroll is assignable to Code 818. Sometimes these employees have job titles of parts clerk or service clerk.
- Service Writers/Service Advisors have historically had their payroll assigned to Code 818 because of their job duties, as well as where they perform these job duties. However, as technology modernizes the automobile dealership industry, many job 4.

descriptions of dealership employees have changed. If a service writer performs any of the following job duties, the payroll of that employee is assignable to Code 818:

- Physically inspecting the customer's automobile to determine what repair work is required.
- Walking out to the car to write down the mileage from the odometer. This information is necessary because
  warranty work and adherence to the warranty schedule is keyed to the mileage an automobile has on it. An
  automobile dealership may not honor the warranty agreement unless all repairs and service have been
  completed by the dealership's own technicians.
- Providing information or direction to service/repair employees (called mechanics or technicians) through direct interface in the service/repair area.
- Pickup and delivery of parts.
- Road testing the malfunctioning or the repaired vehicle, conducting a final inspection of the vehicle or physically handling ordered automobile parts.

Frequently, service writers work in a driveway/garage area. An operative hazard of an automobile dealership is the operation of a vehicle. In the above-mentioned area the automobiles are driven directly up to the service writers, and there is no floor-toceiling partition separating the writers from this hazard. Therefore, the employees in question do not meet the restrictive definition of a clerical office employee, and their payroll would be assignable to Code 818.

As an exception to the rule, the service writers may have their payroll assigned to Code 953 if they work in an area that is physically separated from other operations by floor-to-ceiling partitions and in which work of clerical office employees, as defined in the restrictive standard exception rule, is performed exclusively.

- 5. Cashiers who wait on customers should have their payroll assigned to Code 818. The cashier who works in an area where only office work is performed and that area is physically separate from the parts, body shop, service/repair, showroom or sales lot areas should be assigned to Code 953.
- 6. **Telephone Operators** should have their payroll assigned to Code 953 if they work in physically separate areas away from the parts, body shop, service/repair, showroom or sales lot areas.
- 7. **Greeters** working in the showroom direct walk-in customers to waiting salespersons. Their payroll should be assigned to Code 819.
- 8. Title Clerks process the paperwork involved in title and registration transfers. Their payroll is assignable to either Codes 953, 819 or 818 depending on where they perform these job duties.
- **9.** Automobile Salespersons must have their payroll assigned to Code 819. This classification is analogous to Code 951, Outside Salespersons, which is the standard exception classification applicable to employees engaged in the outside solicitation of a firm's goods or services. Job duties inherent for automobile salesmen include:
  - They sell automobiles by talking with walk-in customers.
  - Their offices/work areas are in the showroom.
  - They may or may not take the customer out for a test drive.
  - They demonstrate the various features of the automobiles to the customers and may deliver the vehicle to the customer.
  - A regular part of their job duties includes time spent in the new/used automobile lot or showroom.
- 10. Sales Managers should have their payroll assigned to Code 819, even though they may not sell cars, if their areas of responsibility encompass the sales department and they are engaged in directly supervising the productivity, training and evaluation of the sales department.

They accomplish these goals by observing the salespeople in their interaction with the customer in the showroom or car lot. They constantly evaluate the performance of the salespeople and direct them by updating and improving their sales techniques. While individual salespeople may learn the results of their evaluation in the sales manager's office for reasons of confidentiality and privacy, the sales manager must regularly spend time in the car lot and/or showroom in order to accomplish his/her goals of effective management.

The payroll of the sales manager should be assigned to the same classification that is applicable to the group of employees he/she directly supervises. The term "directly supervises" is construed to mean that the education, training, evaluation and/or the provision of instructions is done face-to-face in the areas where the employee is working.

The exception to this rule is the case where the sales manager, due to the complexity or large size of the dealership, would delegate training, evaluation and direct supervision of employees to a supervisor/subordinate and where the job duties of the sales manager relegate him/her to exclusively working in the office.

11. Parts Managers and Service Managers should have their payroll assigned to Code 818. Parts managers may work in the parts department, provide direct supervision (as defined above) of employees, fill in for parts counter employees, physically handle parts, unload and stock parts in inventory and/or wait on customers or employee mechanics providing them with parts. Any of these activities are sufficient to place the parts manager in Code 818.

Service managers may work in the service area providing supervision and direction to employees, estimate service and repair cost by examining the car, and road test customer vehicles as a regular part of their job duties.

As noted above, the payroll of the manager should be assigned to the same classification that is applicable to the group of employees he/she directly supervises.

12. General Managers should have their payroll assigned to either Codes 818, 819 or 953 depending upon their job duties. If the general manager directly supervises the parts, service, body shop or other operational areas of the dealership with the exception of the office or showroom/sales lot area or has regular job duties in those areas, that individual's payroll is assignable to Code 818.

In some automobile dealerships a general manager may have assumed the duties of a sales manager and is engaged in directly supervising the productivity, training and evaluation of the sales department, in which case Code 819 would be the appropriate classification for the general manager's payroll.

Finally, a general manager who is exclusively engaged in job duties that fall within the restrictive definition of Code 953 in Section 1 may have their payroll assigned to that classification.

- **13. Drivers/Car Jockeys** drive the new and/or used automobiles from one lot location to another or back and forth to positions within one location. They may wash and detail the car prior to the customer taking possession of the purchased automobile. They may drive cars from an automobile auction or a car wash to the lot location. These employees are miscellaneous employees whose job functions support the dealership's business, and their payroll is properly assignable to Code 818.
- 14. Automobile Rental Clerks have job duties that include but are not necessarily limited to assigning vehicles, completing rental agreements, insurance and credit forms and collecting payment for the rental of automobiles. Their payroll is assignable to Code 819. Rental clerks may also demonstrate or move the automobile.
- **15.** Leasing Managers: The Bureau considers the leasing of a vehicle as analogous to "selling" the vehicle, as the leasing of the vehicle effectively means relinquishing possession of the vehicle to a customer on a more or less permanent basis. Therefore, a leasing agent or manager that demonstrates the features of the automobile should have their payroll assignable to Code 819. Leasing managers should have their payrolls assigned to Code 953 if their job duties are limited to making leasing arrangements over the telephone.

#### COUNTER PERSONNEL – AUTOMOBILE REPAIR FACILITIES

As a general rule, counter personnel for auto repair facilities wait on customers, prepare job cost or sales estimates, write up orders and collect payments for services rendered or merchandise purchased. As described, counter duties are a normal, integral and basic part of the operation of these types of facilities and, as such, are contemplated by the composite rating value of the basic governing classification – Code 815. Therefore, counter personnel for automobile repair facilities and/or automobile tire dealers should be assigned to Code 815 and not to a standard exception classification, either Code 951 or Code 953.

#### **PROPERTY MANAGEMENT FIRMS**

Property management firms are engaged in the management of real property which may be owned by the firm or owned by other concerns and managed under contract. The duties of a property management firm are to enforce the provisions of the lease agreement entered into by the tenant and landlord, to ensure that necessary tax, mortgage, insurance and other payments are made in a timely manner, and to ensure that the property is maintained in such a way as to maximize its value to the owner. In the conduct of such operations management companies may employ maintenance personnel, resident or on-site managers, leasing agents or property management supervisors or may subcontract all or portions of these separate responsibilities. The basic functions performed by the personnel of property management firms and the current classification procedures followed in connection therewith are presented below:

#### Maintenance

Maintenance personnel generally perform minor maintenance and repair work at the property site, including but not limited to: cutting the grass, shoveling snow, plumbing, electrical wiring, painting and minor carpentry activities. New construction or structural alterations generally are subcontracted to a specialty contractor. Payroll developed by maintenance employees of a commercial or industrial building owner, lessee or real estate management firm is assigned to Code 971. Payroll developed by maintenance employees of an apartment or condominium complex operator is assigned to Code 880.

#### Resident or On-Site Managers

Resident managers typically are retained in connection with residential apartment complexes, while on-site managers may be employed in connection with either residential or commercial properties. Resident managers usually receive compensation in the form of a salary and an apartment unit located at the site of the managed property. The duties of resident or on-site managers retained in connection with apartment complexes and similar multiple dwelling units may include but are not limited to: performing maintenance and repair work, showing apartments to prospective tenants, preparing lease or rental agreements, collecting rents, handling tenant complaints, inspecting vacated units for damage, coordinating maintenance and repair activities, acting as the liaison between tenants and management supervisors, and directly supervising the overall operations and/or maintenance staff of the property.

As a general rule, managers engaged in the above job duties should have their payroll assigned to either Code 971 or Code 880. However, managers who perform no maintenance/repair work or perform no direct supervision of the maintenance staff or do not supervise the overall operations of the complex may have their payroll assigned to Code 951. The duties of on-site managers retained in connection with commercial buildings are similar to those described above and they are classified the same way.

#### Leasing Agents

Leasing agents are typically engaged in residential and/or commercial property leasing or real estate sales activities. Leasing agents are paid a commission based upon the total rent paid over the duration of the lease. Leasing agents show available space to prospective tenants and negotiate the terms of the lease, including the lease period, tenant improvements, payment schedules, and termination provisions. Leasing agents usually do not perform any property management activities.

Historically, leasing agents engaged exclusively in the aforementioned activities have been assigned to Code 951. Leasing agents who, in addition to leasing activities, perform property management operations, such as the direct supervision of employees engaged in the operation, maintenance or repair of properties, are assignable to either Code 971 or Code 880.

#### **Property Management Supervisors**

Property management supervisors normally retain responsibility for several residential complexes, single-family residences and/or commercial buildings. Such persons primarily perform administrative duties in the office of the management firm but will also visit the various properties under management to ensure that the properties are being adequately maintained. The job duties of these employees involve entering into contractual arrangements with real estate property owners for the management of properties, obtaining new properties to be managed, negotiating contracts with firms specializing in the maintenance, repair or alteration of properties, hiring and dismissal of resident or on-site managers, handling the financial arrangements of the property, preparing financial reports, showing available space to potential tenants, renegotiating or extending leases, meeting with resident or on-site managers to discuss problems or complaints, periodically inspecting the physical appearance of the property to ensure that necessary maintenance and repair operations are being performed and to take note of additional needed repairs.

Property management supervisors do not:

- reside at or work from the site of the properties under management
- directly supervise maintenance or repair employees
- · directly supervise the operation of the property

Employees exclusively engaged in the above job duties may have their payroll assigned to Code 951.

#### **PREVAILING WAGE PAYMENTS**

Prevailing wage statutes, including but not necessarily limited to the Davis-Bacon Act or the Delaware Prevailing Wage Act stipulate that contractors under Federal or State government contracts, respectively, are required to pay specific minimum wage rates and specified fringe benefits that may be paid into an approved fund for distribution at a later date or paid directly to the employee. Where an employer is unionized, the payments will normally go into a fund. However, if the employer is not unionized, the payments will often be made directly to the employee.

# **CLASSIFICATION UNDERWRITING GUIDE**

The Delaware Classification Underwriting Guide has been prepared for the convenience of writers of Workers Compensation Insurance in Delaware. Guide lists activities of Delaware employers and the appropriate classification code number for these operations. It should be noted, however, that these designated codes may be used only in conformance with general and specific rules of this Manual. If the operations to be insured are not described by one or more classifications, the exact operations shall be stated in the policy, followed by the code number of the Manual classification to which the operations have been assigned. In such cases, the policy shall be controlled by all the limitations and conditions included in this Manual with respect to any classification whose code number is so assigned.

Unlike a number of other jurisdictions, the Delaware classification system contemplates that a single classification shall be descriptive of all work performed by one employer. Necessarily, there are permissible deviations from the basic premise. The permitted deviations are printed in this Manual either under Section 1 (which formulates general underwriting procedures) or in Section 2 (which is specific as to the use of each classification).

Therefore, in the use of this Underwriting Guide, absolute dependence may not be placed on the indicated classification if other classifications are also to be used for the same employer.

If the Underwriting Guide is used within limits of these inherent restrictions, it is believed that it will provide a more universal comprehension of the Delaware classification system and, consequently, be a valuable factor in the assignment of proper classifications.

## GENERAL RULES SECTION I – INSTRUCTIONS

- 1. The Experience Rating Plan is intended to determine whether a specific risk presents a hazard for future insurance which is better or worse than the hazard of the average risk in the classification to which the risk has been assigned.
- 2. The rules of this Plan shall govern the experience rating procedure to be followed in connection with Workers Compensation and Employers' Liability Insurance.

These rules have been prepared as applicable to policies written or issued for a period not in excess of one year. When, however, policies are written for periods of more than one year, such policies shall be considered as consisting of consecutive units of twelve months, or if the period of coverage is not a multiple of twelve months the first or last unit shall be considered as though it were a short term policy. If, however, coverage is written for a period that is more than one year but not more than one year and sixteen days, such entire period shall be considered as a unit of coverage. Each unit as defined above shall be subject separately to all of the rules and procedures specified in the Plan to the same degree as if it actually constituted a separate policy.

In the event the policy period for a long term policy is more than one year and sixteen days, and is not made up of complete twelve-month periods, an endorsement shall be attached to the policy specifying whether the first or last unit shall be considered as though it were a short term policy.

- **3.** This Plan and all amendments thereto, unless otherwise specifically provided, shall be applied as of the first normal anniversary rating date of the risk, as established by the Bureau, which is on or after the effective date of any change in the rules or rating values of this Plan, but shall not otherwise be available to outstanding ratings.
- 4. It shall not be permissible by cancellation, or rewriting, or by the extension of the policy term, to alter an existing policy for the purpose of enabling the risk to qualify for, or avoid, application of this Plan.
- 5. Appeals. Any determination or decision of the Bureau for an individual risk under the Delaware Experience Rating Plan may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE, Section 1 of this Manual.

## SECTION II – DEFINITIONS

- 1. **Risk**. The term "risk" as used in this Plan shall mean
  - (a) A single legal entity.
  - (b) Two or more affiliates which qualify for combination under the rules of Section III of this Plan.
- 2. Legal Entity. The term "legal entity" or "entity" shall mean an individual, partnership, corporation, unincorporated association or fiduciary (e.g., trustee, receiver, executor or administrator).
- 3. Affiliate. The term "affiliate" shall mean entities in each of which the same entity or group of entities own a majority interest.
- 4. Experience. For the purpose of this Plan experience shall mean the record established by a risk under Workers Compensation and Employers' Liability Insurance, as disclosed by the losses incurred by the insurance carrier or carriers and the payrolls or other exposures segregated according to classification of operations. Losses incurred shall be on a gross basis, before the application of the deductible when such coverage is provided.

If the classification assigned to a risk is revised or modified, for the purpose of this Plan the Bureau shall similarly reassign the classification of the experience period except that, if the revision is due to a change in operations, no part of the experience period prior to such operations change shall be affected.

Note: For special provisions applicable to self-insurers' data see Rule 6 of Section III.

#### SECTION III – GENERAL PROVISIONS

- 1. Eligibility Requirements. A risk shall qualify for rating under this Plan if the premium developed by the audited payrolls or other exposures of the policy terminating two (2) years prior to the date for which the modification is to be established, extended at current Residual Market Rates, is \$3,161 or more.
  - (a) Eligibility requirements will be determined without consideration of Maritime Liability, Liability under the Federal Employers' Liability Act, Excess Limits and Additional Medical Coverage, the non-ratable element and seat surcharge for Aircraft Operation, the non-ratable element for Explosives Manufacturing, and Atomic Energy Projects.

(b) Risks shall be disqualified by a lapse of insurance of two years or more until they again qualify for experience rating following the lapse.

The application of Rules 2 and 3 of this section is subject to the provisions of Section V "Tabulation of Experience" of this Plan.

- 2. Experience Period. The experience period, except as otherwise provided in Rules 3 and 4 of this Section, shall be not more than three (3) years, commencing four (4) years prior and terminating one (1) year prior to the date for which an experience modification is to be established, but in no event shall be less than the one policy year (twelve months) commencing two (2) years prior and terminating one (1) year prior to the date for which an experience modification is to be established. Completed policy periods only shall be used and all such periods wholly within the experience period shall be used.
- **3.** Experience Period Extension. If for any reason a part of the earliest policy period falls outside of the normal three (3) year maximum period, such earliest policy period shall be retained in full provided the entire experience period does not then exceed three and three-quarters (3<sup>3</sup>/<sub>4</sub>) years, and shall be rejected in full if its retention serves to increase the experience period beyond three and three-quarters (3<sup>3</sup>/<sub>4</sub>) years.

If the policy period immediately preceding the earliest policy period completely within the normal three year experience period is less than a twelve month period and has been used in only two previous ratings, then such short term policy period shall be retained in full provided the entire experience period does not then exceed three and three-quarters (3<sup>3</sup>/<sub>4</sub>) years, and shall be rejected in full if its retention serves to increase the experience period beyond three and three-quarters (3<sup>3</sup>/<sub>4</sub>) years.

- 4. Multiple Policy Experience. If the experience used in rating a risk involves two or more policies varying in expiration date, the experience period shall be determined for each entity separately in accordance with the foregoing rules, except that the experience for each non-controlling entity shall close with the completed policy period beginning more than one year and terminating not less than six months prior to the date for which an experience modification is to be established.
- 5. Experience to be Used. The entire experience of the risk (except as otherwise provided in Rule 1 of Section V of this Plan) incurred within the experience period on all its operations, whether such operations are normal to the business or otherwise, shall be reported and used in determining the experience modification. The Bureau may, at its discretion, verify any or all the data from which the experience modification is to be determined.
- 6. Self-Insurers' Data. The experience of self-insurers may be accepted by the Bureau provided the experience on self-insured operations is submitted on the approved form, giving the required information with respect to payrolls and losses. Such statement shall be secured, verified and submitted by an interested carrier.

Self-insured experience shall not be used in rating a risk unless the operations that produced such experience are to be insured under a Standard Workmen's Compensation and Employers' Liability Policy.

7. Administration of Property (Fiduciary and Non-Fiduciary). Ownership interest shall be deemed to be vested in a fiduciary when a fiduciary is involved. However, "Fiduciary" shall not include a debtor in possession or a trustee under a revocable trust or a franchisor. Ownership interest held by an entity in a fiduciary capacity and ownership interest held by the same entity in a non-fiduciary capacity shall be deemed to be ownership by the same entity.

## COMBINATIONS OR CHANGES OF STATUS

#### 8. Combination of Entities.

- (a) Affiliates shall not be combined for rating purposes if: provided, however, that combination shall be made as respects entities in each of which the same person, or group of persons, or corporation owns a majority interest and
  - (i) The affiliates involved constitute the component parts of an enterprise performing a continuous and/or integrated process or operation, or
  - (ii) There is interchange of employment (other than office and salesmen) between two or more of the affiliates involved in the combination.

Separate policies may not be issued to affiliates, which are required to be combined under this Rule.

(b) Affiliates which are not required to be combined under Rule 8(a) may be combined upon the mutual agreement of the risk and the carrier(s) involved. If such combination is agreed to, insurance may be provided either by a single policy insuring all affiliates, or by separate policies for each affiliate issued by one or more insurance carriers. In the latter case, the experience modification established for the entire risk shall apply on each policy to each affiliate. If all affiliates are not combined, then each affiliate not otherwise subject to Rule 8(a) shall be insured under a separate policy and

rated on its own experience, providing it meets the qualifications for experience rating as specified in Rule 1 of this Section.

(c) When one or more mandatory combinations of affiliates under Rule 8(a) exist, insurance for each such combination may be provided by a single policy. Each mandatory combination and any other affiliates which are not required to be a part of any mandatory combination pursuant to Rule 8(a) may be separately rated and separately insured. Exception: If any one or more affiliates not required to be combined under Rule 8(a) or mandatory combinations voluntarily choose to be insured under a single policy, then all affiliates shall be insured under a single policy and the experience modification established for the entire risk shall apply to each affiliate.

#### Example

Five legal entities are commonly owned. Company A and Company B have an interchange of employees. Company C and Company D have a continuity of operations. Company E is unrelated except through ownership.

By Rule 8(a), Company A and Company B must be combined for rating and must be covered by a single policy. Similarly, by Rule 8(a), Company C and Company D must be combined for rating and must be covered by a single policy. Company E may be separately rated and covered by a separate policy.

Company	Rating	Policy #
Company A ≥	Combined	Combined
Company B ≥	A & B	Policy 1
Company C ≥	Combined	Combined
Company D ≥	C & D	Policy 2
Company E	Separate	Policy 3

If any combination of these separate policy coverages is elected, then all commonly owned entities must be combined for rating and must be covered by a single policy. Thus, if Companies A and B desire to be combined with Company E, they must also combine with Companies C and D, and all must be covered by a single policy.

- (d) If an entity owns a majority interest in another entity which, in turn, owns the majority interest in another entity, all entities so related shall be considered as being under the same ownership for the purposes of this rule, regardless of the number of entities in succession.
- (e) Separate legal entities organized for religious purposes within the same religious denomination shall not be combined for rating purposes; provided, however, that combination may be made as respects all such entities in each of which the same central authority appoints or controls the appointment of the board of trustees or similar body and exercises direct, complete and active control over the finances, properties, operations and activities.

In the term "majority interest," as used in this rule, "majority" shall mean more than 50%.

If an entity other than a partnership

- i. has issued voting stock, majority interest shall mean a majority of the issued voting stock;
- ii. has not issued voting stock, majority interest shall mean a majority of the members;
- iii. has not issued voting stock and has no members, majority interest shall mean a majority of the board of directors or comparable governing body.

If an entity is a partnership, majority interest shall be determined in accordance with the participation of each general partner in the profits of the partnership.

**Note:** If a combination of entities is required or has been elected, and if two or more different combinations are possible in accordance with the provisions of this rule, the combination involving the greatest number of entities shall be made. The experience of any entity used in such a combination shall not otherwise be used in combination with any other entity.

The experience to be used in a rating combination shall be subject to the provisions of the rule "Change of Ownership" of this Section.

(f) Affiliates combined for rating voluntarily (i.e., not a mandatory combination), which wish to change their rating option and have each affiliate separately rated based on its individual experience, may petition the Bureau to do so. Upon Bureau approval, separate policies must be issued for each affiliate. Unless the Bureau is provided with the segregated experience needed to produce separate ratings for each affiliate in an acceptable format, each affiliate will continue to

be rated using combined experience for any policy period(s) for which segregated experience is not available and its own separately reported experience for policy period(s) subsequent to the separation.

#### 9. Ownership Changes.

- (a) For purposes of this Plan, a change in ownership includes any of the following:
  - (i) sale, transfer or conveyance of all or a portion of an entity's ownership interest
  - sale, transfer or conveyance of an entity's physical assets to a purchasing entity which takes over the operation of the selling entity and wherein the selling entity
    - (a) becomes entirely inactive with no employees or
    - (b) retains a few employees for the purpose of closing out its affairs prior to dissolution as a legal entity or
    - (c) retains a few clerical employees for the purpose of carrying on operations in connection with investment of its financial assets
  - (iii) merger or consolidation of two or more entities
  - (iv) formation of a new entity subsequent to the dissolution or non-operative capacity of an entity
  - (v) voluntary or court mandated establishment of a trustee or receiver, excluding a debtor in possession, a trustee under a revocable trust or franchisor.
- (b) Continuation of Experience. Unless excluded under paragraph (c), the experience for any entity undergoing a change in ownership shall be transferred to the experience of the acquiring, surviving or new entity. The date of revision will be the later of the following two dates: 1) the anniversary rating date in effect at the time the Bureau receives a completed ERM-14 form outlining the ownership change or 2) the date on which the change in ownership occurred.
  - (i) Partial Sale: If an entity disposes of a part of its assets or operations but otherwise continues to operate its business, all experience incurred prior to the sale shall be used in future ratings of the entity.

**NOTE:** Future experience ratings of a risk shall retain all experience for any part of its operations which may have been discontinued or self-insured.

- (c) Exclusion of Experience. The experience of any entity undergoing a change in ownership shall be retained and used in future experience ratings unless one or both of the following requirements (i) and (ii) are met at the same time of the ownership change:
  - (i) A change in majority interest occurs and the change in majority interest is accompanied by a complete change in operation and function sufficient to result in a change of governing classification and the change in majority interest is accompanied by a change in the process and hazard of the operation
  - (ii) A change in majority interest occurs and the change in majority interest is accompanied by a change in employees such that all or a substantial portion of the employees of the new ownership are not retained from the prior ownership.
- (d) If the experience of an entity undergoing a change in ownership is to be excluded from future experience ratings for the entity, the experience modification no longer applies as of the date of the ownership change unless the entity is acquired by another entity which has an existing experience modification. In that case, the modification of the acquiring entity shall apply.
- (e) *Multiple Entities.* When two entities under substantially the same ownership have been insured under a single policy, and the ownership of one or both of them is changed so that there is no longer any connection between them, the procedure shall be as follows:
  - (i) If the experience of the entities has been combined for rating purposes during the entire experience period, the experience incurred prior to the change shall not be used for future ratings, unless
    - (a) the insurance carrier or carriers request that new modifications be established, and
    - (b) the Bureau is furnished with the experience required for the calculation of such modifications submitted in an acceptable format.

(ii) If the experience of the entities has been combined for less than two years at the time of the change, so that the experience for each entity is available during the period they were separately insured, the experience for each entity shall be used for the purpose of calculating new experience modifications.

When three or more entities under substantially the same ownership have been insured under a single policy, and the ownership of one of the entities has been changed so that there is no longer any connection between it and the remaining entities, the existing experience modification shall continue to apply to the entities whose ownership has not changed. The entity whose ownership has changed shall not be subject to experience modification unless it has been purchased by an entity which has an applicable experience modification.

When three or more entities under substantially the same ownership have been insured under a single policy and the ownership of two or more of the entities has been changed so that common ownership no longer is present, the experience incurred prior to the date of the change shall not be used for future ratings, unless

- (i) the insurance carrier or carriers request that new modifications be established, and
- (ii) the Bureau is furnished with the experience required for the calculation of such modifications submitted in an acceptable format.
- 10. Joint Ventures. When two or more risks associate for the purpose of undertaking one or more projects as a joint venture, the premium for the operation involved shall not be subject to experience modification until such time as the joint venture qualifies for experience rating in accordance with the provisions of Rule 1 of this Section, subject, however, to the following conditions:
  - (1) The contracts shall be awarded in the name of the associated risks as a joint venture.
  - (2) The joint ventures shall share responsibility for, and participate in the control, direction and supervision of all work undertaken.
  - (3) The joint ventures shall maintain a common bank account, payroll and business records.
  - (4) When the joint venture becomes subject to experience rating, all applicable experience modifications shall be based exclusively on the experience of the joint venture. The experience developed under a joint venture shall be excluded from the future rating of the individual ventures.

#### SECTION IV APPLICATION OF EXPERIENCE MODIFICATION

 Experience Modification. An experience modification for a qualified risk shall be determined annually (except as provided in Rules 3 and 4 of this Section) and shall be effective as of the normal anniversary rating date of the risk. No more than one experience modification shall apply to a risk at the same time. Subject to the exceptions noted below, the experience modification shall be applied to the premium developed by the use of carrier rates in force on the effective date of the experience modification.

EXCEPTION (a):

Classifications with Non-Ratable Elements:

Only the ratable portion of the manual rate is eligible for experience modification. The ratable portion is equal to the manual rate less the non-ratable element.

#### EXCEPTIONS:

Premiums Not Subject to Experience Rating:

The following are not subject to experience rating:

- i. Expense Constants.
- ii. The policy minimum premium.
- iii. Premium under the National Defense Projects Rating Plan.
- iv. Premium under Rule 1 of the Atomic Energy Procedure.
- v. The surcharge premium under Rule 2 of the Atomic Energy Procedure.

- vi. The seat surcharge premium for Aircraft Operation.
- vii. Premium under Terrorism Risk Insurance Act-2002 Certified Losses
- 2. Period and Operations Affected. The experience modification shall be effective for a period of twelve months (except as provided in Rules 3 and 4 of this Section) and shall apply to all the operations of the risk, regardless of whether the current or any new operations are assigned to the same classifications as were used in establishing such modification.
- 3. Single Policy Risk. If a risk is covered by a single policy, the following procedure shall apply:
  - (a) The experience modification effective as of the normal anniversary rating date shall apply for the full term of the policy which becomes effective on such date and also for the full term of any policy which becomes effective within three months after such date.
  - (b) If a policy is written for a period of one year, but is extended for a period of not more than 16 days, the carrier rates and experience modification in effect as of the normal termination date shall remain in effect until the termination date of the extended policy. The carrier rates and experience modification which would have become effective as of the normal anniversary rating date shall apply for a period of one year from the effective date of the renewal policy.
  - (c) If a policy is written for a period of one year, but is extended for a period of more than 16 days but not in excess of 60 days, the authorized rates and experience modification shall apply as of the normal anniversary rating date for the unexpired portion of the extended policy period, and shall also apply for a period of one year from the effective date of the renewal policy.
  - (d) If a policy becomes effective on a date more than three months after the normal anniversary rating date:
    - i. the outstanding experience modification shall apply to the new policy for the period corresponding to the unexpired term of the rating.
    - ii. a new experience modification then shall apply for the unexpired term of the outstanding policy.
    - iii. thereafter, a new modification shall apply annually as of a new normal anniversary rating date. The new normal anniversary rating date shall be the date twelve months after the effective date of the outstanding policy.
- 4. Multiple Policy Risk. If a risk is covered by several policies (as provided in Rule 8 of Section III of this Plan) which differ as to inception dates, the following procedure shall apply:

A single experience modification shall be computed to be effective for a period of twelve months beginning on a normal anniversary rating date to be established by the Bureau. The Bureau may, however, authorize the application of an existing experience modification for a period not to exceed fifteen months or a new experience modification for a period greater than three months and less than twelve months for the purpose of establishing a new normal anniversary rating date. Any policy effective prior to the normal anniversary rating date established by the Bureau shall be cancelled as of such date and rewritten for a period of twelve months. Any policy effective subsequent to the normal anniversary rating date established by the Bureau shall be written to expire concurrently with the next ensuing normal anniversary rating date or shall be cancelled as of that date.

Any policies subject to this rule which are extended beyond the normal period of twelve months shall be subject to the provisions of Rules 3(b) and 3(c) of this Section.

#### SECTION V TABULATION OF EXPERIENCE

- Experience Used for Rating. The experience used for rating purposes shall be the individual risk experience valued at least three months prior to the rating date and reported in accordance with the provisions of the Delaware Workers' Compensation Statistical Plan. It shall include Voluntary Compensation insurance, but shall exclude Maritime Employments and Employments under the Federal Employers' Liability Act. It shall also exclude the exposure and any losses under Code 9108 Passenger Seat Surcharge.
- 2. Rating Forms. To determine the experience modification the prescribed experience shall be tabulated by the Bureau on approved rating forms.
- 3. Payrolls. The audited payrolls or other exposures for each classification for the experience period.

- 4. Losses. Incurred losses shall be tabulated by policy years in the manner indicated below.
  - (a) Losses as reported (indemnity, medical and total) shall be shown for each policy year. Losses incurred shall be on a gross basis, before the application of the deductible when such coverage is provided.
  - (b) Losses which are subject to average or limiting values, as provided in Rule 5 of this Section, shall be listed individually, showing the total cost of each case as reported and as used for rating purposes. Multiple injury accidents shall be identified in the appropriate column of the rating form.

**Exception:** All claims reported with Catastrophe Code No. 48 shall be excluded from experience rating calculations. Refer to Delaware Workers Compensation Statistical Plan Manual, Section 2, C. 11. for definition of losses included under Catastrophe Code No. 48.

5. Limitation on Total Losses Employed in a Rating. To prevent unreasonable increases in rate for accidents whose occurrence or severity is a matter of chance, a scale of values has been determined and is to be used in place of the actual cost of such accidents when the actual cost exceeds the limiting value. No single accident, whether to one or more persons, shall be used for rating purposes at a value greater than that shown in Table B, column (3).

**Exceptions:** Multiple injury accidents in the Explosives and Ammunitions Mfg. Classifications (Exception: Code 4777, Explosives Distribution), shall be used for rating purposes at not more than twice the value of Table B, column (3) if two persons are injured, at not more than three times if three persons are injured and at not more than four times if four or more persons are injured.

- 6. Moral Responsibility. No loss shall be excluded from the experience of a risk on the ground that the employer was not morally responsible for the accident that caused such loss.
- 7. Revision of Losses. It shall not be permissible to revise values because of department or judicial decision or because of developments in the nature of injury between two valuation dates. Provided, however, that:
  - (a) in cases where loss values are included or excluded through mistake other than error of judgment
  - (b) where a claim is declared non-compensable (see note below)
  - (c) where the claimant or carrier has recovered in an action against a third party it shall be permissible to submit a revised reporting requesting adjustment of the affected rating or ratings, provided such request is made within 24 months of the expiration of the period to which the experience modification applied.
  - (d) where a claim should have been reported with Catastrophe Code No. 48.

If a case is expected to be open longer than 24 months, upon written application, properly filed with the Bureau by the insured, a further extension of 24 months may be granted, provided such request is made within 24 months of the expiration of the period to which the experience modification applied. Such application shall give notice to the Bureau that one of the allowable conditions (see above) for loss revision is still pending a final decision. In this event, the Bureau's files for the risk involved will be preserved.

**Note:** For purposes of this rule, the term "non-compensable" refers to:

- I. an official ruling specifically holding that a claimant is not entitled to benefits under the provisions of the Delaware Workers' Compensation Law.
- ii. a case where no claim was filed during the period of limitation provided by the Delaware Workers' Compensation Law for the filing of such claim and the carrier therefore closes the case.
- iii. a case where the carrier contends, prior to the valuation date, that a claimant is not entitled to benefits under the Delaware Workers' Compensation Law and the claim is officially closed because of the claimant's failure to prosecute his claim.

## 8. Third Party Cases.

- (a) Pending Cases. When a negligence claim or suit has been instituted by a claimant against a third party, the procedure shall be as follows:
  - If the claim or suit against the third party has not been settled or finally adjudicated, the incurred loss shall be included in the rating, since failure to recover against a third party is no bar to compensation and the insurance carrier may eventually be obliged to indemnify the claimant in whole or in part for the loss sustained.

(b) Settled Cases. In cases where the carrier has received reimbursement under subrogation rights, or where the injured employee or his dependents have recovered from a third party, the procedure shall be as follows: In cases where the total incurred cost prior to recovery is less than the accident limitation value shown in Table B, column (3), only the net loss shall be used in the rating. In cases where the total incurred cost prior to recovery exceeds the accident limitation value shown in Table B, column (3), the amount to be used in the rating shall be such proportion of the limiting value as the net loss bears to the total incurred cost prior to recovery.

#### SECTION VI RATING PROCEDURE

- 1. Actual Losses. Actual Losses (A), as tabulated in accordance with the provisions of Rules 4 and 5 of Section V, shall be used in the rating.
- 2. Expected Losses. Expected Losses (E) shall be determined from the application of the appropriate Expected Loss Factors, shown in Table A, to the payrolls or other exposures for each classification for the experience period.
- 3. Credibility. The Credibility (C) of the experience of the risk shall correspond to Expected Losses (E), as shown in Table B.
- 4. Maximum Value Charge. A limitation charge (L) reflecting the loss dollars eliminated by the Maximum Value placed on One Accident, shall be included in calculating the modification. The Charge times Credibility, or L x C, shall be determined by entering Table B at the level of Expected Losses for the experience period.
- 5. Experience Modification. The Experience Modification (M) shall be determined from the formula:

$$M = \frac{AC + ELC + E(1.000 - C)}{E}$$

The experience modification shall be rounded to three decimal places.

**EXPERIENCE RATING PLAN**

## GENERAL RULES

#### SECTION I – INSTRUCTIONS

- The Merit Rating Plan is intended to grant premium discounts or assess premium surcharges to employers which do not qualify under the uniform Experience Rating Plan. Premium discounts or surcharges under this Plan shall be based on the number of compensable employee lost-time injuries incurred by each risk during the Merit Rating Plan experience period as defined in Section III - General Provisions. Claims to be counted under this Plan are defined in Section V - Tabulation of Experience.
- 2. The rules of this Plan shall govern the merit rating procedure to be followed in connection with workers compensation and employers' liability insurance. These rules have been prepared as applicable to policies written or issued for a period not in excess of one year. When, however, policies are written for periods of more than one year, such policies shall be considered as consisting of consecutive units of 12 months, or, if the period of coverage is not a multiple of 12 months, the first or last unit shall be considered as though it were a short term policy. If, however, coverage is written for a period that is more than one year but not more than one year and 16 days, such entire period shall be considered as a unit of coverage. Each unit as defined above shall be subject separately to all of the rules and procedures specified in the Plan to the same degree as if it actually constituted a separate policy.

In the event the policy period for a long-term policy is more than one year and 16 days and is not made up of complete 12month periods, an endorsement shall be attached to the policy specifying whether the first or last unit shall be considered as though it were a short term policy.

- 3. This Plan and all amendments thereto, unless otherwise specifically provided, shall be applied as of the first normal anniversary rating date of the risk, as established by the Bureau, which is on or after the effective date of any change in the rules or rating values of this Plan but shall not otherwise be available to outstanding ratings.
- 4. It shall not be permissible by cancellation or rewriting or by the extension of the policy term to alter an existing policy for the purpose of enabling the risk to qualify for or avoid application of this Plan.
- Appeals. Any determination or decision of the Bureau for an individual risk under the Delaware Merit Rating Plan may be appealed pursuant to Rule XVI, APPEALS FROM APPLICATION OF THE RATING SYSTEM PROCEDURE, Section 1 of this Manual.

#### SECTION II – DEFINITIONS

- 1. **Risk.** The term "risk" as used in this Plan shall mean
  - a) A single legal entity.
  - b) Two or more affiliates which qualify for combination under the rules of Section III of this Plan.
- 2. Legal Entity. The term "legal entity" or "entity" shall mean an individual, partnership, corporation, unincorporated association or fiduciary (e.g., trustee, receiver, executor or administrator). Divisions or similar units of a legal entity do not qualify as separate entities.
- 3. Affiliate. The term "affiliate" shall mean entities in each of which the same entity or group of entities owns a majority interest.
- 4. Experience. For the purpose of this Plan experience shall mean the record established by a risk under Workers Compensation and Employers' Liability Insurance, as disclosed by the losses incurred by the insurance carrier or carriers and the payrolls or other exposures segregated according to classification of operations. If the classification assigned to a risk is revised or modified, for the purpose of this Plan the Bureau shall similarly reassign the classification of the experience period except that, if the revision is due to a change in operations, no part of the experience period prior to such operations change shall be affected.
- 5. **Compensable Employee Lost-Time Injury.** The term "compensable employee lost-time injury" for purposes of this Plan shall mean any claim having either an indemnity benefit payment or a case reserve for future indemnity benefit payments.

All claims reported with Catastrophe Code No. 48 shall be excluded from merit rating calculations.

6. **Merit Rating Plan Discount.** The term "Merit Rating Plan discount" for purposes of this Plan shall mean a reduction in the subject premium developed by the use of the carrier rates in force on the normal anniversary rating date applicable to the policy to which the Merit Rating Plan is applied.

**MERIT RATING PLAN** 

- 7. **Merit Rating Plan Surcharge.** The term "Merit Rating Plan surcharge" for purposes of this Plan shall mean an increase in the subject premium developed by the use of the carrier rates in force on the normal anniversary rating date applicable to the policy to which the Merit Rating Plan is applied.
- 8. **Merit Rating Plan Adjustment.** The term "Merit Rating Plan adjustment" for purposes of this Plan shall mean either a Merit Rating Plan discount or a Merit Rating Plan surcharge.
- 9. **Subject Premium.** The term "subject premium" for purposes of this Plan shall mean the premium developed by the use of carrier rates in force on the normal anniversary rating date of the policy to which the Merit Rating Plan is applied, exclusive of exceptions listed in Section IV, Paragraph 1.

Note: For special provisions applicable to self-insurers' data see Rule 5 of Section III.

#### **SECTION III – GENERAL PROVISIONS**

- 1. Eligibility Requirements. A risk shall qualify for application of the Merit Rating Plan if **BOTH** of the following conditions are met:
  - a) The risk does not qualify for experience rating, and
  - b) The risk has exposure greater than zero during each year of the Merit Rating Plan experience period as defined herein.
    - Eligibility requirements will be determined without consideration of maritime liability, liability under the Federal Employers' Liability Act, excess limits and additional medical coverage, the non-rateable element and seat surcharge for aircraft operation, the non-rateable element for explosives manufacturing, and atomic energy projects.
    - ii) Risks shall be disqualified by a lapse of insurance of two years or more until they again qualify for merit rating following the lapse.

The application of Rules 2 and 3 of this section is subject to the provisions of Section V "Tabulation of Experience" of this Plan.

- 2. Merit Rating Plan Experience Period. The experience period for purposes of the Merit Rating Plan shall be not more than three (3) years, commencing four (4) years prior and terminating one (1) year prior to the date for which a Merit Rating Plan adjustment is to be established but in no event shall be less than one policy year (12 months) commencing three (3) years prior and terminating one (1) year prior to the date for which merit rating is to be established. Completed policy periods only shall be used, and all such periods wholly within the experience period shall be used.
- 3. **Multiple Policy Experience.** If the experience used in rating a risk involves two or more policies varying in expiration date, the experience period shall be determined for each entity separately in accordance with the foregoing rules, except that the experience for each non-controlling entity shall close with the completed policy period beginning more than one year and terminating not less than six moths prior to the date for which a Merit Rating Plan adjustment is to be established.
- 4. Experience to be Used. The entire experience of the risk (except as otherwise provided in Rule I of Section V of this Plan) incurred within the experience period on all its operations, whether such operations are normal to the business or otherwise, shall be reported and used in determining the Merit Rating Plan adjustment. The Bureau may, at its discretion, verify any or all the data from which the Merit Rating Plan adjustment is to be determined.
- 5. **Self-Insurers' Data.** The experience of self-insurers may be accepted by the Bureau provided the experience on self-insured operations is submitted on the approved form, giving the required information with respect to payrolls and losses. Such statement shall be secured, verified and submitted by an interested carrier.

Self-insured experience shall not be used in applying the Merit Rating Plan to a risk unless the operations that produced such experience are to be insured under a Standard Workers Compensation and Employers' Liability Policy.

6. Administration of Property (Fiduciary and Non-Fiduciary). Ownership interest shall be deemed to be vested in a fiduciary when a fiduciary is involved. However, "Fiduciary" shall not include a debtor in possession or a trustee under a revocable trust or a franchisor. Ownership interest held by an entity in a fiduciary capacity and ownership interest held by the same entity in a non-fiduciary capacity shall be deemed to be ownership by the same entity.

#### COMBINATIONS OR CHANGES OF STATUS

- 7. Combination of Entities
  - a) Affiliates shall be combined for merit rating purposes if:
    - i) The affiliates involved constitute the component parts of an enterprise performing a continuous and/or integrated process or operation, or
    - ii) There is interchange of employment (other than office and salesmen) between two or more of the affiliates.

Separate policies may not be issued to affiliates which are required to be combined under this rule.

- b) Affiliates which are not required to be combined under Rule 7. (a) may be combined upon the mutual agreement of the risk and the carrier(s) involved. If such combination is agreed to, insurance may be provided either by a single policy insuring all affiliates or by separate policies for each affiliate issued by one or more insurance carriers. In the latter case the Merit Rating Plan adjustment established for the entire risk shall apply on each policy to each affiliate. If all affiliates are not combined, then each affiliate not otherwise subject to Rule 7 (a) shall be insured under a separate policy and merit-rated based on its own experience, providing it meets the qualification for merit rating as specified in Rule 1 of this section.
- c) When one or more mandatory combinations of affiliates under Rule 7. (a) exist, insurance for each such combination may be provided by a single policy. Each mandatory combination and any other affiliates which are not required to be a part of any mandatory combination pursuant to Rule 7. (a) may be separately merit-rated and separately insured. Exception: If any one or more affiliates not required to be combined under Rule 7. (a) or mandatory combinations voluntarily choose to be insured under a single policy, then all affiliates shall be insured under a single policy and the Merit Rating Plan adjustment established for the entire risk shall apply to each affiliate.

#### Example

Five legal entities are commonly owned. Company A and Company B have an interchange of employees. Company C and Company D have a continuity of operations. Company E is unrelated except through ownership.

By Rule 7. (a) Company A and Company B must be combined for merit rating and must be covered by a single policy. Similarly, by Rule 7. (a) Company C and Company D must be combined for merit rating and must be covered by a single policy. Company E may be separately merit-rated and covered by a separate policy.

<u>Company</u>	Merit Rating	Policy
Company A	Combined	Combined
Company B	A & B	Policy 1
Company C	Combined	Combined
Company D	C & D	Policy 2
Company E	Separate	Policy 3

If any combination of these separate policy coverages is elected, then all commonly-owned entities must be combined for merit rating and must be covered by a single policy. Thus, if Companies A and B desire to be combined with Company E, they must also combine with Companies C and D, and all must be covered by a single policy.

- d) If an entity owns a majority interest in another entity which, in turn, owns the majority interest in another entity, all entities so related shall be considered as being under the same ownership for the purposes of this rule, regardless of the number of entities in succession.
- e) Separate legal entities organized for religious purposes within the same religious denomination shall not be combined for merit rating purposes, provided, however, that combination may be made as respects all such entities in each of which the same central authority appoints or controls the appointment of the board of trustees or similar body and exercises direct, complete and active control over the finances, properties, operations and activities.

In the term "majority interest," as used in this rule, "majority" shall mean more than 50 percent.

If an entity other than a partnership

i) has issued voting stock, majority interest shall mean a majority of the issued voting stock.

- ii) has not issued voting stock, majority interest shall mean a majority of the members.
- iii) has not issued voting stock and has no members, majority interest shall mean a majority of the board of directors or comparable governing body.

If an entity is a partnership, majority interest shall be determined in accordance with the participation of each general partner in the profits of the partnership.

**Note**: If a combination of entities is required or has been elected and if two or more different combinations are possible in accordance with the provisions of this rule, the combination involving the greatest number of entities shall be made. The experience of any entity used in such a combination shall not be used in combination with any other entity. The experience to be used in any combination for purposes of the Merit Rating Plan shall be subject to the provisions of the Rule 8, "Ownership Changes," of this section.

f) Affiliates, combined for purposes of merit rating voluntarily (i.e., not a mandatory combination), which wish to change their merit rating option and have each affiliate separately merit-rated based on its individual experience, may petition the Bureau to do so. Upon Bureau approval, separate policies must be issued for each affiliate. Unless the Bureau is provided with the segregated experience needed to produce separate Merit Rating Plan adjustments for each affiliate in an acceptable format, each affiliate will continue to be subject to the Merit Rating Plan using combined experience for any policy period(s) for which segregated experience is not available and its own separately reported experience for policy period(s) subsequent to the separation.

#### 8. Ownership Changes.

- a) For purposes of this Plan a change in ownership includes any of the following:
  - i) sale, transfer or conveyance of all or a portion of an entity's ownership interest.
  - ii) sale, transfer or conveyance of an entity's physical assets to a purchasing entity which takes over the operation of the selling entity and wherein the selling entity
    - a) becomes entirely inactive with no employees or
    - b) retains a few employees for the purpose of closing out its affairs prior to dissolution as a legal entity or
    - c) retains a few clerical employees for the purpose of carrying on operations in connection with investment of its financial assets.
  - iii) merger or consolidation of two or more entities.
  - iv) formation of a new entity subsequent to the dissolution or non-operative capacity of an entity
  - voluntary or court-mandated establishment of a trustee or receiver, excluding a debtor in possession, a trustee under a revocable trust or franchiser.
- b) Continuation of Experience. Unless excluded under paragraph (c), the experience for any entity undergoing a change in ownership shall be transferred to the experience of the acquiring, surviving or new entity. The date of revision will be the later of the following two dates: 1) the anniversary rating date in effect at the time the Bureau receives a completed ERM-14 Form outlining the ownership change or 2) the date on which the change in ownership occurred.
  - i) *Partial Sale.* If an entity disposes of a part of its assets or operations but otherwise continues to operate its business, all experience incurred prior to the sale shall be used in future Merit Rating Plan adjustments of the entity.

Note: Future Merit Rating Plan adjustments of a risk shall retain all experience for any part of its operations which may have been discontinued or self-insured.

- c) Exclusion of Experience. The experience of any entity undergoing a change in ownership shall be retained and used in future Merit Rating Plan adjustments unless one or both of the following requirements (i) and (ii) are met at the same time of the ownership change.
  - i) A change in majority interest occurs, and the change in majority interest is accompanied by a complete change in operation and function sufficient to result in a change of governing classification, and the change in majority interest is accompanied by a change in the process and hazard of the operation.

- d) If the experience of an entity undergoing a change in ownership is to be excluded from future Merit Rating Plan adjustments for the entity, the Merit Rating Plan adjustment no longer applies as of the date of the ownership change unless the entity is acquired by another entity which has an existing Merit Rating Plan adjustment. In that case the Merit Rating Plan adjustments of the acquiring entity shall apply.
- e) *Multiple Entities*. When two entities under substantially the same ownership have been insured under a single policy and the ownership of one or both of them is changed so that there is no longer any connection between them, the merit rating procedure shall be as follows:
  - i) If the experience of the entities has been combined for merit rating purposes during the entire experience period, the experience incurred prior to the change shall not be used for future merit rating plan adjustment, unless
    - a) the insurance carrier or carriers request that a new Merit Rating Plan adjustment be established, and
    - b) the Bureau is furnished with the experience required for the calculation of a Merit Rating Plan adjustment submitted in an acceptance format.
  - ii) If the experience of the entities has been combined for less than two years at the time of the change, so that the experience for each entity is available during the period they were separately insured, the experience for each entity shall be used for the purpose of calculating a new Merit Rating Plan adjustment.

When three or more entities under substantially the same ownership have been insured under a single policy and the ownership of one of the entities has been changed so that there is no longer any connection between it and the remaining entities, the existing Merit Rating Plan adjustment shall continue to apply to the entities whose ownership has not changed. The entity whose ownership has changed shall not be subject to merit rating unless it has been purchased by an entity which has an applicable Merit Rating plan adjustment.

When three or more entries under substantially the same ownership have been insured under a single policy and the ownership of two or more of the entities has been changed so that common ownership is no longer present, the experience incurred prior to the date of the change shall not be used for future Merit Rating Plan adjustments, unless

- a) the insurance carrier or carriers request that a new Merit Rating Plan adjustment be established, and
- b) the Bureau is furnished with the experience required for the calculation of a Merit Rating Plan adjustment submitted in an acceptable format.
- 9. Joint Ventures. When two or more risks associate for the purpose of undertaking one or more projects as a joint venture, the premium for the operation involved shall not be subject to merit rating until such time as the joint venture qualifies in accordance with the provisions of Rule 1 of this section, subject, however, to the following conditions:
  - a) The contracts shall be awarded in the name of the associated risks as a joint venture.
  - b) The joint ventures shall share responsibility for and participate in the control, direction and supervision of all work undertaken.
  - c) The joint ventures shall maintain a common bank account, payroll and business records.
  - d) When the joint venture becomes subject to merit rating, all applicable Merit Rating Plan adjustments shall be based exclusively on the experience of the joint venture. The experience developed under a joint venture shall be excluded from the future Merit Rating Plan adjustments of the individual ventures.

#### SECTION IV APPLICATION OF MERIT RATING PLAN ADJUSTMENT

1. **Merit Rating Plan Adjustment.** A Merit Rating Plan adjustment for a qualified risk shall be determined annually (except as provided in Rules 3 and 4 of this section) and shall be effective as of the normal anniversary rating date of the risk. No more than one Merit Rating Plan adjustment shall apply to a risk at the same time. Subject to the exceptions noted below, the Merit Rating Plan adjustment shall be applied to the premium developed by the use of carrier rates in force on the effective date of the Merit Rating Plan adjustment.

# **EXCEPTIONS:**

a) Premiums Not Subject to the Merit Rating Plan:

The following are not subject to the Merit Rating Plan:

- i) Expense constants
- ii) The policy minimum premium
- iii) Premium under the National Defense Projects Rating Plan
- iv) Premium under Rule 1 of the Atomic Energy Procedure
- v) The surcharge premium under Rule 2 of the Atomic Energy Procedure
- vi) The seat surcharge premium for aircraft operation
- vii) Premium under Terrorism Risk Insurance Act-2002 Certified Losses
- 2. **Period and Operations Affected.** The Merit Rating Plan adjustment shall be effective for a period of 12 months (except as provided in Rules 3 and 4 of this section) and shall apply to all the operations of the risk, regardless of whether the current or any new operations are assigned to the same classifications as were used in establishing the Merit Rating Plan adjustment.
- 3. **Single Policy Risk.** If a risk is covered by a single policy, the following procedure shall apply:
  - a) The Merit Rating Plan adjustment effective as of the normal anniversary rating date shall apply for the full term of the policy which becomes effective on such date and also for the full term of any policy which becomes effective within three months after such date.
  - b) If a policy is written for a period of one year but is extended for a period of not more than 16 days, the carrier rates and Merit Rating Plan adjustment in effect as of the normal termination date shall remain in effect until the termination date of the extended policy. The carrier rates and Merit Rating Plan adjustment which would have become effective as of the normal anniversary rating date shall apply for a period of one year from the effective date of the renewal policy.
  - c) If a policy is written for a period of one year but is extended for a period of more than 16 days but not in excess of 60 days, the carrier rates and the Merit Rating Plan adjustment shall apply as of the normal anniversary rating date for the unexpired portion of the extended policy period and shall also apply for a period of one year from the effective date of the renewal policy.
  - d) If a policy becomes effective on a date more than three months after the normal anniversary rating date,
    - i) the outstanding Merit Rating Plan adjustment shall apply to the new policy for the period corresponding to the unexpired term of the rating.
    - ii) a new Merit Rating Plan adjustment then shall apply for the unexpired term of the outstanding policy.
    - iii) thereafter, a new Merit Rating Plan adjustment shall apply annually as of a new normal anniversary rating date. The new normal anniversary rating date shall be the date 12 months after the effective date of the outstanding policy
- 4. **Multiple Policy Risk.** If a risk is covered by several policies (as provided in Rule 8. of Section III of this Plan) which differ as to inception dates, the following procedure shall apply:

A single Merit Rating Plan adjustment shall be computed to be effective for a period of 12 months beginning on a normal anniversary rating date to be established by the Bureau. The Bureau may, however, authorize the application of an existing

Merit Rating Plan adjustment for a period not to exceed 15 months or a new Merit Rating Plan adjustment for a period greater than three months and less than 12 months for the purpose of establishing a new normal anniversary rating date. Any policy effective prior to the normal anniversary rating date established by the Bureau shall be canceled as of such date and rewritten for a period of 12 months. Any policy effective subsequent to the normal anniversary rating date established by the Bureau shall be written to expire concurrently with the next ensuing normal anniversary rating date or shall be canceled as of that date. Any policies subject to this rule which are extended beyond the normal period of 12 months shall be subject to the provisions of Rules 3(b) and 3(c) of this section.

#### SECTION V TABULATION OF EXPERIENCE

- Experience Used for the Merit Rating Plan. The experience used for purposes of the Merit Rating Plan shall be the individual risk experience valued at least three months prior to the rating date and reported in accordance with the provisions of the Delaware Workers' Compensation Statistical Plan. It shall include voluntary compensation insurance but shall exclude maritime employments and employments under the Federal Employees' Liability Act. It shall also exclude the exposure and any losses under Code 9108, Passenger Seat Surcharge.
- 2. **Merit Rating Plan Forms.** To determine the Merit Rating Plan adjustment the prescribed experience shall be tabulated by the Bureau on approved Merit Rating Plan forms.
- 3. **Payrolls.** The audited payrolls or other exposures for each classification for the experience period shall be tabulated by policy years.
- 4. **Losses.** Incurred losses or claims reported for all policy periods considered in qualifying a risk for the Merit Rating Plan shall be tabulated in the following manner:
  - a) Claims having no indemnity benefit payment or case reserve for indemnity benefit payment shall be excluded from the experience tabulation for purposes of the Merit Rating Plan. Losses as reported (indemnity, medical and total) shall be shown for each policy year. Losses incurred shall be on a gross basis, before the application of the deductible when such coverage is provided.
  - b) All claims not excluded from the experience tabulation for purposes of the Merit Rating Plan by virtue of sections (a) above shall be listed in the experience tabulation with the following information:
    - Policy number
    - Policy effective date
    - Claim number or number of claims
    - Indemnity loss amount
    - Date of loss

All claims reported with Catastrophe Code No. 48 shall be excluded from merit rating calculations.

- 5. **Moral Responsibility.** No loss shall be excluded from the experience of a risk on the ground that the employer was not morally responsible for the accident that caused such loss.
- 6. **Revision of Losses.** It shall not be permissible to revise values because of department or judicial decision or because of developments in the nature of injury between two valuation dates. Provided, however, that
  - a) in cases where loss values are included or excluded through mistake other than error of judgment
  - b) where a claim is declared non-compensable (see note below)
  - c) where the claimant or carrier has recovered in an action against a third party
  - d) where a claim should have been reported with Catastrophe Code No. 48

It shall be permissible to submit a revised reporting requesting adjustment of the affected Merit Rating Plan adjustment or adjustments, provided such request is made within 24 months of the expiration of the period to which the merit rating applied.

If a case is expected to be open longer than 24 months upon written application, properly filed with the Bureau by the insured, a further extension of 24 months may be granted, provided such request is made within 24 months of the expiration of the period to which the merit rating applied. Such application shall give notice to the Bureau that one of the allowable conditions (see above) for loss revision is still pending a final decision. In this event, the Bureau's files for the risk involved will be preserved.

Note: For purposes of this rule, the term "non-compensable" refers to:

- i) an official ruling specifically holding that a claim is not entitled to benefits under the provisions of the Delaware Workers Compensation Law.
- ii) a case where no claim was filed during the period of limitation provided by the

Delaware Workers Compensation Law for the filing of such claim and the carrier therefore closes the case.

a case where the carrier contends prior to the evaluation date that a claimant is not entitled to benefits under the Delaware Workers Compensation or Law and the claim is officially closed because of the claimant's failure to prosecute his claim.

#### SECTION VI MERIT RATING PLAN PROCEDURE

- 1. **Merit Rating Plan Adjustments.** For each risk qualified under Section III of Merit Rating Plan claims listed in the experience tabulation under Section V, Paragraph 4 of the Merit Rating Plan shall be counted. Merit Rating Plan adjustments shall apply based on the following criteria:
  - a) No compensable employee lost-time injuries 5 percent (5.0%) discount.
  - b) One (1) compensable employee lost-time injury No discount or surcharge. Manual rates apply.
  - c) Two (2) or more compensable employee lost-time injuries 5 percent (5.0%) surcharge.

The Rating Bureau will determine the appropriate Merit Rating Plan adjustment factors and notify the carrier.

#### Page 9

#### EXAMPLES

#### **EXAMPLE A**

#### Merit Rating Plan Adjustment Effective Date 08/09/99 (3) Period used to determine (1) (2) Experience Period to be used for qualifying Merit Rating Adjustment Employer's Policy History 08/09/98 to 08/09/99 08/09/97 to 08/09/98 08/09/97 to 08/09/98 08/09/96 to 08/09/97 08/09/97 08/09/96 to 08/09/97 08/09/95 to 08/09/96 06/11/95 to 06/11/96 08/09/96

This employer's merit rating effective date has been established to be 8/09/99. This anniversary rating date requires the experience period begin as of 8/09/95 as shown in Column 1. The employer's policy history shows that the risk has experience data within only two years of the experience period as shown in Column 2. Though a portion of the 06/11/95 policy period falls within the 08/09/95 to 08/09/96 experience period, the 6/11/95 policy extends beyond the experience period and thus cannot be used in the determination of the merit rating plan adjustment, per Column 3. Thus this risk does not qualify for merit rating adjustment effective 08/09/99.

#### EXAMPLE B

Merit Rating Plan Adjustment Effective Date 12/09/99			
(1)	(2)	(3)	
Experience Period to be used for qualifying	Employer's Policy History	Period used to determine Merit Rating Adjustment	
12/09/97 to 12/09/98 12/09/96 to 12/09/97 12/09/95 to 12/09/96	12/09/98 to 12/09/99 12/09/97 to 12/09/98 12/09/96 to 12/09/97 01/03/95 to 01/03/96	12/09/97 12/09/96	

This employer's merit rating effective date has been established to be 12/09/99. This anniversary rating date requires the experience period begin as of 12/09/95 as shown in Column 1. The employer's policy history shows that the risk has experience data within only two years of the experience period as shown in Column 2. Thus this risk does not qualify for merit rating plan adjustment effective 12/09/99.

**MERIT RATING PLAN** 

Page 10

**EXAMPLE C** 

#### Merit Rating Plan Adjustment Effective Date 10/17/99

(1) Experience Period	(2)	(3) Period used to determine
to be used for qualifying	Employer's Policy History	Merit Rating Adjustment
	10/17/98 to 10/17/99	
10/17/97 to 10/17/98	10/17/97 to 10/17/98	10/17/97 to 10/17/98
10/17/96 to 10/17/97	10/17/96 to 10/17/97	10/17/96 to 10/17/97
10/17/95 to 10/17/96	09/28/96 to 10/17/96 09/28/95 to 09/28/96	09/28/96 to 10/17/97

This employer's merit rating effective date has been established to be 10/17/99. This anniversary rating date requires that the experience period begin as of 10/17/95 as shown in Column 1. The employer's policy history shows that the risk has experience data within each year of the experience periods required for eligibility as shown in Column 2. Thus, merit rating plan adjustment will be based on the three policies which fall within the experience period per Column 3. The risk qualifies for merit rating adjustment effective 10/17/99.

#### **EXAMPLE D**

#### Merit Rating Plan Adjustment Effective Date 11/01/99

(1) Experience Period	(2)	(3) Period used to determine
to be used for qualifying	Employer's Policy History	Merit Rating Adjustment
	11/01/98 to 11/01/99	
11/01/97 to 11/01/98	11/01/97 to 11/01/98	11/01/97 to 11/01/98
11/01/96 to 11/01/97	11/01/96 to 11/01/97	11/01/96 to 11/01/97
11/01/95 to 11/01/96	11/01/95 to 11/01/96	11/01/95 to 11/01/96

This employer's merit rating effective date has been established to be 11/01/99. This anniversary rating date requires that the experience period begin as of 11/01/95 as shown in Column 1. The employer's policy history shows that the risk has separate policy periods which have experience data within each year of the experience period required for eligibility as shown in Column 2. Thus, merit rating plan adjustment will be based on 36 months of experience per Column 3. The risk qualifies for merit rating adjustment effective 11/01/99.

DELAWARE WORKERS COMPENSATION MANUAL SECTION 7 EFFECTIVE: DECEMBER 1, 2005

#### Page 11

#### WC 07 04 08

### DELAWARE MERIT RATING PLAN ENDORSEMENT

This endorsement applies to the insurance provided by this policy because Delaware is shown in Item 3.A of the Information Page.

The premium for this insurance may be subject to merit rating plan adjustments because your premium may be less than the amount necessary to be eligible for the Uniform Experience rating Plan.

The following premium discount or surcharge will be applied to your manual premium based on your claims during the most recent three year period for which statistics are available.

- 1. A 5% credit (discount) will be applied if you had no compensable employee lost-time injuries Statistical Code 9885.
- 2. No credit or debit will be applied if you had one (1) compensable employee lost-time injuries Statistical Code 9884.
- 3. A 5% debit (surcharge) will be applied if you had two (2) or more compensable employee lost-time injuries Statistical Code 9886.

### NOTES:

- 1. This endorsement should be attached to a policy showing Delaware in Item 3.A of the Information Page.
- 2. Show any merit rating discount or surcharges in item 4 of the Information Page.

November 23, 2005

### **BUREAU CIRCULAR NO. 794**

To All Members of the Bureau:

## Re: WORKERS COMPENSATION RESIDUAL MARKET RATES AND VOLUNTARY MARKET LOSS COSTS EFFECTIVE DECEMBER 1, 2005 AMENDED BUREAU FILING NO. 0502

Bureau Filing No. 0502, as originally submitted, proposed average increases of 10.22 percent in residual market rates and 9.15 percent in voluntary market loss costs to be effective on a new and renewal basis as of December 1, 2005.

The Department of Insurance performed an extensive review of Bureau Filing No. 0502. At the conclusion of that review, the Department of Insurance and the Bureau exchanged opinions and perspectives concerning a limited number of technical issues related to the filing and reviews of the filing that had been done by two consulting actuaries. At the conclusion of that exchange, it was agreed that the Bureau would make and the Department of Insurance would immediately approve an amended filing requesting average increases of 8.1 percent in residual market rates and 7.1 percent in voluntary market loss costs to be effective on a new and renewal basis as of December 1, 2005.

All members are advised that the amended filing as agreed has now been submitted and approved by the Department of Insurance.

Members are hereby reminded that they must file an amended (or re-file their existing) Insurer Adoption of DCRB Workers' Compensation Loss Costs form with the Delaware Department of Insurance to adopt the revised loss costs on a new and renewal basis on or after December 1, 2005. A copy of the Department of Insurance's "FORMS AND RATES BULLETIN 14 INCORPORATED," which includes forms applicable to these filings, is attached for member reference and use.

The following chart indicates the approved overall average changes in rating values:

Rating Value(s)	Approved Overall Average Change
Residual Market Rates – Collectible Residual Market Rates - Manual	+8.10% +8.35%
Voluntary Market Loss Costs - Collectible Voluntary Market Loss Costs - Manual Voluntary Market Loss Costs - Manual after Surcharge Offset	+7.10% +7.35% +6.86%

The approved residual market rates and voluntary market loss costs share common loss provisions based on the same loss development and trend analysis applied to statewide Delaware experience. The differences between residual market rate changes and voluntary market loss cost changes result from revisions in expense provisions based on recent indications, as compared to currently approved values.

The implied loss cost multiplier reflecting expense considerations for <u>current</u> residual market rates is approximately <u>1.3242</u>. On a comparable basis the implied loss cost multiplier for <u>approved</u> residual market rates effective December 1, 2005 is <u>1.3371</u>. (Note: Because voluntary market loss costs in the approved filing are nominally reduced to offset effects of the ongoing Delaware Insurance Plan surcharge program, calculation of residual market rates from approved voluntary market loss costs requires an effective multiplier of approximately 1.3731.)

A comparison of current and approved December 1, 2005 residual market expense provisions is shown below:

	-	
	Current Percentage	Approved December 1, 2005 <u>Percentage</u>
LOSS AND LOSS ADJUSTMENT EXPENSE		
Losses Loss Adjustment Expense Loss & Loss Adjustment	64.54 8.37 72.91	64.65 7.64 a 72.29

a As ratio to loss, loss adjustment expense = 0.1182

b As ratio to loss, administrative assessment = 0.0387

Attached for member reference is a table of rates, loss costs and expected loss factors by classification consistent with the Insurance Commissioner's approval of Filing No. 0502.

Other components of the filing were also approved as filed effective December 1, 2005. In particular, each of the following components of the filing were approved as originally presented:

- Updates to corporate officer payroll minimums and maximums for premium computation
   purposes
- Continuation of the existing DIP surcharge program
- DCCPAP revisions to qualifying wage table effective June 1, 2006
- Residual market expense constant
- Residual market minimum premium formula
- Excess loss factors
- Excess loss premium factors
- Retrospective rating
- Small Deductible Program
- State and hazard group relativities
- Workplace Safety Program
- Merit Rating Plan

### DOMESTIC TERRORISM, EARTHQUAKE AND CATASTROPHIC INDUSTRIAL ACCIDENTS

The Bureau adopted portions of the National Council on Compensation Insurance, Inc.'s (NCCI) Item Filing No. B-1393 for application in Delaware and included a statistical code (9741), residual market rate (\$0.01 per \$100 of payroll), voluntary market loss cost (\$0.01 per \$100 of payroll) and a new endorsement form (WC 00 04 21) to address pricing and coverage of domestic terrorism, earthquake and catastrophic industrial accidents.

### FOREIGN TERRORISM

The Bureau has submitted a separate filing, Bureau Filing No. 0503, based on NCCI Item Filing No. B-1398. Bureau Filing No. 0503 remains pending before the Department of Insurance with an effective date of January 1, 2006. Members will be notified immediately upon approval or other action by the Department of Insurance pertaining to that filing.

### ADDITIONAL REVISIONS TO RATING VALUES

Bureau Filing No. 0502 proposed revision to various rating values in addition to residual market rates and voluntary market loss costs. For ease of reference and to confirm the approved values for those items they are reproduced below.

### Corporate Officer Payrolls

The minimum individual payroll for an executive officer is unchanged, remaining \$400 per week.

The maximum individual payroll for an executive officer is increased from \$2,000 per week to **\$2,050** per week.

### Residual Market Premium Discount Table (unchanged from current table)

Premium Range		<u>Schedule Y</u>
First	\$ 5,000	0.0%
Next	\$ 95,000	10.9%
Next	\$ 400,000	12.6%
Over	\$ 500,000	14.4%

Bureau Circular No. 794 Page 4

### Residual Market Expense Constant

The expense constant is increased from \$240 to \$250.

### Retrospective Rating Values (Other than USL&HW Coverages)

### Residual Market Tax Multiplier

The residual market tax multiplier is **1.1158**.

Optional Loss Development Factors	
First Adjustment	0.6069
Second Adjustment	0.4790
Third Adjustment	0.3997
State & Hazard Group Relativities	
Hazard Group I	1.345
I	1.043

### FORMS AND RATES BULLETIN 14 INCORPORATED

	Submission Date:
	DCRB Reference Filing No.:
Applicable to policies effective o	n and after:
INSURER NAME:	
INSURER NAIC NO.:	INDICATED MULTIPLIER:

The above insurer hereby declares that it is a member or subscriber of the Delaware Compensation Rating Bureau ("DCRB"). The insurer hereby files to be deemed to have independently submitted as its own filing the prospective loss costs in the captioned reference filing.

The insurer's rates will be the combination of the DCRB loss costs approved by the Delaware Insurance Department and the company's indicated multiplier, as shown above, along with any expense contract, premium discount table, size-of-premium expense table for retrospective rating plans, and minimum premium formula specified in the company's attached manual exception pages.

The indicated multiplier, along with any expense constant, premium discount table and the minimum premium formula filed, represent a rate level increase \_\_\_\_\_\_ or decrease \_\_\_\_\_\_ of \_\_\_\_\_% and a premium level increase \_\_\_\_\_\_ or decrease \_\_\_\_\_\_ of \_\_\_\_\_%.

The indicated multiplier and the attached exception pages apply only to the DCRB reference filing indicated above. The insurer understands that this will necessitate the submission of a new adoption form and exception pages prior to the effective date of any future loss costs reference filing.

Indic	ated Company Loss Cost Multipli	er:			

Example: Assume Loss and Loss Adjustment Ratio is 0.650. Loss Cost Multiplier with no deviation is 1.0/0.650 = 1.5385.

Loss Cost Multiplier with 15% downward deviation is 0.85/0.650 = 1.3077.

Loss Cost Multiplier with 15% upward deviation is 1.15/0.650 = 1.7692.

COMPLETED BY:\_\_\_\_

\_ TELEPHONE NO.:\_\_\_\_

NOTE: If an insurer wishes to make any modifications to the loss costs led by DCRB (other than the application of a multiplier to represent the insurer's expenses, profit and contingencies), the resulting rates will be considered to be independent rates, and shall be subject to the 30 day review provision of Title 18 <u>Del. C.</u>, Section 2610.

# REVISED LOSS COST MULTIPLIER CALCULATION SPREADSHEET TO BE INCORPORATED WITH BULLETIN 14

Workers' Compensation Insurance Loss Cost Multiplier General Instructions

Commissions, premium tax and other state tax provisions are to reflect the ratio of commissions paid, premium tax paid and other state tax paid to company manual premium.

Other acquisition and general expense are to reflect the ratio of other acquisition expense paid and general expense paid to company standard earned premium. Standard earned premium is to reflect adjustment for expense constant premium schedule rating premium.

### Dividend Provision (Participating Plan)

Loss cost multipliers for use with participating policies shall contain a provision for policyholder dividends. Policyholder dividends shall reflect the ratio of policyholder dividends paid to company standard earned premium adjusted to reflect expense constant premium and schedule rating premium.

Standard earned premium shall be adjusted reflecting an assumed underlying expense constant equal to the most recently filed expense constant by Delaware Compensation Rating Bureau.

### Deviations

Deviation from indicated manual rates shall reflect adjusted company losses compared to Delaware Compensation Rating Bureau to the extent credible. Losses shall be provided separately for indemnity and medical coverages. Losses may be either calendar year losses with all IBNR or policy year incurred losses developed to ultimate settlement. If the company elects to submit policy year loss data, it is required to provide underlying loss development triangles for indemnity and medical coverages separately.

### Insurance Fund Assessment (Second Injury Fund)

Insurance Fund Assessment to be used with revised rates will be provided by Delaware Compensation Rating Bureau in its circular letter detailing changes to loss costs and other rating elements. Revised Loss Cost Multiplier Calculation Spreadsheet Page 2

### Administrative Assessment

Administration Assessment will continue to be built into voluntary market loss costs.

Expense Exhibits identified as (I) or (II) shall be completed and underlying supporting data shall accompany the company loss cost multiplier filing. Multipliers shall be filed reflecting most recent expense data, with each Delaware Compensation Rating Bureau loss cost revision. Failure to provide complete expense exhibits and provide underlying support shall result in disapproval of the proposed company filing and company(s) will be filed by reference for residual market rates and rating elements. All reference filings of this type shall remain in effect until the next subsequent Delaware Compensation Rating Bureau revision of loss costs.

**NOTES:** (1) Commissions, premium tax, license and fees are to be calculated as a percentage of company manual premium. Other acquisition and general administrative expense are to be calculated as a percentage of standard earned premium and standard earned premium is required to be adjusted to reflect schedule rating and expense constant.

(2) Insurers having previously filed and are currently using rating tiers within the same company or have company rate differentials in effect may continue to use them until further notice.
